Valley View

By Mrs. Roy Lakey

Mr. and Mrs. O. D. Childers received a letter from their son Marvin Dale, Saturday stating that he has finished boot training at San Diego and will either go to personnel or yeoman school for the next three months and will remain there. Some time in the next three months the Childers will be heading California way to see Bud. We know, for we did it once and would again. We are glad Marvin has this chance to go to school.

The City of Friendly Living has proved itself living up to the name again. One of its citizens took time out to talk to the Valley View Methodist members. We are democratic in our church and have often used speakers from other denominations.

Roy was thinking of Laymen's day, and a speaker for the occasion. We have always admired Rollins Woodall, so Roy asked him to talk. He very graciously accepted. We and all who heard him feel sure he missed his calling, for he certainly made a wonderful thought provoking talk. Everyone expressed pleasure in having him and hope again to invite one so capable.

Thanks to Rollins and the Christian church for letting him come to us on that Sunday.

Mr. and Mrs. Charles Ray Phillips and children Stephen and Jane of Swink, Colo., are visiting in the Lakey home this week. Other guests during the week, Miss Bettye Searcy and Paul Flake jr. of Wichita Falls and Camp Chaffee, Ark., visited Miss Sheron Farley and Tommie Titus of Wichita Falls and Sheppard AFB.

The men's fellowship was re-organized recently and from now on the ladies will be included and the meetings will be called family night.

Presbyterian News

Annual reports were given by officers and chairmen when the Women of the Presbyterian church met Monday, Mrs. J. B. Ridenour, president, was in charge of the business session, which was opened with prayer by Mrs. K. P. Abernathy.

Members of the organization who attended the meeting were Meses. F. L. Emanuel, Gayle Park, Locke Lowrance, L. Shelton, Gale Lowrance, C. E. Birk and Beverly, L. Lovelace, K. P. Abernathy, C. Birk, J. B. Ridenour, and Misses Clara Lowrance and Mina Troutman.

(Published in the Iowa Park Herald March 1, 8, 15, 22, 1951)

THE STATE OF TEXAS
To: W. B. Flippin, Maggie Flippin, W. B. Flippin, and Maggie Flippin, and their unknown heirs, devisees and legatees, Defendants.
Greeting:

You are hereby commanded to appear before the Honorable 78th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16th day of April, A.D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 27th day of February, A.D. 1951, in this cause, numbered 48489-B on the docket of said court and styled Roy B. Smith, Plaintiff, vs. W. B. Flippin, Maggie Flippin, W. B. Flippin, and Maggie Flippin, and their unknown heirs, devisees and legatees, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

This is a trespass to try title suit wherein plaintiff alleges that on or about Feb. 23, 1951 he was and still is the owner in fee simple of lots 7 and 8 in block 67, original townsite of Iowa Park, Wichita county, Texas.

That on the day and year aforesaid defendants unlawfully entered upon and dispossessed plaintiff of such premises and withhold from him the possession thereof to plaintiff's damage of \$100.00. Plaintiff further pleads specially the five and ten years Statute of Limitation; alleging that plaintiff and those under whom he claims by mesne conveyances and those whose title he holds have had peaceable possession of the property above described, cultivating, using and enjoying the same, paying taxes thereon, for more than ten years preceding the filing of his petition herein, claiming under deed or deeds duly registered purporting to convey such lands and tenements, and that such lands have been actually enclosed for more than ten years by a substantial fence, and that plaintiff and his predecessors in title have claimed same openly, adversely and notoriously as owners during said period aforesaid.

Wherefore plaintiff prays that citation issue and that on final hearing he have judgment for title and possession of said lands, for damages, for costs of suit, and for such other and further relief as he may be entitled to, either in law or in equity.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas this 27th day of February, A.D. 1951.

Attest: (SEAL) FLORA COBB, Clerk, 78th District Court, Wichita County, Texas.

Mrs. Bryant Named Officer in Beach and Pool Association

Mrs. Archie Bryant was elected treasurer of the Texas Beach and Pool association at the 23rd annual conference of that group in Galveston, March 2 and 3. The design, construction and maintenance of swimming pools, management and operation and aquatic programs were discussed at length during the sessions.

Among the outstanding speakers were Alan C. Love, sanitary engineer, health department, Houston; Chauncey A. Hyatt, swimming pool consultant, Chicago; Roger Moehlman, sanitary engineer, Harris county health unit; William Harris Bell, legal consultant, state department of health, Austin; Maj. Dominic J. George, Ellington Air Force Base; Art Adamson, swimming instructor, Texas A and M college; and many others.

Mr. and Mrs. Bryant manage the Sand Beach Pool on the Iowa Park road. They were accompanied to Galveston by Mr. and Mrs. I. W. Corder.

SENIOR NEWS

We won't be srs long! It is sure hard to believe that when this week is finished there will be only 11 more weeks of being srs. After that it will be hard to keep up with us because we will scatter here and there doing this and that. Probably never again will we all sit in a room together. Yes it is nearly all over.

Football games are all tucked back in our heads with only programs, newspaper clippings, football jackets and maybe old injuries to remind us of the wonderful games "cur" team played.

Sr parties have come and gone. Our first sr play has been presented and now we are looking for a suitable play to be our final one. Volleyball and basketball are over and for us there will be no more.

Maybe we can come back next year and see our friends in Alma Mater play in similar contests, but there will be something lacking.

Track will be here soon and so will tennis, declamation, debating, extemporaneous speaking, one-act play, spelling, ready writing, baseball and lots of other things. They will come and go, and then we srs will go.

One thing already gone is our Sr Banquet the wonderful Baptist people gave. Never have I seen anything so wonderful. Everyone enjoyed it so much they have been talking about it all week.

Brother Bill, the speaker, entertained so, we were surprised to find ourselves sitting so quietly listening to a speech! We were pleased with everything and want to thank all who made such a wonderful program possible.

We had one date that we hadn't anticipated. Anne and Lonnie look happy. She had a pretty corsage. Anne must have Lonnie all in a tizzy because over the weekend his knee slipped out of place and broke a blood vessel. He was hospitalized for a while; we hope not for long.

Boy, if Lucille had had her car that night, she could have taken somebody home. Just her luck!

Several fans from Iowa Park attended the game at Midwestern, Saturday night between Crowell and Bowie. Lucille was in the crowd—and I do mean "crowd." She managed to look between heads and see enough of the game to satisfy her.

Monday night was another big time in several srs' lives. The volleyball girls had a feed at the Chicken Shack along with their guests. Besides the food's being good everyone was dressed up and they looked really fine too. The farewell speeches of the srs and Mrs. Lucy brought tears. It was all real swell.

Several of our srs attended the play "Harvey" at Midwestern, Tuesday night. It was well presented. One of our ex-srs had a part.

Finally!! The football jackets have arrived and they are what you would call "worth waiting for." Now some of us are anxiously for the band, basketball and volleyball jackets to arrive.

Eugene really looks cute now! He got his teeth, and boy oh boy! This is a coincidence because Eugene got his teeth and J. C. lost one. I won't try to explain it because I don't really know.

Lucille has turned office girl. She has been helping Mr. Bradford record grades. And from the looks of some of them, some of us better get busy if we plan on graduating in May!

More next week. Thanks, Lucille.

PARKANS ATTEND MEETING OF UNITED CHURCH WOMEN

Five women from Iowa Park were among those who attended an all day state meeting of the United Council of Church Women held at Fort Worth, Wednesday. They are Meses. C. E. Birk, John B. Barbour, Chester E. Gleason, China B. Smith, and Miss Clara Lowrance. Mr. Birk furnished transportation for the group.

Franklin Farmer, student at Baylor university, Waco, spent the past weekend at home.

Tommy is a regular guy who likes guns and horses and fun just like the other kids. Only thing is, Tommy's arms and legs won't behave the way other youngsters' do. He can't walk alone yet, nor even stand alone well. He's got to have lots of help if he learns to ride a horse, or even shoot his guns. That's why you are asked to use Easter seals and send a donation to the Easter seal agency, in care of your local post office. Easter seals pay for treatment of hundreds of kids like Tommy who are cerebral palsied. Back of it all is the Texas Society for Crippled Children, and a hundred city and county societies affiliated with it. Wichita Falls has recently completed and put in operation a cerebral palsy treatment center.

Mr. and Mrs. L. S. Swanson went to Dallas last Thursday to take their daughter Mrs. Bob A. Krute and her little daughter Donna Jean. Mrs. Krute and the baby took a train on home to Pasadena. The Swansons have another new grandchild, Linda Gail, daughter of Mr. and Mrs. Meredith Webb of Dallas, born January 5. Donna Jean was born Nov. 25, 1950.

Mrs. W. B. Browning of Trustco, district PTA president, was here last week completing plans for the district convention which will be held here in April. While in Iowa Park, she consulted with Mrs. D. O. James, Mrs. Lloyd Lowe and Mrs. Krute and the baby took a train on home to Pasadena. The Swansons have another new grandchild, Linda Gail, daughter of Mr. and Mrs. Meredith Webb of Dallas, born January 5. Donna Jean was born Nov. 25, 1950.

Mrs. Lula Morgan is here this week from Dallas visiting her sister Mrs. Marietta Thompson and brother John Bell and family.

BAPTIST W.M.S.

"Go Quietly and Tell" was the subject of the mission program the Ruth circle presented at the Baptist church Monday morning. Mrs. Earle Denny, leader, brought the devotional using as her theme "Somebody Has Touched Me."

The program was developed with stories told by the participants: M. A. Curtis Hill, Mrs. Lila Traylor, Mrs. Herman Mitchell, Mrs. James N. Easterwood, Mrs. R. R. Brubaker and Mrs. Jim Gates.

Mrs. W. A. Scott explained how tracts were used to spread the gospel, after which Mrs. Maria Stogsdill made comments on the program subject for the morning. The study was closed with prayer for the revival now in progress.

During the business session conducted by Mrs. L. C. Hill, reports were heard from committee chairmen. The secretary, Mrs. J. T. New, was instructed to make arrangements for the women to visit the Wichita State hospital at Easter. Those who are interested in contributing gifts are asked to contact Meses. New, W. A. Scott or R. R. Brubaker.

Others present were Mesdames J. A. Berg, Everett Sewell, J. T. West, Sam Hill, T. M. Thaxton, Carl McKinnon, Clara Easterwood and Joe Patton.

Carol Thomas, president, called the Monday, March 5 meeting to order for members of the Alma Jackson Junior G.A. We said our watchword and allegiances and sang our G.A. hymn.

Secretary Kay Quick read the minutes and called the roll. Shirley Jones took up the offering. A visitor was Sue Wilson.

Kay Quick gave a report on the mission study and we closed with prayer for our revival. Those attending were Shirley Jones, Mary Lynn Verble, Anna Lakey, Doris Herrington, Betty Stewart, Kay Quick, Sara Johnson, Sue Wilson, Carol Thomas and Mrs. Loyd Bell. Reporter, Carol Thomas.

When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

If Your System Lacks Vitamins B₁, B₂, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help build you up if your system is lacking in Vitamins B₁, B₂, Niacin and Iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jimenez, 141 East 13th St., Port Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a bad cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B₁, B₂, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jimenez says she is always going to have HADACOL on hand for Floyd.

Here is Mrs. Jimenez's statement: "My son Floyd was very subject to colds. He's eleven years old, and he was run-down, didn't seem to have an appetite at all, and just simply lacked energy. I heard about HADACOL on the radio, and it was about this time that Floyd was just recovering from a siege of a bad cold. He was very run-down, lacked an appetite, and I started giving him HADACOL. After about a bottle and a half I could notice an improvement. His appetite picked up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd."

Floyd Jimenez

Men, women and children of all ages are praising HADACOL for supplying Vitamins B₁, B₂, Niacin and Iron which their systems lacked. Don't let that "After-Cold Run-down Feeling" drag you down—HADACOL can help you, too, if you suffer such deficiencies.

Sold on a strict money-back guarantee. You'll feel great after the first few bottles you take or your money back. Trial size, \$1.25; large family economy size, \$3.50.

The Wichita Falls Record News and Times ran these pictures of Iowa Park favorites during the past week and kindly lent them to the Herald for reprint.

In the strip above, left to right, are J. C. Farmer, most popular boy; Lou Ann Duke, most beautiful girl; and Harold McDonald, most handsome boy.

Caroline Sue Gay was chosen by her fellow students in high school as the most popular and most representative girl. Ben Huckaby was named most representative boy.

Full page pictures of the favorites will be used in the Hawks News, high school yearbook.

Farmers Union speaks

Tuesday night the local Farmers Union held its monthly meeting in the Wichita Valley Community House. The meeting was called to order by the President Harold Stanger, with 100 members and a crowd of guests.

It was decided to go to the day of the meetings in the first Monday of every month instead of the first Tuesday. The year will stay at 7:30.

A picture, "Farm Inconveniences," was shown by Bill Palmer, assistant county agent. The film was both entertaining and educational. John Sisk, Farmers Union field man for this area, gave an informative talk on the Farmers Union Triangle Insurance program. He showed statistics on how much money the program could save. After John's talk, he told the group that he had been given a new job in Alabama. He went on to express his appreciation for all the help and co-operation that had been given him here since July 4.

John Williamson, chairman of the Co-operative, said there was going to be one more big drive to sell stock. He went on to say that this drive would be the one to see if the people really want the Co-op. John also pointed out the savings that would result from having a Co-op. He said that now was the time to do it or forget about the whole thing. The deadline will be April 1.

Refreshments for the evening were provided by the refreshment committee headed by Mrs. Neil Johnson. The number attending the meeting was between 70 and 75 members and their friends.

The next meeting will be held April 2.

Mrs. W. H. Clark of Luling returned to her home Sunday after a week's visit here with her sisters Mrs. Ida Chatelain, Mrs. Penton Dale and Mrs. Bess Smith.

Mrs. R. B. Sisk, accompanied by her sister-in-law Mrs. J. A. Blaydes of Duncan, Okla., went to Abilene, Sunday for the wedding of her niece Miss Ernestine Allen.

Mr. and Mrs. Pete Hill were called to Jacksboro, Tuesday to be with her mother Mrs. Jane Pulmer, who had been suddenly stricken with illness. They have brought Mrs. Pulmer to the Wichita Clinic hospital, where she is recuperating.

Mrs. Jessie Cross of Foreman, Ark., is visiting her sister Mrs. Mary Bishop.

Mrs. Carl Walsh returned last week from Oklahoma City where she had been at the bedside of her mother Mrs. E. P. Daniel. She has been seriously sick, was a little better over the weekend, but is still critically ill.

Mr. and Mrs. Ben Webster and children Shirley, Alene and Jimmy moved Monday to Burkburnett, where they have bought a home. Mrs. Webster worked here with the Iowa Park Cleaners. Mr. Webster works out of Wichita Falls.

Fly Time Approaching Means Danger, Says State Health Officer

Millions of flies help to cause illness and death of thousands of children and adults each year in the United States. Hundreds of these casualties may be in Texas this year if residents fail in their responsibility for developing the best possible sanitation measures in the area where they reside. Typhoid fever summer complaint and other intestinal diseases can be traced to the common housefly as the carrier of the infection.

Dr. Geo. W. Cox, state health officer, speaking in this connection, recently said, "Be sure that windows and doors are tightly screened so that stray flies from a careless neighbor will not endanger your family. Be sure that flies are kept away from food, drink and utensils used in the preparation of food. Make sure that privies in rural districts, that outdoor privy vaults are covered so as not to permit the entrance of flies.

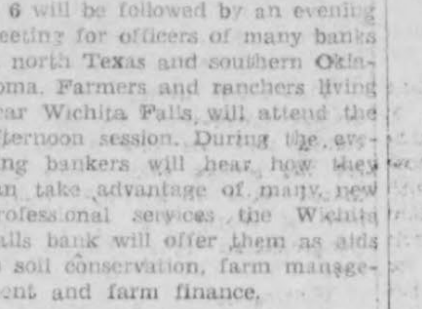

Infections from this source can be passed on and spread to human beings through contact with food, drink or water. Keep all garbage covered, well wrapped or buried. Eliminate all breeding places for flies and you will be helping your community in the work of controlling communicable diseases and preventing needless illness."

Now is the time to do away with the pest of the house. A good clean house is a good place to live. It is a good place to raise children and live.

Agriculture Dept. Added to Wichita's First National Bank

F. E. Hill, president of the State National Bank, and many farmers and ranchers of the Iowa Park area have been invited to inspect the new agriculture department of the First National Bank of Wichita Falls, March 16.

An afternoon openhouse from 3 to 6 will be followed by an evening meeting for officers of many banks in north Texas and southern Oklahoma. Farmers and ranchers living near Wichita Falls will attend the afternoon session. During the evening bankers will hear how they can take advantage of many new professional services the Wichita Falls bank will offer them as aids to soil conservation, farm management and farm finance.

J. C. Porter, former district conservationist in north Texas with the U.S. Soil Conservation Service, a graduate of Texas Tech and Texas A and M, was invited the meeting to discuss the importance of soil conservation in the surrounding work in the county.

U.S. Conservation Service will work with the county agent and banks to help the local Wichita Falls farmers. U.S. Conservation Service will help in soil conservation and better living standards among farm families.

"Is it too late, Doctor?"

Fortunately, it's not too late for more and more Americans who are going to their doctors in time... at the first sign of any one of the seven danger signals which may mean cancer: (1) any sore that does not heal (2) a lump or thickening in the breast or elsewhere (3) unusual bleeding or discharge (4) any change in a wart or mole (5) persistent indigestion or difficulty in swallowing (6) persistent hoarseness or cough (7) any change in normal bowel habits.

To learn how to guard yourself and your family against cancer, call the nearest office of the American Cancer Society or write to "Cancer" in care of your local Post Office.

Head and neck—14 points—and include: head 3; comb 3; beak 1; eyes 1; face 1; wattles and lobes 1; neck 4.

Body and legs—56 points—and include: shoulders 4; back 8; breast 12; keel 14; feathering 8; thighs and legs 10.

The committee is emphasizing a disqualification clause this year, too. Birds showing symptoms of any serious disease such as roup, pox, cholera, etc., will be disqualified.

Broilers which are unmistakably crooked in the breast or back will be disqualified, but slight dents in straightness of the breast bone which are badly bruised or which have otherwise been seriously injured may also be disqualified.

Tentative date set for distribution of chicks to qualified contestants will be March 20. This will set the Junior Poultry Show at about June 1 and 2.

looks clean

All exterior surfaces of new Gas ranges are coated with gleaming white porcelain that is smooth as glass. No pores, no cracks or pits to catch dirt and grease. Cleans with a damp cloth. Plate-size burner grids, burner bowls, and burners lift out for easy dishpan sudsing.

cooks clean

Foods don't stick, boil over or scorch because new Gas burners give you accurately measured heat. You get dozens of heats to cook with... not just 5 or 7. Even chocolate and butter can be melted without scorching... without a double boiler!

is clean

No matter how you cook, no matter what you cook on... steam and grease-laden vapors come from foods being cooked. To control them is the secret of a clean kitchen! With covered saucepans and precisely controlled Gas flame, steam and grease-laden vapors stay in the pan. No escaping to settle on curtains, walls and ceiling!

Your kitchen is lighter, brighter, cleaner the minute you put in a new Gas range. Stays bright and clean, too! Today... see the beautiful new—

You and your Congress

The tough job of trying to smooth out the bumps in the economic stabilization program is beginning to loom large on the schedule of Congress.

A joint "watchdog" committee already has started a review of the entire Defense Production Act. As a whole, Congress is awaiting the forthcoming request by Truman for renewal of those sections of the law which expire June 30.

Members of Congress find themselves in this difficult position: last summer they passed what they still believe was a good, but compromise, economic stabilization program; one extremely controversial section—dealing with farm parity—has been a sore spot. On the administrative side, the Economic Stabilization Agency has been in hot water constantly.

Now labor has walked out of the various stabilization agencies because of general dissatisfaction, especially with the actions of Chas. E. Wilson, who is in charge of the over-all defense program.

Without the co-operation of labor representatives, stabilization efforts could be seriously impaired. The impasse that has been reached apparently won't be solved quickly. It may require direct action by the president.

To date, Capitol Hill has been watching the goings on "downtown" with arms-length interest.

Now, however, the members are beginning to wonder whether the farm section of the law provided the vehicle for labor's unhappiness. Congress said in effect, that food prices could not be frozen at a level which would result in the grower's receiving less than his time-honored "parity" price.

As the ESA began to make preparations some months ago to freeze prices and wages, labor leaders said that the price freeze should come first. They complained that the cost of food was skyrocketing.

Of course, even that controversy was only the starting point of a growing coolness between labor and

administration leaders. The final breaking point was the failure of the economic stabilizers to relax the general wage freeze to the extent labor thought necessary. Wilson caught the brunt of that criticism.

While the ruckus was an outward manifestation of one basic problem, Congress was becoming equally concerned with the broader inflation picture.

It was disturbed by the fact that Eric Johnston, head of the ESA, has said that the general price situation probably will not be brought under full control until summer.

These two big questions will have to be answered: Is the basic stabilization law inadequate? Or is it not being administered effectively?

The answers will have to come when the banking committees of the Senate and House start working against the June 30 deadline. Those sections of the law which deal with price and wage control, settlement of labor disputes and credit controls expire at that time. Provisions for priorities and allocations, requisitioning and expansion of productive capacity expire on June 30, 1952.

Since direct price and wage controls haven't been too effective, the Congress may be forced to a series of indirect inflation controls which might have approved in the first place. That is, more strict regulations on all kinds of credit could have been imposed, and much higher taxes could have been levied quickly.

It may be that the whole economic stabilization crisis stems from the fact that the nation is not in an all-out war. There is a growing feeling in Washington that the months ahead may be devoted primarily to diplomatic peace efforts.

Only full mobilization brings full co-operation in a defense program. Eddie Reesor was honored with a surprise birthday party last Friday night at the home of his parents Mr. and Mrs. Buddy Reesor. Those attending were Bobby Johnson, Marjorie Fenner, Gerry Kuehler, Kenneth Munden, Dixie Atkins, Nadine Sanders, Virginia Partney, Jackie Banks, H. D. Robey, Buddy and Helen Reesor and family, Ray and Ruth Skelton, Leon, Robert, Johnny, Ida Ruth Skelton, Kenneth Brittain and Rex Fennel.

Here's still another argument against the military's claim that it needs the teenagers to bolster the United States armed forces.

As expressed before in this column, there is no sense or equity in forcing our youngsters to do the fighting and dying for us when there are millions of men of a more proper age and experience who could and should answer their nation's call.

"America will be ill-prepared for all-out war unless its armed forces abandon the unreasonably high standards which are screening able men into the 4-F junk pile.

"That's the finding of a Cosmopolitan magazine reporter who claims that the new mental test for the service would have eliminated some of the best fighting men of World War II, including Congressional Medal of Honor winners.

"Writing on 'The 4-F Scandal' in the March issue, the reporter quotes Selective Service Director Lewis Hershey as saying that he doesn't believe six million of the nation's 150,000,000 people could pass present day induction standards.

"According to the article, 'an artificial draft dodger could deliberately flunk the Armed Forces' mental test. Despite double checks on flunkers, fifty per cent of the men rejected between last July and October were turned down for failure to pass the mental examinations.'

"The author states that one out of ever four registrants is rejected for physical defects. He names top-flight athletes—golfers, gridiron stars and baseball players—who were listed as 4-F's during World War II. Today, he points out, 'the armed forces have raised, instead of lowered, the unreasonable standards they applied during the last war.'

"Colonel Warner Bowers, chief surgical consultant to the army, believes that the wholesale rejection of selectees is a national disgrace, says the reporter. The same officer, he adds, drew up a memorandum showing that the 4-F's could handle more than fifty per cent of the Army's jobs."

★ JUNIOR NEWS

Spring is in the air and the young men's fancies are turning toward love, we hope, we hope!

Roughgutt and Coy have been chasing some over in Wichita Falls we hear. Of course you can't believe all the rumors. Mary dug into those about Robert's dating an ex sr girl friend and found it wasn't true.

Gene Voyles must have broken off with his soph girl friend. They haven't been seen in the halls together lately. Also she wasn't at the jr-sr skating party with him.

Coy and Janice do an awful lot of talking in English. Roughgutt and Gene listen and they told me it doesn't concern English. What gives, Janice?

Paul Burns was out to the Seymour road drive inn Tuesday with Earl. Fooled you, didn't I Well, he was with a sr girl at the skating party.

Helen still is looking extra cute at school everyday. Wonder if she sends in those requests for Weldon over ABC Roundup?

Bill and Weldon joined the naval reserve. Bill is having trouble with his marching. He can't keep up with the rest of the boys. Weldon must be doing okay. Never heard any complaint out of him.

Jackie hurt his knee and had to quit football for a few days. Never fear though, we jr's still have Freddie.

Norlene certainly does have an interesting bliffood I mean the pictures in it. Those of her boy friend of course.

Darlene certainly does like driver's training. She got her restricted license Monday.

Charles Quick has been sick and has had to miss school. The jr's miss him and wish he would hurry back.

See ya next Wednesday. Mary

Den Studies Meaning Of Trains' Whistles

Den 2, Pack 37, Iowa Park Cubs met at the home of Mrs. J. K. Bradshaw on Monday. After some opening games, the roll was called and dues collected.

The cubs are studying railroad this month. They are learning what the whistling of a train means. The den seemed small, as we have graduated three members to the boy scouts. They are Larry G. Parker, Carl Schwalbe and Cletis Wright. However, we are looking forward to acquiring new members.

Refreshments were enjoyed by Bill Bryant, Delbert Bradshaw, Tommie Scott, Freddy Boswell, Larry Hall, all cubs of den 2; also special guests Allie Jack Ralston, Eddie Bradshaw, Marshal Bradshaw, Bobbie Carol Hall, Mrs. Pete Hall and Mrs. Bradshaw.

Miss Jewell Thornton was given a surprise birthday party Monday night at the Fenner home. She is now 16. Those who were present for the fun were Harold Lewis, Jeanetta Croft, Jimmy Jones, Sandra Fenner, Deryl Lewis, Maxine Ramsey, Kenneth Munden, Marjorie Fenner, Estelle Maynard, Bubs Fenner, Bobby Johnson, Jewell Thornton, Gerry Kuehler, Martha Lambert, Earl McKee, Jackie Hodges.

Miss Hazel Crites is reported to be ill at her home, 315 West Alabama.

Geraldine Klinkerman To Wed Kansas Man In Clara Church

Mr. and Mrs. H. B. Klinkerman are announcing this week the engagement of their daughter Geraldine to Raymond Heidrich of Wichita, Kans., son of Mr. and Mrs. L. O. Heidrich of Mulbane, Kans. The wedding service will be performed Saturday evening, March 24 at 7:00 at the Clara Lutheran church. Rev. H. Leimer, pastor, will be the officiant.

Miss Juanita Klinkerman will attend her sister as maid of honor and Miss Patricia Hennrich of Denver, Colo., has been named bridesmaid.

Two cousins of the bride-elect, Miss Arnela Muller of Burkburnett, organist, and Miss Marjorie Fay Klinkerman of Wichita Falls, vocalist, will provide the wedding music.

Following the wedding a reception will be held at the home of the bride's parents.

Miss Klinkerman was graduated from Iowa Park High School in 1946. She attended St. John's college at Winfield, Kans., for two years. Later she taught at Wichita, Kans. For the past year she has been attending NTSC at Denton. Following her marriage, she plans to complete her college education at the university at Wichita, Kans., where she and Mr. Heidrich will establish residence.

Disciples Doings

Mrs. Gilbert Steele was hostess to the Christian Women's Fellowship, Monday afternoon. Mrs. Rollins Woodall offered prayer to open the meeting. The topic for study was "Christian Evidences in the Near East."

Those taking part were Mesdames: Burk Scott, S. T. Buzzard, Forest Bates, W. D. Sawyer. The worship study was conducted by Mrs. Chester Gleason. Others present were Mrs. Paul Peterson and Mrs. Boyd Smith.

Following the meeting Mrs. Sawyer was honored at a surprise shower. The home of the hostess assumed a touch of spring with bou-

quets of japonica placed at vantage points. A bouquet formed a centerpiece for the lace-laid refreshment table. The dainty favors were lace-trimmed pink and blue taffeta bassinets filled with mints. Gifts were sent by Mesdames W. G. Steele, Cecil Marquart, A. L. Reed, Will Detlefs, Tirzah Portis, Curtis Sewell, R. B. Sisk, John B. Barbour, Joseph Lindsey, T. M. Clark and Misses Hazel Crites and Helen Dale Clark.

Mr. and Mrs. W. L. Gray and little daughter Carol Luann of Waco and Miss Dorothy Abernathy spent the weekend with Mrs. Gragg's and Miss Abernathy's parents Mr. and Mrs. K. P. Abernathy.

You can be SURE . . . if it's WESTINGHOUSE

Recent photograph of a Texas primary highway

\$115,282,344

Damaged highways, such as the Texas highway shown in this picture, are a hazard to the safe operation of automobiles, farm trucks and other motor vehicles.

It costs three times as much to build roads that will withstand the loads of big trucks now being operated over them than it does for the smaller trucks and automobiles.

Latest records show \$115,282,344 was spent on Texas highways for the year ending August 31, 1950.

A bill sponsored by the big truck operators is before the Texas Legislature. This bill proposes . . .

- (1) to increase the load limit from the present 48,000 pounds to 72,000 pounds, and
- (2) to increase the maximum truck length from 45 feet to 50 feet.

Recent official highway tests at La Plata, Md., sponsored by the U. S. Bureau of Public Roads, the highway departments of eleven states and the District of Columbia, effectively demonstrated that as trucks increased in size and loads, roads cracked up and "died" more quickly.

We need to safeguard our highways for Civilian and Military use. "Increased heavy loading might seriously disrupt the effectiveness of essential routes in the event of an all-out war," according to T. J. Kauer, director of the Ohio Highway Department and Chairman of the La Plata road test committee.

The big truckers want the taxpayers to continue providing expensive highways for them to use as "rights-of-way" for their own, selfish, personal gain.

THIS IS A TUG-OF-WAR BETWEEN THE BIG TRUCKERS AND THE TAXPAYERS OF TEXAS!

Automobiles and small trucks do not require extra strong, extra costly highways. The truth is, that the big truckers are putting the "pinch" on the pocketbooks of the Texas taxpayers.

Get the facts. Mail the coupon below for your copy of "The Case of the One Per Centers," and for a reprint of the article published in TIME, January 22, 1951, about the La Plata highway tests.
