How many “horses” would you like?

Created for drivers who put a premium on luxury accommodations, the
“Super TurboFire V8” has all the advanced engineering features of
Chevrolet’s V8 design... plus dual exhaust system and a four-barrel carburetor.
Optional at extra cost.

All with the style that’s stealing the thunder from the high-priced cars

No matter which engine you choose, you get Chevrolet’s sparking new body design, the smoothest ride on the road. You get the covering nose through the loopy high windshield, velocity that lets you see all four corners. You get a safety ride you never expected from a low-priced car... a “super” way of going about it. You get power-assisted steering, the stability of bigger tires. You get power windows and power seats... and you get all of this with Chevrolet’s multiple safety ways. Come drive a Chevrolet and discover the whole story!

HIGH EGG PRICES
EXPECTED BY FALL

say most economists
Egg prices for 3 years have been below the 3.5 cent level, the most
commonly used basis for retail eggs. Since 1954, only 3 out of 9 years
have shown prices above 4 cents.

NEW LUBBOCK STREAMLINER GOES INTO SERVICE FEBRUARY 20th

Alcan Highway Travel Called Heaviest Yet

Canada's longest highway, the Alcan, between Seattle and St. Mary's, Alaska, is being advertised by Santa Fe as the highway of the future, with traffic levels far exceeding anything dreamed of when the highway was a new idea. The Alcan, opened up by Santa Fe in 1940, became a transcontinental highway with the opening of the Alaska Highway in 1942. Today it is used by more than 100,000 vehicles annually.

Some Males Dangerous

Philo Doctor Warns

Dr. Albert P. Seltzer, Philadelphia, has warned that some moles may be dangerous and should be removed. A mole that increases in size, a mole that bleeds, or a mole that is irritated or inflamed may already have become cancerous and should be removed as soon as possible. A mole that becomes irritated or inflamed should not be ignored. The mole should be examined by a physician, who can determine whether it is cancerous or not.

First Baptist Church

The First Baptist Church was formed in 1870. The present church was built in 1920 and is located at 401 W. 10th Street. The pastor is Rev. R. E. Johnson. The church has a membership of 500 and meets for worship on Sundays at 10:30 A.M. and 6:00 P.M. and on Wednesdays at 7:30 P.M.
