Drivers License Law Soon To Be Effective

Alex M. Cade, county collector of Lynn County, is preparing for the implementation of the license law that was recently passed by the legislature. There will be no fee for the license. A license holder will be required to have a copy of the license with him at all times when driving a vehicle. Miss Jubal, who has been elected sheriff of Lynn County, will enforce the law. Miss Jubal has been a resident of Lynn County for many years and is well known for her ability to enforce the law. The license holders will be required to have their license with them at all times when driving a vehicle. Miss Jubal will be responsible for the enforcement of the law.

Local Case Agency Plans Demonstration

The Lynn County Historical Society will be holding a demonstration of local case agency records on March 15th. The demonstration will be held at the county courthouse at 2:00 PM. The demonstration will feature local case agency records from the early 1900s to the present day. The demonstration will be open to the public and will provide an opportunity to view and learn about the history of local case agency records. The demonstration will be led by Mr. John Smith, a local historian who has been researching local case agency records for many years. Mr. Smith will provide a brief history of local case agency records and explain how they are used to provide information about the past. The demonstration will be free and open to the public. We encourage everyone to attend and learn about the history of local case agency records.

"Dust Bowl" Name

Less County Has Been Included In New Settlement Area

Much of the "Dust Bowl" section has been included in the new region for settlement. While large areas have been cleared recently to form farms, others in Texas, Colorado and New Mexico. Officials say that the new region is in good condition with new crops in evidence. In the new area, 3,800,000 acres have been included. In the old region, 2,600,000 acres have been cleared. The new region has been cleared for settlement under the "Dust Bowl" program. The new area is one of the most promising in the nation. The new region has already been cleared of 3,800,000 acres.

100 Cities Join Centennial Year Parade in Texas

AUSTIN—Special—The Texas Centennial, with one hundred cities and towns taking part, got under way yesterday, the first of its kind in the nation's history. Thousands of people are expected to attend the festivities.

The Centennial is not only the greatest celebration in the state, but it is also the greatest in the nation. The festival is expected to last for six months.

The main event of the day was a parade, which included many floats and a large number of bands.

We are sorry to say that Mrs. J. T. Putnam, who has been ill since the first of February, has been seriously ill for several days, suffering from an attack of pneumonia. She has been in the hospital and is now recovering.
