Homecoming, Whoop-T-Do loom this weekend for Iowa Park

The biggest weekend of the year in Iowa Park gets started tonight, and will continue through Saturday evening.

Iowa Park High School homecoming and Whoop-T-Do annually brings more people into town and provides more entertainment for residents and visitors alike, than any other period of the year.

A bonfire tonight gets the celebration kicked off. That will be followed by a parade Friday, football game that night, Whoop-T-Do Saturday and be climaxed Saturday evening by the Ex-Students' banquet. The bonfire will be held at 8 p.m. today at the old fair grounds, between Park West Shopping Center and Shaw Motor Co. Appropriately for a school function, most of the wood for the fire is scrap coming out of the old W.F. George building, which is being razed.

A pep rally is to start at the site at 7:30, with the fire climaxing the activity, according to Jim Stevens, president of the IPHS student council.

Some 20 entries will participate in the homecoming parade at 4 p.m. Friday. The parade will form at the junior high and proceed through the downtown area and on to the shopping center.

Prior to the Iowa Park-Azle football game that evening will be announcement and coronation of homecoming queen at Hawk Stadium. That activity will begin at 7:45.

A dance for students will follow the ball game.

WHOOPT-DO

More organizations will participate in this year's Whoop-T-Do than ever in the history of the event, according to Don Flowers, project chairman from the Chamber.

Site of the carnival-like setting will primarily be on Cash Street, between Wall and the post office.

Organizations and their projects include: Opti-Mrs., car bang and dill pickles; Optimist Club, shooting gallery; Nurses, blood pressure machine and hot dogs; Thespians, cookies, fudge and candy; AEO sorority, candy apples; Hawk Booster Club, sandwiches and apple dunk; Young Homemakers, corn on the cob and handmade gift items; ESA sorority, Junior Miss; Lioness Club, cakes and pies; Bradford P.T.A. penny candy; Eastern Star, homemade ice cream.

Also FHA, nachos and candy; Iowa Park 4-H Club, pony ride and roping; American Legion, bingo; Kidwell P.T.A. bean bag throw and money tree; TOPS, flea market; Noon Lions, soft drinks; Band Boosters, dunking board; Evening Lions Club, carnival pitch and toss games; Fire Department, beef sale; Tennis Club, racquet sale; and Muleskinners, chili feed.

NEW ATTRACTION

Added to the Whoop-T-Do for the first time will be the annual Arts and Crafts Show, sponsored by the 23

Study Club. This event raises money which benefits the Iowa Park Library.

This year's show will be held on the sidewalk in front of businesses on Park Street.

Well-known Western artist Jack Stevens will demonstrate his technique in painting, and the work will be auctioned at the time of the merchants' drawing that afternoon.

Mrs. E.F. Soell will be in charge of demonstrations by artists who will include Judy Puder, batik painting; Jackie Tillery, doll making; Mrs. Roy B. Smith, macrame; and Mrs. Jack Witherspoon, tole painting.

Craft demonstrations will be given by other artists during the day. A Duteh Girl quilt, pieced by Philia Study Club members, will be given away.

Committees responsible for this year's show have been: Miss Ethyle Kidwell, advance gifts for the library; Mmes. W.A. George, Luther Shaw, Gus Rich and Earl Watson, publicity; Harry Brown, Chauncey Weiler, registration; Wilbert Wynn and members of the Philia Study Club, children's art exhibit.

Listing special events during the Whoop-T-Do, the third annual Turtle Trot will be held at 9:30 a.m. in front of the Chamber of Commerce; 10:00, high school choir; 10:30, junior high band; 11:30, youth choir; 1:30, high school band; 3:30, Bicentennial queen contest, followed by the merchants' drawing.

HOMECOMING QUEENS—One of four Iowa Park High School senior girls will be named homecoming queen during half time festivities here Friday night. Vying for the title include, from left, Kathy Goode, Dee Lynn Smith and Darla Roberts. Not shown is Charlotte Gray.

Instead of auctioning with Whoop-T-Do Dollars as in the past, this year residents have been encouraged to register at each business. Their names will be put in a hopper and drawn at the end of the Whoop-T-Do for merchandise donated by city merchants.

Youngsters of the area are for the Turtle Trot, where the winning entry will receive a \$25 U.S. Savings Bond. Entries should be marked for identification.

The Chamber of Commerce initiated the Whoop-T-Do a few years ago, in an effort to start some sort of annual celebration in Iowa Park, taking the place of the old Texas-Oklahoma Fair.

Directors felt a full day's activities on Saturday would give people an activity between the homecoming banquet and Saturday's banquet. Ex students of Iowa Park High will

start registering at 5:30 p.m. Saturday at the high school cafeteria, where the banquet is slated to begin at 7.

Miss Ethyle Kidwell, long-time educator and administrator in Iowa Park schools, will be the principal speaker.

Classes whose final year ended in a six, 1916, 1926, 1936, 1946, 1956, 1966 and 1976, will be asked to get members of those classes of 23 consecutive losses.

Volunteer Fire Department history traced by member

By Wayne Williams
IPVFD Secretary

Early day fire protection for Iowa Park was the Bucket Brigades with water furnished from wells among which were in the Hyde and Tanner Hardware and Furniture Store, Gauntt Garage, now Settles Drug, Scott Ralston Garage, now the State National Bank, the Livery Stable on corner across from Billy James Garage, the most recent T.C. Scott Repair Shop.

Some time in the teenage years of this century the city purchased a chemical tank mounted on two buggy wheels and pulled by manpower.

This chemical tank outfit was replaced in 1924 with an organized volunteer fire department consisting of 32 men and a ton and a half International fire truck, with a hose bed and a small booster tank. The fire chief even had a car. Later a Model T truck with a 250 gallon tank and a pump was added. These trucks were as modern as they came then. There was no cab or windshield, just a seat and steering wheel as it was considered too dangerous to have to be equipped otherwise in those days.

It was decided June 26, 1925 that the department would attend a firefighting school to improve their skills

in fire protection.

In reading the minutes still on hand of the early day meetings, it was noted a band was formed, they put on plays, had an organized Kangaroo Court, with the jury and verdict decided before the trial began. They played dominoes and had parties sponsored by the department and others.

The firemen established a water polo team, played with two streams of water against a ball suspended on a tight cable, this improved their teamwork in the handling of the hoses and provided fun as well.

They also started a polo team on donkeys which later turned to the donkey baseball.

The first combination pumper and booster truck was a 1931 Chevrolet and it had a windshield.

In 1946 the city purchased an army surplus four ton fire truck, the first with a cab. This was used for fighting rural fires as well as city fires.

In 1952 a Chevrolet rural fire truck was purchased with money earned by the firemen running barbeque stands at the Texas-Oklahoma Fair and with funds furnished by raffling calves furnished by the late Will Burnett and Wayne H. Hammond.

Other trucks have been

added to the department as funds were available by both the city and donations. The last fire truck purchased with donations was funded completely with donations by rural citizens and interested organizations, and was designed and built by the present department. It was the most modern truck in the area at that time and has been copied by the truck added by the county in 1975. The trucks furnished to Burkburnett and Electra at that time were built like our's.

Realizing that in the future other trucks will be needed to fight rural fires, a fund was started as donations are received. Money is placed into this Rural Fire Truck Fund in Parker Square Savings and Loan. One of our recent donations was a 100-pound steer, which will be given away at the climax of the Whoop-T-Do.

We will have a stand by our newest, most modern city pumper truck, where visitors can make donations.

Since 85 percent of our fires are in the rural areas, we tend to think of trucks to

protect these areas often. Also 80 percent of our fires are grass. The first eight months of this year the department answered 161 fires.

It has been said there are three things that make a good fireman: concern for our fellow man; dedication; and enough boy in a man to enjoy riding a fire truck.

The original roster of the department consisted of J.C. Ralston, chief, H.T. Danner, assistant chief, S.D. Jacks, president, F.E. Hill, H.A. Mills, Warren Clark, J.H. Anglin, W.R. Arnold, M.L. Hines, W.E. Carter, Robert Brubaker, Scott Ralston, T.J. Pace, Swan Reaves, C.F. Ruth, C.F. Davis, L.C. Kelly, Denny, C.M. Duncan, M.M. Edwards, Jack Stewart, G. Brown, Edwin Davis, Wm. Levine, Albert May, M.L. McKelvey, J.G. Lancaster, J.R. Boyd, N.E. McKinney, Curtis Young, D.J. Kidwell, A.H. Estes and R.A. Dahl.

Throughout the 52 years the department has been organized, members have not been solicited and much of this time there has been a waiting list to join.

Hawks seek to end 12-game losing skein

The Iowa Park Hawks will be gunning to end a 12-game losing streak here Friday night before a homecoming crowd.

Opponents for the game will be new to Mean Green fans, the Azle Hornets.

Not since November of 1975 has the Hawk varsity won a football game. They went 0-10 last year. Thus far

this season, under new head coach Pat Tone, they lost their opener to powerhouse Lawton High 35-0, and were edged in the second game 3-0 by Wichita Falls Hirschi.

Both are AAAA teams.

Coach Tone said this week his players have had "excellent" workouts last week and this week, and he's hoping the layoff last Friday has aided the players in recuperating from their small hurts.

Safety Keith Rains did not work out yesterday, leaving school due to illness, Tone said. Also tackle Kevin Hamilton is still slowed by a knee injury received in the Hirschi game.

The Hornets ended a losing skein much longer than that of the Hawks'

in the season opener. When Azle defeated Lake Worth in the season opener, 18-14, the Hornets ended a string of 23 consecutive losses.

Justin Northwest dampened Hornet enthusiasm the second week, however, dumping Azle 28-13.

But last week the Hornets showed they had fighting spirit and ability. They came from behind a 6-0 deficit to beat Diamond Hill 14-6.

The Hornets are said to be about the size of the Hawks, though one Azle back is reported faster than anyone on the Mean Green squad.

Fifteen minutes prior to the 8 p.m. kickoff, the 1976 Iowa Park High homecoming queen will be crowned.

IDC directors are re-elected

Two directors of the Industrial Development Corporation were re-elected to new terms during Monday's monthly meeting of the Chamber of Commerce board.

Named to another eight-year term were Dr. Erwin Soell and Rip Smith. Their terms were to expire the last day of the year.

Holdover members of the IDC board are Wayne House, G.R. Rusk, H.M. Nipper, Don Flowers, O.N. Newman and Dr. Richard Carver.

The IDC is a branch of the

Chamber, established to attract and work with industry seeking to locate in the community.

Dr. Carver was named to head up a committee which will name the Outstanding Citizen and Senior Citizen at the annual banquet. Keith Auld is in charge of the banquet.

A nominating committee was appointed by Charlie Lee, president, for a list of officers, to serve in 1977. Named were Nipper, Bill Steger and Bill Bates.

Election of new officers will be held at the annual membership meeting Oct. 18.

Other business brought before the board included: increasing insurance coverage on contents of the Chamber office; donating \$100 to the Garden Club which makes decorations each year for the Chamber banquet; and approval was given to purchase and have installed electrical plug boards on each side of Cash Street to serve booths at the Whoop-T-Do.

Police report light this week

A gasoline theft and residential vandalism were among complaints reported this week to the Iowa Park Police Department.

Police received a telephone report at 8:50 p.m. Saturday from an attendant at Earnie's Food Store, 208 James Drive, that someone had taken gasoline from the store's self-service pumps.

The attendant said a motorist pumped \$11.30 worth of gasoline in his vehicle and drove away without paying.

Police received a report at 10:15 p.m. Friday that a window screen had been damaged to a residence at 410 N. Penn.

Watermelon rinds were found near the side of the house, and a ripped window screen had pieces of watermelon on it.

Sales tax check helps city fund

Iowa Park's city finances were boosted by a check from the state comptroller's office recently, representing the sales taxes collected in August.

The check was for \$11,501.23, according to a release from the state office, which was net for the period's collections of \$11,446.48.

Weather reports are officially compiled for Iowa Park at the Texas Experiment Station, southeast of town.

4-H meeting set Monday

The Iowa Park 4-H Club will hold the first meeting of the new year Monday at 7:30 p.m. at the home of Miss Kathy Johnson, 505 W. Clara.

Highlights of the meeting will be the election of officers, discussion of new projects and finalizing plans for a trip to the State Fair at Dallas.

Many cooks find that foreign foods served at least occasionally give zip and appeal to meals. Whether it be a Guacamole salad, Italian Lasagna, French Croissants, Russian blintzes or Scandinavian smorgasbord, these, and many more, add flair to family meals and entertaining guests. For something really exotic, how about trying Mrs. James Beavers' Indonesian Nasi Goreng (Fried Rice) or the Brazilian Coconut Cake?

Mrs. Beavers got these recipes and many more during the time she and her husband and family were in Indonesia where he was on a project for Haliburton. She also learned how to make her own marshmallows because they could not be bought in Medan where they lived. As she learned from others, she was able to teach the natives some of the fine arts of cooking, one of the ways being to teach them how to make Banana Pudding with the abundance of bananas that grow in the area.

The former Kitty Dodson, daughter of Mr. and Mrs. Ed Leonardi, she was graduated from Iowa Park High School and Hall's School of Beauty in Wichita Falls. She worked as a beauty operator in Iowa Park for three years. Her husband is the son of Mr. and Mrs. J.L. Beavers. They have three children, Steven, a high school sophomore, Bart, a seventh grade student and Paula, a student at Mrs. Floyd Adams' preschool.

Mrs. Beavers and the children returned from Indonesia last April and he came back in June after a two-year stay in the Southeastern Asian island country. They are members of Faith Baptist Church. Her hobbies are sewing and cooking.

23 Study Club selects theme of 'A Look into the Future'

"A Look into the Future" has been selected for the theme of the 23 Study Club programs for the 1976-77 year and the course of study will be "Effective Citizenship". Mrs. Joe Singer is the club president.

Programs have been compiled by a committee composed of Mrs. Sam Hill, Mrs. Erwin F. Soell and Miss Ethyle Kidwell. The arts numbers for each program were arranged by Mrs. O.E. Lochridge, Mrs. C.L. Metz and Mrs. Earle Denny.

The Santa Rosa District appointments from the 23 Study Club include: Mmes. Earl F. Watson, second vice-president; Chauncey Weiler, historian; Erwin F. Soell, chairman of Texas Heritage Department. Serving with her will be Mmes. Homer Blalock, chairman of Pioneer Personalities, Rollins Woodall, Old Cemeteries and Ghost Towns, and Delbert Todd, Ethnic Cultures and See Texas First divisions.

The club's local projects for the current club year

include: financial contribution to CARE; Arts and Crafts Show for benefit of Iowa Park Library; magazine subscriptions for three elementary schools; financial aid to Girls' Town, USA, at Whiteface; award to winner in the Summer Reading Program at Iowa Park Library; visits and gifts to adopted elderly patients at Wood Convalescent Center.

And annual Christmas programs, gifts and refreshments for patients at Wichita Falls State Hospital; awards to outstanding senior boy and girl at Iowa Park High School; every member a member of Friends of the Library organization; planting a tree at Bradford Elementary School to observe Arbor Day; and collecting wigs for M.D. Anderson Hospital at Houston.

The club will also cooperate with the "HANDS UP" project sponsored by the General Federation of Women's Clubs, which is a national volunteer effort to reduce crime in the nation.

The goals are to strengthen the cooperative rapport between citizens and police through knowledge, service and understanding, to develop personal relationships and positive social attitudes toward law enforcement agencies, etc.

The new year's activities will be inaugurated at a breakfast meeting Oct. 7 at the home of Mrs. D.O. James with Mrs. Sam Hill, the co-hostess.

Mrs. Erwin F. Soell will be the leader for the Americanism program, which typical of each program of the year, will be opened with the pledge of allegiance. The invocation will be offered by Mrs. Fred Widmoyer.

The outstanding feature of the first program will be the address by the president Mrs. Joe Singer, who will use "America in the Third Century" for a theme when she will speak on what lies ahead for America in the third century.

The arts numbers will include a piano solo, "Warsaw Concerto" (Addin-

sell) by Janis James and "America" by S.F. Smith sung by the group.

Other items on the agenda will be a report by Mrs. T.M. Clark, federation counselor, and the presentation of yearbooks by the program and arts committees.

"Hands Up" will be the theme of the Public Affairs program Oct. 21. Mrs. C.A. Hicks and Mrs. Travis Smith will serve as hostesses for the meeting which will be held in Texas Electric Reddy Room.

A film, "Residential Security", will be shown and narrated by Sgt. Bill Rinehart of the Wichita Falls Police Department, the Santa Rosa District Hands Up crime alert officer.

Mrs. Earl F. Watson will be the leader of the afternoon. Mrs. C.L. Metz will be responsible for the meditation and the group will sing "God Bless America" (Berlin).

The fourteenth annual meeting of the 23 Study Club and Philia Study Club will take place Nov. 8 in Texas Electric Reddy Room with the Philia Study Club serving as hostesses. Mrs. Michie Compton, president, will be the leader.

Mrs. Singer will present the meditation and Mrs. Richard Davis, federation counselor of Philia Study Club, will make a report.

The honored guest speaker for the occasion will be Mrs. Robert Norriss of Burkburnett, president of Santa Rosa District, and in keeping with the Federation Day theme she will speak on her theme for the biennium "Dream-Plan-Act".

Special music will be provided by a high school barbershop quartet composed of Norman Flowers, Keith Latimer, David Morton and Chris Lester.

The highlight of the Public Affairs program Nov. 18 will be a debate, "Do We Really Need Today's Postal System?" with Mrs. Travis Smith taking the positive side and Mrs. D.O. James the negative. Their observations will be those derived from study of recent news releases and articles to delve into the problems of delivering vast quantities of mail, rising salary and transportation costs, private package services, etc.

Mrs. Fred Widmoyer will be program director and Miss Titia Belle Blanks will be responsible for the meditation. The arts selection will be a poem "Old Postmaster" read by Mrs. Sam Hill.

Hostesses will be Mrs. T.M. Clark and Mrs. Chauncey Weiler.

Stressing the Health Division of the Home Life Department of GFWC, the club members will make the annual visit to Wichita Falls State Hospital Dec. 2 to present a program, monetary gift and serve refreshments to the patients.

Mrs. Singer will extend greetings from the club to patients who have assembled in the auditorium and Mrs. Homer Blalock will read the scripture from St. Luke.

A choral concert will be presented by the Iowa Park High School A Cappella Choir under the direction of Darrell Dick, who will later lead the audience in a Christmas Carol Sing with Mrs. James A. Sewell, pianist, furnishing accompaniment.

"The Arts and the Bible" will furnish inspiration for the Christmas party and program Dec. 16 when Mrs. Joe Singer and Mrs. T.M. Thaxton will be hostesses for the meeting at the Singer home.

Mrs. C.L. Metz will be the coordinator for the program and Mrs. Earle Denny will contribute the meditation.

The highlights of the program will be a medley of Christmas songs played by Mrs. O.E. Lochridge, organist, and a book review by Mrs. Bill Bates.

Mrs. Lochridge's selections will include "Ave Maria" (Franz Schubert) arranged by Edwin Gray, "Noel of the Little Bells" (Ralph Marryott) and "Green Sleeves" (arranged by Richard Purvis). Mrs. Bates will review "Raphael, the Herald Angel" by Merle Hudson.

Using material from the February 1976 issue of the General Federation Clubwoman, Mrs. Glen Miller and Mrs. Sam Hill will present symptoms of onset of heart attack, new methods of treatment, and descriptions of how family members can help during convalescence. Mrs. Miller's subject will be "Early Warnings of a Heart Attack" and Mrs. Hill will discuss "New Help for Ailing Hearts".

"Life in America One Year Later" and Miss Titia Belle Blanks will discuss "The Panama Canal Problem", pointing out various aspects of the situation at that time.

The program for the Feb. 3 meeting will put stress on the Education Department with Mrs. C.E. Birk the leader.

Members will meet at the Iowa Park Library for a tour of the facilities before assembling at the home of Mrs. Erwin F. Soell where she and Mrs. L.E. Brooks will be hostesses.

As I See It...

by BOB HAMILTON

A great big Welcome Home to all you former students and residents, here attending the homecoming activities. This will be our eighth homecoming

in Iowa Park, and we've had the opportunity to meet a lot of people who have moved, and came back to visit during homecoming. We look forward to seeing them again.

And, too, there are a lot more "former students" from these past classes since we've been here whom we became very well acquainted with. I think of this bunch as "my bunch".

This latter group will be the ones I'll be looking out for, shaking hands and "remembering when". After all, that's what homecoming is about, isn't it?

I've got to admit I'm most pleased with the way homecoming weekend has shaped up, referring to the inclusion of Whoop-T-Do. We've now got a weekend we can look forward to each year, and talk about until the next one rolls around.

Look at the list of organizations that have booths in the Whoop-T-Do this year, listed on the front page. It is by far the largest number ever to participate, and that involves a lot of people.

I encourage you to participate in all the activities. It's a good time, if you do. And maybe it will continue to grow and improve each year, as it has in the past.

Letters to the Editor

Dear Mr. Hamilton

The 35th Anniversary was considered a huge success and over 35,000 people attended the Saturday Base Open House to view our static display aircraft and see the US Air Force Thunderbirds perform.

I would like to take this opportunity to extend my personal appreciation to you and the members of your staff for the outstanding support you gave Sheppard during our week-long Anniversary.

I am very pleased to be able to work in an area that provides such outstanding support to the United States Air Force and Sheppard Air Force Base.

Sincerely
Ted G. Tilma, Captain, USAF
Chief of Information

importance or education as they should be in a lot of cases.

I had a plumber ribbing me and my high living a couple of weeks ago. He has a lot to say since he makes almost twice what I do and his work isn't seasonal like most carpenters. Electricians make about the same as plumbers but in our larger cities, garbage collectors make as much as \$20,000 per year. Maybe that Postal official should trade jobs with one of those garbage collectors.

Sincerely,
R.O. Harper

P.S. As for the "Service" mentioned, our postal bulletins show that we have the best service for the lowest rates than anywhere in the world.

Dear Mr. Hamilton,

In the Sept. 2 edition of the Leader under the heading of "Worth Quoting" I saw an item taken from the Canyon News that didn't quite "tell it like it is."

The postal official quoted our pay as \$8.04 an hour. Now maybe his salary is \$8.04 an hour but mine isn't and I am at the top of the pay scale for carriers and clerks, unless they are a chosen few that are a grade 6 instead of 5 and that is just about \$500 per year more. My salary is \$14,487 per year, which figures about \$6.96 per hour and includes some cost of living allowance that we can lose if the cost of living goes down.

It is possible that the "postal official" quoted salary including so called "fringe benefits" but you can't eat fringe benefits and I know of no other workers that include such benefits when they quote the salary they make. As for working overtime, we aren't working any.

The writer did have a point however, when it comes to teachers. They aren't paid according to their

"How is lignite coal helping my electric bill?"

UNDERSTANDING YOUR ELECTRIC BILL

By using lignite coal to generate electricity, Texas Electric will be saving its customers \$44 million in 1976.

We've turned to lignite because natural gas, our main fuel, is running out. New supplies of gas just aren't available in the huge quantities we need. Those supplies that are available have soared in cost.

In 1976 the lignite and the plants that use it will cost less than new natural gas alone. Here's how:

\$86 million

- 42 million

\$44 million

The additional natural gas we would need in 1976 if we weren't using lignite.

The cost of lignite and the one-year cost for plants to use it in 1976.

Money our customers won't have to pay in 1976 because we're using lignite coal.

These savings will continue in the years ahead. In fact, they will increase as we add more lignite power plants and our nuclear plant.

This doesn't mean rates will go down. But we will be able to keep increases in your electric bills as low as possible.

ASPIRING INTERPRETER

Former student to study this year in European school

LUCY BLACK

Lucy Black will leave Iowa Park Oct. 1 for Geneva, Switzerland where she has been accepted for enrollment in the School of Interpreting at the University of Geneva.

She will go by way of Munich, Germany where she will spend five days with a friend Christina Kling and will enjoy the famous October fest. She will travel by train from there to Geneva where she will probably be living in a boarding house since the university does not have dormitories.

Miss Black said that her

being accepted in the School of Interpreting was the realization of a goal and dream that she had cherished since graduating from Midwestern State University in 1973. Last spring, she was assured that she was aspiring toward the right goal when she had the privilege of acting as an interpreter for a visiting professor from Guatemala who was lecturing in the History Department at MSU. He was very complimentary on how fluently she spoke and interpreted Spanish.

Lucy confesses that her

sistence was required in all the planning and preparation entailed in being accepted in the School of Interpreting which involved writing many letters (all in French), getting shots and passport after being accepted.

Miss Black, who has worked as secretary to the dean of School of Business Administration and Economics at MSU since 1974, was graduated from the university summa cum laude with a major in Spanish and a double minor in French and German. She was also named outstanding student

in School of Humanities and Social Science. She was a member of Alpha Chi, debate team and president-secretary of Phi Chi Theta.

"If I am accepted as an interpreter it will afford opportunities for service through the Foreign Service with State Departments, branches of the United Nations throughout the world and multi-national corporations", Miss Black stated.

At Geneva, she will specialize in French, German and Italian because the U.N. requires that an interpreter speak three

languages fluently. She hopes later to study Arabic. She explained that fluent translation included being able to define the words and understand the meaning of what was being said.

Before receiving her license as an interpreter, she must pass an examination similar to a CPA examination for each language. The exam will include two hours of oral interpretation and written examination for translation. After licensing, she will be qualified as a conference or escort interpreter.

The daughter of Mrs.

W.A. Black and the late Mr. Black, and the granddaughter of Mrs. T.M. Black and the late Mr. Black, she was born in Barranquilla, Colombia and attended schools in Colombia until 1964. She attended school in Tripoli, Libya from 1964-67 and in Rome, Italy during the 1968 school year. She came to Iowa Park in 1969 as a senior and was graduated from Iowa Park High School.

Miss Black was honored at a reception hosted by MSU School of Business Friday and was presented with a cassette tape recorder. The student assistants gave her

a silver cup engraved with MSU and the Foreign Language Department presented her with a silver compote.

A gift that she will always cherish and one that will identify her wherever she goes is a black metal and wood trunk given to her by Nancy Lemmond, secretary in the office. Mrs. Lemmond's husband, an artist at Sheppard AFB, painted small green maps of Texas on the outside of the trunk and Lucy Black in bold white letters in a conspicuous place.

Donations help reach FD goal

Several three-digit cash donations helped the Holliday Volunteer Fire Department achieve its goal of collecting \$5,000 during a benefit auction sale Saturday.

The auction of donated items is the first of several projects aimed at collecting enough money to purchase a new fire truck to replace the city's present 1948 vintage equipment, according to Melvin Bills, fire marshal.

Under cool, overcast skies, the auction was held in a roped off section South Main.

The auction attracted 124 registered bidders. It took about seven hours for auctioneers Johnnie Choate, Buck Buchanan and Cliff Wilson to guide buyers down the three long rows of donated items sold.

Persons oriented toward garage sales and flea markets had a field day, and the sound of the auctioneer's call made for additional excitement as bidders competed.

A stack of oil field pipe brought the biggest price, \$412.

Other items donated and sold included an electric guitar and amplifier, paint, home construction materials, furniture, clothing and boxes of odds and ends.

While many of the items were sold for prices far below their worth, cash donations from more than 25 persons substantially boosted the department's proceeds.

Mr. and Mrs. Walter Ford donated \$500, and \$100 donations came from Felix Wylie, Owens & Brumley Funeral Home, Mr. and Mrs. G.R. "Biggon" Killian, T.D. Whitehead and Cecil Mankins.

HolliTex Supply Company donated \$75, and \$50 donations were made by Marry Martin, Ayres Welding, Floyd Dillard, Garland

Ray, and Texas Electric Service Company.

Cal Jeter donated \$40, and \$25 contributions came from L.C. Adams, Brackeen Fina, D.T. Walker, Beaver Oil Company, and Norman Kuykendall.

R.A. Revell donated \$20. Johnny Perkins, G.J. Ford and H.E. Moore each donated \$10. R.L. Craig, Joe E. Massey and Belle McGee donated \$5 each.

As a bonus for buyers, the

fire department offered a citizens band radio to be given away. Robbie Toler of Iowa Park received the radio through the drawing.

The fire department had hoped to collect at least \$5,000, Bills said. After all

receipts are collected, the department stands to make about \$5,300.

"I'm real happy about the auction," Bills said. "We want to make a special thanks to all the people who made donations."

The proceeds, Bills said, will go toward purchase of a new fire truck which is expected to cost between \$40,000 and \$45,000.

He said the department needs \$15,000 for a down payment.

Saturday's auction was such a success, Bills said the department may make it an annual affair, possible semi-annual, in order to purchase the new fire fighting equipment.

Holliday News

AUCTIONER CALL—Residents from throughout the Holliday area thronged to a big benefit auction here Saturday to raise money to purchase a new truck for Holliday Volunteer Fire Department. The department

raised more than \$5,000 through purchases and cash donations. More than 120 persons registered to bid on a variety of bargains to be found.

the two-point conversion.

Larry Denney's catch set up Holliday's fourth period TD made by Rusty McDaniel on a 10-yard burst. Extra point attempt failed.

Seymour, said to lack depth and size, was defeated 21-6 in a season opener.

Seymour tied Crowell 0-0 two weeks ago, and last week Haskell whipped the

Panthers 42-0.

Eagles dominate Quanah Indians, 28-8

Big Red continues to roll over AA teams

An 18-yard pass from reserve quarterback Steve Lucy to receiver John Ruby nailed the lid shut on Holliday's 28-8 win over Quanah.

The Friday night victory in Quanah expanded Holliday's season record to 3-0. Holliday didn't waste any time in getting on the board Friday night as Larry Veal snatched up a Quanah fumble during the Indian's first series in possession. Taking the ball on

Quanah's 45, the Eagle offense was unable to pick up a first down, and Bob Gilmore's punt put Quanah deep into its own territory. On Quanah's second play from scrimmage, Holliday's Randy Berryman caught the

Indian runner behind the goal line to give Holliday its first two points on a safety. With the adrenaline running, Holliday took Quanah's kick off on the Indian 37. Quarterback Berryman gave the call to Gilmore, who

broke loose for a TD on the first play from scrimmage. Berryman's kick was good, and it gave Holliday a 9-0 margin with 8:33 remaining in the first quarter.

Holliday's defense did not allow an Indian first down in the opening quarter. Handling the defensive chores for Holliday were Andy Barton, Clay Carver, Steve Parnell, Gilmore, Berryman, Ruby, Clark McDaniel, Cory Smith, Lynn Ayres, Larry Ayres and Veal.

Holliday was in the midst of a 50-yard TD drive when the buzzer sounded the end of the first quarter, but Jay Wright kept the drive alive with a 23-yard sprint at the outset of the second period. Berryman capped off the drive on an eight-yard touchdown plunge with 9:56 remaining in the half.

Berryman's kick was good, giving Holliday a 16-0 lead. The game was delayed several minutes in the second period when a Quanah player, David Christopher was taken to a Quanah hospital via ambulance and was reported to have suffered a neck injury. During the half's final series of downs, Holliday head coach Don Lucy had the Eagles going to the air.

Berryman was able to complete a 15-yard pass to Ruby, but another toss to Wright was batted down by a Quanah defender in the end zone. Quanah received an off sides penalty on the second half kick off, and Holliday's Larry Ayres fumbled on the next kick off. The Indians recovered on Holliday's 36.

Quanah picked up its initial first down early in the second half after Holliday drew a penalty flag. The Indians made their first serious threat of the evening on a pass play, but Holliday's Danny Mayfield was able to break up the toss in the end zone. Larry Ayres, Gilmore and Berryman were able to garner a trio of first downs, but ten yards from pay dirt were forced to relinquish the ball to the Indians.

Quanah picked up a quick first down. An Indian fumble recovered by Carver and Veal set up Holliday's next touchdown made by Gilmore on a four-yard run. Berryman's kick was blocked, but the Eagles maintained a 22-0 margin with 10:22 left in the contest.

A mishandled punt by Quanah gave the Indians the ball deep in Indian territory. Young, reserve quarterback Lucy was dispatched

to guide the offense with Ruby and Smith in the backfield. Smith rolled up a half dozen yards before Lucy nailed Ruby with a pass and Holliday's final TD of the night.

Berryman's kick was blocked with 8:06 showing on the clock and the Eagles enjoying a 28-0 lead. Parnell, Barton and Carver continued to spearhead Holliday defense.

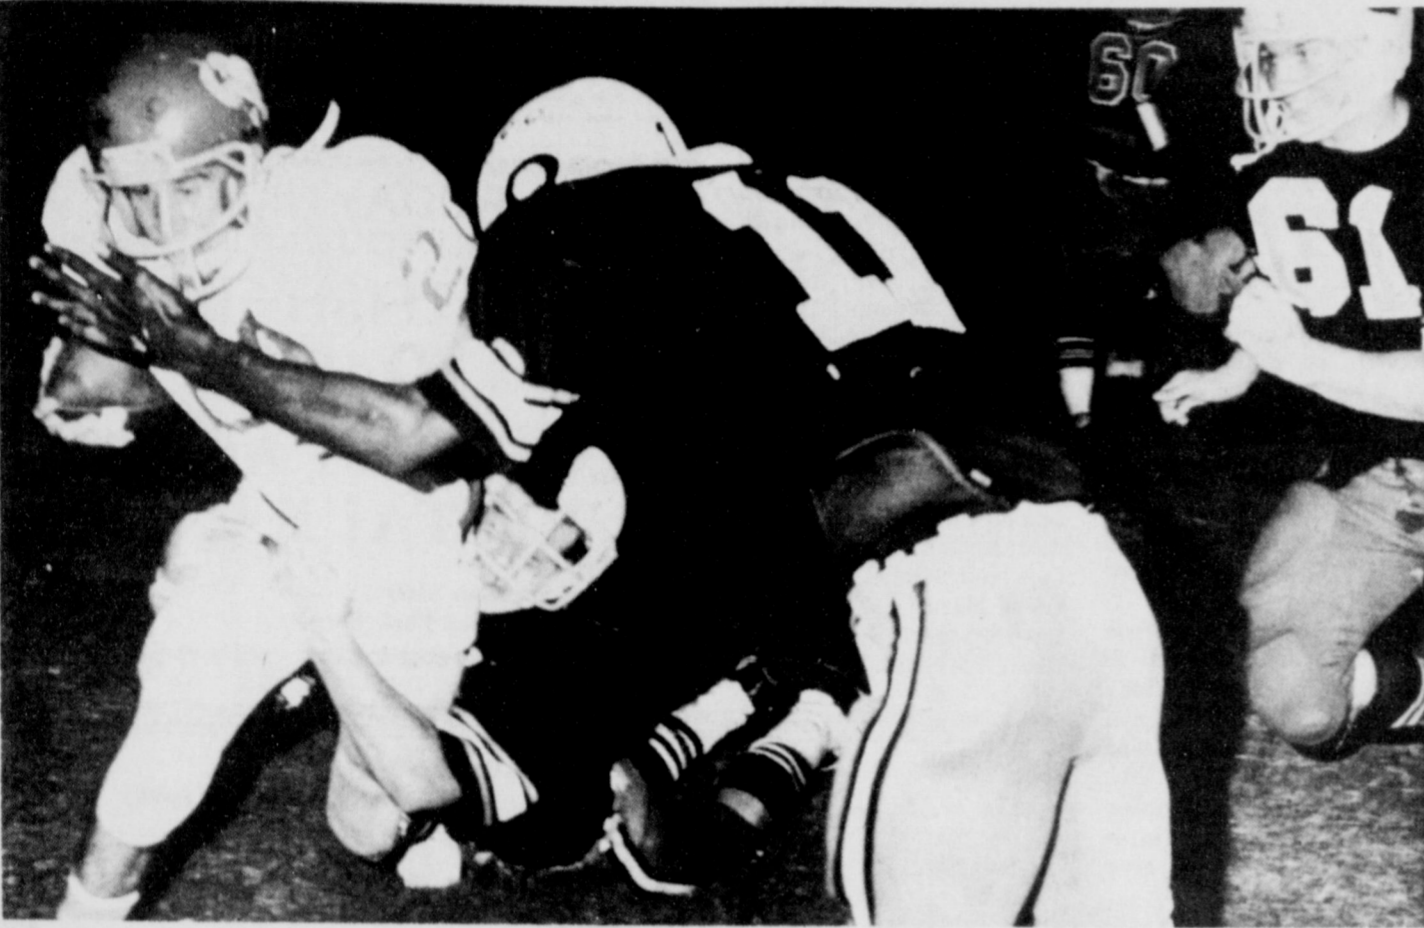

Quanah picked off a stray Lucy pass, which set up the lone Indian touchdown, a 52-yard pass with 2:28 left in the game. Quanah's two-point conversion run was successful.

Despite the Indian TD, a confident air of victory absorbed the Holliday stands and sideline. Coach Walter Lemons climbed down from the

crow's nest to coaches Lucy and Bill Lee. Dwade Reinsch, band director, turned the baton over to drum major Paula Reighley as he joined the trumpet section on a snazzy tune.

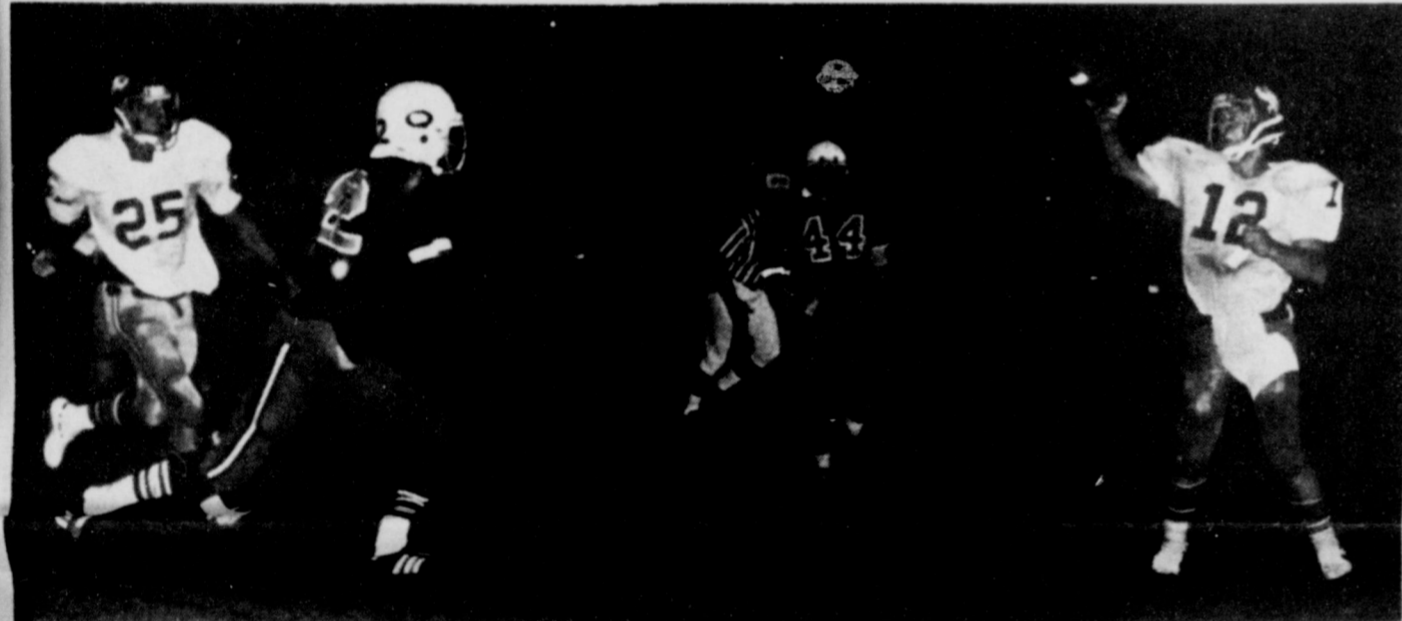

There was a minor skirmish among players near the Quanah side line with 1:26 left in the game. Quanah, rallied by its touchdown, snatched up a stray Berryman pass, but was unable to score again before the final buzzer sounded.

IN THE SKY, ON THE GROUND—Holliday's Randy Berryman [bottom] prepares to launch a pass against the Quanah Indians in Quanah Friday night. Eagle Larry

Ayres [top] fights for tough yardage against the Class AA Indians.

AP ranks Eagles 2nd

Coach Don Lucy's Holliday Eagles moved up a notch in the Associated Press ratings this week.

Boosted by their 28-8 smashing over Quanah last week, the Eagles moved up into the No. 2 spot among the state's Class A teams.

Aledo is maintaining its No. 1 spot, but leads Holliday in state ranking by 36 points.

The Eagles began the season in the fourth slot, according to the AP. Last week the Eagles

jumped up into third place, and this week continued the climb into the second place post.

Picked to return as the District 13-A champions this year, the Eagles won district last year and continued in the state playoffs until being defeated by DeLeon in the quarter-finals.

Aledo and Holliday are trailed in this week's AP standings by Plains, Falls City, Big Sandy, Hart, Seagraves, Ore City, Barber's Hill and Groveton.

UPENDED—Holliday tailback Larry Ayres is upended by a Quanah Indian during Holliday's 28-8 romp over the Indians. The win helped boost Holliday into the No. 2 spot among Texas Class A schools.
