ROBIN DOAN

NEXT WEEK IN FORT WORTH

Iowa Park beauty Miss Texas entry

Miss Robin Doan will be competing with 68 other Texas beauties next week at Fort Worth when the Miss Texas beauty pageant is held.

The 18-year-old graduate of Iowa Park High School qualified for the state contest Feb. 9 when she was crowned Miss Wichita County in a contest sponsored here by the Iowa Park Optimist Club.

Now a resident of Wichita Falls, Miss Doan is the daughter of Robert Doan and Marilyn Abernathy.

Activities for contestants begins Sunday in and around the Tarrant County Convention Center, with the dimax taking place the following Saturday night.

Through the week, contestants will be judged in evening gowns, swimsuits, personal interviews and talent competition. From the week's events, the top 10 will be selected, and they will be in the finals Saturday night, which will be shown on television.

The winner will represent Texas in the Miss America contest pageant in Atlantic City.

In preparation for the state contest, Miss Doan has been coordinating her wardrobe, exercising and working on her tan.

"The support I have received from everyone has been overwhelming," she said, "and I want to thank the community and the Iowa Park Optimist Club for giving me the opportunity to represent them."

Two other contestants in the Miss

Should the newly-formed Wichita County Tax Appraisal District hire the turn-key services of a firm to set up county-wide appraisals and records, farm out part of the work to a firm with the assistance of district personnel, or use all district-hired personnel?

That is the question being studied by the district's board of directors, and there seems to be no easy answer. Confusing the issue appears to be finances and politics.

The board heard proposals from three professional tax appraisal firms at a meeting Monday, and has already called a meeting for July 16 to receive bids from the firms along with an outline of services proposed.

David Coombs, Wichita Falls Tax Assessor/Collector, told board members his estimation of setting up the county-wide office, complete from

personnel to assessment records, would be \$1,087,821 if the office were being established "from scratch."

Coombs said usable record information, personnel and equipment would be given in-kind values which would be deducted from the amount each taxing entity would be required to pay.

Iowa Park city and school share of the district would be \$69,000, he estimated. He told the board he could not estimate the worth of Iowa Park rendition records since he had not

seen the office cards in three or four years.

State legislation passed in the last session requires merger of county or even multi-county tax appraisal districts for the purpose of having uniform appraisals by all the taxing entities within the newly-formed districts. Individual districts would still be responsible for setting their own rates in order to collect the taxes needed to operate.

None of the professional appraisal firms would give a cost proposal, each

representative saying they wanted the proposals to all be opened at one time. That is to be done July 16.

Barney Baker of Professional Appraisal Co. of Arlington proposed to do a turn-key program for the district, providing not only the staff and equipment to do the appraisals and set up the records, but also personnel to meet with the public to explain increases and also to handle public relations.

Foy Mitchell Jr. of Associated Tax Services Inc. of Irving said he felt

most of the existing records were probably usable, so his firm would want to set up the computer program which would be necessary for the new district to operate.

"I'd love to come in here and sell you on a general job, but you don't need it, and you couldn't afford it," Mitchell said.

Edward Pritchard Jr. of Pritchard and Abbott Valuation Consultants said he was ready to make a bid proposal on all oil and gas producing leases in the county, but when board members said they also wanted his services to include heavy industry, oil industry personal property and utilities, he said he would be happy to re-work his proposal.

Neither of the other firms said they wanted to undertake the areas Pritchard's firm concentrates on. Pritchard and Abbott have handled part of Iowa Park's tax appraisal work for several years, as well as some of the other taxing entities in the county.

Politics has entered the picture since at least two entities have said they wanted to provide the basis for the new appraisal office. The county and Wichita Falls are bidding to provide the basis for the office.

Taxing entities include Wichita County, City View school, and the cities and school districts of Wichita Falls, Iowa Park, Burkburnett and Electra.

VOL. XI, NO. 43 IOWA PARK, WICHITA COUNTY, TEXAS 76367 THURSDAY, JULY 3, 1980

No problems yet....from hot temperatures

Local authorities are knocking on wood, hoping to maintain their no-problem status for the duration of the extremely hot weather spell the area and state is experiencing.

Thus far there have been only minor problems with public services, as maximum temperatures have ranged between 110 and 116 degrees since the beginning of last week.

Three or four small transformers have been knocked out of the Texas Electric Service Company lines in this area, according to Wayne House, manager, due to overloading of lines.

Actually, area residents are not using a whole lot more electricity than they were two weeks ago. TESCO figures indicate Iowa Park and area used 15-million watts of electricity Tuesday, while consumption June 18, before the hot spell, was 13.5-million watts.

Most residents apparently are not attempting to do more than spot watering in their yards, because the city department has been able, according to Steve Morath, city administrator.

A malfunctioning meter prevents a daily count of gallons of water pumped from the water treatment plant, Morath said, but it is estimated daily consumption exceeds 2-million gallons.

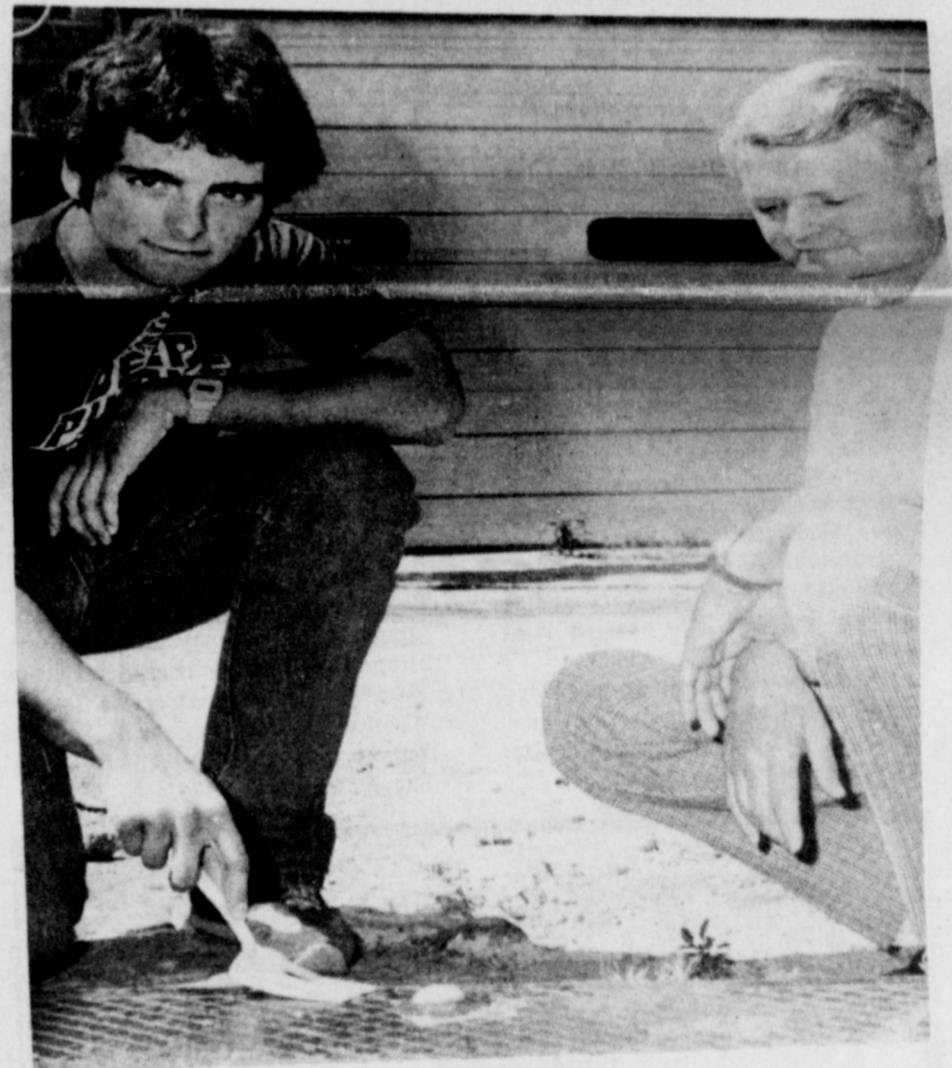

Water department personnel are taking care how they pump water into transmission lines, to prevent as best they can the breaking of the lines. So far it has worked, Morath said.

No emergency calls have been received by the police department for persons overcome by heat, according to Chief Charles Whittingstall.

Whittingstall said he often suggests to people he sees working in yards, especially the elderly, that they put off their work until later or earlier in the day, when temperatures are not at their highest peak.

Fire department personnel are on the alert, because grass and weeds are dry now, and fires are expected to be commonplace.

Firemen are especially apprehensive about persons setting off fireworks this weekend.

EGG FRYING WITHOUT PAN POSSIBLE THESE DAYS
....Ken Roberts and L.W. Teel test the temperature.

Council meeting to follow commission

The Iowa Park city council will hold a called meeting Monday night, immediately following the regularly-scheduled meeting of the planning and zoning commission, which is to start at 7 p.m. in council chambers.

Reason for the called council meeting is to act on a zoning change, if the planning and zoning commission takes favorable action on a request. Dr. Carter Pirkle proposes to build

a dental office on the northwest corner of Johnson Road and Highway West, next to Ayers Tire. He has asked early action to change the zoning of the lot from single family residence to convenience commercial.

According to the planning and zoning commission's agenda, members will also hear a request to build a new church, discuss water line size for Bogan Acres addition, take final action on a plat for a new housing addition, and discuss a new comprehensive planning assistance program.

Douglas Cook has asked to appear

before the commission to discuss building a new church at Louisa and North First.

Buck Voyles has asked for time on the agenda to discuss water line size for service to residences and proposed residences in Bogan Acres, an area south of the expressway and east of Bell Road.

A plat for Park Side View addition, between Pacific and Gordon Lake, has been discussed earlier and final action is expected to be taken Monday.

Commission members are expected

About Town

Recreation program to begin Monday

A summer recreation program has been set up for the next four weeks at the high school campus, starting Monday.

Tennis, track and baseball facilities will be available, with supervision, for persons of all ages between 9 and 12 each weekday morning.

No fee will be charged. The program is being co-sponsored by the city and school district.

Coaches Jim Arnold and Dick Wineinger will be assisted by some high school athletes in providing instruction and supervision for those participating.

Swimming lessons offered at pool

Red Cross swimming lessons will be given at the Iowa Park Bicentennial Swimming Pool beginning July 14 and continuing for two weeks. Beginner and intermediate classes will be held each day between 7-8 p.m., according to Dick Wineinger, pool manager.

Those interested in taking the lessons may sign up by calling 592-5022 or by going by the pool.

VANDALS DO HEAVY DAMAGE AT SWIMMING POOL
...vending machines subject of Sunday raid.

Vandals damage machines Sunday

Vandals inflicted heavy damage at the Iowa Park Bicentennial Swimming Pool sometime Sunday night.

Someone got inside the pool fence, knocked off a lock on the steel door of the room where two vending machines were located, and tore them virtually apart, according to the police report.

Manager Dick Wineinger found the damage shortly after 8 p.m. Monday and notified authorities.

Both the soft drink and snack

machines' coin boxes are emptied each evening, but some \$10 was still in one machine's change box.

Besides the heavy damage to the machines, cost estimates not yet provided to police, contents were strewn in and around the pool and dressing room and a radio's batteries were found laying on the floor.

The vandals apparently took two red-topped Igloo water coolers, a 2 1/2 gallon and a 5-gallon.

Tire tracks were found in front of the dressing room door, believed to have been made by the vehicle

transporting the vandals. Stacks of bricks being used to construct the new high school gymnasium apparently shielded the view from the road of the parked vehicle.

Darris David Odom, 308 Pecan, reported to police that a go-cart had been taken from the side of his home sometime Sunday night.

Chief Charles Whittingstall said he was aware of a plate glass on the former Jiffy Store on Johnson Road having been broken out during the weekend, but no report had been filed by the building's owners.

Riley, Bartow nuptials read Friday at Kamay

Miss Cindy Sue Riley, daughter of Mr. and Mrs. G.W. Riley, and Paul Stancel Bartow, son of Mr. and Mrs. Floyd S. Bartow, exchanged double-ring vows Friday evening in the Kamay Baptist Church. Rev. Frank Ashby, pastor, was the officiant.

The permanence and beauty of the apricot and ivory silk flowers that were featured in the wedding setting, bouquets, corsages, boutonnieres and reception decorations bespoke of two qualities of a happy and successful marriage.

Beauty and simplicity were artfully intermingled in altar decorations. An unadorned brass archway standing in the center was flanked by votive candelabra. Included in the setting were two dark wooden baskets holding silk apricot parfait roses, ivory and apricot rosebuds with an intermingling of dried baby's breath and dark brown silk leaves for accent. These were held by wooden pedestals.

The wedding musicians were David Arinder, pianist, and Miss Carla Webb, vocalist. Accompanied by the pianist who also played the processional by Wagner and recessional by Mendelssohn, the vocalist sang "The Wedding Song" and "The Lord's Prayer."

The bride was an exquisite picture in a formal gown of ivory organza and Venise lace fashioned to compliment her natural loveliness. The slightly raised bodice was distinguished with a high neck and sheer yoke trimmed in lace, and a lace-trimmed self-pleated ruffle covering the shoulders. The full skirt featured double rows of lace above floor level and a chapel train.

She chose a camelot cap of lace sprinkled with pearls to hold her two-tiered lace-embellished bridal illusion veil that floated to fingertip length. She carried a nosegay where ivory lace formed the background for an artistic grouping of ivory silk parfait roses and rosebuds, dried gypsophila, brown satin leaves from which narrow ivory satin ribbons tied in love knots cascaded.

The bride was escorted to the altar by her father who presented her in marriage for both parents.

Miss Jan Tennant participated in the wedding as maid of honor and Miss Sandra Sorey was bridesmaid.

Lions broom sale considered success

Hot temperatures kept many shoppers away from the annual Noon Lions Club broom and mop sale Saturday, but the sale was still considered a success.

John Sibley, chairman of the project, reported Tuesday total sales were \$1,388.16. The local civic organization paid the Lighthouse for the Blind \$1,042 for the merchandise and retained \$346 to be used for local projects.

"We know a lot more people were intending to buy from us, but just couldn't get out in that 110-plus temperature," Sibley said.

They carried smaller versions of the bride's bouquet, except for apricot lace background and streamers to complement their graceful apricot chiffon gowns fully lined with acetate taffeta. The formal dresses were designed with gathered empire waists, tiered skirts trimmed in lace, and captivating matching capelets enhanced with ivory lace at the necklines of the stand-up collars.

The petite flower girl was Francie Myers, niece of the bride. She was attired in a long apricot sheer frock worn over apricot satin. It was styled with long chiffon bishop sleeves, a hemline ruffle trimmed in lace and a satin ribbon belt. She carried silk apricot open roses and rosebuds in a brown basket.

The groom, fathers of the couple and masculine participants in the wedding wore dark brown velvet-trimmed tuxedos and ties and ivory shirts. The groom's boutonniere was formed of a single apricot rosebud, brown leaves and baby's breath.

Darryl Jolly, brother of the groom, took part in the wedding as best man, and Randy Myers, the bride's brother-in-law, was groomsman. Duties of ushering and seating guests were assumed by Bud Singleton and Richard Lehman.

The corsages worn by the mothers of the couple with their formal gowns were fashioned of ivory silk roses nestled in baby's breath and brown silk leaves. Mrs. Riley wore a pink chiffon gown fully lined with pink crepe with long bishop style sleeves. Mrs. Bartow chose a mint green taffeta gown featuring a capelet in dark and mint green hues.

The bride's parents were hosts for the wedding reception held in the Fellowship Hall of the church. They were assisted by Mrs. Randy Myers, sister of the bride, and Mrs. Rickie Riley, her sister-in-law, Mrs. Fred Tennant and Mrs. Maxine Gragg.

The bride's chosen colors governed decorations in the room and were given special emphasis on the refreshment table draped with an ivory silk cloth.

The open silk apricot roses, baby's breath and dark brown silk leaves used so effectively in the nuptial setting were repeated in the centerpiece. The four-tiered white cake was attractively decorated with apricot frosting molded into roses and *lilies of the valley*. The ornamentation was completed with apricot satin bells on the top tier. The apricot napkins engraved with the names of the bride and groom and their wedding date, and the crystal services added further interest to the table decor.

The groom's parents hosted the rehearsal dinner at Bonanza Steak House.

The bride was graduated from Iowa Park High School and works for Raymond Hulin Rodeo Equipment Company in Kamay. The groom attended Iowa Park High School and works for Dynamic Derricks Inc. of Wichita Falls. They will live in Kamay following a wedding trip to San Antonio.

MRS. PAUL STANCEL BARTOW

Mr. and Mrs. David Parham announce the birth of Heather Denise, a ten pound, thirteen ounce daughter, born June 20. She has a brother, Cory, three years old. Grandparents are Mr. and Mrs. Vernon Wright of Haskell, Mrs. Alyene Parham of Wichita Falls and Albert Parham of Munday. Mr. and Mrs. I.T. Briscoe of Haskell are the great-grandparents.

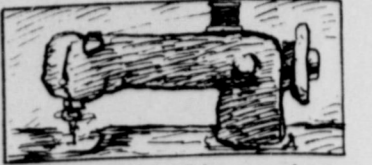

Mr. and Mrs. Joe Bob Petty announce the birth of Becky Renea, an eight pound, eight ounce daughter, born June 16. The new baby has one brother, Corky Joe, two and a half years of age.

Grandparents are Mrs. Bonnie Petty and Mr. and Mrs. Billy Joe Harrington of Iowa Park. Great-grandparents are Mr. and Mrs. A.D. Harrington of Holliday.

Birthday party

Becky Nicks of Amarillo, who has been visiting her grandparents, Mr. and Mrs. Harroll Brown, for a month was honored at a party at Fun Land in celebration of her seventh birthday while she was here.

The honoree and her young friends, Cris McCann, David Friday, Phillip and Jeff Jackson, Mary Owens, Hope and Skip Drissel were served refreshments in the Birthday Hut at the park.

It took about 24 seconds on the earliest sewing machines to sew a hundred stitches.

Maternity cottage need explained to group here

Art Swerdlove, president, and Ruanne Morgan, board member of the recently incorporated Wichita Falls Maternity Cottage, spoke on the aims and needs of the organization at the meeting of United Methodist Women Tuesday morning.

In explaining how the cottage idea came into existence, the speakers told how 57 girls, ages 14 to 26, applied to the Wichita County welfare office for help from Dec. 1978 through Dec. 1979. They desperately needed help because they were pregnant and had no where to go.

In realizing that there was no facility for taking care of such cases in Wichita County, a group of interested citizens met to discuss the problem. The need for a maternity shelter

became evident; so the group adopted by-laws and articles of incorporation which will permit them to operate the Maternity Cottage when funds become available.

At present no funds are available either from the United Way or the county, according to the speakers, so financial help must come from interested individuals, churches and other organizations.

While funds are being accumulated to build the Maternity Cottage, makeshift measures are being employed to care for the unfortunate girls. One method is to make use of Mutual Housing Assistance, a project by which a girl is placed with a private family for the duration of her pregnancy, and she in turn agrees to

help with the housework and child care.

The speakers observed that this was not an ideal plan because not enough homes are available, and often times the girls themselves refuse to enter into such an agreement.

Meetings of the membership of Maternity Cottage are each second Tuesday of the month at 7:30 p.m. at 602 Broad in Wichita Falls. The general public is invited to attend. Mrs. Gene Owens conducted a

short business meeting following the program.

JO LYNN DUCKETT and JIM COCKRUM

Announce engagement

Mr. and Mrs. Ronnie Morris announce the engagement of their daughter, Jo Lynn Duckett, and Jim Cockrum, son of Mr. and Mrs. James Cockrum. September 19 is the date selected by the couple for their wedding.

Both young people were graduated from Iowa Park High School. She was a state contestant in UIL shorthand.

belonged to the pep squad and National Honor Society. She is presently employed at Bethania Hospital as an outpatient clerk.

The future groom was in Building Trades for two years and is employed by Iowa Park Ready Mix.

Kamay chairperson for CF drive named

Mrs. Margarette Wilson has been named chairperson of the Cystic Fibrosis Breath of Life Campaign in Kamay. The announcement was made by the North-East Texas Chapter of the Cystic Fibrosis Foundation.

Cystic Fibrosis is an inherited and presently incurable lung and digestive disease.

All of the programs are supported by events such as the Breath of Life Campaign. For information on how you can help, contact Mrs. Wilson at 438-2393.

TOPS meets

Fifteen weighed in at the TOPS Club meeting Monday night. Mrs. Nancy Henderson was the best TOPS loser and Mrs. C.O. Dodd was the best KOPS loser for the week.

Mrs. Henderson and Mrs. A.O. Beall won the fruits and vegetables prizes for having stayed closest to their goal in the contest that ended Monday. A new contest will start next week and secret pals will be revealed.

Obituaries

Zenas Fenton Dale

Services for Zenas Fenton Dale, 83, a lifelong resident of Iowa Park, who died Monday in Colorado Springs, Colo. after a long illness, will be at 10:30 a.m. today in the First Christian Church.

Rev. Marshall Masters of Big Spring, a retired Christian Church minister and a former minister of the First Christian Church in Iowa Park, will officiate. Joint committal services for him and his daughter, Ruth Mary Grimes, who died Saturday, will be held at Highland Cemetery under direction of Tanner-Aulds Funeral Home.

Dale was born August 25, 1896 in Iowa Park, the son of the late Mr. and Mrs. Z.P. Dale, pioneer area settlers. He was graduated from Iowa Park High School and received a degree from the Baylor Medical School of Pharmacy at Dallas. During World War I, he served in the U.S. Navy and was stationed at the Naval Hospital in Gulfport, Miss.

Following the war, he returned to Iowa Park and he and the late Glenn Kilcrease purchased the Sumner Pharmacy. Later he and his brother-in-law, T.M. Clark, bought Kilcrease's interest and owned and operated the drug store until 1953. After that, he worked parttime as a pharmacist at Berry Drug Store, but devoted most of his time to his farming interests.

He was married to Lucy Payne April 29, 1921. She died Oct. 17, 1977.

Dale was active in the work of the First Christian Church, serving as Sunday school teacher, member of the official board, elder emeritus and trustee.

He served one term as mayor of Iowa Park and several terms as councilman. He served as secretary, vice-president and president of the Wichita County Water Improvement District No. 2, and as chairman of the board of supervisors of the Wichita-Wilbarger Soil Conservation District. He was director of the Wichita County Fair for many years.

Dale received the Bridwell Soil Conservation award and was the recipient of the Iowa Park Chamber of Commerce Senior Citizen award in 1976. He was a member of the Highland Cemetery Association and served on numerous committees for many years.

He is survived by one daughter, Mrs. Ronald (Lucy) Woods of Colorado Springs, Colo.; a sister, Mrs. T.M. Clark of Iowa Park; and four grandchildren.

Pallbearers will be Ray Pittman, Rollin Roberts, Col. W.M. Best, Col. Irv Buck, W.A. George and Fred Parkey.

Ruth Mary Grimes

Funeral services for Ruth Mary Grimes, 43, who died Saturday, will be today at 9:30 in First United Methodist Church. Rev. Marshall Master of Big Spring, former minister of the Iowa Park First Christian Church, will officiate.

Joint committal services for Mrs. Grimes and her father, the late Fenton Dale, will be held at Highland Cemetery under direction of Tanner-Aulds Funeral Home.

She was born Nov. 17, 1936, in Iowa Park. She was graduated from Iowa Park High School and Texas Christian University at Fort Worth. She had returned to live in Iowa Park about one and one-half years ago after living in Brussels, Belgium. She worked as an accountant for James Hall CPA in Wichita Falls.

Survivors include two sons, John Grimes III of Austin, and Marcus Dale Grimes of Brussels, Belgium; and a sister, Mrs. Ronald Woods of Colorado Springs, Colo.

Pallbearers will be Ronny, Bill and Jack Moss, Mike and Ken Roberts, and James Ozee.

C.J. Bryans

Services for C.J. Bryans, 89, of Wichita Falls, father of Mrs. Don Talley of Holliday, will be today at 9:30 a.m. in the Floral Heights United Methodist Church in Wichita Falls. Dr. James Palmer, pastor, will officiate. Burial will be in Riverside Cemetery under direction of Hampton-Vaughan Funeral Home.

Born April 25, 1891, in McDonough County, Ga., he had resided in Wichita Falls 67 years. He was retired from U.S. Postal Service. He was a member of Wichita Lodge 635 AF&M and Floral Heights United Methodist Church.

He is survived by his wife, Margorie of Wichita Falls, three daughters, Mrs. B.T. Barton of New Braunfels, Mrs. Dennis Dye of Houston, and Mrs. Don Talley of Holliday; three sons, C.J. of New Caney, Charles of Harris and Aubrey of Big Spring; two sisters, Mrs. Cecil Wilderson of Garden City and Mrs. Hal Nunn of San Angelo; two brothers, B.L. of Wichita Falls and Clarence of Big Spring; 10 grandchildren and five great-grandchildren.

Andrea Dawn Teafatiller

Andrea Dawn Teafatiller, infant daughter of Mr. and Mrs. Timmy Teafatiller of Holliday, died Friday.

Graveside service was Sunday afternoon at Highland Cemetery in Iowa Park under direction of Tanner-Aulds Funeral Home, with the Rev. Leo Chappell, pastor of Kamay Assembly of God Church, officiating.

Survivors include her parents; grandparents, Mr. and Mrs. Amos Teafatiller of Holliday, Mr. and Mrs. John Edwards of San Diego, Calif. and Mr. and Mrs. Jerry Head of Wichita Falls, and the great-grandparents, Mr. and Mrs. Robert Newman of San Diego.

Clyde Madera

Clyde Madera, 68, died Tuesday of an apparent heart attack at his home.

Funeral services will be today at 2:30 p.m. at Tanner-Aulds Funeral Home. Carl Hecker, minister of the Church of Christ at Moore, Okla., will officiate. Burial will be in Highland Cemetery.

He was born May 3, 1912, in Hubbard and had been a resident of Wichita County since 1918. He married Zulete Vest Nov. 25, 1933, in Wichita Falls. He was an oil contractor for Gulf Oil Company.

Survivors include his wife, Zulete; two sons, Joe of Wichita Falls and Jim of Seagoville; two sisters, Mrs. Ben Watson of Hobbs, N.M. and Mrs. Les Lennen of Fort Worth; and four grandchildren.

Nephews will be pallbearers.

Mrs. Annye Abernathy

Services for Mrs. Annye Abernathy, 84, of Oklahoma City, were held Wednesday in Tims Funeral Home in Altus and burial was in the Altus Cemetery.

She was born Oct. 2, 1896, in Pecan Gap, Texas, and had resided in Altus before moving to Oklahoma City. She married Carl Abernathy on Nov. 28, 1917, in Altus.

Survivors include her husband; two sons, Chester of Iowa Park and Carl of Oklahoma City; three daughters, Margaret Imel of Oklahoma City, Nova Leonard of Blair, Okla. and Nella Faye Gentry of Woodward, Okla.; a brother, Sebe Maples of Fort Worth; a sister, Fannin Azlin; 14 grandchildren and 17 great-grandchildren.

Letters to the Editor

TO THE CITIZENS OF IOWA PARK:

Parents should know where their children or teenage boys and girls, are. They have been slipping in the sides of our pasture, going to the stock tanks, going swimming and messing around, which we don't allow.

They could be bitten by snakes or drown.

We will not be responsible for any accidents. They are trespassing.

Mr. and Mrs. W.E. Karstetter

Dear Bob,

What is happening to our Little League Program???? Questions always seem to arise when I get the chance to visit our playing fields. Could it be that the emphasis placed on winning has taken the fun out of the sport for the youngster. Could it be that parents are so involved with making a living that time for teaching their children has been shouldered by someone else. Or, could it be that when parents are called upon to help with the program, they have already made other plans for the evening. It is true kids are different than when I was a boy playing baseball, but parents should remember that kids are just what the word implies, they are children that need love and guidance, leadership and direction. Fathers, remember that to your son there is no bigger idol in the world. So that Little League parents won't forget the true spirit of the program, here's something worth remembering. . . .

He stood at the plate with heart pound fast; the bases are loaded; the die has been cast.

Mom and Dad cannot help him; he stands all alone.

A hit at this moment would send the team home.

The ball nears the plate; he swings and he misses; there's a groan from the crowd, with some boos and hisses. A thoughtless voice cried, "Strike out the bum".

Tears fill his eyes; the games no longer fun.

Remember, he's just a little boy who stands all alone.

So open your heart and give him a break.

For it's moments like this a man you can make.

Keep this in mind when you hear someone forget.

He's just a little boy and not a man yet. . . .

Food preserving program slated here Thursday

With food prices at such high levels most everyone is quite interested in any possible way to cut high cost of eating.

This has brought renewed interest in canning, freezing and drying food. It is imperative that reliable tested methods be used, not only to protect time and food investment, but to assure safe, good quality products for the family.

Anita Chaney, Consumer Information Specialist for Lone Star Gas Co. and Linda Kincaid, Home Economist for Texas Electric Service Co. will be sharing reliable food canning, drying, and freezing information at 2 p.m. next Thursday at TESCO Reddy Room in Iowa Park. The program is open to the public with no charge.

Home canning methods are constantly being tested, improved and simplified to perfect the money saving, self-satisfying art of food preservation. No matter what food preservation technique chosen: canning, drying or freezing forget about trick methods and word of mouth "short cuts". There are no short cuts in food preservation.

Council

Continued from page 1

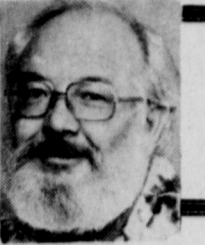

to take final action on a proposed 1980-81 comprehensive planning assistance program, which would be partially financed by the Texas Department of Community Affairs.

An \$8,400 budget for studies of the parks and recreation program, capitol improvements program and a new zoning ordinance will be considered. The state would provide \$5,600 of the budget and the city the \$2,800 balance, according to Steve Morath, city administrator.

Members will also hear a final report on the comprehensive planning assistance project which ended Monday.

As I See It...

By BOB HAMILTON

It appears to me our citizens are being very intelligent about how they handle themselves during this exceedingly hot spell. Very few persons are out working in their yards during the heat of the day, and people seem to be staying inside, if they have any choice at all.

I noticed, while working Saturday during the Lions Club broom and mop sale in the shopping center parking lot, that the flow of traffic was strong up until about 11:30 in the morning, and dropped off to almost nothing.

There's nothing lazy about staying inside during this kind of weather. It's the smart thing to do...like I said, if you have any choice.

Frank Guyette and people like him in the air conditioning service business have just got to be the hardest working people in the country right now. Those people are

working 12 and 14 hours a day, and then spending a lot of their off time trying to explain to people that they've just got to have a little time off to rest.

The hot weather has brought out a bad side of our community. . . . vandalism.

Psychologists tell us that when hot weather hits a city, they can expect crimes of all kinds to increase. People get irritable in hot weather and either go out looking for trouble, or just blow their normal coolness and take it out on someone or something.

We've got some youngsters roaming the city in cars and on foot who are blowing their cool. They've cost the taxpayers, businessmen and individuals a lot of money and inconvenience, and there could be some real trouble come out of it.

The attack on the swimming pool

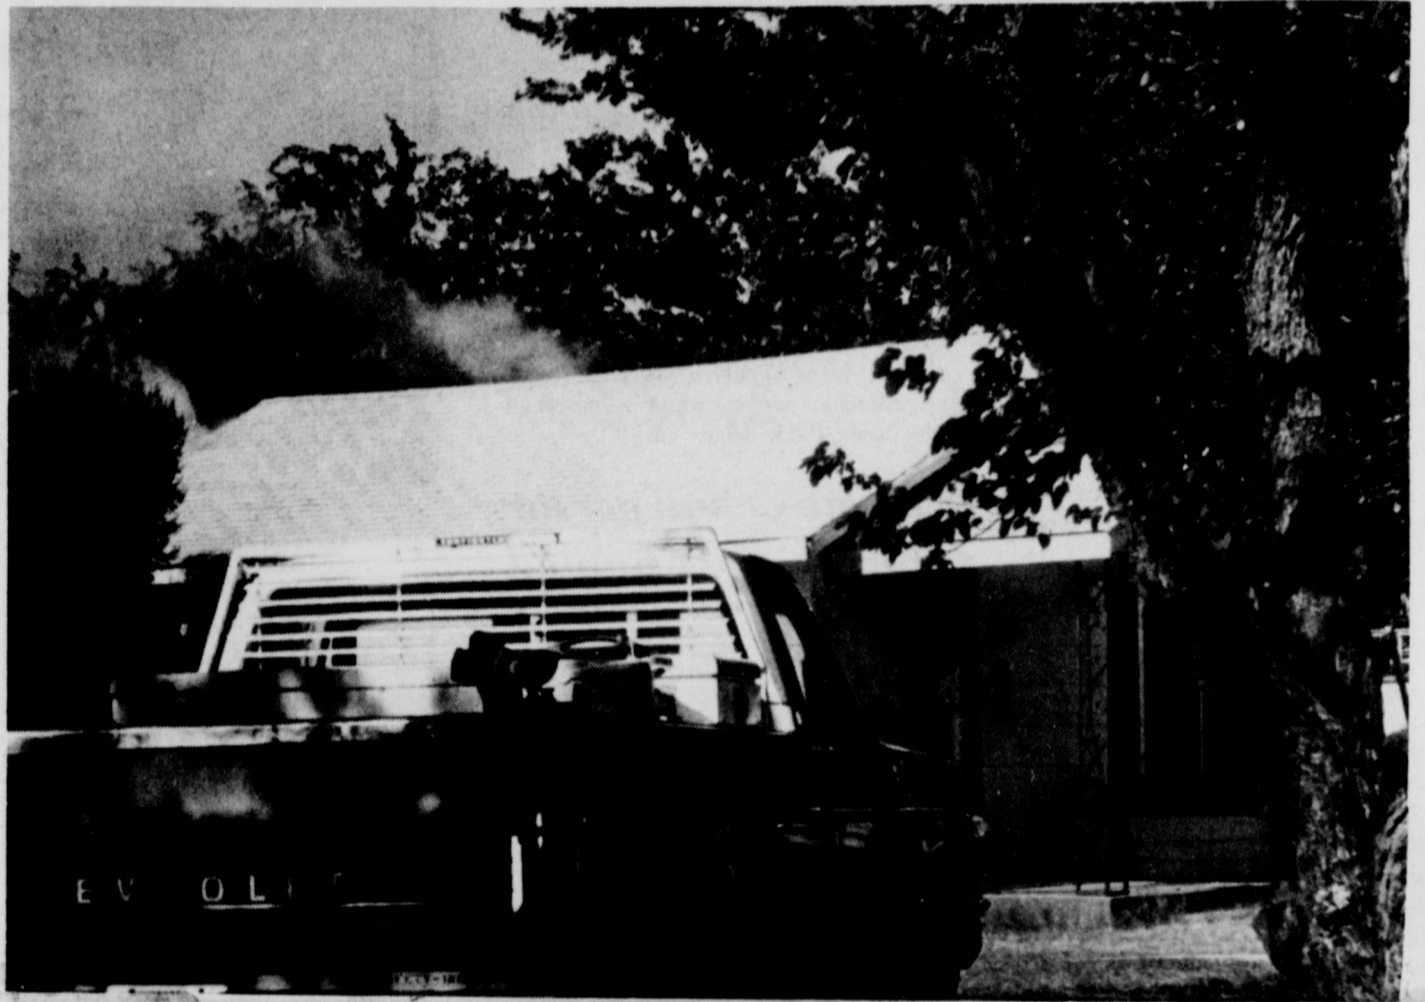

not only cost the taxpayers, but deprived those who use the pool of a certain amount of safety and use of the soft drink machine.

Apparently one or more youngsters have been walking around in neighborhoods, taking gas caps from vehicles. I've heard reports of several cases over town.

Now those who want to take advantage of the coolness of the early evening to do their walking will be watched by suspicious residents.

The weather should not be used as an excuse by those who do destructive things and acts of vandalism. People who can't control their emotions any better than these have been demonstrating have no right being on our streets, or in our community, for that matter.

I have absolutely no sympathy for vandals, and certainly will not give any if I ever catch one of them.

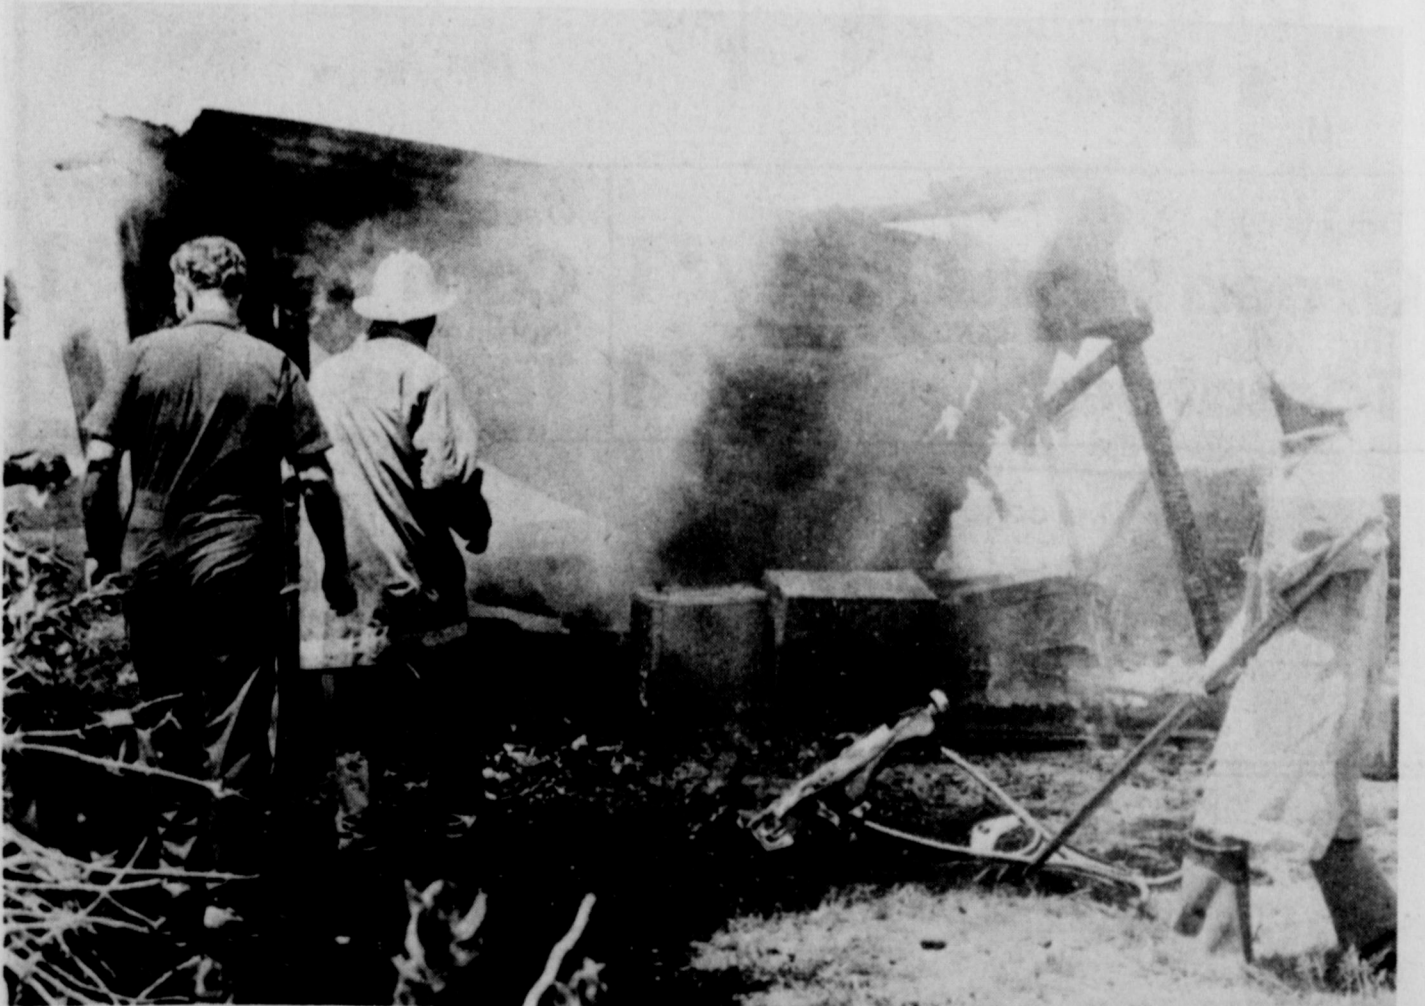

REUNION HEAD TABLE - When the Class of 1970 reunion banquet was held Saturday evening at the Wichita Falls Activity Center, at the head table were Mr. and Mrs. Steve

Berry, left, and speakers Tommy Watkins and Robert Dawson. Some 70 persons attended the event, catered by the Iowa Park MuleSkinners.

STRUCTURE FIRES - Iowa Park Volunteer Firemen were expecting a lot of grassfires, but not structure fires during this hot, dry spell. Especially with July 4th just around the

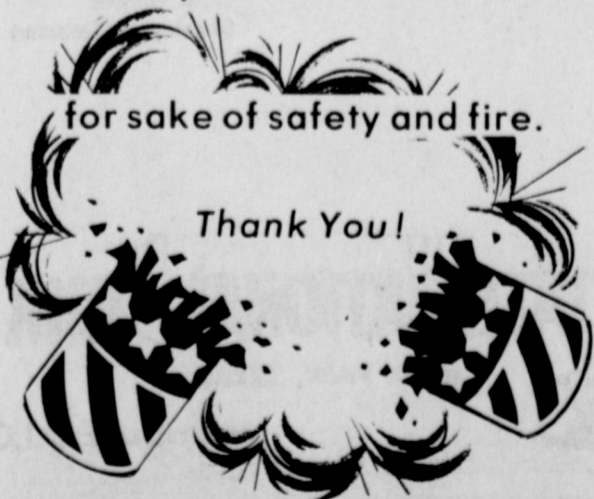

corner. But firemen answered a call Thursday afternoon to the 500 block of East Alameda [top photo], and Monday afternoon to the 800 block of North Yosemite.

Do Not set off your own fireworks this year,

for sake of safety and fire.

Thank You!

Cook of the Week

The Fourth of July that Americans will celebrate tomorrow is always one of the most important holidays for the nation. This year it should take on even greater significance in considering the turbulent world conditions at the present time. As millions of Americans celebrate the 204th birthday of their nation, they should have a greater appreciation of the privileges and opportunities that she affords.

Certain foods and activities seem to be allied to certain holidays. Not many Americans can think about celebrating the Fourth of July without thinking about a picnic, backyard barbecue, fried chicken, potato salad, lemonade, etc. The intense heat this year will probably cause many people to do their picnicking inside or on the patio instead of a roadside park, but the food served will not change drastically.

We asked Rose (Mrs. L.E.) Reynolds to share some of her favorite Fourth of July recipes with us. We could not have asked a more patriotic person or one who has stronger beliefs concerning loyalty to the principles on which our nation was founded, the urgency of following God's laws for a Christian nation and of strengthening family ties. She is the daughter of Mr. and Mrs. John Cassidy, pioneer personalities of Tillman County, Okla.

Mrs. Reynolds was graduated from Frederick, Okla. High School. She received a B.S. degree from the University of Oklahoma and a masters degree in guidance and counseling from East Texas State University. She taught for three years in Iowa Park Junior High School before accepting a position as high school math teacher at Hirschi High School where she has been for the past 12 years.

Her husband, who is currently self-employed, is a former civil service worker at Sheppard AFB. She has one son, Robert L. Dickey Jr. a student at Baylor Medical School in Houston, and a daughter, Jane Dickey, of the home, who will be a senior at Iowa Park High School next year. They are members of First Baptist Church.

A "Sparkling Fourth" finale to the Fourth of July meals is assured if Mrs. Reynolds' "Fourth of July Alaskan" is served for the dessert. This can be done ahead of time. She is also sharing a gelatin salad which is perfect for a backyard barbecue and several old stand-by favorites for the holiday meals.

FOURTH OF JULY ALASKAN

- 6 round cake-type shortcakes
- 1 10-oz. can frozen blueberries
- 1 1/2 pt. vanilla ice cream
- 6 Tbsp. strawberry preserves
- 4 egg whites
- 1/2 cup sugar
- 1/4 tsp. salt

Set shortcakes on a waxed-paper covered wooden board. Spoon 1 Tbsp. strawberry preserves into each cake. Add a scoop of ice cream and top with frozen blueberries. Set in freezer

Mrs. L.E. Reynolds

while you prepare meringue with egg whites, sugar and salt. Working rapidly, cover each dessert completely with meringue; be sure to leave no air spaces. Place board with Alaskans in freezer. Since the dessert will be prepared only 12-24 hours before serving time, it can be stored without wrapping.

Immediately before serving, transfer board and all to a 450 F degree oven for 4 minutes. The cake and meringue are defrosted but the ice cream remains firm. To add Fourth of July glory to the dessert, stand a burning "sparkler" in each Alaskan as it is taken to the table.

COOL GELATIN SALAD

- 1 pkg. lemon gelatin
- 1 pkg. lime gelatin
- 1 cup boiling water
- 1 can (14 oz.) sweetened condensed milk
- 1 pint large curd cottage cheese
- 1 cup mayonnaise
- 1 can (13 to 15 oz.) crushed pineapple in heavy syrup

Empty lemon and lime gelatin into large mixing bowl. Pour in boiling water and stir until gelatin is dissolved. Pour in sweetened condensed milk, cottage cheese, mayonnaise and pineapple. Stir until smooth and pour into rectangular baking dish. Refrigerate until firm. Cut in squares and serve on lettuce leaf.

SOUTHERN FRIED CHICKEN

- 2 1/2 to 3 lb. fryer chicken
- 1/2 cup flour
- 1 tsp. salt
- 1/2 tsp. paprika
- 1/4 tsp. pepper
- Salad oil

Wash chicken and pat dry. Mix flour, salt, paprika and pepper. Heat 1/4-inch oil in large skillet. Coat chicken with flour mixture; cook in oil over medium heat 15 to 20 minutes. Reduce heat; cover tightly and simmer 30 to 40 minutes or until thickest pieces are tender. Turn chicken to assure even cooking. Remove cover last 5 minutes to crisp chicken. Yield: 4 servings.

ROQUEFORT POTATO SALAD

- Eight cups cooked new potatoes, diced

- Two cups chopped celery
- One-third cup chopped onion
- Four hard-cooked eggs, chopped
- Two packages (1 1/4 oz. each) Roquefort cheese, crumbled
- 1 tablespoon salt
- 1 cup real mayonnaise
- Chill overnight
- Assorted cold cuts
- Serves: 8

In a large bowl, place all ingredients. Toss gently until well blended. Pack firmly into a bowl. Allow to chill overnight. Unmold. Garnish with sieved hard-cooked egg yolks and cucumbers. Arrange cold cuts around salad.

COLD PEA SOUP

When it's the hottest day of summer and appetites lag, maybe this soup will tempt the family. It is substantial enough for the main dish at lunch, or teams up beautifully with a sandwich-and-salad supper.

- 1 10 oz. pkg. frozen green peas
- 1 cup chicken broth
- 1 large lettuce leaf
- 1 Tbsp. minced onion
- 1 stalk celery
- 1/2 pint cream
- Salt and pepper to taste.

Whirl peas in electric blender with broth and seasonings until smooth. (Even if broth is hot, the frozen peas will keep the soup cold enough to serve immediately.) Stir in cream and season to taste. Top with garlic croutons, if desired.

Iowa Park girls place in state competition

Two Iowa Park girls placed in the state Our Little Miss contest held last weekend in San Angelo.

Becca Reed, six, daughter of Mr. and Mrs. Bill Reed, was second runner-up in the La Petite division, first runner-up in the Livin' Doll competition, and received a second and two third placements in the

professional-amateur modeling competition.

Monica Klinkerman, daughter of Mr. and Mrs. Clifford Klinkerman, was fourth runner-up in the Our Little Miss division.

Winners of the three divisions were: Jennifer Harrison of Winters, La Petite; Shanna Cube of Brownwood, Our Little Miss; and Donna Massie of Wichita Falls, Ideal Miss.

Others competing from Iowa Park were Jenny and Penny Lee, daughters of Mr. and Mrs. Sam Lee; Karen Ellis, daughter of Mr. and Mrs. Clayton Ellis; and Launa Thrush, daughter of Mr. and Mrs. Loy Thrush.

Another Iowa Parkan, Peyton Parkerson, daughter of Mr. and Mrs. Danny Parkerson, relinquished her Miss La Petite crown to the new winner.

Arts, crafts leader voted

Mrs. George Boles was elected president of the Iowa Park Arts and Crafts Association during a meeting held Tuesday evening at the Good Shepherd Church.

Other officers elected were Mmes. Jack Railsback, vice president; Earl Watson, secretary-treasurer; Perry Johnston, telephone chairman; and Jack Witherspoon, publicity chairman.

Mrs. Roy B. Smith used "Ginger Spice" for the theme of her installation service and gave each officer a gingerbread man.

Mrs. Witherspoon gave a demonstration on how to make the canvas for and finish plaster frames, and Mrs. Mel Fleming of Petrolia showed how attractive decorative arrangements can be made with kitchen utensils for the program.

Municipal Court Records

Results of municipal court held here Thursday were: Daniel Clinton Irvin, defective headlamp, \$28.50; James Ray Lucas, expired motor vehicle inspection sticker, \$28.50.

Copening completes non-com course

Sgt. Steve P. Copening, son of Ray Copening, 1014 Van Horn, Iowa Park, recently completed a basic noncommissioned officer course at Fort Bragg, N.C.

During the course, students received instruction in skill development techniques and military occupational specialty subjects.

Copenig is a squad leader and weapons specialist with the 82nd Airborne Division.

His mother, Mrs. Margie Copening, lives in Wichita Falls.

Hughes, Sanders marriage held Saturday evening

The altar decorations for the wedding ceremony performed Saturday evening in First Baptist Church to unite Miss Holley Dawn Hughes and William Scott Sanders were keyed by solemnity. Rev. W.F. Williams, pastor of the Church of God, performed the double-ring ceremony.

Parents of the couple are Mr. and Mrs. Pete Hughes and Mr. and Mrs. Billy Sanders, all of Iowa Park.

A face-to-face white-cushioned kneeling bench placed near the central brass arch swathed with flowering greenery, and the three-branched candlestick entwined with baby's breath that held the meaningful unity candle stressed the solemnity of the occasion. Two seven-branched votive candelabra decorated with the ornamental foliage and two urns of white gladioli held by tall white Grecian columns lent further dignity to the setting.

Pew markers were large white satin bows centered with yellow daisies.

As the bride walked the aisle to the altar with her father, who presented her in marriage for both parents, she paused for a moment at the pew where her mother sat to give her a red rose of love. As she and the groom started their exit from the sanctuary after they had lighted the unity candle to symbolize their union, she gave an identical floral token to her new mother-in-law.

Mrs. Hughes was wearing a blue Qiana dress with a ruffled neckline, long sleeves and pleated skirt. Mrs. Sanders selected a blue polyester ensemble featuring a skirt, sleeveless jacket and floral print bodice. Each wore a white daisy corsage.

The bride's book table set up in the foyer for guests to register as they arrived at the church for the wedding was covered with white lace over yellow. The appointments, in addition to the book and white plume pen, were a tall white anniversary candle encircled with yellow flowers, and two white ceramic doves nestled in tulle. Miss Valerie Ward presided at the table.

Another table in the vestibule featuring an identical cover held a three-votive cup crystal candelabrum.

Mrs. Jerry Gholson presented the pre-nuptial organ medley including "Savior, Like a Shepherd Lead Us".

"Jesu, Joy of Man's Desiring", "God's Love" and "Theme from Romeo and Juliet". She accompanied Miss Michelle Mueller for her vocal solos, "The Wedding Song" and "We've Only Just Begun", and included the traditional marches in her offerings. Another pre-nuptial vocal number was presented by Scott Fowler who sang "Love Is the Blessing", his own composition, for which he furnished the piano accompaniment.

When the bride met her groom at the altar, she was wearing a lovely white Chantilly lace gown over white satin. The Victorian-style bodice was detailed with a sweetheart neckline, flattering ruffles over the shoulders, long sleeves with ruffled cuffs and a natural waistline. The gown featured an interesting tiered skirt, the lowest flounces sweeping into a graceful chapel length train. Her two-tiered shoulder length illusion veil was caught to a Juliet cap of lace and pearls.

The bridal bouquet was a cascade of white miniature carnations, daisies and gypsophila. In following tradition, she wore a pearl droplet and matching earrings for "something new", a gift from her parents. She carried an old embroidered handkerchief to which a 1930 half dollar was attached that belonged to the family of one of the bridesmaids for "something old" and "something borrowed", and wore the traditional blue garter to complete the rhyme.

Miss Penny Hughes, sister of the bride, participated in the wedding as maid of honor. Bridesmaids were Miss Vanessa Brandt and Miss Mary Miller. They wore identical long yellow Qiana gowns with chic draped necklines accented with shoulder bows and elasticized waistlines. For their flowers, they carried single white carnations with daisies and baby's breath added to give an extra touch of beauty.

Masculine members of the wedding party and fathers of the couple wore brown tuxedos with beige ruffled shirts. Jeff Sanders served his brother as best man. Chuck Beggs and Scott Hartgrove were groomsmen. Ushers were Randy Hughes, brother of the bride, and Scott Stubbs. The groom wore a solid beige tuxedo and a beige ruffled shirt trimmed in brown. His boutonniere was a yellow carnation centered with a white daisy.

The bride and groom were both

graduated from Iowa Park High School. She was in Home Economics Co-Op and worked as a teachers aide at Kidwell Elementary School. He is employed as a welder at EGI in Wichita Falls.

A reception honoring the couple was hosted by the bride's parents in the Fellowship Hall of the church immediately following the wedding.

The cloths on the bride's and groom's tables gave the setting a nostalgic touch. The bride's table was covered with yellow and white checked gingham featuring a full length pleated skirt bordered with wide white lace. The groom's table was laid with brown and white checked gingham bordered with wide beige lace above floor level. The white napkins on both tables were engraved with "Holley and Scott" in gold letters.

The centerpiece for the bride's table consisted of a white floral arrangement of carnations, mums and stock grouped around three tall white glowing candles. The table extremities were marked with the crystal punch service and cake.

The impressive bride's cake was in the traditional style with added touches noted in the hexagon-shaped four tiers and inverted crystal toasting glasses that served as dividers between the second and third and third and top tiers. The glasses covered moulded yellow velvety icing roses which combined admirably with scrollwork and many unusual effects of icing to create a beautiful cake. The top tier was crested by a miniature bride and groom dressed in formal white wedding attire set off by a breathtaking backdrop of a lace heart studded with pearls.

The cake was baked by Mrs. Danny Evans of Holliday, the groom's aunt.

Miss Judy Aulds and Tracy Norriss presided at the bride's table.

The groom's table held a five-branched votive candelabrum set off with yellow candles and yellow streamers lettered in gold with "Holley-Scott" trailing from a yellow and brown bow in a recessed area of the brown wood candlestick. The double-ring chocolate cakes were decorated with purple grapes clinging to dark green vines and the names of the newlyweds. Miss Janice Carroll and Miss Teresa Feltman served the cake and coffee from a silver service. Elaine Bernstein and Karen Burnett handed out the white net birdseed bags tied with yellow and brown ribbon from three white wicker baskets placed on a table laid with a white linen embroidered cloth.

Members of the houseparty were Mmes. Glen Miller, Gilbert Mueller, Clyde Patterson, Roy B. Smith, Jack Railsback, Wayne Williams and Luke Coffman.

The groom's parents hosted the rehearsal dinner at the church Friday evening.

Following a wedding trip to Montego Bay, Oklahoma, the newlyweds are at home in Wichita Falls.

Special out-of-town relatives included Mr. and Mrs. L.L. McMath of Lubbock, grandparents of the bride, Mrs. Edna Blackerby of Breckenridge, the groom's grandmother, his uncles and aunts, Mr. and Mrs. David Elder of Lake Jackson, and Mr. and Mrs. Danny Evans of Holliday.

Couple sets July date

Rev. George L. Wood of Ardmore, Okla. is announcing the engagement of his daughter, Loryn Junette, to Keith Russell Edwards, son of Mr. and Mrs. Kenneth D. Edwards of Iowa Park. The wedding will take place July 26th in Ardmore.

Miss Wood was graduated from Ardmore High School in 1976 and from Bethany Nazarene College, Bethany, Okla. this spring with a B.S. degree in education.

The future groom was graduated from Iowa Park High School where he was active in band and A Cappella Choir. He attended Midwestern State University for three years. He is also a 1980 graduate of Bethany Nazarene College with a B.S. degree in accounting. He is employed by Brownwood Gasohol Plant in Waurika, Okla. as head of the accounting department.

Cemetery members set Sunday meeting

The Highland Cemetery Association will hold the quarterly meeting Sunday at 2:30 p.m. at the First Christian Church.

Buddy Johnson will be in charge of the business meeting when appointments will be made to fill officer vacancies.

MRS. WILLIAM SCOTT SANDERS

The Living Word

The unhappiest people I have ever known are those who lacked self-discipline. Mankind has a choice—discipline or disaster. On the other hand, the most mature, best-adjusted, happiest people that I have ever known have been highly disciplined. It is a surprising paradox, but it is true. When we spend our time satisfying our own desires, doing what we want to do, we soon find that we are bored and dissatisfied. But when we are working energetically in some worthwhile cause, even though it may involve sacrifice, long hours, and heavy discipline, it is rewarding and fulfilling. This is at least something of what Solomon was trying to tell us long ago when he wrote the book of Ecclesiastes. Solomon is the classic example of all time of one who sought happiness through self-indulgence, but who found instead misery and disappointment.

The home is crucially important in developing the inner restraints or self-discipline which is so necessary in order for life to be happy. Obviously, the rules in the home are made by parents. Discipline requires strength and courage on the part of the parent. There are many parents who take the easy way out for the moment and allow things to drift along. The easy way out is almost always the wrong way out. Proper discipline takes time. Time to study the entire situation, to listen to all sides of the question, and time to meditate upon the right decision. Discipline must come from discipline lives. It is not possible for those who rebel against their own superiors to administer discipline to

their children. Unless there is self-discipline on the part of parents, it is almost impossible to instill these qualities in their children. Discipline must grow out of love. The child must realize that the parent loves and has his good at heart. Richard Baxter, said, "We take all things well from one who always and wholly loves us." The future welfare of our nation depends upon a more effective teaching of discipline in the home. Study the Bible in the privacy of your own home. Write for a free Bible Correspondence course and enrich your life. Church of Christ, P.O. Box 320, Iowa Park, Texas 76367.

Kitchen shower for bride elect

A surprise kitchen shower honoring Miss Lauri Long, bride-elect of Anthony York, was given Saturday afternoon in the home of Miss Risa Roberts.

The bride's chosen colors were predominant at the refreshment table. Covered with rose-pink linen, it was centered with a burgundy teapot holding a pink floral arrangement interspersed with wooden spoons and gingham ribbons. Of special interest was a colorful rolling pin inscribed with the names "Lauri and Anthony."

The guest list was composed of the bride's attendants for the July 19th wedding. These include Misses Risa Roberts, Laura Bowerman, Celeste Glenn, Marianne York and Renee Williams. Mothers of the engaged couple, Mrs. Raymond Long and Mrs. Daniel York, were also present.

Elliott, Goetze make honor roll

Two Iowa Park students attending Tarleton State Univ. made the school's honor roll for the spring semester, according to John Whiting, registrar.

Richard Elliott and Larry Goetze both made the B honor roll for having a grade point ratio between 3.00 and 3.99 with no grade lower than B.

Gypsum, lime results vary

By Don D. Decker
County Agent

Both gypsum and lime boosted wheat yields for Freddy Daume south of Iowa Park. However, they failed to give any crop response for Marvin Klinkerman north of Iowa Park, Pat Malone at Punkin Center, and Loyd and James Barbour east of Iowa Park.

A soil test on the Daume field indicated a deficit of 500 pounds of calcium per acre with a 6.7 soil pH. Soil tests on the other farms called for no calcium. This speaks for the need to have soil tests conducted every 3-4 years on each farm.

Zinc gave no wheat yield response in Daume's test. Actually, the zinc showed some yield reduction. The 12-15 pounds of zinc per acre should have caused no yield reduction so some sampling error may be involved.

Daume's top yield came from 100-46-0 plus 3,000 pounds of lime per acre producing 46.6 bushels per acre. This was a 24.5 bushel boost over 0-0-0 check plot which made 22.1 bushels per acre.

47 Texans said to die

The Texas Department of Public Safety will conduct "Operation Motorcade" for the 1980, 4th of July. It will begin at 6 p.m. today and end midnight Sunday.

The most tragic part of a national holiday, such as the 4th of July, is the wasteful loss of human life upon our highways. The Department of Public Safety predicts 47 persons will die in fatal traffic accidents during this period in Texas.

The two most dangerous things the driver can do is speed and drink. Each driver should be aware of both the condition of the road and vehicle, as well as his personal condition before he gets behind the wheel. Drive as if your life depends on it - because it does!

An economic analysis indicates the 24.5 bushels provided an added value of \$84.04 per acre. The added cost for harvest, fertilizer, and lime amounted to \$59.50 per acre. This gave an added net return of \$24.54 per acre.

His 100-46-0 plus 3,000 pounds of lime made 43.6 bushels giving a net return over costs of \$14.85 per acre. The standard fertilizer recommendation for this area (100-46-0) produced 33.3 bushels returning \$11.87 per acre.

When 12-15 pounds of zinc was added to the 100-46-0, it made 27 bushels per acre. This was only 4.9 bushels over the 0-0-0 check plot, which was not enough to recover the fertilizer costs. This combination lost \$10.57 per acre.

The high yielding wheat variety in one test can be the low yielder in another trial. This is exactly what happened when Coker 6815 (beardless) made 35.9 bushels in the demonstration by Loys and James Barbour. It was tops in their test while the same variety was a low yielder in the Dan Flippin trial at Punkin Center.

This goes back to what Dr. Earl Gilmore of the Research and Extension Center at Vernon says in regard to evaluating wheat variety tests. Growers need to look at results from as many tests as possible in order to obtain reliable yield data.

Lindon was second in Barbour's test with 33.6 bushels per acre while it was the top yielder in Flippin's demonstration. Other top yielders for Barbour were Rall-32.3 bushels, Newton - 31.2 bushels, and Vona - 29.0 bushels.

The remaining varieties and the yield in bushels per acre for Barbour were TAM 101 - 28.9, TAM 105 - 26.9, Maverick - 26.8, Texred - 25.8, and Payne, 25.4.

TAM 106, Tascosa, and Sturdy tied for the eleventh with 22.9 bushels each per acre. This wheat variety information is being compiled and will be mailed to all growers before September 1.

Cole, McCord wedding vows exchanged here Saturday evening

The Church of Christ was the setting for the wedding ceremony performed Saturday evening to unite Miss Jacqueline Ann Cole, daughter of Mr. and Mrs. A.B. Cole, and James Dale McCord, son of Mr. and Mrs. Harold McCord. Michael Danchak was the officiating minister for the double-ring nuptials.

The impressively-decorated nuptial space featured a candlelight setting. The center altar held an arch with side columns lavishly decorated with baby's breath. Cathedral candles burning in a fifteen-branched white wrought-iron candelabrum decorated with palm leaves towered above the arch in the background. Seven-branched candelabrum on either side of the arch held tapers to provide further illumination.

The lower altar was lighted by the candles aglow in spiral brass candelabra entwined with the chosen flowering greenery. The candlestick that held the special candle for the bride and groom to light after they had been joined in holy matrimony was ornamented with baby's breath and white wedding bells. Family pews were designated with palm plaques centered with white satin bows.

Nuptial music was provided by Miss Deena Hefner who sang "If",

and a quartet composed of Lee Gwinn, Chris Lester, Ricky Blair and Miss Hefner who sang the processional and "Sweet, Sweet, Spirit."

The bride's father gave her in marriage for both of her parents. Her attractive wedding gown was made by the groom's mother. Fashioned of white bridal satin, the gown was designed with a high-waisted bodice trimmed with floral lace, a low neckline, fluted collar and long lace sleeves. A camelot cap of lace and pearls held her fingertip tiered tulle veil edged in lace. She carried a bouquet of blue silk carnations and roses and baby's breath with matching streamers.

Miss Julie Vines was maid of honor. The bridesmaids were Miss Francis Blount of Groover, Miss Sylvia Hill and Miss Tracy Hale. They were attired in long ice blue satin sleeveless gowns designed with V-necklines, gathered front waistlines and short belts trimmed with buttons. They carried long stem white carnations touched with baby's breath.

The groom was attended by his brother, Dick McCord, as best man, Rick Kirkland, Charles Parks and David Hudson, groomsmen. Ushers

and candlelighters were Tim McWhorter and Jimmy Banks.

The groom chose an all-white tuxedo with tails and wore a white carnation boutonniere. The other male participants wore light gray coats with tails and light blue pants.

Corsages of white rosebuds trimmed with blue ribbon were worn by mothers of the bride and groom to grace their long dresses. Mrs. Cole wore a green pleated skirt and floral print blouse, and Mrs. McCord was attired in an apricot Qiana shirtwaist style dress tucked at the shoulders.

Following the wedding, a reception was held in the East Room of the church with the bride's parents as hosts.

The bride's table where Mrs. Jimmy Banks served was appointed with a full length white lace cloth and a crystal compote filled with white silk roses for the centerpiece. The blue napkins imprinted with "Now we are one, James and Jacqueline, June 28, 1980," in darker blue lettering, and a blue bow bearing the names of the couple in gold letters provided color contrast in the decor.

The bride's cake was the center of interest on the table. Handmade butter cream blue sweetpeas gave a refreshing and decorative touch to the snowy three-tiered structure. Filigree columns raised the top tier to show the beauty of the second layer decorated with four white sugar bells

with blue rims and clappers. The popular bride and groom top ornament featured a bridal couple kissing under a filigree bell in the center of a heart trimmed with white roses and net.

The groom's table was draped with white polyester overlaid with blue lace. It held the chocolate cake, silver service and a large gray wicker basket with a handle covered with blue and gray silk flowers filled with the white net rice bags. Mrs. Glenda Allen, aunt of the bride, served at the table.

Miss Mary Cole, sister of the bride, directed signatures of the wedding guests in the church foyer preceding the wedding. The table where the

bride's book and blue feather pen were placed was covered with a white cloth and held a bud vase of blue silk flowers and baby's breath.

The groom's parents hosted the rehearsal dinner in the church annex Friday evening.

The bride is a student and he is a graduate of Iowa Park High School. He is employed by the Target store in Wichita Falls. They will live in Iowa Park.

Attending the wedding from out-of-town were Mr. and Mrs. Scottie Mendez of Abilene, Mr. and Mrs. J.R. Henkel of Lubbock, Elvis Sunday of Denver City, Mrs. Ozelle Brasfield and Jess Cambron of Electra.

Today about 1/2 half your electricity is made from lignite coal.

And a good thing, too, because our biggest contract for low-cost natural gas (which we also use to make your electricity) expires this year.

This contract has been in effect for almost 20 years. It's helped us keep the cost of electricity lower here than in many other parts of the country.

Next year when we have to

start paying much more for natural gas, electricity is going to cost more. There's no way around it.

But your bill won't be as high as it would be if we weren't making about half your electricity with economical, abundant lignite coal from Texas.

Heat doesn't bother Archer centennial

The Archer County Centennial Celebration, already considered a success despite record-breaking temperatures, will continue today through Sunday with numerous activities scheduled.

A respectable 100-plus crowd was on hand in Archer City Monday for the Youth and Sports Day, held as scheduled despite a scorching 110 degree temperature.

In addition to the games, races,

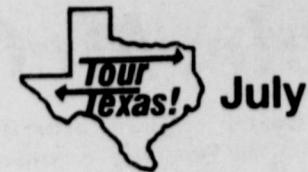

contests and swimming for the young kids, Monday's activities included a talent show in the afternoon and the first performance of the centennial pageant, "Trail of Golden Memories," at 8:45 p.m. in Berry Stadium.

Preceding the pageant were performances by the Windthorst High School Blue Steppers drill team and the Wichita Falls Twisters, and the naming of the top five First Ladies of the Centennial.

Mrs. Fayette Berry, was First Lady, followed in order by Mrs. Dolores Roewe, Mrs. Virginia Eldridge, Mrs. Charles Abercrombie and Mrs. Mary Davis.

Each candidate for First Lady and her sponsoring organization sold tickets to the centennial pageant, and the winners were determined by the most tickets sold.

The First Lady and her court will reign over each of the remaining

The following events, selected by Elmer Whiddon Jr. of the Texas Tourist Development Agency, are but a few of the many excellent recreational opportunities offered by communities across the state. A more complete listing of Texas events may be obtained free of charge by writing TEXAS, Box 5064, Dept. C, Austin 78763.

July 2-5 — The 50th annual Texas Cowboy Reunion, Stamford. The Texas Cowboy Reunion, featuring the world's largest amateur rodeo, is dedicated to keeping alive the cowboy heritage. In addition to the rodeo the Stamford Art Foundation will present the works of more than two dozen top western artists, there will be name entertainers, music, cloggers and other dancers. For additional information contact James Hallmark, 4601T Hartford, Abilene 79605 (915-692-1633).

July 4 — The fifth annual Fourth of July Picnic, Ashton Villa, Galveston. From noon until 5 p.m. there will be an old fashion picnic on the grounds of historic Ashton Villa. Bell ringing, flag waving, singing and a new twist, the "first ice cream crank off." For more information contact the Galveston Historical Foundation, Drawer 539T, Galveston 77553 (713-765-7834).

July 4-6 — Indian Dancing, Tigua Reservation, El Paso. Reservation hours are 9-6 daily. For more information call 915-859-3916.

July 5, 12, 19 and 26 — Austin Music, Symphony Square, Austin. Performances at 8:30 p.m. Performing the 5th is Steve Fromholtz, the 12th it's Kerrville Folk Highlights, 19th The Lotions and the 26th Extreme Heat. Admission \$3 to \$5. For more information contact Symphony Square, 11th at Red River, Austin 78701 (512-476-6090).

July 5 & 12 — Canoe Trips of the Big Thicket. For details and reservations contact the Big Thicket Museum, Box 198T, Saratoga 77585 (713-274-5000).

July 9-12 — Model "A" Ford Restorers Club National Meet, Fort Worth. Over 600 Model "A" 's will be on display at Will Rogers Exhibition Building. There will be a swap meet, driving events and judging. For additional information contact Bob Black, Route 1, Box 9T, Keller 76248 (817-431-1987).

July 3-6, 10-12, 17-20, 24-27 — "Texas Meg," Opera House, Granbury. Home grown Texas musical performed in the historic opera house on Granbury square. Shows at 8 p.m. Thursdays, 2 and 8 p.m. Fridays and Saturdays and 2 and 5:30 p.m. Sundays. Admission \$3.50 to \$5. For children and senior citizens \$2.50. For reservations contact the Opera House, Granbury 76048 (817-573-9191).

July 18-20 — The 10th annual Black-Eyed Pea Jamboree, Athens. Serious pea cookin', parade, pea shellin', NATO Races (National Association of Terrapin Owners), pea dinner, concert by Ronnie Milsap and The Cates, and a taste-in highlight a full schedule of events. For details contact Wayne Mackley, Chamber of Commerce, Box 608BT, Athens 75751 (214-675-5181).

July 30-Aug. 3 — Texas International Fishing Tournament, South Padre Island. Competition in bay and offshore fishing. For details contact Dodie Keller, Box 1699T, Port Isabel 78578.

Holiday News

centennial pageant performances, as well as ride in the official centennial float in today's parade and preside over other centennial functions.

Sunday was the official opening day for the county's centennial celebration, with Scotland holding its annual picnic and a Festival of Faith in Archer County churches.

Tuesday was Ladies Day, with a ladies' only program held at the Windthorst Parish Hall. Featured were an aerobic dancing exhibition, fashion style show, luncheon, and "Trails to a Dream," the success story of J. Luis Carcano.

Other events held Tuesday included an open house at the historic Richard Prideaux home, the first home in Archer County, a barbecue at the Prideaux Ranch, and the second performance of "Trail of Golden Memories" preceded by a style show.

Wednesday was set aside as Oil Day, with exhibits set up in Archer City's public park, and most oilfield-related businesses open to the public for tours. Jackie Campbell from the Grapevine Grand Ole Opry entertained the crowd that evening.

Main events scheduled for today's Heritage and Patriotic Day include a musical program from 2-4 p.m. in Archer City, a catered supper, and centennial parade.

Tomorrow is Pioneer Day, with several game tournaments scheduled, as well as a catered meal in the

evening and a street dance.

Two reunions are scheduled for Saturday, with the Megargel School reunion in Megargel and the Archer City Class of 1970 reunion in Archer City. The Archer County Fair will be open all day, from 10 a.m. until 5 p.m., preceded by a catered meal on the courthouse square, dedication of the airport, air show, and final performance of "Trail of Golden Memories".

The dedication for the historical marker honoring the Archer City First Baptist Church will be held Sunday at 2 p.m.

Class of 1942 slates reunion

The graduating class of 1942 is sponsoring a reunion for all graduating classes of Holliday High School, including teachers, coaches and anyone ever connected with the Holliday school system.

The reunion will be held in the high school cafeteria beginning Saturday, July 19, at 1 p.m.

Specific efforts are being made to locate classes of the early-to-mid 1940's. However, it is emphasized that everyone is welcome and urged to attend, according to Wilma Nitschke, reunion promoter.

County Centennial Calendar
