Farmers Union speaks

By Don Staber

I would like to tell the readers this week about the trip I made to Lubbock this last weekend. While on this trip, I made a special effort to check on the wheat crop situation.

I am glad to report that as an over all area; the wheat around Iowa Park is better than the wheat between here and Lubbock. However there were exceptions that were almost extreme cases. In a number of fields I noticed the farmers were plowing up their fields of wheat. Then again there were fields that were as pretty as any I have ever seen.

I also noticed the recent effects of the dry weather. There is not a bit of water standing in the low places around Lubbock like you can usually find. After seeing how dry everything was, the question came to my mind: What about the water table? Has there been a noticeable change? I stopped at one of the wells where a farmer was irrigating, and asked him about the water situation. He said that the water table had been lowered for two or three reasons. They included the dry weather, increased number of wells that had been drilled, and the greater use of the wells. However the big trouble with wells is the great expense that is connected with setting up this irrigation system.

Along with discussion of the weather, another question was brought to my attention. Where is all of this soil coming from that we have been having lately in these dust storms? Evidently the dry weather conditions up in Kansas and Nebraska are about as bad as they are around here. I am sure however that if we get a good general rain, conditions will improve. Let's hope so, we don't want to have another dust bowl.

Dairy Calf Show Is Added to Chicken Exhibit, June 1, 2

The Iowa Park Chamber of Commerce directors at their recent meeting voted to hold a Dairy Calf show this year in connection with their Junior Poultry Show.

Calves now being raised by boys in this area in the FFA Dairy Calf program will be exhibited and prizes awarded.

The double show is set for June 1 and 2 at the Texas-Oklahoma Fair grounds.

This year the Chamber of Commerce made a change in the Chick Project from a breeder project to a broiler program. Fifty-five contestants approved by the chick committee received 48 chicks each.

The chicks were first immunized against New Castle disease. The program will continue for 10 weeks.

Three reports are required: at the end of the third week, the sixth week, and at the time of showing.

According to reports from Chairman J. K. Bradshaw and his committee, who have made visits to some of the contestants, the majority of them are doing well with their chicks.

State PTA Leader

Mrs. A. W. (Frances) Lightfoot of Beaumont, new state vice-president, is a native Texan. She was born in Temple but spent the early years of her life in Silsbee, graduating from high school there.

Since her talents are in public speaking and music, she continued her education in these fields at a school of speech in Los Angeles, and at the St. Louis conservatory. She later taught music and speech.

Mrs. Lightfoot has taken an active part in church, club and civic affairs. In parent-teacher work she has served as home room representative, recording secretary, and president of a local unit, on the district board as parliamentarian and recording secretary, president of the Beaumont City council, and state chairman of councils.

She holds a Texas and a national life membership presented by the Beaumont city council. Her only daughter Mrs. Peter O. Wilhelm, is also a life member of the Texas Congress and a preschool mother. Allan Ross Wilhelm, grandson, will receive early indoctrination if his Grandmother Lightfoot has her way.

Her parent-teacher work includes presidency of an elementary, junior high, senior high, and council. She has also served as chairman in various capacities, and on the state board as chairman of narcotics education, school lunch, and as recording secretary.

Fish were biting last weekend for Fuzz Lovelace and Dr. L. A. Crawford. They took 15 crappie and 10 catfish out of a tank near Iowa Park and were about ready to come in when Fuzz got a heavy strike. When he got to his pole and fought his catch in to the bank, Fuzz discovered he had snagged a bass which tipped the scales at 8 lbs. and 4 ozs.

C. J. Cooley of Iowa Park recently received a diploma from the horology school at Midwestern university. He was graduated from the jewelry repair and stone setting department.

Thursday, Friday, April 19, 20, Are Lions Minstrel Dates

Dixie Land Follies of 1951 will be the talk of the town for months to come. The why, when and where angles are that the Lions club will be presenting the annual two-nights performance of their minstrel April 19 and 20 at the high school auditorium. The club members have proved in the past they are the dynamo which can supply the current for producing a magnetic evening of entertainment.

With the club sweethearts Mrs. Charles Coppock and Mrs. Buddy Tanner directing the production, people in this area won't have to be begged or bribed to attend the minstrel, because they know what those artists can do.

Principal parts in the show will be taken by Allan Berry as the Right Rev. Reproachful Razzberry; George R. Hucksby as Scratchpad; Chester E. Gleason as the Voice of Iowa Park; M. C. Yeagan as Hank; Curtis Sewell as Zeb.

Jokers who will keep young and old hanging on the edges of their seats are the endmen Al L. Reed, Pete Guthrie, Dutch George, Kirk Beard, R. B. Faulkner, E. E. Wallis, Scott Ralston and Buck Voyles. They will be staged named Baby Face, Honey Boy, Cateye, Hambone, Lazy Bones, Lightning, Loose Tooth and Slog Foot.

Band Concert Set For Friday, April 13

Delightfully refreshing numbers by the Iowa Park school band will be presented Friday evening, April 13, at the school auditorium when the band presents its second annual concert under direction of Thomas B. Taylor. The band has made notable progress since the first concert last spring.

The students play with the mastery and poise of musicians with many years of training. The selections will not be devoted to a particular channel but will include overtures, patriotic and popular music.

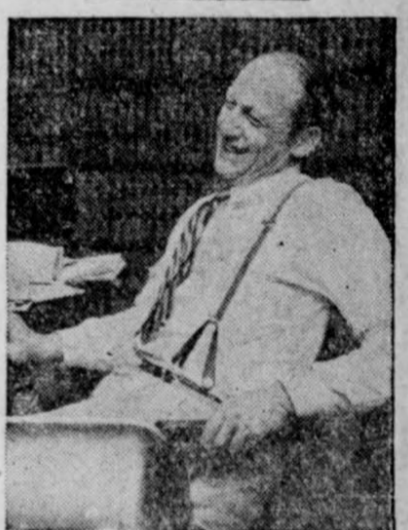

The Thing, the identity of which has been the object of speculation for several weeks now, will be taken from its shroud of mystery when it is shown Friday evening and a prize given to the person who guessed its identity.

According to Mr. Taylor, it is 2 ft. high, 2 ft. wide. It is not round nor square. It is made of metal. It won't make a noise by itself; yet three people can produce noise on it at the same time. Can you guess what The Thing is?

Program for the Friday concert is: "America," "Carnival King Overture" and "Junior Band March" by the Junior High Band. "Stars and Stripes Forever," "Russian Choral and Overture," "Magnus Chorus" and "Gypsy Bride Overture" by the High School Band. Numbers by the Happy Five - Jimmy Jones, Sheri Brooks, Joine Cooksey, Harold Lewis and Dennis Goff.

Band Ensemble - "Tennessee Waltz," "Red Polka," "The Time Out for Jam Session." When the band plays the popular tune "The Thing," the box containing The Thing will be opened.

At intervals during the program new officers of the Band Booster club will be elected. The Arion award will be presented and the solo winner and ensemble winner of the recent Waurika Band Festival will be announced.

Valley View

By Mrs. Roy Lakey

With this new norther descending upon us, I'm convinced more than ever that the old saying of "Wait until the mesquite show buds before you say spring has sprung" merits belief. Some of the mesquite do show a little green but not enough to see until you look closely.

Last Thursday, Mrs. T. M. Jenson of Burkburnett and her daughter Mrs. William Morgan and two small children of Dallas were in our community visiting in the home of their old friends. It was Loreta's second visit in Valley View since her parents left for a pastorate in Royce City about 8 or 9 years ago. It was nice seeing them.

Mr. and Mrs. Odis Evans spent the weekend in Arlington on business and pleasure combined.

Mr. and Mrs. Olin Bridges and daughter Carol Ann were Sunday guests of her parents the Harry Culppepers.

Mrs. C. D. Fleming and son Claude Warren were Sunday visi-

tors of her parents Mr. and Mrs. Clarence Adams.

Mrs. C. M. Self took suddenly ill Monday and was rushed to the hospital. Have not heard any news since. Do hope she is fine by this time.

We Lakeys were once more made happy with a surprise visit from Mr. and Mrs. Charlie Phillips and Mrs. Lois White of Swink and La Junta, Colo. Also Joe Lakey of Austin. Joe was on a business trip for the state in this vicinity.

J. C. Farris spent Sunday with the Reaves family. Mary Frances returned with him and they are moving this week to Longview.

Mrs. Loy Norris of Panama Canal Zone is visiting her parents the Wiley Bishops and has gone to Fort Worth for a few days. Loy has returned to Panama after a few days visit here and in Fort Worth with his parents. Mary Ellen says they are taking many interesting pictures while there and next time they come to the states will show them. This time the trip was so sudden they did not bring any extra luggage. We will remember Mary Ellen's offer and have something to look forward to.

Mr. and Mrs. Cecil Hanes and Terry spent the weekend in Commerce with his mother.

WCS held a business session at the church Monday. Plans for the district school of instruction on the 17th and conference in Sherman, April 26 and 27 received attention. Since we are redecorating our church, we are assuming part of the expense. A few things are being done toward new things in the par-

sonage. Also plans for study and the installation of 1951-52 officers.

The WCS luncheon at the church will be on Thursday, April 19; also quilting on that day. Don't forget the date. The children's department raised money through a pie and cake sale last Saturday, doing their part toward redecorating. Mrs. Jack McCallie, superintendent of the department, turned \$35 to WCS for curtains in the recreation rooms.

We are proud of the leaders in our departments. Mrs. Vaughan Jones of the youth division raised enough money for their room recently. Everything is looking pretty and smelling good of clean paint. Brother House can't be beat when it comes to making things better around a place.

Our church is invited to Burkburnett Thursday evening. Several of us plan on going; others plan on going to Archer City, Wednesday evening. The invitation comes to see pictures of the mission work in Brazil taken by Rev. Ralph Nance last year on a tour of that country.

Billye Faye had a birthday Tuesday and her mother gave a party at the Tucker home near Henrietta. She and Leroy spent the night.

Merchants Given Full Responsibility For OPS Compliance

Merchants were reminded Saturday that it is their individual responsibility to secure copies of federal price ceiling regulations and to comply with them.

Ellis H. Boyd, Fort Worth district director of the Office of Price Stabilization, said that deadlines are approaching for several types of business and that doing business without complying with the regulations will be in violation of the federal laws.

"Our enforcement staff is being organized and investigators will be sent into our 53-county district to check on compliance with the regulations," Boyd said.

"Each of the regulations has been publicized through newspapers, the radio stations and the chambers of commerce in most cities. It now is up to the merchant, large or small, to get a copy of the regulations and comply.

"We have conducted meetings in every area of the district, in an effort to assist the merchants," Boyd said.

Merchants seeking information should write the Fort Worth office at 2914 W. Lancaster. All types of business and industry must keep all records of the base period December 19, 1950 through January 25, 1951. These records must be on file in the place of business and available for inspection by a representative of the OPS.

Boyd listed several categories affecting the majority of businesses in the Fort Worth district. They are as follows:

Livestock slaughterers - Several regulations apply, but a slaughterer who has not registered by April 15 will be prohibited from butchering livestock after that date.

Restaurants, cafes and all types of eating and drinking places went under special regulations April 1. They must file a report with the district OPS at Fort Worth by April 30.

Service stations were placed under regulations that govern sales and deliveries of gasoline, heating and lubricating oils, liquefied petroleum gas and some other products, effective March 26. They must file a report and post correct prices in their places of business as indicated by the regulation.

Grocery stores are under special regulations that control 60 per cent of the food items. This regulation became effective April 5, and all grocery concerns must be in compliance by April 30.

Numerous other types of retail firms are under Regulation No. 7, and there are 2,044 such stores in the Fort Worth district, such as department stores, men's clothing, women's apparel, shoe, furniture, household goods, floor coverings, and several others. Price charts under this regulation must be filed with tee Fort Worth office prior to April 30. Unless these charts have been acknowledged by this office prior to May 30, the retailers under this regulation cannot sell items listed under Regulation 7.

This regulation has been amended to include musical instruments, radio and television sets, phonographs and records, houseware, notions, luggage, sporting goods, silverware, chinaware, glassware, jewelry, watches and clocks.

Howard Warren, who is attending Carver college in Oklahoma City, spent the weekend here.

Mexico Featured in 23 Study Club's Pan-Am. Program

A meeting of the 23 Study Club Thursday afternoon at the home of Mrs. C. W. Coppock permitted members to enjoy some of the exotic charms of Old Mexico through a program which observed a Pan-American theme. Mrs. R. A. Tanner shared hostess duties with Mrs. Coppock.

Even the floral decorations which featured bouquets of iris were suggestive of Mexico because of the similarity between the iris and the orchid which is grown in some parts of our neighboring country.

Mrs. Sam Hill was program leader for the day. She presented Dr. Helen Yeats, department of foreign languages at Midwestern university, who gave a talk on "A Trip to Mexico by Pan-American Highway," illustrated with colored slides. The scenic highway connects Laredo with Mexico City and continues to Oaxaco and some cities and towns in the state of Chiapas.

As the slides pictured Indian, colonial and modern Mexico, club members saw the ancient and the new blended artfully to constitute the lure of Mexico. Of particular interest were pictures of the pyramids, old historical missions, bull fights, beautiful flowers and parks, volcanoes and awe-inspiring snow-capped peaks. She concluded her talk with pictures of sunsets in Mexico.

The enchantment of the music and dances of Mexico was demonstrated by presentations of the Latin American Folk Dance class of Midwestern university. Mrs. Katharine B. Dickson, professor of Spanish, played the piano accompaniment for the dances and gave an explanation of each before its presentation.

Miss Gloria Garza, student from Mexico, took the lead in the first dance "Chapaneecas" with a sextet of students, all in colorful costumes, following. The dancers were Misses Sally Hughes, Gretel Hager, Sue Patterson and Messrs. Paul Lile, John Mackechney and Frank Summers, and they presented El Jarabe Tapateo for the second number. As a request Miss Garza and Mr. Summers repeated the Mexican Hat Dance.

The hostesses served refreshments to Mrs. Robert L. Horton of Abilene, a guest; and Mesdames Earle Denny, King Abernathy, James N. Easterwood, C. Birk, May Turner, Richey Abernathy, Herman Mitchell, L. E. Brooks, S. L. Denny, Fred Widmoyer, H. W. Weaver, C. J. Simpson, J. A. Sewell, Gayle Park, Charles Metz, Sam Hill, Taylor George, C. E. JUNIOR NEWS

If this wind doesn't stop blowing the jrs are not going to have a pleasant hayride and wiener roast Saturday night. We are planning one and if the wind is still blowing I guess we'll just have to tie our straw hats on.

There are five track boys going to the regional meet in Dallas next weekend. Four are jrs, Paul Burns, Gene Voyles, Ben Huckaby and Robert Nolen. James Williams is a frosh. We all wish these boys the best of luck.

We had a meeting Wednesday to discuss the Craterville trip. We also chose red and white as class colors. We voted for Earl McKee and Weldon Garner to accompany us on the trip. Mr. Bradford said we would order our sr rings April 23. We can hardly wait.

Charles Quick has added something new to his wardrobe. He had a girl's scarf around his neck Wednesday. I don't know whether it was Wanda Ann's or not. One minute they are and the next they're not.

In baseball intramurals our boys beat the fosh 22-13. I have a correction to make. I said Coy plays shortstop. Well, I made a big mistake, he plays hind-catcher.

Noralene's boyfriend certainly is nice looking. She had a big picture of him at school Wednesday. We'll just have to wait and see why Janice is looking forward to the Craterville trip.

Srs were gone all day Wednesday and it gave us a taste of what next year will be like. Ben and Paul didn't seem to like the idea.

Weldon had a birthday party last Thursday night. I guess that real bright shirt is the result of it.

Jimmy Jones pulled a cartilage in his leg and has been in the hospital. He came back Wednesday but he isn't moving fast. He is on crutches. We sure are glad to see you back, Jim.

Got to study for tests, So long.
Mary

CARD OF THANKS

Having been elected as a member of the board of education, I pledge my best efforts in the interest of our school, faculty members, every pupil and each person who has an interest in the school.

Indian Lore Included In Symphony Program

Sponsored by Midwestern university and the Wichita Falls chamber of commerce, the "Saga of Peta Nocona" will be sung in Comanche at its premiere in Wichita Falls, April 17.

The 30-minute composition, which contains Indian folklore and depicts the rolling Texas countryside in its score, will be accurate in both fact and use of the Comanche language. Rev. E. D. Canonge is translating the book by composer Eitel Allen Nelson into Comanche with the help of Emily Riddles, a Comanche Indian and graduate of Carlisle.

Nelson, a student of history of the southwest, has consulted authorities on the legends of Peta Nocona and talked to his descendants to insure authenticity of the performance.

The saga will climax a full symphonic concert by the Oklahoma State Symphony orchestra, with Frederick Balazs of the Wichita Falls Symphony orchestra as guest conductor.

Desire Ligeti, baritone of the San Francisco Opera company, will sing the death chant of Peta Nocona. Vocal background will be provided by a 200-voice chorus from the University of Oklahoma and Midwestern university.

Former Texas A and M students of this area and their guests are invited to the annual muster at Weeks Park in Wichita Falls, April 21 at 5:30 p.m. For reservations contact Ralph W. Morgan Jr., 1011 Scott Ave., Wichita Falls.

You are hereby commanded to appear before the Honorable 30th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas, at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of May, A.D. 1951, then and there to answer Plaintiff's First Amended Original Petition filed in said Court, on the 3rd day of April, A.D. 1951, in this cause, numbered 48069-A on the docket of said court and styled Julian K. Buzz And The Off-Key Baritones

Reverend Lester of the church out on Hillsboro Road coaches his Young Peoples' Choir late Thursday afternoons—after high school basketball practice lets out.

Buzz Ellis pastures cows next to that church. Around 5 o'clock they used to make a lot of racket about wanting to go home. That made it kind of rough on the choir.

When Buzz learned what was going on he said to Reverend Lester: "I never yet heard of a cow that could moo on key. So, I'll just move 'em in a little earlier..." This started me to thinking. Buzz doesn't go to that church. And he's so tone-deaf he couldn't carry a tune in a bucket!

From where I sit, you might say that Buzz didn't have much in common with those singers. But he doesn't divide folks into groups he's "with" or "agin." Your politics, your personal preferences—or the fact that you like a moderate glass of beer—mean nothing either way to Buzz. He's a real neighbor to everybody!

Virgil Woodfin, horticulturist at the Iowa Park experiment station, gave an interesting lecture and discussion on beekeeping to vocational agriculture boys last Monday. Materials and supplies used in the business were shown and explained.

Mr. Woodfin pointed out that people from all walks of life: rich, poor, men and women have found beekeeping interesting as a hobby, sideline or a business.

He said that about 2 hives per acre should be used for pollination. It has been found through experiments that bees increased seed yields as much as six times the normal yield.

It is thought that farmers could well afford to pay beekeepers a percentage of seed crops above the normal yield.

Insecticides Studied By Park Area Ladies

Park Area Home Demonstration club met in its regular session at the home of Mrs. Lester Brooks with the agent Miss Catherine Sands present.

Business was conducted by Mrs. R. F. Pruett. Mrs. Jim Barbour called the roll, which was answered by "Varieties I have in my garden."

IHDA legislation committee recommendations were given by Mrs. Brooks.

Miss Sands discussed insecticides for home gardens. The three poisons discussed were rotenone, nicotine sulphate and DDT.

The importance of reading and following instructions on the labels of insecticides was stressed by Miss

Sands. She stated rotenone was the best and safest for use, as it is not harmful to warm blooded animals. Dust containing 1 per cent rotenone should be used to be most effective.

Miss Sands did not recommend the use of DDT, as it should not be used on edible parts of vegetables. In control of insects, insecticides should be applied each week and after each rain. All members took part in the discussion.

Mrs. Virgil Woodfin directed the members in their recreation. Present were Meses. Jim Barbour, Virgil Woodfin, Harry Moore, Cliff Burrows, Lester Brooks, Gale Lowrance, L. E. Britton, R. F. Pruett, Rex Lehman, W. A. Stowe, Elsie Lehman, Roy Sawyer and Misses Catherine Sands and Foy Stowe.

Refreshments were prepared by Meses. Britton and Brooks.

Cars Need Attention Before Summer Trips

In the past it has been the practice of many motorists to operate their cars throughout the summer without removing the anti-freeze solution and flushing the cooling system. Still others drain the anti-freeze solution and save it for use the following winter.

Neither of these practices is recommended by automotive engineers.

Oxidation and rust inhibitors which are used by all reputable anti-freeze manufacturers in their products gradually lose their effectiveness. Continued long use may entirely deplete the inhibitors and the cooling system may then allow rust to form in the engine, which interferes with cooling efficiency. High temperature operation as is encountered during summer driving may accelerate this depletion of rust and oxidation inhibitors.

Anti-freeze solutions have lower thermal conductivity than plain water. This means that less heat will be removed from the engine by such solutions. If their use is continued during the summertime, the motor will run hotter, thus raising the octane requirement of the engine. In some cases this may result in a "knock."

It is recommended that all cooling systems be drained, flushed and refilled with clean water before hot weather. When refilling the system the recommended quantity of a good cooling system rust and corrosion inhibitor should be added.

It is good practice to check radiator and heater hoses when draining the cooling system. Any hoses which appear soft or show indications of cracking or leaking should be replaced. All hose clamps should be tightened. Any evidence of leakage in the radiator or cooling system should be checked and repaired.

The first lesson was taught to the church congregation last Sunday night; the next three lessons where the women of the church were in attendance were brought or will be brought Monday, Wednesday and Friday afternoons, and the concluding chapter will be the topic for presentation at the Sunday evening worship hour.

Presbyterians Honor Graduating Member

Miss Ella Lou Van Horn was honor guest at dinner Thursday evening at the Presbyterian church which was attended by young people of the church.

Each year the young people of the church who will be graduated from high school in the spring are honored at a social function.

The honoree was presented with a white Bible with her name inscribed on the front cover in gold letters. Mrs. J. B. Ridenour made the presentation.

Decorations in the dining hall and on the table carried out the blue and white colors of the senior class for this year. Iris was the flower chosen. Place cards were miniature diplomas.

Mrs. W. E. Stockton conducted a business meeting of the Methodist WCS at the church Monday afternoon, at which time she urged all officers to attend the officers training school at the First Methodist church in Wichita Falls, April 27. She announced that Dr. George A. Baubrick, Presbyterian minister of

New York, who will be in Wichita Falls to speak during the Perkins Lecture Series would be the speaker at the 11:00 service.

Election of officers was a feature of the business session. Personnel of the group includes Mmes. W. E. Stockton, president; T. C. Scott, vice-president; Herman Mahler, recording secretary; Richey Abernathy, promotion secretary; Miles Thompson, treasurer.

Chairmen and secretaries elected were Mmes. Kirk Beard, missionary education and service; Elgin Denny, Christian social relations; W. W. Parker, children's work; R. E. The first lesson in a series of four on the Near East constituted the program given by Mrs. Chatelain in her discussion of "Neighbors of the Near East." She placed emphasis on how that part of the world was undergoing changes in which the entire world is involved.

Others present not previously named were Mmes. J. N. George, S. L. Denny, H. W. Weaver, Scott Morris and Mary Lakey.

(Left over from last week) Singing of the hymn "A Charge to Keep" by the group opened a meeting of the Methodist WCS Monday afternoon at the church. Mrs. S. L. Denny gave an inspiring devotional on "Let God Sit Up the Rest of the Night," by Roy Smith, an article taken from a recent issue of the Christian Advocate. Scripture from the 14th chapter of John furnished background.

Mrs. W. E. Stockton directed the business meeting at which time the secretary's report was given by Mrs. C. C. Robinson and the report on missionary education was given by Mrs. Kirk Beard.

The president read a letter from Mrs. V. C. Hammersley, district president, in which she announced the officers' training school to be held at the First Methodist church of Wichita Falls starting at 10:00 a.m. April 17. She also announced the North Texas District Conference will be at Sherman April 26 and 27. Mrs. T. C. Scott was elected delegate and Mrs. Miles Thompson alternate to the conference.

Recreation Club Is Formed for Families

A family recreation club with seven charter members was organized last Friday evening when the group met at the Wichita County Farm Bureau office in Iowa Park. A name for the club has not been chosen. The women plan to play volleyball at the Fair Auditorium each Tuesday evening.

Mrs. John Wesley was elected president of the club and Mrs. S. E. Watson was elected treasurer. Other charter members are Mesdames D. O. James, George Lewis, J. P. Gard, Watkins Walker and Rollins Woodall.

Past Officers, Charter Members Honored At O.E.S. Meeting

An enjoyable as well as profitable evening was spent when the Iowa Park chapter, Order of the Eastern Star met in regular session in the Masonic Hall, Tuesday at 8:00 p.m. with Mrs. Ida Mae Spence, worthy matron and N. E. Guthrie Jr., worthy patron, presiding. All 16 other stations were filled by the regular officers.

The drill preceded the opening of the meeting, with the ladies wearing their beautiful navy sheer chapter dresses.

During the business session, the secretary read the regular monthly message from the Worthy Grand Matron, and a Memoriam of the death of Frank W. Lynn, past Worthy Grand Patron, which ordered the charter draped for 30 days. A letter also was read from Mr. and Mrs. Ed Mossman, former residents and members of this chapter, who are now residing in an Buren, Ark.

The worthy matron asked all past matrons and patrons to rise and introduce themselves, and she extended greeting to them.

An appropriate program had been arranged, honoring the past matrons, past patrons and the charter members.

The two charter members present, Mrs. Mae Tanner and Mrs. Pearl Smythe, were escorted to the East where Mrs. Hazel George expressed the appreciation of the chapter for their efforts in helping with the organization during the years, and she presented them corsages in behalf of the chapter.

It was announced at this point that Mrs. Tanner was celebrating another event, and the Happy Birthday song was dedicated to her. Mrs. Tanner has been a member of the Order longer than any other member of the local chapter—a period of 56 years.

The worthy matron expressed appreciation for the endeavors of the past matrons and patrons and the star points, added to the program with an appropriate tribute while holding lighted tapers. Red roses were presented to the 15 past matrons and 5 past patrons present.

These were Mmes. Kathleen Coppock, Frances Wooster, Pearl Maier, Carmon Killon, Hazel George, Nora Fields, Emma Gaunt, Jewell Shumake, Lola Miller, Mae Tanner, Pearl Smythe, Effie Walsh, Eval Price, Bonnie Hudson, Miss Viola Smith; and Messrs. Paul Coppock, John Maier, Bill Wooster, Ray Herrington and A. L. Hofer.

The two other charter members Mrs. Maggie Cobb and Mrs. Lula Dorris were not present.

The hall was beautifully decorated with spring flowers, as were the dining tables. Unique handmade plate favors made the tables more attractive. Following the closing of the meeting, coffee and cookies were enjoyed.

Guests registered at the Helton hotel over the weekend included Mr. and Mrs. Clyde Conway and family of Smackover, Ark.; Mr. and Mrs. L. C. Poindexter of Monticello, Fla.; Mr. and Mrs. Harry Buckner of Brenard, N.C.; L. F. Daigle of San Diego, Calif.; and Paul Luttrell of Silvertown.

Drama and Music Relationships Are Club Program Theme

A special program which set forth the relationship between music and drama was observed by members of the Modern Music Study club Thursday evening in a meeting at the home of Mrs. Paul Zink. Mrs. J. Louis Quick was co-hostess.

The program theme "Music in Relation to Drama" was reflected through synopses of operas and vocal selections from dramatic compositions. The general effect of the program was one of finished perfection and unity.

As president, Mrs. Zink conducted a business meeting preceding the program when plans were discussed for next year's programs and for the annual president's program which will be an event of May 10. Guest Day will be observed then.

Mrs. Lowell Short was program leader for Thursday. The customary current event was given by Mrs. Ida Chatelain. "Samson and Delilah" was contributed by Miss Ethyle Kidwell. The vocal numbers from the opera "My Heart at Thy Sweet Voice" was sung by Mrs. James A. Sewell with piano accompaniment by Mrs. W. G. Steele.

Miss Mary Butcher gave a synopsis of "Tannhauser" and the vocal solo "Evening Star" was presented by Mrs. Joe Chandler.

The club chorus render "Thanks Be to Thee" by Handel.

"Love and Music, These Hands I Lived For" from Toccia by Puccini was the vocal contribution of Mrs. O. R. Owens with Mrs. Steele as accompanist.

An interpretation of the meditation "Thais" (Massenet) by Mrs. Steele brought a splendid close to the program. Choral practice concluded activities of the evening.

For the meeting, the club home was decorated with spring flowers. The mantel in the living room held dutch iris and pink stock, and the dining table was centered with iris ranging in shades from mahogany to deep purple.

Disciples Doings

"The Turning Point," a chapter from the Bible study, "Strong Son of God" was taught to the Christian Women's Fellowship Monday afternoon by Rev. Chester Gleason. Thoughts emphasized were Jesus' ministry, the teaching of the 12, and the turning point in His ministry.

Those present were Mmes. Wilson Huckaby, R. B. Sisk, Chester Gleason, Gilbert Steele, I. W. Corder, Paul Peterson, Rollins Woodall, S. T. Buzzard, Burk Scott and Forest Bates.

An all day meeting of the East 5 Area Christian Women's Fellowship was held at the Christian church Tuesday. The churches in Wichita, Clay, Archer, Jack and Young counties are included in the area and meetings are held semi-annually in April and October.

Theme of the meeting was "Building Christian Women's Fellowship." The Graham church was in charge of worship study, the theme being "A Moment with the Architect." The devotional was presented by Mrs. J. P. Fore and special music by Mrs. R. L. Shingle, vocalist.

Mrs. Jack Howard of Quanah, district secretary, brought two inspirational messages during the morning.

Work shops were conducted by Mrs. John Wheeler, Mrs. H. W. Welborn, Miss Neewannah Schmidt.

Assembled again in the auditorium, the group sang the CWF song "Lo, Here Is Fellowship." Mrs. W. G. Steele furnished organ accompaniment and Mrs. Chester Gleason led the song service.

Reports on the workshop sessions were made by Mrs. N. W. Connor of Jacksboro, Mrs. Sam Young of Wichita Falls and Mrs. George W. Miller of Graham.

Lunch was served to approximately 90 persons.
