MRS. LITA WATSON
520 W. CLARA
IOWA PARK TX 76367 112

Summer ends at 8:10 a.m. Monday

Summer vacation is over as of 8:10 a.m. Monday.

That's when the tardy bell rings at all four campuses of the Iowa Park school district, signaling return to classes that extends through May 23, 1985.

The new starting time, 8:10 instead of 8:30, indicates this is a year of change for school pupils here and across the state.

Local students will attend seven classes each day, instead of six. Ten unexcused absences equals automatic failure. Students will not be permitted to be called out of class for visits. Nor will teachers.

A whole host of changes have been implemented, mandated by the legislature and Education Agency, and will be explained as the school year gets underway.

Because the classes are to begin 20 minutes earlier has made it necessary for the school buses to run earlier, but by only 10 minutes. Students who rode buses last year will find the routes taken by buses to be the same this year. Pick-up points will be the same, only 10 minutes earlier.

Kidwell students, kindergarten through second grade, will be dismissed at 3 p.m. daily; Bradford

students, grades three through five, at 3:35, and 3:45 for all junior high and high school pupils.

HIGH SCHOOL STUDENTS

High school students are to report to their campus today or tomorrow to receive schedules and locker assignments.

Seniors will pick up their's between 9 a.m. and noon today, juniors between 1 and 4 p.m. today, sophomores Friday morning and freshmen Friday afternoon.

All high school students who were notified when report cards were mailed that they needed shots are to have their records up to date by Monday, according to Bob Dawson, principal.

Students at all campuses are to have shot records current, as required by state law.

HOLIDAYS

First holiday for students will be Sept. 3, Labor Day. They will next have Nov. 22 and 23 off for Thanksgiving. Classes will dismiss Dec. 20 for Christmas, with return Jan. 2. Spring break will begin at the end of Mar. 15 and classes resume the 25th. One day, April 5, will be the only day missed for Easter.

RULES FOR BUS STUDENTS

Rules and regulations governing Iowa Park students riding school buses have been adopted by the board of trustees.

In order for all students and parents to fully understand the rules, the Leader is printing them in their entirety.

PREVIOUS TO LOADING

1. Be on time at the designated school bus stops. Keep the bus on schedule. Bus drivers will not wait for students.

2. Stay off the road at all times while waiting for the bus. Bus riders conduct themselves in a safe manner while waiting. No playing at bus stops. Do not abuse personal property around the bus stops. Stay away from houses, shrubs and off grass when possible. Note to parents. . . .

It is parents responsibility to see that students not arrive too early at bus stops. Ten minutes prior to arrival of bus is sufficient. Each student will be transported back to original destination unless parent sends a written request for a change to student's principal. The principal will send a pass to the bus driver if approved. This rule applies to

students who request a change from one bus to another, however, a student must have a very good reason to even be considered.

WHILE ON THE BUS

1. Keep hands and head inside the bus at all times after entering and until leaving the bus.

2. Assist in keeping the bus safe and sanitary at all times. No candy, gum or food will be consumed on bus. No smoking or use of other tobacco products by anyone on regular morning or afternoon route. Special trips such as football or any extra curricular trip where a sponsor is present, the discipline in this area would be to the discretion of the principal, sponsor or bus driver.

3. Remember that loud talking and laughter or unnecessary confusion diverts the driver's attention and may result in a serious accident.

4. Treat bus equipment as you would valuable furniture in your home. Damage to seats, etc., must be paid for by the offender.

5. Leave no books, lunches or other articles on the bus. Students are

responsible for band instruments and all other articles.

6. Keep books, band instruments, coats and all other objects out of the aisles.

7. Do not throw anything out of the bus window. Do not throw papers or any other object on the bus.

8. Bus riders are not permitted to leave their seat while the bus is in motion. No student will change seats after bus has left bus stop or school unless bus stops and drivers give his or her consent. No standing on bus.

9. Horseplay is not permitted around or on the school bus.

10. Bus riders are expected to be courteous to fellow pupils and the driver at all times.

VIOLATION OF RULES

Students will be taken to the principal's office when a violation of rules occurs. The principal will assist bus driver in administering punishment if this is necessary. Bus driver must have principal or teacher in charge present before punishment is administered. When this occurs, a written report is turned into the

transportation office. This is kept on file at all times and when there are three recorded for one student, the parents are notified, if they cannot correct this student, he or she will be taken off the bus. On the fourth violation, the student is taken from the bus for a period of time. After the student returns, if this happens again they are taken from the bus for the rest of the semester.

A student is subject to automatic dismissal from the bus if the driver, transportation supervisor and principal feel that this action is in order. After dismissal parents are called to office with son or daughter before they are allowed to again ride the bus.

NOTICE

In the event that a bus student or parent observes a bus driver disobeying traffic laws or good safe driving habits then this should be reported to the principal and a full investigation will be made. The driver will be informed of this complaint and a report will be made back to the bus student or parent.

IOWA PARK LEADER

25 Cents

Vol. 15, No. 49 IOWA PARK, WICHITA COUNTY, TEXAS 76367 THURSDAY, AUGUST 23, 1984

NEW SCHOOL STAFF MEMBERS to the Iowa Park school district are, from left: Howard Klinkerman, Bradford; Julie Salley, junior high; John Hoelter, junior

high; Dorothy Palmer, Kidwell; Mark Wilson, junior high; Karrie DePriest, junior high, and Don Ickles, high school assistant principal.

Couple arrested on charge of burglary

An Iowa Park couple was arrested and jailed last week for burglary of a motor vehicle and possession of controlled substance.

Gary and Pamela Jon Freeman of 405 E. Aldine were arrested last Thursday on the charges and taken to county jail.

Two weapons, a Smith and Wesson 9 MM handgun and a Mini 14 Ruger rifle were found in their possession. Both had been reported stolen from vehicles in separate instances in Wichita Falls.

Also found in their possession was a container of approximately an ounce and a half of cocaine.

Three drivers were arrested for driving while intoxicated, one of whom was arrested on the same charge less than two weeks earlier.

Steven Wayne Fulfer was arrested at 3:38 a.m. yesterday at Lone Star Truck Stop after a chase by local police that originated at Johnson Road. Fulfer allegedly reached

speeds of 86 miles per hour between here and the station of FM 369.

He was arrested and charged with DWI, driving while license suspended and evading officers, brought to the local jail and transported later in the morning to county jail. There, he was being held en lieu of \$500 for evading, \$1,000 for driving while license suspended (DWLS) and \$2,500 for DWI.

Fulfer was arrested Aug. 12, also for DWI and DWLS. Ironically, according to police records, that arrest and the one yesterday were both at 3:38 a.m.

Harvey Dean Eaton, 36, was arrested at 2:10 a.m. Saturday in the 1200 block of Johnson Road, also for DWI. He was turned over to county deputies at 3:50 a.m. to be taken to Wichita Falls for a breath test and, according to police records, refused at 4:58 a.m. to submit to the test.

At 1:29 a.m. Sunday, Kevin Eugene King, 19, was arrested in the 200

block of N. Bond on a charge of DWI. He was released to a DPS trooper at 2:27 a.m., according to the records, for transporting to Wichita Falls to have a breath test and then to county jail.

School's tax rate increased 5-cents

Iowa Park school trustees Monday night approved a \$4.8-million budget for the 1984-85 school year.

They then set the tax rate at 53-cents per \$100 valuation, a five-cent increase over the previous year.

The new tax rate will generate \$1,299,544 in local revenue. With total revenues of \$4,284,437, the budget has a deficit of \$524,566, which is calculated to whittle down the carryover of \$1,566,625 to \$1,042,059 by the end of the fiscal year.

Passage of the budget and approval of the tax rate did not receive total board approval. There was one dissenting vote.

Voting for the measure were trustees Roy Boutwell, Martha Dudley and Rusty Rusk. Marilyn Hale voted against it. Ray Hicks, Rex Wells and Jimmy Howell were absent.

"I hope we've kept this (all budget planning) out in front of you all the way," commented Supt. Harold Cowley. "There've been some changes at each work session, but this is the best estimate we can give you." He added that all budgets are estimates.

Making up the \$4,809,033 in expenditures for the coming year are: \$3,245,327 for payroll; \$594,217 for contract services, which includes utilities; \$499,054 for supplies and materials; \$125,799 for other operating costs; \$195,783 for serving debts; and \$148,823 for capital outlay.

Of the 53-cents set for the tax rate, 45-cents is for maintenance and operations and eight-cents is for debt service.

The new budget is approximately \$700,000 higher than last year. Though the budget approved by the board for 1983-84 was \$4,974,057, it included \$476,932 to fund the West Wichita Co-op, making the local budget \$4,247,105.

The major portion of the increase is state-mandated, primarily higher salaries for teachers.

The 1982-83 budget, which also included West Wichita Co-op, was \$4,843,260. Iowa Park is no longer the West Wichita fiscal agent, having transferred that responsibility to the Electra district this summer.

Loss of oil values is placing a greater responsibility to meet the tax needs on other areas. The district lost \$15.5-million in oil values last year, and this year it lost an additional

\$27-million.

The district's tax value this year is \$292,624,652. However, that value is reduced due to exemptions and reductions provided by law and granted by the local district to an

actual \$244,517,183.

TO AMEND BUDGET

Trustees set 7:30 p.m. Aug. 30 to amend the 1983-84 budget. The required meeting will be held in the administration building.

AT WHOOP-T-DO

Repeat performance set for gun-fighter group

The black powder gun-fighter group from Wichita Falls that performed here at last year's Whoop-T-Do will be invited back for a repeat performance.

The decision to extend the invitation was made Monday during the monthly meeting of the Chamber of Commerce board of directors.

Dr. Erwin Soell, chairman of this year's annual event, received permission to grant expense money for the old west gun-fighters, to be paid by the Chamber. The group's appearance was considered one of the major highlights of the 1983 Whoop-T-Do.

Organizations wishing to reserve booth space for this year's Whoop-T-Do, which will be held Oct. 13, should contact Chamber secretary Gay Bradford as soon as possible, Dr. Soell said.

The secretary received 13 phone calls during the past three weeks concerning Whoop-T-Do. Notation of the number of calls was in the direction of the directors, wanting to know how much activity the local Chamber office had. Other phone calls

included 12 for rental information, 14 for location of business or service and 17 miscellaneous. Mrs. Bradford reported.

Other topics discussed during the meeting included rental of a mechanical bull for Whoop-T-Do, Christmas decorations for the business sector, building insurance, membership recruitment, Chamber banquet speaker and the community's participation in the Sesquicentennial.

Wayne House said he would continue research into renting a mechanical bull for a fund-raising activity, but expressed concern about liability and other problems.

Phil Welch proposed searching for a source of used Christmas decorations. It was noted the decorations the Chamber has used in the past are beyond repair, but new decorations are probably more expensive than the Chamber could afford. Good, used decorations might be the answer, it was reported.

Directors approved a proposed insurance policy with Richard Hill Insurance, which includes liability coverage as well as building and contents.

FOOTBALL SEASON NEARS - The Hawks held a scrimmage among themselves Saturday, and tomorrow night will scrimmage the Jacksboro Tigers at Jacksboro. Next week they host Olney for a scrimmage before the

season opener Sept. 7 at Breckenridge. For Coach David Baugh's comments on the 1984 edition of Mean Green, turn to page 11 of this issue.

28th CLASS REUNION - Members of the Class of 1956, and Mrs. Jim Murfield, coming from such distant points as Houston and Oklahoma City, with their room mothers, met Saturday at the home of Mr.

When a honeybee finds nectar in flowers near its hive, it returns to the hive and dances in circles to let its neighbors know where nectar can be found. When it finds nectar in flowers that are far away, it dances in the direction of the flowers.

One of the most malleable of metals, gold can be hammered into sheets so thin they are almost transparent.

TCU students undergo unique program

Wayne Watson of Iowa Park is among Texas Christian Univ. students taking part in a unique academic program at the Republican National Convention in Dallas.

Programs in conjunction with the national conventions this summer were the first of their kind in history. The idea for the unusual

educational experience originated in TCU's political science department, and TCU took the idea to the Washington Center, a non-profit educational organization which made arrangements to offer the program to the 500 colleges and universities it serves.

Dr. Eugene Alpert of TCU is

academic supervisor for the nationwide program, which opened Aug. 13 with a week of educating students about the political process.

Watson, of 520 W. Clara in Iowa Park, is a sophomore at TCU. He has been assigned with a delegate from Michigan.

Obituaries

Eugene Lester Brooks

Funeral services for Eugene Lester Brooks, 82, an agricultural and community leader of the Iowa Park area 53 years, will be held at 10:30 a.m. Friday in First Baptist Church with Rev. Hal Farnsworth, pastor, officiating.

Burial will be at 3 p.m. at Oak Grove Cemetery, near Gainesville, under direction of Tanner-Aulds Funeral Home.

Brooks died of an apparent heart attack late Tuesday afternoon at his home.

Born May 11, 1902 at Cisco, he and the former Edyth Marie Price were married June 30, 1923 at Woodbine.

One of the earliest graduates of Texas Tech Univ., in 1930, he taught school in Plainview before moving here 53 years ago after accepting a position with the Texas Agricultural Experiment Station. He retired as superintendent in 1967.

Among his many accomplishments, he perfected the Brooks strain of guar. He also had 12 registered strains of iris to his credit.

A member of the Iowa Park Lions Club 52 years, he was a past district governor. He also was the past state president of the American Iris Society, a charter member of the Wichita Falls Farm and Ranch Club, and a member of the Baptist Church.

He was cited at the annual Chamber of Commerce banquet in 1983 as the Outstanding Senior Citizen for 1982.

Survivors include his wife, of the home; a daughter, Sheri Jeter of Soper, Okla. near Hugo; a brother, James Thomas Brooks Sr. of Olton; two sisters, Mrs. Jewel Reed of Justiceburg and Mrs. Methel Lynch of Gainesville; four grandchildren and three great-grandchildren.

Fannie Pearl Guthrie

Graveside services for Mrs. Fannie Pearl Guthrie, 79, are to be held at 10 a.m. Friday at Highland Cemetery, under directions of Tanner-Aulds Funeral Home. Rev. Hal Farnsworth, pastor of First Baptist Church, will officiate.

Born Jan. 6, 1905 in Garner, Mrs. Guthrie died in a Breckenridge nursing home Tuesday evening.

A resident of Iowa Park since 1940, she had moved to Breckenridge about eight months ago. She was a member of the Baptist Church.

Survivors include a son, E.L. (Mutt) Kirkland of Albany; three stepsons, Bill and N.E. Guthrie Jr. of Iowa Park and Pete Guthrie of Bowie; six sisters, Opal Bennett of Fort Worth, Ruth Wiggum of Oklahoma City, Mable Irby of Albuquerque, N.M., Ada Bell Traffanestev and Blanche Clark of Sacramento, Calif., and Lura Williams of Amarillo; 13 grandchildren and one great-granddaughter.

Ida Smith

Services for Ida Smith, 76, of Wichita Falls, were held Monday afternoon at Owens and Brumley Funeral Home with Dan Gleason, Seventh Day Adventist pastor, officiating. Burial was in Crestview Memorial Park.

Born April 27, 1908 in Clay County, she died Friday in a Wichita Falls hospital. She had lived the past 25

years in Wichita Falls and was a member of the Seventh Day Adventist Church.

Survivors include her daughter, Shirley Bitz of Wichita Falls; two sons, W.E. Reichert of Wichita Falls and Melvin Reichert of Arlington; three brothers, Albert and R.W. Wiist of Wichita Falls and Bill Wiist of Keene; two sisters, Nell Tammen of Wichita Falls and Ester Weiss of Iowa Park; seven grandchildren and seven great-grandchildren.

Letter to the Editor

Dear Bob,

I enjoyed your comments about the recent special session and our "fabulous" reform bill. About the first of October you will hear an outcry from cable television customers, as at that date we will become subject to a 5% sales tax on cable television. As you know, we, as a company, will not receive any of that money even though many of our customers will look at it and remember it as a rate increase on our part -- we will only get the paper work and the "privilege" of letting the public air its complaints about the tax to us.

As an industry, we lobbied against the sales tax. Today, we still don't know exactly what will be taxed: basic cable, pay cable, installations, or all of it -- If I were a betting man, I'd put my money on the latter. Our state association is working with the state comptroller's office trying to get some information concerning the matter. As soon as I know something, I'll pass it on to you, and of course to our customers.

I'm not an "I told you so" person, but, I'm sorry to say, Gov. White is doing exactly what I expected him to do. As you well know, everything has a price tag and so many times the better it sounds, the bigger the price tag.

Between the two of us, I'm real concerned about the national political arena. Inflation is out of double digits down to just over 3%, interest rates are one-half of what they were at one time and employment has been cut drastically, yet I hear folks saying they want even more. I'm concerned that our state reform bill will be only peanuts as to what federal legislation and programs will cost us if Walter Mondale and associates have their

way. Keep up the good work with the newspaper. It's still one of the best in the state.

Regards,
Raymond Greenwood

To the Editor -

I think it's time for the people of Iowa Park to have a say in the matter of choosing a Police Chief. Since we haven't had much luck with bringing in a chief from out of town -- why not choose a chief from Iowa Park? Surely if a man is qualified to act as chief - then I'd think he would be qualified to be our Police Chief for as long as he can handle the job efficiently.

I - for one - think officer Dean would be a good chief. Since he has been with our Police Department for several years and resides in Iowa Park - it should surely be in our favor in making him our Chief. Officer Dean knows the town and the people and I think he should be the one to take the job that is offered. This Department is just a stepping stone for outsiders. Officer Dean is one of us and would be here for many years to come.

Lou Dormier

CARD OF THANKS

Words can never express our thanks to the many friends and relatives for the kindness that was shown to us in the death of our Loved One. Thanks for the many visits, telephone calls, cards of sympathy and especially for your prayers.

It has meant so much to each of us to know how many wonderful, caring friends our beloved Donald had. May God bless each of you for being so kind and thoughtful.

Tips On Dental Health

RICHARD CARVER, D.D.S.

THE GOLD ALLOY CROWN

History reveals that gold has been used to restore broken teeth for many years. It doesn't stain easily, can be rolled or cast very thin and still not have a hole in it or chip off. Gold can stand the tremendous pressures of chewing and can be precision cast to fit. It doesn't have an odd taste, nor combine with other materials that are normally put in the mouth. Did you know that pure clean gold will actually weld itself by contact.

These characteristics make it almost ideal for the repair and replacement of teeth.

The dentist, when preparing a tooth to receive a crown ordinarily first numbs the tooth, then with slender shaped diamonds removes a portion of the outsides of the tooth, as well as taking some off the top. A very accurate imprint is taken on which to make the crown. It is first carved and fitted by hand to get it just right, then cast with the alloy and polished. The contouring and fit must be much more precise than the casting of jewelry, which is done much the same way.

Usually all the patient sees is just the shiny crown the dentist is going to fix the tooth with... but a lot of time and work went on behind the scenes.

If your dentist suggests a crown for your tooth, he will have a good reason and will be glad to explain.

Prepared in the interest of better dental health. RICHARD CARVER D.D.S., Phone 592-5141.

As I See It....

By BOB HAMILTON

As expected, the ultra-liberal Texas Monthly magazine figures the school reform bill passed in the special session of the legislature was the best thing to happen to Texas since the wheel was invented.

Author Paul Burka sees the legislators wearing white hats, correcting problems created by the "villains," made up of "state bureaucrats (the Texas Education Agency and its boss, the elected State Board of Education), university education departments, local school boards, administrators, and teachers."

But Burka fell into the same trap as did so many others who praised the bill's passage. He apparently took the word of those who recommended the changes.

He did, however, mention that school finance takes years to understand. That is why so many problems have come out of the 30-day session.

The author was real high on the equalization portion of the reform bill, pointing out the fact that the Edgewood district at San Antonio needed more money to provide a

quality education, and places like Andrews had money to burn, therefore Andrews should share for the benefit of the Edgewood students.

It was the Edgewood district, for your information, that was to sue the state for more money, hence the desire of the legislators to enact a reform bill.

"If Andrews wants to recoup the difference (lost in equalization), it should raise its property taxes," states Burka.

Burka didn't look at the record. Andrews' tax rate last year was 41-cents per \$100 valuation. Edgewood's rate was only 38-cents. That's a fact!

The author also states Andrews is guaranteed not to lose any state aid. That's odd. An article in the Aug. 16 issue of the Andrews County News reports the district had to figure in \$300,000 "for implementation of House Bill 72."

The fact is, the vast majority of school districts in the state are having to increase their taxes this year in order to meet the reforms created by the legislators.

I just wish that writers in state-wide circulation publications, such as Burka, would avail themselves to the facts, rather than listening to a certain few who want their backs patted.

Council okays water request

Meeting in a called session Monday, the city council approved a request to sell water to a resident outside the city, discussed filling the police chief position and also worked on the 1984-85 budget.

Aldermen granted permission to Steve Catlin to tap a line to serve a home he is to build on North Johnson Road. It will be located on the east side, near a gravel pit area.

Catlin assured the council his only need for the water would be for household use.

Recognizing the potential of more development in that area, the council instructed James Barrington, city administrator, to make a study from which recommendations for planning might be considered in the future.

An executive session, lasting from 7:28 p.m. to 8:53, was held, during which aldermen screened 12 applications for police chief. They

decided to hold interviews Sunday and Thursday with five applicants. No date has yet been set to name the new chief.

A tentative budget of \$1,933,255 is being considered by the council. With assessed values of \$88,151,640, Barrington said the city might be able to make a slight cut in the tax rate and still meet the revenue needs.

The current tax rate is 76-cents, and the preliminary budget calls for a tax rate of .7582 cents.

The city's fiscal year does not begin until Oct. 1, before which the budget must be adopted and tax rate set.

Cook of the Week

Mrs. Tommy Key

This week's cook, Glenda (Mrs. Tommy) Key, definitely has the ability to cook.

Her husband, who owns City Cleaners, absolutely agrees. His favorite pie had always been the chocolate cream pie his mother use to make. That is, until Glenda came along with her "Best-Ever Lemon Pie." "It's lemon pie all the way, now," he admits openly.

Daughter of Mr. and Mrs. Dewey Spruiell, Mrs. Key has lived in Iowa Park since she was eight-months old. She was born in Cheyenne Wells, Colo. while her family lived on a ranch in Kansas. Cheyenne Wells just happened to be the closest medical facility to the ranch, she confers.

After graduating from Iowa Park High School, Mrs. Key attended Midwestern State Univ. She works as a production secretary at Cryovac. Snow skiing, traveling and baking are her favorite hobbies.

The couple reside at 1609 Karen and has four children: Justin, 10, Brandon and Warren, both 7, and Andrea, 4. They are members of Faith Baptist Church.

BEST-EVER LEMON PIE

1 baked pie shell
 1 1/2 cups sugar
 6 tbsp. cornstarch
 2 cups water
 1/2 cup lemon juice
 3 eggs, separated
 3 tbsp. butter
 1 1/2 tsp. lemon extract
 2 tsp. vinegar
 Mix sugar and cornstarch together in top of double boiler. Add the two cups of water. Combine egg yolks with juice and beat. Add to rest of mixture. Cook until thick over boiling water for 25 minutes. This does away with starchy taste. Now add lemon extract, butter, and vinegar and stir thoroughly. Pour into a deep, nine-inch pie shell and let cool. Cover with meringue and brown in oven.

TOM'S SWEDISH MEAT BALLS

1 lb. ground meat
 1/4 tsp. nutmeg
 1 1/2 cups bread crumbs
 1/2 cup milk
 1 egg
 1 tsp. salt
 3 tbsp. chopped onion
 1 can beef consomme
 1/2 can water
 1/2 cup flour
 1/2 stick butter
 1 cup water
 Mix first seven ingredients in a large bowl. Roll out meat balls (golf ball size). Brown in large skillet with 1/2 stick of butter. Add beef consomme and water and bring to a

boil. Reduce heat and simmer for 5 minutes. Remove meat balls and add 1/2 cup flour and 1 cup water to make gravy. Return meat balls to gravy and cook 15 minutes over medium heat. Serves 4-6.

PEANUT BUTTER COOKIES

1 cup shortening (or softened butter)
 1/2 tsp. salt
 1 cup peanut butter
 1 cup sugar
 1 cup brown sugar, firmly packed
 2 eggs, well beaten
 1 tsp. milk
 2 cups sifted flour
 1 tsp. soda

Combine shortening, salt, and peanut butter and mix well. Add both sugars and cream thoroughly. Add beaten eggs and milk, mixing well. Sift flour with soda and add to first mixture, blending well. Drop from teaspoon onto well-greased baking sheets. Press cookies slightly with fork to flatten. Bake in slow oven (325) for 15-20 minutes.

HOMEMADE VANILLA ICE CREAM

6 eggs
 2 1/4 cups sugar
 2 tbsp. flour
 1 1/4 tsp. vanilla
 Dash salt
 2 pints whipping cream
 2 pints half and half
 1 quart milk

Beat eggs well. Combine flour with sugar and add to eggs, beating well. Add vanilla and salt to mixture. Beat in 1/2 pint of whipping cream. Pour into can and add the remaining

whipping cream, the half and half and milk.

This recipe makes 6 quarts, requires ice cream salt and 20 pounds of ice.

NANNAR PUDDIN'

4 cups milk
 1/2 cup flour
 2 cups sugar
 Dash of salt

6 egg yolks
 1 tsp. vanilla
 6 tbsp. butter

Scald milk in saucepan. Combine dry ingredients in larger saucepan. Separate eggs and set aside. Pour scalded milk into saucepan with dry ingredients, mixing well. Cook over medium heat, stirring constantly until mixture thickens. Add about one cup of the hot mixture to the egg yolks, beating well. Pour into saucepan and continue cooking until it reaches pudding consistency. Remove from heat and add vanilla and butter, mixing well. Layer pudding with sliced bananas and vanilla wafers.

McCully, Burnam vows are exchanged

One of the happiest memories of their wedding day for Mr. and Mrs. Wendell Allen Burnam will probably be the music, which for the most part, was pre-recorded by them. Their selections included "Love Came for Me," "Just You and I," "She's Got a Way," and "Almost Paradise."

The other music played while wedding guests were being seated was "The Four Seasons," a classic, by Antonio Vivaldi.

Mrs. Burnam is the former Miss Laura Ann McCully, daughter of Mr. and Mrs. Wayne McCully of Fort Worth, and the groom is the son of the late Mr. and Mrs. Joseph Allen Burnam of Cisco.

The Richland Hills Church of Christ at Fort Worth was the scene of the double-ring marriage ceremony performed Saturday evening by Dr. Don Boston of the Midtown Church of Christ. The nuptial setting was illuminated with candles burning in white fan-shaped and heart-shaped candelabra traced with English ivy.

When the bride met the groom at the altar where she was presented in marriage by her father, she was wearing a candelight satin gown overlaid with chiffon fashioned with a wide embroidered collar, long sleeves with embroidered cuffs and a chiffon cummerbund. The full skirt that swirled into a chapel train lifted at floor level points in front, caught up with satin bows and seed pearls to show dainty lace insets.

She wore a headpiece wreath of white silk flowers accented with a few peach silk flowers to pick up the color in her attendants' gowns. She carried a silk teardrop bouquet of white and peach roses, lilies, stephanotis and English ivy.

Mrs. Steven Delaney of Fort Worth, sister of the bride, served as matron of honor. Mrs. Jere McCully of Irving, her sister-in-law, and Miss Laurie Brigman of Calera, Okla. were the bridesmaids. They wore long two-layered peach Qiana dresses designed with blouson bodices, round

MRS. WENDELL ALLEN BURNAM

necklines, long sleeves and coral satin sashes. They carried natural baskets of silk flowers that blended with the color of their dresses.

Each attendant walked with one of the flower girls to the altar. The trio, all nieces of the groom, included Courtney Jean Burnam and Whitney Joe Burnam of Lakeside City and Gina Lee Owen of Wichita Falls. They wore peach frocks made with square necklines, puffed sleeves, blouson bodices and coral sashes, and carried

smaller baskets overflowing with flowers in the chosen color.

The groom and his attendants wore basic black tuxedos, peach cummerbunds and ties.

Randal Burnam of Wichita Falls, brother of the groom, was his best man. Bengé Burnam, another brother, of Lakeside City, and Lance Davis of Dallas were groomsmen. The ushers were Jere McCully of Irving, brother of the bride, and Steven Delaney of Dallas.

The bride and groom are both seniors at Abilene Christian Univ. She was graduated from Richland Hills High School. At the university, she is majoring in music education, and belongs to the A cappella Choir where she served as secretary-treasurer during 1983-84, Mu Phi Epsilon, a music fraternity, "W" Club, a women's honor club, and GATA, women's social club.

He was graduated from Iowa Park High School. At ACU, he is majoring in human communications and is on the Dean's Honor Roll. He is currently employed at Sheppard Air Force Base.

The reception following the wedding was hosted by the bride's parents at Richland Hills Church of Christ, and the rehearsal dinner was given in the activity center at the church.

The reception assistants were Miss Leah Gregg and Miss Christina Gregg of Iowa Park, nieces of the groom, who served the cakes, Miss Beth Collins, who served at the punch and coffee table, and Miss Andrea White, who registered guests.

The tables in the setting were decorated with the bridal attendants and flower girls' baskets of flowers, a hurricane lamp trimmed with peach satin ribbon holding peach flowers and greenery.

The three-tiered bride's cake separated with two sets of columns, decorated with peach silk flowers and topped with a bride and groom, the groom's chocolate cake, and banana pudding were served on one table. The coffee and punch table was covered with an embroidered peach cloth.

Special wedding guests were Mrs. H.J. Bishop of Brownwood, maternal grandmother of the groom, Mr. and Mrs. Robert Partain of Fort Worth, maternal grandparents of the bride. Others from out-of-town included Mr. and Mrs. Bengé Burnam of Lakeside City, Larry Gregg of Iowa Park, and Roy Burnam of Dallas.

Mon., Aug. 27 - Pizza, meat or cheese sandwich, soup, tossed salad, buttered corn, chocolate & plain milk, pudding.

Tues., Aug. 28 - Texas hash, meat or cheese sandwich, soup, fried okra, fruit, cornbread, chocolate & plain milk, cake.

Wed., Aug. 29 - Charburgers, meat or cheese sandwich, soup, French fries, pinto beans, lettuce, tomatoes, pickles, onions, chocolate & plain milk, ice cream.

Thurs., Aug. 30 - Sliced turkey, meat or cheese sandwich, soup, mashed potatoes, green beans, hot rolls, chocolate & plain milk, pie.

Iowa Park's Sesquicentennial plan gets committee sanction

Iowa Park was among 74 newly-sanctioned Texas Independence Communities and Counties planning to celebrate the state's Sesquicentennial.

With a year and a half still to go until the big celebration in 1986, the official number of local planning committees is now 347.

This figure represents almost three-quarters of the population of Texas, involving more than 500 Texas communities.

The 74 new Texas Independence

Communities and Counties earned the title after many months of hard work and decision-making, culminating in the submission of their master plans to the Commission for approval at its Aug. 8 quarterly meeting.

Each committee's master plan was required to meet several criteria, including a committee roster reflecting a cross section of the community, written resolutions from the county judge and commissioners' court or mayor and city council, and a detailed description of the city's or county's planned events and activities

for the celebration.

As Texas Independence Communities and Counties, the organizations are afforded several privileges. Among them are the right to use the Sesquicentennial logo on printed materials and to award its use on other products of the committee's choosing, the opportunity to sell and profit from official Sesquicentennial commemorative products, and -- most importantly -- the right to have their major, dated events published in the Official Guide to Sesquicentennial Events and Activities, to be printed and distributed worldwide in 1985.

The special events and activities the 74 committees have planned to honor Texas in 1986 are as colorful and diverse as the communities and counties that will carry them out. Cowboy and old-timer homecomings and celebrations, ethnic festivals, parades, historical pageants, erection of markers and statues, and beautification of downtown areas are some of the highlights.

A common thread runs through each master plan: the pride each committee feels for its own area, and a desire to showcase its local best in 1986.

CONSTRUCTION BEGINS - Workers began this week with site preparation on the new music building at Bradford Elementary campus. The area has been fenced for the protection of students who will begin classes Monday.

NEW TEACHERS at Holliday High School this year are from left: James Leeth, science and computer science; Mary Jane Katayama, resource and girls coach; Kathy

Hunter, English and Spanish; and, Nita Stephens, girls athletics, government and health.

MORE HOLLIDAY NEWS ON PAGE 13 OF THIS ISSUE

Eagles to scrimmage Knox City tomorrow

After two weeks of two-a-day preparations, Holliday Eagle footballers will host their traditional scrimmage against the Knox City Greyhounds beginning at 6 p.m. tomorrow in Eagle Stadium.

According to head coach Don Lucy, approximately 57 players reported the first day of two-a-day drills, and the number is now a comfortable 49. Lucy added that several of the players had begun conditioning drills on their own a few weeks before the scheduled practices, which has worked at an advantage in the overall progress of this year's team.

Asked what the strong points of his team are this year, Lucy said, "I believe quickness and depth are on our side."

The head mentor said only one player will see fulltime action on the field, and, for the first time in his coaching career at Holliday, he will have rested players on the defensive

and offensive platoons. "And, behind most of the starters we have backup players with experience, which shows our overall depth this year," he commented.

Mr. and Mrs. Mikel Bowling are the parents of a new baby, Boon Fain, born Aug. 12 and weighing six pounds and 13 ounces.

Grandparents are Mr. and Mrs. Earnest Bowling of Holliday and Mr. and Mrs. Ed Boon of Mineral Wells. Great-grandmother is Mrs. Lee Hicks of Holliday.

A daughter, Leslie Suzanne, was born Aug. 15 to Mr. and Mrs. Bob Hall of Holliday. She weighed six pounds, eight ounces. The new baby has a sister, Brittney, who is 3 years old.

Grandparents are Mr. and Mrs. Don Ruth of Holliday and Mr. and Mrs. Billy Hall of Wichita Falls. Great-grandparents are Mr. and Mrs. Ted Clemens of Holliday and Ruby Wall of Arlington.

Tomorrow's scrimmage will feature the freshman and junior varsity teams first, with the varsity teams taking the field immediately after the j.v.'s scrimmage.

Next Friday, the Eagles will travel to Munday for the second and final scrimmage before the season opener Sept. 7 against Archer City.

Season tickets on sale Friday

Season tickets for the 1984 Holliday Eagles go on sale at 8 a.m. Tomorrow in the superintendent's office, with past season ticket holders getting first option on them.

According to Supt. Dan Owen, last season's ticket holders have until next Friday to pick up their tickets and seating preferences, before the remainder go on sale to the general public.

Speedy's sells

Speedy's Grocery and Deli recently changed ownerships, with Holliday resident Betty Tanner purchasing the store and changing its name to Tanner's Kuntry Store.

Tanner's Kuntry Store will be a family operation, with her son, Bill Tanner, acting as manager with help from his wife, Wiggie, and mother. Judy Loyd will remain in the deli department, according to Tanner.

Holliday classes to start Friday

School bells set to ring at 8:10 a.m. tomorrow signal the start of the 1984-85 school year in Holliday. Changes in hours, meal prices, and other school matters made by Holliday School Board Monday night will affect virtually all students

attending Holliday Schools this year.

WHERE TO REPORT

The first day begins at 8:10 a.m. and ends at 2:30 p.m., according to high school principal Bill Lee. Regular school hours will be 8:10 a.m. to 3:25 p.m. Students in high school will have a seven-period day instead of the traditional six-period day.

Kindergarten through sixth grade students will report to their homeroom Friday morning. According to elementary principal Carol Magee, the students will find their names on the doors to their respective homerooms. In the past, elementary students have reported to the old gym, but Magee said uncomfortable room temperatures in the gym warranted the change.

Junior high students are to report to the cafeteria, and high school students report to Erma Barton Auditorium.

MEAL PRICES

School trustees changed the meal prices somewhat for the 84-85 year. Lunch prices for Kindergarten through fifth grade will be \$1, while sixth through 12th grade students pay \$1.25. Adult prices for lunch are

\$1.50. Breakfast prices are 40-cents for kindergarten through fifth grade, 50-cents for sixth through 12th grade. Reduced prices for meals remains the same as last year, 40-cents for lunch and 30-cents for breakfast.

SNACK BAR

For the first time in the school's history, a snack bar will offer an alternative to regular lunch menus at the cafeteria, but only for junior and high school students.

Items offered at the snack bar will include hamburgers every day except Fridays, cokes, nachos, chips, salads, cottage cheese, and a fruit plate.

Free physicals for kid footballers

Free physicals will be given to participants in this year's Holliday Kid Football Program tomorrow in the old gym at Holliday Elementary School.

Dr. E.T. Thornton will administer the physicals to those interested in participating in the football program. Uniforms for the players will also be issued at that time.

Fifth and sixth graders are to report at the old gym at 5:30 p.m. tomorrow, while third and fourth graders report at 6:30. The physicals are required in order to participate in the Top 'O Texas Football League.

Art on display

Holliday Art Association members Ruth Johnson and Shirley Addison will be displaying their crafts at Olney Savings through Aug. 31, during regular business hours.

Johnson will show her oil paintings, and Addison will show her soft sculpture.

"Our family serving your family"

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Holliday Independent School District will hold a public hearing on a proposal to increase total property tax revenues from \$775,138.95 in 1983 to \$975,000.00 in 1984. Your individual taxes may increase at a greater or lesser rate, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on Thursday, Aug. 30, 1984 at 7 P.M. in the Holliday Elementary Building.

State of the Hawks: good

"The state of the Hawks is good." That was the statement of head football coach David Baugh as he spoke Tuesday before the Noon Lions Club.

First look at the Hawks, against non-local players, will be Friday evening at Jacksboro, where they are to scrimmage the Tigers. The freshmen are to begin at 5:30 p.m., followed at 6:30 by the junior varsity and 7:30 by the varsity.

Baugh said he and his staff have 31 players on the varsity, 34 on the JV and 25 freshmen, a total greater than any year he's been here. And he likes what he sees.

"From top to bottom, they are probably the best group of freshmen through varsity I've had," said the Head Hawk.

It's true, the Hawks are now moved down one classification, but it's no cakewalk into the playoffs. Even now with both the first and second place teams advancing.

Dist. 5-AAA is one of the toughest conferences in the state, Baugh quoted the Harris Rating System.

One of the reasons is that Vernon followed the Hawks into the same district after being with the Hawks in Dist. 3-AAAA. The Lions have been picked in pre-season ratings by Texas Football magazine as the second best team for its classification in the entire state.

Behind Vernon, Baugh ranks Decatur and Bridgeport as the teams Iowa Park must battle for a playoff spot. But he also admits Bowie "plays us tough every year," pointing out Iowa Park didn't win against the Rabbits until the last quarter in 1983.

Experience, size, speed and depth are Iowa Park's long suits.

The Hawks have two quarterbacks, senior Van Hedrick and junior Ray Sefcik, both of whom gained considerable experience last year. And if one of them should be sidelined, he wouldn't hesitate to bring up Scott Davis from the JV, or even Scott Weaver.

And, looking down the road a couple of years, he thinks freshman Jeff Huff may be the best signal caller of the lot.

Lee Roach is back to carry the ball, with a clean bill from the doctor after a neck injury that sidelined him deep in the previous season. With him are such talents as Jerry Allen, Kendell Hill and Phil Davis, all experienced, heavier than last year and "ready to go."

Kid football signup slated

Sign-up of youngsters to play in the Top of Texas kid football program will be held between 10 a.m. and 2 p.m. Saturday at the ASCS building, 220 W. Park.

Players must be at least eight years of age before Sept. 1, and cannot be 12 before the same date, according to Gordon Griffith.

Interested parents who have questions are encouraged to attend the sign-up meeting.

Any youngster unable to attend the registration period can contact Griffith at 592-4840.

The season's start has not been set, but will be decided at an upcoming meeting of area coaches.

Lake Diversion event Sept. 2

The Lake Diversion Sportsman Club will have its annual Labor Day Barbecue on Sunday, Sept. 2, at the lake pavillion. The meal, catered by Preston Giles, will be served at 6:30 p.m.

Following the meal, there will be a dance featuring "Texas Best" band. Tickets are \$5 and must be purchased in advance. A meal ticket will entitle the holder to both the meal and dance.

Tickets may be purchased from club members, at the gate or store at Lake Diversion.

Defensively or offensively, the line is built around big Charles Perry, a senior who stands 6-3 and tips the scales at 245. "He'll play major college football," stated Baugh.

Also among the 19 returning lettermen Baugh and staff are looking, for both leadership and production on the field, are tackle Sergio Arrendondo, guards Mark Copeland and Jimmy Collazo, tight end Scott Young, fullbacks James Beebe and Charles Adams, and split end Rocky Martin.

Possibly the biggest impression of the early season is the development

Mr. and Mrs. Douglas Arnold Jr. are announcing the birth of a daughter, Kimberly Nichole, who was born Aug. 10, weighing eight pounds, seven ounces. Mrs. Arnold is the former Treasa Cummings of Iowa Park.

Grandparents are Mr. and Mrs. Jack Cummings of Iowa Park and Mr. and Mrs. Douglas Arnold Sr. of Burkburnett.

Cowley to help ETSU students

James Cowley, son of Mr. and Mrs. Harold Cowley of Iowa Park, has been selected to serve as a student orientation leader at East Texas State Univ. for the 1984-85 academic year, according to Dr. Linda Clinton, coordinator for orientation and leadership development in the ETSU division of student affairs.

Clinton said that the orientation leaders provide potential ETSU students with academic information, career planning and survival skills for managing their time and studies.

The students will serve as group leaders for all ETSU orientation sessions.

Farm Bureau sets meeting in county

The Wichita County Farm Bureau will hold a county-wide Policy Development meeting at 7:30 p.m. Aug. 30 at the ASCS building.

Producer-members of Farm Bureau

have a voice in formulating the policies of the organization. Resolutions made at the meeting will be presented at the annual county meeting set for Sept. 15.

The Eyes Of Texans

5 Reasons NOT to Have Your Child Given a Pre-School Vision Exam

Reason #1: If there is anything wrong with my child's eyes, the school will find it.

Reason #2: It's more important to have new school clothes than new glasses.

Reason #3: If I have my child's eyes examined, the eye doctor will give him glasses whether he needs them or not.

Reason #4: The glasses my child has had for the past 2 or 3 years are probably still good.

Reason #5: I don't need glasses so I'm sure my child's vision is good also.

School vision checks are mainly good for detecting nearsightedness. But can miss farsightedness and muscle imbalances that can cause more eyestrain than myopia. It's good to have new clothes for school, but infinitely better to have good, efficient vision. Examining eyes for glasses is like gambling in Las Vegas. Why? Because in both cases the odds are in favor of the house. So, neither the casino nor the eye doctor has to "cheat" to make money. A growing child's vision can change very fast and may need glasses or a change in the glasses without realizing it. So once a year is not too often to have a young person's eyes examined. Finally, did you know that a child has at least one chance in four of becoming nearsighted? Even if his parents have "perfect eyes."

How much do glasses cost? About 25c per day or less than 2c per waking hour. How's that for a deal?

Opposition generated to waste disposal

Local opposition has surfaced recently to the location of a radioactive waste disposal site in Archer County, prompting a meeting of concerned citizens at 7:30 p.m. today in the District Courtroom at the Archer County Courthouse.

In a letter urging citizens to attend the meeting, Rep. Charles Finnell noted he had contacted authorities concerning his opposition to the disposal site in any of the nine counties of the 80th District he represents.

"Beginning the new school year, we are mindful of danger posed to children and elderly," Finnell said. "Waste should be deposited in

counties where generated or on unused state-owned land in South Texas."

"Interested citizens should express our strong opposition at the meeting," Finnell added. He has also asked the Nortex Regional Planning Commission to state its opposition from an environmental perspective at the meeting.

Holliday Chamber of Commerce president Sharon Duke appeared before the meeting of the Holliday City Council and Holliday School Board Monday night, expressing to both groups the chamber's opposition to the disposal site location.

Duke said large ads had appeared in the Wichita Falls paper recently searching for parties interested in selling land for the disposal site. She said one person in Archer County had responded, his name remaining a secret, but offering land in western Archer County and eastern Wilbarger County. "People in the community should address their concern," Duke told both groups.

Duke also mentioned that, in a meeting of the chamber earlier Monday, a resolution had been passed stating the chamber's opposition to the location of the disposal site. In addition, she passed out petitions at both meetings, which she said would be given to authorities at tonight's meeting in the county courthouse.

In the chamber's resolution, the reasons for opposition to the disposal site were shallow ground water in the area, which flow into Holliday and eventually Holliday Creek, unstable weather, and heavy drilling activity.

No surprises, school tax going up

Holliday school board Monday night dealt with several major topics in a special called meeting of the trustees, the most important of them dealing with the proposal of a tax increase, and approving expenditures for the 1984-85 school year.

With the implementation of the new school reform bill beginning this school year, trustees found a shortage in the financing of such changes.

The board passed expenditures in the 1984-85 budget totalling \$2,097,242. Figuring the amount the school district could generate using last year's tax rate, trustees found there would be a shortage of \$975,000 to meet the figure for expenditures.

The board moved to hold a public hearing at 7 p.m. Thursday, Aug. 30, in the meeting room at Holliday Elementary for the purpose of setting a tax rate to generate \$975,000 for the 1984-85 school year. Superintendent Dan Owen told the board "I'm not too popular a man these days for some of the things I have said in the paper."

"I am not too popular a man in Austin, in the state senator's office, or in Perot's office," he added.

Owen has been adamantly opposed to the new reform bill, knowing the changes it mandated would mean hefty increases in tax rates for the majority of school districts in the state. "This year we are looking at a 20 percent increase, and next year it isn't going to get any better," he stated. The tax rate the board is looking at would mean an increase from .5646-cents per \$100 market valuation to 67-cents per \$100 valuation.

The increase expected next year will pay for additional teacher's salaries, with the teacher-student ratio portion of the reform bill being implemented further.

Another reason for the shortage of funding locally, Owen said, is the change in the formula for state-funding from personnel units to average daily attendance (A.D.A.). The new salary scale, Owen added, has left Holliday I.S.D. about \$180,000 short, as it is not to be

returned by the state. "I think we need to change it to where we are being compensated for all teachers with five or more years experience," Owen said.

The teacher-student ratio this year is one teacher for every 28 students. Next year, Owen said, the figure will change to one teacher for every 22 students.

Four years from the bill's implementation, said Owen, the ratio will be applied to the third and fourth grades, which are not affected now.

"And, we don't enjoy the carryover from last year's figures like some schools are," Owen added.

Another reason for a tax increase is to bring the local tax rate closer to the state average, with school districts below that average being penalized by the state. "I feel it is wrong to penalize our school for providing a decent education and still having a low tax rate," Owen said, adding that information from the Texas Research League showed that Holliday is among the lowest in the region in expenses per student.

PERSONNEL HIRED

After finding that Jerald Davis, a junior college girls coach from Liberal, Kansas, had backed out on accepting a coaching position at Holliday, the board moved to hire Nita Stephens as girls coach for the 1984-85 year. A graduate of Stephenville High School, Stephens attended Ranger Junior College and John F. Kennedy College in Wahoo, Nebraska, where she earned All-American honors in basketball. Named to Outstanding College Athletes of America, she led her team to an A.A.U. Championship in 1972-73, and National Invitational Championship in 1973-74.

After college, Stephens toured with the U.S.A. team in a good-will tour to China in 1973. She was drafted to play pro basketball in France the following year.

Stephens has 10 years of coaching experience under her belt, coaching one year at Cathedral High School in Gallup, N.M., three seasons at Kemp High School, and four years at Glenn Rose High School, where she compiled a 76-28 record and a district championship in 83-84.

SALARY SCHEDULE

The board approved a salary schedule for the 84-85 year, with a \$70 per month increase for teachers in the one through six pay scale, and a \$170 per month increase for teachers seven through 18 on the scale. The career ladder program was addressed, but trustees moved to table the matter until later in the school year.

FULL-DAY KINDERGARTEN

The board also moved to have an all-day kindergarten for this year, with the stipulation that funding and space available will depend on whether or not the full-day policy will

continue in the coming years.

Owen said that, as of this year, the school can draw a full A.D.A. for kindergarten students attending all day. With 61 students currently enrolled, with half attending the first half of the school year, and the remainder attending the final half of the school year, the state will fund approximately \$47,000, 30-percent of that will be local funding. Owen added that the school can end up in the black with the institution of an all-day kindergarten, making about \$14,000 this year, over \$8,000 next year, and about \$20,000 in two years, if state-funding continues.

CHAPTER 75

The Chapter 75 program includes absenteeism and tutoring services for the 84-85 year. The board approved a 10-day rule which allows all students a total of 10 excused absences for the school year. Excused absences were defined as sickness, death in the immediate family, hazardous road conditions, or religious holidays.

A sponsor taking his students out of class more than three days must receive board approval. All schedules for the coming year are to be filed immediately to avoid conflicts.

The tutoring service will begin after the first six week period. Failing students must be tutored and must attend tutoring sessions, to be held from 7:15 a.m. to 8 a.m., two days a week. The board agreed to compensate teachers with a full workload of six classes or more \$12 per hour to tutor.

SENIOR TRIP CANCELLED

Given two choices, one which would eliminate future senior trips, the board approved a senior trip this year consisting of a three day trip to Branson, Missouri, with seniors leaving on a Friday morning and

returning on a Sunday evening. After this year, future senior classes will be allowed two one-day trips, and financing coming from the Round-Up barbecue. Other traditional fundraising activities will be doled out to other school organizations.

REGION IX FEES

The board approved payment of \$3,300 for Region IX fees, which is well above the \$1,400 charged to the school last year. According to Owen, the increase in the school's fee is for improvement in the media services at Region IX. The \$3,300 figure includes \$5 for the first 500 A.D.A., and \$4 for the remaining 200-plus A.D.A. at Holliday's schools. The board added a stipulation that Holliday Schools would no longer participate in Region IX if the fee remains the same next year.

MILK AND BREAD

American Bakery was awarded the bid for breads in 84-85, with sandwich bread at 53-cents per loaf, and buns 76-cents per 12-pack. Bordens received the nod on the milk bids.

LUNCH PRICES

The board moved to set lunch prices at \$1 for kindergarten through fifth grade, \$1.25 for sixth through 12th grade, and \$1.50 for adults. Breakfast prices will be 40-cents for kindergarten through fifth grade, and 50-cents for sixth through 12th grades. Reduced priced meals will remain at 40-cents for lunch, 30-cents for breakfast.

A snack bar will be offered for junior high and high school students as an alternative to the meals offered at the cafeteria.

In other business, the board approved the use of the local ambulance service at \$50 per night for football games played at home.

Band Club opens its membership

Holliday Band Club members voted recently to open its organization to all interested persons, ending a long-standing but unwritten policy of allowing only parents of band students to join.
