# County court rules petitions invalid

It took Wichita County Commissioners Court less than five minutes Monday to rule insufficient the number of signatures on petitions needed to force an election on legalized off-premise consumption

liquor sales in Iowa Park and JP Precinct 3. Meeting in regular session at Wichita County Courthouse, the commissioners received two certificates from County Clerk Dora Davis,

whose office validated the petitions. In her report submitted to commissioners, the county clerk indicated 411 qualified voters signed the petitions here, but only 274 signatures qualified to be counted under guidelines established by Article 666-32 of the Texas Penal Code.

Four hundred and six signatures were needed to force the election. "It appears to be less than the number required," County Judge Calvin Ashley told commissioners. He recommended the petitions for Iowa Park and similar petitions for Burkburnett be ruled insufficient.

Commissioners Buck Voyles motioned to outlaw the election. It was seconded by Commissioner Bud Greer.

The motion carried unanimously. In quashing the election, commissioners ended a dangling controversy which surfaced in late July. It was in 1946 that the last wet election was held in Wichita County, according to county officials.

Two groups surfaced in the issue: The Spirit of '76 Committee, headed by Leigh Holder, who tried to force the election; and the Committee of Concern, headed by Jim Miller, who opposed the election.

Asked if the group would re-circulate petitions and again try to force a vote, Holder said Wednesday, "No. The committee will meet later this week to discuss the matter."

Asked his personal reaction to the commissioner's ruling, Miller replied, "I'm satisfied with what happened."

While the Spirit of '76 Committee concerned itself with collecting signatures and registering voters, the Committee of Concern launched a mammoth telephone campaign and mailed out 2,100 to 2,200 letters to citizens urging opposition.

Miller said he was unable to determine what impact the telephone calls and letters had on the final outcome.

Jerry Padgett, deputy county clerk, said the work of both groups was classified as a "political activity" and did not require the filing of expenditure reports.

Therefore, it is not known how much money either group spent in publicizing their views.

Asked his reaction to the campaign and the decision rendered by Wichita County Commissioners Court, Holder said: "The Spirit of '76 Committee originally set out to call a local option election so that the citizens of JP Precinct 3 might voice their opinions at the polls. After all, that is the American way to bring about a change."

"Whenever an individual or group seeks a change it is never an easy task."

"Petition circulation is a good example. There are people in Iowa Park that slam doors in your face, curse at you, even put their dog onto you after they find out you are not of the same persuasion as them concerning liquor."

"While people with more manners and respect for their fellow man are cordial and polite even though they may or may not agree with you. Many people in JP Precinct 3 have

expressed that the election should be called so that the majority might rule.

"After all, it's been 30 years since citizens of JP Precinct 3 have had an opportunity to vote on this question."

"It was never the intention of any of the members of the Spirit of '76 Committee to see Iowa Park turned into a saloon town."

"Face reality though, anyone 18 or over can buy all the booze they want within a 47 minute drive (at the speed limit) from Iowa Park."

"We have all the ills of the drink with not one red cent of the tax money to show for it. The tax money amounts to more than you may have

been lead to believe.

"According to a Texas Alcoholic Beverage Commission officer, state liquor tax is 10 per cent gross, 15 per cent of which is returned to the city. Simply 1.5 per cent of the gross tax is refunded to the city, plus the 1 per cent sales tax which is also rebated."

"This amount may not be immaculate, but it adds up very rapidly," Holder stated.

"As you may know, the commissioners court is requiring all signatures appearing on local option election petitions to be exactly as the name appears on the computer voter roster."

"It appears that the commissioners court has interpreted the law and set the ground rules for future elections concerning alcoholic beverages."

"If a signature is not good enough to validate a petition, then it should not be valid unless properly signed on a ballot stub," Holder said.

Asked if he had any comment on the court's ruling, Voyles said, "There's no question about the decision." He made reference to the unanimous decision reached.

"Any comment of an individual commissioner would be insignificant because the decision was made in court," Voyles added.

COMMON SIGHT over Wichita Falls Monday were these highway signs across roads following heavy rains. The Iowa Park area received measurements ranging from slightly over two inches to more than five. This sign was on FM 368 toward Holliday.

## Aldermen may lower some service rates

The city fathers are to take a second look at the effect of water and sewer rates in a couple of particular areas, as result of a discussion at Monday night's meeting.

One of the primary areas is the per-unit billing at Woodbriar Apartments, where Jim Murfield told the council the increase was 340 per cent higher than it was before the rate change.

Murfield said the apartment's cost of water, sewer and trash service, plus increased taxes, was an additional expense of \$12,700 per year to the business. And he said he did not feel he was receiving the service others received for the same money.

Mayor Johnny Crawford suggested the present cost might be where it should be, and that he had enjoyed a windfall savings due to being undercharged in the past, before the new rates took effect.

But before the discussion was over, aldermen agreed to take another look at the possibility of lowering the cost to apartment complexes and certain other locations, such as Cryovac and the Highway Department sewer rates.

An ordinance was passed rescinding four other ordinances which annexed properties into the city but must be redrafted because of inaccurate legal descriptions.

Aldermen approved terminating a lease on land southeast of town which was to be used to dump solid wastes from Cryovac, but has never been used. However, they will await an engineer's report as to whether any part of the property would be suitable for dumping the city's trash.

Names were given to Mayor Crawford as candidates for the new Traffic Safety Commission. He said he would name the group after he had studied the proposed candidates.

Also discussed during the meeting were city finances, where Admini-

strator Gene Britton said he was confident the city could finish the rest of the month without borrowing any money; and salaries for the police department, where it was proposed by Chief Charles Beaver that the approved salary of one officer who is no longer in the department be used to raise the pay of the other officers.

An executive meeting, closed to the public, was held by the council, for discussion of "personnel".

## Bloodmobile here today

American National Red Cross Bloodmobile will be in Iowa Park today at the First Christian Church from 1 to 6 p.m.

Iowa Park School system is sponsoring the bloodmobile because of the good show of interest from students last year. The quota of 75 units of blood has never been met. Last time the Bloodmobile received 68 units of blood.

All are encouraged to give. Donors 17 years of age who wish to give need parental consent. Parental consent is not needed by those 18 or older.

## Board increases athletic budget

The Iowa Park school board Tuesday night amended the athletic budget by increasing it \$3,565, but decided to delay completing the airconditioning of elementary buildings.

Increase of the athletic fund was deemed necessary when coaches pointed out additional needs and inaccuracies of the original budget.

Coach Pat Tone asked \$875 more for junior high equipment to care for additional players who were not anticipated. He said there are 30 more boys out for junior high football than reported last year. In all, 106 are playing there, and 103 at high school.

Girls' basketball was increased by \$1,500 and boys' by \$1,190 after coaches David Williams and Mike Billingsley explained their needs.

A request from the Parent-Teachers Association for the school to complete the airconditioning of the elementary buildings was received in the form of a letter.

It was pointed out that nine rooms and the cafeteria are not yet airconditioned at Kidwell, of which three rooms are used regularly as classrooms and the others for parts of each day.

Bradford has two rooms still unairconditioned. Both are in use, but there are two unused rooms which are airconditioned.

The P-TAs of both schools have been raising money for the past few years to equip one or two rooms each year, at a cost of approximately \$1,000 per room.

Board members agreed with the need of airconditioning, and said it would be high on the list of priorities for next year's budget. However, it could not be done on this year's budget, unless some unforseen funds became available before the end of the fiscal year.

Kidwell principal Bob Cole said he felt his group would raise enough money to equip two more rooms this year, which would complete the north wing of the buildings.

Trustees voted to have a North Texas State Univ. official to draft a policy handbook for the school, at a cost of \$100 per day plus expenses. Supt. Faris Nowell said it was estimated five days work would be required, and printing would be done by the school.

The handbook would be the first

published for the school since 1968, it was pointed out.

### JUNIOR HIGH NAMED

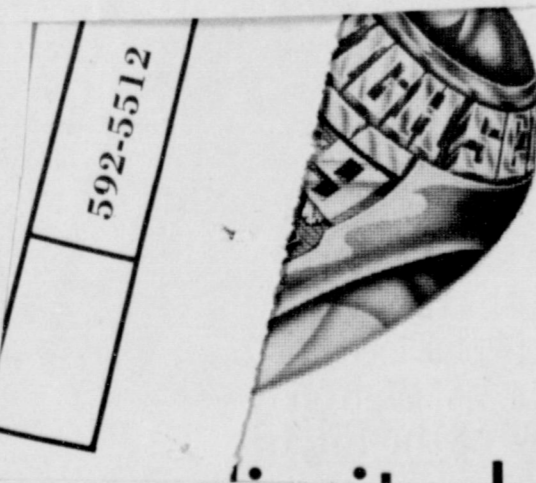

Trustees voted to name the junior high "W.F. George Junior High" in honor of the major financial donor of the old junior high building now being razed.

Students enrolled in the auto mechanics vocational classes at high school will be required to purchase their own tool kits at the beginning of the next trimester.

It was reported that thefts of school tools were growing at an alarming rate over the past two years, forcing the necessity of change. Kits will cost between \$68 and \$80, and the school will finance the purchase while being paid off.

Members of the board voiced considerable interest in having the

## Theft of beam puzzles police

Iowa Park police are looking for someone other than a souvenir collector in a case at the old junior high demolition site.

Jack Hunter, who is contracted to level the old building, reported Saturday that someone had carted off a 22 foot, four inch long, 14-inch I

### 24 HOUR FRUIT SALAD

In top of double boiler, beat 2 eggs, add 3 T sugar and 2 T vinegar. Cook until thick. cool and add:

- 1 can crushed pineapple (large)
- 1 can fruit cocktail (small)
- 2 oranges
- 1 cup pecans (optional)
- 1 small bottle cherries
- Drain well, add 1 pkg. small marshmallows, 1/2 pint whipping cream, whipped stiff. Store overnight in icebox covered. Double or triple.

beam.

There was no estimate available to the weight of the steel beam. A small wheel unit was apparently Friday night to transport it from front lawn to the curb, which appeared to have been loaded some sort of vehicle or trailer.

The beam was valued somewhere between \$20 and \$40.

A citizen band radio and antenna was reported taken from a car by Steve Griffin at the Wood Apartment parking lot some between Friday and yesterday morning.

Griffin said a wire was used to unlock his car and take a radio and antenna. The radio was valued at \$147 and a \$40 antenna.

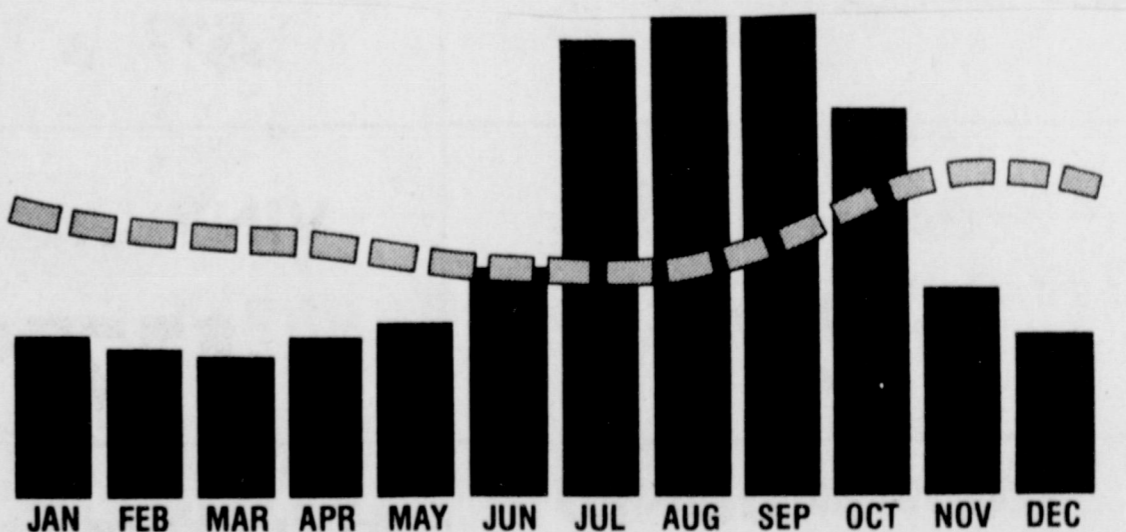

### Weather Report

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

Rainfall for week . . . . .	2.69
Total for month . . . . .	2.69
Total for year . . . . .	19.75
Total last year . . . . .	32.36

### AVERAGE BILLING AMOUNT

### ACTUAL USE AMOUNT

If you've ever wished the amount of your electric bills could be more consistent every month — instead of changing so much between seasons — here's your chance.

The Average Billing Plan is being provided by Texas Electric to help smooth out the highs and lows that occur in your electric bills. As the name implies, this new plan enables you to pay an "average" rather

than the actual amount used each month. It allows you to pay less during high-use months by paying more during low-use months.

If you'd like a folder that explains the plan in detail, call Texas Electric. Or request one on the comment portion of your electric service bill.

of Mrs. Johnny Bernstein, a guest artist, sang "Yellow Rose of Texas" for the arts number. She was accompanied by Mrs. Jerry Padgett pianist.

**UW pilot firms 43% over 1975**

A report of United Way funds collected by the six selected pilot firms should give a positive boost to the official drive which was started community-wide on Wednesday.

The total collected to date from the participating companies is \$54,907, a 43 per cent increase over 1975.

With the overall goal set at \$983,803, the pilot firms accounting provides a "good starting jump on the campaign which takes in Iowa Park, Burkburnett and the Wichita Falls area," Frank Jones, UW president, said.

Coordinator of the United Way drive for PPG Larry Sanders reported donations topping \$28,000. Sanders,

supervisor of training and development for the glass factory that employs over 1,000 workers, said "We're very pleased with the effectiveness of our drive. Over 82 per cent participation on the part of our employees is very gratifying."

Another pilot firm, Sears, reported a partial tally of \$6,031.20 with 266 of 300 employees contributing. "It's possible we will have 90 per cent participation by our final tally," Lavonne Emery, personnel manager for Sears and UW company director said.

Levi-Strauss reported a \$600 increase in giving on the part of their employees with this year's tally at \$3,080 over \$2,480 recorded last year. Joe Dulaney, campaign chairman for the

company said, "This shows a 24 per cent increase in giving for Levi-Strauss employees over last year."

Cryovac, an Iowa Park based industry manufacturing plastic meat barrier bags, reported \$7,270 to date against a \$4,500 goal. Vern Horsky, production manager of the company said, "The response to free-will giving has been very gratifying."

Allis-Chalmers earlier had reported a tally of \$7,627.15, an increase of 26.6 per cent over last year's donations. Cheryl Grubbe, Allis-Chalmers' chairman for this year's drive, reported that 59 percent of the total work force contributed in a two-day "rally" type campaign. Wilson Manufacturing, employing a "man-to-man"

technique with workers shows totals, to date \$1,907.

Pilot firms are chosen each year by the United Way Campaign Committee to help set the pace for the overall area effort to provide funding for 30 community service organizations. Their experiences provide a preview of campaign techniques, materials and procedures.

"We learn from these prior campaigns and then can benefit from that knowledge. The pace set by pilot firms has always been more than gratifying and is

deeply appreciated by the United Way," United Way Chairman Al Flack said.

The youngest musical trendsetter was probably Wolfgang Amadeus Mozart who could play several instruments and had composed several short pieces by the time he was 5.

**This ad is for people who didn't read the last ad about holding down their gas bills, and wish they had.**

(Please, read it this time.)

We all have to face facts: the days of cheap energy are over. Gas bills have been going up. That's why we've been telling our customers how to hold their bills to a minimum.

A lot of people are already using gas more wisely. If you are one of them, read on just in case you've missed a tip or two.

If you are not one of them, this is the time to start. Here's how:

**Get out of hot water.** Hot water is one of the biggest and most expensive energy users in the home. A shorter, not-quite-so-hot shower helps save money. A dripping hot-water faucet is a bandit.

The same is true in the kitchen and laundry room. Wash only full loads in the dishwasher. Wash and dry only full loads of clothes. Don't overdry. It makes clothes harsh and stiff and wastes fuel.

**Speaking of the kitchen,** you can save gas by planning oven meals around dishes that can be cooked at the same temperature. When using top burners, tailor the flame to fit the pan.

**Get your house in order.** Make sure you have six inches of insulation in the attic. And check regularly to make sure it hasn't settled. Make sure your exterior walls are insulated. Check the weather stripping around doors and windows, and make sure they stay closed when the heating or air conditioning is on.

No single one of these tips will save you an immense amount of money, but each one helps a little. Add all those little savings up, and it could make a big difference.

**Lone Star Gas Company**

# REMEMBERING...

By BILL D. BROOKS

**The Blacksmith Shop**  
Dad ran a blacksmith shop. It was located next to our house and so we kids practically grew up in it. There were so many fascinating things to see in the shop, things to hear, things to touch and fiddle with.

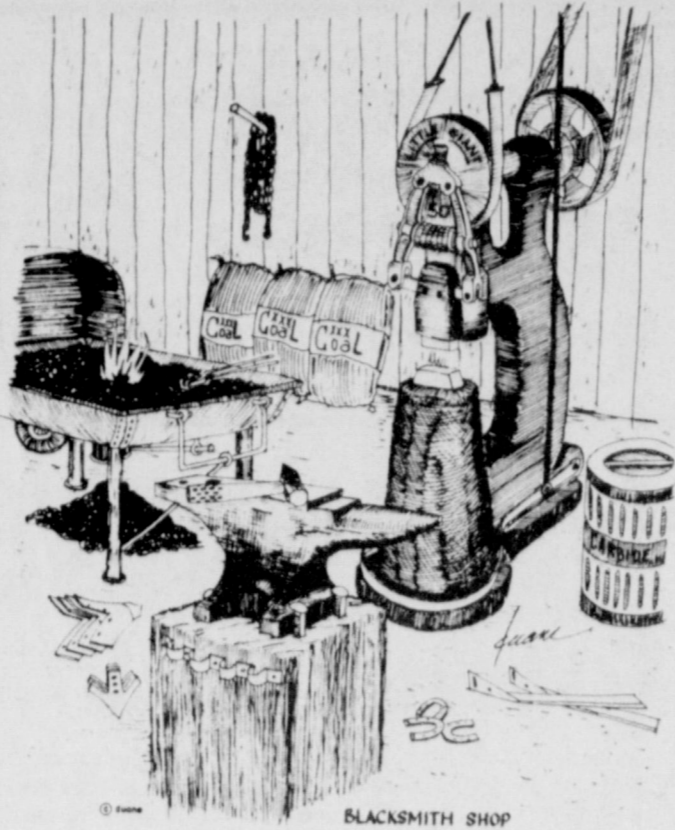

The coal forge was the first thing you noticed. Its blower roared, its orange-white fire would shoot hot sparks up at the roof and put out black smoke that hovered about in the rafters, settling there on wood already blackened.

Beside the forge was the slack tub, a large iron container filled with water. It was used for cooling hot iron and heat treating metal. Iron plunged under the water would hiss and send up white steam. The water would bubble and boil.

Across one side of the shop were all the motor driven machines. One motor powered all the pieces of equipment by means of a large, long shaft high up near the rafters, with various pulleys, wheels and gears on it. Long, flat belts ran from the shaft down to the machines. There were grinders, drill presses, and an awesome thing called a trip hammer. The trip hammer made a loud WHAP! WHAP! WHAP!

noise as it shaped a plow point or hammered two pieces of iron together for a "forge weld." The grinder would send bright orange sparks, first circling the stone then spraying out in all directions as high as the rafters and as far as the wall. There was the anvil on the huge block of wood with its hammer ringing as it struck. There were different types of tongs for handling hot iron. Hanging from the rafters were things blackened with soot from years of storage, kept because someday they might be needed. There were sacks of fresh coal for the forge, work benches, tool bins and boxes and heaps of assorted junk, broken parts and discarded pieces. The place was like a wonderland of stuff for a young boy to build just about anything he could dream up. The scrap pile always yielded enough parts to devise some toy or add the finishing touches to some exciting new invention.

Since we had the only blacksmith shop for miles around, we got to meet most of the people in the community. Sooner or later everyone needed a blacksmith because, in those days new parts were seldom bought. The old ones were usually repaired or rebuilt.

BLACKSMITH SHOP

or to just talk. They talked about the weather mostly, I guess because it was so important to them — the farmers and ranchers. They couldn't always pay for the work when it was done but Dad would do it anyway. He knew they would pay when the crop came in or when people stopped by each day, either to get something fixed times got better. Sometimes

they would pay with a ham or bushel of fresh "roast-neers" or maybe by doing work on our farm.

It was dirty work and I'm sure it was hard on Dad but it was honest and it made us a living. It also taught me many things about tools and equipment and people that I have since found most helpful.

# As I See It....

by BOB HAMILTON

There are some points about the liquor election petitions that have me darn well upset, as I understand them.

First of all, before some of our vicious little rumor-spreading tongues get to wagging, I was neither for or against the issue. That is not the point.

The point is, there are some stringers or interpretations to the law concerning a liquor election petition that are down right discriminating. And that upsets me.

Case: a signer's name must be exactly as the computer prints it out. Should one have a lengthy last name, it is possible only two or three letters of his first name would be printed. And if one does not have the printout to see, he would not know how to write the name.

Case: a signature must be legible. That is impossible, to some of us who have allowed our signatures to change from our normal handwriting over the years. Mine would not be legible, nor would several others around town I've seen on checks. Also, if only two or three letters of a name are signed, as required by the printout, would that be legible?

Let it be pointed out, that should some community's dry forces decide an election was desirable to get liquor out of town, the same rules apply.

It would seem to me that if my signautre is good enough to pass at an election poll, it should be good enough for a petition.

## Kristi Lucy earns awards

Kristi Lucy, an eighth grader at Holliday, won three awards for gymnastics at a recent meet at Lawton, Okla.

Miss Lucy, who is a member of the Twisters gymnastics team at the Wichita Falls YMCA, took first place in balance beam and third place awards in vaulting and floor exercise.

I think both those who are for or against the sale of alcohol should get together and have the law changed. It would benefit both, after all.

As I've pointed out before, a few people can give the majority problems they don't deserve.

This was brought out at the school board meeting this week, when damage and abuse of school grounds and equipment were discussed.

Trustees foresee the time when they will have to fence and lock up all campuses, as they do in the cities up north, to hold down repair and maintenance costs.

Unthinking people are riding motorcycles and automobiles on campus grounds, climbing up on buildings and damaging the roofs, knocking over standards and all sort of things.

Maybe we can keep our campuses open and still safe if we would report seeing anyone doing damage to the grounds or buildings. Or even being

there when they shouldn't be.

Those maintenance costs come out of our individual pockets, after all. We all own the schools, and we should help take care of them.

## Board

Continued on page 5

track at Hawk Stadium repaired. Damage from dirt piled on the surface by Irby Construction while erecting the retaining wall on the east end will cost between \$1,000 and \$1,500 in repairs, it was reported.

Another concern of the board was the damage to grounds and equipment caused by motorcycles and automobiles on school campuses. A study is being made on preventing future damage of this sort.

Following a 20-minute executive meeting, which was closed to the public, the board approved a change in sick leave policy.

## New auto insurance program

Although average Texas drivers can expect a 7.1 per cent increase in automobile insurance rates effective Oct. 1, some motorists may realize a decrease in premium payments under the new plan.

"We have tried an alternative solution to help those drivers being hurt by the financial squeeze of higher rates and are trying to emphasize that the driving record of Texas motorists ultimately determine the rates that must be paid for insurance protection," said Joe Christie, Texas Insurance Board chairman.

The new insurance plan will employ an automatic \$50 deductible on comprehensive

and \$200 deductible on collision instead of full coverage comprehensive and \$100 deductible collision.

Because of the state's rating territory system, drivers in some territories in Texas will enjoy an average decrease in rates, Christie said.

An average driver is defined as a male operator, over 25, who owns a 1976 medium-priced Ford, Chevrolet or Plymouth, who drives to and from work, but does not use the vehicle for business.

To illustrate the effects of the new program, Christie said an average driver in Lubbock County will pay \$233 annually under the new \$50/\$200 deductible plan,

compared to \$259 under current providing full coverage comprehensive and \$100 deductible.

"This is a savings of \$26 per year and that can be increased to an annual savings of \$43 over the old rate if the driver completes the Defensive Driving Course," Christie said.

The \$50/\$200 deductible approach is a no-frills proposal to benefit the majority of Texas drivers, especially the safe drivers and the accident-free drivers, Christie maintained.

"Haphazard and dare-devil drivers run the rates up for the rest of the folks," Christie said. "By taking on a little more of the risk, the safe driver can save money in the purchase of insur-

ance."

Christie said the slight overall increase in rates was due to the fact that the higher deductibles would reduce premiums statewide by about \$131 million.

"This comes about because some \$76 million in potential losses would be shifted to the insureds and companies in Texas would save about \$55 million in administrative expenses that would have normally gone to handle smaller claims," Christie said.

The new insurance plan will permit drivers to purchase lower deductibles although the rates will be considerably higher than the \$50/\$100 deductible automatic plan, Christie added.

# Field goal gives Hirschi victory over Iowa Park

Victory eluded the Iowa Park Hawks once more Thursday in Wichita Falls, but without exception, Mean Green fans agreed there was a valuable morale victory won.

The Hawks suffered defeat once more, for the 12th consecutive time, 3-0 at the hands of the Class AAAA Wichita Falls Hirschi Huskies.

Ironically, it was the field goal that gave the Hawks their 3-0 win over Hirschi two years ago, and proved the difference in a shootout back in 1968.

"The kids weren't happy in losing, but they felt they had a good shot at winning," commented Pat Tone, head coach, later. "We missed a couple of scoring chances and I guess they did too."

Fewer mistakes and better execution of plays was noticeable in the Hawk Offense. These were the problems in the 35-0 defeat a week earlier at Lawton, where the Wolverines are now the second-ranked AAAA team in all of Oklahoma.

But, similar to the Lawton

game, there were some key penalties which hurt the Hawks in their efforts to score. Such as two offensive pass interference calls. Obvious, open field infractions by Huskies which were not called. An excessive amount of time taken by Hirschi before getting off the field goal, which won the game.

Coach Tone refused to say anything bad against the officiating, which came out of the Gainesville chapter. But he likewise refused to say anything good about them, either. "I've never seen anything like it," he was heard to say on the sidelines after one call.

Though the Hawks did not fumble in the game, they did turn over possession three times on pass interceptions. But they made up for it defensively, covering three Husky fumbles and intercepting one aerial.

Early in the first quarter the Hawks claimed a Husky fumble on the Hirschi 11. But that scoring opportunity was foiled when the Hawks drew a 15-yard clipping penalty and Shane Kimbrow

was ruled to have interfered with a defender for a pass in the end zone, and the Hawks punted from the 36 yard line.

Hirschi could drive no deeper than the Iowa Park 27 in the initial period, and that drive was aided by defensive pass interference call against the Mean Green secondary.

A pass interception in the second quarter by Keith Rains appeared to be another scoring opportunity for Iowa Park. The Hawks drove 23 yards in only four plays, but then put up an interception.

Hirschi, in the same quarter, drove to the Hawk eight yard line where, with fourth down and two for another first, a Husky runner was thrown for a three-yard loss by Robert Dillard.

After sustaining a drive which took them to the Iowa Park nine yard line in the third quarter, the Hawks went into their goal line defense, and allowed only three yards in three carries. That was when the Husky field goal was kicked.

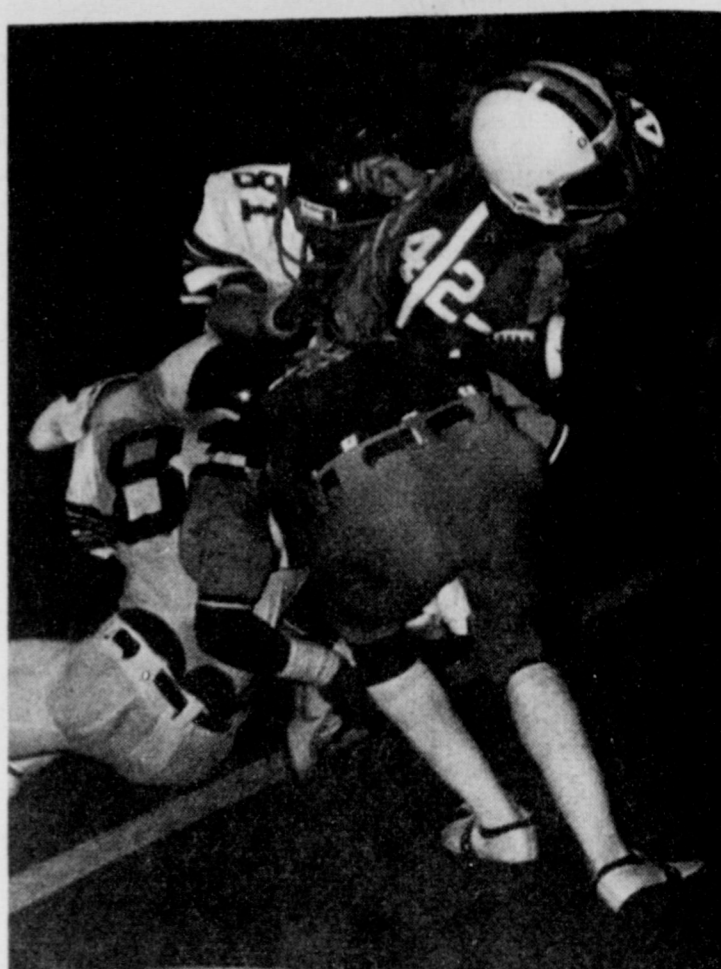

Shortly after Iowa Park had another scoring opportunity but fell short. Hirschi's quarterback was attempting to pass when defensive end Steve Lane tackled him, shaking the ball loose and Kevin Hamilton claimed it on the Husky 28.

The Hawks drove to the 19 where, with one yard remaining for a first down, Jim Stevens was cut down for a loss, ending the threat.

Again in the fourth quarter Iowa Park appeared heading for the goal line. On a drive which started from their own 31 yard line, the Hawks marched to Hirschi's 20. But Ray Cook was held short of the yard he needed to pick up another first, turning possession over to the Huskies once more.

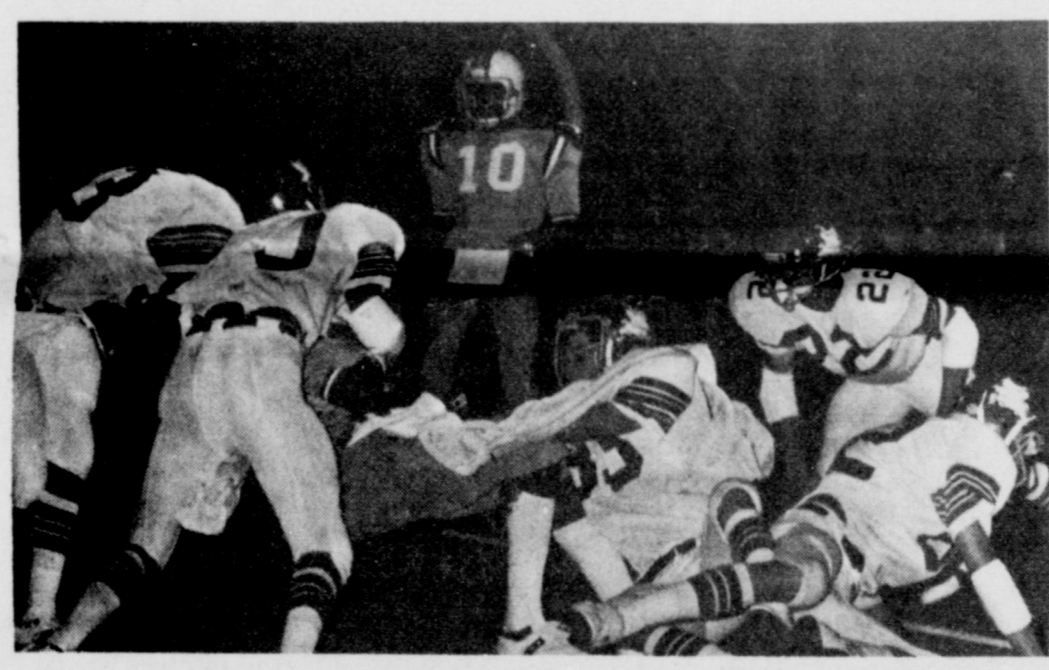

Though he didn't have a 46-yard gainer in this game, as he had against Lawton, Cook still emerged as the leading Hawk ground gainer, picking up 61 yards in 13 tries. He had two long runs called back on penalties, too.

Stevens netted 48 yards in

He almost intercepted one.		

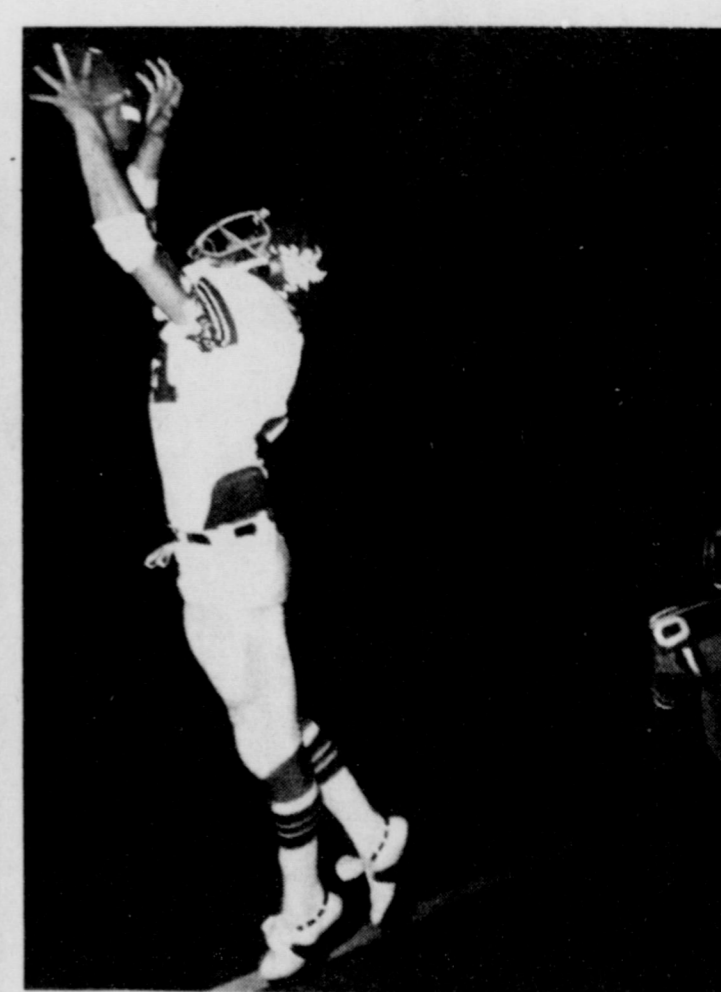

SWARMING HAWKS - A host of Hawks were ready to nail Hirschi's Michael Mason when he attempted to run a punt he had taken out of his end zone Thursday night. He was nailed on his own two yard line.

FAR ENOUGH, says Ray Cook, 40, and Dick Elliott to Hirschi's Albert Wynn during the third quarter Thursday night.

IT TAKES A LONG TIME for tailback Jim Stevens to come down when he has his feet cut out from under him. Action took place during the first quarter of Thursday night's non-conference game with Wichita Falls Hirschi.

CONFUSING - Dwight Jones, 42, wasn't for sure who was hitting him on this play. But as it turned out, a team mate was trying to block David Carrell and missed. Steve Lane throws his weight in on the play.

# Dove scarce for hunters

The dove were scarce but good times were plentiful at last weekend's fifth annual muzzle loading shotgun dove hunt at Black Flat, north of Lake Kickapoo.

The annual affair is co-sponsored by the Red River Renegades and David Williams, who supplies land for the hunt.

Hunters and their families began filtering into the registration-campsite area Friday afternoon and by Saturday almost 30 gunners

were on the roster.

Unlike previous years when hunters "held back" to avoid getting their limit early in the day, dove were disappointingly scarce this year.

The hunter who first limits out on Saturday is awarded a plaque each year. However, nobody killed the limit this year.

Dexter Parnell of Iowa Park and Bob "Reb" Neal of Wichita Falls each killed five birds on Saturday, ranking them as top marksmen of the affair.

## VICTORY OVER IOWA PARK

Victory eluded the Iowa Park Hawks once more Thursday in Wichita Falls, but without exception, Mean Green fans agreed there was a valuable morale victory won.

The Hawks suffered defeat once more, for the 12th consecutive time, 3-0 at the hands of the Class AAAA Wichita Falls Hirschi Huskies.

Ironically, it was the field goal that gave the Hawks their 3-0 win over Hirschi two years ago, and proved the difference in a shootout back in 1968.

"The kids weren't happy in losing, but they felt they had a good shot at winning," commented Pat Tone, head coach, later. "We missed a couple of scoring chances they did too."

game, there were some key penalties which hurt the Hawks in their efforts to score. Such as two offensive pass interference calls. Obvious, open field infractions by Huskies which were not called. An excessive amount of time taken by Hirschi before getting off the field goal, which won the game.

Coach Tone refused to say anything bad against the officiating, which came out of the Gainesville chapter. But he likewise refused to say anything good about them, either. "I've never seen anything like it," he was heard to say on the sidelines after one call.

Though the Hawks did not fumble in the game, they did turn over possession three times on pass interceptions.

They made up for it

The two men flipped a coin to see who would receive the plaque, and Neal called it right.

An authentic Civil War era cannon was fired Saturday evening to signal the end of the day's hunt.

While most participants were out in the fields hunting Saturday, Claude Young of Holliday and Fred Neel and Roger Fowler, both of Wichita Falls, were manning the pasture kitchen.

An estimated 100 persons

feasted on beans, barbeque beef, cornbread, hot peppers and Renegade Stew, a concoction believed to contain venison, beef, dove, onions and tomatoes.

Highlight of the evening was "a picking and grinning session" that had many of the participants dancing around the campfire while others joined in the singing.

Most persons spent the night camped out in tents and campers. The annual hunt concluded Sunday afternoon.

TOP MARKSMAN—Bob "Reb" Neal, left, of Wichita Falls receives a plaque for bagging the most birds at this weekend's muzzle loading dove hunt at Black Flat. Fred Neel, president of Red River Renegades, makes the fire side presentation.

### Iowa Park School Lunch Menu

**THURSDAY, September 16**  
Breakfast - Cereal, sliced banana, plain milk, orange juice.

Lunch - Pizza, meat & cheese sandwich, soup, buttered corn, combination salad, chocolate or plain milk, chocolate heated cookies, jello-ice cream.

**FRIDAY, September 17**  
Breakfast - Peanut butter & jelly sandwich, plain milk, orange juice.

Lunch - Corn dogs, meat & cheese sandwich, soup, scalloped potatoes, green beans, peach half, chocolate or plain milk, lemon sunshine pudding, jello-ice cream.

**MONDAY, September 20**  
Breakfast - Cereal, plain milk, orange juice.  
Lunch - Enchilidas, meat & cheese sandwich, soup, Spanish rice, ranch style beans, creamy cole slaw, bread slices & butter, chocolate & plain milk, fruit cobbler, jello-ice cream.

**TUESDAY, September 21**  
Breakfast - Peanut butter & jelly sandwich, plain milk, orange juice.  
Lunch - Meat loaf, meat & cheese sandwich, soup, French fries, seasoned spinach, dill pickle slices, corn bread & butter, chocolate & plain milk, coconut cake, jello-ice cream.

**WEDNESDAY, September 22**  
Breakfast - Sweet roll, plain milk, orange juice.  
Lunch - Hamburgers, meat & cheese sandwich, soup, beans, potato chips, hamburger salad, chocolate & plain milk, ice cream bars.

**THURSDAY, September 23**  
Breakfast - Cheese toast, 1/2 an apple, plain milk, orange juice.  
Lunch - Fried chicken, meat & cheese sandwich, soup, mashed potatoes & gravy, English peas, fruited jello salad, bread slices & butter, chocolate & plain milk, chocolate cream pie, ice cream-jello.

**FRIDAY, September 24**  
Breakfast - Raisin Bran, plain milk, orange juice.  
Lunch - Italian Spaghetti, meat & cheese sandwich, soup, green beans, tossed salad, hot rolls & butter, chocolate & plain milk, pudding, jello-ice cream.

Shortly after Iowa Park had another scoring opportunity but fell short. Hirschi's quarterback was attempting to pass when defensive end Steve Lane tackled him, shaking the ball loose and Kevin Hamilton claimed it on the Husky 28.

The Hawks drove to the 19 where, with one yard remaining for a first down, Jim Stevens was cut down for a loss, ending the threat.

Again in the fourth quarter Iowa Park appeared heading for the goal line. On a drive which started from their own 31 yard line, the Hawks marched to Hirschi's 20. But Ray Cook was held short of the yard he needed to pick up another first, turning possession over to the Huskies once more.

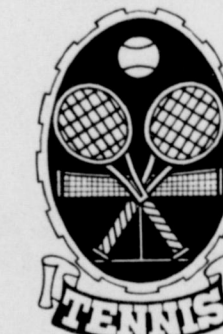

GOING HIGH for a 20-yard pass during the first quarter against Hirschi is end Steve Lane. The ball was thrown by quarterback Rex Huckaby.

## PP&K is Saturday

Eighteen trophies will be up for grabs Saturday during the annual Punt, Pass and Kick Contest.

Youngsters 8 through 13 are eligible to compete, and may register by 6 p.m. Friday at Shaw Motor Co. here, sponsors.

Competition is set for 9:30 a.m. Saturday at Iowa Park's junior high school football stadium.

Steve Scott, representative of Shaw Motor Co. and this year's director, said about 30 kids had entered the competition by Tuesday afternoon.

No eight-year-olds had entered by Tuesday afternoon, Scott added.

Trophies will be awarded

for first, second and third place in each age category.

Entrants will be competing against youth their own age, and scoring will be based on accuracy and range with one point added for every foot of distance in punting, passing and kicking.

Winners will be presented their trophies at 2 p.m. Saturday at Shaw Motor Co. Pictures also will be made at that time, Scott said.

Early American colonists used the milk in which blueberries had been boiled to paint their houses gray, not blue.

## Identification as doctor not easy for Mrs. Mertz

While serving her internship, patients sometimes would ask, "When's the doctor going to get here," thinking she was a nurse.

"Well, I am the doctor," she would reply.

Undoubtedly it caught some patients by surprise as they stood before Dr. Janet Mertz, a young, attractive blonde and the latest addition to the staff at Park Clinic here.

A native of Kansas City, Dr. Mertz claims Mound City, Kan., as her hometown. "I come from a small town, about 600 people," she

explained. She is married to Dr. John Mertz, who is assigned to internal medicine at Sheppard AFB.

Maintaining the quality of medicine practiced in small towns is equal to treatment received in metropolitan locations, Dr. Mertz selected her new job here because, "I thought it would be much more friendly here than in Wichita Falls."

Dr. Mertz said she was encouraged by doctors she worked with after nursing school to continue her work toward an M.D.

While medical school

entails a traditional four-year program, Dr. Mertz completed her training in three years.

She explained the first year and a half of medical school was devoted to classroom training in a hospital, rotating among different specialty areas.

She served her internship at St. Luke's Hospital at Kansas City, Mo., and received her M.D. in May 1975 from Kansas University School of Medicine at Kansas City, Kan.

Dr. Mertz said the second half of medical school was especially tough.

"You put in long hours. Twelve hours of each weekday in the hospital, and six hours at the hospital each day of the weekend," she said.

Trained in internal medicine (adult medical problems), Dr. Mertz aspires to become an ear, nose and throat specialist.

Asked about women doctors on the whole, Dr. Mertz allowed, "Some men would rather not see us." However, most men accept her as a professional.

While unable to cite national statistics, Dr. Mertz said from her class of 160

medical school graduates, about 20 were women.

Speaking casually from behind her office desk at Park Clinic, Dr. Mertz said she has no philosophy concerning women's liberation in relation to her life or profession.

"All I want is completely equal rights as anybody else. I don't want any favors because I'm a female," she said.

Asked if she had any hobbies, Dr. Mertz smiled, "I'm a housewife too."

One of her favorite pastimes is sewing, and she made the curtains for the

new base housing home for the Dr. Mertzes.

"I do common things that people do," she added. Dr. Mertz does not flaunt her position.

Dr. Mertz said neither she or her husband introduce themselves in a social situation as "doctor."

However, she always employs the title when introducing herself on the job.

And being the first female doctor to practice in Iowa Park perhaps explains why she sometimes is referred to as "Dr. Janet" at Park Clinic.

# Eagles come from behind to beat Electra, 19-15

Eagle wingback Jay Wright hauled in a 56-yard pass from Randy Berryman midway through the final quarter to give the Big Red Machine a come-from-behind victory Friday night over Electra.

Head coach Don Lucy's District 13-A favorites defeated the Class AA Electra Tigers 19-15 despite a fourth would be TD that was nullified by officials.

Ranked fourth in the state among Class A teams by the Associated Press, the Eagles were unable to muster a scoring combination in the opening quarter, but ignited the scoreboard twice in the second period.

Both second quarter scores were made by junior tailback Larry Ayres, who rushed for 123 yards in 13 carries.

Ayres' running statistics were boosted considerably by his performance on the second TD, a 90-yard romp.

A converted guard, Eagle senior quarterback Berryman racked up 93 yards on the ground in 16 carries. His performance also included a 68 yard run.

Senior fullback Bob Gilmore, who was momentarily injured during the third

period, evolved as Holliday's nickle and dime man Friday night gaining 79 grueling yards in 19 carries.

Holliday rolled up 305 total yards rushing, and Berryman completed two of six passes for a total of 85 yards in the air.

The Eagles were the victims of nine penalty flags which cost them 55 yards.

The Big Red Machine garnered 16 first downs to Electra's nine, and picked up 390 total offensive yards to the Tigers' 209.

Both teams went into the contest with a win each. Holliday's victory over Electra gives the Eagles a 2-0 record for the season, but they must face three more Class AA schools before entering district competition.

Holliday won the coin toss and elected to receive the ball to open Friday night's contest with Electra. Reminiscent of the previous week's outing, the Eagles drew a five-yard penalty on the first play, giving Electra the ball on Holliday's 16.

Electra picked up a quick first down, but Berryman, John Ruby and Andy Barton swamped the Electra back on the next play and then

forced an Electra fumble recovered by Gilmore.

Holliday picked up 20 yards in penalties during the remainder of the first period, as the two teams traded possessions, both unable to penetrate the end zone.

Gilmore opened the second period with a 41-yard punt, his best of the year, and then came back to recover another Electra fumble on the first play from scrimmage.

Gilmore's recovery gave Holliday possession on Electra's three yard line. Ayres got the call and punched it in for Holliday's first score with 9:38 showing on the second quarter clock. Berryman's kick was good, and Holliday's momentum began to churn.

The Eagles' defensive attack, led by Clay Carver, Ruby and Larry Veal forced Electra to punt less than four minutes later.

Holliday took possession with their back up against the wall and the pigskin resting on their own five. Gilmore was able to pick up five yards on the first play.

The Ayres broke loose on a 90-yard gallop, stiff arming a lone Tiger

defender to light the scoreboard again with 5:13 left in the half. Berryman's kick was blocked.

Following Holliday's kick-off, Electra took possession on their own 40 and capped off a 60-yard drive with a touchdown pass. Electra passed for a two-point conversion.

Holliday was unable to move the ball on their next possession after two pass attempts failed.

Electra took the Holliday punt on their own 14 and launched an aerial attack as the first half drew near the dosing.

Clark McDaniel and Danny Mayfield were unable to hold on to a couple of wild Electra passes.

As the first half buzzer blasted in the background, McDaniel and Electra's Robert Jones were up in the air scrapping over the final

Tiger pass of the half.

A controversial call that left Holliday fans shaking their heads in disbelief, game officials gave the catch to Electra.

The Electra kick was good, giving the Tigers a two-point edge over Holliday at the half.

Electra was unable to move the ball after taking Holliday's kickoff, but another Holliday fumble dimmed Eagle spirits during the opening moments of third quarter play.

Continuing their passing game, Electra was unable to gain substantial yardage.

With less than half the third period remaining, Berryman hauled in a stray Tiger pass giving Holliday possession on their own 24.

With Ayres and Gilmore grinding it out on the ground, Berryman spiraled the ball to Ruby on a 27-yard pass play.

Holliday picked up two more first downs, one under the guidance of junior Steve Lucy at quarterback.

Facing a fourth and three situation, Berryman spotted Ruby free in the end zone, but officials nullified the TD, ruling Ruby caught the ball out of the end zone.

Eagle fans again went to their feet in disbelief.

Standing on their own 44, Holliday was faced with a third and three situation when Coach Lucy decided to have Berryman put it in the air again.

Junior wingback Jay Wright had spent most of the night in relative quiet, but was quick off the line of scrimmage.

Berryman nailed Wright as he sped across open field, and the receiver raced the remainder of the 56 yards to the end zone.

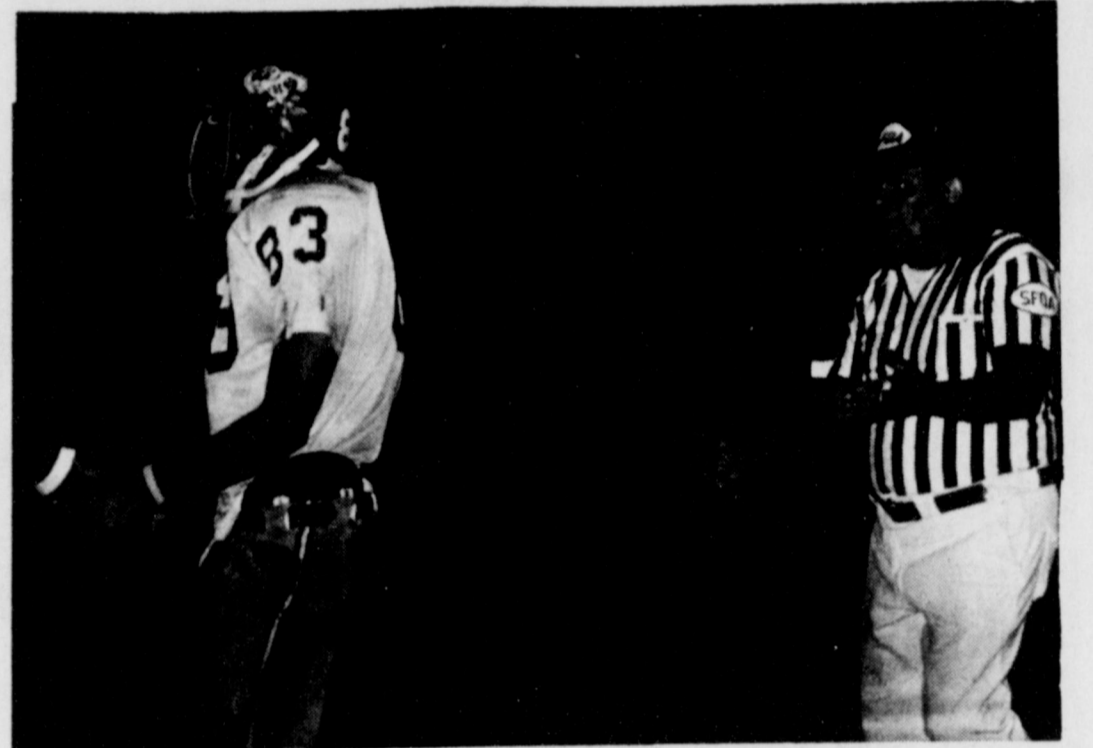

Holliday tried a fake kick for the two-point conversion but the pass failed.

Each team had two more possessions during the remaining six minutes of the contest. Holliday picked up four more first downs, but

was unable to get on the board again.

The Eagles remained tough with Barton batting down the last serious effort by Electra to score in the air.

HEY! GIMME THE BALL!—A game official attempts to get John Ruby's attention after ruling the Holliday senior stepped out of the end zone with a pass received from Randy Berryman. The would-be fourth quarter TD at Electra was nullified.

## 7th grade wins

Holliday's seventh grade football team came up with their first win of the season against Electra, but the eighth grade and junior varsity dropped their season openers in Electra.

**SEVENTH GRADE**  
The seventh graders of Holliday dumped Electra 14-12.

Ray Looney galloped 25 yards to score in the third quarter, then capped off the TD with a two-point conversion run.

Electra came back and scored in the third period, but the conversion failed. Electra scored again with two minutes left in the contest.

Set up by a 25-yard run by quarterback Joel Mankins, Looney was able to punch it in from four yards out with 57 seconds on the clock to give Holliday the winning edge.

**EIGHTH GRADE**  
The eighth graders of Holliday were unable to get on the board with a TD in the first

period. The contest remained a stalemate until the third period when Holliday's Eddie Flowers delivered the pigskin down to Electra four yard line.

A broken play and a stiff Electra defense combined to thwart Holliday's tries to cross the goal line.

The final score was 8-0 in Electra's favor.

**JUNIOR VARSITY**  
Following a scoreless first half, Electra ran past Holliday for a third quarter touchdown in the junior varsity contest.

Electra scored again in the fourth period, both failed to pick up the extra points after both TDs.

The Eagles made their touchdown in the final period. The touchdown was set up on a 45-yard run by Rusty McDaniel.

Jerry Graves handed the ball to James Porter, who Graves punched it across for Holliday's extra points.

CATCH UP IF YOU CAN—Holliday's Jay Wright hauled in a 56-yard pass from Randy Berryman to give the Big Red Machine a come-from-behind victory Friday night over Electra Tiger, adding another five yards to his rushing total for the night's work.

## Eagles to test Indians

Holliday Eagles will be sporting a 2-0 season record when they board the bus for Friday night's clash with the Quana Indians.

Kickoff is scheduled for 8 p.m. Friday at Quana. Last week the Class AA Quana Indians were dumped by Wellington 46-8.

Quana was defeated 33-6 by Crowell in the season opener. The Indians also have a 230 lb. tackle.

lettermen this year including five starters from last year's lineup.

Like Holliday, Quana has a newcomer in the quarterback position.

Holliday's guard turned quarterback Randy Berryman will be matching talents with Quana's Perry Richardson in signal calling.

Quana's backfield is led by a 5.7, 170 lb. senior lb. back. The Indians also have a 230 lb. tackle.

**JUNIOR HIGH & JUNIOR VARSITY**

Holliday's seventh grade, eighth grade and junior varsity gridiron stars will go on the road to meet Iowa Park this afternoon.

The seventh grade will kickoff the triple header at 5 p.m.

The seventh grade will enter the game undefeated in season play, while the junior varsity will be looking for their first wins of the year.

# Council beefs up garbage service here

Holiday City Council took steps Tuesday night to beef up garbage collection service to retail businesses here.

On a motion by Alderman Red Denney and seconded by Alderman Jimmy Blankenship, the council voted to hire Tex and Maggie Pendergrass.

Pendergrass was contracted for \$250 a month to operate the municipal dump ground and provide additional garbage collection services to Holiday's business district.

Garbage collection for both businesses and residential areas has been erratic in the past few months, it was pointed out.

In hiring Pendergrass, the council hopes to fill a void left by city crews, which will continue monthly trash rounds.

Pendergrass also will operate the municipal dump ground. He replaces John Soho, who resigned several weeks ago.

New hours for the dump ground will be from 9 a.m. until dark on Monday, Tuesday, Thursday, Friday and Saturday.

The dump ground will be closed on Sunday and Wednesday.

## CF fund drive slated Monday

Donation drive for Cystic Fibrosis will be held in Holiday from 6-8 p.m. Monday, according to Carol Parker, chairman.

Co-chairman of the drive is Martha Belcher. FHA girls will help with the drive, Mrs. Parker said.

## Firemen win two trophies

Holiday Volunteer Fire Department garnered two trophies Saturday at a fire convention in Burkburnett.

The team of Brenda Harrigal and Ann Bill combined efforts to take second place in the two-woman hose race.

Holiday took first place in the six-man hose race. The team consisted of David Kucinski, John Harrigal, Gleen Wood, Chuck Parker, Fred Maier and Melvin Bills.

Holiday firefighter Johnnie Jones also attended. A total of seven Holiday firefighters and their wives attended the convention.

Mayor Leo Chappell noted old dump ground permits expired in August, and requirement for new annual permits became effective Sept. 1.

Four residents confronted the council Tuesday night concerning a water drainage problem in northern Holiday.

"We would appreciate it a million if you all could do something," said Jim Darr, former mayor and spokesman for the group.

Darr, who lives on W. Maple, said several houses in his neighborhood were flooded with two to three inches of water during this week's rains.

Bob Craig, who lives on the Iowa Park Highway, said since he has lived here the flooding problem has only been that serious twice.

"It's pretty expensive when you put carpet in your house and here it (water)

comes again," Darr said. None of the homeowners can collect flood insurance.

The problem, the homeowners said, is a drainage ditch filled with debris and overgrown with weeds which does not allow ample flow away from their homes.

The homeowners suggested the city clean out a four-block stretch of the ditch. "Maybe get that ditch a little deeper than it is,"

Darr added. "I see no reason why we can't clean out that ditch," Mayor Chappell said, backed up by a consensus of the council.

The homeowners also are in the process of getting permission to dig a second drainage ditch in property owned by Garland Ray to provide additional protection.

The council said it needs a written contract with Ray. The council tabled action on appointing a new city judge, and discussed the stray dog problem.

A street traffic sign and signal control ordinance was passed.

## Sanders-Garlington vows exchanged in Wichita Falls

Miss Melissa Diane Sanders and Rickey Joe Garlington exchanged marriage vows Saturday evening in the Hillcrest Baptist Church in Wichita Falls. The officiant for the double-ring ceremony was the Rev. Gene Murry, pastor.

Parents of the couple are Mr. and Mrs. C.W. Sanders

of Route 3, Wichita Falls and Mr. and Mrs. Harold Garlington of Archer City.

Altar decorations consisted of two fantail baskets of blue and white daisies and fan-shaped candelabra holding blue candles.

Miss Beth Parker of Holiday, organist, provided

the instrumental wedding music including "Love Story", "Times of Your Life" and the traditional marches.

Given in marriage by her father, the bride wore a formal gown fashioned of Venetian lace over silk organza. Scattered seed pearls accented the Empire bodice, long sleeves ruffled at the wrists and ruffled cathedral train. Her waist-length Venetian lace veil was attached to a headpiece of the chosen lace and seed pearls and she carried a bridal bouquet of blue and white daisies and baby's breath.

The attendants were all dressed alike in gowns made by the bride's mother. They were attired in long pale blue gowns with V-necklined Empire waists and carried long stemmed blue daisies.

Mrs. David Sutton attended the bride as matron of honor. Miss Linda Hiebert of Arlington was bridesmaid. Misses Nancy and Paula Sanders, sisters of the bride, were candlelighters and Kristina Tina Wetzel, the bride's niece, was flower girl.

Charles Wetzel 11, nephew of the bride, was ring bearer. He wore a light blue sports jacket with black pants.

Mike Mueller of Archer City served the groom as best man and Doyle Riggins of Holiday was groomsman. Duties of ushering were assumed by Coy Sanders, brother of the bride, Junior Harrelson and Scottie Goforth, both of Archer City, and Dennis Meyers, the bride's brother-in-law.

The bride's parents were hosts for the wedding reception held in the Fellowship Hall of the church.

The bride's table was covered with white flowing net. The appointments featured a dainty white bird cage holding two love birds and the three-tiered cake decorated with blue and white confection daisies and a bride and groom standing in a heart of flowers centered with a wedding bell for the top ornament.

The groom's table, laid with blue net, held a bouquet of daisies and the chocolate cake.

The gold-trimmed bride's book was placed on a table holding the bride's bouquet, blue feathered pen and wedding bell. Miss Sharon Garlington, sister of the groom, presided at the book.

Reception assistants were Mrs. Charles Wetzel and Mrs. Dennis Meyers, sisters of the bride, Mrs. Coy Sanders, her sister-in-law, and Mrs. Terry Lambeth; Misses Charlene Cavender, Vickie Stone and Chris Wilson. Julie Sanders, niece of the bride, handed out rice bags.

The bride was graduated from Holiday High School where she was a member of National Honor Society, a six-year member of the band and band majorette for three years. The groom, who is employed by the L.T. Burns Estate, was graduated from Archer City High School.

When the couple left for a wedding trip to Dallas, the bride was wearing a blue ensemble. The will live at Archer City.

The groom's parents hosted the rehearsal dinner at Underwood's.

Out-of-town wedding guests were Messrs. and Mmes. D.W. Hiebert, Arnold and Edwin of Arlington, Richard Brady of Valiant, Okla. and Edgar Woodley of Dallas.

MRS. RICKEY JOE GARLINGTON

## FROM JELLY TO TRUCKS

### Firemen's auction Saturday

Everything from mesquite bean jelly to a pickup truck is expected to cross the auction block Saturday at the Holiday Fireman's Auction.

The auction is set for 9:30 a.m. Saturday one block south of the traffic light.

A 23 channel citizen's band radio will be given to a regular buyer, said Melvin Bills, fire marshal.

Holiday Volunteer Fire Department has been soliciting donations of items to be auctioned for about a month.

Money from the auction will be used to purchase a new fire truck to replace a 1948 model, Bills said.

Among items to be auctioned Saturday include a silver clock radio, plants, lamps, furniture, paint,

stains, doors, shutters, anti freeze, dinette sets, stoves, beds, chests, refrigerator, hot water heaters and air compressors.

Other items to be sold are an electric guitar, skis, fishing equipment, plows, hay, pipe, bicycles, small kitchen appliances and boxes of odds and ends.

Johnnie Choate, an auctioneer, has donated his services.

## Trustees study building plans

Aside from a short agenda of routine business, Holiday school trustees spent most of their Monday night meeting reviewing plans for the campus construction and renovation project.

Bob Pardue, architect for the \$1.2-million project, reviewed the plans, blueprint by blueprint.

Trustees spent about two hours studying such things as covered walkways, air conditioning system and lighting.

Trustees had Pardue make several minor changes.

With bids to be awarded in late October, Pardue expects the project to be complete by mid August, just in time for school next year.

In other business Monday night the board heard a report from Dwade Reinsch,

band director. Reinsch said he anticipates the band to grow to 129 members by next year; however, the band has only 115 regular uniforms.

Reinsch asked the board if they would provide financial support toward purchase of new uniforms in case the Band Booster Club is unable to pay the full cost.

On a motion by Trustee Joe Wells, seconded by Trustee Lonnie Brackeen, the board unanimously voted to support the request.

# TCU enthusiasts to meet

An informal social event will be held Tuesday in Wichita Falls as part of this fall's series of "Spirit of '76" programs to be conducted by Texas Christian University in 26 metropolitan areas across the nation.

The barbecue dinner will be held at Wichita Falls Country Club. Chairman for the event is Charles "Buddy" Iles, member of TCU's Class of 1962. Special guest for the evening will be Bernard "Tut" Bartzon, TCU tennis coach. Joining him will be

two members of the varsity tennis team. The brief program will include the multi-media presentation entitled "TCU Tapestry." Invitations are being extended to TCU alumni and parents of current students in the Wichita Falls area. The dinner event will begin at 7 p.m.

"The 'Spirit of '76' series of events is designed to bring TCU alumni together as individuals under the umbrella of their common interest in TCU," explained Tom Purdy, TCU director of Alumni Giving who is coordinating the programs to be given throughout Texas as well as in Denver, Albuquerque, Washington, New York, Los Angeles, Tulsa and Indianapolis.

Due by Sept. 17, reservations for the event are being accepted by Chairman Iles, P.O. Box 1229, Wichita Falls 76307.

## Church class has election

Officers of the Friendship Sunday School class of First Baptist Church were elected Monday night during a meeting held in the home of Mrs. Homer Blalock. Mrs. Lena Simmons was co-hostess.

The new slate of officers include Mmes. Elmer Singleton, president; C.L. Metz, vice president and assistant secretary; O.S. McLemore, secretary and missions chairman; Leonard Jones, corresponding secretary; R.J. Butts, treasurer.

Others are Mmes. Dewey Steed, Ola McLaurin, Clay Davis, Walter Scott, group captains; M.E. Goforth, bridge builders chairman; Ed Patterson and Leonard Jones, program committee.

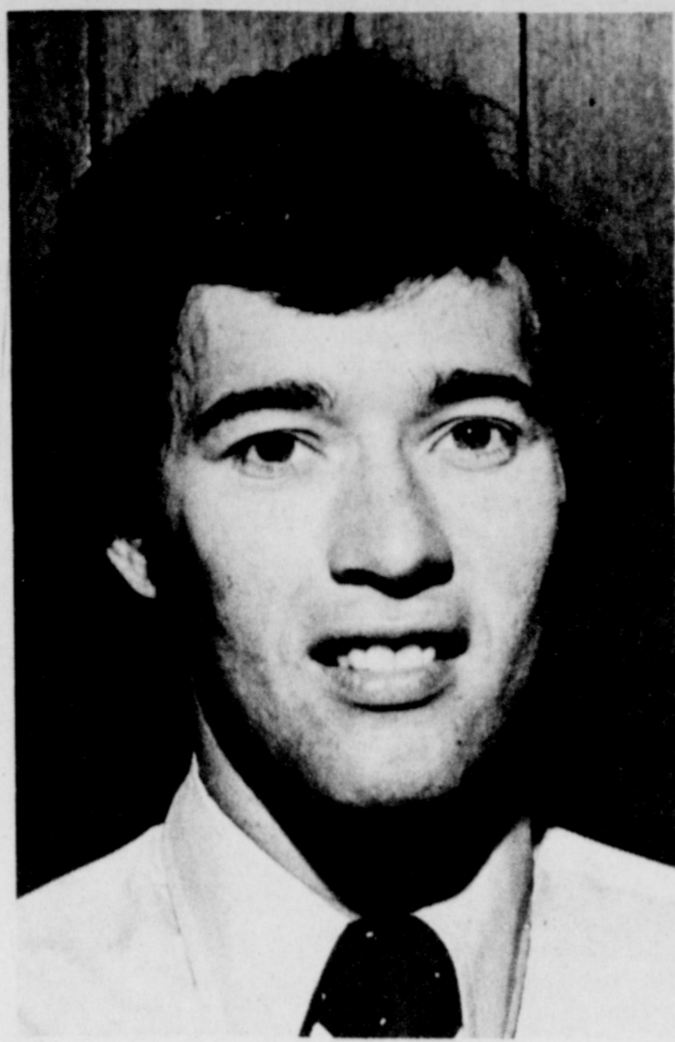

Mrs. Patterson presented some timely thoughts on "Internal Struggle of Servants of Righteousness" for the devotional period.

Mrs. Jones directed a period of recreation. Others present were Mmes. C.A. Hicks, teacher of the class, Joe Bell, leader of Adult 111 Sunday School Department, Louise Yarbrough and Thelma Raney.

MICHAEL DEAN

## Michael Dean ordained

An ordination service to the ministry was held for Michael Dean Sunday night at First Baptist Church where he has served as youth director for two years. The son of Mr. and Mrs.

Billy J. Dean of Burkburnett, he is a senior at Midwestern State University where he is majoring in business administration. He is president of the Baptist Student Union and served on the Student Senate one year. He plans to enter Southwestern Baptist Seminary at Fort Worth next fall. He is a former youth director at Eden Hills Baptist Church in Wichita Falls.

The Rev. Kenneth Flowers, pastor of First Baptist Church, delivered the ordination message. Young people taking part in the service were Norman Flowers who sang "His Way, Mine" and David Russell, who gave a testimony attesting to what Mike had done for the youth of the church.

Glenn Schell, music director, sang "Submission" during the service.

Assisting with the service were the deacons of the church, Rev. Randy Deering, BSU director at MSU, Joe Stearns and R.L. Cranford, deacons of the First Baptist Church in Wichita Falls. Herb Davis presented the candidate with a Bible from the church and following the service, Jack Railsback presented him with a certificate of ordination to the ministry and L.E. Brooks offered the prayer of dedication.

## Girl Scout meeting set

An introductory meeting for girls in the 7th, 8th and 9th grades interested in Girl Scouting in the Cadette level will be held Friday at 3:30 p.m. in the Iowa Park Junior High School library.

Paula Cady Condrey, laboratory supervisor at Cryovac, is to be the Cadette leader. She said that the meeting would feature a short explanation of the Cadette Scout program and that a permanent time and meeting place would be discussed. The leader stated that due to an increased interest in Girl Scouting in Iowa Park, it was felt that older girls should be included in the program. She listed some of the things that could be included in this year's program as community involvement, world awareness, government, home-making skills, child care and development, gracious living, arts and crafts, camping, out-of-doors related skills and environmental concerns.

For further information, contact Paula Cady Condrey at 592-5670.

## Cosmo students elect officers

The Iowa Park High School Cosmetology Department elected officers at their meeting Monday.

Cathy Price was elected president of the senior group. The officers include Cheryl Hayman, vice president; Tonya Cook, secretary; Robin Copeland, reporter; Debby Haswell, parliamentarian; Gail Thompson, chaplain; and Karen Fields, sergeant-at-arms.

Officers of the junior group are Delia Lemons, president; Darla Daugherty, vice president; Jerretta Soapes, secretary-treasurer; Romona Price, reporter; Nancy Sampley, parliamentarian; Debbie Greenwood, chaplain; Frances Pruitt, sergeant-at-arms.

The senior students are now taking customers. For appointments, contact the Iowa Park High School Department 592-2718.

## Municipal Court Records

Results of municipal court held here Thursday were: Rocky Allen Campbell, improper backing, \$27.50; Iona Patterson, improper right turn, \$27.50; Marion Kay Johnston, fail to yield right of way, \$27.50; Ricky Sidlauskas, ran stop sign, \$27.50; Ronnie Boren, passing in no passing zone, \$37.50.

# Obituaries

## Mayme Broadhurst

Services for Mrs. Mayme Callon Broadhurst, 72, of Albuquerque, N.M., sister of Cecil G. Callon of Iowa Park, were held Sept. 8th at the Resthaven Funeral Home in Lubbock.

Dr. James W. Bryant, pastor of Hoffmantown Baptist Church at Albuquerque and Rev. Charles W. Broadhurst, a nephew of the deceased, pastor of Southcrest Baptist Church at Lubbock, officiated. She was born Oct. 12, 1903 near Gage, Okla.

Surviving are her husband, William L. Broadhurst of Albuquerque; two sons, Robert Callon McVay of Lubbock and Richard Van McVay of Muleshoe; three sisters, Mrs. Irene McFarland of Littlefield, Mrs. Bea Lorenz of Overland Park, Kansas

and Mrs. Cleo Brett of Bellflower, Calif.; one brother, Cecil G. Callon of Iowa Park; 14 grandchildren and six great-grandchildren.

## C.J. Mason

Services were Tuesday in Newport, N.Y., for C.J. Mason, former resident of Wichita Falls, who died Saturday in Utica, N.Y.

A native of Newcastle, Tex., Mason was in the oil business 35 years.

Survivors include his stepmother, Mrs. Maude Mason of Woods Nursing Home in Iowa Park; four brothers, Cliff and Ray, both of Wichita Falls, William of Springton and Hubert of San Francisco; and a sister, Mrs. Thelma Sawyer of Phoenix, Ariz.

## Junior high beats Vernon

Iowa Park's seventh and eighth grade football teams trounced Vernon Tuesday night, but the Mean Green

freshmen and junior varsity were upended by Vernon last Saturday.

Mike Ray scored both touchdowns to give the eighth grade its 12-0 win over Vernon.

Jim Smith crossed the goal line twice to pace the seventh grade in its 14-0 decision over Vernon.

Biff Billingsly connected with Steve Worthington following the seventh grade's first TD to give Iowa Park the two conversion points.

## Evening Lions hear pianists

Bob Reams and Mrs. E.L. Gallop, pianists, furnished musical entertainment for the Evening Lions Club meeting Tuesday. The former played a medley of western, popular and request numbers by well-known modern composers, and Mrs. Gallop played the dinner music.

Wayne House was in charge of the business meeting which was devoted for the most part to finalizing plans for the street carnival with eight booths at the Whoop-Do Sept. 25. Gordon Griffith gave a report on the Top O Texas football field and dedication services Saturday.

Ed Reece, a former member, was voted to membership.

## Soccer films

to be reviewed

The Iowa Park Soccer Club will have a meeting at 10:30 a.m. Saturday at the Youth Center.

Films made of last year's teams, as well as one on the fundamentals of soccer will be shown, according to Jerry Hutchins.

The meeting is open to the general public.

## PUBLIC NOTICE

SUMMARY OF PROPOSED  
**CONSTITUTIONAL AMENDMENTS**  
GENERAL ELECTION NOV. 2, 1976

### NUMBER ONE ON THE BALLOT (S.J.R. 49)

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

### NUMBER TWO ON THE BALLOT (H.J.R. 99)

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows: "A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

## Freshmen beat Childress

Iowa Park's freshman girls volleyball team won the decision over Childress Tuesday night, however, the junior varsity and varsity units fell to Childress.

Winning two out of three games to win the match, Iowa Park's Jona Frederick was high server with six points in the freshman's first game when Iowa Park downed Childress 15-5.

Iowa Park took the match by winning the second game 15-9. Terri Rowell was high server with for points.

All three games of the match were played to decide the winner of the junior varsity contest.

Iowa Park lost the first game 15-13 and was paced by Vicki Shirley with five points.

Iowa Park JV rallied to win the second game 15-11. Gayla Wells and Dawn Jari Ehlert shared high point honors with six each.

Childress came back to take the final game of the

match 15-7. Gayla Wells highpointed for Iowa Park with three scores.

Iowa Park's varsity lost the match and the first two games.

Lisa Watson paced scoring with four points in the first game, but Iowa Park was defeated 15-10. Iowa Park lost the second game 15-12. Lisa Watson lead scoring with six points.

"Childress has a real strong team," Coach Lorna Klinkerman said.

She said Iowa Park's teams played well.

The JV and varsity teams will go up against Graham beginning at 4:30 p.m. today in Hawk Fieldhouse here.

## ND here Friday

Wichita Falls Notre Dame Knights will test the good luck of their home away from home when they collide with Chillicothe at 8 p.m. Friday at Iowa Park's junior high school gridiron.

**AVISO PUBLICO**  
RESUMEN DE  
LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION  
**ELECCION GENERAL DEL**  
**2 DE NOVIEMBRE DE 1976**

### NUMERO UNO EN LA BOLETA (S.J.R. 49)

Revocando Secciones 49-d and 49-d-1 del Artículo III de la Constitución de Tejas, S.J.R. 49 enmienda Sección 49-c del Artículo III de la Constitución de Tejas para disponer y autorizar \$400 millones adicionales de bonos para el desarrollo de agua en Tejas que se puede emitir a la aprobación de dos terceras partes de los miembros de cada cámara de la Legislatura para tales fines de desarrollo del agua que la Legislatura pueda prescribir.

### NUMERO DOS EN LA BOLETA (H.J.R. 99)

H.J.R. 99 propone una enmienda a la Constitución de Tejas para aumentar de \$100 millones hasta \$200 millones la cantidad principal agregada de bonos para el desarrollo de agua en Tejas que se puede emitir y que están en circulación por el Texas Water Development Board para proveer donaciones y préstamos para la mejoría de la calidad de agua como establecido por la Legislatura. La fraseología de la enmienda propuesta como aparecerá en la boleta es la siguiente: "Una enmienda constitucional para incrementar desde \$100 millones hasta \$200 millones la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán ser emitidos con el propósito de mejorar la calidad del agua."

boleta es lo siguiente: "La enmienda constitucional autorizó un incremento de \$400 millones de la cantidad de Bonos de Desarrollo de Agua en Tejas que podrán emitirse al ser aprobada por dos terceras partes de la legislación; enmendando y consolidando disposiciones de Secciones 49-c, 49-d, y 49-d-1 del Artículo III de la Constitución de Tejas; y revocando Secciones 49-d y 49-d-1 del Artículo III de la Constitución de Tejas."

RANDY KECK

### Local magician set to perform

Randy Keck, a local entertainer, will be a featured performer in OZOWEEN '76, a magical variety show to be held in the Wichita Falls Memorial Auditorium on Oct. 29. Keck will be one of eight magicians chosen from the states of Texas and Oklahoma to participate in the show, which will benefit the Wichita Falls Boy's Clubs.

Keck recently performed at the Texas Association of Magicians convention in Houston, where his act was said to have been warmly received. He also attended the International Brotherhood of Magicians convention in Evansville, Indiana this summer, where he gathered several new ideas for his performance.

Keck will present four magic shows at the Kidwell Carnival on Oct. 30. The Kidwell shows will feature the unveiling of Keck's latest attraction, "Mumford, The Talking Dog." The son of Mr. and Mrs. Fred is currently a sophomore at Midwestern, majoring in speech.

#### PERSONALS

**CARD OF THANKS**  
We, Hazel and Coney Walker, wish to thank our many friends and loved ones for the expressions of sympathy and concern during the death of her brother and Coney's illness. Also for the many visits, flowers and cards, we want to say "God bless each of you".  
The Walkers - Hazel and Coney

**CARD OF THANKS**  
We feel very humble and appreciative for all the concern shown us during the time and following our wreck while E.L. was in the hospital and since he returned home. People were so kind to help during the night of the accident and have continued to show concern through flowers, calls and visits. Our special thanks to Gideon Swedberg for all that he did, and to all of you, please know that we shall always remember and be grateful.  
Mr. and Mrs. E.L. Via and family.
