Memorial Day

Expect Good Crowds For Trades Day

With prices rising high to be expected in the coming months, the members of the local Electro Metal emails are busy preparing for the opening of the new plant which is to be completed within the next two weeks. It is said that the opening will be attended by several thousand people, who will be able to see the new plant and the equipment used in its operation.

Hubbards Lose Game To Post Sunday

The Post Posters, led by their star player, John Smith, defeated the Hubbards, 2-1, in a hard-fought game played on Sunday. The Post Poster's manager, Tom Brown, said after the game, "We were not expecting to win this game, but our team played well and we were lucky to come out on top."

R. L. Stone Died Last Tuesday

R. L. Stone, 58, a long-time resident of Lamesa, passed away on Tuesday morning. He was a well-respected member of the community and will be missed by many.

Ford Henderson's Mother Dies Tuesday

Mrs. Ford Henderson, 85, died on Tuesday morning at her home in Lamesa. She was a long-time resident of the area and was well-known for her kind heart and generosity. She will be missed by all who knew her.

Water Conservation Plan Suggested by New Postmaster

Following the heavy rains that have fallen in recent weeks, the Postmaster has suggested a plan for water conservation. He has proposed that the community install rain barrels to collect rainwater, which can then be used for watering plants and gardens. He has also suggested that people limit their water use during peak times.

June 1 Deadline For INVENTORS DAY TO BE CELEBRATED

June 1 is a deadline for inventors to submit their inventions for consideration in the INVENTORS DAY TO BE CELEBRATED on June 9. All inventors will be notified of the results of the competition by June 15.

June 9 Deadline For Southside Baptist Church To Hold Revival in August

Southside Baptist Church is holding a revival in August, and June 9 is the deadline for interested parties to submit their applications. The church is looking for individuals who are interested in sharing their faith and helping others.

Frigidaire Counter and Refrigerator To Be Installed

The Lamesa News has ordered a Frigidaire counter and refrigerator for its new store. The store will be open for business on June 20, and the Frigidaire counter and refrigerator will be installed on the same day.

Ford Sales Good For This Year

The local Ford dealership has reported that sales are up this year. The manager, John Smith, said, "We have had a lot of interest in our new models, and we are confident that we will continue to see good sales throughout the year."

**Suppose YOUR Business were to be Shackled...**

An industry that you depend on is now facing ruinous governmental interference.

YOU have the right as an American to engage in any lawful business. Let's assume you are a business man who has worked hard and invested money to provide a service which your fellow man desires and needs.

What would you say if a law were proposed in Congress that would throttle your business with so many regulations that you could not go on? You probably would say, "I never thought it could happen in America."

Yet one of the country's great industries which serves every day with something you need and is threatened with destruction by law. It is the gas and electric utility industry. A bill known as the Wheeler-Rayburn bill now in Congress aims first to chain this entire industry to severe regulation, and then deliberately to cripple and destroy it.

Your local electric company would be seriously affected. The holding company which owns your company and gives good service would be shackled. Not all holding companies are to be destroyed under the terms of this proposed law, but only public utility holding companies; not all public utility holding companies, but only those engaged in the electric or gas business or both. That is significant.

Men who are experts in legislation think the bill is only the first step in a program of certain legislators to put government into all business. Other laws of business will be attacked, perhaps every year.

The Wheeler-Rayburn bill may be the first big step toward National Socialism!
