Johnson is alive

Bobby Johnson is alive. Federal Bureau of Investigation agents yesterday afternoon said Johnson escaped their dragnet in mid-August and is on the run with a 39-year-old woman. The couple is considered to be armed and dangerous, according to the FBI. Indicating their confidence in the case, the FBI announced their findings during a press conference yesterday afternoon in Wichita Falls. The FBI announcement marks the first solid lead on Johnson's whereabouts since his alleged drowning Jan. 3, 1977, in the Gulf of Mexico. "The investigation to locate Bobby Johnson continued and hundreds of leads were covered in a period of 20 months and no information was developed indicating Bobby Johnson was in fact alive," said case agent Steve Gray.

"In the summer of 1978 after conducting a nationwide search on a motor vehicle known to have been associated with Bobby Johnson, the vehicle was located and determined to have been registered to a Irene M. Olson in Great Falls, Montana. "It was determined Irene M. Olson was living with a gentleman friend in Clarkson, Washington, by the name of Darrell Dean Olson. "During the late evening hours of Aug. 18, 1978, FBI agents during an interview with Irene M. Olson positively identified Darrell Dean Olson as being Robert 'Bobby' Johnson. "The same evening Bobby Johnson was tipped, FBI agents were in the vicinity and he fled Clarkson, Washington," Gray stated. "Bobby Johnson and Irene M. Olson, a waitress who worked for Sambos Restaurant in Lewiston, Idaho, are still living together and their present whereabouts are unknown.

BOBBY JOHNSON ... THEN

"Due to the fact Mrs. Olson has been known to have had weapons in the past the couple is considered to be armed and dangerous," Gray said. FBI agents made available photographs of the 43-year-old Iowa Park grain dealer, refuting earlier clues that he may have undergone plastic surgery to mask his identity. The photographs released yesterday showed Johnson with graying over-the-ear hair and a beard. News of Johnson's alleged drowning and an investigation into the Johnson family's business dealings surfaced almost simultaneously in early January 1977.

An intensive multi-state investigation into the business affairs of Bobby Johnson led to the filing of a complaint on Feb. 11, 1977, charging him with transporting stolen grain in interstate commerce. The investigation to locate Johnson took several strange turns. One witness indicated Johnson had plastic surgery and had been seen near Uvalde, Texas. Another individual indicated Johnson was hiding in Belize in Central America. These leads proved to be false and the investigation to locate him continued. The federal grand jury in Wichita

Falls began investigating the matter on February 14, 1977 and on September 13, 1977 returned an indictment charging Bobby Johnson and his brother H.C. Johnson with 17 counts of transporting stolen grain in interstate commerce. In addition to those charges H.C. Johnson, doing business as Geronimo Elevator Company, was indicted for eight counts of furnishing false statements to the Commodity Credit Corporation. H.C. Johnson was subsequently convicted after trial in Wichita Falls federal court. On February 13, 1978 he was sentenced to 16 years to be served in federal custody.

Downs-Stephens wedding held Saturday evening

Las Vegas is the honeymoon destination of Mr. and Mrs. Mark Randall Stephens who were married Saturday evening in the home of the bridegroom's parents, Mr. and Mrs. T.J. Stephens in Wichita Falls.

The bride is the former Miss J. Yvonne Downs, daughter of Mr. and Mrs. J.B. Downs of Kamay.

Beautiful simplicity key-noted the nuptial area in front of the fireplace featuring a brass archway decked with gypsophila garlands. Lending special importance to the setting were two large wicker baskets filled with yellow and white carnations complemented with baby's breath on either side of the archway.

The officiant for the double-ring ceremony was the Rev. Jerry Jones, First Christian Church in Burk Burnett.

Kenny Woods, cousin of the bride, provided piano accompaniment for his solo "Always and Forever" and guitar accompaniment for another solo "And I Love You So." Mrs. W.A. Woods, the bride's aunt, played the marches for the entrance and exit of the bridal party.

The bride was presented in marriage by her father and mother. She was a lovely picture in a formal wedding gown of white crystalene enhanced with crystalene pleating and pearl-centered Venise star daisies. The oval style yoke of the bodice was dramatized with a Venise spray and the crystalene pleated collar was circled with pearl-centered star daisies. The wrists of the long straight sleeves and the natural waist were also distinguished with the crystalene pleating and pearl-centered daisies.

The A-line skirt of the gown and attached chapel train were festooned with random Venise lace motifs and pearl-centered daisies, and the hemlines were edged with the chosen ornamentation.

The bride's waistlength illusion veil drifted from a crown of pearl-centered daisies. She carried a cascade style bouquet of yellow and white pixie carnations and gypsophila with matching silk streamers.

The bride completed her costume with the sentimental traditions. For "something old", she carried a handkerchief that belonged to her grandmother, Mrs. Jack Downs; wore Mrs. Kevin Wright's wedding gown for "something borrowed"; a fancy garter for "something new and something blue".

The bridal attendants wore long loose fitting Qiana gowns imprinted with yellow flowers styled with spaghetti straps, pointed split capelets and string belts circling the waists twice, then tying in bows at the front, to provide a fashionable look. They carried nosegays of yellow and white pixie carnations. Mrs. Jackie Downs of Kamay, sister-in-law of the bride, the matron of honor, wore a blue gown, and Mrs. George Harris of Iowa Park and Mrs. Ted Balch of Wichita Falls, the bridesmaids, wore peach-colored gowns.

The groom and his attendants wore classy western attire. Bo Johnson of Wichita Falls was best man. Groomsmen were Larry Lee of Wichita Falls and Gregg Thompson of Stephenville.

The bride's mother wore a street-length rose pink Qiana dress with a high neckline and gathered waist. She wore a necklace from the bride and a white carnation corsage. The groom's mother wore a blue knit street length dress designed with a shell bodice, pleated skirt and matching jacket. She, too, wore white carnations.

Postnuptial festivities were a reception given by the bride's parents and a buffet dinner hosted by the groom's parents.

At the reception, the tables were covered with white lace over yellow. Miss Julie Stephens, sister of the groom, presided at the bride's book table where a special candle embedded with the couple's wedding invitation, the handiwork of Mrs. O.L. Donohue, the

MRS. MARK RANDALL STEPHENS

groom's aunt, highlighted the decorative scheme.

The refreshment table attracted special interest with the wedding cake which was literally a dream come true for the bride and groom. The beauty of the three-tiered confection was accentuated with frosting white fluting and scrolls and yellow roses to provide soft contrast. The top ornament consisted of white satin bells outlined with seed pearls nestled in puffs of white net touched with lilies of the

valley. Mrs. James Yarbrough, Mrs. Jerry Robertson and Mrs. Gary Dippery served the cake and punch to guests.

The bride was graduated from Iowa Park High School where she was a cheerleader, homecoming nominee, FFA sweetheart and active in the Rodeo Club. She is employed by the Texas Division of Tranter Inc.

The groom was graduated from Wichita Falls High School, served two years in the U.S. Marines and is

Shower fetes bride elect

Guests who called at the home of Mrs. Clifford Klinkerman Sunday afternoon to attend a pre-nuptial shower honoring Miss Donna Klinkerman, bride-elect of Randy Davis, walked a pathway lined with yellow chrysanthemums in pots covered with blue to the front entrance. The colors depicted those chosen by the bride for the wedding October 28 when she and her fiancé are united in marriage at the Trinity Lutheran Church in Clara.

Mrs. Howard Klinkerman and Mrs. Marvin Klinkerman were co-hostesses.

The table where guests were registered by Miss Suzanne Davis was covered with yellow satin and appointed with a bouquet of blue daisies, yellow rosebuds and baby's breath and the feathered pen.

The honoree wore a smart blue Qiana dress gathered at the waist and neck with bows and a corsage of yellow rosebuds, blue daisies and baby's breath, a gift from the hostesses. Mrs. Don Roy Klinkerman and Mrs. Jerry Davis, mothers of the future bride and groom, were pinned with identical corsages.

Monica, Monique and Shane Klinkerman brought the honoree's wrapped gifts to her, and Miss Tracie Siddle and Miss Audrey Klinkerman assisted with opening them for display.

The refreshment table was characterized by a special kind of grace and beauty. Draped to the floor with white satin featuring a blue chiffon swag caught up with yellow organdy roses and streamers, the centerpiece was a silver candelabrum holding blue votive candles and roses. The silver punch bowl, silver mint trays and petits fours topped with yellow and blue wedding bells completed the decor.

Mrs. E.T. Wells and Mrs. H.B. Klinkerman, grandmothers of the bride, were among special guests. Others were out-of-town relatives including Mrs. Jerry Durnam of Haskell, Mrs. Richard Mathis and Amanda of Rule and Mrs. L.H. Klinkerman of Electra.

Havins-Kirkland wedding held Saturday afternoon

Miss Elizabeth Jane Havins, daughter of Mr. and Mrs. Otto Havins of Wichita Falls, became the bride of Richard Derrill Kirkland, son of Mr. and Mrs. Gene C. Shawver of Iowa Park, Saturday afternoon in a double-ring ceremony performed in the home of Mr. and Mrs. M.E. Whitehill in Wichita Falls.

The Rev. Miles Graham, minister of First Christian Church in Electra, officiated at the service in a setting featuring a fan-shaped arrangement of white gladioli, carnations, agapanthus and baby's breath accented with two white doves.

Wedding music was furnished by Jo Helen Stapleton, organist, who played a

medley of appropriate selections, the marches and accompanied Lee Gwinn for his solo "If."

The bride's father presented her in marriage. She wore a long white satin gown styled with a low neck and long sleeves accented with a white scalloped lace cape that covered the midriff in front and extended to a brush train in the back. She wore a bandeau of white flowers in her hair and carried a colonial lace holder bouquet consisting of white agapanthus, feathered carnations and baby's breath.

Miss Twyla Garner took part in the wedding as maid of honor. She carried a

colonial nosegay of mixed flowers and wore a seafoam green satin gown fashioned with a short beige lace cape and a headpiece of pastel flowers.

The groom wore a light blue suit, white shirt and accessories and James McCord, the best man, wore a brown suit.

The bride's parents were hosts for the wedding reception held in the home of Mr. and Mrs. Whitehill.

The bride's book table where guests were registered by Miss Lynn Burgess was appointed with a candelabrum decorated with greenery and silk flowers in pastel shades.

The refreshment table was centered with silver candelabra decorated with greenery and white rosebuds. Cherub columns separated the two-tiered white cake bedecked with frosting roses in refreshing rainbow hues and topped with a kissing bride and groom. Miss Sheryl Cyrus and Miss Debbie Selby served at the table.

Reception assistants were Mmes. John Conley, Aaron Malloney and Whitehill.

The rehearsal dinner was given by the groom's parents at Luby's Cafeteria. Following the reception, the newlyweds departed for Oklahoma City on their honeymoon. She traveled in a light blue pant suit. They will live in Wichita Falls.

Carribbean is subject

Miss Ethyle Kidwell led the concluding study on the Carribbean Islands for the United Methodist Women in their meeting Tuesday morning.

She put a great deal of emphasis on the religions of the 3,000 islands, informing that 25 percent of the people are Hindu worshippers, six percent Moslems, a minority are Protestant or Catholic, and in some areas half the people have no religion.

She stated that the religion of the people, like their language, race and culture, had been influenced and intermixed with Africa, India, the U.S. and Canada.

Miss Kidwell described the people as devout and proud and said that they were hungrily seeking for development, unity, identity and were being helped spiritually and economically by the "Christian Action for Development" and the Carribbean Conference of Churches. She concluded by reviewing the film "Carribbean Cross Currents" that gave visual scenes of how church organizations were helping in the development of better daily living for the people of the islands.

Guests from Holliday were Mmes. Ruby Smyers, Carrie Wooster and Floyd Hubbard. Twenty-six members and another guest, Mrs. Chauncey Weiler, were in attendance.

The couple will live in Wichita Falls after a short wedding trip to Dallas.

A highlight of the Bradford P-TA open house meeting Tuesday night was the first "Salute to Our Teachers" tribute honoring Linda O'Donnell and Lois Keller. Two teachers will be honored each month throughout the school year. Mrs. Darrell Johnson read the salute to the teachers to show the high regard that the organization has for them.

Mrs. O'Donnell is one of the first grade teachers. She has just received her

counselor's certificate from East Texas State University. She has been teaching for six years and has been a teacher at Bradford for four years. She is married, has a daughter, two sons, and two grandchildren.

profession 12 years and at Bradford for the past 10 years. She has three daughters and six grandchildren. She is a member of First Baptist Church in Wichita Falls and some of her hobbies are needlepoint and gardening.

Mrs. Garland Lehman, P-TA president, presided during the business and led the pledge of allegiance. She announced that the Iowa Park School Board has offered a \$500 reward for information leading to the capture and conviction of a person or persons committing an act of vandalism at the schools.

It was voted to give a \$10 prize to the room getting the most memberships and \$5 for the second highest number. Mrs. Shirley Cravens was assigned the responsibility of gathering program data for the yearbooks which will be distributed at the Oct. 10 meeting. Hawks have two big reasons to want victory tomorrow

Iowa Park's Hawks will have two major reasons for wanting to defeat Dallas Bishop Lynch in Hawk Stadium tomorrow evening.

First of all, they want to stay in the winning column after defeating Decatur last week, earning their first victory since early in the 1976 season.

Secondly, they expect a jam packed stand on the home side, filled with present and former students here for the 1978 homecoming festivities.

The young Hawks gained a mountain of confidence in earning their 12-0 win over the Eagles last week. Decatur is a pre-season favorite to capture its district, returning most of their 1977 club that finished with a 9-1 record.

They'll need all the confidence they can muster, however, because they face a team which possesses the ability to break open a game at any time with the big play.

Eventhough Bishop Lynch has yet to earn a victory this season, they've never really been out of either game. The Dallas Catholic school, which is almost the same size enrollment as Iowa Park High, was edged by a scant 14-10 margin in its opener against Wichita Falls Hirschi, and then last week fell victim to Terrell, 20-7.

Holding Hirschi to a four-point

spread was impressive, since the Huskies shut out Lawton McArthur, one of the better Oklahoma teams, last week 28-0.

While the Hawks are counting heavily on underclassmen, with more sophomores starting than seniors, Bishop Lynch has about equal juniors and seniors on its team.

Among their starters are five offensive and four defensive starters from last year's team that finished 6-4 for the season.

Coach Tommy Watkins says the Dallas club has two good quarterbacks and strong running backs who possess great speed. He was also impressed with their ends and the team's ability to throw in the passing game.

Fact is, Watkins feels like Bishop Lynch should have beaten Hirschi, from what he saw studying the game films.

"They just haven't been successful yet," Watkins commented, adding "I just hope they wait another week to get it all together. If we can keep them from completing the big play, I think we have a chance of beating them."

NEW PLAYER

While Watkins has been happy with punter Ron Taylor's performance so far, he's not been satisfied with the kicking game. Kickoffs have been short and they've yet to succeed in kicking an extra point.

So the Head Hawk has invited senior Jeff Nolan to try his hand at

kicking. Nolan doubtlessly will not see action other than as a kicking specialist. He couldn't get a clean bill of health from the doctor, concerning his knee, and didn't get to try out for the team. He was a starter last year.

But he began working out this week, and Watkins is hopeful that part of the Mean Green game will improve immediately.

Though none of the Hawks had injuries at the first of the week, a few key players are still nursing some minor aches and pains, such as quarterback Gary Blackerby and split receiver Robert Hastings.

Watkins, speaking Monday to the Hawk Booster Club, was highly complimentary of the improvement in both technique and aggressiveness of his young team.

Fiddler contest fair attraction

The third Wichita County Fair, sponsored by the Lions Clubs of Wichita County, is scheduled for Oct. 10 through Oct. 14. The fair this year is located in the old Fed Mart Building on the Jacksboro Highway in Wichita Falls.

D.L. Ligon, entertainment chairman for the fair, has announced that an "open" fiddler's contest will be held on Saturday, beginning at 2 p.m. and continuing until completed.

Fiddlers will contest in four age groups - 0-20, 21-49, 50-64 and 65 and over. Cash prizes will be awarded for the first four places in each age group. The fiddling contest will conclude with an overall championship and trophies will be given for the first four finishers.

According to Ligon, the times for the competition in each group is as follows - 2 p.m., 0-20 age group; 4 p.m., 65 and over; 6 p.m., 50-64 age group; and 7 p.m., 20-49 group. The overall championship will start at 8:30 p.m.

As I See It....

By BOB HAMILTON

Two governmental groups are offering, or are thinking about offering, money-saving services which very well could cost much more than those services now cost.

One is from the Texas Public Utility Commission, as a new alternative rate system for Southwestern Bell Telephone, called Residential Measured Rate Service.

The service is to be offered in portions of 15 exchanges on an optional basis and is available in five months. Wichita Falls was included along with Austin, Amarillo, Beaumont, Corpus Christi, Dallas, Fort Worth, Galveston, Harlingen, Houston, Lubbock, Midland, San Antonio, San Benito and Tyler.

It will not be offered here in Iowa Park as yet, because we don't have the right equipment. According to the PUC, it will be priced between 60 and 70 percent of a single party flat rate in each exchange, with 25 free calls and a charge of eight cents per call for each call over the minimum.

And would you believe it would offer the same service to businesses, with a maximum number of calls set at 50 per month?

Well, this all sounds well and good except for a couple of things.

First of all, it's being offered on an optional basis, but figures from it can be used to argue that it should be used all over. And when it is, then there won't be an option.

Such a lower rate would mean less

income to the telephone company, and utilities are guaranteed a minimum income by the state government. Hence, when the income drops, the rates go up.

But rates didn't go up this past time Ma Bell went before the PUC, you argue? No, not residential rates for phone service. It sure did for businesses. And did you know that the rate of \$15 charged a couple of years ago to have a telephone installed in your new home is now in the neighborhood of \$70. That's where Southwestern Bell got its \$124.5-million increase last month, besides off the business.

And let me assure you, any increases issued a business is distributed to the general population through their own respective price increases.

The other money-saving measure which apparently is to go into affect by the Postal Service, according to Associated Press, is a nine-digit zip code.

Boy howdy, one of the postal officials in Washington tells us we can accept it or watch our postal rates continue to climb. Seems they need the nine numbers to find what block a letter goes to in a town. They can't read the street address.

Well, let's look at it this way. The public is going to pay through the teeth for this one. Every newspaper, magazine, business and anyone who uses the mails to reach patrons will have to make up new address plates.

I haven't really put the pencil to it for the Leader, but I expect it will cost us in excess of \$500 to change over our present addressing stencils and records, when materials and manhours are all figured in.

Multiply us by all the newspapers, magazines and other businesses who use the mails to reach you.

Theories are great, but some times there are two sides to be considered. And I don't think the PUC or PS has looked very far from one side on these issues.

Quiet week for police

Iowa Park police enjoyed a relatively quiet week with a minor theft and two cases of criminal mischief being reported.

Last Thursday Mrs. Betty Post, 501 S. Hawthorn, reported the theft of an automobile bumper jack valued at \$35.

Two cases of criminal mischief were reported Monday.

Mildred Craig, 901 S. Wall, told police someone stole a 10-15 gallon tank valued at \$25.

Doyle Uncel, 406 E. Alameda, said while he was gone for the weekend someone had entered his home and left a Dairy Queen cup setting on the dishwasher. There were no signs of forced entry, and nothing was taken, the police report indicated.

City sales tax takes big jump

The City of Iowa Park received a check for \$13,521 for its September share of the local option one percent sales tax.

During the same period last year the city was reimbursed \$11,288, according to the state comptroller's office.

So far \$55,109 in sales tax rebates have been returned to the city in 1978 as compared to \$46,733 rebated through September last year. It represents a 17 percent increase.

Iowa Park woman reportedly raped

A 26-year-old Iowa Park woman reportedly was raped early Sunday in Wichita Falls.

The woman was taken from a Wichita Falls bar to a residence on Monroe in Wichita Falls where the rape allegedly occurred, according to Wichita Falls police.

The woman was treated and released at Wichita General Hospital.

A Wichita Falls man was charged with rape Sunday in connection with the alleged attack. Bond on the man was denied by Justice of the Peace R.L. Stewart.

Teams split with Eagles

The Hawk freshmen scored twice in the fourth quarter to defeat Decatur Thursday 15-0, but an extra point gamble fell short and the Junior Varsity lost 6-7. Jim Smith scored both Iowa Park touchdowns, a seven yarder with 4:57 remaining, and another for 20 yards with 1:34 showing on the clock.

After breaking the ice, Barry Bleeker kicked the extra point to send the Hawks ahead 7-0. Then when Smith scored the second time, quarterback Tim Smith passed to Keith Mowery for a two-point conversion.

In their first outing of the season, the Junior Varsity almost pulled their game out of the fire.

Decatur scored first, and kicked the extra point. Then, when Iowa Park scored, on a run by James Spears, late in the game, the Hawks gambled for a two-point conversion to win.

and fell short, losing 6-7. The two teams travel to Bowie this evening for a

doubleheader. The freshmen play at 5:30 and the JV at 7:30.

Letter carrier completes 7th gallon blood donation

Iowa Park letter carrier Harry Moore led a list of seven loyal blood donors who completed gallon levels when the Red Cross Bloodmobile visited here Friday.

Moore was one of 35 who donated blood, but he completed his eighth gallon, said by one Red Cross official to be an outstanding record.

"It's easy to do, and someone needs it," Moore commented on his reasons for giving blood regularly.

Mrs. William Andersen and Tim Casper completed their fourth gallons. Mrs. Andersen is a housewife and Kaspar a teacher.

Ray Fortner completed his third gallon, Wilbert

Wynn his second, and George Taylor and James Richter became galloneers, completing their first gallons.

It was noted, however, that even with the loyal donations of those working on their various gallon levels, Iowa Park still came up 40 pints short of its 75-pint quota.

Friday slated deadline for PP&K registration

Deadline is Sept. 29 for entering this year's punt, pass and kick competition with events slated to be held at 9:30 a.m. Sept. 30 at the junior high football field.

Any youngster 8 through 13 years of age, accompanied by a parent or guardian, may register to compete in PP&K at Shaw Motor Company, sponsors.

There is no entrance fee and no body contact during competition. No special equipment is needed; participation does not impair a youngster's amateur standing.

off a center line. Participants compete only against others their age.

Trophies will be awarded winners at the local level, who will become eligible to continue competition which will climax during national championships scheduled for

half time of the NFC championship game in January.

Lions plan new building

A building to house meetings of all the community's civic organizations, that's the goal and plan of the Evening Lions Club.

Plans for the facility were told to the Noon Lions Club members at their Tuesday meeting by Wayne House, president of the Evening organization.

He explained the Evening Club's need for a meeting place grew out of the club's background of moving from one place to another. In the past 12 months, he said, they've moved four times, and that's been their history since chartering in 1956, he said.

The new structure, which

would be built on West Alameda near the Masonic Lodge, would also house the Friendly Door. Present plans call for a metal structure 30 feet wide by 100 feet long, with one large and one smaller meeting room, and a kitchen facility.

Unless something comes up the civic organization is not now aware of, the Lions plan to go ahead with their plans in the immediate future, House said.

You can do it!

Regular maintenance around your house can stop energy leaks.

A dripping hot water faucet can waste 200 gallons a month—plus the energy it took to heat it. But not if you do something about it.

Texas Electric's free booklet on maintenance is one of a series we're offering to energy-conscious homeowners who want to make their homes energy efficient. It tells you just what to look for to keep your house in top shape through hot weather, cold weather, year-round. Even unhandy people can follow the checklists to keep their homes comfortable and minimize energy bills.

You may also want the other booklets in the series covering such specific areas as insulation, storm windows, caulking, weatherstripping, and ductwork. Just call us, or ask for the booklets on the comments section of your electric bill. You'll see how easy it is to make your home energy efficient.

Cook of the Week

Mrs. David Mannas

"The language of foods is the language we all speak, a subject in which we are all interested," taken from David Wade's Magic Kitchen. He continues by saying that of all the subjects that have tempted writers from all walks of life none have been more prolific from their pens than the subject of food.

The nice people that have been the Leaders Cooks of the Week have indeed been a cross section of people - housewives who consider homemaking their true career, teachers, scholars, business and professional people, ranging from the very young to those more advanced in years.

This week, we have the good fortune of introducing a new teacher, Cindy (Mrs. David) Mannas to our readers and of giving them the privilege of adding her delectable recipes to their files.

Mrs. Mannas is one of the new homemaking teachers at Iowa Park High School. She is the Home Economics Cooperative Education teacher-coordinator and advisor for Young Homemakers of Texas.

A graduate of Notre Dame High School in Wichita Falls where she was drill team captain one year, a member of the Honor Society, she was named Who's Who during her senior year.

She was graduated cum laude with a B.S. degree in home economics from Texas Tech University last December. At the university, she was a member of Phi Epsilon Omicron, honorary vocational homemaking society, and belonged to the Teachers Association of Texas, serving as secretary. She taught at Earth for a half year after graduation, and while there she acquired some favorite recipes from Oletha Sanders, three of these she is sharing with us this week.

Hawks 12-Eagles 0

WE'RE NOT 1-30 ANYMORE

Iowa Park isn't 1-30 anymore!
In fact, the Hawks are riding on a one-game winning streak after shutting out a strong Decatur 12-0 Friday in Eagle Stadium.

The non-conference victory brought equal joy to the players, coaches and fans. Iowa Park had won only one game since November of 1974, and was riding on a 17-game losing skein since defeating Azle before an IPHS homecoming crowd in Hawk Stadium back in 1976.

Elation was evident among all wearers of the green during Friday's fracas not only because of the win, but the manner in which the victory came about. Almost total domination of a team which is rated one of the better AA clubs in the state, and loaded with returning veterans from the 1977 club which lost only one outing.

A blending of the wing T formation for power with the Houston Veer gave the Hawks a new look since the return of Coach Tommy Watkins. It was a look Mean Green fans had seen little of since the early 1970s.

That look was a 300-yard rushing offense. And there was another familiar scene on the playing field. It was domination on defense, through aggressiveness, which allowed the touted and speedy Eagle backs only a net 22 yards rushing on the evening.

The scoreboard failed to indicate how dominating Iowa Park really was. The Hawks actually had two more touchdowns which were called back by penalties.

Junior halfback Troy

Thompson was the big gun offensively, picking up 122 yards on 17 carries. He was victim of both those penalties, and didn't have a score for the evening.

Quarterback Gary Blackerby emerged with a 64-yard evening, even with 14 yards in setbacks on two trips with the ball. The senior signal caller connected on all three of his pass attempts for another 12 yards.

A couple of sophomores also caught the attention of the coaching staff and crowd in the stands. Mike Ray gained 45 yards on only six carries. And Robert Hastings, who was held to 18 yards on six carries, scored on a 13-yard run.

But Hastings was even better on defense, being a two-way starter. He made a key pass interception, returning it from his own 28 to the Eagle 45, which helped him be named Defensive Player of the Week by the coaching staff.

Coach Watkins was highly complimentary of the offensive team's aggressiveness in blocking. In studying the game film, the coaches count the number of "knock downs", which a blocker gets his man on the ground. To indicate the improvement in blocking, Watkins pointed out the Hawks had 42 knock downs against Bowie, but that figure was improved to 140 against Decatur.

Leader in the knock down department was junior tackle Tommy Ross. He was credited with 26 knock downs himself, and was singled out as the Offensive Player of the Week.

Another big help on the offensive platoon was a newcomer named Calvin

ONLY TEMPORARY - Troy Linticum, lower right, lost control of the ball (just above his knee), but was ruled to

have fumbled after he was down. Action was late in the first period.

Sampley. Though he has been out for only a couple of weeks, and has not played football for several years, his contribution both as a ball carrier, 22 yards on seven carries, and a blocker brought high praise from the staff.

FIRST SCORE

It appeared Iowa Park had scored on the third play of the second quarter, when the Hawks had advanced to the Eagle nine. Blackerby had pitched out to Thompson who went in standing, but a penalty and a pair of losses thwarted the drive.

After a couple of punt exchanges, the Hawks started driving from their own 39 yard line, and

worked their way to the Decatur two. Sampley's number was called, and he hit the line with the ball, but lost control.

However, alert junior end Ron Taylor was on the scene, and claimed possession of the loose ball, for Iowa Park's initial TD of the evening.

A fumbled snap from the center foiled the Hawks' try for the extra point, but with 13 seconds remaining on the scoreboard clock before the half, Iowa Park led 6-0.

Midway through the final period, the Hawks started their other successful drive from their own 49 yard line. Key play in the short, five-play series was a big,

34-yard sprint by Ray, to the eight yard line.

Thompson, on the next play, squirted around his left end into the end zone, but a five-yard motion penalty nullified the play.

Then, from their 13, Hastings took the ball on a cut-back over left guard, and burst over the goal line for his first varsity touchdown.

Ron Taylor's kick for the extra point failed, but it made little difference.

BIG PLAYS
There were several big defensive plays.

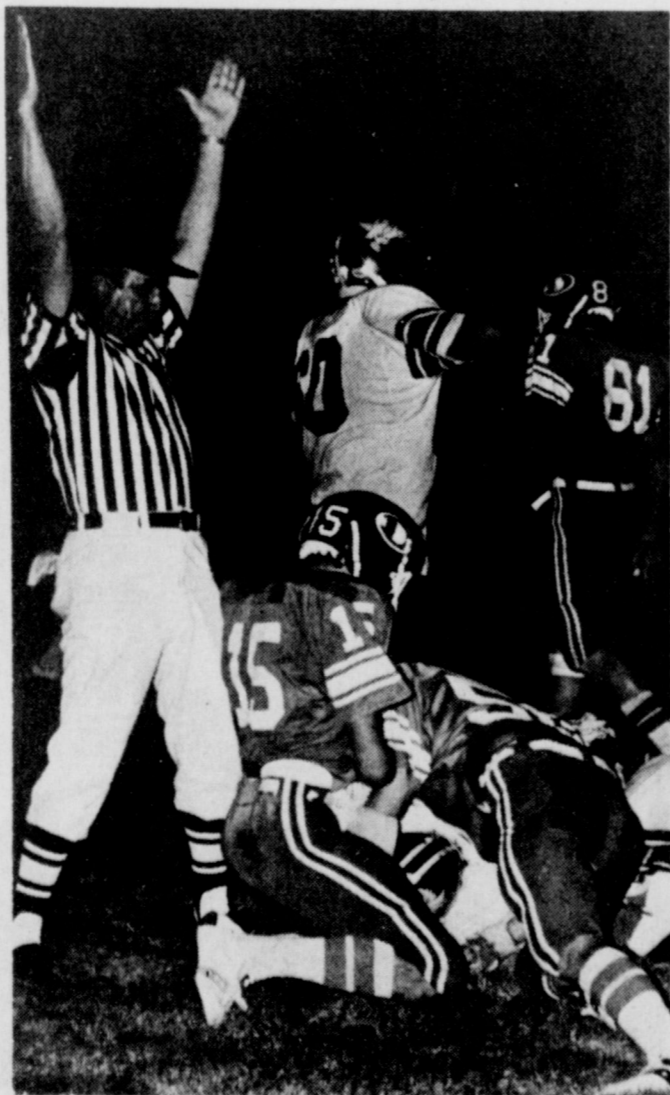

Ray Willingham and Troy Linticum each covered Eagle fumbles.

Sophomore Robert Brown had an interception. And

Watkins pointed out the outstanding punting by Taylor, who once aimed the ball out of bounds on the Decatur seven yard line, and kept the Hawks in good field possession the rest of the evening.

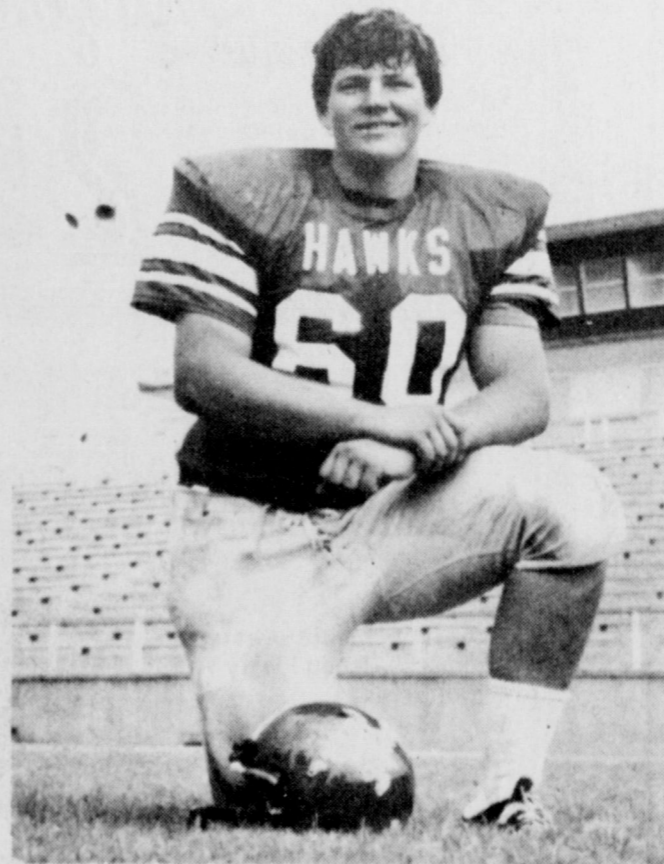

The Hawks so dominated the game that they got off 65 plays from scrimmage, to Decatur's 38.

Judge appoints Hogan attorney

A Wichita Falls attorney has been appointed to represent suspended Holliday policeman, who has been indicted on two counts of indecency with a child.

Wichita Falls attorney James A. Hogan was appointed by 97th Judicial District Judge Marvin London to represent Zimbelman.

Zimbelman was suspended from duty by Mayor Ben Ezzell when the policeman was indicted Sept. 5 by an Archer County grand jury.

Judge London said no trial date has been requested.

Zimbelman was arrested Sept. 7 at a Wichita Falls apartment complex, and Archer County Judge Bill Holder set bond at \$5,000 on each count. Zimbelman had asked that the court appoint him a lawyer.

HOLLIDAY NEWS

Former superintendent lonesome for students

Former Holliday school superintendent A.F. Ligon would like to hear from some of his former students. "I was principal of the high school one year and superintendent two years," Ligon said in a letter to the Iowa Park Leader. "I am one of the broken down old soldiers now. I shall be most grateful if

some of my former students would write me," Ligon said. He especially wants to hear from Ted Mahan and Leon Rankin and any former teachers. He can be reached through General Delivery, VA Branch, Los Angeles, Calif., 90073. Ligon, while superintendent here, was featured in

the 1928 edition of "The Chimes," predecessor of "The Eagle," Holliday's yearbook. "As we look upon this portrait, it brings back pleasant memories of our superintendent's many good deeds," the 1928 annual said below Ligon's picture. "It recalls many sacrifices he has made to make

Holliday High School as great as she is today. Through trying days of high school life, he was always there to comfort and to cheer. "May these achievements become greater as the victories of the future are hurled into the channel of history."

Annexation hearing set

Holliday City Council will continue its annexation

hearings when it meets at 7 p.m. Monday.

At last Monday's meeting the council heard no opposition during the hearing on Tract II of the 1 1/2 mile section of property to be annexed south of the city fronting on FM 368 and FM 1954. Fred Hubbs represented the developers.

Councilmen discussed employee salaries and policies but decided to table action until after the budget is approved. The council voted to purchase a new water pump to be used during water leak repairs.

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 7, 1978

"The Tax Relief Amendment"

(H.J.R. 1)

H.J.R. 1 proposes an amendment to the Texas Constitution allowing the legislature to exempt intangible personal property, requiring the legislature to exempt certain household goods and personal effects, and allowing the legislature to exempt all or part of the personal property homestead from state and local property taxation.

The amendment requires the legislature to provide for the taxation of farm and ranch land on the basis of its productive capacity instead of its market value and allows the legislature to provide for the taxation of timber land on its productive capacity.

The amendment permits local governments to extend the present exemption of not less than \$3,000 of the residence homestead of persons 65 and older to include certain disabled persons.

The amendment grants an exemption from public school property taxes of \$5,000 of the market value of the residence homestead. It authorizes the legislature to grant an additional exemption from public school property taxes of an amount not to exceed \$10,000 of the market value of the residence homesteads of persons 65 years of age or older and certain disabled persons. If a person 65 years of age or older qualifies for this exemption, the total amount of public school taxes imposed on that person's homestead may not be increased.

The amendment prevents local governments from increasing property taxes unless the governing body provides public notice and conducts a public hearing. The amendment requires the legislature to provide by law for each property owner to receive notice of the revaluation of his property and the amount taxes will be increased.

The amendment limits appropriations from state tax revenue to an amount not to exceed Texas' estimated economic growth rate, with the legislature authorized to make exceptions for emergencies.

The amendment prohibits the statewide appraisal of real property for property tax purposes. Enforcement of uniform standards and procedures for appraisal of property for property tax purposes is required to originate in the taxing

authority where the property tax is imposed.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment providing for tax relief for residential homesteads, elderly persons, disabled persons, and agricultural land; for personal property exemptions; for truth in taxation procedures, including citizen involvement; for a redefinition of the tax base; for limitations on state spending; and for property tax administration."

NUMBER ONE (S.J.R. 50)

S.J.R. 50 proposes an amendment to the Texas Constitution to delete an archaic reference to the "Deaf and Dumb Asylum." The amendment would allow the State of Texas to purchase products and services done by handicapped individuals in nonprofit rehabilitation facilities without complying with bid requirements applicable to other state contracts. The amendment also would eliminate the formality of the approval of certain state contracts by the Governor, the Secretary of State and the Comptroller of Public Accounts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment deleting the archaic reference to the 'Deaf and Dumb Asylum,' allowing certain products and services of handicapped individuals to be used by agencies and departments of state government, requiring the procurement of other products and services required in the operation of state government to be made under bids awarded to the lowest responsible bidder, making all such procurement processes subject to laws enacted by the legislature, and eliminating the requirement that the Governor, the Secretary of State, and the Comptroller of Public Accounts of Texas be personally involved with such transactions."

NUMBER TWO (S.J.R. 55)

S.J.R. 55 proposes an amendment to the Texas Constitution to permit local governments to issue bonds for the reconstruction or acquisition of facilities (land, equipment and improvements) designed to develop employment opportunities. These

bonds would be payable solely from the revenue from the sale or lease of these facilities. The building or acquisition of such facilities must be determined by the local government to be necessary to develop employment opportunities.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide that the legislature may permit political subdivisions to issue revenue bonds to develop employment opportunities for its citizens."

NUMBER THREE (S.J.R. 44)

S.J.R. 44 proposes an amendment to the Texas Constitution which would allow the legislature to authorize cities and towns to issue tax increment bonds to finance the redevelopment of blighted areas. The bonds are to be paid solely from revenue from municipal tax increments. Payment cannot be made from the revenue of municipal taxes, utilities, or other services.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to give the legislature the power to authorize cities and towns to issue bonds to finance the redevelopment of blighted areas and prohibiting any city or town from granting its money or lending its credit for such purposes."

NUMBER FOUR (S.J.R. 53)

S.J.R. 53 proposes an amendment to the Texas Constitution to allow the legislature to exempt from taxation solar or wind-powered energy devices.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from taxation solar and wind-powered energy devices."

NUMBER FIVE (H.J.R. 37)

H.J.R. 37 proposes an amendment to the Texas Constitution to grant exclusive jurisdiction to justices of the peace in civil cases where the amount in controversy does not exceed \$200, except where the legislature gives exclusive jurisdiction to another court.

The amendment grants justices of the peace concurrent jurisdiction with county courts where the amount in controversy is between \$200 and \$500, except where the legislature gives the county court exclusive jurisdiction.

The amendment also grants justices of the peace concurrent jurisdiction with both county and district courts where the amount in controversy is between \$500 and \$1,000, except where the legislature gives the county or district court exclusive jurisdiction.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the jurisdiction of justices of the peace in civil cases."

NUMBER SIX (S.J.R. 45)

S.J.R. 45 proposes an amendment to the Texas Constitution to allow the legislature to expand the number of judges on any court of civil appeals. Presently courts of civil appeals are limited to a chief justice and two associate justices. The amendment also would allow the courts to sit in sections, with the concurrence of a majority of the judges sitting in the section necessary to decide a case.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment permitting the legislature to increase the number of justices on a court of civil appeals, permitting a court of civil appeals to sit in sections, and requiring a concurrence of a majority of justices to decide a case."

NUMBER SEVEN (S.J.R. 48)

S.J.R. 48 proposes an amendment to the Texas Constitution eliminating the State Building Commission and the State Building Fund. The authority of the State Building Commission has been transferred by law to the State Board of Control.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to repeal the constitutional authority for the State Building Commission and the State Building Fund."

NUMBER EIGHT (H.J.R. 42)

H.J.R. 42 proposes an amendment to the Texas Constitution allowing certain political subdivisions or districts in the state that can presently issue bonds or otherwise indebtedness or otherwise lend its credit to engage in fire-fighting activities and to issue bonds or otherwise lend their credit for fire-fighting purposes.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendments authorizing certain districts to engage in fire-fighting activities and to issue bonds or otherwise indebtedness or to issue bonds or otherwise lend their credit for fire-fighting purposes."

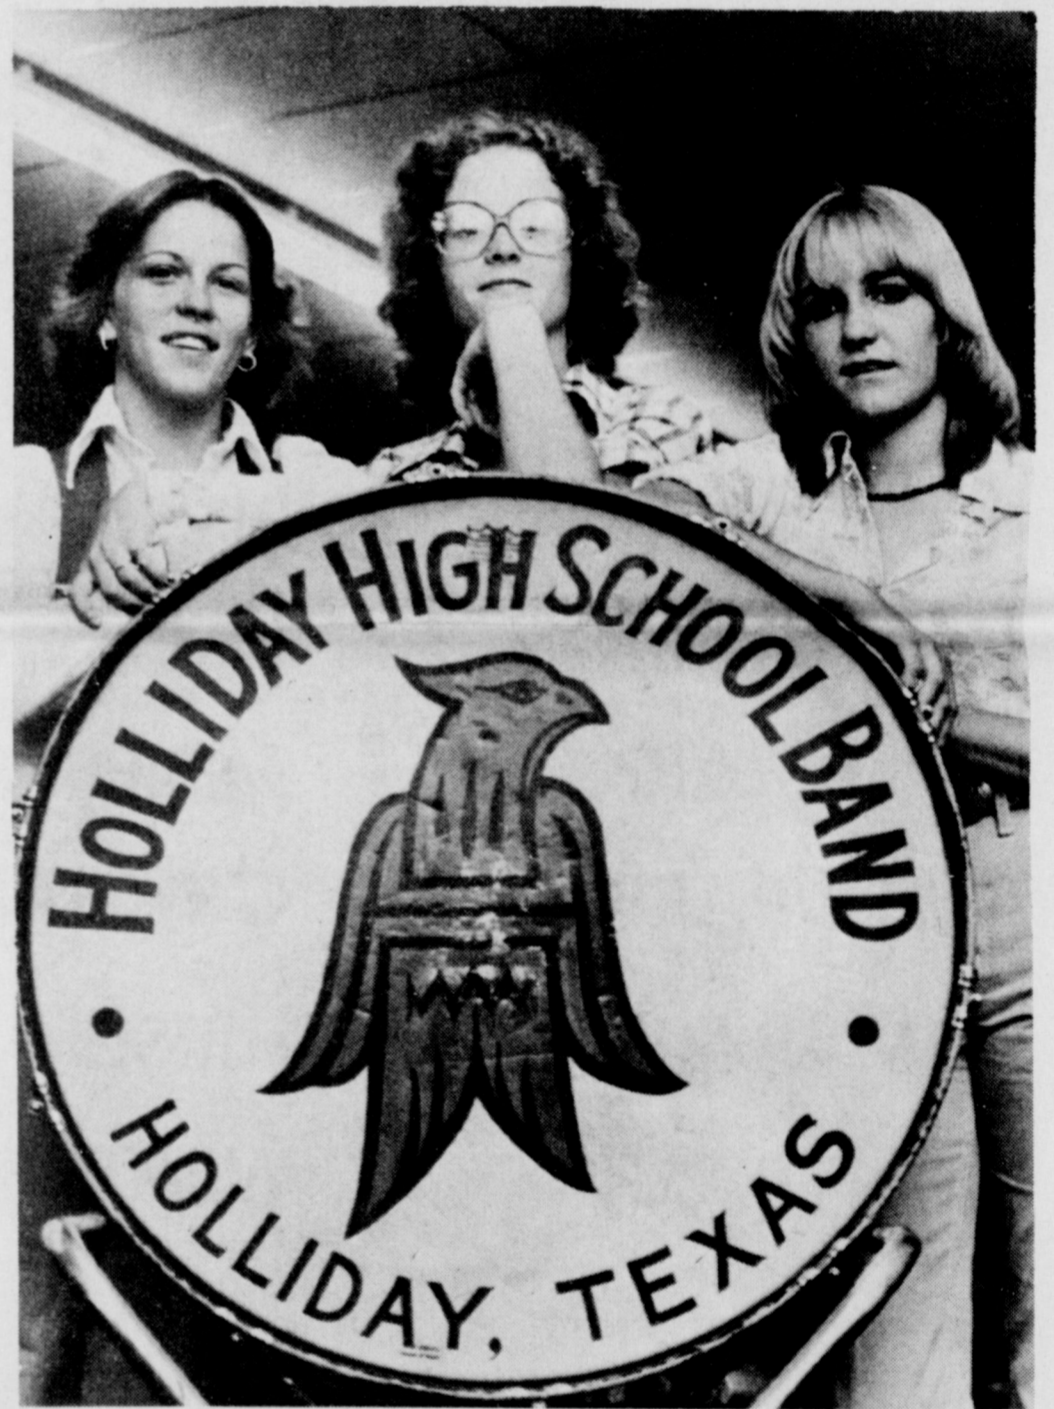

Mankins heads freshman class

Joel Mankins was elected president of the freshman class at Holliday High School for 1978-79.

Brad Hardin will serve as the class vice president, and

Shelley Anderson will be secretary.

Other officers include Cookie Ezzell, treasurer; Cindy Davis, reporter; and Carla Cottrell, Student Council representative.

BAND SWEETHEART nominees to be presented at Friday night's Holliday-Henrietta game include Pam Carver, Katie Williams and Tommy Lavander.

Small teams win openers

Holliday's Top 'O Texas football teams both registered wins during their season debuts.

Holliday's peewees defeated the Sheppard Bulldogs 34-12.

Taking advantage of Bulldog fumbles and turnovers, the peewee Eagle defense allowed little ground to be gained against them.

Holliday's touchdowns were made by Tim O'Brien and Sean Delph. In the midjet league, the Eagles upended Sheppard 14-0.

Kelly Coats scored first on a 45 yard punt return, and Ronny Fellhauer followed up with a run for the extra points.

In the second half John Smyers broke through the interior of the benches and

ran 40 yards to paydirt. The PAT failed.

The Eagle defense was impressive, allowing the

Bulldogs little yardage. John McGill and Bobby Pautsky were defensive standouts as well as the interior linemen.

John Hill is attacking State Budget waste . . .

"I've already started my search for waste in the state budget. I want to be ready to tackle overspending the minute I take office as Governor in January. My budget office already is paring down big state agency budget requests, to keep spending within available revenues. We'll have to live within our means, because I'll veto any new taxes."

. . . because he knows our taxpayers need relief from inflation.

ELECTRA EDGES EAGLES

Big Red rally falls short

The white rabbit's foot dangling from coach Don Lucy's belt loop ran out of charm in the fourth quarter as the Electra Tigers nipped Holliday 7-6.

With both teams coached to rely heavily on no-nonsense ground games, it was the aerial approach that spelled the game's outcome.

With 3:34 remaining in the half the Eagles capped a massive ground attack with a 12 yard pass from Rusty McDaniel to Larry Denney for Holliday's lone TD.

Mark Wells' PAT was blocked and would loom to spell Holliday's defeat.

It wasn't until late in the final quarter that Electra ignited the scoreboard on a three yard TD toss. The Tiger PAT was good, and

1:16 remained on the clock for Lucy's red birds to stage comeback.

Lucy's lucky rabbit's foot seemed to be working well on the kickoff when Jim Ezzell returned the Tiger kick 38 yards, giving the Eagles possession on Electra's 37.

Quarterback Gerry Graves picked up three yards on his own, then passed to McDaniel for four more. James Porter carried it four steps closer to paydirt, giving Holliday a first down.

Under pressure with the seconds on the clock thumping like a heart beat, Graves dropped back to pass again but missed his mark as the pigskin landed in the arms of a Tiger defensive secondary man.

Electra's final task of the night was to run out the clock on the remaining play.

Punting statistics illustrated the battle in the trenches that transpired near the goalines.

The Eagles thwarted an Electra threat in the first period, stopping the Tigers 11 yards from paydirt.

The tide turned similarly on Holliday in the third stanza. A razzledazzle punt play with Denney handing off to McDaniel for a 33 yard return placed Holliday on Electra's 21. But a tough Tiger defense stopped Holliday a dozen steps from paydirt.

A pass interception by Electra early in the fourth quarter send the Eagle offense into a slump and it

was an Eagle fumble that gave Electra possession for the Tiger scoring drive.

Conray Chase emerged as Holliday primary ground gainer with 76 yards, trailed by Porter with 60 and Stanley Craddock with 23.

Eagles seek return to win column

Licking their wounds after last week's disappointment in Electra, the Eagles will seek to regain their status tomorrow night when they host Henrietta in front of a homecoming crowd.

Like Holliday, Henrietta will enter the contest with a 1-1 record having defeated Nocona and being beaten by Archer City.

The Eagles slipped back into a four-way tie for third in the pre-district standings among 13-A teams.

Boyd is setting on top with an unblemished 2-0 record while Holliday, Archer City, Nocona and Millsap all are 1-1.

Petrolia was idle last week and sets in second with a 1-0 mark, while Chico brings up the rear with a 0-2 showing.

Eighth grade wins shutout

Holliday's eighth grade Eagles rolled over Electra in their season opener while the seventh and junior varsity teams were nipped by the Tigers.

Holliday's seventh, eighth, ninth and JV squads will take on Burkburnett today.

The junior high games will kickoff at 5 p.m. in Burkburnett, while the

ninth and JV contests are slated to begin at 6 p.m. in Holliday.

EIGHTH GRADE

The Eagle eighth grade squad upended Electra 26-0 with Mike Parker scoring first on a 46-yard run. The PAT failed.

Parker repeated in the third period on an eight-yard TD run, and returned to supply the extra points.

Gil Gilbert passed to Lilley for a 45-yard aerial TD in the final stanza, and the PAT failed. Harmon connected with Lilley on a 10-yard toss for the final TD. The PAT failed.

Harmon also recovered a fumble and Ferguson intercepted a stray Tiger pass.

SEVENTH GRADE

Otherwise a stalemate, Electra's seventh graders edged out Holliday 6-0 on a 65-yard TD run in the opening quarter.

JUNIOR VARSITY

Electra's JV sneaked past Holliday 14-8.

Holliday was first to draw blood, capping a 65-yard drive on a six-yard TD scamper by Chase with Looney supplying the extra points.

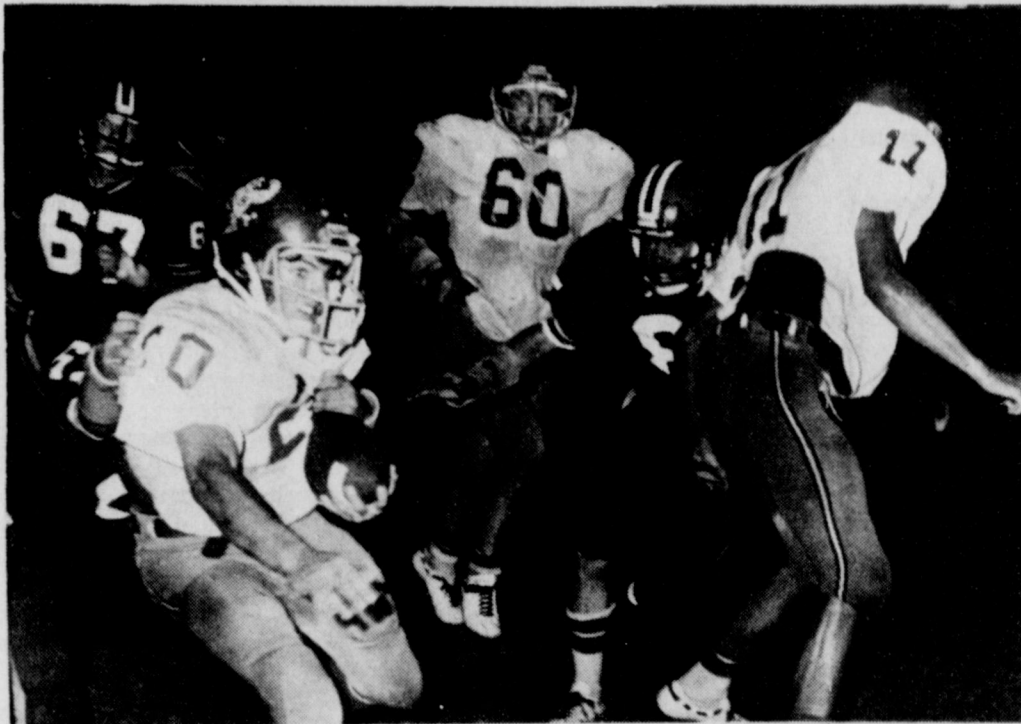

The Tigers came back to score in the second quarter, but Holliday spoiled their PAT attempt.

In the third period Holliday was stopped twice inside Electra's 20 yard line, but was unable to light the scoreboard.

A Holliday fumble in the final quarter set up Electra's winning TD.

THESE FOUR HHS beauties will be vying for the title of football queen during Friday night's homecoming gridiron clash. They are DeDe Leonard, Penny Parnell, Suzan Dillard and Karen Wilkison.

EAGLE TAILBACK James Porter [20] finds running room against Electra with the help of Gerry Graves [11] and Steve Parnell [60].
