City council faces

EVOLUTION - Iowa Park school's board policy manual has evolved from the first printing in 1968 of some 30 pages, to the present book some three inches in thickness. The first was written by local administrators and board members, while the book that was approved by the board last week was prepared, in cooperation with local leaders, by staff and attorneys of the Texas Association of School Boards. Every phase has been screened to comply with state and federal regulations, which are numerous. The new book is in the office of all principals, vice principals and counselors, as well as each campus library and all board members.

A full agenda faces the city council for its meeting at 7 p.m. Monday in council chambers. Some of the items, such as the proposed annexation of 73 acres into the city, have been considered at previous meetings and were tabled for changes or additional information. The annexation proposal was first delayed for corrections on the legal description and then tabled for more information concerning utility services. Also back on the agenda from previous meetings is an ordinance changing speeds on streets in various areas of the city, appointing two members to the Planning and Zoning Commission, consideration of a policy on alley maintenance and naming charter commission members. Some of the speed limit changes proposed in an ordinance considered

earlier dealt with state-controlled thoroughfares. The state retains the responsibility establishing speeds in those areas, it was pointed out. Administrator James Barrington said he has two alternates for council consideration for Monday. Three-year terms of David Padgett and Kenny Jones expire this spring on the Planning and Zoning Commission. Those positions are to be filled at the meeting. At the Feb. 13 council meeting, former alderman Billy Gilmore asked the city to provide gravel for his alley and allow him to maintain it. The issue was tabled for drafting of a policy concerning such issues, and that will be presented for council consideration. Should the proposal to change from a general law charter to home rule in the April 7 voting be approved, a

charter commission which would draft the new document would also be named on the same ballot. Names for the commission are to be offered by the council and also from the public. Because there will not be another council meeting before the filing deadline of March 7, the names are expected to be offered from council members Monday. **NEW BUSINESS** A request will be made Monday for the city to abandon right of way on certain streets which have not been developed in the east part of town. A resolution to replat three lots in Garden Valley, where the city holds an easement, will be considered. Approval of the proposal was recommended by the Planning and Zoning Commission. Aldermen will be asked to consider

purchase of a used brush chipper. This has been considered at various times over the past three or four years, but none has ever been approved. Major street repairs will be suggested, including a portion of Third Street near Kidwell Elementary and about three blocks of North Wall. Also to be considered is a proposal for construction of storage facilities at the sewer treatment plant.

FOR COUNCIL Thompson candidate

Incumbent Bud Thompson filed Tuesday afternoon for another term on the city council, according to city hall records. Thompson's filing leaves only one position still open for the April 7 city election, since George Hammonds has not indicated his intentions and no other candidates have applied for a form. Alderman Tim Hunter was the first to file, but he is seeking the mayor's post. Charlie Lee has decided to step down after one term in that office. It is not necessary for Hunter to abdicate his present position to seek the other office. If he is elected mayor, the council will appoint his successor for the remaining year he has to serve as alderman. Both incumbents in the school trustee election, also to be held April 7, have filed. Rex Wells and Jerald Brown filed out their forms last week after the board officially called the election. Candidates have until March 7 to file for places on the ballots. Absentee voting will extend from March 19 through April 3.

Banker warns public of bogus \$10 bills

An uncommon number of bogus \$10 bills have been showing up recently at State National Bank, according to vice president H.M. Nipper. He said he wasn't surprised that merchants had mistaken them for good, because they were superior quality to most counterfeit bills. But the problem arises, that it's the merchant who comes out on the short end when such bills are accepted. There is no recourse and the amount is lost, once a bank identifies a bill as being counterfeit. Many of the bills, but not all, have

the same serial number. The paper quality is better than usual counterfeit. Some even require a special light to detect the flaws, Nipper said. "Four of five have shown up here," Nipper said. "Some are from Wichita Falls, but some were taken locally." The first bogus bills started being detected about six weeks ago, but some were detected this week. First suspicion of a bogus bill is detected by feel. The suspect bill then is inspected further, with the special light the final determination. Nipper said federal-printed bills show

differently under the light when compared with bogus bills. A merchant or individual who accepts a counterfeit bill loses the amount the bill represents, once it is turned into a bank, because of federal laws. The banker explained that banking institutions are required by law to send in bogus bills to the federal agency. Nothing is returned other than an acknowledgement of receipt, and the last owner is left without anything except a loss. "If we accept a bill without

detection, and it turns out to be a fake, we suffer the loss ourselves," Nipper said. Favorite places for passing bogus bills are supermarkets, convenience stores and service stations, he said.

Warrants 'don't just go away,' for those who don't go to court

The warrant file at the Iowa Park Police Department is getting crowded, a fact that has resulted in the police cracking down on people who have outstanding warrants. "The file is bulging. Right now we probably have more warrants, including misdemeanor traffic warrants, and felony criminal warrants, than the department has ever had," said Chief Tom Fenley. "The situation has progressed to the point that we are having some officers work their days off, just in an attempt to serve these warrants."

place of work, which is something that we try to avoid. "Unfortunately, however, if the person ignores our letters, and we can't find them at home, then the only recourse in some cases is to arrest them at work. This is something that could be avoided if the people would just take care of their warrants," said Fenley. He added, that even though his department sends out these warrant letters, a person is subject to immediate arrest after the warrant has been issued, and no extensions are possible. "Once a peace officer sees a person

for whom he knows an outstanding warrant exists, State Law demands that the officer place that person under arrest, and either collect the amount of the warrant, or incarcerate the body of the offender. The officer has no choice in the matter, and must take action," stated the chief. "Nor can the department accept partial payment, either on a warrant, or on a traffic charge. Only the courts can authorize acceptance of less than the full payment," he said. Chief Fenley added that warrants do not just go away, and that once a warrant is issued, it remains outstanding until paid.

DEAD BUSHES are a predominant sight in Iowa Park these days, but the homeowner will have to do some figuring before deducting the loss from his taxes.

Shrubs lost in freeze can be tax deductible

Tax deductions can be made for landscaping plants lost during the recent record freeze, but homeowners first must be aware of new tax laws concerning such claims, according to Marlene Gaysek of the Internal Revenue Service, Dallas branch. In a telephone interview with the IRS supervisor recently, Gaysek said homeowners interested in itemizing such a claim can write for Publication 547, which deals with tax information on disasters, casualties and thefts. The information may prove very helpful to area homeowners expecting to file for the deduction, because new tax laws have added stipulations that will make a number of claims invalid. "It's all a part of the Tax Equity and Responsibility Act passed by Congress," Gaysek said. "In addition to the changes in deductions for

losses to landscaping, similar changes have been made in medical deduction claims." Gaysek said the homeowner must first determine whether or not it is a casualty loss, and that can be "The best way a homeowner can ensure receiving compensation...is to keep records." —Gaysek determined by whether or not the loss was sudden, unexpected, or unusual. "I think the losses during the freeze would fall under a casualty loss," Gaysek responded. She added the casualty loss must have resulted from an identifiable occurrence. An example of a sudden loss would be the freeze, Gaysek said,

while a drought is not considered sudden. The changes in the tax laws stipulate that the damage must total at least 10-percent of the homeowners average gross income, plus a \$100 deductible. Under the old tax laws, any loss could be claimed, with a \$2,500 limit. Under that formula, a homeowner with an average gross income of \$20,000 per year must have damages amounting to \$2,100 for that year before even considering the loss as a tax deduction. Gaysek also said the appraisal of such a loss cannot be determined by the actual replacement value, but rather the fair market value before and after the casualty loss. "The best way a homeowner can ensure receiving compensation for a loss is to keep records, including photos, of all landscaping," said

Gaysek. "They can even pay an appraiser to evaluate their home and landscape before and after the loss, which is also tax deductible." Gaysek added that a \$100 deductible amount must be accounted for each separate disaster, and a damage claim can only be itemized if the loss is uninsured. If insured, you have to deduct what you received in deductibles. Landscaping lost during a freeze is not insurable, according to Iowa Park insurance agent Phil Welch. According to the homeowners policy guidelines set by the state board of insurance, losses of trees, shrubs, plants or grass are not covered for freeze, wind, or hail damage. "Losses due to fire, lightning, explosion, aircraft, vehicular damage, vandalism, malicious mischief and theft are covered under the homeowners policy," Welch said

Monday. Welch, who had suffered extensive loss to shrubbery at his residence, added that the landscaping coverage is an extension of the general coverage which the insured party doesn't pay for.

Thefts reported
Two thefts were reported over the weekend to Iowa Park police. Juanita Lyons said someone took 400 feet of six-foot chain link fence from 506 S. Texoma Sunday, valued at \$157.50. Between Saturday night and Monday morning, a news rack at Wal-Mart was broken into. Forrest Cook, who filed the report, said four quarters were taken, but \$25 in damages was inflicted on the coin box.

Kuykendall, Banks wed Valentine's Day

The altar of Lakeview Assembly of God Church was decorated impressively for a double-ring ceremony performed Valentine's Day to unite Miss Kathy Ann Kuykendall and Rev. Jimmy Banks. Parents of the couple are Rev. and Mrs. Jerrell Kuykendall of Wichita Falls and Mr. and Mrs. Jimmy Banks Sr. of Iowa Park.

The bride's father performed the ceremony after he had escorted her to the altar and given her in marriage for her parents. He was assisted by the bride's uncle, Rev. Paul Kuykendall.

The main altar was centered with a votive archway entwined with boxwood greenery accented with scattered white bells and a pink silk bow at the top. Heart-shaped votive candelabra, appropriate for the day, were placed on either side of the archway. The kneeling bench in the foreground lent itself to the reverence of the occasion.

The setting was completed with seven-branched candelabra holding tall white candles, two silk arrangements of burgundy, pink and white roses, mums and snapdragons, and the meaningful unity candlestick in the lower altar.

Mrs. Vincent Hicks of Frederick, Okla. was at the piano to provide the prelude music, accompany herself for a vocal solo, "There Is Love," and play the traditional wedding marches.

The gown that the bride chose for her wedding was the essence of grace and charm. Fashioned of white silk organza over peau de soie, the tight bodice sparkled with seed pearls and rhinestones and was designed with an embroidered waistline that dipped to points in both front and back, a high Venise lace neckline, a yoke and bishop sleeves generously trimmed with the lace. The skirt of multiple tiers enhanced with Chantilly lace captured attention with a swag of chiffon caught up with self roses above the floorline and tiers that flowed into a chapel train.

MRS. JIMMY BANKS JR.

The bride wore a white lace hat that glistened with seed pearls and rhinestones and featured a front raised brim covered with white silk roses and stephanotis. Her blusher and illusion veil that fell to fingertip length were attached to a wide pouf of the misty veiling at the back of the hat. She carried a colonial

style bouquet that she had created of silk burgundy and pink roses, rosebuds, leaves, baby's breath and chenille hearts. The finishing touches were pink and burgundy ribbon streamers tied with pink silk roses and white lace streamers threaded with ribbons in the chosen colors.

In keeping traditions of the day, she carried the groom's mother's Bible for "something old and something borrowed," wore her gown for "something new," a garter for "something blue" and the sixpence in her shoe.

Mrs. Paul Kuykendall of Byers, the bride's aunt, served as her matron of honor. She was attired in an embossed burgundy satin gown styled with a high collar above a ruffled ivory lace yoke, short puffed sleeves and hemline flounce. She wore a circle of pink and white silk flowers to which a short pink veil was attached for a headpiece, and carried a smaller version of the bride's bouquet.

Valerie Kuykendall and Rebekah Kuykendall of Byers took part in the wedding as flower girl and ring bearer, respectively. Their gowns of embossed burgundy satin were modified to suit their ages and they wore headpieces to match that one worn by the matron of honor. The flower girl scattered burgundy petals from a white basket, and the ring bearer carried the rings on a white satin pillow.

The groom wore an all-white tuxedo with tails, a pink ruffled shirt and pink rose boutonniere. Jeff Hensley, the best man and other male participants wore burgundy tuxedos and pink ruffled shirts. Don, Wayne and Allen Kuykendall served as ushers and candlelighters.

Mrs. Kuykendall, mother of the

bride, wore a street-length pink suit with a gray blouse, and Mrs. Banks, mother of the groom, wore a pink street-length dress with a pleated skirt. Their corsages consisted of pink and burgundy silk roses.

The bride was graduated from American School in Chicago, Ill. and has served as pianist of the Lakeview Assembly of God Church. The groom was graduated from Iowa Park High School, received an associate degree from Midwestern State Univ. and is employed by Texas Electric in Wichita Falls. He is also youth pastor at the Iowa Park Assembly of God Church.

Following a wedding trip to Runaway Bay, they are at home in Iowa Park.

The bride's parents hosted the wedding reception in the Fellowship Hall of the church.

The bride's table was covered to the floor with white lace trimmed with burgundy and silk bows at the top center and corners. The appointments included an arrangement of pink and burgundy silk flowers and votive candles for the centerpiece, silver punch service and bride's cake at the extremities. The three-tiered white cake with two sets of posts was tastefully decorated with frosting roses in the bride's colors on the sides and between the layers, and a top ornament featuring youthful ceramic bride and groom figurines standing before a pink satin heart. The pink napkins on the table were imprinted with "Joined together in God's love, Kathy and Jimmy, Feb. 14, 1984" in burgundy.

The groom's table, also covered with white lace, held an arrangement of burgundy and pink silk flowers, a silver coffee service and open Bible-shaped chocolate cake lettered with the Joshua 24:15 scripture verse.

During the reception, Mrs. Jeff Hensley secured signatures of guests for the wedding book. Mrs. Don Kuykendall and Mrs. Wayne Kuykendall served at the bride's table, and Mrs. Robby Crownover of Munday and Tamela Brown, sisters of the groom, served at his table.

The groom's parents hosted the rehearsal dinner at the church on the eve of the wedding. The U-shaped tables were laid with white knit and decorated with ceramic cupids and doves holding votive candles.

MORE ROCKERS THAN PUNKERS
... Epsilon Sigma Alpha members go shopping.

Costumed members on shopping spree

A "Punk Rock Party" was given Tuesday evening by pledges for members of Epsilon Eta chapter of Epsilon Sigma Alpha at the home of Joni Whitis. Other pledges who were co-hostesses were Jo Bumgardner, Mrs. Al Denton, Mrs. Marvin Robertson and Mrs. Tex Burns.

For activities of the evening, each costumed member was given a dollar and sent to Wal-Mart to purchase paper goods to be donated to the Maternity Cottage in Wichita Falls. They were also greeted at the end of the shopping spree by the Iowa Park Police Dept.

Members returned to the Whitis

home for the regular business meeting. Mrs. Bud Mercer was voted the Outstanding ESA member from the chapter, and plans were announced for a couple's pledge party for Saturday at the MuleSkinners Barn.

In other business, preparations were made for the Charity Ball March 24 to benefit the Iowa Park Library. The theme of the ball, which will be held at the Recreational Activities Center in Wichita Falls, will be "Boots and Bow Ties." Music will be provided by the Texas Best band and the price per couple will be \$20.

Eleven members and five pledges were present.

Bible birds are program

Mrs. Walter Robbins of Wichita Falls presented "A Bird Walk Through the Bible" for members of Amity Study Club Tuesday night in the home of Mrs. Frank Gossett. Mrs. Bob Hamilton served as co-hostess. Mrs. Robbins showed film slides of birds referred to in scriptures of the Old and New Testaments and the Apocrypha, accompanied by bird calls from "The Audible Audubon." Her comments were based on the works of Alice Parmalee, Peter Forbes and Virginia Holmgren.

Using the King James version of the Bible, she started with references in Genesis to the creation of fowl to "fly above the earth in the open firmament." She carried through some of the 273 Biblical references to 62 types of birds, relating stories of the Bible. She ended with the Eagle

that represented the power of God in Revelations, and recited an excerpt of a Robert Browning poem.

Mrs. Phil Welch, president, conducted a business meeting in which officers for 1984-86 were elected. They are: Mrs. Jerry Denton, president; Mrs. Lee Hale, vice president; Mrs. Eddie Worthy, secretary; Mrs. Joe Ward, treasurer; Mrs. Joe Vickers, Historian; Mrs. Robert McIlroy, critic-parliamentarian.

Mrs. Charlie Brown gave the meditation, reading a poem entitled "The Sparrow's God."

It was announced that the Santa Rosa District Spring Convention would be March 16-17 at the Kiva Inn in Wichita Falls.

Sixteen members were in attendance.

Africa is subject of UMW study

The United Methodist Women met Tuesday morning for the first session of the study "Central Africa" by Mrs. H.W. Carter.

For a background to the study, she stated that there are 29 nations in Central Africa with only two which are under self-government and not colonial rule. She explained some of the corruption in their government which included a big part of the money that is sent for aid going to the military instead of the hungry.

Mrs. Carter said "Our Christian concern for the people is their extreme hunger, even though they have good natural resources - coffee, beans, rubber, diamonds, cobalt, zinc, copper, etc."

The next session will cover the religion of the people in central Africa and the help of church involvement. Eighteen members were present.

As I See It....

By BOB HAMILTON

So much is being said recently, concerning the governor's special committee on public education, that it's difficult to sort through what the committee actually proposes, what is being interpreted, what is feared but not real, and what course of action will be taken in the next few years.

The committee was appointed for obvious reasons. Anyone who has kept up with criticism of public education, from the first article on "Why Johnny Can't Read" has been aware many of the basics of education weren't what they used to be.

Not just a few of us have complained bitterly about the practice of "social advancement" of students, which apparently got to going well when a segment of our society started demanding "equal opportunity."

There are those, primarily in the education field, who relate quality education with salaries. Pay for educators is not equal to pay for persons in other fields, such as industry, therefore the qualified are

leaving for the better jobs.

Ross Perot, who chairs the governor's committee, has some of his own ideas which, in many cases, apparently were made from singular situations, some of which do not even exist in this state.

Perot likens football, band and anything else related to sport as being anti-educational, a waste of time and tax dollars, and apparently would just as soon such activities were reserved for Saturday afternoon vacant lot events.

I will agree that some activities take a student away from class more hours than others, and should be curbed. But to pile all extracurricular activities into one cause that should be eliminated for the sake of formal education is wrong. It's shortsighted. And it's unworkable.

Salaries for teachers never have been intended to be competitive with industry or civil service. But, by the same token, Social Security was never intended to be the retirement

fund it now is considered.

It is reported that the committee is recommending more classroom hours per day, up to 11 months each year. This, to me, is an over reaction that will be accepted only by those who want a babysitter while they're at work.

Cut out, or severely cut back extracurricular activities, and we will experience the greatest dropout experience schools will have recorded in more than four decades.

It may be too personal from my own standpoint, but I've seen it in my many years of observing school activities, there is a tremendous percentage of young people who continue their education years just because of extracurricular activities.

I know for a fact that I would have left school long before I did (which was one semester after my athletic eligibility had expired) had it not been for athletics. I have seen dozens of young men who stayed in school, making their grades and learning, just because of athletics. And those I've kept up with are now productive citizens and leaders in their communities.

If there are to be drastic changes in public education, I only hope those responsible for the changes schedule them over a lengthy period.

Over reaction can be worse than the cause.

Directors okay Chamber budget

Chamber of Commerce directors Monday approved their 1984 budget, presented by Frank Gossett, committee chairman.

A balanced budget of \$9,379 was cut by \$1,311 from the 1983 budget of \$10,690, and proposed to be \$410 less than was actually spent, \$9,789, last year.

One savings of the organization's expenses was proposed by President James Edwards, who recommended elimination of mailing monthly board meeting minutes to the membership. He said the postage alone amounted to some \$100, and also eliminated

duplication of a report which is always published in the Iowa Park Leader.

Gay Bradford, new Chamber secretary, reported money for 269 tickets to the annual banquet had been collected, but 30 tickets had still not yet been turned in.

Also approved was the annual audit of the Industrial Development Corporation.

A possible program for next month's meeting, Mar. 19, will be a speaker from Wichita Falls who will explain how areas of a community can be declared "blighted" and qualify for low-interest loans.

Letter to the Editor

To The Leader:

May I take this means of commending one of the outstanding young people in our community? His name is Kevin Reeves.

Last week I carelessly left my bag in a fast-food restaurant in Wichita Falls. I had barely reached home and had not even missed the bag, when the telephone rang. It was Kevin Reeves saying he had found my bag and offering to bring it by my house.

Needless to say, it was quite a relief to retrieve my bag intact, with cash, credit cards and personal letters. It really warmed my heart to know there are still honest, caring people among us when we have such a daily diet of crime and dishonesty.

Sincerely,
Mrs. Emily Staber

Davis candidate for sheriff

Veteran law enforcement officer Howard Davis has filed as a Wichita County sheriff candidate in the Democratic party primary.

In his fourth year as constable of precinct one, Davis' background in law enforcement began when he worked 18 years on the Burkburnett police department, 16 months as a deputy under Sheriff Jim Voyles and then four years as deputy to John Gibson.

He has never served in an elected

office, but once ran as a candidate for sheriff against Gibson.

Born and raised in Wichita County, Davis has more than a passing interest in the Iowa Park school system. His son, Jimmy, was graduated from Iowa Park High in the late 1950s, and his wife is in her 20th year teaching math in the local high school.

Davis is campaigning on the issue, "Better rural protection at less cost."

Police patrol car damaged

The city's new police patrol car was damaged Saturday when it rolled into the rear of a car being checked by an officer.

Chief Tom Fenley confirmed the vehicle sustained some \$900 in damages to the grill and hood, but no damage was inflicted on the civilian's car, which reportedly had a high bumper.

Fenley said Patrolman Tom Stephens had stopped a vehicle at 10:22 p.m. in the 900 block of West Highway. After Stevens got out to approach the other vehicle, the patrol car rolled forward and into the second car.

Area oil, gas report

At a location 14 miles south of Electra, Quick & Rankin Oil Inc. of Wichita Falls has finished a new oil

well in Wichita County's KMA Field. The well is designated as the No. 1 Ancell "A", pumping oil at the rate of 56 barrels per day.

Location is in a 320-acre lease in the J. Johnson Survey, A-501. Bottomed at 4,629 feet, the well will produce from perforations 3,986 to 3,998 feet into the hole.

The well is 1,650 feet from the north line and 1,650 feet from the east line of the lease and the survey.

Tom Swanson of Electra has filed first production figures on a new oil well in the KMA Field. The No. 7 Texfel Petroleum Corp. showed potential to pump 50 barrels per day.

The operator has 480 acres leased, with drillsite in Wichita County's H&TCRR Survey, Sec. 15, Blk. 7, ten miles south of Electra.

The well will produce from an interval 4,031 to 4,047 feet into the wellbore. Total drilling depth was 4,250 feet.

A 1,800-ft. developmental well is planned by O.L. Fulfer at a drillsite five miles east of Kamay, Wichita County. The location is in a 40-acre lease in the SPRR Survey, A-472. Well's designation is the No. 9 H.B. Patterson. It is in the Wichita Falls Field.

The well is 150 feet from the west line and 150 feet from the south line of the lease and 1,100 feet from the north line and 150 feet from the west line of the survey.

Palmer Drilling Co. of Wichita Falls has filed for permit to drill the No. 35 Waggoner "J", a 1,800-ft. developmental well seven miles southeast of Electra. Location is in a 182-acre lease in the Wichita Regular Field, H&TCRR Survey, A-121.

The well is 950 feet from the north line and 150 feet from the east line of the lease and 3,624 feet from the east line and 850 feet from the northwest

corner of the survey.

The No. 47 Hammon Fee has been finished by S&J Operating Co. of Wichita Falls.

It is a developmental well in the Wichita Regular Field, six miles southeast of Iowa Park. Drillsite is in a 409-acre lease in the ETRR Survey, A-762.

Daily potential of seven barrels was posted with the Railroad Commission. The well went to a 1,440-ft. bottom. Production will be from perforations 1,389 to 1,397 feet into the wellbore.

Smith Production Co. of Wichita Falls has filed for permit to drill the No. 2F James K. Smith, a 4,900-ft. developmental well 3.5 miles east of Kamay. Location is in a 188-acre lease in the Wichita Regular Field, G.P. Meade Survey, A-465.

The well is 1,250 feet from the east line and 1,640 feet from the north line of the lease and the survey.

At a location three miles northwest of Electra, Mobil Producing Inc. of Houston has finished two new oil producers in the Wilbarger Special Field.

The wells are designated as the Nos. 152 & 158 Frances Summer, pumping oil at the rate of 130 & 58 barrels per day, respectively. Location is in a 1,099-acre lease in the H&TCRR Survey, Sec. 17, Blk. 13.

Bottomed at 2,180 feet, the No. 152 will produce from perforations 2,109 to 2,136 feet into the hole. The well is 1,050 feet from the south line and 370 feet from the west line of the lease and the survey.

Bottomed at 2,160 feet, the No. 158 will produce from perforations 568 to 2,018 feet into the hole. The well is 1,500 feet from the northeast line and 3,150 feet from the east line of the lease and the survey.

Mr. and Mrs. Scott Windsor of Garland announce the birth of Tiffany Michelle, a seven pound, four ounce daughter, born February 17. Mrs. Windsor is the former Debra Jo Grandparents of the new baby are Elaine Briscoe of Iowa Park and Boyt Smith of Paris, Texas. The great-grandmothers are Mrs. Mildred Moore and Mrs. Bea Smith, both of Iowa Park.

Mr. and Mrs. Brad Williams are announcing the birth of a son, Justin Ray, born February 14, weighing six pounds and 13 ounces.

Grandparents are Mr. and Mrs. Gene Williams, Orpha Sidlauskas and Andrew Sidlauskas, all of Iowa Park. Great-grandparents are Mr. and Mrs. Tony Sidlauskas, Comstock Park, Mich., Mr. and Mrs. Bill Hollis, Altus, Okla., Mrs. Margaret Williams and Mrs. Willie Cook of Iowa Park.

Mr. and Mrs. Doug Guthrie of McLean announce the birth of their first child, Matthew Lynn, a six pound, 14 ounce son, born February 14.

Grandparents of the new baby are Mr. and Mrs. Junior Guthrie of Iowa Park and Mr. and Mrs. James L. Stalls of White Deer. The great-grandmother is Mrs. L.L. Stalls of White Deer.

Tips On Dental Health

RICHARD CARVER, D.D.S.

CHOOSING A FAMILY DENTIST

CHOOSING A FAMILY DENTIST
Important to successful dental care is having a family dentist who takes an interest in the general health of his patients, as well as in their oral health. It makes sense to select and become acquainted with a family dentist before an emergency arises.

You may want to consider several things before deciding which dentist is to provide your family with regular care.

Some suggestions may be: *Ask your physician who his dentist is. *Ask your pharmacist. *Ask the superintendent or principal of your school. *Ask your banker. *Ask your friends that you know will demand the same standards as you do.

Other considerations are *Will he

be available in case you have an emergency. *What happens if the dentist is out of town and you have an emergency (ask him). *Is he willing to discuss his fees and payment plans before the treatment begins.

The benefit of this small amount of time necessary to make an intelligent, informed decision in choosing a dentist will be a doctor-patient relationship founded on mutual trust and respect. February is National Dental Health Month. . . If you haven't selected your family dentist. . . Now might be a good time.

Prepared in the interest of better dental health. RICHARD CARVER, D.D.S. Phone 592-5141.

DON DECKER

"Short Rows" with

FARMERS' GRAIN & FERTILIZER, INC.

TOP DRESSING WHEAT

The wheat crop is ready for top dressing with nitrogen fertilizer following the recent 1/2 inch rain. Wheat is green and growing which is an ideal time for top dressing. This insures an adequate supply of nitrogen during the critical booting stage as the plant develops a seedhead.

James Ludeke of Burkburnett and Bill Steger of Iowa Park have just completed their top dressing operation. They applied 34-0-0 which contains an additional 12 pounds of sulfur. The 34-0-0 is a blend of urea and ammonium sulfate. Sulfate is more readily available to the plant giving quicker wheat response than with urea alone.

The additional sulphur could make a big difference, too, where land has a fertilizer history of anhydrous ammonia and 18-46-0, neither of which contain sulphur. And, the cost per unit of nitrogen is very competitive.

See us for your top dressing needs. Our spreader is new with the latest technology for even fertilizer application. Jim Barbour is our expert spreader operator, and he does the very best job in getting your fertilizer applied smooth and even.

Venus grapes and strawberries have arrived and Mrs. Pete Koonce of Iowa Park was the first to get her grapes planted.

Venus is the variety everyone is anxious to grow. It is a seedless, large, purple table grape recently developed at the University of Arkansas.

23 Study Club program topic is international

The 23 Study Club's International Affairs program Thursday afternoon was highlighted with a talk on "Advancing the Cause of Womanhood Worldwide" by Mrs. Sam Hill, and another "Nuclear Warfare-Toward a Safe Defense" by Mrs. Travis Smith.

Mrs. Hill's discussion emphasized how the General Federation of Women's Clubs International Affairs program is all-inclusive and seeks to promote the cause of womanhood everywhere so that women can become informed and involved in the important issues of the day. She introduced her talk with a request of Juanita Bryant, GFWC president, "Let us pledge ourselves to work for a common cause the cause of womanhood around the world," quoting Mrs. Ellen Dietz who spoke the same words to a group of women almost a hundred years ago.

She continued by showing how GFWC's International Development and Awareness program is helping to improve the lives of impoverished women through sufficient nourishing food, safe drinkable water, adequate fuel for cooking and heating, educational and employment opportunities in five countries.

In Bangladesh, the program is helping women to increase self-esteem and become leaders in their communities. In India, women are learning better nourishment for themselves and families. In Peru, the program is helping women dig trenches, lay pipe, build roads and health centers, and in Bolivia, they are being trained to build water systems for drinking, irrigation and community health. In the tiny South Africa country of Lesotho, they are being taught to utilize the fleeces of Angora goats to spin Mohair yarn.

Mrs. Hill further emphasized the interest GFWC has in International Affairs by reading an article written by Mrs. Don L. Shide, president of that department in which she described the work of club women in Germany, Canada, the Philippines, Hong Kong, Taipei, Taiwan and Hawaii in their efforts to advance the cause of womanhood.

Mrs. Smith chose "The Great Fear of the World We Live In" for the title of her address. As an introduction, she asked club members to think of the background of world conditions and world peace today, observing that seldom in recent years has there been more tension between nations and conflicting creeds in the world. As evidence she referred to the wars in the Mid East, rebellions and massacres in Central America and southeast Asia, tribal and various strife in Africa and the terrorists attacks in all countries. She stated that all of the events are dominated by the great crisis between the two major nuclear powers in Washington and Moscow.

"No one knows the exact number of nuclear warheads that exist in the world today, but according to a recent authoritative U.N. report, it is probably in excess of 40,000 with their explosive power ranging from about 100 tons up to more than 20 million tons equivalent to high explosives," Mrs. Smith said.

In answer to the question "What would it be like if a nuclear war happens?" she quoted two scientists who gave their views at a conference in Nov. 1983. One reported that a nuclear war could easily destroy the northern hemisphere and destroy the southern hemisphere so that the surviving humans would starve, and the other said that the extinction of the human race was possible.

Mrs. Smith stated that at present all conferences between the U.S. and Russia concerning the common danger of the arms race are at a standstill, and the plan of the N.A.T.O. and the U.S. to locate cruise missiles in western Europe has driven the two countries further

apart. The speaker reminded club members that war has been a part of human history since the first "war" between Cain and Abel and that no period in history since then has brought extended relief from wars and accomplishment for peace. In referring to the religious war of Islamic fundamentalists in the Middle East, Mrs. Smith suggested to her hearers that they take a look into history and view the conflicts

between Rome and Islam, Protestants and Catholics that have existed for years.

She stressed the urgency of our nation's military authority and her people seeking the advice and will of God. Mrs. Smith brought her address to an impressive finale by quoting from an address that Gen. John W. Vessey, chairman of the Joint Chiefs of Staff, delivered at the mayor's prayer breakfast in Bozeman, Mt. in Aug. 1980, then used Glen Shelton's

"Prayer for Peace and Guidance in Our Time." The prayer sufficed for the meditation for the meeting.

The meeting was held in the home of Mrs. C.E. Birk with Mrs. China B. Smith sharing hostess duties.

Mrs. Jimmy Alsop, guest pianist, presented "Behold the Man" by Dino for the arts number. She was introduced by Mrs. Bill Bates.

Mrs. Earle Denny will be hostess for the March 1 meeting which will feature a Texas Heritage program.

Farmers establishing permanent pastures

By DAVID FINLEY
County Agent

Several beef producers across Wichita County are establishing permanent pastures. A couple of weeks ago I visited the Bradley Ranch at Kadane Corner where Kleingrass is being put in. This past week I visited with their next door neighbor, A.W. Robertson.

A.W. lives in Abilene but has over 200 acres on the Wichita River at Kamay. He has a problem with soil erosion on the river and is wanting to plant a permanent grass that will help with his erosion problem. He has chosen to plant coastal bermuda.

Coastal is an excellent permanent pasture grass that does well here in the North Texas area. It has a very fibrous root system that will hold soil, thus it is really good type of grass to plant in an erosion area.

I asked A.W. if he had taken a soil test and he said that he had not. It is a good idea to take a soil test on the land you are planning on establishing bermudagrass on. It is simple to do, and we have all the information a grower would need here at the office at 1626 Midwestern Parkway.

The only way I know of planting coastal bermuda successfully is by sprigging. In most years, growers dig springs when they are dormant and then plant. They can be planted 2 ways, and it depends upon who you are talking to as to which one's the best.

The first and most widely used is sprigging by a machine. This does a good job. Plants are spaced out into a trench and covered. The one drawback with this type of planting is that a grower needs to hire someone with a machine if he does not own one.

The second and easier method is to broadcast sprigs by hand out of the back of the pickup. After doing this, disk them in with a tandem. This will cover them up and, believe it or not, an excellent stand will be obtained most of the time. When broadcasting or planting in rows, use 20 or more bushels of sprigs per acre.

Again, coastal bermuda is an excellent permanent pasture grass for Wichita County. For further information on this, contact the County Extension Office at 766-0131 and ask for MP-980, "Keys to Profitable Permanent Pasture Production."

For those commercial peach, pecan and vegetable growers, mark your calendars for Thursday night, Feb. 23, for a Drip Irrigation Seminar.

Leon New, irrigation specialist from Amarillo, will talk on drip irrigation systems for commercial growers. Producers will receive information on selection, design, and use of drip systems.

Be sure and mark your calendars for this event. It will begin at 7 p.m. at the 4-H Auditorium on 1626 Midwestern Parkway.

Jim Clinton, an 11 pound, two ounce son, was born to Mr. and Mrs. Rick Pennycuff February 16. They have a daughter, Karla five years old, and another son, Corey, three years old.

The grandparents are Mr. and Mrs. Earl Ellis of Frederick, Okla., Bessie Pennycuff of Iowa Park and J.D. Pennycuff of Frederick. The great-grandmother is Bessie Landrum, also of Frederick.

Obituaries

Alfred T. Entrop

Services for Alfred T. Entrop, 67, were Tuesday morning in Owens and Brumley Funeral Home in Wichita Falls. Rev. Jerry Reed, pastor of Liberty Baptist Church, officiated. Burial was in the Holliday Cemetery.

He was a lifelong resident of Wichita County and served in World War II in the Army Air Corps.

He is survived by his wife, Doris; a son, Jerry of Wichita Falls; two daughters, Laquita Lassiter of Amarillo and Nadine Fancher of Wichita Falls; a stepson, Doug Capps of Duncan, Okla.; two stepdaughters, Marilyn Barrick of Gainesville and Shirley Anderson of Wichita Falls; a brother, Henry of Iowa Park; three sisters, Carolyn Jarvis and Christine Roberts, both of Wichita Falls and Trudy Stehlick of Palestine; and one grandchild.

Henry E. Moore

Henry E. "Ed" Moore, 70, died Thursday in a Wichita Falls hospital. Services were Saturday in Owens and Brumley Funeral Home in Wichita Falls with Rev. Charles Hensley, pastor of the Iowa Park Assembly of God Church and Rev. Charles Harper, pastor of the Church of the Nazarene, officiating. Burial was in Rosemont Cemetery.

Born May 12, 1913, in Red River County, he had lived in this area 60 years. He was a retired maintenance worker.

Survivors include his wife, Tommie of Iowa Park; two daughters, Annie Mae Nell of Frisco and Sandra Jean Russell of Wylie; four sons, Lonnie Edward and Dewey Michael of Wichita Falls, Charles Dalton of Iowa Park and Floyd of Post Oak; two sisters, Ellie Sanders and Irene Worrel, both of Wichita Falls; 13 grandchildren; and a great-grandchild.

Cora Ballow

Services for Cora Ballow, 94, sister of Beulah Garner of Iowa Park, were Saturday at the Church of Christ in Seymour with Paul Evans and W.E. Burkham officiating. Burial was in Monticello, Ark. with Seymour Memorial Funeral Home officiating.

She was born July 22, 1889, in Denton County and had lived in Bomarton for many years. She and George Horace Ballow were married May 4, 1913, in Bomarton. They also lived in New Mexico and farmed in Arkansas until he died in 1967. She returned to Seymour 16 years ago and was a member of the Church of Christ.

Survivors include two sons, George Horace Jr. and Wiley Blake, both of Wilmar, Ark. and a sister, Beulah Garner of Iowa Park.

John Richard Reedy

Services for John Richard Reedy, 81, were held Tuesday at Morrison Funeral Home in Graham. Burial was in the Murray Cemetery.

He was born April 16, 1902, in Dallas County and had lived in Young County most of his life. He was a member of the Baptist Church. He and Florence Emma Morleand were married Dec. 6, 1925, in Newcastle.

He is survived by his wife; a son, Elvie Leon of Iowa Park; a daughter, Annice Marie Barnhart of Elvasville; five brothers, Charles L., Herman, Lloyd, Paul and Joseph, all of Graham; eight grandchildren; and 17 great-grandchildren.

SOCIAL SECURITY TIPS

NEW PROSPECTIVE PAYMENT PROVISIONS OF MEDICARE
Medicare payments to hospitals for in-patient care are now being

made under a new procedure enacted by the 1983 Social Security amendments.

The new procedure, called the "prospective payment system" sets fixed rates of payment for hospital care; that is, the amount payable for any single stay in the hospital is pre-determined and is based on the diagnosis of illness or injury in each case. Previously, costs were billed by the hospitals and then paid, subject to certain limitations, by Medicare carriers.

The new system is expected to have a long-reaching effect toward reducing the expense of in-patient care for Medicare beneficiaries. Hospitals will receive the prospective payments even if they are able to hold their actual expenditures below the level of payment. This gives them an incentive to keep costs down.

If there is any cost overrun, the excess cannot be billed to the patient. Patients will be billed, as before, only for any deductible and co-insurance that apply.

The prospective payment system is being phased in over a three year period that began October 1, 1983. It applies to all hospitals that participate in Medicare, with a few exceptions - such as psychiatric, long-term care facilities. Only payments for non-physician in-patient care are affected.

V.R. Parker

Services were Tuesday afternoon at Hampton-Vaughan Funeral Home for V.R. "Sonny" Parker, 50, of Kamay. Rev. Merwin Turner, associate pastor of the Floral Heights Methodist Church, officiated. Burial was in Hopewell Cemetery.

He was born June 15, 1933 in Fruitland and had lived in this area most of his life. He worked for Wichita Oxygen Supply more than 20 years.

Survivors include a daughter, Sandra K. Shelton of Wichita Falls; two sons, Michael and Mark, both of Kamay; his mother, Lorine Lavender of Wichita Falls; a brother, Chuck of Holliday; and one grandson.

Barto Jameson

Services for Barto Jameson, 89, will be at 10 a.m. today in Foster-Adams Funeral Home in Hamlin. Burial will be in Hamlin Memorial Cemetery. He died Tuesday in Iowa Park and Tanner-Aulds Funeral Home was in charge of local arrangements.

Jameson was born April 12, 1894, in Fisher County and he was a retired rancher. He was married to Gertie Brancum March 26, 1920, in Hamlin. He was a veteran of World War I and a member of the Church of the Nazarene at Rotan.

Survivors include his wife; a son, Estel of Iowa Park; five grandchildren; and six great-grandchildren.

Cook of the Week

Being a working mother with three mouths to feed come supper time has given this week's cook, Mrs. Randy McLaughlin, an opportunity to try various recipes in search of the ones that will satisfy both her schedule and her family's culinary tastes.

Casseroles top the list for the Iowa Park High School graduate, and one of six children who are longtime residents of the community.

Born in Souix City, Iowa, five minutes ahead of her brother Brad, who is employed at Ayres Tire in Iowa Park, the former Brenda Wynn has been married almost four years. The couple have a three-year-old daughter, Brandi LeAnn.

A member of Faith Baptist Church, her hobbies include softball, cooking, fishing, swimming, and taking care of Brandi.

To her sister, Pam, in Oceano, Calif., she says "Hi to Donnie, Randy and your new daughter, Lacy." Being subscribers to the Leader, Brenda says this article will come as a surprise to them. "She should still be here in Iowa Park," says the cook, "then she could be mentioned instead of me."

Mrs. Randy McLaughlin and Brandi LeAnn

or meat, then vegetables and mushrooms. Repeat, ending with rice. Pour cheese mixture over all. Top with chips and remaining cheese, sprinkle with paprika. Cover frypan, open vent. Bake at simmering point until hot and bubbly.

2 T cold water
2 t salt
1 t sugar
1 t Worcestershire sauce
4 cups cooked or canned red kidney beans

Preheat frypan to 400 degrees, add fat. Melt. Add beef and pork. Stir and fry until lightly browned, add onions, celery, garlic and green pepper. Continue stirring and frying until onions are golden color (about 15 minutes). Add tomatoes, chili powder which has been mixed with cold water, salt, sugar and Worcestershire sauce. When boiling, cover, set at simmer, and cook one hour. Add beans drained of excess liquid. Cook uncovered until well heated and chili is desired thickness. (For thinner chili, add more tomatoes and water). Serve with hard rolls or crackers. Note: For very hot chili, add dash of cayenne pepper.

DO-IT-YOURSELF DOUGHNUTS

1 can refrigerated oven-ready biscuits
2 lbs. shortening or salad oil
Granulated sugar
Cinnamon

To make doughnuts in a hurry, use

packaged refrigerated pan-ready baking powder biscuits. Cut a hole in center with a thimble.

Preheat two pounds shortening or salad oil to 400 degrees. Add doughnuts. As soon as they rise to surface, turn with a long handled fork (avoid piercing). Turn until golden brown and done. Remove, holding over fat to drain. Place on paper towels. Roll in sugar and cinnamon.

Church group meets

Twenty-two members of the Christian Workers Class of First United Methodist Church attended the monthly covered dish dinner held in the Fellowship Hall Thursday evening. Hosts were Mr. and Mrs. Herman Mahler, Mr. and Mrs. Jim Sanders and Earl Logan. The tables were decorated with rosebuds and Valentine motifs.

During the business directed by Mrs. Kathleen Hatten, a lasting memorial for the late Bertha McDonald was discussed.

Kerley, Hernandez vows exchanged

A double-ring ceremony was performed Feb. 11 at the Ebenezer Mexican Baptist Church in Wichita Falls by Rev. Ray Gonzales to unite Miss Rita Jo Kerley of Iowa Park and Robert M. Hernandez of Wichita Falls. Parents of the couple are Mr. and Mrs. Joe O. Kerley of Odessa and Mr. and Mrs. D.G. Hernandez of Wichita Falls.

MRS. ROBERT HERNANDEZ

shirt with his burgundy tuxedo. The bride attended Odessa High School and is employed at Seimens-Allis. The groom attended Wichita Falls High School. They will live in Iowa Park.

The altar decorations consisted of arrangements of pink and burgundy flowers and matching ribbons to carry out the bride's chosen colors. The wedding music featured piano selections to include "Up Where We Belong," "Rose," "Flesh of My Flesh," "If," and the wedding marches.

Given in marriage by her parents, the bride wore a white satin gown trimmed with lace and pearls designed with a tiered skirt and short train. Her white veil was attached to a floral wreath and she complemented her costume with a burgundy orchid trimmed with pink ribbon.

Mrs. Wanda Nolen of Iowa Park, the matron of honor, wore a pink chiffon dress and carried pink roses accented with burgundy ribbon.

The groom wore a burgundy tuxedo with white shirt, and Mark Lucier, the best man, wore a pink

A reception was held at the church following the wedding. The tables, which held the bride's white cake decorated with pink roses and the groom's horseshoe-shaped chocolate cake, were covered with white cloths trimmed with silver bells.

Miss Kristy McClinton presided at the wedding book. Refreshments were served by Mrs. Melba Green and Miss Colleen Miller.

In addition to the bride's parents, Miss McClinton and Miss Miller, other out-of-town guests were Mr. and Mrs. Dominique Politi.

QUICK CASSEROLE OF LEFT OVERS

1 cup raw regular rice
2 T butter or margarine
1 T grated onion
1 cup milk
1/2 t salt
1/8 t pepper
Dash of Worcestershire sauce
1/2 cup grated Cheddar cheese
1/2 cup diced left over cooked chicken or meat
1 cup cooked peas, green beans or mixed vegetables, drained
1-4 oz. can sliced mushrooms and liquid

1 cup crushed potato chips
Dash paprika
Cook rice as directed on package. Place butter, onion, milk, salt, pepper, Worcestershire sauce, one cup of the cheese and liquid from mushrooms into a saucepan. Cook over low heat, stirring until cheese is melted. Put a layer of rice in buttered frypan. Cover with a layer of chicken

FOOTBALL CASSEROLE

1 lb. extra lean hamburger
1 small onion, chopped
1 can cream of tomato soup
1 can cream of mushroom soup
1 pkg. large egg noodles
1/2 lb. sharp Cheddar cheese
1/2 t celery salt
1/4 t pepper

Cook noodles and drain. Saute onion in skillet with hamburger meat. Add soup, salt, and pepper. Place noodles in large pan and add mixture. Spread cheese on top, bake 30-45 minutes at 350 degrees.

CHILI

2 T fat or salad oil
1 lb. ground beef
1/2 lb. ground lean pork
1 1/2 cup thinly sliced onion
1 cup finely diced celery
1 small clove garlic, peeled, cut fine
1/2 green pepper, diced
2 cups canned tomatoes
1 to 2 T chili powder (to taste)

The municipal court judge has established a new policy, that trial cases will be held at 2:30 p.m. Fridays. Next trial docket is Friday, March 7.

Underclassmen lead Hawks to final win

Knowing he was losing more than half his team through graduation, Coach Earnie Reusch Thursday night wanted to see what his prospects for next season were. The Hawks were hosting the

Azle Hornets in the final game of the season for both clubs, and Reusch used his platoon format throughout most of the game, but left his younger players on the court most of the

fourth quarter. The result: Iowa Park won its final game, 60-43, and Mark Copeland, who was pulled up from the junior varsity the last three games, emerged high

point player with 16. It was a game of give and take, with both teams winning quarters. The Hornets held a 14-10 lead after the first period, but the Hawks led 26-23 at the half. Azle came back in the third 20-13 and led 43-39 to go into the fourth period.

Copeland scored seven of his points in the last 2:17, five of them going unanswered between 2:17 and 1:30, to give the Hawks a comfortable cushion.

The Hawks sank more field goals than their visitors, 22-19, and had a respectable night at the charity line, converting on 16 of 22 attempts.

Two seniors, Lee Birk and Robert Harper, scored nine and eight points respectively in their final games as high schoolers.

The junior varsity, led by Shawn Chamber's 14 points, also defeated Azle, 44-39.

The varsity's win left Iowa Park with an 8-18 season record. Among Dist. 3-AAAA teams, the Hawks finished in a three-way tie with Gainesville and Boswell for fifth place, all with 4-10 records. Azle finished last with a 3-11 record.

Hirschi won the district, 13-1, followed by Burkburnett, 12-2, Vernon, 11-3, and Mineral Wells, 5-9.

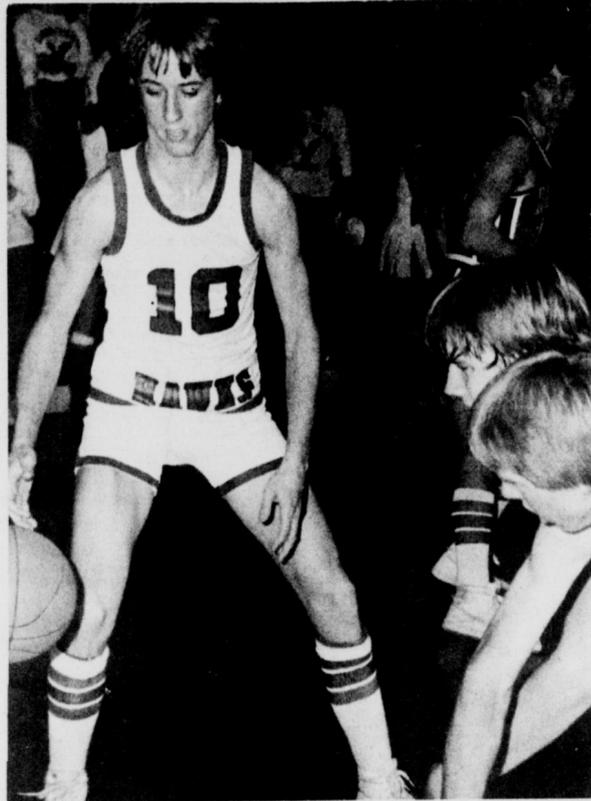

Carrie Cole to perform

Carrie Cole, daughter of Kay Cole and the late Robert Cole of Iowa Park, was selected to perform with the Texas Tech University Choir on its annual tour. Cole is currently a graduate student working on the Master of Music degree at Tech.

The choir, under the direction of Dr. Donald Bailey, appeared at Waco Richfield High School, Irving High School and Abilene Cooper High School.

Selection for the choir is based upon competitive audition. The University Choir, the top group of five choral groups on the campus of Texas Tech, is known for its ensemble excellence. It has appeared with such fine orchestras as the Lubbock, El Paso and the Midland-Odessa Symphony Orchestras.

As an undergraduate at Tech, Miss Cole was a member of the Texas Tech University Choir five years and performed major roles in many Tech Music Theatre productions such as Adele in "Die Fledermaus," Laurey in "Oklahoma!," Little Red in "Little Red Riding Hood" and Betsy in "Sweet Betsy from Pike." She also recently performed the role of the Queen in the annual Christmas season offering of the Madrigal Dinner at Tech.

ACTION IN FINAL HAWK GAME THURSDAY AGAINST AZLE ... Steven Biddy and Joey Bates battle for ball.

Roberts named to honor roll

Kent Roberts, son of Mr. and Mrs. Ross O'Neal Roberts of Route 2, is one of 673 undergraduate students named to the Dean's Honor Roll for the fall semester at Abilene Christian Univ.

A student must earn a 3.5 grade point average, based on a four-point scale, on a minimum course load of 12 semester hours to be named to the honor roll.

Roberts is a freshman pre-law major from Iowa Park. He is a 1983 graduate of Iowa Park High School.

CORRECTION

In an article last week, the Leader reported the Wichita Falls police had stopped a suspect, Steve Alan McClurg and taken him into custody in connection with the burglary of an Iowa Park home and suspected abuse of credit cards. It was the Iowa Park Police Department which stopped McClurg and took him into custody, according to Chief Tom Fenley.

"It's a steal, alright, but you'll have to carry it out."

IRA

A Personal Retirement Plan That Will Save You Tax Dollars Every Year

EVERY WAGE EARNER IS NOW ELIGIBLE

As of January 1, 1982, every wage earner, even though they are active participants in an employer sponsored pension plan, can make tax-sheltered contributions to an Individual Retirement Account (IRA). IRA contributions will accumulate tax-deferred with compounded interest until retirement.

MAXIMUM CONTRIBUTIONS

The maximum contribution to an individual retirement account has been increased from \$1,500 to \$2,000; spousal IRA from \$1,750 to \$2,250. (Spousal IRA's are for married couples where only one spouse is employed.)

Whether or not you are covered by an employer sponsored pension plan	Contributory IRA \$2,000	Spousal IRA \$2,250
--	--------------------------	---------------------

100% CONTRIBUTION

Contributions are no longer limited to 15% of your annual earnings. You may now contribute up to 100% of your earnings up to the maximum limitation.

Lady Eagles set record, but fall Tuesday to Anson

Holliday's Lady Eagles, finishing regular season roundball just under the 500 mark, pulled off a first in the school's history by defeating Hico 33-32 in bi-district action Friday night in Graham.

The win made this year's squad the first women's basketball team from Holliday High School to advance in the state playoffs. The victory made it even sweeter.

The Lady Eagles, 14-18 after regular season and 8-4 in District 11-AA play, advanced to bi-district action after placing second to Olney in the district tournament with a win over Chico.

Hico, ending the season at 23-8, won District 12-AA with a 9-1 ledger, its only loss coming at the hands of De Leon.

Holliday fell behind after the first

period 13-8, but pulled to within four, 20-18, by the halftime buzzer.

Coach Steve McElhaney, in a move to fire the opponents, had the Lady Eagles pressing Hico in the second half, and it paid off. Both teams only managed four points each in the third period, but, in the final period, the Lady Eagles began a comeback that put them ahead by as much as four points in the last few minutes of play.

In a desperate move to go ahead of Holliday, Hico's Jan Featherston added two baskets, including a layup with just over 20 seconds left, to pull her team ahead by one, 32-31.

Holliday took the ball the length of the court, and Buffie Broyles, who totalled six points in the game, hit her most important shot with less than 10 seconds remaining to place the Lady Eagles back on top, 33-32.

Hico moved the ball down the court for a final try, but Featherston's corner shot rounded the bucket's rim before falling out, much to the elation of a good Holliday crowd.

ANSON TAKES AREA

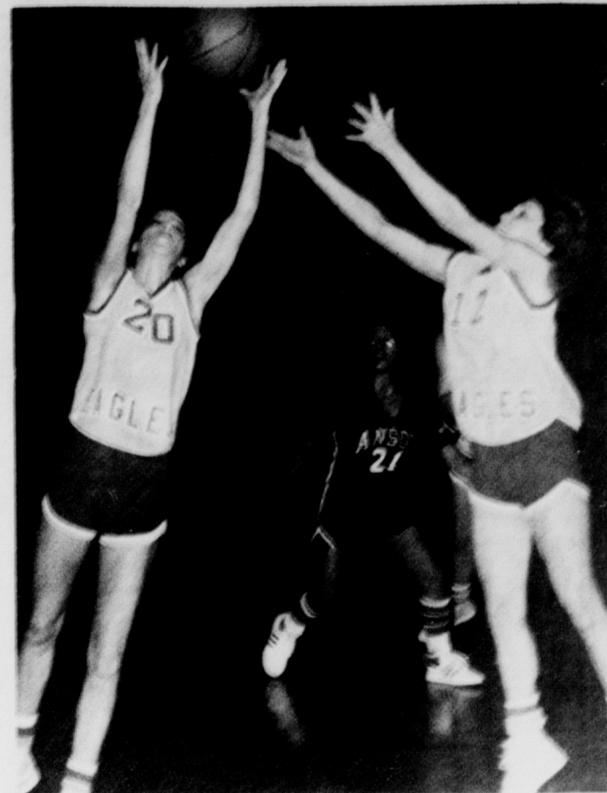

A dominating Anson squad kept the Lady Eagles from making it two big upsets in less than a week, by defeating Holliday 83-47 in Knox City Tuesday night.

Broyles, the heroine of Game No. 1 in Graham, led the Lady Eagles with 14 in Game No. 2 with assistance from Cheryl Lowder (13).

But it was the hot-shooting Anson team's night for glory, as four players ended the game with double-figure scoring, topped by Gigi Robinson's 18 points.

Anson, 24-5, advances to the regional tournament this weekend in Denton, while the Lady Eagles finish the season with a 15-17 record.

Holliday kept the game close through much of the first half, tying 12-12 after the first period before an Anson shooting blitz put the opponents ahead 22-18 at half.

NOTICE TO CONTRACTORS
The Iowa Park Leader office, Shirley's Kuntry Kitchen, Romestead Ceramics and Smith X-Ray Co. are all in need of new, pitched roofs, leaving the old, flat tar roofs intact. Those interested in bidding on the jobs can make the following written proposals:
* your design to accomplish the job
* materials and their quality (receptive to a metal covering)
* approximate starting and completion dates
* cost of the project
An alternate we will consider at the Leader and Smith's is a slanted, shingle-covered front on the building, extending from the roof to the outer edge of the canopy over the sidewalk.
Proposals should be received at each of the respective businesses by noon Friday, March 2.

Henrietta rally ends season

Holliday's Eagle basketball team was knocked out of the playoff race Thursday with a 44-32 loss to Henrietta at Hirschi Gym in Wichita Falls.

The loss, which gives the Eagles a 5-4 District 11-AA west zone record, put Henrietta in the final four of the District 11-AA playoffs that weekend, along with Olney, Nocona and Jacksboro.

Guy Gilmore paced the Eagles with 13 points, as Holliday blew a 25-23 third quarter lead, allowing the Bearcats to score 21 points while totalling only seven themselves in the final period.

Thursday, February 23
Breakfast: Toast, jelly, milk.
Lunch: Hamburger, lettuce, tomatoes, pickles, onions, milk, cookies, Fritos.
Friday, February 24

Lunch: Fish, macaroni and cheese, salad, tartar sauce, bread, milk, fruit.
Wednesday, February 29
Breakfast: Cinnamon roll, milk, juice.
Lunch: Leap Year sandwiches, lettuce, tomato, chips, bologna, tuna, cookies.

Holliday News

GenTel wants higher rates

General Telephone Company of the Southwest Friday filed an \$84.8-million request for new revenues with the Public Utility Commission of Texas. E.L. "Buddy" Langley, president, said.

Under the proposed rate increases, present one-party rates in Holliday would increase from \$22.15 to \$24.55 for business, and from \$8.55 to \$14.10 for residence. These changes would be in addition to the EAS Exchange Access Rates, which, under the proposal, would drop from \$13 to \$9.85 for business, and down from \$4.95 to \$3.85 for residence.

Langley, in reference to the proposal, said \$82.7 million of the filing is to allow the company to begin availing on the new investments made since the last filing, and to produce a fair return on the company's investment in Texas.

The additional \$22.1 million, said Langley, is for revised depreciation rates that are more consistent with today's rapid technological changes and customer demands for accelerated change to more modern service, and to comply with recent Federal Communications Commission proposed accounting changes in regard to company-owned telephone instruments leased to customers at regulated rates.

"The rates we have proposed reflect changes that place the costs of individual services on the customers using the services rather than spreading some of those costs over the entire customer base," Langley said.

"In each of our previous requests for new revenues, our customers and the commission have strongly voiced their support of improved service

levels," he added. "The results of our expenditures to improve and modernize service have been noticeable to our customers and the commission, as current service levels are the highest they have been in the history of the company," added Langley. "We have consistently met or exceeded the commission's standards for well over the last year," he emphasized.

Finnell appointed

Gov. Mark White announced this week the appointment of Rep. Charles Finnell to the Interstate Oil Compact Commission to serve on the Public Land committee. The governor also appointed Lt. Gov. Bill Hobby and Rep. Billy Hall to the commission to serve on the Environmental Affairs Committee.

Rep. Finnell, chairman of the House Committee on retirement and aging and a member of the transportation committee, is number four in house seniority.
