IOWA PARK, TEXAS

Cryovac announces major expansion

Iowa Park's Cryovac plant is on the grow again.

At a news conference yesterday morning, Charlie Lee, plant manager, announced a \$10.3-million expansion program for the facility which will double its original production capabilities.

Similar expansions are also to take place at the other two Cryovac plants in the United States, Cedar Rapids, Iowa and Simpsonville, South

Carolina, to meet the increased demand for Barrier Bags.

Cryovac is a division of W.R. Grace and Company.

The local expansion will increase the plant size by more than 100,000 square feet, and include a 350,000-gallon water tower to provide additional fire protection.

Initial plant size, constructed in 1974, was 160,000 square feet. In 1977, an addition of 70,000 feet was built. This second addition will more

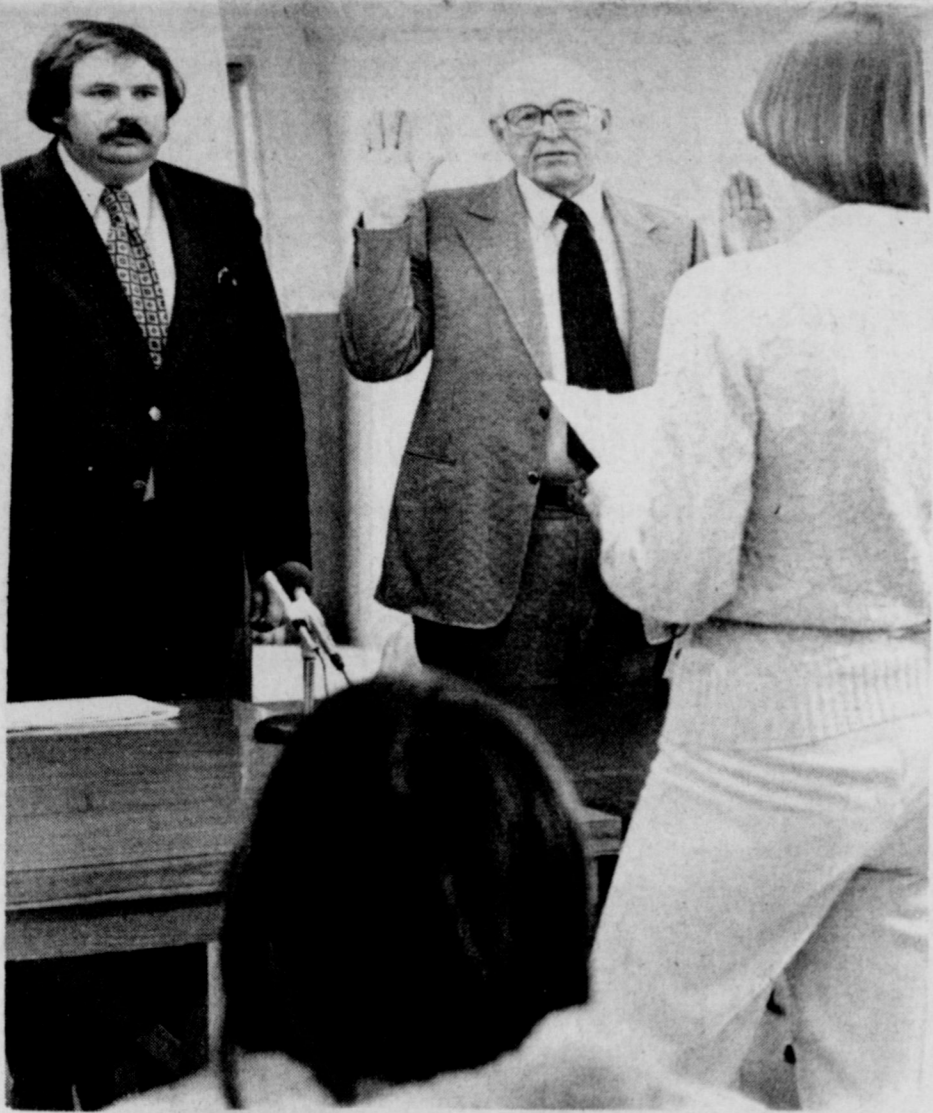

than double the original plant size.

Employment at the Iowa Park plant has shown continuous growth. In early 1974, Lee was the sole employee. By the end of the second year of operation, 225 were on the company payroll, and that has increased to a present count of 360.

By the end of 1981, Lee projects 500 will be employed.

Barrier Bag sales are increasing for fresh and processed beef and poultry, as well as for cheese, fish, pork and produce. Users of the Barrier Bag report it has superior shrink quality, seal strength and abuse resistance.

Cryovac commercialized the Barrier Bag in 1971, initially for fresh red meat. The bags are used by packers who break up carcasses and wrap the cuts for shipment to wholesalers and retailers. Retail chains, which do their own meat cutting, also use the bags.

COUNTY TAX APPRAISAL BOARD SWORN IN
... Paul Hayers, Electra, and Stanley Williamson, Iowa Park, among eight members.

County tax board gets feet on ground

The fledgling Wichita County Tax Appraisal Board went through the formalities of organizing in its initial meeting Monday, and already has started looking down the long road ahead trying to decide how it will function.

Meeting, apparently temporarily, in the Nortex Regional Planning Commission building in Wichita Falls, the eight-member board elected Dr. Clifford Burross, representing Wichita Falls city and school, chairman, and Paul Hayers, representing Electra city and school, secretary, both by acclamation.

During a discussion on who should act as the central appraisal office, Stanley Williamson, representing Iowa Park city and school, said he felt no office in the county had the expertise to work with oil and heavy industries in establishing values. He

said Iowa Park and Electra use an outside firm to do that work.

Williamson was reacting to a suggestion that the county tax office already had all the records required to handle the county-wide appraisal work. He said the Iowa Park school district could not operate on the extremely low values set by the county, and Hayers said the same was true for Electra.

One member said the city of Wichita Falls had the office space, personnel, computers and most of the appraisals and could take over the job with a minimum of extra effort.

Dr. Burross said the board's responsibility was to hire a chief appraiser and it would be his job to set up a method of appraising, with the board's review.

The board will meet again the second week of February, where they

\$122,667 SAVINGS

Valley View campus to be closed

The Valley View school campus, where all fifth and sixth grade classes are held, will doubtlessly be closed after this school year and all classes moved into Iowa Park for the beginning of the 1980-81 school year.

That was the feeling of the Iowa Park school board when they heard a report of a study on the costs of maintaining the Valley View campus.

The savings would be \$122,667, according to figures presented by Roy Boutwell, chairman of the study committee.

Had the board's meeting agenda stated "Consider closing Valley View campus" rather than "Preliminary report on Valley View campus", trustees would have voted Tuesday night to close the school. As it is, they will have it on the agenda for the regular February meeting, and likely will act on it at that time.

Boutwell said the cost figures were pulled together at a study meeting Monday night when members of the committee, including trustees Jerald Brown, Martha Dudley, Supt. Faris Nowell and Harold Cowley met.

Figures used in the study were current costs, with the exception of an estimated per-gallon gasoline cost. Boutwell noted that inflation was not used in any other cost estimates.

Maintaining the Valley View campus costs \$16,500 for transportation, \$11,176 cafeteria, \$29,558 salaries (principal and two aides but no teacher salaries included), \$15,127 utilities, \$11,569 custodial services, \$600 band instructor travel, \$32,500 physical plant maintenance, and \$5,637 supplies.

Cost of minimal plant maintenance and boarding the structure were not estimated in the report.

The savings could represent a 15-cent reduction in the tax rate, over what it would cost to operate the district and retain the Valley View

campus, Boutwell said. Supt. Nowell said there was

SUPPORTING HOSTAGES - Residents of the 500 block of West Aldine each have a yellow ribbon tied to a tree in their front yard, showing their support for the American embassy personnel being held as hostages in Iran. They are encouraging all residents of Iowa Park to join in their demonstration.

Burglars have musical tastes

Iowa Park police received complaints from two vehicle owners Thursday that someone had stolen more than 50 eight-track tapes sometime the night before.

Charley E. Green said his car was parked at Woodbriar Apartments when someone forced entry and took between 25 and 30 tapes.

J.W. Featherston, mentioned the board's handling of tax money, which was in conflict with the legislation written in the last session. According to information from Austin, the board will be responsible for appraisals only, and local offices will handle assessing and collecting of taxes.

Considerable damage was inflicted to both the inside and outside of the automobile at the same time. Total loss and damage was estimated at \$324.

Police were told that 24 tapes and a case, and other small items were taken from Ray Copeland's vehicle at 301 E. Diamond, Apt. 13, the same night. Estimated loss was \$217.

Free enterprise speaker's topic

An address "The Texas Woman in the Free Enterprise Economic System" by Mrs. Earl Watson, was the highlight of the 23 Study Club program Thursday afternoon.

"America is a great nation, and two things have contributed greatly to making her great: having been founded on belief in God and the free enterprise system," Mrs. Watson stated.

She observed that free enterprise works well for the Texas woman and mentioned several illustrations. These included Mary Kay of cosmetic fame; J. Harris with an innovative line of clothing for juniors; Diane Pingree, editor of the Texas Woman magazine; and Grace Jones with her exclusive dress shop in Salado.

Mrs. Watson chose to emphasize Bette Graham, inventor-founder of Liquid Paper Corporation. After an unsuccessful marriage, she determined to carve a life of existence for her and her young son, now owner of a record company in California.

While working as a secretary, Bette Graham was constantly frustrated because she had no effective way to make permanent and undetectable corrections on

her typed work. In 1951, she started working on a quick formula in her kitchen and after seven years of hard work and discouragements, she perfected the solution and named it Liquid Paper Correction Fluid. Today, the corporation is a worldwide company, with labels printed in nine languages, and used by office workers in 84 countries.

"Bette Graham has faced the vicissitudes of a demanding existence that have made her outstandingly aware of the needs of other women, but she is firm in her conviction that women must learn how to be independent and to earn their own money", Mrs. Watson said in conclusion.

The meeting was held in Texas Electric Reddy Room. Mrs. O.E. Lochridge and Mrs. Earle Denny were hostesses. Miss Ethyle Kidwell was program leader.

For the devotion, Mrs. Chauncey Weiler chose the Collect for Club Women to show that it contained many thoughts for New Year's resolutions.

Mrs. Joe Singer critiqued "A Study of Faces" as portrayed by Norman Rockwell for the arts number. She showed some of the artist's poses that tell

a great deal about American life and people and translate the reality of the adult world into the reality of the child's world. She selected some of the pictures that best show what Rockwell's works are to the art world.

The pictures included "Home Duty", "Freedom of Speech and Worship", "Freedom from Want and Fear", "GI Homecoming", "Young Girl Blossoming into Womanhood", "Discovering Santa", and "Well-Tended Woman".

During the business conducted by Mrs. Erwin

Soell, officers were elected for 1980-82. The slate included Mmes. China B. Smith, president; C.A. Hicks, vice president; L.E. Brooks, secretary; Earle Denny, corresponding secretary; Keith Aulds, treasurer; Travis Smith and T.M. Thaxton, executive committee; Soell, parliamentarian.

Refreshments were served from a table laid with pink linen and centered with a pink azalea arrangement. Mrs. Soell presided at the coffee and punch services.

MICHAEL SARGENT and GLORIA WILLHITE

April date is selected

Miss Gloria Willhite and Michael Sargent will be united in marriage April 12, according to an announcement by her parents, Mr. and Mrs. Harold H. Willhite of Blanca, Colo. Parents of the future groom are Mr. and Mrs. Marlin J. Sargent of Iowa Park.

A graduate of Sierra Grande High School in Blanca, Colo., Miss Willhite attended Baylor University at Waco where she was a music major. She is employed as a cashier at Sheppard AFB and serves

as organist at the chapel. The groom-elect was graduated from Iowa Park High School and TSTI at Waco and is associated with his father in the E&S Exxon Service.

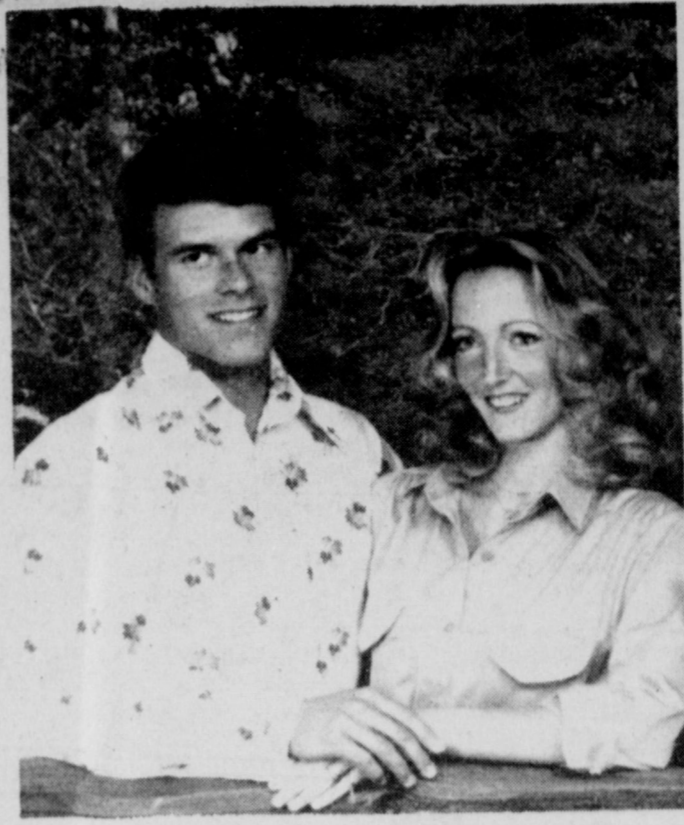

Mrs. Nunn is hostess

Mrs. Wm. Nunn was hostess Monday for the meeting of the Night WMU of First Baptist Church.

Mrs. Bill Curry conducted the period devoted to prayer for missionaries on the birthday calendar for the day to open the meeting.

Mrs. V.I. Woodfin directed the business. Announcement was made of the WMU Focus Week Feb. 10-17 when the 100th anniversary of Texas WMU will be spotlighted.

Mrs. J.A. Berg led the program from Royal Service titled "The Missionary Call" and told "The Story of Six G.A. Girls" to set the stage for other topics. Taking part were Mmes. Woodfin, E.T. Patterson, J.C. Roby, D.O. James; and Miss Helen Reed.

WILLIAM FARMER and DEIDRE KRUGER

Engagement announced

Mr. and Mrs. George Kruger of Wichita Falls announce the engagement of their daughter, Diedre Roxanne, and William James Farmer, son of Mr. and Mrs. J.W. Farmer of Iowa Park.

Miss Kruger attended Wichita Falls High School and is secretary for Kruger

Aluminum and Brass Foundry. Her fiance was graduated from Iowa Park High School and is a student at Midwestern State University.

A wedding date has not been set.

Announce engagement

Mr. and Mrs. Roman Alambar announce the engagement and approaching marriage of their daughter, Cynthia, and Bobby Phillips, son of Mrs. Ida Phillips of Cosby, Tenn.

Miss Alambar was graduated from Iowa Park High School and is employed by Levi Strauss. Her fiance was graduated from Cosby High School. He served in the U.S. Army and is employed by White Auto Home Office.

The couple will be married Feb. 1.

Library is topic

Mrs. W.A. George, a charter member of Epsilon Eta chapter of Epsilon Sigma Alpha and chairman of the Iowa Park Library Board, was guest speaker for the Tuesday evening meeting of the sorority.

She gave the history of the library that was founded through the efforts of the Evening Lions Club and Wayne House, and stressed the current need of a larger and newer facility. She was introduced by Mrs. Kennie Jones.

Mrs. Jones called attention to the important place that the Recreational Activities Center has in the community and of the opportunities it offers for community involvement. She said that the United Way funds half the budget for the center and at present it houses a dance studio, provides a place for dances, Brownie and Optimist Club meetings and a variety of classes.

Mrs. Bud Mercer, president, announced the District VI meeting at Fort Worth for this weekend.

Mrs. Raymond Cope, a former member was a guest. Twelve members and six pledges were in attendance.

Hostesses for the meeting held in Texas Electric Reddy Room were Mmes. Carter Pirkle, Robert Needham and Richard Hicks.

Four finish degree work

Four area residents were among 163 students completing requirements during the 1979 fall semester at Midwestern State University, according to Betty Bullock, MSU registrar.

Mrs. Louis Sefcik completed work on her Master of Education degree, while two other Iowa Parkans completed their bachelor's degrees: Debra Bohannon Gruber, Bachelor of Science in Education; Donald Wayne Shierry, Bachelor of Business Administration.

From Holliday, Barry Don Lucy finished his work on his Bachelor of Science in Education degree.

TOPS meets

Sixteen weighed in at the TOPS Club meeting Monday night. Mrs. John Henry Jones was a new member and Mrs. Roland Putman was TOPS Queen.

Mrs. Don Wynn read an article by Edwin Bayrd on the "Healthiest Way to Lose 10 Pounds in Two Weeks" for the program.

Blood pressure clinic slated

Mrs. Roberta Cole, RN volunteer, will administer tests at the free blood pressure clinic at Friendly Door Tuesday between 9 a.m. and 12 noon.

Members who have birthdays during January are Hazel Rogers, Ola McLaurin, Ula White, Opal Watson, N.E. McKinney, Ida Parker, Betty Lowe, Nettie Rumble and Lois Holloway.

Volunteer workers for December were Faye Woodfin, Helen Reed, Tommy Smith, Maurice Todd, Margaret Archer and Lynn Lambert.

Jay Bradlee, an eight pound, six and a half ounce son, was born to Mr. and Mrs. Gary Frazier of Richardson December 16. Mrs. Frazier is the former Susan Bonner.

Grandparents are Mr. and Mrs. Clyde Bonner of Hereford and Mr. and Mrs. James Frazier of Iowa Park. The great-grandparents are Mrs. Fannie Bonner of Sweetwater, Mr. and Mrs. W.M. Frazier of Narrows, Va. and Mrs. Elsie Moore of St. John's Newfoundland.

According to Chinese legend, Emperor Shen Nung drank the first cup of tea when leaves from a wild tea bush accidentally fell into his boiling drinking water.

TRACY LEE

Couple picks June date

Mrs. Sue Lee is announcing the engagement of her daughter, Tracy, and Robert L. Jordan, son of Mr.

and Mrs. Mark H. Jordan of Malvern, Ark.

Miss Lee is a senior at Iowa Park High School where she is in cosmetology and she is employed at Harvey's. The future groom attended Malvern High School. He belonged to the band and played football. He works for Acme Brick in Malvern.

The couple are planning a June 7th wedding.

Jason Robert and Heather Leigh, twin babies, were born to Mr. and Mrs. David L. Perry Jr. January 3. Jason weighed seven pounds and one half ounce and Heather weighed six pounds and seven ounces. Mr. and Mrs. David L. Perry Sr. of Kamay, Allen C. Yates of Electra and Mrs. May Terry Sammons of Larose, La. are the grandparents.

'Human rights' speaker's topic

Mrs. Chauncey Weiler gave an address on "Human Rights" to close the United Methodist Women's meeting Tuesday morning.

She gave three categories into which Human Rights could be divided. These were: the right to be free from governmental violations of the integrity and dignity of the person; the right to fulfillment of such vital needs as adequate food and shelter, health care and education; and the right to enjoy civil and political liberties.

Mrs. Weiler pointed out instances of the violation of human rights, on each continent showing that problems are global. She concluded with an appeal to all Christian forces everywhere to bring about changes through dedicated effort and determination.

Mrs. George Trammell gave a devotion based on "The Promises of God" as outlined in Paul's letter to the Ephesians.

During the business meeting conducted by Mrs. Gene Owens, it was voted to buy a Bell and Howell projector for use by all organizations in the church. Mrs. Bertha McDonald was honored with a life membership presentation in recognition of her dedicated work in all areas of the church as well as in UMW.

Twenty-five members from four fellowships were present.

ABOUT TOWN

Vanesa Stucki, Miss Majorette of Texas, was featured in a twirling act for the Evening Lions Club program Tuesday. She was introduced by Wayne House. Robert Buechler of Wichita Falls was a guest.

Thelma (Mrs. J.W.) Raney is a LVN by profession, but she always has time to devote to her church, homemaking and hobbies. Cooking, both plain and fancy, is one of her specialties, and she and her sister, Miss Aline Griffin, derive a lot of pleasure through inviting their friends in for meals and open houses and sharing their delectable style of cooking with them. This is enjoyed in recipes that have been around for a long time and those of more recent origin.

One of Mrs. Raney's recipes this week is Old Tea Cakes. The recipe is one that the late Mrs. Clint Watkins of Kirbyville handed down. As a girl she helped her father grind sugar cane for syrup and sugar. They only had homemade sugar at their house and it was used in the tea cake recipe.

Her Baked Corn in Casserole is a reminder that corn is typically American. It is surrounded by mystery and legend and Indians believed that it was the gift of the Great Spirit. It once grew in the highlands of southern Mexico. The pre-Columbian Indians "tamed" it and brought it to the north where it now satisfies the most cultivated taste. As popular as corn is today, it was once the cause of a "petticoat rebellion" by the ladies of the 18th century French Louisiana because they were accustomed to fancier meals in France.

Mrs. Raney has lived in the Wichita Falls area since 1919. She was graduated from City View High School and took her LVN training at Texas Women's University in Denton. She has taken further educational courses. She nursed at Sheppard AFB from 1956 to 1965 and was there when the tornado of 1964 struck the base. She has also worked at Wichita General and Bothania Hospitals and now does private duty altogether.

She is a member of First Baptist Church and the Friendship Sunday school class, Wichita County Heart Association and District II Nurses Association. She served as chairman of collecting wigs for M.D. Anderson Hospital at Houston, a project of the Wichita County Cancer Association and is presently collecting wigs for Social Services at Wichita General Hospital. Her hobbies include ceramics, sewing, cooking and canning.

OLD TEA CAKES

4 cups flour
4 level teaspoons baking powder
1 cup shortening
2 cups sugar
2 eggs
1/2 cup sweet milk
2 tsps. vanilla
Sift flour, baking powder and a pinch of salt together. Add shortening to sugar. Beat the eggs just long enough to break the yolks; add sugar and shortening. Alternately stir in flour and milk. Add vanilla. The dough will be very stiff. It may be refrigerated or rolled at once. Flour the board and roll as thin as desired. Cut and shape or size. Grease a cookie sheet for the first batch. Wipe it with wax paper if needed after baking; do not grease again.

Heat oven to 350 degrees. Bake until lightly browned on bottom. Makes about 10 dozen medium-sized tea cakes.

BAKED CORN IN CASSEROLE

1 #2 can cream style corn
1 #2 can whole kernel corn
1 large onion, chopped
1 medium-size bell pepper, chopped
1 small jar pimento
2/3 cup sweet milk
1 egg, slightly beaten
1 cup rolled cracker crumbs
1 cup grated cheese
1/4 cup melted oleo
2 T sugar
Salt, pepper and red pepper to taste
Chop onion, pepper and pimento; combine with corn and other ingredients in order given. Mix well and pour into greased pyrex casserole and bake in 350 degree oven for one hour or until done in center.

CHILI PIE

1-19 oz. can Wolf chili
1 medium pkg. small Fritos
1 large onion
5 ozs. mild Cheddar cheese
Put 1/2 can water in chili and heat until well mixed. Put layer of cheese, onions, Fritos in casserole and cover with chili. Repeat until you have used all of chili. Top with cheese, cover and bake at 350 degrees 45 minutes.

CHEESEBURGER LOAF

Mix 1 can Campbell's cream of mushroom soup, 2 lbs. ground beef, 1/2 cup fine dry bread crumbs, 1/2 cup chopped onion, 2 T parsley, 1 T Worcestershire sauce, 1 slightly beaten egg, 1 t salt, dash pepper.

Mix thoroughly, shape firmly into loaf and place in shallow baking pan. Bake in moderate oven (350) about one hour. Top with tomato slices and 1/2 cup shredded mild cheese, bake 15 minutes more. Serves 8 deliciously.

BEEF WITH SOUR CREAM

1 lb. lean beef round steak
1/4 cup flour seasoned with salt, pepper and garlic salt
2 T vegetable oil
3/4 cup chopped onion
1 cup beef broth
1/2 t thyme
1-4 oz. can sliced mushrooms and liquid
1-10 oz. pkg. frozen green peas
1/2 cup sour cream
3 to 4 cups hot cooked rice
Remove bone from steak. Cut meat into thin strips and dredge in flour. Using a large skillet quickly brown meat on all sides in oil. Add onions, broth, thyme and liquid from mushrooms. Cover and simmer about 45 minutes or until meat is tender.
Add mushrooms and peas and cook about 10 to 15 minutes. Stir in sour cream. Heat, but do not boil. Serve over hot, fluffy rice. Garnish with pimento, if desired. Makes 6 servings.

COLE SLAW FOR FREEZER

1 medium head cabbage, chopped
1 bell pepper, chopped
1 carrot, chopped
1 t salt
Mix salt with cabbage, let stand 1 hour. Squeeze out excess moisture. Add carrot and green pepper. Boil 1 minute:

Mrs. J.W. Raney

1 cup vinegar
2 cups sugar
1/4 cup water
1 t whole mustard seed or celery seed
Cool. Pour over cabbage mixture and put in container. You may freeze and refreeze. Dip out as much as you like; it will thaw in just a minute.

MILLIONAIRE PIE

1 can Eagle Brand milk
1 cup chopped pecans
1 large can crushed pineapple with juice
1 large carton Cool Whip
3 teaspoons lemon juice
Fold in Cool Whip after other ingredients have been mixed. Pour into 2 - 9 inch graham cracker crusts.

Gibson asks re-election to county sheriff post

John Gibson has announced he will seek re-election to a second term as Sheriff of Wichita County. Gibson has filed for a place on the Democratic Party primary ballot.

"In announcing my candidacy for re-election as sheriff I want to thank the citizens of Wichita County for your support during the past three years.

"Also, a special thanks to the employees of the sheriff's department, for without your loyalty and dedication it would have been impossible to accomplish the many tasks assigned us," Gibson said.

During his three-year administration, Gibson pointed out three programs which he believes to have vastly improved efforts and results of his department.

He said the increased patrol division in the rural areas has cut down rural burglaries and curtailed oil field thefts, resulting in recovery of stolen property and sending offenders to jail.

Gibson credited improvement of the department's photography laboratory, which allowed investigators to work with color rather than black and white, has

JOHN GIBSON

made the department more effective.

Development of a bad check and forgery division has resulted in recovering of thousands of dollars to persons which would previously had been lost, Gibson said, though he emphasized the department is not a collection agency.

"I am grateful for the opportunity to serve as your sheriff. Eventhough we are far from being through, I am hopeful that you are satisfied with what we are doing and the progress we have made in upgrading the department," Gibson said.

The Living Word

The church, in the ideal state, according to Paul, is "a glorious church, not having spot or wrinkle or any such thing; but that it should be holy and without blemish" Eph. 5:27. The church is intimately related to Christ and is an integral part of Christianity. Sometimes we miss the glory of the church in the same way we miss the glory of the family. God has ordained three, and only three, divine institutions on earth—the home, government, and the church. All three are from God, but sometimes the glory of them escapes us. The home does not seem particularly glorious when you are washing dishes, or when you are mopping the kitchen floor, or when you are cleaning up a baby. Likewise, when we look at some of the day-to-day affairs of the church, its glory sometimes seems rather remote. During the next few weeks, I would like for us in this article to look at "The Glory of the Church."

First, it is glorious because of its origin. It all began in the mind of God, and not in the minds of men. Nobody on earth dreamed of the establishment of the church; it was God's idea and it was God's idea from the beginning. It was NO afterthought, as some theo-

logians have contended in later centuries. Back in the beginning of time, God planned for the church. It is that much of a divine, eternal, institution. Notice Paul's statement in Ephesians 3:8-11, "To me, the very least of all saints, this grace was given, to preach to the Gentiles the unfathomable riches of Christ, and to bring to light what is the administration of the mystery which for ages has been hidden in God, who created all things; in order that the manifold wisdom of God might now be made known through the church to the rulers and the authorities in the heavenly places. This was in accordance with the eternal purpose which He carried out in Christ Jesus our Lord." The essence of this reading is that according to the eternal purpose of God, which he purposed in Christ, the manifold wisdom of God is made known through the church.

In the SECOND place, the church is glorious because of its foundation. "For other foundation can no man lay than that which is laid, which is Jesus Christ" I Cor. 3:11. The foundation of the church is no human being nor set of doctrines, but rather the person of Jesus, the divine Son of God. Notice Matthew 16: 13-18 where Christ told Peter that he would build His church on the fact that He (Christ) is the Divine Son of God. Peter's confession, "Thou art the Christ, the Son of the Living God" is the foundation of the Lord's Church! (to be continued...)

WINNERS from among 100 youngsters who competed Saturday in the first annual Optimist Tri-Star Basketball Skills Contest were: top photo - Angie Martin, 1st, Connie Feix, 2nd, fourth grade girls, Kathy Walker, 1st, Shelly Thomas, 2nd, Kim McRoberts, 3rd, fifth grade girls, Dena Beavers, 1st, Pam Alderson, 2nd, Jeanette Garrett, 3rd, sixth grade girls, with Jim Grove, president Iowa Park Optimist Club; bottom photo - James McIlroy, 1st, Scott McCarter, 2nd, Bret Barrick, 3rd, fourth grade boys, Scott Weaver, 1st, Robbie Wilson, 2nd, Dennis Phillips, 3rd, fifth grade boys, Donald Young, 1st, Tom Perry, 2nd, David Dietrichson and Shawn Finley, 3rd, sixth grade boys, with Jim Merrick, Tri-Star director. Skills were tested in dribbling, passing and shooting.

Try lowering the temperature in your home to 68° this winter. You'll save on your heating bill.

A setting of 68° during the winter is the one Texas Electric recommends for both comfort and energy efficiency. For each degree above 68° the energy used for heating your house is increased by approximately 4% per degree. As shown by the chart the difference between the recommended thermostat setting and 74° is 24%. At 78° the increase in energy usage is 40% or more. Clearly, the lower you set your thermostat the lower

causes your heating system to work longer and that costs you more. Check the filter at least once each month.

All forms of energy are costing more these days. If you're serious about saving energy and money, call us to find out about our Operation Tighen-Up program. We'll show you practical ways to save on your heating bills.

City council to consider ordinances

Four ordinances and a resolution are to be on the agenda Monday when the Iowa Park city council meets at 7 p.m., according to Steve Morath, city administrator.

Ordinances include authorizing additional traffic control signs to be erected; abandoning a portion of Victoria between East Highway and Cash; authorizing the mayor to execute a contract for comprehensive planning assistance funds; and increasing the side yard setback for homes built on corner lots.

The comprehensive funds will amount to \$15,000, Morath said. The Texas Department of Community Affairs will provide \$10,000 and the city the balance.

Single family and general residential structures will be required to set back 15 feet, instead of the present 10-foot requirement, on corner lots, if the proposed ordinance is approved.

A resolution will be proposed for acceptance of the final draft of a traffic engineering plan.

Council members will review and

act on the audit report; discuss forming a committee to assist in publicizing the 1980 federal census; award bid for a compact pickup; and receive meeting minutes from the Planning and Zoning Committee and Traffic Safety Board.

Morath said a personal appearance will be made by Lt. Col. Jerry Johnson from Ft. Sill, Okla., who will propose to trade various items from the camp's salvage yard for the World War II gun vehicle presently on display in the city park.

Saturday entry deadline for pageant

Deadline for entering the 1980 Miss Wichita County Scholarship Pageant is Saturday, according to Jewel Thompson, pageant director.

Civic and social organizations in the area are encouraged to sponsor candidates, or young ladies may submit their own names, according to the director.

The contest is sponsored by the Iowa Park Optimist Club.

Applications may be obtained by contacting the director at 592-4618, after 5 p.m.; Peggy Stolpher, 592-5155; or James Richter, 322-6722.

Entrants must be between the ages of 17 and 26 on Labor Day, must be a high school graduate by Labor Day, and must never have been married.

Poise, beauty and talent will be the three major requirements. Each contestant will be judged in evening

gown, swimsuit and talent.

The winner will receive a \$500 scholarship, \$500 wardrobe, numerous other gifts, and the right to represent Wichita County in the Miss Texas Pageant.

First runner-up will receive a \$250 scholarship. All scholarships are provided by the Optimist Club.

The pageant will be held in the Iowa Park High School auditorium.

Valley View

Continued from Page 1

adequate classroom space on the campuses in Iowa Park, if the sixth grade were located at the junior high campus. This is due to the continued reduction of student population in the district.

There was an agreement between Iowa Park and Valley View school district representatives, when the districts consolidated in 1971, that the Valley View school would remain open. But, as one trustee pointed out, there was a clause in the agreement that it would remain open "as long as

it was financially feasible."

Trustees are seeking public input on the closing of the campus to aid in their decision at the next meeting.

OTHER BUSINESS

Basketball coach Keith Barrick received permission to take a group of freshman and sophomore players to the state tournament in March, as an incentive measure for the players. Trustees approved the request because they said there was no cost to the school (money earned in the concession stand will be used) and

private vehicles rather than buses will carry the group to Austin.

Paving of Clara Street, where the school has land for Building Trades class home-building projects, will be bid on in a package with other paving to be done by the city. Estimated cost of paving and half block of curb and guttering is \$15,000.

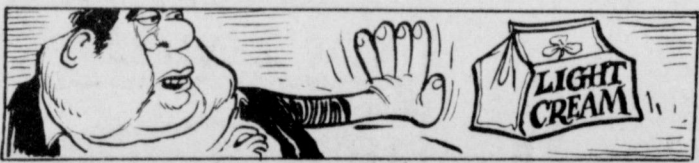

All materials for completing the outside portion of the new gymnasium at the high school are on site and ready for workmen.

Travel by the boys' track team to three meets outside the 75-mile limit was approved. The meets include two at Stephenville and one to Grapevine. All trips outside a 75-mile range by students must receive board approval, according to a policy enacted last month by trustees.

Trustees approved a proposal for Valley View students to hold their annual basketball tournament at the junior high gymnasium again this year. It was proposed that all star teams of boys and girls be entered in the Little Dribblers regional tournament, and board members agreed.

Some say green jasper will prevent snakebite.

As I See It....

By BOB HAMILTON

It requires years to observe evolution in the world of nature. But you don't have to be around very long to see evolution in the world of business.

Some of our folks, for instance, have been living long enough to see the dramatic evolution in transportation. They can tell you about the old wagon yards, livery stables and steam locomotive passenger trains. These were replaced by 18-wheel diesel trucks, the automobile and jet airplanes.

It's got to be tough to just have gone into business and get caught up in the evolution of business.

Take, for instance, a fellow who sinks his life's savings into the old type drug store, where the income was based primarily on trade at the soda fountain, rather than the prescription department. And all of a sudden, the drive-in restaurant comes into town and kills the soda fountain business.

Or how about the guy who sold the family farm to purchase the Studebaker automobile dealership, and all of a sudden Studebaker manufacturing ceased. In my short life span, I can remember when there were 10 or so lines of automobiles

built in the United States. And had it not been for the socialist thinking of our government, we would have only two today, instead of three.

With the world situation as it is today, I wouldn't want to be in two businesses: recreational vehicles and cameras.

We have watched the recreational vehicle business change from one of the major industries in the nation to a liability in one short year. It's because of the cost and availability of fuel, of course.

You're wondering about the camera business?

Well, unless something changes, dramatically, stock in the camera business is going to drop about as fast as did the recreational vehicle business.

It's because silver is a main ingredient in film. And if you haven't noticed, the price of silver has increased proportionately with gold. And gold is completely out of sight. . .

reaching as high as \$680 an ounce on one market this week.

Silver has risen about five times what it was worth a year ago, but the price of film is just now beginning to catch up. One manufacturer reported this week that the price of X-ray film would quadruple immediately, but didn't say what would happen next week.

So this means that the hobby photographer is going to have to cough up more money to maintain his pastime, or get out. It means that newspapers, like the Leader, will probably cut back somewhat on the photographs used, or at least not take as many shots of the same subject to get "just the pose" we want.

As fast as the world situation is changing, there doubtfully will be similar changes in various areas of business.

So if you will just watch, you will see evolution taking place all around you.

Fire key rate said lowered

Fire insurance key rate for Iowa Park will be lowered by 26 cents according to information received by Philip Welch, local insurance agent.

Confirmation has not been received by the city hall, because City Administrator Steve Morath said yesterday no information of a key rate change has yet been received from the state office.

The key rate is a factor used to determine fire insurance rates paid by property owners. The rate varies depending on frequency and extent of damage of fires in a community, fire fighting equipment available and training of firemen.

107 WEST PARK

Smith seeks commissioner nomination

Sidney C. Smith has announced he will seek the Democratic Party's nomination as a candidate for Commissioner of Precinct 3 in Wichita County.

Smith, 53, is best known for his work with rural volunteer fire departments, having served as Wichita County Fire Coordinator since 1956 and County Civil Defense Director since 1968.

A resident of 2811 City View (between Iowa Park and Wichita Falls), he and his wife, the former Ruth Evelyn Durham, have two sons and a daughter. He attended Midwestern University (Hardin College) and served in the U.S. Air Force.

He is a deacon and head usher of the First Baptist Church in Wichita Falls and served four years in the bus ministry. He is also a member of Gideon International.

Smith is past president of the City View Rural Neighborhood Improvement Organization, winning championship community in Wichita County and the Bridwell Soil Builders Award. He has been an adult 4-H leader 15 years.

In the business world, Smith worked more than 10 years for a major oil company, five years for contractors as job superin-

SIDNEY SMITH

tendent on construction projects for cities, state and on federal jobs, and owned his own liquid petroleum gas business 15 years. He is a past member of the Texas L.P. Gas Association board of directors.

In his activities relating to fire fighting, Smith lists he is a member of International Fire Service Instructors; instructor at Wichita Falls Area Fire School; instructor "Handling Hazardous Materials Transportation Emergencies"; instructor "Radiological Defense Officers Training"; on the board of directors of Texas Volunteer Firemen and Firemarshals Certification Board, Dist. 10; member of "500" Club, Fire Museum of Texas; charter member of

Emergency Medical Technicians, Red River Chapter; worked to expand Emergency Medical Service with paramedics in Wichita County; coordinates simulated disaster exercises with area departments, rescue squads and ambulance services; and has established five rural volunteer fire departments in the county.

Smith says he is experienced in administration, sound business practices and budget preparation.

"My reason for asking for permission to serve the persons in Precinct 3 of Wichita County is, I feel that Christian principles should be upheld above all other reasons, that I will be a Christian first, servant to the people second, and a politician last. As a Democrat, I will be able to accept the responsibility of the duties of the office and represent my many friends who have asked me to seek election." Smith said.

Ensey completes mechanic course

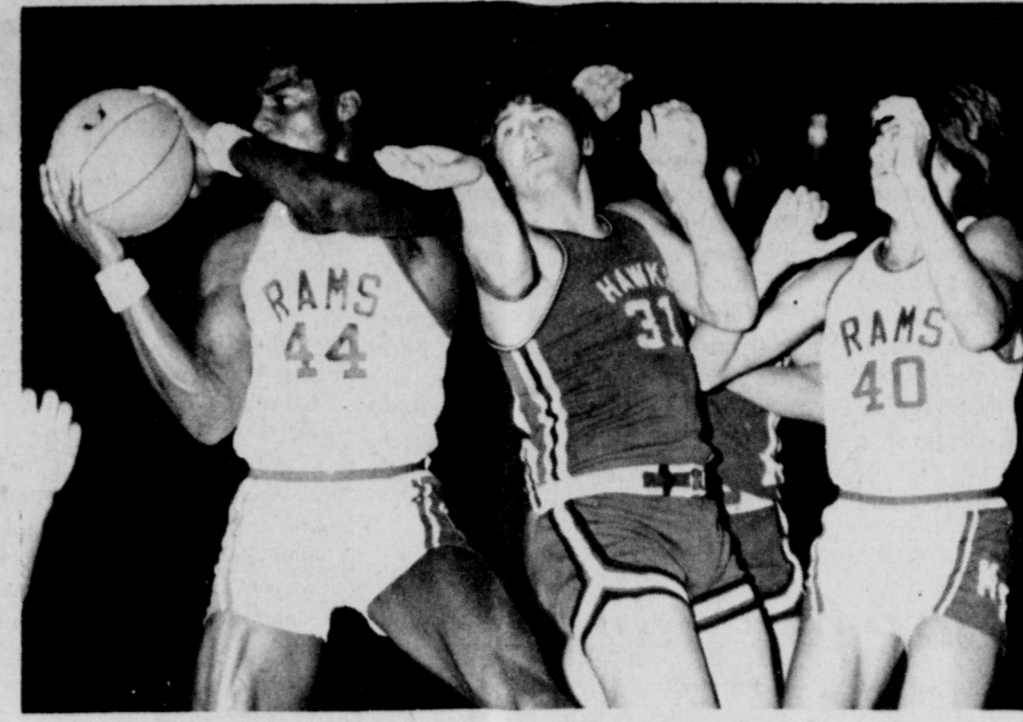

National Guard Pvt. Kirtis R. Ensey, son of Mr. and Mrs. Harold Smith, Kamay, recently completed a tracked-vehicle mechanic course at the U.S. Army Armor School, Fort Knox, Ky.

During the course, students were trained to repair engines, transmissions, and the fuel, electrical and hydraulic systems of the Army's tracked-vehicles. They also learned to perform recovery operations for abandoned, damaged, disabled or mired vehicles.

Lerew candidate for county attorney

Harold Lerew became the first candidate for Wichita County Attorney. In announcing his candidacy Tuesday, the Wichita Falls attorney compared his experience with the three major areas of concern in the county attorney's office - prosecution of misdemeanor crimes, child neglect, and mental health commitments.

Lerew pointed out his experience as a city prosecutor in Class C misdemeanors and as a defense attorney in private practice. In child abuse and neglect cases, he has served as the court appointed attorney for children in

RONNIE REUSCH, 31, TRIES FOR BALL AGAINST MINERAL WELLS

Hawkettes beat Vernon

Iowa Park's Hawkettes returned to their winning ways Tuesday at Vernon when they defeated the lady Lions, 50-44, but the Hawks continue to have their problems, losing 65-48.

The girls lost their first Dist. 4-AAA game Friday night 65-27 to defending champion Mineral Wells. The same night, the two-year defending champion Rams defeated the Hawks 76-49.

The Hawkettes now hold a 2-1 district record, while the Hawks are 0-2. Tomorrow night Iowa Park hosts Weatherford in a tripleheader, with the girls' junior varsity playing first at 5:30. Tuesday the teams travel to Graham.

In Tuesday's action, the Hawkettes took an 8-6 lead at the end of the first quarter, but trailed 21-19 at

the half. A big third quarter, in which Iowa Park outscored the Lady Lions 20-8, proved to be the difference in the two teams.

Linda Rowell was high scorer for Iowa Park, canning 17. JoAnn McClurg had 14.

The Hawks held their own with the Lions through the first quarter, which ended in a 16-16 tie. But the hosts outscored Iowa Park in each of the following periods to nail down their first conference victory.

Wes Klinkerman had 17 points and Ronnie Reusch 15.

MINERAL WELLS

Based on returning players for Iowa Park and Mineral Wells, and play between the two teams last year, the Hawkettes were to give their visitors a hard time and the Rams were to run away with the score. But

it was just the opposite.

The Mineral Wells girls showed their strongest team of the past three years, with the ability to field at least four players six feet or taller, plus the added bonus of excellent shooters from the outside.

The Ramettes jumped to a 19-6 lead by the end of the first period and never let up. They outscored the frustrated Hawkettes 19-4 in the third quarter.

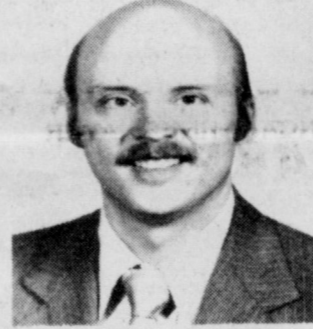

Rowell was high scorer for Iowa Park with 13 points, despite the fact she had only two field goals.

In the boys' game, the Hawks stayed within striking distance of the Rams until early in the fourth quarter. Mineral Wells led 17-11, 39-26 and 52-39 at the end of the first three periods.

But in the final stanza, when Jesse Kimbrough leaped high to slam dunk a tip in, the fight seemed to drain from the Hawks. Eight more quick points on full court press steals put the Rams far enough ahead that the bench was emptied by reserves.

Klinkerman and Reusch led scoring with 17 and 14 points respectively.

Iowa Park won the boys' junior varsity game, 60-41, with Steve Smith and Dan Muckensturm scoring 14 points each.

HAROLD LEREW

elor of arts degree in English and psychology.

Married, and the father of a nine-month-old daughter, Lerew is a member of the First United Methodist Church, Texas State Bar, American Business Clubs and the board of directors of Beacon Lighthouse for the Blind.

several such cases.

In the area of mental health commitments, Lerew stated he had worked at the Wichita Falls State Hospital before entering law school, has a degree in psychology and has served as counsel to the Wichita Falls Community MHMR Center for the one and a half years.

A Democrat, Lerew has been in private practice since February of 1978. He was a 1975 graduate of Texas Tech University Law School and served as assistant Wichita Falls city attorney and city prosecutor from October 1975 to January 1978.

A 1965 graduate of Wichita Falls High School, Lerew attended Midwestern University, earning a bach-

Guthrie is candidate for county commissioner

N.E. (Junior) Guthrie is announcing today that he will seek the Democratic nomination as candidate for Precinct 3 Wichita County Commissioner being vacated by Buck Voyles, who is retiring after having served as commissioner since 1948.

Guthrie, 55, who has lived in Iowa Park 54 years, stated, "With the background that I have in the construction business and management, familiarity with budget making, materials and costs, I feel that I am qualified to continue the good work that our precinct has grown accustomed to."

"I will listen to the people whom I serve at all times, welcome and weigh their suggestions carefully in an effort to make decisions that will benefit the majority and not the minority. I realize the importance of good roads in rural communities and I will expend every effort possible to improve them", he stated.

Guthrie was born in Wills Point and moved to the Iowa Park area when he was one year old. He was graduated from Iowa Park High School in 1941 and worked in construction one year before entering the Army in World War II where he served four years with the Engineers Corps in the China-Burma-India theater.

Upon discharge from the service, he returned to Iowa Park and resumed construction work. He was married to Mary Padgett, daughter of the late Mr. and Mrs. J.D. Padgett, in 1946.

Realizing the importance of furthering his education, Guthrie entered Midwestern University in 1949 and was graduated with a degree in

N.E. GUTHRIE JR.

agriculture in 1952. He worked for the Soil Conservation Service at Spearman for two years following his graduation from college.

Returning to Iowa Park in 1954, he entered the dairy business with his father-in-law. During that time, he also served as manager of the Farmers Co-op between 1955-56. He sold the dairy, formed Guthrie Construction Co., and has devoted fulltime to the construction business since.

Guthrie is a member of First Baptist Church, a 32nd degree Mason, member of the Maskat Temple, and Disabled American Veterans, former member of the Iowa Park School Board and Volunteer Fire Department. He helped organize the Jaycees in Iowa Park and served as the first president. He also sponsored a Little League Baseball team several years.

The Guthries have two daughters, Rita (Mrs. Tommy) Britt of Burkburnett and Karen (Mrs. Alan) Cletcher of Iowa Park; one son, Douglas of McLean; and one grandson, Cory Britt.

GENERAL INFORMATION
Generally, anyone 18 years of age is eligible to enroll. High school seniors may enroll with the permission of the high school principal and the college registrar. Other persons who did not finish high school, may enroll if over 18 and out of public school a full year or have successfully passed the GED tests. Texas residents may enroll for 2 courses for \$50 or 3 courses for \$61.00 plus textbooks.

Council rejects gas proposal

SEWER PLANT CONSTRUCTION workers fit forms where concrete will be poured later to form the main settling tank. Good weather has put construction ahead of schedule, according to Lee Dimock, Wes-Tex Construction Co. foreman.

The Holliday city council voted to reject two rate increase proposals from Lone Star Gas Co. and retained the services of Don Pennington as chief of police, in major action taken Monday night.

Councilmen were briefed by Lone Star representative Buford Wright on the rate increase proposal in which the average monthly residential bill would climb from the present rate of \$22.37 to \$27.40.

In addition to the base rate increase, the service charges would also be drastically affected. The reconnection charge for

example would quadruple the present rate, from \$5 to \$20, and the disconnection for repair charge, previously paid for out of the general service charge, would be \$40.

The reason for the skyrocketing service charges, according to Wright, stems from a survey taken in the Dallas area in which Lone Star Gas found that the present charge didn't cover the actual expenses. "So now, Lone Star Gas is using the concept that whoever uses the service pays for it," Wright said.

After lengthy discussion, the council voted to reject

the proposal.

Wright then informed the council of the future legal steps involved in the council's decision, and of an alternative to the total rejection of the proposal.

The council's rejection of the proposal will be contested before the Railroad Commission, along with the other cities in the state. If the Commission rules in favor of Lone Star Gas, then the rate increase would actually have been in effect retroactive Oct. 3, and all unpaid rates and legal expenses will be added to the consumer's bills.

Wright also told the council of an alternative to the rejection of the proposal, in which a rate-bond package would be put in effect temporarily until the Commission's decision. In this package, the increase could be put in effect, and all money between present and proposed rates would be put in escrow until the final decision from the Commission. If the Commission rules in favor of Lone Star Gas, then the difference would already be paid, plus Lone Star Gas would put up six percent of the deficiency.

The council again rejected the proposal. Councilmen also met with Chief of Police Don Pennington in an attempt to clarify some misconceptions as to the actual duties expected of Pennington, and the answering of calls outside of the city limits.

Following an executive session, closed to the public, the council informed Pennington that his contract is still in effect, and that mayor

Tom Hall and Pennington would get together in the future to try and establish better communications between the police department and the city administration.

In other action, councilmen passed a resolution granting a 20-cent increase in the sewer rates, heard a report by Ernest Andrews on the construction of the water treatment plant, met with Lloyd James concerning the possibilities of opening Cherry Street through to Magnolia Street, and agreed to send city

secretary Lavern Slatten to the Texas Municipal Election Law Seminar later this month.

Andrews told the council of progress in construction of the waste water treatment plant. According to Andrews, the crew is three months ahead of schedule.

Andrews also told the council of the need to raise the water rates with the addition of a 20-cent per thousand gallons rate over the present base rate of \$2. The resolution was passed by the council.

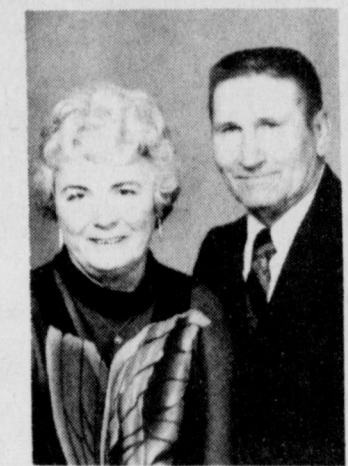

Noles to observe 50th anniversary

Mr. and Mrs. G.D. Noles will celebrate their 50th wedding anniversary Sunday at a reception at their home in Dundee.

The reception will be hosted by their four daughters, Mrs. Rosemary Copeland of Andrews, Mrs. Claudette Stegall of Dallas, Mrs. Joe Ann Gilmore of Dundee and Mrs. Izola Hunsaker of Wichita Falls. All friends of the couple are invited to attend.

Mr. Noles was named "Outstanding Citizen of Dundee for 1978" and formerly served four years on the Archer Soil Conservation Board, and 12 years on the Holliday School Board.

Mrs. Noles, the former Lorine Cook, daughter of

MR. and MRS. G.D. NOLES

B.G. Cook, moved with her family to Archer County in 1924 and settled in the Blackflat community.

The couple have 10 grandchildren and two great-grandchildren.

Nursing student gets scholarship

Linda Watkins, a second-year nursing student from Holliday, was recently named to receive a \$100 scholarship from District II of the Texas Nurses Association.

Watkins, who serves as secretary for the MSU Student Nurse Association, was selected for her scholastic achievement and an exceptional commitment to nursing.

Obituaries

Mrs. Edd Hieserman

Services for Mrs. Edd Hieserman, 97, a longtime resident of the Clara community, were Wednesday in the Trinity Lutheran Church at Clara with Rev. Fred C. Darkow officiating. Burial was in the Clara Cemetery under direction Tanner-Aulds Funeral Home.

Born Nov. 18, 1882 in Chalco, Neb., she moved with her parents to Texas in 1889.

She is survived by three daughters, Mrs. John L. Primm of Dallas, Mrs. J.H. Fish of Big Spring and Mrs. Neal Hall of Fort Worth; one son, Clarence of Pensacola, Fla.; a sister, Mrs. W.F. George of Iowa Park; 10 grandchildren and six great-grandchildren.

Ed Enthrop

Funeral service for Ed Enthrop, 66, of Holliday was held Friday in the Our Redeemer Lutheran Church in Wichita Falls with burial under direction of Owens and Brumley Funeral Home.

He was born Aug. 15, 1913 in Wichita Falls and had been a resident of Holliday for 12 years.

He is survived by his wife, Irene; a son, Edward Jr. of Longview; three daughters, Glenda Blancett of Pearl, Miss., Janice Wells of Jackson, Miss. and Donna Salyan of Japan; two brothers, Alfred of Wichita Falls and Henry of Iowa Park; three sisters, Carolyn Jarvis and Christine Roberts, both of Wichita Falls and Gertrude Steleck of Palestine, Texas; and nine grandchildren.

Charlie Hanaway

Funeral service for Charlie Hanaway, 66, of Rocklin, Calif., a former resident of Iowa Park, will be today at 2 p.m. in Sands Funeral Home in Loomis, Calif.

During the time that he lived in Iowa Park he drove a truck for Barbour Trucking Co. for 14 years. He moved to California in 1952.

He is survived by his wife, the former

YMCA launches drive

The Wichita Falls YMCA will kick off its annual membership enrollment Jan. 14 and will seek 2,600 members during the two-week drive.

"There are still many people who believe that just because they don't live in Wichita Falls they can't join the Y," says John Opie, drive chairman, "and I want to extend an invitation to everyone in the north Texas area to investigate what the Y has for him."

Opened originally in 1949 the YMCA was exclusively for men and boys but in the

last 10 years the Y has taken on a family image and women and girls are regular participants.

All of the youth programs are co-ed and boys and girls alike enjoy year round swimming instruction and fun in the heated pool.

Gymnastics class is the main gym activity for the youth and instruction is given on all the pieces of equipment used in the Olympics. All youth classes are graduated from beginners thru advanced so there is always another step ahead.

Friendly Door Lunch Menu

Mon. Jan. 11 - Chili dogs, split pea soup, dll pickle, applesauce cobbler.

Mon. Jan. 14 - Tuna fish casserole, green beans, salad, pear halves.

Tues. Jan. 15 - Meat loaf, sweet potatoes, spinach, cole slaw, sheet cake.

Wed. Jan. 16 - Oven fried chicken, potatoes, peas, salad, pineapple slice.

Central heat and air, 3 bedroom, 1 1/4 bath, living room, den, kitchen-dining combination, single car garage. Was \$32,500, now \$20,000.

SCIENCE IN OUR LIVES
Other Options

The health hazards associated with the use of the pill and our changing attitudes about man's role in sharing responsibility have led many women to consider switching to the barrier methods of birth control.

Many married couples are finding that recent innovations in the design and materials of the new condoms, like Excita, Fiesta and Fetherlite, may both enhance the quality of marital relations and help contribute to shared responsibility.
