Hawks waiting in ambush for Kangaroos Friday

Weatherford's Kangaroos could be in for a hard time when they enter Hawk Stadium for a Dist. 4-AAA contest at 8 p.m. tomorrow.

No one has yet been able to convince the Hawks they aren't supposed to win more than one game this season.

Iowa Park was picked as a hands down loser by the "experts" when

they went into last week's game at Burkburnett. The Bulldogs, who had held Brownwood to only 7-0 the previous week, had a harder time winning than the 30-14 score indicated.

Though the Hawks have won only one of their five outings this season, they've been in all of them except the opener against Lawton High.

Weatherford looked like a real

power in its nonconference games, defeating Fort Worth Brewer in the opener, lambasting Burleson 33-7 and Granbury 26-13. But then they fell victim to Mineral Wells 13-34 and last week took the wrath of Gordon's boys at Brownwood 42-0.

The Hawks who are returning from that 0-10 team of 1975 are still smarting from Weatherford's 27-6 defeat. That was the first time ever

the Kangaroos had come out on top against the Mean Green.

Iowa Park won the initial meeting with Weatherford back in 1971, 12-10, followed by 27-13, 28-0 and 34-19.

Coach Pat Tone's player situation is improved over last week. He has back in uniform starting center and guard Bobby Collins and Butch Beisch, both missed the Burkburnett game.

In addition he has pulled up from the junior varsity tackle Ray Willingham (63), punter Jeff Nolen (20), linebacker Rusty Price (25) and punt snapping center David Wahl (50).

Tone will be without the services of two-year, two-way starting tackle Kevin Hamilton, probably for the rest of the season, however. Hamilton's right knee was injured in the

Stephenville game and was put in a cast Monday for at least four weeks, according to the doctor.

Tomorrow's game will leave only one more contest to be played at home this season. The Hawks travel to Brownwood next week and Mineral Wells Oct. 29. Vernon plays here Nov. 5, and the Hawks wind up the season schedule on the road, at Graham.

Council gives apartments lower rates for utilities

City ordinances concerning charges for water, sewer and trash services were altered during Monday night's city council meeting, to set up rates for "multiple family dwellings."

In addition, the minimum rate of \$3.75 for water to all other customers will be charged on the first 2,000 gallons, rather than first 1,000 gallons.

Reaves explained that his lots, located north of the Masonic Lodge and used as softball fields, were identified by HUD as flood prone, and were not as valuable as they had been assessed.

His request was tabled for further study.

John Barbour asked the council for permission to use, on a temporary basis, property he owns for a pipe-sorting area.

He explained that he owns property between Magnolia and Thompson Tool, and this land might be needed, for a short time, on a project should other areas he uses not be able to hold the volume of pipe he expects to handle.

Barbour, owner of Barbour Trucking Co., said the work would be carried out during daylight hours only.

The council, noting the land was zoned for residential, was told by Barbour that he did not want a permanent rezoning because he plans to build homes there in the near future.

Aldermen created a variance in the zoning to allow the use of the property for a pipe-sorting area.

Two more residents were named to the newly-created Traffic Safety Council. They were Gerald Walsh and John Brown. The council is to meet at 7:30 p.m. Tuesday at the Texas Electric Service Reddy Room.

Upon receipt of a petition from M.E. Cabe to have property on West Highway annexed into the city, a public hearing on the annexation was set for 7:30 p.m. on Oct. 25, which will be the next regular meeting of the city council.

During an in-depth financial report by City Administrator, Gene Britton, it was pointed out that almost every department is currently operating under its budget.

A program for transferring funds into bond retirement funds was explained and accepted.

charged a higher rate than he would be if his property was inside the city. He said he wished he could be annexed, and was told it might be possible if the residents of his park were willing to vote on the issue.

His request for lower rate was taken under consideration.

Buster Reaves complained that the tax on six vacant lots he owns was increased from \$25.00 to \$30.00 this year, and he was not notified of the increase prior to billing this week.

Reaves explained that his lots, located north of the Masonic Lodge and used as softball fields, were identified by HUD as flood prone, and were not as valuable as they had been assessed.

His request was tabled for further study.

John Barbour asked the council for permission to use, on a temporary basis, property he owns for a pipe-sorting area.

He explained that he owns property between Magnolia and Thompson Tool, and this land might be needed, for a short time, on a project should other areas he uses not be able to hold the volume of pipe he expects to handle.

Chamber officer election Monday

The annual membership meeting of the Iowa Park Chamber of Commerce will be held at noon Monday in the Texas Electric Service Company Reddy Room.

This is the only general membership meeting held during the year for Chamber members.

At the meeting, the primary activity is the election of new officers, who will be installed at the annual banquet in January.

Lunch will be catered Monday, starting at 11:45 a.m., according to Mrs. Ray Pittman, secretary. The charge will be \$1.65 per person.

TWISTED TRAILER-A giant crane was dispatched to upright a tractor-trailer rig that overturned Friday at Barbour Trucking Company's pipe yard on West Highway here. Workers said the mishap occurred when the load of wet gravel shifted in the trailer. No one was injured.

KIDWELL PTA Group confronts board

A delegation from Kidwell PTA confronted Iowa Park school trustees Tuesday night with a list of improvements the group maintained is needed at the elementary school.

However, before trustees adjourned Tuesday night they amended a policy placing additional requirements on persons seeking to discuss issues with the board in the future.

Headed by Mrs. Earl McCoy, president of Kidwell PTA, the group wanted to know why it had not received a formal reply from trustees concerning denial by the board to complete air conditioning at the elementary school.

In addition to air conditioning, the delegation claimed a need for another teacher, playground equipment and drapes.

The group questioned the board at length on the district's spending policies and planned use of contingency funds.

Trustees and administrators indicate they expect about \$42,000 in contingency funds during the current fiscal year. But that figure is uncertain and depends on how much federal and state aid the district receives later in the year, Supt. Faris

had in nine years," added Trustee Robert Wilcox.

"We can't help but notice the budget is adjusted for other purposes, like athletics..." Mrs. McCoy said.

An earlier revision of athletic finances was termed an emergency because of additional student sports participation and a shortage of uniforms and equipment.

The delegation was assured if an additional teacher is needed at Kidwell, then a teacher would be hired.

Remainder of the PTA's requests will be put on the district's priority list of needs, possibly to be financed

with surplus funds later this year, said the board.

The board adjourned into executive session for 30 minutes near the end of the four-hour meeting.

When the meeting was re-opened to the public the board voted to amend its policy concerning requirements for persons to meet with the board.

The amendment said that background references and materials related to the subject to be presented are to be given to the secretary to the superintendent by noon Thursday prior to the board meeting on Tuesday.

Continued on page 5.

Wichita Falls man is charged in aggravated assault case

An incident Sunday night at 1003 Park Plaza led to the arrest of a Wichita Falls man, who has been charged with aggravated assault.

James Louis Magnus of 1508 N. Ninth in Wichita Falls was charged

Monday with aggravated assault before Justice of the Peace R.L. Stewart.

Bond on Magnus was set at \$2,500, Stewart said.

The charging of Magnus stemmed from an incident which occurred at 11:08 p.m. Sunday at 1003 Park Plaza in Iowa Park.

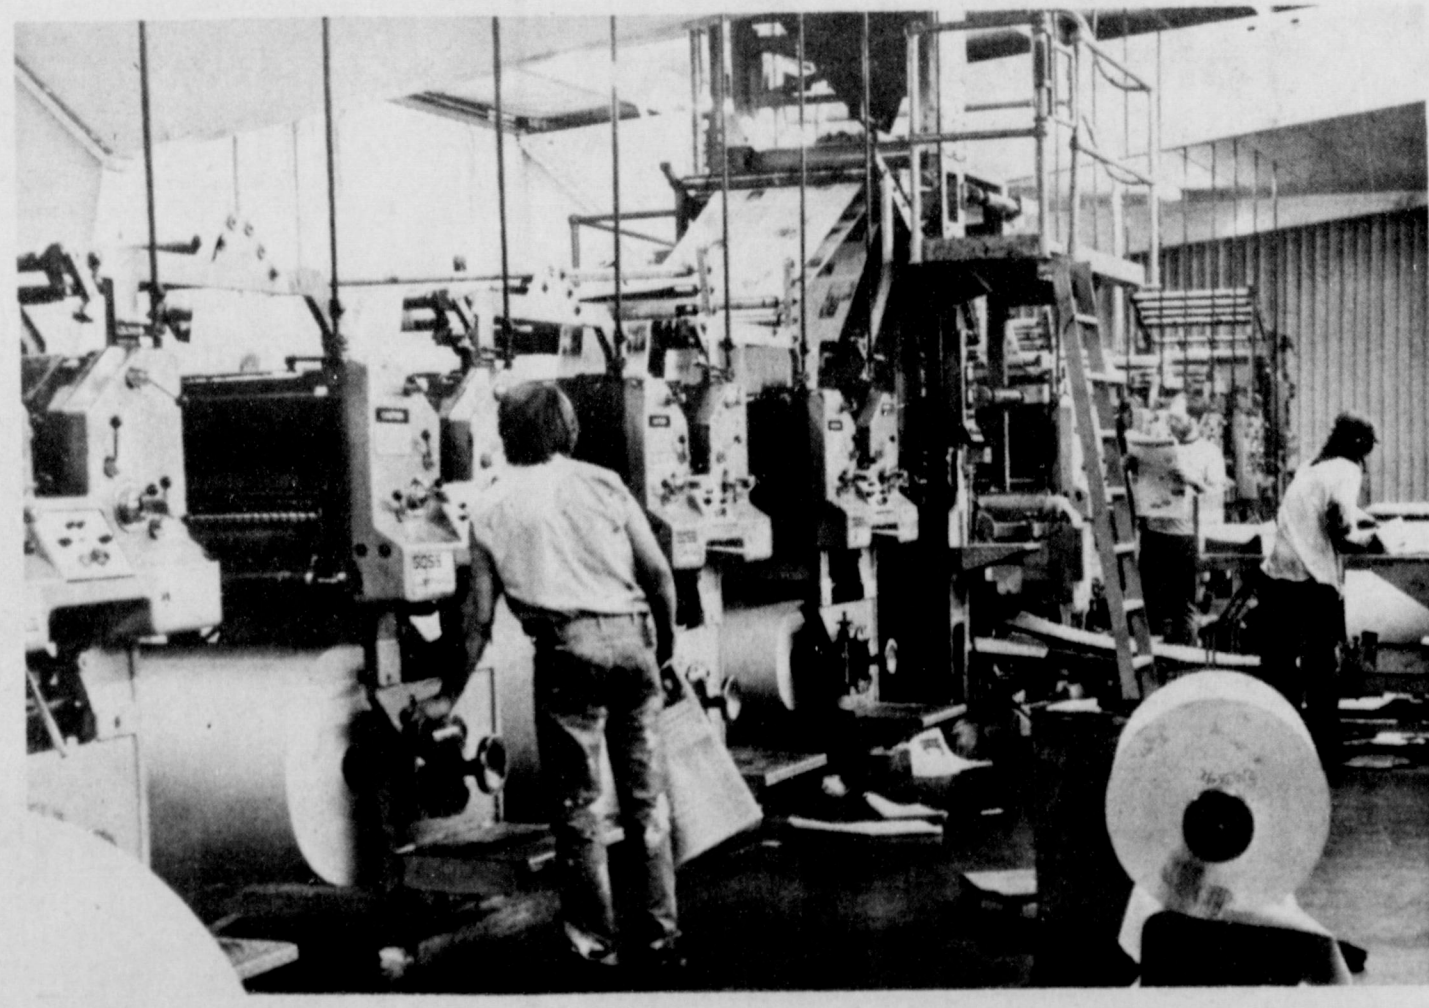

According to police reports, Connie Sue Oakly was assaulted with a motor vehicle.

Police here said Magnus was arrested Monday.

As of Tuesday afternoon, Magnus had not posted bond and was being held in Wichita County Jail.

Iowa Park police also are investigating a case of criminal mischief which occurred Sunday night at Iowa Park High School.

A glass door, valued at \$60, on the west side of the high school was reported broken with an unknown object.

LEADER ON THE PRESS - Central printing plants, such as Nortex Offset Press in Wichita Falls, have been the key to improved community newspapers during the past 20 years. To learn more about the changes, and how it has affected Iowa Park's paper, turn to page 6 of this issue.

Swine Flu Vaccinations slated here Oct. 23-24

A free Swine Flu vaccination clinic will be operated at Kidwell Elementary here Oct. 23-24.

The clinic will be open from 9 a.m.-5 p.m. Oct. 23, and from 1-5 p.m. Oct. 24 said Sandra Collier, volunteer chairman for Iowa Park.

Mrs. Collier, who said she has secured about 20 volunteers, said 50 volunteers will be needed to operate the clinic.

She said persons may volunteer to help with the clinic by calling her at 592-5482.

Volunteers will be involved in registering persons and maintaining an orderly flow of people.

Vaccinations, to be administered with a traditional hypodermic needle, are free to the public.

Vaccination is not mandatory.

Mrs. Collier warned persons who need them to bring their reading glasses to the clinic. Persons will be required to read a long form and fill out an information card.

The forms will be available in both English and Spanish, Mrs. Collier said.

Students to canvas for donations Sunday

Members of the Iowa Park High School Tri-Hi-Y will be canvassing door to door between 4 and 8 p.m. Sunday, for donations to the Arthritis Foundation.

Two-thirds of the money collected will remain in Wichita County, according to a Foundation spokesman, to help care for the 12,000 victims in the county.

Payne-Bjerke vows exchanged in Wichita Mountain setting

The Holy City Chapel, Holy City, Wichita Mountains in Oklahoma, was the scene of nuptial rites read to unite in marriage Miss Vicki Lynn Payne and Steven Lynn Bjerke, who are now

honeymooning in Hawaii. The ceremony was performed Saturday morning at eleven o'clock by the Rev. Larry Boye, pastor of Trinity Lutheran Church at Clara.

The bride is the daughter of Mrs. John Morris of Amarillo and N.E. Payne of Dumas. Parents of the groom are Mr. and Mrs. Harvey Bjerke of West Concord, Minnesota.

In the chapel, baskets of mixed greenery and arrangements of white gladioli were attractively arranged to form the decorative setting for the wedding.

John Zacho, organist, offered "We've Only Just Begun", "Theme from Love Story" and "Wedding Song" for pre-nuptial music and played the traditional marches. Dan Kingcade, accompanied by Jeff Ayers, guitarist, sang "Walk Through This World With Me" and "To Each His Own".

The bride was presented in marriage by her father. For her wedding, she chose a formal imported organza and reembroidered Alencon lace gown. The unusual treatment of the lace accented the front of the bodice featuring a scoop neckline, the full bishop sleeves cuffed with wide lace and the front of the A-line

skirt finished with a ruffled flounce at the hemline. An attached train swept to cathedral length.

The bride wore a veil of sheer illusion trimmed with Alencon lace cascading from a headpiece of organza and lace to effect a total look. She wore the traditional "something old, something new, something borrowed and something blue" and carried a sweetheart bouquet consisting of white roses, baby's breath and English ivy.

The maid of honor, Miss Sandy Thomas of Wichita Falls, wore a floor length gown of sapphire blue Qiana which was fashioned with a flattering scoop neckline and cape sleeves. She wore baby's breath in her hair and carried a long stemmed red rose.

Miss Marianne Moer and Mrs. Jeff Ayers, both of Wichita Falls, were bridesmaids. Their costumes, headpieces and flowers duplicated those of the maid of honor.

The groom was attended by his brother, Mike Bjerke, of Appleton, Minnesota as best man. Bruce Bjerke, another brother, and Leon Charlton, both of West Concord, Minnesota, were groomsmen. James Alan Payne of Wichita Falls,

nephew of the bride, was usher.

The reception following the wedding was held in the Garden of Eden. The table from which the cake and punch were served was covered with white linen accented with garlands of fresh blue and white daisies.

The center of interest was the white wedding cake with columns separating each tier that held a miniature nosegay of blue flowers. White and blue confection flowers around the sides of the layers and the blue net-lined white gazebo holding two white doves linked by wedding bands on top completed the picture. Other table appointments were the crystal punch service and white napkins imprinted with the names of the bride and groom and their wedding date.

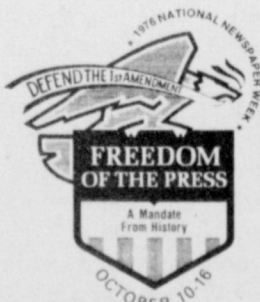

Refreshments were served by Mrs. E.W. Stovall of Iowa Park and Mrs. James Payne of Wichita Falls, sister and sister-in-law of the bride, and Miss Barbara Crowley of Minneapolis, Minnesota, sister of the groom. Signatures for the bride's book were secured by Mrs. Mike Bjerke, the groom's sister-in-law.

The groom's parents hosted the rehearsal dinner Friday evening at the Old Prantley in Medicine Park.

When the couple departed on their wedding trip, the bride was wearing a blue denim pantsuit complemented with a corsage of red roses. When they return they will live in Wichita Falls.

The new Mrs. Bjerke, who is employed at Cryovac, was graduated from Iowa Park High School. She was active in F.H.A., parliamentarian of Office Education Association, a member of girls softball team, choir and Rainbow Girls.

The groom, a graduate of West Concord High School, Minn., was captain of the football and basketball teams. He played golf and ran track and was a member of the ROTC and Athletic Club. He attended Rochester Junior College and the University of Minnesota. He served in the U.S. Air Force between 1967-71. He is employed by Davis Electric in Wichita Falls.

Cpl. and Mrs. Robert W. Beggs announce the birth of a six pound, eleven and a half ounce son, Russell DWayne at Sheppard AFB Hospital, Sept. 24. The new baby has a brother, Robert Dean (Rowdy) twenty months old.

Grandparents are Mrs. Fay Crowell of Iowa Park and Mr. and Mrs. Jerry Beggs of Valley View.

Great-grandparents are Mr. and Mrs. T.R. King of Midland, Tex., Mrs. Eva McBroom of Iowa Park and Mrs. Mary Love of Wilburton, Okla. The great-great-grandmother is Mrs. Olive Anderson of Big Cabin, Okla.

12 leaders in sessions

Twelve Iowa Park Camp Fire Girls leaders attended the North Central Area fall training session held last week in Wichita Falls at the Floral Heights Methodist Church and Harrell Park.

Those who attended from Iowa Park were Mmes. Phillip Crawford, Donald French, Tom Butts, James Owens, Wilbert Wynn, Jerry Hodges, Ronny Cravens, Jack Toole, James Connor, Max Solomon, Billy Beavers and James Garrett.

During the sessions at the church Tuesday and Wednesday, the leaders were given instructions relative to planning Camp Fire Girls meetings, crafts to make, interesting places to visit, songs and things to do to help the girls develop emotionally and spiritually.

At Harrell Park, leaders were taught the proper ways to assure safety when the groups are taken on outdoor experiences. The leaders cooked their lunches, consisting of hobo stew, bread on a stick and sommoras, over the camp fire.

Mrs. Tim Kaspar of Iowa Park has marked and prepared a nature trail at Harrell Park for Camp Fire Girls to use on outdoor trips.

Camp Fire Girls leaders in the Iowa Park area will meet today at 10 a.m. in Texas Electric Reddy Room.

Garden Club has meeting

Mrs. James A. Sewell and Miss Ethyle Kidwell were hostesses to the Iowa Park Garden Club Friday morning in the home of Mrs. Sewell.

To open the business meeting directed by Mrs. Luther Shaw, Mrs. Frank Harlin, chaplain, read a poem by Ralph Waldo Emerson from the book "Treasury of Friendship."

In an effort to encourage Iowa Parkans to plant crape myrtle, the town flower, members voted to plant the flowering shrubs Oct. 23 at the city tennis courts. Mrs. Shaw observed that the crape myrtle was featured in decorations for club's entry in the homecoming parade.

Miss Kidwell gave a financial report on the Arts and Crafts Show held Sept. 25 as a benefit of Iowa Park Library, which was co-sponsored by the club.

Mrs. Marion Wilkins, social chairman, announced plans for dinner honoring husbands of members Nov. 19.

Mrs. Sewell presented an informative program on "How to Attract Birds."

Horticulture specimens were shown by Mmes. Kenny Jones, W.A. George and Johnny Bernstein.

Club members, who will tour Cryovac Plant Oct. 22, were instructed to meet on the parking lot at 9:45 a.m. that morning.

Americanism program for Philia Study Club

The Philia Study Club observed the Americanism program required by General Federation of Women's Clubs at the monthly meeting Monday evening in the home of Mrs. Thomas Johnson. Mrs. Michie Compton was co-hostess.

The speaker for the occasion was Alisa Larson from the League of Women Voters. Introduced by Mrs. Deryl James, she distributed leaflets on "How They Stand" and discussed how both President Ford and Jimmy Carter, presidential candidates stood on some of the main issues.

Some of the issues discussed were: economy, jobs and unemployment, role of the Federal government concerning government aid to cities, regulatory reforms, energy and environment which included energy independence for U.S.A., prices, industry and structure. Also nuclear power and taxes, Social Security, welfare reform, crime and justice, International relations and national security, arms control, military spending and abor-

tion. In conclusion, she discussed the two amendments that would be voted on during the general election.

Mrs. Compton was in charge of the period devoted to business. It was reported that the \$150 cleared from the Whoop-T-Do project would be spent for reference books for the Iowa Park Library. Mrs. James reported on Hands Up meetings that she and Mmes. Donald Cook, Louis Sawyer and Compton had attended, one of the meetings being at the Wichita Falls Police Department and the other in the home of Mrs. Joe Singer, president of the 23 Study Club. The club voted to buy Hands Up buttons.

Mrs. Compton was elected delegate to the Santa Rosa District Workshop at Seymour Oct. 28th.

The next meeting will be the joint meeting with the 23 Study Club Nov. 8th where the Philia Study Club will be the host club.

Also present were Mmes. Don O'Donnell, Wilbur Garrels, Wilbert Wynn and Harold Cowley.

"How is lignite coal helping my electric bill?"

By using lignite coal to generate electricity, Texas Electric will be saving its customers \$44 million in 1976.

We've turned to lignite because natural gas, our main fuel, is running out. New supplies of gas just aren't available in the huge quantities we need. Those supplies that are available have soared in cost.

In 1976 the lignite and the plants that use it will cost less than new natural gas alone. Here's how:

These savings will continue in the years ahead. In fact, they will increase as we add more lignite power plants and our nuclear plant.

This doesn't mean rates will go down. But we will be able to keep increases in your electric bills as low as possible.

\$86 million

— 42 million

\$44 million

The additional natural gas we would need in 1976 if we weren't using lignite.

The cost of lignite and the one-year cost for plants to use it in 1976.

Money our customers won't have to pay in 1976 because we're using lignite coal.

W. N. HOUSE, Manager, Phone 592-4149

Cook of the Week

Jacques Pepin, famous French chef, stated "The word gourmet has become meaningless. Good cooking is good cooking whether it is in a restaurant, at home, or anywhere else". Anywhere else certainly includes a school's homemaking department where we chose the cook for this week, Miss Linda Ayres.

Miss Ayres, teacher coordinator of Home Economics Cooperative Education at Iowa Park High School, would perhaps agree with the chef that cooking is something that you must like to do and put love into and not a scientific equation.

The daughter of Mr. and Mrs. Joe Ayres of Holliday, she was graduated from Holliday High School and received a B.S. degree in vocational home economics from East Texas State University. At the university, she belonged to the Rodeo Club, Eta Epsilon sorority, Association of Women Students and was chosen the Outstanding Senior Woman. She did her practice teaching at Bonham and has been in the Iowa Park school system five years.

She belongs to the First Baptist Church at Holliday, the American Association of University Women where she is presently serving as secretary, Vocational Homemaking Teachers Association of Texas, American Home Economics Association and the ETSU Home Economics Alumni Association. Her hobbies include sewing and needlework.

Linda Ayres

1/2 cup chopped nuts
1-1/2 oz. pkg. instant vanilla pudding
2 1/2 cups milk
2 1/2 cups whipped topping
1 lightly baked pie crust
Combine butter, brown sugar and nuts in saucepan; heat until butter and sugar are melted. Spread in bottom of pie shell. Bake at 450 degrees for five minutes. Cool. Prepare pie filling mix with 2 1/2 cups milk as directed on package for pie. Measure 1 cup of filling and set aside. Pour remaining filling into pie shell. Mix 1 1/2 cups topping with remaining cup of pudding. Spoon into pie shell. Chill 1 hour. Garnish with remaining topping and nuts if desired.

OVEN PANCAKE

3 eggs beaten
1/2 cup flour
1/4 t salt
1/2 cup milk
2 T melted butter
Lemon
Powdered sugar
Preheat oven to 450° F. Stir flour into well beaten eggs. Add salt, milk and melted butter, mixing well. Pour batter into a greased 10" skillet. Bake 15 minutes at 450°, then 13 minutes at 350°. Slice into wedges and serve with melted butter, powdered sugar and lemon or butter and syrup. Serves 2-3 persons.

PRALINE PIE

1/2 cup butter or margarine
1/2 cup firmly packed brown sugar

filling over cake and roll. Chill. To serve slice into one inch slices. May garnish with whipped topping.

Filling:
1 cup finely chopped nuts
1 cup powdered sugar
6 oz. cream cheese
4 T margarine
1/2 t vanilla

Beat above ingredients until smooth. Unroll cake and remove towel. Spread

Couple to observe 50th anniversary

Mr. and Mrs. C.A. Hicks, who will observe their 50th wedding anniversary Oct. 30th, were honored at a surprise reception Monday evening following the annual salad supper and installation service held by the Friendship Sunday school class of the First Baptist Church at Holliday.

The setting for the reception was in a class room near the Fellowship Hall where the salad supper was held. The refreshment table was laid with white hand-embroidered linen and centered with a tall white wrought-iron candelabrum holding gold candles in crystal cups. The base of the candlestick was massed with gold roses, white wedding bells, baby's breath and ceramic cherubs. White silk roping extending along the table encircled the two-tiered cake topped with gold roses and the crystal punch service.

Mrs. Homer Blalock extended congratulations and presented the couple with a handsome white family Bible from the class.

The tables where the salad meal was served carried out the class colors, pink and purple, in decorations through runners, flowers and candles.

Mrs. E.T. Patterson, outgoing president, was emcee and brought the meditation using "Selected to Serve" for a theme.

Annual reports were given by officers and standing chairmen.

Mrs. Hicks conducted the installation service for 1976-77 officers. Stressing the class colors, the interest center table was draped with pink satin and held a picture of the Fraying Hands showing through a cloud of white net.

"Hands" was the appropriate theme of the service and the installing officer likened the officers to different kinds of hands.

The group included Mmes. Elmer Singleton, president, guiding hands; C.L. Metz, vice president, helpful hands; O.S. McLemore, secretary, alert hands; L.B. Jones, corresponding secretary, comforting hands; McLemore, missions chairman, compassionate hands; Patterson, program chairman, creative and hospitable hands; Dewey Steed, Ola McLaurin, Clay Davis, Walter Scott, M.E. Goforth, group captains, cooperative hands.

Others present were Miss Helen Reed; Mmes. Lena Simmons, V.I. Woodfin, Lonnie Beavers, Louise Yarbrough, Joe Bell, and M.E. Goforth.

STUFFED FLANK STEAK

3 T chopped onion
1 T butter
1 1/2 dry bread crumbs
1 flank steak
1 lb. can tomatoes
2 T chopped onion
2 T catsup
2 T chopped green pepper
Green pepper rings

In skillet, cook 3 T onions in butter. Add bread crumbs, salt and pepper to taste. Toss till lightly toasted. Moisten crumbs with drops of water. Spread stuffing over steak and roll. Secure with toothpicks. Roll steak in flour and brown on all sides. Add tomatoes, onions, catsup and green pepper to skillet. Cook and simmer with steak for 2 hours. Add chopped pepper during last five minutes. Remove steak from pan. Mix 1 T flour with 2 T cold water till smooth. Stir into sauce. Cook until thick. Serve over steak and garnish with pepper rings.

SEVEN MINUTE BROWNIES [MICROWAVE]

2 cups Graham Cracker crumbs
1 pkg. chocolate chips
1/2 cup chopped nuts
1 1/2 cups condensed milk
Mix together crumbs, chocolate chips and nuts; stir in milk. Spread mixture evenly into greased 8 inch square glass pan. Bake in microwave oven for 7 minutes. Turn dish three times while cooking. Let cool 10 minutes in dish before cutting. Roll squares in confectioners sugar before serving. Conventional oven: 35 minutes at 350° F.

UW steering committee hearings are nearing

The Iowa Park United Way Steering Committee will begin hearing committee meetings for local service oriented organizations "the end of October and the first part of November," according to Bill Steger.

Steger, who serves as chairman of the seven-member committee, stated "These meetings are for all organizations in Iowa Park seeking United Way funding. Any local individual currently involved or ac-

tively participating in a local community service organization who feels their organization may be eligible for United Way support should contact me or any of the Steering Committee. Before our job is completed, we hope to have talked to all organized groups in Iowa Park."

Additional valuable information for use in the service agency field will be gleaned from these meetings, Stegar pointed out.

"This is the way we can find duplications of services in agencies and pin-point areas in which service organizations can better perform."

Iowa Park joined Burkburnett and Wichita Falls in June of this year in a cooperative effort to assure the best in agency services in North Texas. The United Way Campaign, currently in progress, is seeking to raise a goal of \$983,803 to fund the 30 agencies already covered by the United Way.

"Our fund raising efforts are already unified," Steger said, "and soon Iowa Park citizens will be able to reap even more benefits through our far-reaching area agencies."

Definite dates for the hearings by the Steering Committee will be announced later.

Other members of the steering committee are: Max Henderson, Ethyle Kidwell, Mrs. Bill Veal, Bill Bates, Darrell Ratcliff and J.B. Barbour.

Birk Circle has meeting

Miss Titia Belle Blanks was hostess for the Tuesday morning meeting of the Luey Birk Circle of First Presbyterian.

Mrs. C.E. Birk, chairman in charge, gave the denominational emphases on "Message to the Women of the Church" from the Moderator". Quoting she stated, "The women and their constant loyalty to the total program of our church in my opinion is one of the major reasons for the precious heritage that is ours today."

Mrs. E.B. Compton, Jr. taught the Bible lesson entitled "The Divine Connection," stressing that communication between God and man is the divine connection and a matter of coming alive to God, to self and to others.

A salad luncheon followed. Mrs. John Clapp Jr. was also present.

Obituaries

Donald Schram

Funeral services for Donald Schram, 45, owner of White's Auto Store, who died Monday at Lake Falcon, of an apparent heart attack while he was on a business trip with his son, Randall, were Wednesday afternoon in Tanner-Aulds Funeral Home chapel.

The Rev. Jacky Newton, pastor of the First Baptist Church at Abernathy, a former pastor of Faith Baptist Church in Iowa Park, officiated. Burial was in Highland Cemetery.

Pallbearers were Stanley Williamson, Don Flowers, O.N. Newman, W.V. (Pete) Stewart, Bill Steger and H.M. Nipper. Born April 17, 1931 in Lawton, Okla., he had resided in Iowa Park 24 years. He was a veteran of the Korean conflict and a member of the Rotary Club.

In 1975, he was named to the board of directors of State National Bank. Prior to purchasing the auto store he was employed by Warren Petroleum and American Petrofina.

He was chairman of the tax equalization board of Iowa Park School District, a director of the Chamber of Commerce and a member of the Muleskinners. He was also a former city councilman.

He is survived by his wife, Judy; a son, Randall, of the home; a daughter, Susan (Mrs. Mike) Robertson of Holliday; his parents, Mr. and Mrs. E.J. Schram of Iowa Park; a sister, Mrs. Mildred Schultz of Tulsa, Okla.; a brother, Johnny of Craig, Colo. and a grandson.

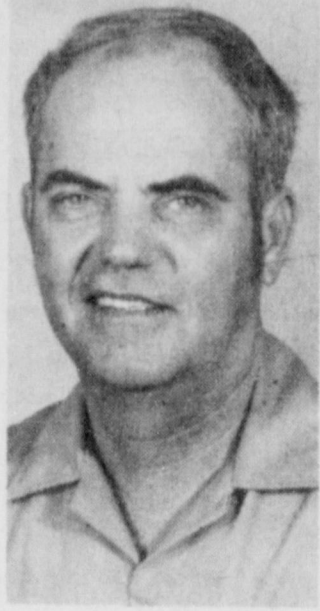

Ray Ervin

Service for Ray Ervin, 42, who died Tuesday morning, will be today at 3:30 p.m. in Owens and Brumley Funeral Home in Wichita Falls. The Rev. W.F. Williams, pastor of the Iowa Park Church of God, will officiate.

Burial will be in Crestview Memorial Park.

A resident of Iowa Park for eight years, he lived at 115 W. Garden. He was an attendant at Wichita Falls State Hospital. He was born May 15, 1934 at Buffalo Springs.

Survivors include his wife, Jewel; a son, Jimmy; a daughter, Pamela, of Iowa Park; his mother, Mrs. Lucy Ervin of Wichita Falls; a sister, Mrs. Vada Nichols; two brothers, Gene and John, all of Wichita Falls.

DONALD SCHRAM

T.R. (Buddy) Horine

Services for T.R. (Buddy) Horine, 73, a former Iowa Park resident, who died Tuesday in Clifton, will be today at 2:30 p.m. in Tanner-Aulds Funeral Home chapel.

The Rev. Don Youngblood, pastor of First United Methodist Church of Archer City, will officiate. Burial will be in Highland Cemetery.

Born Aug. 26, 1903 in Oklahoma, he was a longtime resident of Iowa Park and the area. He worked for Persky Bros. Oil Co. as a bookkeeper for many years. Following his retirement, he worked as dispatcher for the Iowa Park Police Department until he moved to Clifton two years ago. He was working for the Clifton Police Department as dispatcher at the time of his death. He was a member of the First United Methodist Church at Clifton.

Surviving are his wife, Lorena; a son, T.R. Horine, Jr. of Mansfield; two sisters, Mrs. C.K. Griggs of Sweetwater and Mrs. Alma Harlan of Idalou; and one granddaughter.

UMW meets Tuesday morning

United Methodist Women met in three separate fellowships Tuesday morning.

Mrs. Allen Bennett was hostess and Mrs. Miles Thompson was program leader for the Thornberry fellowship. Others in attendance were Mmes. George Trammell, and Don Beals, visitors, Floyd Boyd, Raphael Carrillo-Miranda, S.B. Keeter, Emma Gauntt, Carroll Hester, H.W. Carter,

Charlie Thompson, E.L. Gallop and C.L. Thompson.

Eight members and a guest, Mrs. Jim Conatser, attended the Joyce Hill Fellowship meeting held in the home of Mrs. W.F. George. Mrs. Eldon Thompson served as leader.

Others present were Mmes. Don Cook, M.L. Hines, Gene Lowrey, Herman Mahler, Carl Sullivan and Ray Browne.

The program topic for the above circles was "Utmost Faith".

Mrs. John Fletcher gave a discussion of "Unlimited Power in Prayer" when the Maclin Fellowship met with Mrs. J.F. Shiflet. Mrs. Wilbert Wynn and Mrs. David Springer were others in attendance.

Municipal Court Records

Results of municipal court held here Thursday were: James Russell Yarbrough, failure to keep control of vehicle, \$27.50;

Ray Bert Reed, speeding, \$27.50.

Great News FOR THE World

How do you react to the name of Jesus Christ? Do you ignore the claims of ONE who has inspired mankind for hundreds of years, whose life is celebrated in much of the world year after year in our calendars?

Was Christ's birth miraculous? Did HE heal the sick and raise the dead? Did HE rise from the dead? Is HE alive now?

Even in this age of technological wonder 1976 years after his birth, people believe he was the SON OF GOD.

Christadelphians believe. Not a mere emotional whirl of belief, but a commitment based on truth - the Bible. Shining through the pages of the Bible, you can see and know the most wonderful person the world has ever known.

Look for handy Bible reading schedule in next week's Leader! Christadelphians, 1600 Magnolia, Wichita Falls, Tex. Bible study Wednesday, 7:30 p.m.

Smith completes certification

Paul Smith, Iowa Park assistant chief of police, was among 13 law enforcement officers awarded certificates of completion after attending a 40-hour course for first line supervisors at Wichita Falls Police Department.

John Gibson, sheriff-elect of Wichita County, also completed the course.

The course was conducted by the Texas Commission on Police Officers Standards and Education in cooperation with Nortex Regional Planning Commission.

WHAT KIND OF CONGRESSMAN DO YOU WANT?

SOME CONGRESSMEN DELUGE THEIR CONSTITUENTS WITH HIGHLY POLITICAL "NEWSLETTERS" MAILED AT TAXPAYERS EXPENSE.

Congressman Jack Hightower doesn't do this. He communicates with the people of the 13th District through the media and by regular visits back home.

SOME CONGRESSMEN FILL UP THE CONGRESSIONAL RECORD, AT \$275 PER PAGE, WITH FABRICATED "SPEECHES" AND "STATEMENTS" WHICH WERE NEVER MADE IN FLOOR DEBATE.

Congressman Jack Hightower doesn't do this. He believes the people are tired of phony politicians who use cosmetics of this kind to make the people think they are "active."

SOME CONGRESSMEN TRAVEL FAR AND WIDE, AT GOVERNMENT EXPENSE, UNDER THE GUISE THAT THEY ARE "INVESTIGATING" SOMETHING IN FRANCE, ITALY OR ANOTHER FOREIGN COUNTRY.

Congressman Jack Hightower doesn't do this. When Congress is not in session, he comes home to the district to stay in touch with his constituents. He believes that the worst Congressmen are those who go everywhere but home.

SOME CONGRESSMEN VOTE THEMSELVES BIG PAY RAISES.

Congressman Jack Hightower doesn't do this. He opposed the Congressional pay raise because he believes Congress should set an example in these inflationary times—and not be part of the problem.

THAT'S THE KIND OF CONGRESSMAN JACK HIGHTOWER HAS BEEN SINCE HE TOOK HIS OATH IN JANUARY 1975. IT'S WHY HE HAS EARNED THE RESPECT OF HIS COLLEAGUES AND THE CONFIDENCE OF PEOPLE THROUGHOUT THIS DISTRICT... FROM BOTH POLITICAL PARTIES. JACK HIGHTOWER, DEMOCRAT, HAS EARNED A SECOND TERM. VOTE NOVEMBER 2.

Paid for and authorized by Hightower for Congress Committee, Jim Hughes, Treasurer, Box 1973, Vernon, Tx 76384.

F.D.I.C.

She's a lot like any other student

She's a lot like any other student at Iowa Park High School.

She stays busy with school work during the week, and on Friday nights she cheers for the Hawks. And she loves pizza.

About the only difference between Cheryl Frederick and the other students at IPHS is that Cheryl can't walk.

Cheryl was born with a spinal disorder, spina bifida, an opening of

the spine in layman's terms.

She'll accept her high school diploma in May in a wheelchair.

"I don't feel any different than anybody else," Cheryl said with a smile, lightly brushing back her shining brown hair with her hand.

She was studying shorthand at the kitchen table.

"I never think of myself as being handicapped, and most of my girl friends don't think about it either...like the first time we went

bowling," Cheryl said.

Cheryl has not allowed her condition to adversely affect her life.

"Whatever I've wanted to do, I've pretty much done it," she explained.

A member of an avid outdoors family, Cheryl lists her favorite pasttimes as camping, fishing, swimming and "zip sledding," a form of water skiing.

Oldest of three teenage girls at the John Frederick household at 104 West View, Cheryl prepares the

evening meal for her working parents and sisters.

Her sisters are Linda and Johnna, both students at IPHS. Her father is stationed at Sheppard AFB, and her mother is employed by Texas Watercrafters.

Cheryl baby sits, is vice president of Occupational Education Association at IPHS and on Friday nights dons a green and white outfit for her spot in the Hawk Pep Squad.

Admittedly, Cheryl is an independent person, but people occasionally try to "baby" her. "I set them straight. I'd rather do it on my own as have somebody else do it for me."

But there are times when a helping hand is welcome, even pleasurable.

Her free enterprise class is located downstairs at IPHS. "I have no problem. The guys help me down," she said, explaining four men can have her up or down the stairs in a wink.

"We had women's lib one day. The girls said they could do it just as good as the guys, and they did," Cheryl chuckled.

Cheryl said facilities for persons in wheelchairs are much better today than they used to be, thanks to new public structure requirements.

"There are ramps all over the place for wheelchairs at all the new camping places," she added. Dressing rooms and rest rooms that used to be a hassle now are being styled to accommodate wheelchairs more easily.

Sporting a charming smile, Cheryl allows the times haven't always been so bright.

Having attended elementary school and junior high in Iowa Park, the family moved to Wichita, Kan., a few years ago.

Away from the people she had known most her life, "That was the first time it ever bothered me any," she said.

The family returned to Iowa Park a year ago, and Cheryl obviously enjoys life here. "People in Iowa Park make it pretty easy for me," she said.

Cheryl, 17, plans to enter Midwestern State University then transfer later to East Texas State University where she will receive training as a school psychologist or history teacher.

She has her driver permit, and only has to take an operator's test before she'll be wheeling in another fashion.

SENIOR PARTICIPATES IN PEP SQUAD
...Cheryl Frederick supports Hawks, likes outdoors

As I See It...

by BOB HAMILTON

Along with the majority of Iowa Park and area citizens, I am still trying to recover from the shock of Don Schram's untimely death.

I've never known a businessman I've respected and admired more highly than I did my late friend.

And he was my friend, for he was one of the initial five men I met in Iowa Park. He gave me encouragement and example that business can succeed in Iowa Park, though it is in the shadow of larger Wichita Falls.

Don, through his and Judy's hard work, built one of the strongest business establishments of any other where White Auto Store merchandise is handled. Year after year, the Iowa Park store won White Auto contest for sales, despite the size of stores and cities.

When Don and Judy were burnt out at their old building, where Western Auto now stands, they overcame the hardship with hours upon hours of hard work, built their fine new structure, and have continued to grow...much to the admiration of other business people in Iowa Park and surrounding area.

Don was told, when he put in his store at Holiday, that there was no way it could survive in such a small town. It not only did, but has continued to grow and prosper.

You had the feeling you were being waited on, when Don greeted you at his store. He gave just as much

quarter-inch bolt as he did on a color television purchase.

He didn't know what a clock was, when it came to work. Yet he seemed to always have time for his family, somehow.

It struck me, while reflecting on the loss of Don, what a shame his death was. Here he had worked so hard and so long, built his business to a point where he had finally been able to hire people who could relieve him of so much responsibility, reached a point where he could take it much

easier than he'd ever had it in his life, and he dies.

The unfairness is similar to the situation of families who live in crowded conditions while their children are small, and once they've reached a point in life where they could afford more comfortable housing, the children have grown and moved away.

Don has left us a shining example of how to succeed in business, and still remain a family man. But his presence will be sorely missed.

School board

Continued from page 1.

Trustees also emerged from the closed session with a vote to accept the resignation of Dorothy Patterson, and to extend the contract of Ethel Jeter.

In other business Tuesday night the board voted to accept settlement for track repairs, and heard a report from Janine Henschel on behalf of Dr. John McFarland concerning work on a new policy handbook.

The board approved a proposed consolidation of city and tax offices, pending municipal adoption of the same agreement by the board's November meeting.

Bill Bates Chevrolet was awarded the bid on a 1977 3/4 ton crew cab pickup truck.

Bill Steger, tax assessor-collector, presented reports on tax, cafeteria and transportation.

Steger said there was 74 per cent cafeteria participation, but that more students need to take advantage of the breakfast program.

Additions to the substitute teacher list were approved, along with VOE proposed trips and fund raisers.

Dean Miller, curriculum director, presented the balance of personnel policies for Equal Employment Opportunity Affirmative Action Program which was adopted by trustees.

Trustees also discussed campus protection.

DOLORES HAMILTON
...assistant publisher along side her husband.

OLIVE BLALOCK
...society editor has wide reputation for wedding stories.

Leader is pioneer in newspaper field

There have been a lot of changes made in the newspaper business, especially during the past 20 years.

Basically, the changes were created by the webb offset central printing plant.

A central printing plant is a printing firm which prints newspapers other than its own. For instance, Nortex Offset Press in Wichita Falls not only prints the Iowa Park Leader, but weekly newspapers from Saginaw to Quanah and several newspapers in southern Oklahoma.

Webb offset indicates the printing press is fed paper off a roll, rather than by the sheet, and the printing is by the offset method, rather than directly applying the paper to inked metal type.

Newspapers have their papers printed at central plants, eliminating each community's publication from the expense of investing in presses, maintenance of the presses, and personnel to operate them.

It's the same practice as a business purchasing time on a computer, to have work done the business could not afford done otherwise.

Weekly newspapers especially welcomed this practice. It relieved the business from having equipment sitting idle all but about an hour each week, and having to find work for

employees who operated the press.

Money saved through the practice is now invested in better typesetting equipment, better facilities and better salaries for employees, as well as showing a profit to the publisher for his investment.

The first webb offset central newspaper printing plant in Texas was started in 1958 at Friona, a small agricultural community southwest of Amarillo. At that time, less than a dozen newspapers were printed there. Today, it is estimated more than 95 percent of all weekly newspapers in the state are printed at central plants.

Technology in printing presses and allied equipment has changed rapidly during the past few years. Probably the greatest change was the development of photographic type setting equipment.

The Leader was a pioneer in photo typesetting in this part of the country, purchasing a Compuwriter from the Compugraphic Corp. in 1972. This high-speed piece of equipment sets each character by exposing photo paper to a negative.

Two years later a second piece of equipment was added to the newspaper's inventory, this one to set large type for headlines and advertising copy. It operates similar

to the Compuwriter, and is manufactured by the same firm.

Photo typesetting is superior in quality to the earlier method of

typesetting used by offset publications. "Cold type", term used for offset publications to distinguish its difference from the old "hot type" or

metal type, was originally set by machines using the "strike on" method, or similar to typewriters.

Larger newspapers have more sophisticated typesetting equipment than has the Leader. They have small computers operating the machines.

Type is set at the Leader by Jan Tennant, a senior Office Education cooperative student at Iowa Park High School.

Advertisements are put together by Mrs. Bob Hamilton, assistant publisher, who also does the firm's bookkeeping.

Articles are written by the editorial staff, Mrs. Olive Blalock, editor Lewis Simmons and publisher Bob Hamilton.

When all the type is set and the advertisements built, the pages are put together by "pasting down" the type. The "pasting", term originated when cold type workers used glue, is actually waxing down. Wax is used as an adhesive by papers today.

Making up the pages are the Hamiltons and Simmons.

Once the pages are completed, they are carried to Nortex Offset where they are photographed. The image of the page is transferred from a negative to a sheet of chemically-treated aluminum, called a plate, and

this is put on the press for the printing.

The Leader has a minimum of 2,300 copies printed each week. Using the "hot type" method of printing, this would have required several hours production time. A 16-page edition is normally printed in 15 minutes on the offset press.

Answering questions often posed by persons not acquainted with the newspaper business, on what the staff does Thursday and Friday after the paper is printed, publisher Hamilton explains "We work some more."

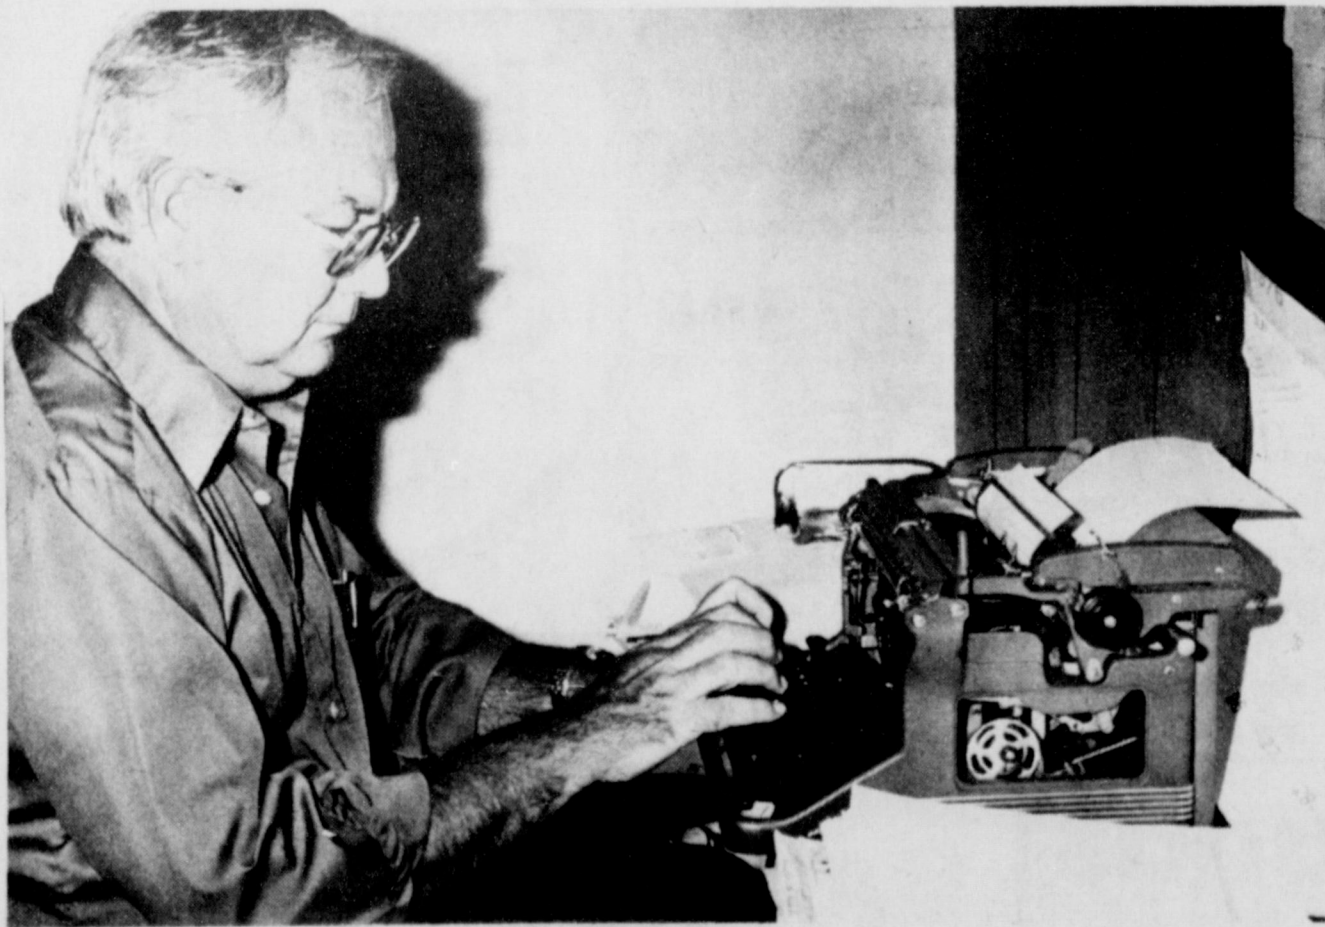

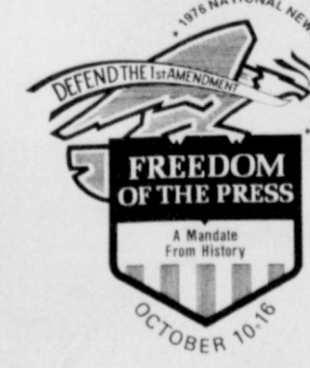

The Leader has for several years produced the weekly student newspaper for Midwestern State University in Wichita Falls, as well as the monthly student publications for Wichita Falls High School and Hirsch High School. In addition, portions of the twice-a-month TG&Y circular are done in the Leader shop.

The staff has, at other times, done the typesetting for books, calendars and other forms of publications.

"Technology is constantly changing in the newspaper industry," states Hamilton. "We have no idea what changes will be forthcoming, but as they come, we expect to incorporate them in producing the Iowa Park Leader."

LEWIS SIMMONS
...recently named news editor of the Leader.

BOB HAMILTON
...23-year newspaper veteran is publisher of the Leader.

JAN TENNANT
...high school OEA co-op student sets type.

Mrs. Singer is speaker at 23 Study Club meeting

"America was born because of volunteers; the dreams of a better world are at our fingertips if we seek the strength of God and work to make our dreams come true", Mrs. Joe Singer stated Thursday morning as she gave the president's address to highlight the 23 Study Club's first meeting of the year. Her topic was "America in the Third Century".

She observed that man's problems in the next century would be about the same as in the past but warned that he had been given some dangerous toys with which to play and of the possibility of him using them unwisely. In a talk that reflected extensive study

and thorough preparation, Mrs. Singer discussed some of the things that possibly lie ahead for Americans in the third century. These included accepting a universal language, converting to the metric system within the near future, operating businesses by telecommunications, dawning of a new iron age due to depletion of minerals, and depending upon the solar system as the most reliable source of energy.

"One of the predictions for the future and the hardest for us to conceive of is that our children and grandchildren will be able to order their babies with the sex, shape, strength and level of intelligence they choose",

she remarked. In closing, she reminded club members that people are still what the world is all about and that nothing can take their place in shaping the future of America.

The meeting was started at a breakfast in the home of Mrs. D.O. James with Mrs. Sam Hill the co-hostess. Mrs. Fred Widmoyer offered the invocation.

Mrs. Hill, program and yearbook chairman, distributed the yearbooks and gave a summary of programs based on the president's theme "A Look Into The Future."

Mrs. E.F. Soell was program co-ordinator. The theme of the first program was "A Look Into The

Future Challenges Us To Face Tomorrow With Courage And Faith".

Miss Janis James, a sophomore at Iowa Park High School, presented a piano solo for the arts number and played "Warsaw Concerto" by Addinsell.

During the business directed by Mrs. Singer, Mrs. Earl Watson reported that \$884 had been deposited to the Iowa Park Library fund from the Arts and Crafts Show, Mrs. James reported \$89 received from Friends of the Library membership dues.

Mrs. Singer was elected delegate to the Santa Rosa

District Fall Board Meeting at Seymour Oct. 28.

The "Hands Up" program for the next meeting Oct. 21 was stressed. The meeting will be held in the Reddy Room of Texas Electric and the guest speaker will be Sgt. Bill Rinehart of the Wichita Falls Police Department.

Mrs. T.M. Clark, federation counselor, gave a report to conclude the business meeting.

Others attending were Mmes. W.G. Steele, Earle Denny, T.M. Thaxton, C.E. Birk, Travis Smith, O.E. Lochridge, L.E. Brooks, Chauncey Weiler, Homer Blalock, Miss Ethyle Kidwell and Miss Titia Belle Blanks.

Bulldogs take shaky win over stubborn Mean Green

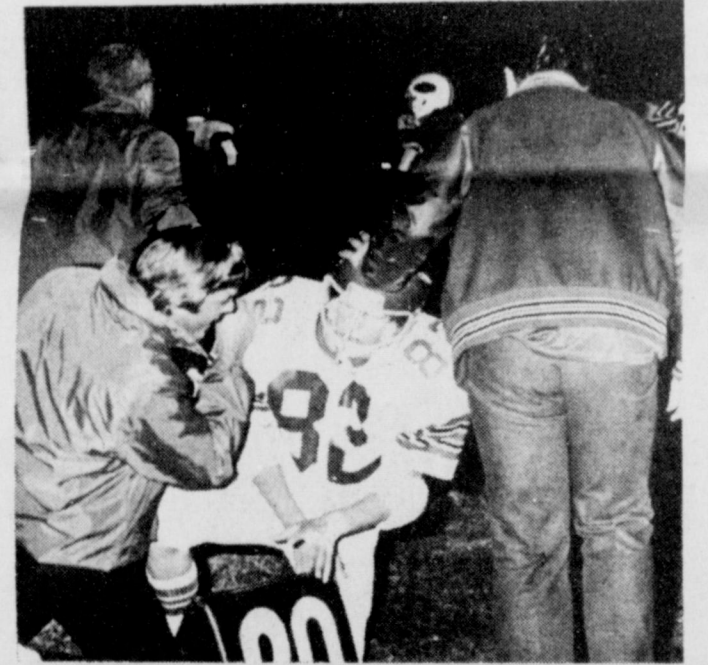

Burkburnett homecoming celebrators didn't know if they were going to have their expected victory celebration Friday night, until the final few minutes of the District 4-AAA contest. It did finally come out that way, 30-14, but there were some mighty anxious moments for the followers of the orange and black. Twice the Bulldogs led with comfortable margins, but each time the unheralded Hawks pulled to within striking distance, showing they weren't the doormats Burk fans had expected. No one had given the Hawks much of a chance to stay in the ball game with Burkburnett, especially after the 'Dogs had held state-ranked Brownwood to only a 7-0 win the previous Friday. Iowa Park was playing without the services of three starters and reserve quarterback, also. As it turned out, however, the Hawks scored more points against Burkburnett's vaunted defense than did the Lions of Gordon Wood.

Twice as many. The Hawks spotted Burkburnett nine points before they got their offense rolling. The first two points was a safety, when punter Robert Dillard stepped out of bounds when trying to kick from his end zone. Burk mounted its first successful drive after the free kick, which followed the safety, taking a 9-0 lead with 6:19 remaining in the first half. At that point, the Bulldogs had picked up 11 first downs on 34 offensive plays, gaining 142 yards. Iowa Park, on the other hand, had only one first down to show for seven plays, and six net yards gained. But a 46-yard bomb from Rex Huckaby to Dillard on the first play following the kickoff set the Hawks up on Burk's 22 yard line. Seven plays later, Dillard slanted across the left tackle slot the final six inches to score. An attempt to run for the two-point conversion failed, but the Mean Green was back in the ball game, 6-9,

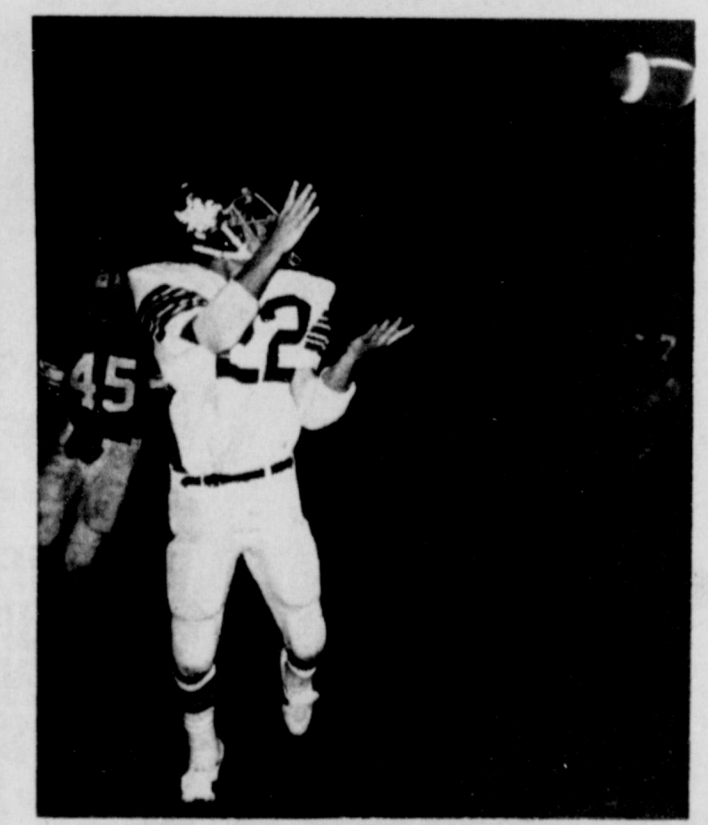

TOUCHDOWN CONVOY - Fullback Ray Cook bursts into the open on his 46-yard touchdown run in the third quarter Friday at Burkburnett, with blocker Jim Stevens running at his side. The score and accompanying two-point

conversion narrowed Burkburnett's lead to only 16-14 at that point in the game. Cook was Iowa Park's leading rusher for the evening, gaining 74 yards in 11 carries.

NO PENALTY CALLED - Assistant coach Mike Billingsley tends to injured safety David Correll, 82, while head coach Pat Tone, top left, heads downfield to discuss the situation with officials. Action took place in third quarter Friday at Burkburnett. Tone felt Correll had been clipped by a Bulldog blocker on a long Burk run to the Hawk five yard line.

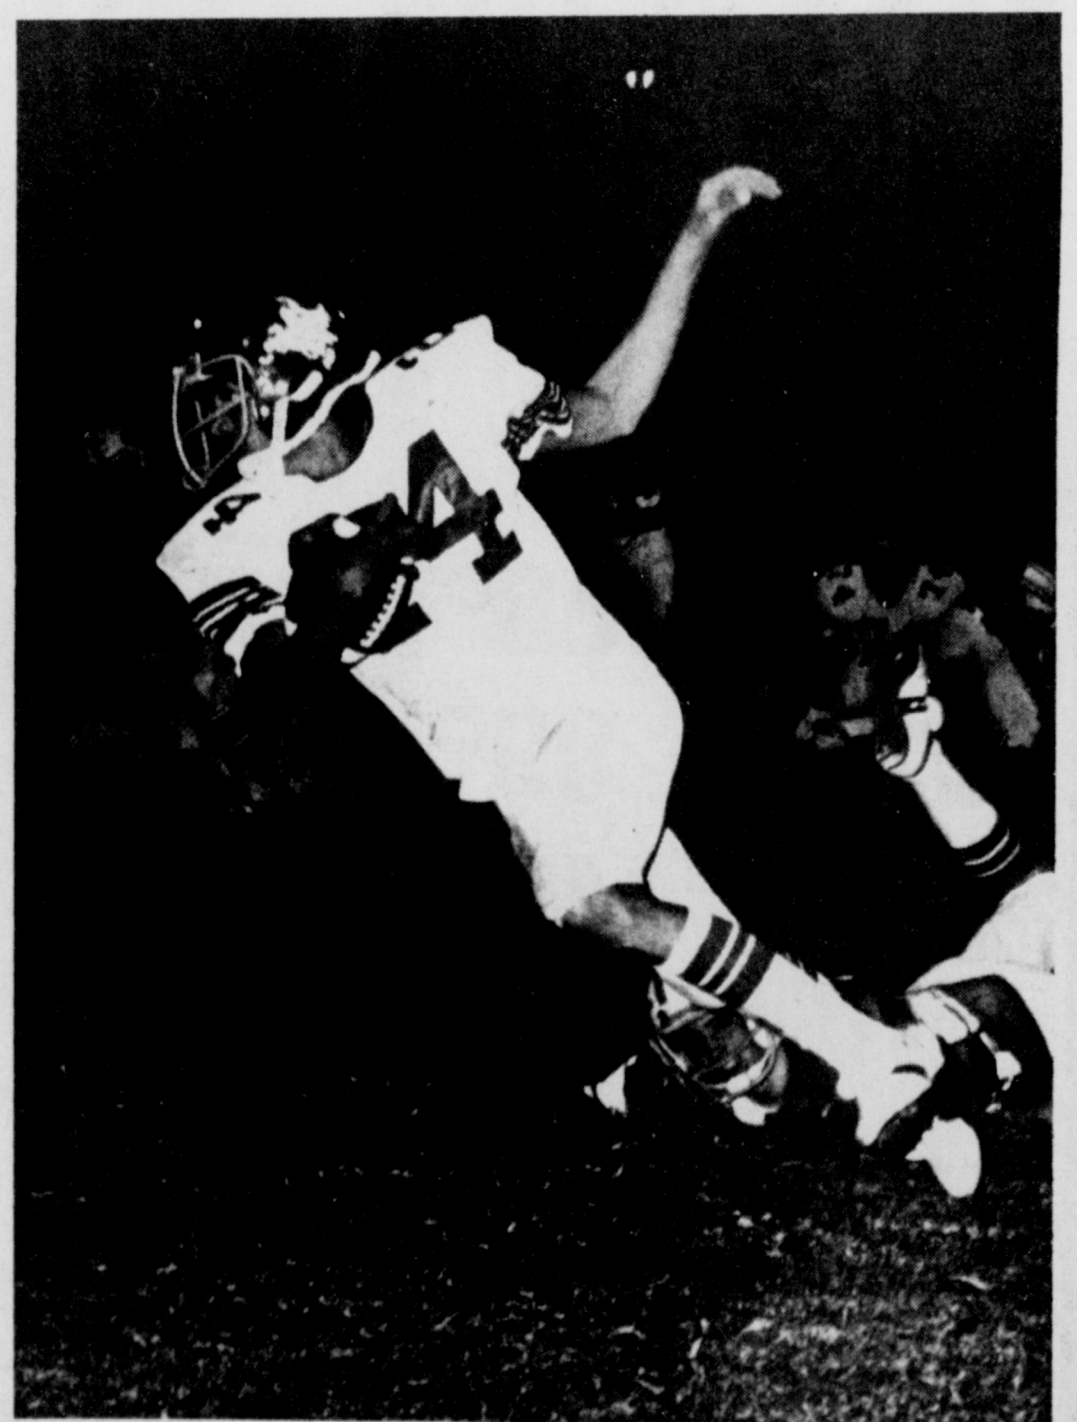

GOOD GAIN - Keith Rains hauls in an 18-yard pass from Rex Huckaby on Iowa Park's second scoring drive Friday at Burkburnett. Action took place in the third quarter.

with 2:34 remaining in the half. The Bulldogs returned the following kickoff to their 44 yard line, and gained 15 more yards on the next play, via a personal foul penalty. Two more plays took them to the Hawk 10. Iowa Park appeared to have held the hosts out of the end zone then, as the 'Dogs lacked three yards on fourth down, with 36 seconds remaining on the scoreboard clock. But quarterback Jimmy Edwards broke loose over his right tackle for the score, giving the Bulldogs a 16-6 halftime lead.

The Hawks were marching to Burk's goal line after taking the second half kickoff. After reaching the Burkburnett 45, however, Huckaby's pass was intercepted. But the Mean Green defense held. Reaching the Hawk 25, with fourth down and 19 to go for a first down, Burk's runner was tackled by Pat Cooke for a 14-yard loss, giving the Hawks possession on their own 39. Jim Stevens picked up eight, but that was lost when Dillard missed a pitchout from Huckaby. Then Huckaby hit Dillard on a seven-yard aerial, and Iowa Park was given a first down for defensive pass interference. Huckaby then tossed an 18-yarder to Keith Rains, and then big Ray Cook broke loose on a 36-yard romp to

two-point deficit, 14-16, with 3:50 still remaining in the third period. On the first play following the next kickoff, a hotly disputed play occurred. A Bulldog runner broke for a 58-yard run to the

Hawk five. On the play, Hawk mentor Pat Tone was on the field, challenging the officials for missing a clip by a 'Dog blocker on safety David Correll. He was unsuccessful in his challenge, however.

BREAKS FOR GAIN - Robert Dillard is shown breaking on an 11-yard run Friday at Burkburnett. Dillard gained 31 yards on seven carries, caught three passes for 62 yards and scored one of the Hawk touchdowns in the Dist. 4-AAA opener for Iowa Park.

Department seeks city aid

Representatives of Holliday Volunteer Fire Department confronted the Holliday City Council with a request Tuesday night for financial aid toward purchase of a new fire truck.

However, the request made by Melvin Bills and Chuck Parker on behalf of the fire department was not slated on the agenda so no council action was taken.

Bills and Parker told the council the fire department needs \$27,000 to purchase a new fire truck to replace outmoded equipment.

The fire department representatives indicated delivery of a new truck would be one year from the order date.

The fire department does not have enough money to purchase a new truck, and it can't borrow money without a regular source of income.

The department is seeking a commitment from the city so that a loan may be secured.

The fire department

collected \$5,704.47 during a recent auction, the representatives said.

Cash donations boosted the finances considerably, including \$500 placed in the kitty by Walter Ford.

Persons making \$100 donations include T.D. Whitehead, Cecil Mankins, Felix Wylie, Owens & Brumley, Mr. and Mrs. G.R. Killian, Borland & Cullum and Perkins & Cullum.

Jack O'Donohoe donated \$150, and Holli-Tex gave \$75.

Donations of \$50 came from Garland Ray, Harry Martin, Ayres Welding,

Floyd Dillard, Texas Electric and Crampton Oil Co.

A \$40 donation was made by Cal Jeter.

Beaver Oil Co., Norman Kuykendall, L.C. Adams, Brackeen Fina, O.T. Walker, Mr. and Mrs. Fred Decker, Dr. Pepper and Charles Fennell each donated \$25.

R.A. Revell gave \$20, and \$10 donations were made by H.E. Moore, Johnny Perkins, G.T. Ford and W.E. Stegall.

Belle Magee and R.L. Craig each donated \$5.

Although the council took no action, the issue is

expected to be placed on the council's agenda in two weeks.

In other action Tuesday night the council discussed repairs needed for the dam at the city lake.

The council also voted to purchase a stove to go in the building at the city dump.

City Judge Tom Hall came to the meeting requesting a filing cabinet and a key to city hall so he could conduct court when necessary outside regular business hours.

All members of the council were present.

School trustees change personnel hiring policy

Holliday School Board voted Monday night to change its hiring policy concerning spouses and children of administrators already working for the Holliday Independent School District.

Trustee Lonnie Brackeen opened the discussion, noting he had requested the issue be placed on the board's agenda.

Brackeen initially motioned to have the policy amended so that the same hiring rules apply to the family of administrators as applies to the family of school board members.

The board is not allowed to hire a member of a trustee's family closer than second or third cousin.

Several board members indicated if the same policy were applied to administrators it would too severely limit the prospects of hiring some qualified teacher applicants because of inter-community marriages.

Brackeen withdrew his initial motion.

His second motion, the one that carried, was that spouses and children of administrators, the superintendent and principals, not be hired in any capacity by Holliday Independent School District.

It was not a unanimous

decision, but it carried by a 3-1 vote with one absentee.

Trustees Tommy Mankins, Royce Coats and Brackeen cast the deciding votes. Trustee Jack Ayres voted against the motion.

Trustee Joe Wells abstained from voting. Board president T.D. Whitehead did not vote, and Trustee Bob McDaniel was absent from the meeting.

Unrelated to the previous issue, the board voted to

hire a new librarian and a new bus driver.

The board discussed the process for advertising for bids on the school construction and renovation project to be financed with the \$1.2-million bond issue passed by district voters.

Trustees are expected to meet in a called session Monday night with architect Bob Pardue to check final building plans before advertising for bids.

Eagles to host district opener

Holliday Eagles will open conference competition here Friday night when they host Lindsay.

Coach Don Luey said he expects most of the previously lame Eagles to be suited out for Friday night's contest.

The only varsity player not expected to be ready for the game will be Lynn Coats, a junior lineman whose knee injuries probably will keep him sidelined for the rest of the season.

Coming off last week's open date, the Eagles will begin district competition

with an unblemished season record.

Maintaining the No. 2 spot among Texas schoolboy Class A teams, according to the Associated Press, the Eagles outdistanced all their foes during the first half of the season.

Holliday sports a 5-0 record having defeated Nocona, Electra, Quanah, Seymour and Henrietta.

The Lindsay Knights will enter the game with a 1-3 season record, and Friday night also will mark their first conference contest.

Holliday News

JV comes from behind to beat Seymour 28-14

An end zone fumble recovery helped Holliday's junior varsity come from behind to defeat Seymour 28-14.

Seymour drew first blood in the opening quarter, but Larry Denney set up the first Eagle touchdown in the second period by taking a long pass.

James Porter scored on a 10-yard plunge.

Seymour came back to score again, but Joey Kincaide's reception put the Eagles within scoring distance. Rusty McDaniels scored on a 12-yard run.

In the third period Conray Chase blocked a Seymour punt, and McDaniels recovered the ball in the end zone

to give Holliday another six mark. Chase scored Holliday's final TD on a 20-yard scamper.

Joe Chase scored first for Holliday on a 60-yard sprint to begin Holliday's 36-0 decision over Seymour.

Ray Looney scored in the second and third quarters.

Chase came back to add another Holliday TD. The final Eagle TD came when Kelly Henke intercepted a wild Seymour pass and returned it 55 yards to pay dirt.

Holliday's eighth grade was defeated by Seymour 28-6.

Mark Wright scored for the Eagles on a seven-yard plunge in the final period.

Holliday trades with Henrietta

Holliday's Top Of Texas football teams traded wins with Henrietta.

Despite an excellent game by Kelly Coats and Brian Lear, the Holliday pee wees were defeated by Henrietta 32-0.

In the midget contest Holliday emerged with a 42-0 victory.

Holliday's entire midget teams saw action in the wake of a monumental first

quarter when Holliday scored 30 points.

Brad Harmon's punt return, followed by his 28-yard rush set up Holliday's first TD made on a two-yard plunge by Jeff Belcher.

Belcher also supplied the PAT.

Belcher came back to recover an on-side kick.

The effort was capped off by a 30-yard TD pass to Kevin Blankenship from

Mike Parker. Todd Stevens made the point after.

Harmon intercepted a stray Henrietta pass to set up Holliday's next score. A pass to Blankenship from Stevens put Holliday within a yard from pay dirt.

Parker found running room and delivered the score followed by Harmon's PAT.

Harmon also made touchdowns on 28 and 16 yard sprints. Belcher picked up a two-yard TD.

Holliday's outstanding defense allowed Henrietta a single first down while Holliday converted 15 times.

Harmon was leading ground gainer with 108 yards, followed by Michael Wright with 78 yards. Total rushing for Holliday was 314 yards.

Holliday's pee wee and midget teams will host Capehart SAFB next Saturday.

Junior high tops Graham, frosh and JV edged out

Iowa Park's seventh and eighth grade football teams rolled over Graham, but the junior varsity and freshmen had trouble handling Wichita Falls.

In Tuesday night's seventh grade action Iowa Park defeated Graham 40-0, giving the mini Hawks a 5-0-1 season record.

Jim Smith crossed into pay dirt twice for Iowa Park in addition to two extra point runs.

Chris Nethery also scored two touchdowns for Iowa Park, while Steve Smith found running room for another Hawk TD.

Biff Billingsley was good for two extra point runs and tossed to Clay Schultz for another extra point success.

Coach Neil Billingsley gave credit to an outstanding offensive line including Scott Owen, Charles Baggett, Gerald Brixey, Robin Combs and Keith Mowery.

Outstanding performances by Toby Smith, Joe Spruiell and Mike Burns aided the eighth grade Hawks in their 28-6 decision over Graham.

Mike Ray provided each of Iowa Park's four touchdowns plus an extra point

run. Tim Blackwell hauled in an extra point pass from Curtis Martin for another extra point conversion. Martin had an excellent night passing, but his receivers were plagued with butter fingers.

The win gives the eighth grade a 4-2 season record.

Iowa Park junior varsity was dumped 10-0 by Wichita Falls.

Coach Greg Clary said the defensive unit played well.

The JV defensive lineup includes Randy Gibson, Jeff Taylor, Keith Hillard, Anthony York, Michael Britton, Jerry Stuckey, Blaine Kidwell, Jerry Irwin, Donny Taylor and David Hillard.

Coach Marvin Brixey's freshmen Hawks fought a tooth-and-nail battle with Wichita Falls. Wichita Falls upended Iowa Park 40-24.

Troy Thompson scored each of Iowa Park's three touchdowns and an extra point run.

Iowa Park other extra point runs were made by Scott Hudson.

The JV and freshmen will host Vernon tonight with the first game set for 5:30

p.m. The junior high will travel to Vernon on Tuesday with the first game set for 5:30 p.m.

Iowa Park School Lunch Menu

THURSDAY, Oct. 14
Breakfast - Cheese toast, plain milk, orange juice.
Lunch - Tacos with cheese, meat & cheese sandwich, soup, buttered corn, green salad, chocolate or plain milk, Hawaiian cream pie, jello, ice cream.

Lunch - Fish, meat & cheese sandwich, soup, macaroni & cheese, blackeyed peas, corn bread & butter, chocolate or plain milk, cookies, jello, ice cream.

Officers elected

The joint meeting of Junior and Senior Chapters of Future Homemakers of America Monday night was highlighted with the election of the Junior Chapter officers for 1976-77.

Kathy Hines was the presiding officer. Miss Linda Ayers and Mrs. Miriam Cady, the advisors, were in attendance.

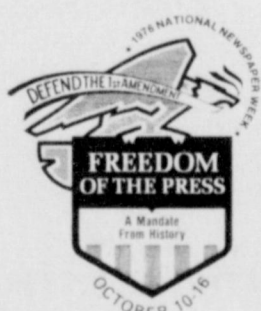

Kathryn Mattis was elected president of the chapter. Serving with her will be: first vice president, Diana Smith; second vice president, Lisa Shults; third vice president, Kerry Nault; fourth vice president, Janet Latimer; fifth vice president, Carla Hecker; secretary, Tammy Case; parliamentarian, Gayla Wells; and historian, Linda Cates.

Announcement was made that Tracy Lee had been elected Donut chairperson and Betty Stone devotional chairperson by the Executive Council.

Sherry Evans, merit points chairperson, explained the new merits system to the group.

The program was presented by Patricia Cummings, first vice president of the Senior Chapter and secretary of Area IV. She gave a report on the National FHA meeting in St. Louis, Mo. during the summer.

To conclude the evening, a fun time was held when "white elephant" items donated by FHA members were auctioned off to the highest bidder.

ORDINANCE NO. 155-1
An ordinance providing for an amendment to the Zoning Classification of the hereinafter described property as requested in the application for said amendment by Rip Smith, Developer; In no other respect amending the original Zoning Ordinance No. 155.

WHEREAS, The legal owners of certain tracts of land have petitioned the City for rezoning and **WHEREAS**, it is deemed to be in the best interest of the Property owners, and there being no harm to the City of Iowa Park to amend the original zoning ordinance Number 155 to change the Zoning Classification of the hereinafter described property, and **WHEREAS**, the Zoning Commission has recommended this action after a public hearing was duly held on October 4, 1976.

NOW THEREFORE, BE IT ORDAINED by the City Council of the City of Iowa Park, Texas, that the Zoning Classification of the Following described property is changed from Single Family Residential (RS) to Convenience Commercial (CC) Lots 6, 7, 8, and 9 of Block 32, Texas Addition to the City of Iowa Park.

PASSED AND APPROVED THIS 11th day of October 1976.

Swine course slated Monday

Swine production specialist Dr. Robert Cohen will instruct a swine production short course for adult farmers Monday through Thursday.

Classes will be at 7:30 p.m. in the high school Vocational Agriculture building. The high school Vocational Agriculture Department is sponsoring the course.

ORDINANCE NO. 216-A

An ordinance amending Ordinance No. 216; an Ordinance prescribing rates to be charged for services furnished by the Water Works and Sanitary Sewer System owned and operated by said City.

BE IT ORDAINED by the City Council of the City of Iowa Park, Texas, that Ordinance 216 be changed as follows:

Section 1. Change the fourth and fifth lines to read: First 2000 gallons, \$3.75 minimum; 2000-5000 gallons, 1.25 per thousand.

Section 2. Change the fourth and fifth lines to read: First 2000 gallons, \$12.00 minimum; 2000-5000 gallons, 2.50 per thousand.

ADD SECTION 15:
Section 15. Multiple Family Dwelling Units

A. Multiple Family Dwelling Units are defined as a building or portion thereof containing three or more dwelling units and designed for or used by three or more families; also includes the word apartments.

B. Multi Family Dwelling Units shall be charged for water at the following rates:

1. Where the water is metered to each unit the charge will be the same as Section 1 or 2 of this Ordinance as applicable.

2. Where the water is metered by the complex, a charge of \$20.00 plus \$2.00 per dwelling unit will be the minimum charge. The charge for the number of gallons used will be the same as those in Section 1 or 2 of this Ordinance as applicable.

C. Multi Family Dwelling Units will be charged for sewer as follows:

1. If billing is by the dwelling unit, then the charge will be the same as in Section 4 of this Ordinance.

2. If the billing is by the

metered complex, then the charge will be \$3.75 per dwelling unit.

In no other respect is the original Ordinance 216 amended.

PASSED AND APPROVED THIS 11th day of October 1976.
