PARK CLINIC - DR. B.F. WATSON
310 W. ALAMEDA
IOWA PARK, TEXAS

School personnel given cash bonus

School trustees Tuesday night gave all full time employees a \$200 bonus, liked what they saw of preliminary drawings for a physical education building for the Bradford campus, and gave the green light to a series of adult vocational courses.

The \$200 was termed as a supplemental salary for all full-time employees who had been on the staff since the beginning of the school year. The amount will be adjusted for those not meeting all requirements.

Board president Roy Boutwell said the money was not adequate for what the personnel should be receiving, but it was the best the board could do for now. He indicated an across the board increase would likely be coming when next year's budget was drafted.

budgeted for the project. Supt. Harold Cowley told the board. Daugherty was told to complete the drawings for bidding.

A proposal to initiate six adult vocational courses was offered by Richard Davis, who explained that all instruction would be by local staff personnel, and the only cost to the district would be facilities and utilities.

Fees would be charged, depending on supplies needed, and length of courses would vary, Davis explained. Trustees agreed to offer the courses beginning in January, in small gasoline engines, furniture

finishing and refinishing, tune-up and emission controls, systematic training in effective parenting, spray painting techniques and office skills and procedures.

Davis said future announcements would be made in the Iowa Park Leader as to what will be covered in each of the courses, how often the classes would meet, who would instruct them and where registration would be held.

Reports on enrollment and education progress were made by each of the campus principals, as well as Karl King of the vocational department.

King pointed out that records at the high school indicate student dropouts have been cut almost in half during the past eight years. Highest number of dropouts occurring in that period was 40 in the 1975-76 school year, while the figure was cut to only 24 last school year.

After completing their agenda, the board called an executive session, which lasted almost an hour. Meeting with the trustees were Jimmy Alsop, junior high principal, and Tommy Watkins, athletic director.

When the meeting was re-opened to the public, no action was taken other than to adjourn the meeting.

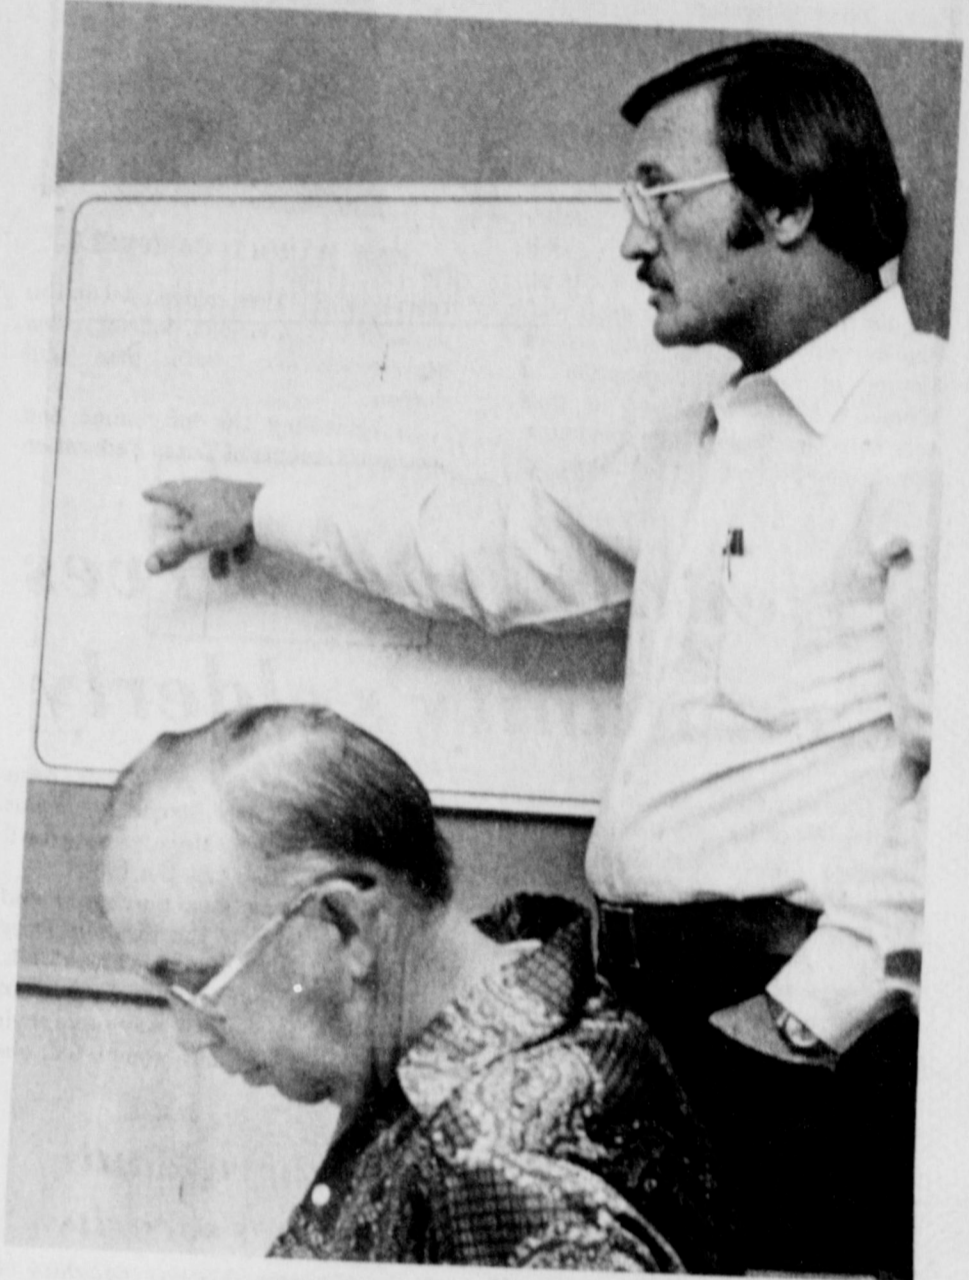

Plans were discussed for a concrete structure to be erected on the south side of Bradford Elementary which would serve as a physical education building, and also provide an additional room which would be used as a music department.

The plans drafted by Don Daugherty, architect, included dressing facilities and restrooms. Designed to serve as a storm shelter in case of emergency, the structure would have dirt sloped up three sides eight feet which would help divert strong winds, Daugherty explained.

Estimated cost of the structure would be approximately \$145,000, it was said. Some \$142,000 has been

21 Hawk seniors close out their schoolboy careers Friday night.

DECEMBER 1

'No records, no classes'

Iowa Park school students will not be permitted to return to their classes Dec. 1, after the Thanksgiving holidays, if they have not met all immunization requirements.

School trustees were informed by Supt. Harold Cowley that state law forbids any student from attending schools in the state if their immunization records are not complete and on file with their respective schools.

Several school districts in the area

have already met and passed their deadlines. Cowley said Iowa Park has already gone far beyond the cutoff time, as far as the state was concerned.

Parents of students who do not have complete records have already been contacted of requirements, and they will once more be notified, Cowley said, before the Dec. 1 date, for all persons in child-care facilities, schools and institutions of higher education. The required immunizations are provided by the Texas Department of Health, Texas Department of Human Resources and Texas Education Agency.

Vaccinations are required for polio, DPT, measles, mumps and rubella. A history of measles and mumps must be verified by a physician's written statement, stating the month and year the disease occurred.

Immunizations were to have been completed by time of enrollment.

Hawks to close season here against Burk

When two high school football teams are closing out their season and don't have a chance at the district title, the game is always boring and dull.

Right?

Wrong!

That's not the case when the two teams have been rivals for decades, like Iowa Park and Burkburnett. These two clubs could hold a 10-minute scrimmage and provide enough excitement to keep Saturday morning quarterbacks busy at the coffee shop for weeks.

The Hawks and Bulldogs will kick off at 8 p.m. Friday in Hawks stadium with almost identical season records. Iowa Park is 2-2 in district and 3-5-1 on the season, while Burk is 1-3 on conference play and 3-6 overall.

It's true that the Bulldogs have a win already this season over the Hawks. The two met in the third game of the season in an unusual non-conference contest, at Burkburnett, and the 'Dogs came from behind to win 14-7.

But there've been a lot of changes in the Mean Green lineup since that game, including the return of senior Mike Ray, who gave the team experience as a blocking fullback and last week showed he could play a stellar game at defensive end.

The Bulldogs are a team that takes advantage of opponent mistakes. It was a Hawk turnover that set up one of their touchdowns in that earlier game. And last Friday, they were ahead for a while against Vernon because of two Lion turnovers inside the Vernon 30 that led to touchdowns.

A large part of Burk's success, offensively, is the passing of quarterback Todd Chadwallender. One of the Bulldog touchdowns against the Hawks was on a pass, and another aerial set up the winning score.

Both Burk touchdowns against the stout Lion defense Friday were Chadwallender aerials to tight end

Bob Middle, eventhough only four of 14 pass attempts were completed during the game.

Burk also counts heavily on its defensive line.

While the Hawks and Bulldogs will be playing tomorrow for pride alone, Iowa Park has some additional incentives which could work in the favor of the Mean Green.

First of all, they know Iowa Park has not defeated a Burkburnett team since 1974. Secondly, last Friday's shutout by the Hirschi defense was the first time Iowa Park has been held scoreless since the final game of the 1978 season. Also, the Hawks will have the home-field advantage.

The Husky defense may have kept Iowa Park's leading ground gainer from reaching the 1,000 season mark. Junior Jim Smith was held to only 26 yards by the Wichitans, who went into the game with 775 yards for the season.

Alternating tailback Troy Linthcum, who has the highest per-carry

average on the team with a 6.1, has gained 692 yards so far.

Wingback Robert Hastings hasn't carried the ball very often, only 34 times, but has a 5.9 average. He is also the team's leading pass receiver, having snared 23 aerials for 310 yards this season. Keith Mowery is the second leading receiver, eventhough all four of his receptions were Friday against Hirschi.

Though the Hawks are traditionally a rushing team, having run 436 plays to their opponents' 362 this year, they can also throw, as evidenced last week when quarterback Curtis Martin may have set an Iowa Park record with 31 attempts.

BONFIRE TONIGHT

So much emphasis is placed on the rivalry between Iowa Park and Burkburnett, that this was one of the reasons a bonfire was not held in conjunction with homecoming, and has been slated for tonight.

It has been scheduled for 6:30 this evening.

DR. TOMMY CLARK ... shows off his 'Frog Fever' cap.

TCU honors 'Doctor Tommy'

Thomas Marshall "Doc Tommy" Clark, 90, a beloved citizen of Iowa Park, was in the limelight Saturday before and during the TCU-Texas Tech football game at Ft. Worth.

Being the unpretentious person that he is and always anxious to keep himself in the background, he was unaware for quite some time why he seemed to be getting so much attention from TCU alumni of all ages, many of the administrators, with people even wanting to have their pictures made with him and the Super Frog, the costumed mascot.

He was honored first at the Homecoming luncheon held in Daniel Meyer Coliseum. When he arrived there with his family, Ron

Moss, a grandson, placed a white cap decorated with TCU slogans on his head. When they had gone through the serving line, they were taken to a special table "Reserved for the Clarks", and it was there that he realized that he was being honored as TCU's earliest graduate.

He was later given a special award for being a patriarch of the Clarks, TCU founders.

During the luncheon, Chancellor William E. Tucker of the university presented Clark with a TCU sweater and a set of glasses identified with the university's emblem.

Clark is a nephew of Addison and Randolph Clark, who founded AddRan, a forerunner of TCU, and he was a member of the 1908 class of

AddRan. He was born on the day the Disciples of Christ affiliated with AddRan College.

During the exciting football game when TCU went in with an 0-8 record and came from behind to beat Texas Tech 24-17, photographers from Fort Worth newspapers were on hand to take pictures of the Iowa Parkan. One of these appeared in the Sunday's Fort Worth Star Telegram. It was taken with Bill (Col. William) Best of Garland, son-in-law, who was graduated from TCU and was a member of the 1938 national football championship team.

Clark graduates and their families attended the festivities in Garland, Fort Worth, Wichita Falls and Iowa Park. All three of the T.M. Clark

daughters, and two of their sons-in-law, were graduated from the university. These are Fenton Clark Best and her husband, Bill, 1940 graduates; Polly Clark Moss of Wichita Falls, 1946 graduate (her husband, Jack, was graduated from Texas Tech); Helen Clark Roberts and her husband, Rollin of Iowa Park, both 1950 graduates.

Four of the Clark grandchildren hold degrees from TCU. They are Marsha Roberts Stallard ('74), Ron Moss ('76), Mike Roberts ('76) and Carey Roberts ('80). Another grandson, Kent Roberts is a freshman at the university, and another granddaughter, Patricia Roberts, who is now a junior at Midwestern

State University, attended in 1978. "Doc Tommy" has an absorbed interest in the Frogs. He has attended every homecoming game since 1936 and many before that. He

and his wife, Helen, who attended the university in 1913, drive down to Fort Worth for games several times each year, and they are looking forward to continuing the trips in the future.

Study clubs members hear district leader

Mrs. Harold H. Campbell of Matador, president of the Santa Rosa District of Texas Federation of Women's Clubs, was guest speaker Monday evening for the joint meeting of the 23 Study Club, Phillia Study Club and Amity Study Clubs, Iowa Park's three federated study clubs.

The meeting was held in Texas Electric Reddy Room and was hosted by the Phillia Study Club, and Mrs. Herman Escue, president, was program coordinator.

The district president spoke on "Federation Goals for the 1980s", presenting a challenge to club members concerning those goals on the district, state and national levels. She introduced her talk with a brief history of General Federation of Women's Clubs, organized in 1889 and now the largest non-denominational, non-partisan organization in

MRS. HAROLD CAMPBELL

of Women's Clubs. Mrs. Campbell pointed with pride to the headquarters building at Austin, which has recently been redecorated. Touching upon the theme of her two-year administration, "Looking at Ourselves, Yesterday, Today and Tomorrow", she urged each member to look in the mirror until she saw her real self to see what she could find worthwhile.

In conclusion, she told of the proposal to create an endowment for Gristown, a state project, which will be voted on at the state convention at Abilene in April, 1981, and reminded the clubs that they would be co-hostesses with two Wichita Falls clubs for the spring convention in Wichita Falls March 20-21, 1981.

Mrs. Johnny Bernstein led the group in singing the "Federation Song". Mrs. Don Rice, president of the Amity Study Club, read a poem "One Nation Under God" for the meditation. Mrs. China B. Smith, president of the 23 Study Club, gave "Hope of America" an essay by Norman Cousins, using the format of the founding fathers in talking to the people, preceding the address by the district president.

Refreshments were served from a table laid with white lace over gold featuring Thanksgiving appointments which included a ceramic turkey surrounded by fruits, vegetables, autumnal flowers and leaves for a centerpiece.

Eventhough the group has been meeting on Cash Street for about a year, they've already outgrown the facility, she told the Lions. The building was purchased and made available to the Friendly Door members by the Evening Lions Club. The west half of the structure is not yet remodeled, and it may solve their space problems once completed, she said.

Kathryn Mattis pledges sorority

Kathryn Mattis, daughter of Mrs. William Mattis of 707 West Coleman, is presently pledging Ko Jo Kai, a women's social club at Abilene Christian University.

Mattis is a sophomore speech pathology major at ACU and graduated from Iowa Park High School in 1979.

ACU is a four-year liberal arts institution that is celebrating its 75th anniversary this year. The social clubs annually hold club reunions at homecoming and will participate in various anniversary functions throughout the year.

CARD OF THANKS

We would like to take this opportunity to express our sincere thanks to the people who were so kind to us during the hospitalization of our little son, Joseph. The cards and prayers were a great source of strength to us, and we do thank you from the depths of our hearts.

Mr. and Mrs. Joel Williams

of Women's Clubs. Mrs. Campbell pointed with pride to the headquarters building at Austin, which has recently been redecorated. Touching upon the theme of her two-year administration, "Looking at Ourselves, Yesterday, Today and Tomorrow", she urged each member to look in the mirror until she saw her real self to see what she could find worthwhile.

In conclusion, she told of the proposal to create an endowment for Gristown, a state project, which will be voted on at the state convention at Abilene in April, 1981, and reminded the clubs that they would be co-hostesses with two Wichita Falls clubs for the spring convention in Wichita Falls March 20-21, 1981.

Refreshments were served from a table laid with white lace over gold featuring Thanksgiving appointments which included a ceramic turkey surrounded by fruits, vegetables, autumnal flowers and leaves for a centerpiece.

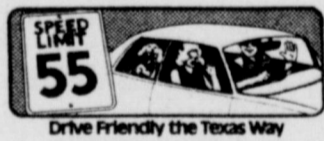

MICHAEL MILLENDER and DEBORAH BECKER

Announce engagement

Mr. and Mrs. Karl A. Becker of Seymour, Ind. announce the engagement of their daughter Deborah Lynn, to Michael Miles Millender, son of Mr. and Mrs. Marion M. Millender of Iowa Park.

The wedding will be Jan. 3 in First Baptist Church in Seymour, with a reception in the Fellowship Hall.

Miss Becker was graduated from Wichita Falls High School in 1976 and is employed at Jackson County Bank. Her fiancé was graduated from Iowa Park High School in 1972 and is studying electronics and physics at Midwestern State University. He is employed as a department head at Sprague Electric.

Weaving is club's program

Creativity in the arts was emphasized in the 28 Study Club program Thursday afternoon through lecture, demonstration and display of weaving by Mrs. Calvin Hansen of Wichita Falls.

The meeting was held in the home of Mrs. C.E. Birk, and the co-hostesses were Mrs. China B. Smith and Miss Ethyle Kidwell.

"Weaving is one of the primitive crafts and it has been done by craftsmen in every age. Man probably got the idea from birds as he watched them weave their nests," Mrs. Hansen said to introduce her lecture. She observed, however, that the earliest weaving, as it was evaluated, was not necessarily art. She said that the early settlers to America brought the art with them from Europe, a country that is now technically perfect in weaving.

Mrs. Hansen showed a small loom, which is the frame that holds the warp threads in tension so wefts can be woven to form cloth. She explained that looms are very important tools for the learning process, and that the basic process of weaving is the same whether the tool is a scrap of cardboard or a large loom for weaving bedspreads.

The artist stressed the importance of weavers looking ahead and planning carefully before selecting a loom and yarns to work with. She familiarized her listeners with some of

the other weaving terms: tassel, an implement to card wool; heddle, the vertical cords to raise or lower the threads for weaving; and twining, then touched on some of the techniques of dyeing the yarn. She included some of the characteristics of plain, basket and twill weaving in her lecture.

A display of some of Mrs. Hansen's woven articles exhibited in the den attested to her skill, ingenuity and mastery of the art of interlacing wool threads among warp threads in a loom, a mermaid figure standing out as one of the most spectacular and intricate of her works.

Mrs. Kidwell was program leader for the afternoon.

Mrs. Charlie Lee contributed a timely meditation in which she stressed that the positive always outweighs the negative, even in these crucial times when it seems that the negative is in the limelight, publicity-wise.

Eric Birk, a talented young musician, presented "Impromptu in E Flat Opus 90 No. 2" by Schubert for a piano solo, as an example of the performing arts.

During a brief business meeting conducted by Mrs. China B. Smith, Mrs. D.O. James was elected vice-president and program chairman for 1980-82. Mrs. Erwin F. Soell, federation counselor, announced National Family Week for Nov. 28-29 and urged its observance. She also distributed G.F.W.C. seals for members to use in letter writing.

Refreshments were served from a table draped with a gold silk lace cloth over gold felt. The Thanksgiving centerpiece was a lacquered cornucopia placed on a reflector symbolizing the bounty of the harvest season through the outpouring of silk flowers, glazed fruits and nuts.

Twenty-two members and Miss Titia Belle Blanks, an associate member were present.

West Texas Chamber slates 3-day meet

Members of the 67th Texas state legislature representing West Texans have been invited to participate in a pre-session legislative conference sponsored by the West Texas Chamber of Commerce next week at the South Park Inn in Lubbock.

The three-day WTCC mid-year meeting will also place special emphasis on municipal water resource development in West Texas. President Jack Pilon of Brownwood said that the purpose of the pre-legislative conference is to enable members and other interested individuals to gain first-hand knowledge of issues to come before the Texas legislature in January. Attendees will have the opportunity to discuss their views and recommendations directly with the elected officials of West Texas.

The conference opens at 1:30 p.m., Wednesday afternoon, with a nuts and bolts program on the "Mechanics of a Water Project." Financing, engineering and the legal aspects involved in developing a water

project will be presented; an overview of the current situation in West Texas, and the preliminary findings of a municipal water survey conducted by the WTCC's water development committee will be presented.

Business, industrial and civic leaders throughout West Texas are invited to present statements to the WTCC water development committee related to their local water needs.

Numerous organizations throughout West Texas will sponsor exhibits related to water development.

Discussing state and national water issues of importance to West Texas beginning at 2 p.m. Thursday will be Sen. E.L. Short, chairman of the senate water committee; State Rep. Tom Craddick, chairman of the house natural resources committee; Dr. Herb Grubb, director, planning and development division of the Texas Department of Water Resources and Bill Seth, regional planning officer, Water and Power Resources Service, U.S. Department of the Interior,

Amarillo.

Questioning the panel will be Bill Kidd, editor, Texas Water Report, Austin; Kenneth May, associate editor, Lubbock Avalanche-Journal; Jim Nichols, president, Freese & Nichols, Fort Worth; and K. Bert Watson, Water, Inc., Amarillo. Dr. Jack Runkles, director, Texas Water Resources Institute, will moderate.

Addressing the mechanics of water project financing will be Dr. Frank Baird, associate professor with the Center for Public Service, Texas Tech Univ.; engineering concerns will be summarized by Dr. Robert Sweazy, director of the Water Resources Center and professor of civil engineering, Texas Tech; legal aspects will be examined by Felix McDonald, chairman of the Texas Water Commission; and Danny Burger, executive director, Municipal Advisory Council of Texas, will discuss the concept of a water development fund proposal.

Texas House Speaker Bill Clayton will keynote the conference, which begins at 9 a.m., Thursday, and State Sen. E.L. Short will be the featured luncheon speaker.

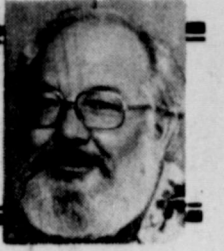

Friday's program will feature addresses by U.S. Congressman Kent Hance and H.K. Allen, vice chairman, Export-Import Bank of the United States.

The 15th annual WTCC Cultural Achievement Banquet, Thursday, will feature Miss Texas, Terri Eoff, who will assist in presenting four Cultural Achievement Awards.

Registration will open at 9 a.m., Wednesday, at the South Park Inn in Lubbock. The public is invited to participate. Advance registration can be made by contacting the West Texas Chamber of Commerce, Box 1561, Abilene, 79604.

As I See It....

By BOB HAMILTON

You may remember one of my columns recently mentioning the federal government was holding its highway funds for Texas because they didn't like our low bidder method of getting our money's worth. We are supposed to allocate a certain part of the projects to minority contractors, regardless of their price.

Well, that was the second such threat about withholding federal money which is supposed to be used for state highway work. The first, I'm sure you remember, was the challenge that Texas drivers weren't meeting the federal standards of 55 miles per hour.

Our federal overseers don't think a high enough percentage of drivers in our state are snailing it slow enough.

Well, maybe the federal government is helping our "poor" record. Maybe they should slow some of their own people down, and give us violators a good example.

When we were leaving Iowa Park enroute to Graham for that football game a few weeks ago, we were passed by a government-marked automobile. Federal-type, that is.

It was obvious he wasn't doing the same speed as we, so I decided to find out just how fast he was going. When I finally caught up with him, I stayed on his bumper to Wichita Falls, and sure enough, we were rolling between 64 and 68 MPH.

But, I'm sure the driver of the automobile with a license number G12-52154 was trying to get to his home office in time to cut down on his overtime cost to our tax dollars.

Surely, he was!

The foggy mornings lately have sure given us the feeling of fall, but

the daytime temperatures are more like May. I doubt this is going to last very much longer.

In fact, I doubt it so much that I've started looking at our firewood supply with a doubtful eye. I'm guessing that cold weather is just around the corner. . . like this weekend, maybe. . . and questioning that our supply will last until I've had time to lay in a reasonable supply.

Really, I'm ready for cold weather. Oh, we've warmed up the fireplace a couple of times already, but that's far from enough for me. About four or

five nights of flame-watching would just suit me fine, right now.

Speaking of firewood, I understand the prices are really zooming recently. Don't know if its the number of burners increasing, inflation or availability. But something's going on.

Someone recently said this winter he was going to watch his logs blazing just like they were made of dollar bills.

The way utility prices are going, you can just about look at a light bulb and get the same feeling.

United Way drive goes over the top

The United Way campaign closed its 1980 drive with a total dollar amount of \$1,510,931 or 100.1 percent of its goal.

Iowa Park reached 93.2 percent of its \$30,533 projected amount coming in at \$28,443.

"We're pleased with the response our citizens gave to the United Way Campaign, and I'm confident we will do even better next year," O.N. "Newt" Newman, local drive chairman, said.

The money raised from the campaign will be allocated to agencies before the first of the year, Newman explained.

Budget hearings for the 34 agencies funded by the campaign dollars (including Iowa Park Recreational Activities Center and the Friendly Door) will begin Dec. 2.

Each agency will submit its year's audited budget plus projected programs and financial needs to the United Way budgeting committee made up of volunteers from Iowa Park, Burkburnett and Wichita Falls. Mary McCarley serves as chairman.

Assisting Newman with the local campaign were Gladys James, advance gifts chairman; Ron Barnes, major firms; Steve Morath and J.B. Merrick, public employees; Rev. Mike Jackson, professional and Bill Steger, metro.

DWI charge filed after accident

A complaint of a vehicle being struck and the driver not stopping resulted in charges of driving while intoxicated, according to a police report.

Officers were called to James and Garden intersection shortly after 10 p.m. Monday, where a woman showed the vehicle which was allegedly struck, and identified the other vehicle and driver as being in the neighborhood.

Officers found the vehicle described at a store and took into custody Carl Douglas Kissner and Scott Lee Lewis.

Kissner, the driver, was tested and charged with driving while intoxicated. He was then transported to Wichita County jail, where other outstanding warrants against him were awaiting, according to the report.

Three teams lose

Iowa Park teams lost all three games in the first round of soccer playoffs Saturday.

The Aztecs lost to the Trojans, 5-1; Hornets to Roadrunners, 2-1; and Hawks to Rangers, 2-1.

Second round of playoffs will be held Saturday.

A meeting of the Iowa Park Soccer Club will be held at 7:30 p.m. Monday at the Iowa Park Recreational Activities Center.

Thank You

For your support and confidence in the General Election.

"I promise to serve you well as Wichita County Tax Assessor-Collector."

Sincerely,

MILES GRAHAM

Paid for by Committee to Elect Miles Graham
Eloise Mason, Treasurer- 2502 Ruskin, Wichita Falls, Tx. 76309

A Message of Thanks:

"The vote of confidence from the people of the 13th Congressional District is extremely gratifying. I appreciate the many people throughout the district who have worked so hard to send me to the Congress for the fourth successive time, and who expressed their support at the polls. I will do my best to justify your confidence by giving you full-time, energetic representation in Washington. I again pledge to represent your views and to carry out the duties in a manner benefitting the independence and integrity of the people of the Panhandle and Northwest Texas. Thank each of you for your support."

Jack Hightower

Paid for by the Hightower for Congress Committee, Wilson Fisher, treasurer, P.O. Box 1973, Vernon, Texas 76081

Today about half your electricity is made from lignite coal.

And a good thing, too, because our biggest contract for low-cost natural gas (which we also use to make your electricity) expires this year.

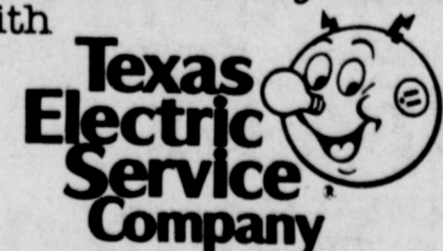

This contract has been in effect for almost 20 years. It's helped us keep the cost of electricity lower here than in many other parts of the country.

Next year when we have to

start paying much more for natural gas, electricity is going to cost more. There's no way around it.

But your bill won't be as high as it would be if we weren't making about half your electricity with

economical, abundant lignite coal from Texas.

W. N. HOUSE, Manager, Phone 592-4149

Epsilon Eta is represented

Mrs. Bud Mercer and Mrs. Luther Shaw represented Epsilon Eta chapter at the Texas State Council of E.S.A. in Irving Saturday and Sunday.

The Arts Festival was a main attraction of the meeting Saturday. Many arts and crafts items were on display and for sale, one of the most impressive of these being a Christmastime ceramic village consisting of lighted homes, a church, shops, carolers, ice skaters and busy streets. Epsilon Eta had items for sale to benefit Pace Park.

The local chapter had a scrapbook on display among the top ten scrapbooks, histories and educational programs from the State Convention.

The business meeting Sunday was conducted by Mrs. John Ball, of Ft. Worth, the state president. The two major projects discussed were St. Jude Children's Hospital and National Foundation March of Dimes.

Mrs. Ted Martin of Arlington, chairman of the first project, stated that more than five-million dollars has been raised for St. Jude by ESA members and that the entire fourth floor of the hospital is dedicated to ESA. It was founded by Danny Thomas.

In considering the National Foundation March of Dimes project, the group was reminded that the first iron lung for the state of Texas was purchased by ESA for polio victims and is still in use in Galveston. In addition, a great many other items

have also been obtained by the work of ESA members, according to the report.

The next meeting will be Feb. 8-9 in Nederland.

P-TA honors four teachers

Four teachers at Bradford Elementary School were honored with appreciation certificates during the P-TA meeting Tuesday night. Receiving the certificates and gifts were Judy Schneider, fourth grade; Armilda Hickey, fifth grade; and Kaye Cole and Charlie Mae Curry, third grade.

Winners of the membership drive were announced to include Arlene Welch's third grade class with ninety two percent of her class signing; and Frances Atkins, fourth grade teacher, who had 76 percent of her class signing. The total P-TA memberships sold was reported to be 245.

Cleo Gunter introduced the guest speaker for the meeting, Sergeant Hopkins, a patrolman with the Department of Public Safety, who presented a film of Highway Safety. The fourth grade classes of Phyllis Dawson and Judy Schneider presented a Thanksgiving program.

The next meeting will be Dec. 2 at which time students will present a Christmas talent show.

LOOK WHO'S NEW

Mr. and Mrs. Johnny (John Boy) Lee announce the birth of their first child, Amanda Rachelle, a four pound, fourteen ounce daughter, born Oct. 23.

Grandparents are Mr. and Mrs. Ray Jackson of Byers and Mr. and Mrs. Johnnie Lee of Iowa Park. Great-grandparents are Mr. and Mrs. Curtis Simmons of Iowa Park.

Announcing Southwestern Bell's new Business Communications Center.

A no-pressure, no-hassle way of selecting your new business communications system in one visit.

If you're shopping for a new communications system for your small business ... or simply looking for ways to improve your present system, why not do your communications shopping at Southwestern Bell's new Business Communications Center in Wichita Falls?

Our service representatives can help you find the right communications system for your needs, demonstrate it and accurately quote the cost of the new system to you — all in one visit.

These are some of the products you'll find during your communications shopping trip at our new Business Communications Center:

ComKey® — a system that can help you solve your every day communications problems. Flexible enough to accommodate your business's growth, its features include multi-line conferencing, music on hold, and a privacy feature that prevents another party from interrupting or listening to your conversation. Direct Station Intercom allows you to reach another phone at the touch of a button without dialing or using special codes. And another ComKey feature will transfer night calls to a pre-selected station.

The Dialog® intercom system — which operates with your standard Bell System business phone to allow you to add a third party to a call without outside assistance. It automatically forwards your calls

when you're in another office, or allows you to take intercom calls without touching the phone.

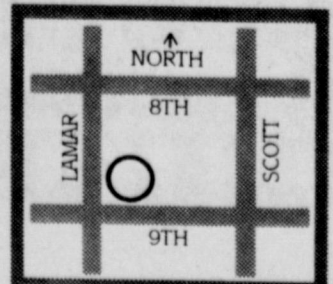

Portable conference telephones — which can help reduce travel, save time and conserve energy by holding multi-point meetings via teleconferencing.

Touch-a-matic® 32 — the phone that memorizes 31 of your most frequently called local or Long Distance numbers and dials them for you at the touch of a button. And, the "last dialed number" feature automatically calls back someone you've just spoken to, or tries a number that was busy earlier.

Come by and visit our business communications shopping center in Wichita Falls. We're located at 812 9th Street.

It just might be the best one-stop shopping trip you've ever made.

To schedule an appointment at the Wichita Falls Business Communications Center, call 766-8181. The Center is open 8:30 a.m.-4:30 p.m. Monday-Friday. Saturday appointments can be arranged upon request.

ADMINISTERING AID to motorcyclist Benny Hernandez after he was struck by an automobile Friday night are members of the Iowa Park Volunteer Fire Department and Mrs. Marvin Brandt, a nurse. The incident occurred shortly after 11 p.m. at the intersection of West Highway and Magalia. Hernandez was not seriously injured, but was taken by ambulance to Wichita General Hospital for treatment of a broken arm and held for observation. Driver of the automobile was James McLemore.

Quail hunters may have success

Wh quail season opening this week, hunters may find their favorite hot spots cooling quicker than Texas weather.

According to Horace Gore, Upland Gameleader for the Texas Parks and Wildlife Dept., hunters will benefit better the early part of the season.

Gore who spoke at a hunting seminar in Wichita Falls recently, explained that scarcity of food due to the drought this summer will affect bag hits in the latter part of the

season. What plants that did take on life following the rains in September and October will not be able to produce the seeds quail depend on before the November frost.

Although this may dampen hunting in January and February, Gore said wildlife experts found evidence of enough birds to supplement a 16-bird bag limit in this area, while most of the rest of the state will return to the 12-bird per day limit.

The season will run from Nov. 15 to Feb. 15.

Hawkettes set to open season

Hawkettes basketball fans will be able to see their team in action for the first time this season Tuesday, when new coach Ray Sefcik takes them to Childress for their season opener.

Three games will be played there, including freshman, junior varsity and varsity.

A warmup for the season opener will be held here Saturday, according to Sefcik.

The freshmen will scrimmage Hirschi at 9 a.m., playing three quarters. That will be followed with a full game scrimmage by the varsity against Archer City at 10:30, and the junior varsity will play three quarters against Archer City.

Lunney earns trumpet honors

Mike Lunney, made the All-Region and All-Area Orchestra Saturday at the tryouts held at Wichita Falls High School when he earned fourth chair trumpet.

The All-Region Orchestra concert will be held in Abilene during January.

Other band students who tried out were Russell Shawver, trumpet, Lori Barr and Buddy Mercer, trombone.

Open after each Friday night's football game.

Hawks show character in loss

The Hawks showed their character Friday night.

They made a couple of mistakes, and fell behind Hirschi 14-0 early in the game. But they never gave up.

In fact, they gave the Huskies, ranked fifth among the state's top AAAA clubs in the state, all they could handle from that point on.

Hirschi managed only 95 yards and two first downs in the second half of play, and 40 of those yards came on one play which ended with a Husky fumbling.

Fans of the Wichita Falls school were quick to point out that the Huskies were without their starting fullback, Terry Ingram, but they probably didn't see three Hawk starters who were sitting on the Mean Green sidelines.

Besides Bode Brandt and Joe Spruiell was noseguard Kevin Thompson, who had a problem with his right arm which kept him out of uniform. The exact nature of Thompson's injury has not yet been diagnosed, according to Hawk coaches. Brandt and Spruiell have been out of play for several weeks.

Three of the Hawks' four turnovers took place during the first quarter of play. But the Huskies were able to take advantage of only two of them.

The first was when Hirschi was forced to punt on its first possession. Jim Smith couldn't find the handle and dropped it on his own 35. Robert Hastings was there with him, but he was unable to capture the elusive ball either, and Hirschi gained possession on the 34.

On the first play, the Huskies

advanced 16 yards, but four plays later, Iowa Park took over on their 17.

The Hawks picked up a first down and appeared to be on their way toward another, but Smith, after banging his way six yards, lost the

ball and Hirschi set up its initial scoring drive on the Hawk 39.

One pass play took the ball to the one yard line, and the hosts scored on the next play.

Obviously inspired, the Huskies sacked Smith for a six-yard loss on the first play after the following kickoff. And then they picked off a Curtis Martin pass, his first attempt of the evening at the Hawk 33.

Hirschi scored on the third play of the second quarter, on a six-yard pass, with 11:46 remaining in the half.

From that point on, Hirschi was held by the Mean Green defense to only five first downs the rest of the entire game.

But the Husky defense also did itself proud. The Hawks were not able to move the ball with any amount of success. In fact, they gained only 84 yards on the ground all evening.

So Martin's throwing arm was called into action. The senior attempted 31 passes for the evening,

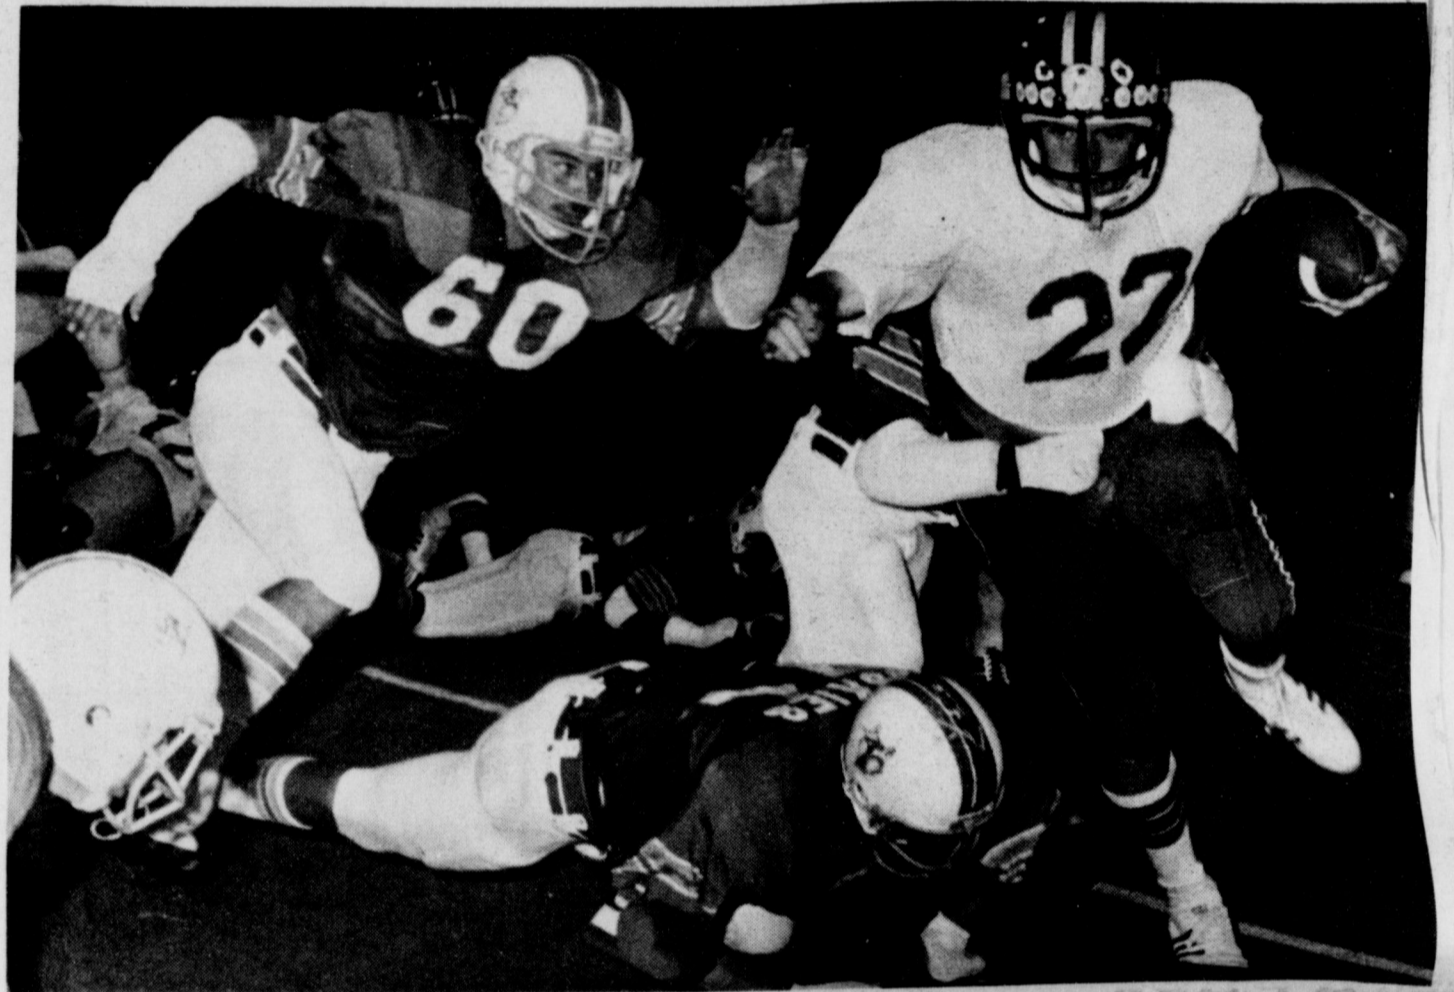

which may be a record of some kind for a Tommy Watkins team.

He connected on only nine of the 31 for 122 yards. Keith Mowrey, who hadn't caught a pass all season, became the team's second lead receiver for the season that evening. He hauled in four for 57 yards, the most of them in the fourth quarter.

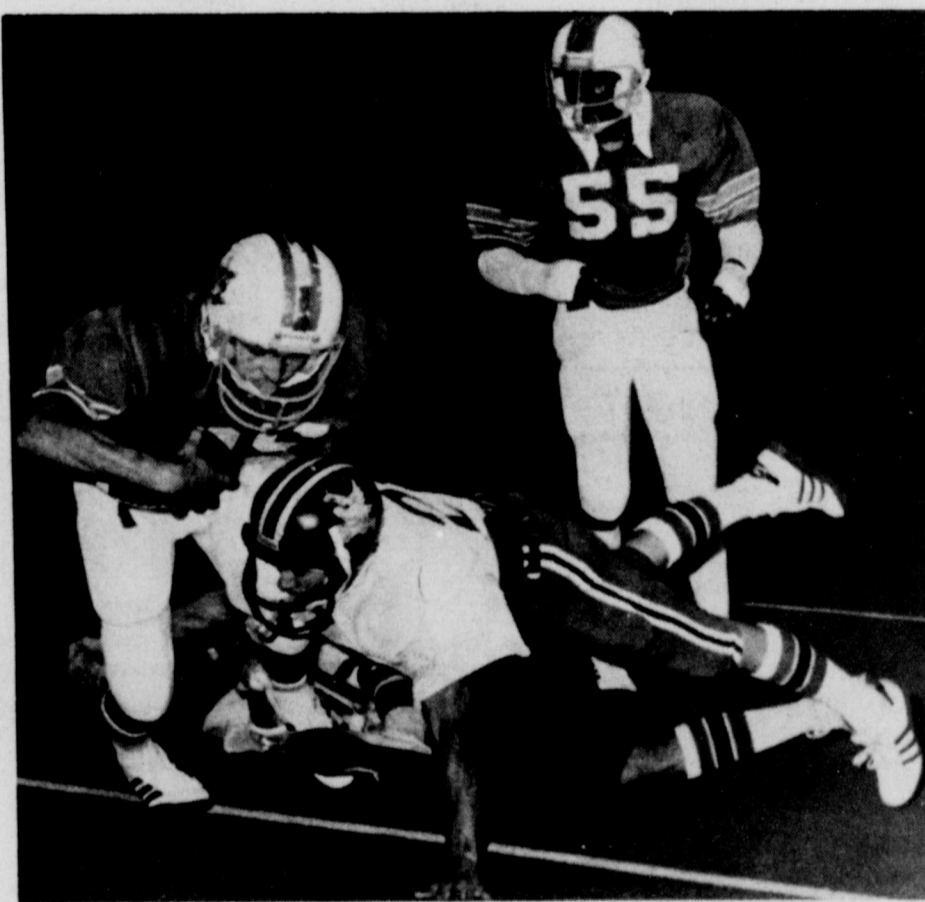

Troy Linthicum's punting also helped keep the Huskies at bay, averaging 38 yards on his six boot.

The Huskies were forced into four turnovers themselves. Thomas Johnson, Steve Stewart and Toby Smith collected Hirschi fumbles, and Hastings had an interception.

90th ANNIVERSARY

Presbyterian Church slates celebration

Sunday has been designated as a day of homecoming and rededication of the First Presbyterian Church of Iowa Park.

Day-long activities have been planned, during which the congregation's 90th anniversary in the community will be celebrated, as well as rededication of the newly-renovated sanctuary.

Following the regular 9:45 morning

church school, the 11 o'clock worship service sermon will be delivered by Dr. Paul Young, executive Presbyter of Palo Duro Union Presbytery.

A luncheon will be held at 12:30. The anniversary celebration and rededication will begin at 2:30 p.m. On the program are Dr. Harry Sarles and former pastors. A time of fellowship and refreshments will follow the afternoon program.

The committee in charge of the anniversary and rededication planning consists of Bob Birk and Mrs. Luther Shelton. Mrs. Gale Lowrance is in charge of an historical display.

Birk was chairman of the renovation committee. Other members of the group were Miss Frances Park, Mrs. Shelton, Mrs. Kenneth Young and James Richter.

Completion of the renovation project was delayed almost a year by the 1979 tornado in Wichita Falls, according to Birk.

Renovations included rebuilding the pulpit area, replacing the ceiling, covering the walls with fabric, new carpeting in the sanctuary and adjoining rooms, new lighting, a new air conditioning system, alterations in the Westminster Room and new pew cushions, according to Norman Nettleton, pastor.

Representatives of other congregations in the community and presbytery have been extended invitations. Those planning to attend should contact the church if they intend to participate in the noon meal.

ERIC BIRK

Birk is winner of piano event

Eric Birk, a junior at Iowa Park High School, son of Mr. and Mrs. Bob Birk, won first place Saturday at the 10th annual Mountain View College Piano Solo competition held in Dallas. He was placed first out of the 23 contestants who competed in the 16-year-old division.

Denny Anderson, 18, and Renee Alexander, 16, were other Iowa Park High School students who entered the contest. Kent Lilley, 17, of Holliday won third in the 17-18 division.

In the contest, each contestant plays the selection chosen for the various age groups, and the judges pick the contestants that are best qualified for the finals, which are held in front of the audience. From these musicians, the judges select the first, second, third, fourth place and honorable mention winners.

Obituaries

Tom Scott

Services for Tom Scott, 52, father of Thomas Scott Jr. of Iowa Park, were Friday afternoon at University United Methodist Church in Wichita Falls. Rev. Don Shaw, pastor, and Rev. Byron Myrick, associate pastor, officiated.

Burial was in Crestview Memorial Park under direction of Hampton-Vaughan Funeral Home.

Scott was born Sept. 28, 1928, in Coffeyville, Kan. and died Nov. 4 in McAllen Texas. He was owner of a chemical company and had lived in Wichita Falls about 20 years. He was a member of the United University Methodist Church, and the family has requested that memorials be made to the organ fund of that church.

He is survived by his wife, Earlene; his parents, Mr. and Mrs. Thomas W. Scott of Wichita Falls; two daughters, Patricia Little of Wichita Falls and Susan Elizabeth Scott of Lubbock; two sons, Thomas Scott Jr. of Iowa Park and William Edward "Billy" Scott of Wichita Falls; a sister, Professor Nancy Ann Scott of Wichita Falls; and a grandchild.

Meeting cancelled

Monday's meeting of the city council was cancelled, because several members were attending a meeting of municipal officials in Dallas.

Rather than call a special meeting, the council will not get together until Nov. 24, according to Johnny Crawford.

Carol Joyce Taylor

Services for Carol Joyce Taylor, 40, who died Tuesday in a Wichita Falls hospital, will be today at 2 p.m. at Tanner-Aulds Funeral Home. Rev. W.F. Williams, pastor of the Church of God, will officiate and burial will be in Highland Cemetery.

Mrs. Taylor was born June 3, 1940, in Lubbock and had lived in Iowa Park 10 years. She was employed at Sheppard Air Force Base and was director of Wichita Falls Women's Bowling Association.

She is survived by her parents, Mr. and Mrs. Milburn Bates of Iowa Park; two sons, Ronnie and Donnie, both of Iowa Park; a sister, Mrs. Melba Graham of Quanah; and two brothers, Milburn Bates Jr. and Sammy Bates, both of Iowa Park.

Pallbearers will be Jerry Smith, Terry Ralston, Roger Patterson, Mike Duerson, Harry Price and Joe Voyles. Honorary pallbearers will be Wesley Tipton, Homer Brown and Roger Brown.

Pipelines... make good neighbors

America has over 220,000 miles of petroleum pipelines carrying crude oil and products to refineries and storage terminals across the United States. Each day, more than 1.5 billion ton/miles of crude oil and products move through this network. These pipelines have a safety record second to none in the transportation industry . . . and we want you to help us keep it that way.

- liquids on or a mist above the ground in the area of a pipeline.
- Flames originating from an opening in the ground. If you become aware of a pipeline leak . . .
- LEAVE THE LEAK AREA IMMEDIATELY.
- Avoid driving into vapor clouds.
- Avoid direct contact with the escaping liquids.

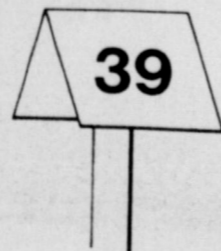

GROUND MARKER

GROUND MARKER

CASING VENT

AERIAL MARKER

When you see signs like those shown above, they tell you that there's a pipeline nearby. If it's underground, you can't see it, of course. But it's there, working quietly to provide energy for you and other consumers throughout this nation.

Some of these signs list the commodity transported in the pipeline, the name of the operator, and a telephone number where the operator's representative can be reached at all times.

- Although pipelines have an exceptionally good safety record, once in a while a leak can occur. Indications of a leak might include:
- A strange or unusual odor in the vicinity of a pipeline.
- A hissing or roaring sound (caused by petroleum or product escaping from a pipeline).
- A dense white cloud or fog.
- A spot of dead or discolored vegetation.
- An accumulation of petroleum

- Avoid creating sparks or sources of heat which could cause the liquids or vapor to ignite and burn. If you find yourself in a suspected vapor area, do not light a match, start an engine or even switch on an electric light.
- Notify the pipeline operator as soon as you reach a safe area. Call collect. Give your name, a description of the leak and its location. If you do not know who the pipeline operator is, call your local fire, police or sheriff's department, or the state police. Advise them of the nature and location of the emergency.

If you see someone digging near a pipeline or doing other construction work . . . or if you plan to do such work near a pipeline yourself . . . please call the telephone number shown on the sign and let the pipeline company know so damage can be avoided. It's in your interest . . . and the nation's.

America's Petroleum Pipelines

Pipelines are the safest way to move petroleum and products and you can help keep it that way!

Eagles rout A.C., 37-6

Holliday's Eagles went over the 500 mark in district play with a convincing 37-6 win over cross-county rival Archer City Friday night in Archer City.

The win not only salvages a season that will see Holliday staying home during the state playoffs for the first time in seven years, but proves the Eagles' ability to play with anybody when the team is healthy.

"The boys are always ready to play Archer City," said coach Don Lucy.

"and we are always glad to beat them."

The win continues Holliday's dominance over the Wildcats ever since Lucy took the helm. After a loss to A.C. Lucy's first year at Holliday, the Eagles have taken the last six contests.

Although the Eagles have been the ones to suffer, injury-wise, throughout this season, the Wildcats were the ones who paid the price Friday night.

Runningbacks James McCord and

Jesse Wilson suffered knee injuries in the game, and McCord is currently sporting a cast.

The Eagles recorded 23 first downs in the game, rushing for 411 yards and passing for 133 more.

Defensively, the Eagles played one of their best games, holding the Wildcat's bullish fullback Scott Tigrett to 52 yards rushing the entire night. The Wildcats managed 167 yards, 140 of that on the ground.

But the main factor in the Eagles'

win was ball control and momentum. Holliday punted only once in the game, while Tigrett was called five times for the Wildcats.

"Our linemen controlled the line of scrimmage all night, both offensively and defensively," commented Lucy.

To start the game, Holliday kicked to A.C., where the Wildcats set up at their 31. Three plays netted minus three yards, and Tigrett unleashed his best punt of the night, a high, booming kick covering 43 yards.

From the Holliday 29, the Eagles drove the distance for the first score of the night. On the second play of the scoring drive, Joe Chase rambled 57 yards to the Wildcat 13. Runs by Ray Looney and Brad Harmon went for no gain, and on third and ten, quarterback Joel Mankins scrambled for four yards with his receivers covered. Facing fourth and six at the nine, Mankins found tight end Lindy Dolberry on a slant-in pass for the score with 7:24 left in the opening period. Mike Parker added the only successful PAT out of six attempts for the night, and the Eagles led 7-0.

A holding penalty on A.C. on the ensuing kickoff set the Wildcats back at their 21, where three running plays netted two yards.

Holliday took the ball, following a 39 yard punt to their 43, 57 yards in seven plays, capped by Looney's 29-yard run for the score with three minutes remaining in the first period.

Seconds before the first quarter ended, the Eagles began an 81 yard drive for their third touchdown in three possessions. Runs by Looney, Harmon and Carl Martin, plus two passes by Mankins for 29 yards set up Looney's three-yard plunge. Holliday not only widened the margin to 19-0 with the score, but ate up seven minutes of precious playing time in doing so.

Archer City retaliated at the close of the first half, driving 69 yards in

EAGLE LANDING
...Looney brought down after short gain.

three plays. Wilson ran 32 yards on the first play, and Holliday was penalized 15 yards more for a facemasking infraction. After a one-yard loss on the next play, Wilson scampered 24 yards through the middle of the Eagle defense for A.C.'s lone touchdown of the night. An attempt by the Wildcats for two points failed when Tigrett was cut down just short of the goalline.

Archer City attempted an onside kick on the ensuing kickoff, but Jeff Eastman was alertly there to cover the ball at the Eagle 49. On the next play, Harmon took the pitch from Mankins, rolled to his right and connected with Larry Boydston for a 51-yard scoring bomb, giving the Eagles a 25-0 lead with three minutes left in the half.

The Wildcats, managing but three first downs in the first half, came up short on their next series, rushing three times for minus three yards. With less than two minutes left in the half, Holliday drove 59 yards for another score, capped by a Mankins to Boydston aerial covering 11 yards. Martin kept the drive alive in the early stages, using second effort to gain a first down at the A.C. 43. Mankins then connected with Dolberry for a 39-yard gain, and Boydston scored on the next play to give Holliday a 31-6 lead into intermission.

The Eagles recorded their last touchdown of the night on their first possession of the second half. The 60-yard drive took but four plays;

runs by Martin for five, Chase for 34, Looney for nine, and Harmon's 11-yard touchdown run with less than two minutes gone in the third quarter.

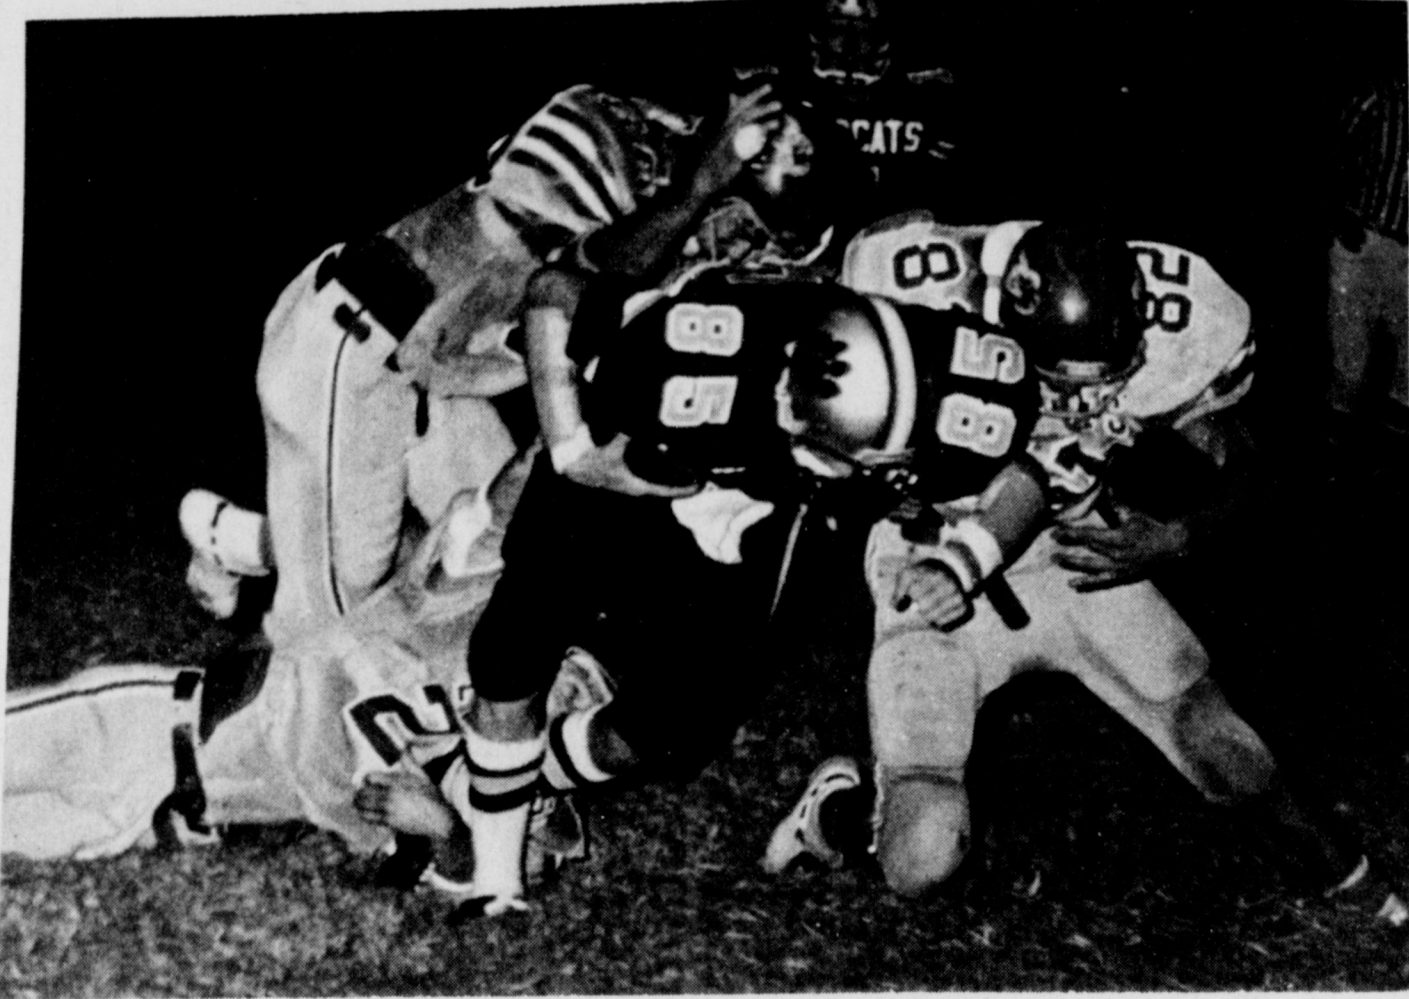

The lopsided first half score enabled Lucy to substitute at will, giving other players valuable gametime experience.

Nine individual runningbacks for Holliday were called on in the game, with four of them rushing for more than 50 yards.

Chase led all rushers with 117 yards in seven carries, over 16 yards average per carry. Looney rushed 10 times for 95 yards, Martin 17 for 92, Harmon 12 for 53, Jeff Belcher four for 22, Mike Rathman four for 14, Mankins three for eight, John Dyer two for six, and Boydston once for four.

Mankins completed six of nine passes for 133 yards, while Donnie Bridges intercepted a Wildcat aerial for the only turnover of the game. The Eagles were flagged eight times for 105 yards, while the Wildcats managed three penalties for 41.
