HARRY S. TRUMAN

In the past decade we have lost two presidents, and now we mourn the death of a third, Harry S. Truman. The country has not been thrown into the horrified panic which accompanied the assassination of John F. Kennedy, nor has there been quite as strong a military air to the proceedings and tribute as there was with President Eisenhower.

Somehow it seems most fitting that a man we all could call Harry with a middle initial which stood for nothing in particular, should exit so quietly. He was, after all, just folks, the symbol of Everyman, during his terms of office and afterwards.

And yet the conditions under which this man served were every bit as adverse and demanding as for other presidents if not more so. Perhaps the first incident which comes to mind for many of us is Hiroshima, but there were also NAFO and the UN. Some will remember him best for his caustic remarks to and about critics of himself and his family, but there was also the Marshall Plan.

I was still in school during his term of office and clearly recall a history teacher's remark: "When President Truman made a mistake he made a big one; when he did something right it was very, very right." In essence, he did nothing halfway. He stood firm on his beliefs and made the most difficult decisions with unshakable confidence.

Truman was not a man of great wealth or social standing, nor was he what we think of as a military hero, although much of his time was devoted to ending World War Two. He was Harry, speaking our language, going about the business of the Nation without fanfare or pretense. And in the end he fought a battle worthy of the most decorated officer, possessed of unceasing strength and determination, even stubbornness. We envy such courage.

One cannot fairly or accurately judge another's life or calculate the merit of his deeds, although we try. Time mellows the harshest of critics, and perhaps one day Harry Truman will be universally acclaimed Number One on the list of America's greatest leaders. For many of us, he is there already.

Mother Dies

Funeral service of Mrs. Paul Peterson will be at 10 a.m. this Thursday in Vernon with interment to follow in Highland cemetery in Iowa Park. She died unexpectedly at her home in Vernon Tuesday.

Bill Sommiell, who suffered a stroke last week, is slowly improving. He is in Wichita General Hospital Room 475. His daughter Mrs. Evelyn Onalline reported Wednesday that he rested well Tuesday night and had a good appetite, enjoying especially the chocolate mint her brother Dewey placed on his bedside stand.

Glenna Miller and Kenneth Via Wed in First Baptist Church Here

Miss Glenna Ann Miller and Kenneth Wayne Via were married last Saturday in Iowa Park First Baptist church. They exchanged vows under direction of the Rev. Mr. Kenneth Flowers, pastor.

Glenna is daughter of Mr. and Mrs. Glen R. Miller, Rt. 2, Iowa Park. Kenneth is son of Bill Via and Mrs. A. L. Sims of Wichita Falls.

The couple met at the arch covered with salal foliage and flanked with bouquets of gladiolus.

Music provided by Dr. Nita Ak'n featured organ numbers composed by Bach and Handel.

When given in marriage by her father, the bride was wearing a formal gown of white sate-peau over bridal tuffata styled with empire bodice and a modified bell skirt. An overlay of Venise lace accented the bodice and fashioned the light stand-up neckline and cuff of the bishop sleeves. Appliqued motifs of the chosen lace enhanced the skirt and the chapel length train.

The bride's bouquet featured a cattleya orchid and included white miniature carnations.

Miss Sylvia Sibley was maid of honor. She wore a floor-length gown with gathered green velvet skirt topped with light blue sheer bodice accented with green and blue embossed flowers. She carried a nosegay of white miniature carnations with leather-leaf fern.

Bridesmaids were Nancy Miller and Susan Miller and Cindy Via. They wore dresses identical to that of the maid of honor except they had blue skirts. Their nosegays were identical to the one carried by Miss Sibley.

Wendell Patterson was best man. Barry Mahler, Jerry Don Gholson and Tony Via were the groomsmen. Ushers were Kent Caanedy and Lynn Smith of Wichita Falls, Chris Stout of Pampa and Donald Singleton. Candlelighters were Tony Via and Jerry Don Gholson.

Parents of the bride hosted the reception in fellowship hall. Mrs. Wendell Patterson registered the

guests. The bride's table had a white lace cloth over ice-blue satin. A four-tiered cake and large crystal punchbowl were at the ends. The bride's bouquet, in the center of the table, was flanked with white candles in crystal candelabras. Serving at this table were Mrs. Wayne Williams, Mrs. Kenneth Flowers, Mrs. John Sibley and Miss Rita Pat Railsback.

Mrs. Bill Via, Mrs. Clyde Patterson and Mrs. Den Burnett served at the groom's table. It was covered with a cutwork lace cloth over green satin. It was centered with silver candelabras around the bridesmaids' nosegays. The groom's chocolate cake and silver service were placed at the ends of this table.

Other hostesses were Mrs. Donald Hill, Miss Barbara Curry, Jack Railsback, Oscar Singleton, Mrs. John Cummings, Mrs. Cloyd Dodd.

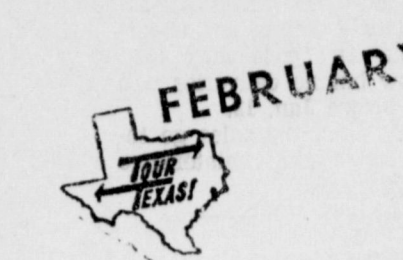

Rice bags were distributed by Miss Mary Miller, Miss Paula Via and Master Mike Dilbeck.

The rehearsal dinner was given Friday in the Country Inn by Mr. and Mrs. Bill Via and Mr. and Mrs. A. L. Sims.

The young couple are graduates of IPHS and are junior students at Midwestern university. Kenneth is employed with Singleton's TV and Communications. They will establish residence in Iowa Park and continue their school work at MIU.

Bad weather caused the couple to postpone their wedding trip.

Out of town guests included Mrs. John Arney of Marlin; Mrs. Charles Neulardt, Katrina and Kerry of Midland; Mr. and Mrs. Lee Milam of Lawton, Okla.; Mrs. Robert Horton of Houston; Mr. and Mrs. Frank Stout of Pampa; Mr. and Mrs. Calvin Calloway of Pampa; Mr. and Mrs. Dan Burnett of Plainview; and Mrs. W. H. Via of Pampa, grandmother of the groom.

Home Rule Ok'd

Bad weather conditions kept the voters away in droves from the Home Rule election last Saturday. Only 157 voters showed up and they were almost evenly divided. Home Rule carried 88 to 69.

Citizens in the north part of town approved the issue 84 to 50. Those in the south part of town defeated Home Rule 19 to 4.

Members of the charter commission named by the City Council are Ralph Beill, W. J. Beasley, Fenton Dale, Taylor George, Mrs. Frank Harlin, John D. Huff, Don Hughes, Gene Lowrey, H. R. Pittman, David Padgett, Mrs. Luther Shaw, E. G. Smith, Joe Singer, A. K. Settle, Lee C. Turner.

Bitter weather cut down the vote Tuesday which elected Arnold L. Emils and Robert A. McClelland to be directors on the water board.

At least these two volunteers have the satisfaction of knowing they did not draw any negative votes. The 17 voters who went to the ASCS building Tuesday also okayed the questions concerning bringing property inside the City Limits into the Water District and assumption of outstanding indebtedness of the district.

Miss Kathy Hathorn - John Barbour Wed

The marriage of Miss Kathy Lauree Hathorn and John Barbour was solemnized Saturday afternoon in Floral Heights United Methodist church. The Rev. Dr. T. Lee Miller of Dallas directed the ceremony with assistance of the Rev. Mr. Edward Hancock, Catholic chaplain of Sheppard Air Force Base.

Her flowers were purple orchids, stephanotis and gypsophila carried with a pearl Bible which also was a gift from Dr. and Mrs. Egdorf.

Miss Julie Ann Hathorn, sister of the bride, was maid of honor. Two other sisters Sherry and Lory were bridesmaids.

Bradley Douglas James, four-year-old son of Mr. and Mrs. Doug James, had his tonsils out Wednesday of last week and is reported doing all right. His grandmother Mrs. D. O. James stayed with Bradley some last week but the bad weather this week has kept her at home. The young man wanted to know "What makes my throat hurt when I try to swallow?"

Miss Arcola Goad, aunt of Mrs. Hubert Weseman and Mrs. Carl Robertson, has returned to her home at 907 E. Cash after several days in a Wichita Falls hospital. She lives between the homes of the nieces, so Leota and Ruth keep a watchful eye on her welfare.

Mrs. Albert Kluber has returned home after treatment at Wichita General hospital and is able to be up and wait on herself.

BACKPACKS IN SANTA'S PACK

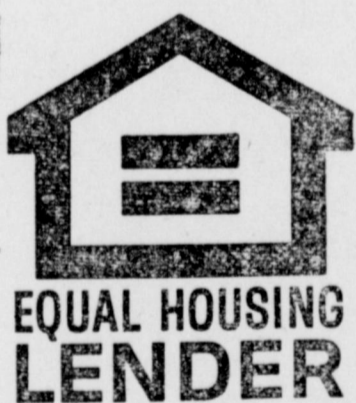

Santa's pack will be full of backpacks this Christmas.

"Over one million new backpackers hit the trails this past year," says William Kemsley, publisher of Backpack Magazine. "These enthusiasts have created a big new demand for equipment and supplies," he adds, "as evidenced by gift subscriptions to Backpacker Magazine, which have been pouring in since early fall."

Backpacker, a full-color, 80-page quarterly, will publish its first issue in March. The magazine is unique, its publisher says, because it is "the only publication devoted exclusively to backpacking. It is edited, written and photographed exclusively by backpackers."

First-issue features include a strong argument for backcountry preservation by internationally-known backpacker Colin Fletcher; an exciting report by Eric Ryback, the first person to hike end-to-end on the Pacific Crest, Appalachian and Continental Divide Trails—a total of more than 8,000 miles of backpacking; a "survival" feature entitled "How to Handle Your Pack on a Plane;" and trail-tested evaluations and buying guide to the best of packs and frames. Subscriptions are \$7.50 annually. Backpacker Magazine, 28 West 44th Street, New York, New York 10036.

1. PEOPLE EVERYWHERE ARE CONCERNED ABOUT POLLUTION. RIVERS AND LAKES THAT ARE DIRTY AFFECT FISH, RECREATION, AND ENVIRONMENTAL BEAUTY. SURPRISINGLY, IT HAS LITTLE EFFECT ON OUR WATER SUPPLY.

2. TOO MANY PEOPLE, INCLUDING THOSE IN GOVERNMENT, ARE NOT AWARE THAT WATER SUPPLY HAS PROBLEMS COMPLETELY SEPARATE FROM POLLUTION CONTROL. NEGLECT CAN LEAD TO SERIOUS PROBLEMS.

3. IN THE PANIC OVER POLLUTION, RESEARCH INTO NATURE OF NEW CONTAMINANTS IS BEING FORGOTTEN. SO IS THE NEED TO TRAIN WATER SUPPLY EXPERTS AND MANAGERS.

4. TODAY, GOVERNMENT IS SPENDING 500 TIMES AS MUCH ON MAKING WATER SAFE FOR FISH AS IT IS ON MAKING IT SAFE FOR PEOPLE. AUTHORITIES SAY A BETTER BALANCE IS NEEDED... PEOPLE SHOULD COME FIRST!

23 Study Club

The topics "What's Good in What's New in Medicine" and "Healing from Within" as presented by Dr. and Mrs. Earl F. Watson provided an interesting and informative double-feature program for members of the 23 Study club Thursday, Jan. 4.

With the biblical account of the woman who was healed by touching the hem of Jesus' garment as a background for her devotional introduction, Mrs. Watson stated that many discoveries in medicine today deal with the area of the mind as well as with the physical body. She remarked that hate is worse for the body than Asian flu; that faith and determination are potent ingredients; and that much of the healing comes from the inward spirit of the individual.

Dr. Watson pointed out that new electronic equipment and nuclear tools are assets in today's medical world; that by-pass heart surgery can often replace heart transplants; that kidney transplants are being more successful; that a way to defeat death from renal poisoning may be by use of the new kidney machine; that methadone to treat heroin addicts sheds some light on the drug scene; that Russia and the USA have agreed to exchange viruses in cancer research; that new uses are being discovered for some well-known drugs. But regardless of the progress, the government has given up on cold vaccine and cure.

Mrs. Delbert Todd and Mrs. E. F. Soell were hostesses at the home of Mrs. Todd. Mrs. C. E.

Birk was in charge of the program. An original piano composition "March Victorious" by Mrs. W. G. Steele was the fine arts contribution.

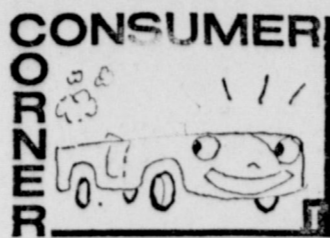

Mrs. T. M. Clark, Federation counselor, issued a challenge in her report when she asked that the local club join with the General Federation in helping rehabilitate the 100,000 juveniles placed in detention during each generation. She described the deplorable conditions under which many were detained for minor offenses. The group recommended that that be one of the projects for next club year.

Mrs. Watson directed the business period and said that all reports of local officers are due to district and state by Feb. 1. Officers elected for 1973-74 include:

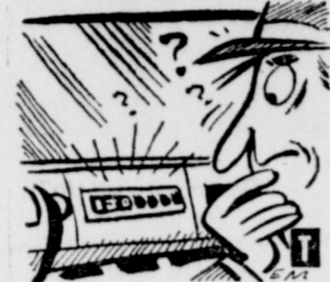

Miss Ethyle Kidwell, president
Mrs. Earle Denny, vice-pres.
Mrs. Chauncey Weiler, recording secretary
Mrs. James Sewell, corresponding secretary
Mrs. Delbert Todd, treasurer
Mrs. Watson, parliamentarian
Mrs. O. E. Lochridge and Mrs. N. E. McKinney, executive committee

Mrs. Watson presided at the refreshment table where she poured coffee or spiced wassail as the guests were served miniature cakes, fried pies, sandwiches and nuts. To the delight of everyone, favors were in keeping with the program... a "shingle" bearing the name of the member to hang on her front door, signifying that she is now an informed medical person.

Others present were Mesdames Homer Blalock, Lester E. Brooks, Sam Hill, M. L. Hines, D. O. James and Fred Widmoyer.

CONSUMER
New Consumer Protection Law
A new consumer law is on the books—one that may be of great help the next time you go out to buy a new or used car. Just passed by Congress, the new law makes it a federal crime to disconnect or roll back a motor vehicle odometer—or mileage indicator.

New car dealers sponsored this tough federal law because, up to now, some states had odometer laws and some didn't. Cars are traded back and forth across state lines, and car buyers and car dealers in states with strong odometer laws had no assurance that cars brought in from other states had accurate mileage readings. As a result, they often paid inflated prices based on phony mileage. The new law:

- makes it illegal for anyone, car owner and car dealer alike, to disconnect, alter or reset an odometer or operate a vehicle with a disconnected odometer with intent to defraud;
- prohibits sale or use of any device to change odometer mileage, except for legitimate repair;
- permits legitimate odometer repair, service or replacement as long as the mileage reading remains the same. If this is impossible, a notice must be posted inside the vehicle that the mileage has been reset to zero, together with the date of repair and mileage at that time.

Mrs. Floyd Merriman and son Rick of Iowa Park flew to Syracuse, N.Y., Wednesday of last week to see their granddaughter and niece Stephanie Ember Lazipone. She was born Dec. 31 to Mr. and Mrs. Carmen Lazipone. The mother is the former Miss See Merriman of Iowa Park. The

grandmother is adult program director for the YWCA in Wichita Falls.

Wordquizz!

Users of a modern and up-to-date dictionary needn't be in a bind when it comes to finding the meanings of the most modern terms, like "biomathematics," "Bleep," and "body English."

If your present dictionary does not enter these terms, you probably need a new one, such as the Second College Edition of Webster's New World Dictionary, the only volume of its kind published in the 1970's. Here are three of the words contained and their meanings:

BIOMATHEMATICS: the science that deals with the application of mathematical methods to the structure and functions of living organisms.

BLEEP: to censor (something said), as in a telecast by substituting a beep.

BODY ENGLISH: a follow-through motion of the body, as after bowling a ball, in a semi-involuntary or joking effort to control the ball's movement.

The last word on these and thousands of other modern terms, the volume is a truly meaningful addition to any library.
