City's sales taxes back in plus column

A correction of considerable significance has been made in reporting the city's sales tax.

In fact, Iowa Park's sales tax comparison with the previous year has increased from last month's report of a minus 55-percent to a plus 2.16-percent.

The city this week received a rebate check from the state comptroller's office of \$26,325.71, which brings the year's sum to \$31,326. This is 2.16-percent more than the \$30,663.34 reported in February of 1986.

Iowa Park's check for \$5,000.29 last month did not include all the sales taxes collected during November, according to a spokesman for the comptroller's office.

Explaining he could not give the name of the account, the spokesman

said a large local Iowa Park business' report apparently was received on time, but required additional work by office personnel, and therefore was not included in the report.

Approximately \$5,000 in tax rebate was withheld until the February check, he explained.

The February check reflects sales made in December and reported by Jan. 20.

And while the two-month total shows only a 2.16-percent increase over the previous year, the spokesman pointed out it was well above the state's average of a minus 5-percent for the 1,038 cities collecting local sales tax.

Burkburnett is the only other Wichita County community showing

HAMLIN TOWN COUNCIL is explained to the public by a reporter of The Hamlin Piper. Students of Mrs. Johnny Coker's gifted and talented class presented the story of The Pied Piper, all in rhyme, Tuesday night before the Iowa Park Board of Trustees. To complete the setting, they even had a six-page edition of The Hamlin Piper which explained the various parts of the play's story line. All 17 students of the class had parts. The class is composed of third, fourth and fifth graders, Mrs. Coker explained.

Three openings in elections

Hammonds withdraws as city council candidate

As the deadlines draw near to file for places on the April 4 city and school election ballots, three places remain open.

Deadline for city aldermen candidates to file is next Wednesday (Feb. 18), while the school ballot will be closed Mar. 4.

All three incumbents on the city council whose terms expire this spring had filed. But Monday night, George Hammonds withdrew his name.

When Roy Boutwell announced

several months ago that he would resign his seat on the school board, with a year remaining on his term of office, a third vacancy was created on the school's ballot.

Terms expire in April for incumbents Rex Wells and Marilyn Hale. Mrs. Hale has not indicated her intentions on filing, but Wells announced during Tuesday's board meeting he would not seek re-election.

Boutwell's position on the board is Place Two, Wells Place Six and Hale Place Seven.

Hammonds is Place One on the city council.

Other council incumbents who have filed are Johnny Coker, Place Three, and Diane Robnett, Place Five.

Applications for prospective candidates to file for places on the election ballots are: the city hall for the council; administration building for the school. They must be turned in by the close of business on the respective deadline dates.

A letter announcing Hammonds' withdrawal from the city race was read by Mayor Tim Hunter. It stated:

"The purpose of this letter is to

withdraw my name from candidacy for reelection to the City Council. This decision is not made lightly, and I will take this opportunity to state my reasons and express my feelings.

"As my fellow Council members are aware, I have been suffering with cancer for more than a year. I have had to undergo surgery on more than one occasion, and my current medical condition requires that I be hospitalized every three weeks for a period of not less than 24 hours to undergo specialized treatment. Furthermore, I am required to take regular medication on a daily basis. These conditions and the advice of my doctors to avoid the types of stress involved in the duties of serving on the Council make it necessary for me to withdraw.

"I am very pleased to have been able to serve the community continuously since 1979. The one year I was not on the Council, I was fortunate enough to be allowed to serve on the Planning and Zoning Commission. The trust placed in me by the voters of Iowa Park to have elected me has done more for me than

I have done for them. I am truly grateful for the opportunities I have had to help in any way that I have been able.

"Thanks to each and all for the prayers and the kindness extended to myself and my family. We will forever be grateful to all of you.

"The Road to Recovery is long and rough and has a narrow path which is difficult to walk. However, by the grace of God I will be able to rid my body of this dreaded disease. If I do not survive this battle I will have a beautiful memory knowing that I tried.

"As a result of serving on the Council, I have increased my knowledge of city government, which in my opinion I have applied to the best of my ability. Each action and decision that I made has been in the overall best interest of the City of Iowa Park.

"Thanks to all of the employees of the city for your knowledge that you have shared with me and assistance provided. I will not evaluate my performance while a member of the Council. I will leave that for others to judge."

City granted delay on landfill change

A meeting between a delegation of Iowa Park city officials and representatives of the Texas Department of Public Health last week in Austin resulted only in "buying some time," Mayor Tim Hunter told the council Monday night.

The state officials would not back off their demands on how Iowa Park's sanitary landfill would be dug, prepared and covered.

Hunter had told council members earlier that the cost of the city's trash service could increase cost to residents as much as 100 percent, if the state's requirements were met.

The time frame now expected by

the state for the city to reach compliance is: file a report by Aug. 1; have a plan to employ by Oct. 1, and start the new plan by Jan. 1.

Even more stringent requirements than the state now enforces are expected to be issued in 1989 by the federal government's Environment Protection Agency, Hunter added.

He said one reason the state people changed their timing (the new program was to have gone into effect April 1) was an understanding that a major change would require budgeting, and the city's fiscal year does not start until Oct. 1.

Hunter told the council it

appears the city has only three options to meet state requirements: 1) make the changes to meet state requirements; 2) contract the operation to a private company, or 3) change to a program of incineration.

The mayor indicated he believed the contracting option might be the best in the long run for the city.

During a discussion on methods of relieving drainage on West Emerald, Engineer Kerry Maroney told the council two new culverts to relieve an 18-inch culvert would cure 50 percent of the problem.

Maroney said the main problem was between Yosemite and Jackson,

where several blocks drain to the area and the smaller culvert could not handle the amount of water reaching that point.

Mike Price, public works director, said the new culverts would be installed as soon as the area was dry enough for the equipment to work.

The council approved an ordinance permitting city-sanctioned boat racing on city lakes, as requested by the Iowa Park Athletic Alumni Association.

However, final approval of the organization's fund-raising activity

was not given, while further study of an insurance policy was made.

Aldermen approved an appeal by Jessalea Jones to use city land on Fourth Street as a practice area for her girls' softball team, after she assured the council strict rules of safety would be followed.

The council voted approval of a proposal that the city join with the Texas Civil Justice League in supporting tort reform now being considered in the legislature. Also approved was a \$100 fee to join the organization.

Another intoxicated juvenile picked up

For the second time in a two-week period, a juvenile has been taken into custody for public intoxication.

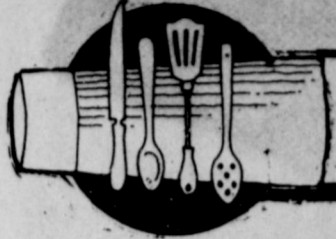

Police picked up a 15-year-old boy in the 400 block of North Fourth at 12:20 a.m. Saturday. He was released at 1:20 a.m. to his mother, according to the police blotter.

A bicycle was found in a marsh area near the Recreational Activity Center Monday and turned into the police station. The owner can reclaim it by identifying the vehicle.

Cook of the Week

Speaking of "He-Man" cooking, someone has said that sooner or later, every man has a yen to do a little barbecuing which guarantees his wife a vacation from the kitchen.

Don Portman of Farm Road 367, our cook for this week, is not motivated by an occasional yen to cook. He says that he has "cooked all his life," and now his friends regard him as a master cook. And his wife, Sharon, has the same high regard for his art and practice of cooking. His talent is not limited to barbecuing and his recipes for this week will vouch for that. One of those recipes is Onions and Liver.

Today, the value of liver is attributed to the high content of calcium, iron, vitamins A, D, E, K and, above all, B. In earlier days, more picturesquely, prized liver was on a mystical basis, holding it as a repository of courage. The association of liver with courage has persisted into our times as "lily-livered."

Calves' liver, reputed to be the finest and tenderest seems to be the most in demand. It is supposed to be better in England than in the United States because the animal is slaughtered younger. However, more lamb's liver is eaten there, and it is also preferred in the Middle East.

Pigs' liver is preferred by some people in the United States, but it is stronger which does not please everybody. Among the barnyard livers, chickens yield them for many purposes. Ducks and geese provide them for ordinary uses or the great luxury foie gras. Turkey livers are especially good in stuffing and gravy when the bird is roasted.

People eat, and have eaten, all sorts of livers. Eskimos eat seal livers, for example. American Indians appreciated the green liver of crab. A Roman emperor dedicated a dish containing pike livers to Minerva.

Portman, a native of Hale Center, has lived in Iowa Park 10 years. He is a welder and pipe setter. He is a member of Faith Masonic Lodge 1158, Pipe Fitters Union 389, and Wichita County Mounted Patrol. His hobbies are cooking, hunting, fishing and collecting American-made antique pots and pans.

The Portman's have four children, LaDonna, Billy, Mike and Angela Waschmann.

LIVER AND ONIONS

- 1 to 2 cartons calves liver
- 1 chopped bell pepper
- 1 can mushrooms
- 1 large onion
- salt and pepper to taste
- 1 to 2 beef bouillon cubes

Flour liver and brown on both sides in enough oil to cover bottom of large iron skillet (only a few minutes per side) Do not thoroughly cook.

When all liver is browned put it in a skillet and add enough water to cover. Add rest of ingredients and simmer covered about an hour. Makes its own gravy.

DEEP FREEZE BISCUITS

- 5 lbs. unsifted all-purpose flour
- 1 cup sugar
- 4 T. baking powder
- 4 teas. salt
- 4 teas. soda
- 4 cups Crisco shortening

Don Portman

- 4 pkgs. active dry yeast
- 1/2 cup warm water
- 1/2 gallon buttermilk.

Sift together dry ingredients; cut in shortening. Dissolve yeast in warm water and add to buttermilk. Add milk mixture to dry mixture and mix well. Roll out about 1/2 inch thickness and cut in desired size. Freeze on cookie sheets. When frozen remove to freezer bags, close securely and store in freezer. About 30 minutes or longer before baking, dip in melted butter. Bake at 400 degrees 25 minutes.

BREAKFAST BURRITOS

- 1 dozen eggs
- 1/2 lb. sausage
- 1 medium onion
- 1 bell pepper
- 1 medium potato
- 1 dozen flour tortillas
- 1 1/2 cup grated cheese (your choice)

Brown sausage. Chop onion, bell pepper and potato. Add to sausage and steam until tender. Drain off grease, add eggs and cook until done. Add salt and pepper to taste.

Warm tortillas until soft just a few seconds on both sides. Put couple tablespoons sausage, egg mixture on each tortilla; add desired amount of cheese; roll up. Wrap in foil. Good to carry for mid-morning break, fishing, hunting or work.

HUSH PUPPIES

- 1 cup flour
 - 1 cup corn meal
 - 2 tsp. baking powder
 - 1 T. salt
 - 1 T. sugar
 - 1/2 cup chopped onion
 - 2 eggs
 - 1/2 cup buttermilk
 - 1/2 handful chopped jalapeno pepper
- Mix all ingredients. Drop by large tablespoonsful into deep fryer; fry until golden brown.

PEANUT BRITTLE

- 2 cups sugar
 - 1/2 cup water
 - 1 cup light Karo syrup
 - 2 cups raw peanuts
 - Dash of salt
 - 1 heaping tsp. soda
 - 1 tsp. vanilla
- Combine sugar, water, Karo syrup in a heavy large saucepan and boil to hard-ball stage. Check either by the cold water method or use candy thermometer. Remove from heat and add raw peanuts and salt. Mixture will be quite thick. Return to fire and boil to golden brown and nuts smell done. Take from fire, add baking soda and vanilla. Pour out on buttered pan or foil. When thoroughly cool, crack into pieces and serve.

Girl Scout 'lock in' held

Approximately 500 Brownie, Junior, Cadette and Senior Girl Scouts and adult volunteers from the NorCenTex Girl Scout Council observed Girl Scout Thinking Day, with an overnight "Lock-In" Friday night, at the Wichita Falls Activity Center.

The girls took part in set-up contests under the supervision of Mary Loving, troop leader and program committee member, participated in country and western dancing taught by Bob Hayes, NorCenTex board member, learned finger weaving from Gayle Brown, troop leader, and knot tying from Gene Terrell, program committee member. Rose Ellen Quick taught several folk dances.

Mary Weiss, program committee member, and Penny Patterson, troop leader and program committee member, taught the girls limi sticks.

After a midnight Thinking Day ceremony, each of the 37 troops, participating in the event, taught a song or game from 37 of the countries belonging to the World Association of Girl Guides and Girl Scouts.

After 3 a.m. Saturday was set aside for quiet time activities, movies and maybe sleep before Girl Scouts and volunteers left for home Saturday at 7:30 a.m.

Thinking Day is a day set aside for the approximately 8-million Girl

Scouts and Girl Guides in countries around the world to "Think" about each other, promoting the spirit of Girl Scouting and international friendship.

Feb. 22, the birthday of both Lord Robert Baden-Powell and his wife, Olave, founders of the Scouting Movement, has been Thinking Day since 1932.

Girl Scouts from Wichita Falls, Sheppard AFB, Burkburnett, Iowa Park, Henrietta, Blue Grove, Seymour, Paducah, Knox City and Childress attended the "Lock-In."

In The Military

Completes basic

Airman Jimmy G. Upchurch, son of retired Air Force Senior Master Sgt. and Mrs. Joseph Upchurch of Burkburnett, has graduated from Air Force basic training at Lackland Air Force Base.

His wife, Charla, is the daughter of Mr. and Mrs. Charles Terry of 605 W. Manes, Iowa Park.

The airman is a 1981 graduate of Burkburnett High School.

Small business topic of 23 Study club

"One Step Beyond - By Supporting Small Business" was the theme of the 23 Study Club's Free Enterprise program observed Thursday afternoon.

The program was given by Mrs. David Sheppard, owner of the Home Place, an entrepreneur in the small business world. She was assisted by her daughter-in-law, Mrs. J.O. Sheppard, who works with her in the shop.

The purpose of the program was to show that small businesses are important to the economy of Iowa Park and to educate people to trade at home as much as possible. It also created an awareness of the place small businesses play in the expanding economy of the nation.

Mrs. Sheppard said that the Home Place was the realization of a longtime dream to own her own business, and that she had learned, and was still learning, what it meant to be innovative, overcome discouragement and take risks.

She discussed some of the things entailed in opening a business for a lay person, competition of other businesses, understanding the customer's attitudes and values, which are

important for a small business seeking to meet the community's needs.

The visual arts feature of the program was a display of a variety of gifts and novelties that Home Place has to offer. These were described by Mrs. J.O. Sheppard. The novel lace-trimmed Valentine-shaped pins that the ladies presented to each club member attested to their creativity.

The meeting was held in Texas Electric Reddy Room and the hostesses were Mrs. L.E. Brooks and Mrs. Riley Thompson.

Mrs. Travis Smith served as program leader, and members showed advertisements from magazines that attractively displayed the products pictured for roll call.

Mrs. Betty Meadows presented the devotion using excerpts from "As A Man Thinketh" by James Allen.

Mrs. Joe Singer conducted the business following the program. Mrs. D.O. James, conservation chairman, reported that a red oak tree purchased by the club had been

planted on Arbor Day at Tom Burnett Memorial Library. Mrs. Singer reported on the wigs that the club had sent to M.D. Anderson Hospital for cancer patients.

Scholarships main topic

The February meeting of the Philia Study Club was held Monday in the home of Mrs. Herman Escue with Mrs. Vern Horsky the co-hostess.

During a brief business meeting directed by Mrs. David Springer, members agreed that supporting Texas Federation of Women's Clubs' scholarships would be a major role during the next club year. It was also agreed that each member will bring fifty-cents per meeting to be combined with money from other clubs

to support the scholarships.

Mrs. Raydean Mattis provided the program. She chose to review a brief section of the novel "Prince of Tides" by Pat Conroy, who is the author of several best-selling novels including The Lord of Discipline and The Great Santini. Mrs. Mattis kept the members rapt attention as she told of the disintegration of a southern family.

The March meeting will be held at the Tom Burnett Memorial Library.

Library News

By TONI LUTZ

VALENTINE'S DAY is a special day set aside to let those around you know how much you love and appreciate them. If you haven't found a way to show your love and appreciation, we might have just the solution for you at the library. With our new computer, you can create a personal valentine. Your cost is only 25¢! Your card will be printed on red paper and you will receive an envelope FREE!

Another special valentine's event will be held on Saturday, Feb. 14, at 10:30 a.m. until 11:30 a.m. Our VALENTINE EXCHANGE PARTY Preschool age through sixth grade are welcome to participate. The children will need to bring some valentines to exchange with the others and a sack to put their new ones in. Games and refreshments will also be a part of this fun-filled hour.

SUMMER ART CLASSES

If you would like to sign up for the art classes to be held this summer, call Toni Lutz at 592-4981. Sessions will be held for those in first grade through twelfth grade. The deadline for signing up will be May 16.

As I See It... By BOB HAMILTON

We have now entered the busiest time of the year for news coverage by a community newspaper.

From now until the first week of June, we'll be hustling to cover the city and school elections, effects of the state legislature locally, expanding from one sport, basketball, to include basketball, baseball and track, gardening news, and all the things that take place at school about graduation time.

While I'm sure we'll have more winter weather before the sun gets a little further north, spring is a wonderful time. It's when people who are tired of being bundled up and cooped up through the cold season are ready to get out of doors and make things happen.

And it's during this season that a

community newspaper uses the most ink.

Am I the only one who gets frustrated at four-way stop intersections?

We've got a lot of drivers who either don't know the accepted procedures for progressing through such intersections, or they just don't care.

Maybe they just don't understand that when traffic is stopped at a four-way stop, alternating is the name of the game.

For instance, if we're all stopped at the Yosemite and West Highway intersection, this is what should happen: cars traveling east and west will proceed through the intersection, giving anyone wishing to make a left hand turn the opportunity; then cars

traveling north and south get their chance.

This doesn't mean those behind the ones that pull into the intersection can do the same thing at the same time.

A second car in line jumping out into the intersection is the same as someone who pushes his way into a line of people waiting to be served.

If two cars arrive at an intersection, the first one to stop is the one who is supposed to progress, after making sure the other vehicle is going to observe the stop sign.

People who don't use this type of intersection may think I'm making a lot out of nothing.

But when my day starts off with passing through one, and someone doesn't observe common courtesy, it kinda effects my attitude.

You know, like not having a cup of coffee before you get started?

Letter to the Editor

Rattus & Mesquite

RE: The Brush Pile Between Sonic Drive-In and Harvey's Coffee Shop TO THE EDITOR:

Mr. George Hammond, a member of the City Council, has informed me that the Council has turned the above-referred property over to the State of Texas for a Wildlife Refuge for endangered species. The Genus Rattus includes several types or families. The mesquite member is really endangered. Very few people have seen this animal as it is nocturnal. The farmers and ranchers, as well as cities are bulldozing and spraying the mesquite trees.

This animal stores the mesquite bean as Mother Nature tells him to, if he does not have these to nibble on he becomes anemic and soon expires. The Mesquite preys on other families of the Genus Rattus and bugs. This animal prowls like a cat. Its tail is hairy and it twitches when stalking prey. It is quicker than a cat.

Mr. Hammond is a true sportsman and I can see his concern. Mr. Hammond is an avid fisherman. You never hear him tell of the big one that got away. His catches are just average. He keeps the eight to ten pound bass and he throws all the little ones back.

I think Mr. Hammond and the council should be commended for their concern of wildlife conservation. Gene Lowrey

Worth Quoting

Back during the special session of the Texas legislature, boards of regents and university officials complained loud and long that higher education in Texas bore the brunt of budget cuts.

As a matter of fact, Edwin Cox, chairman of the board of regents of the University of Texas, recently sent out a plea to all friends of the university to work toward restoring the cuts.

He termed it crucial if higher education in Texas was not to suffer serious impairment in the future.

Wal, now let's see if we've got our old arithmetic figured out correctly on the Longhorn coaching situation.

The UT fired Akers who had five years left on a \$91,600 per year contract -- that's \$458,000. They are thinking about hiring David McWilliams, coach at Texas Tech who has four years remaining at \$70,000 per year or a total of \$280,000 to buy out his contract.

And UT will pay their new coach \$90,000 per year -- that's an-

other \$458,000.

All totaled, the Longhorns could be out \$1,188,000 over the next five years or three coaching contracts, one coach, or roughly \$253,000 per year -- and that doesn't include feed for Bevo.

We thought the Aggies were the only ones who made million dollar deals...it will be interesting to see if the Texas legislators agree that Longhorn football is worth that much to the beleaguered taxpayers of Texas.

Program on travel

Paul Blanton, regional customer service engineer, and Rex Ridenour, senior engineer for TU Electric, presented a program on instantaneous trips for the Evening Lions Tuesday.

They explained the program through a model they had set up, slides and narration. They were introduced by Wayne House.

C.L. Thompson conducted the business and the directors' meeting following the program. Other guests were Rev. John Mollett and Chuck Thompson.

Sales tax

Continued from page 1

an increase over 1986, 2.66-percent. Wichita Falls is a minus 2.15-percent and Electra minus 35.98.

Archer County has only one of its six communities with a gain. That is Scotland, and it is only a plus .22-percent.

Holliday, according to the report, is a minus 48.92-percent.

Obituaries

Lorene M. Steed

Funeral services for Lorene M. Steed, 79, who died Friday at her home in Wichita Valley Farms, were held Sunday at Tanner-Aulds Funeral Home with Dr. Derrell Monday, pastor of First Baptist Church, officiating. Burial was in Highland Cemetery.

She was born July 31, 1907, in Ringgold and had lived in Wichita Valley Farms since 1938. She was a member of First Baptist Church and the Friendship Sunday School class.

She and Benjamin Dewey Steed were married Aug. 8, 1925, in Sayre, Okla.

She is survived by her husband; two daughters, Mary Helen Proctor of Dallas and Pat Walker of Ruidoso, N.M.; two sisters, Molly Tyro of Borger and Bonnie Simpson of Waxahachie; four grandchildren and eight great-grandchildren.

Pallbearers were Tim Hunter, Billy James, Bill Guthrie, Dean Miller, Oscar Singleton and Tom Duncan.

Hallet Leslie Ellsworth

Services for Hallet Leslie Ellsworth, 69, who died Monday in Houston, will be at 10 a.m. today at Owens and Brumley Funeral Home in Wichita Falls. Rev. Darius McKay, pastor of the Trinity Baptist Church, will officiate, and burial will be in Crestview Memorial Park.

Survivors include his wife, Mae Lynn; two daughters, Linda Bookout and Penny Ellsworth, both of Houston; a son, Les of Holliday; two stepsons, Lou Wahl of Germany and Ted Wahl of Connecticut; a stepdaughter, Carol Manazoof of The Colony; a brother, Stanley T. Williams of Wichita Falls; and 12 grandchildren.

Ela Lee Simmons

Services for Ela Lee Simmons, 83, a former resident of Iowa Park, were held Saturday at Davis Funeral Home in Henrietta with Rev. Ted Traylor, pastor of First Baptist Church, officiating. Burial was in Shannon Cemetery in Clay County.

She was born Dec. 11, 1903, in the Shannon Community and lived in Iowa Park for a number of years before moving to Henrietta several years ago. She was a retired licensed vocational nurse with Wichita General Hospital in Wichita Falls.

She is survived by a sister, Edith Paris of Henrietta, and a brother, R.L. Simmons of Healdsburg, Calif.

CARD OF THANKS

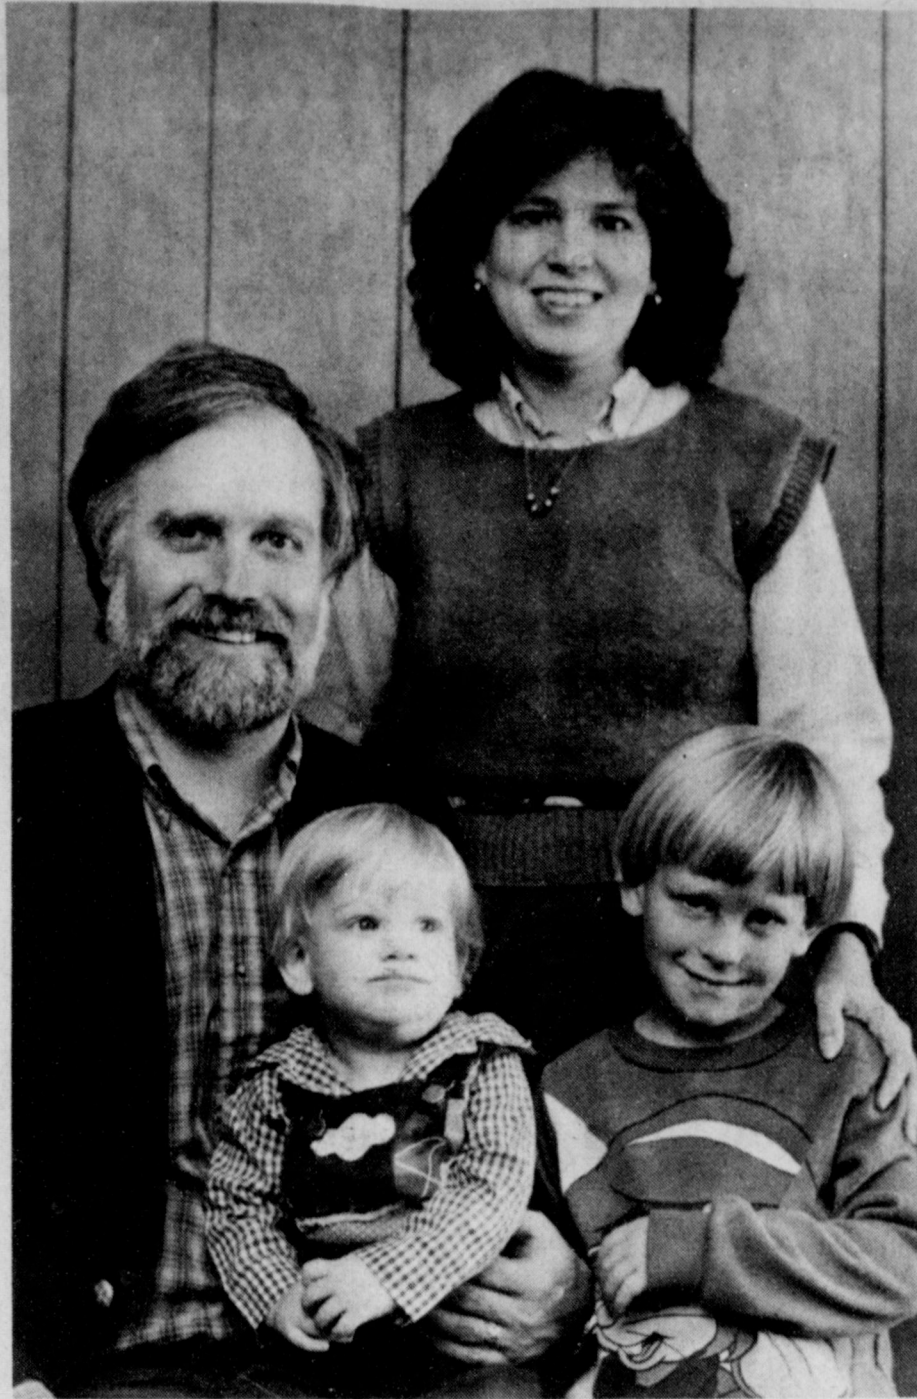

It's difficult to put into words now how just a smile and hug can comfort the heart. Thank you to everyone who helped me and my family through the loss of our Nana, Edna Williams.

Mr. and Mrs. Terry (Ann) Johnson
Valerie, Stephanie, Donnie
Cecil "Buck" Williams

CARD OF THANKS

We would like to express our sincere thanks to each of you for your sympathy shown us through your cards, prayers, phone calls, visits and food during the loss of our precious loved one. Your kindness, concern, and thoughtfulness will always be remembered. May God bless you.

The Family of
Lorena Mae Steed

REV. AND MRS. JOHN MOLLET, JARED AND AARON

John Mollet named Methodist Church pastor

The First United Methodist Church of Iowa Park recently gained a new pastor.

John Mollet took over ministerial duties at the church three weeks ago after moving here from Denton, where he was associate minister for eight and a half years at the First Methodist Church.

He and his wife, Susan, have two sons, Aaron, five years old, and Jared, 11 months.

Rev. Mollet grew up in Dallas where he graduated Perkins School of Theology at Southern Methodist Univ. He has been associated with the University Park United Methodist at Dallas and Christ United Methodist Church at Plano.

While in Denton he was chaplain of the Hospice Organization, president of the Retired Senior Volunteer Program, president of the Hospital Chaplaincy Board of Denton and active in Denton's Minister's Association. Both he and his wife were active in the Interfaith Peace Maker of Denton.

Mrs. Mollet, the daughter of a Methodist minister in Texarkana, has lived in Texas all her life. She received her master's degree at Texas Women's Univ. at Denton and is a former special education teacher. She has taught five years at public schools in Garland, Irving, Aubrey and Denton.

...All information prepared by Iowa Park School Counselors

In celebration of Abraham Lincoln's birthday, we thought it would be appropriate to share some of his words with you. It may not be the Gettysburg Address, but it says it for all of the parents and grandparents who have little ones 'way out there in the big world, beginning that big adventure of going to school.

"Teach Him Gently, World"
 "World, take my son by the hand - he starts to school today.
 "It's going to be strange and new to him for awhile and I wish you would sort of treat him gently. You see, up to now, he's been king of the roost. He's been the boss of the back yard. I have always been around to repair his wounds and I've always been handy to soothe his feelings.
 "But now... things are going to be different. This morning he's going to walk down the front steps, wave his hand and start on a great adventure that probably will include wars and tragedy and sorrow.
 "To live in this world will require faith and love and courage. So, World, I wish you would sort of take him by his young hand and teach him the things he will have to know.
 "Teach him - but gently, if you can.
 "He will have to learn, I know, that all men are not just - that all men are not true. Teach him that for every scoundrel, there is a hero; that for every crooked politician there is a dedicated leader. Teach him that for every enemy there is a friend.
 "Let him learn early that the bullies are the easiest people to lick.
 "Teach him that it is far more honorable to fail than to cheat. Teach him to have faith in his own ideas,

even if everyone tells him they are wrong.
 "Try to give my son the strength not to follow the crowd when everyone else is getting on the bandwagon. Teach him to listen to all men, but to filter all he hears on a screen of truth and to take only the good that comes through.

"Teach him gently, World, but don't coddle him, because only the test of fire makes fine steel.
 "This is a big order, World, but see what you can do.
 "He's such a nice little fellow..."

Trustee vote set

HOLLIDAY - The Holliday School Board set polling places for the April 4 school board election during a regular meeting Monday night.

Voting boxes will be placed at the Holliday School Cafetorium, Dundee, Bowman, Lakeside City and Lake Kickapoo.

Absentee voting has been set for March 16 through March 31 at the Holliday Middle School office.

The seats of Alyce Carver and Mike Birdwell are up for re-election. As of Wednesday, Mike Birdwell and Carl Hogue were the only candidates to file for the at-large positions. Filing deadline is March 4.

Trustees set the driver's education fee for this school year at \$100, up from last year's \$85. Supt. Dan Owen cited an increase in use of a driver's education car and insurance as the cause of the increase.

Board members also agreed to accept bids for data processing equipment, to be used for bookkeeping and student attendance, among other things.

Earns degree

Lesley Keith Smith of 1610 Karen, was among more than 1,000 students at Texas Tech Univ. to receive degrees at the conclusion of the fall semester.

The Iowa Parkan earned a bachelor of science degree in petroleum engineering.

Conservation Reserve sign-up underway

The sign-up period for putting cropland into the government's Conservation Reserve Program is underway, and run through Feb. 27.

A new provision in the program classified land planted to alfalfa and other multi-year grasses and legumes

in the rotation during the years 1981-85 as cropland and thus makes it eligible for the CRP.

Also, there has been a slight revision in land eligibility classifications. That may allow additional land

to qualify for the program, so landowners need to check with the SCS office.

Almost nine-million acres of highly erodible cropland across the nation were committed to the program during three sign-up periods last year.

So far, Texas farmers have put more than a million acres in the program, which is aimed at curbing soil erosion while at the same time improving water quality and wildlife habitats.

Land accepted into the CRP must be kept out of production 10 years and prescribed conservation practices must be followed. This includes planting the land to grass or trees to prevent wind and water

erosion, with costs shared by the government.

Landowners must submit a bid on eligible land to the Agricultural Stabilization and Conservation Service office during the sign-up period. Land eligibility is determined by the Soil Conservation Service. If the bid is accepted, land-owners will be paid that price annually over the 10-year period, provided they follow the prescribed conservation plan. The average acceptable bid in Texas was just under \$30 an acre during the last sign-up period.

The CRP is part of the 1985 farm bill and was initiated last spring as a five-year effort to take some 45-million acres of erodible cropland out of production across the U.S.

Corbin invited to D.C.

HOLLIDAY - David Corbin, a senior at Holliday High School, has been selected to go to Washington, D.C. in April, but may be unable to go.

Corbin was reportedly the only Texas student selected to go on the basis of a National Merit Scholarship test score, but since the event is not school sponsored, the trip will have to be paid for by personal funds, an estimated \$1,500.

Florence Holman of Holliday said that an account has been set up at Olney Savings in Holliday to help Corbin pay for the trip and another fundraiser is planned for early March.

Students attending the Washington trip will spend time in the Senate and House of Representatives. They will also have lunch with President Reagan on the House floor and tour the White House.

Corbin is one of 185 youths in the United States selected to take the trip.

He is listed on the Who's Who among high school graduates, ranked in the top percentage of those taking

Long list to graduate

Numerous area residents completed degree requirements from Midwestern State Univ. in December.

Degrees will be presented in May.

Those completing degree requirements include Cynthia Carol Davis of Holliday, Marissa G. Clements, Richard Frank Haschke, Thomas Marvin Johnson, Jr., Vickie Yarberr Jordan, Galyia J. Beals Kasperek and James Isaac King, all of Iowa Park.

Also, Toni Weston Lutz, James Mark McWhorter, Linda Kay Moer Morgan, Kenneth Wayne Moss, Leslee Dianne Phillips, Margaret Elizabeth Reams, Dennis Cecil Sorey and Charla G. Terry Upchurch, also of Iowa Park.

Lady Hawks finish season with win, loss

The Lady Hawks split their final two games of the season, defeating Breckenridge 45-38 Friday, but dropping the finale Tuesday to a strong Bridgeport club, 65-39.

Coach Ray Sefcik's varsity wound up with a season record of 9-16, and went 3-7 against Dist. 6-AAA teams.

The win over the Lady Bucks was a come-from-behind effort in the second half.

After trailing 10-4 at the end of the first period and 22-19 at the half, the Lady Hawks started playing better defense and hitting their shots, according to Coach Sefcik. They took the lead, 35-31 going into the final period.

High scorers in the game were Lori Allen, 17, Laurie Espinoza, 12,

and Cristin Waters, 11.

Bridgeport, which appears to be headed for the playoffs, took a 19-10 lead by the first rest period, was ahead 35-19 at the half, and extended that to 48-31 as the third quarter ended.

Allen and Espinoza led the Lady Hawks in scoring again, with 13 and 11 points, respectively.

ABOUT TOWN

Iowa Park received .90 of an inch precipitation during the past week, according to Virgil Woodfin, bringing the year's total to just under two inches.

Iowa Park to resume holding track meets

School officials and local track enthusiasts are working hard to put Iowa Park back on the map.

The local track meet was once considered one of the most desirable events for track athletes, even though it was held on a dirt surface.

Now that the track in Hawk Stadium has been resurfaced, work is underway to return Iowa Park to its former status.

The Iowa Park Lions Club Track Meet is slated Mar. 7, and 11 schools will be represented in four divisions.

Schools already registered to be here include Breckenridge, Bowie, Burkburnett, Decatur, Graham, Vernon, Olney, Henrietta, Electra, Holliday, Seymour, Throckmorton and Iowa Park.

Divisions will be for junior varsity girls, varsity girls, Class AA and A varsity and JV boys, and AAA and AAAA varsity boys.

Approximately 60 volunteers will be needed to assist in holding the meet, Track Coach Barry Lucy told the Lions Club Tuesday.

The meet will be the first regular meet of the season for schools, because the Burkburnett Relays Feb. 27 is not a regulation meet.

Other meets the Hawks and Lady Hawks will enter include the Boomtown Track Meet, Mar. 20-21; Olney, Mar. 28; Electra, Apr. 4; Seymour, Apr. 11, and Dist. 6-AAA meet at Bridgeport Apr. 18.

In addition, Lucy plans to take his best athletes to a meet Mar. 7 at Odessa, during spring break.

Junior high meets include Mar. 6 at Henrietta, Mar. 27 here, Apr. 3 at Bowie and the district meet Apr. 11 at Bridgeport.

Bobby broke the speed limit today! Happy 56th Birthday

Your Dollars Count!

It's up to you whether they subtract or multiply. Toastmasters is a proven way to ensure that they multiply.

WITH TWO GAMES REMAINING Hawks still in playoff picture

The destiny of the Hawks' playoff hopes is now in their hands, as they approach their final two regular season games.

They travel to Decatur Friday night to take on the Eagles, who are ranked fourth among Class AAA teams in the state, undefeated in all eight of their district games, have lost only one game all season, and 62-58 winner over the Hawks in the first round of conference play.

That game is to begin at 8 p.m. The other Hawk game will be here against Bowie. The Jackrabbits, who finished in second place in the first round of district play with a humiliating 64-40 win over Iowa

Park, have lost again to Decatur, 73-44, as well as 40-39 to Breckenridge, in the second half of district play.

Iowa Park must now win at least one of the two games, if the Hawks are to earn a playoff slot. And Coach Earnie Reusch is confident his club will do at least that well, if not win the whole thing.

He points out that the Hawks have never beaten Decatur in the Iowa Park gymnasium, but they've never lost to the Eagles at Decatur.

Should the Hawks win both their final season games, they would face the Eagles in a playoff to determine the Dist. 6-AAA champion.

A win over Decatur, but followed by a loss to the Jackrabbits, would

put the Hawks in the runner-up slot of the district to the Eagles.

A loss to Decatur and a win over Bowie would pit the Hawks and Jackrabbits in a playoff for second place, and the right to advance in playoffs.

The Hawks earned their position in the second half with wins during the past week over Breckenridge and Bridgeport.

They jumped all over the Bucks at Breckenridge Friday night, taking a 16-6 lead in the first quarter, 33-19 at the half, and 49-34 going into the final frame, which ended 78-54.

Brad Huff led scoring with 20 points and Bill Chandler had 17.

Returning to their home gym Tuesday, the Hawks fought off a second half rally by Bridgeport's Bulls to win 72-64.

Iowa Park held a comfortable, 16-

8, lead at the first rest stop. But the Bulls narrowed that to 32-28 by half-time and trailed by a scant point, 48-47, as they began the final quarter.

Sean Robinson finished with 22 points, while Chandler had 16 and Brad Huff and Steve Allen each collected 12.

Harris rates Hawks 10th

The fact that the Hawk football team made it to the state quarterfinals and was among the last eight teams in the AAA playoffs failed to impress the Harris Rating System people.

Iowa Park barely made the final state's top 10, while Harris put other squads that were eliminated earlier in higher rankings.

Final Top 10 Standings were:

1. Jefferson
2. Daingerfield
3. Cuero
4. Gladewater
5. Port Arthur Austin
6. Pittsburg
7. Cameron Yoe
8. Springtown
9. Lampasas
10. Iowa Park

Seventh Grade girls extend record to 13-1

In their last three games, the Seventh Grade girls' basketball team continued undefeated, and the Eighth Grade won one and lost two.

Extending their season record to 13-1, the Seventh Grade defeated City View 20-11, edged Graham 14-12, and smacked Notre Dame by a 45-9 margin.

After being edged 34-28 by City View, the Eighth Grade lost to Graham 32-20, and came back with a 47-13 victory over Notre Dame.

Failings increase

Statistics for students failing one or more courses in Iowa Park Junior High and High School are up slightly in most grades from the second six week grading period, as reported by high school principal, Richard Davis, and junior high counselor, Colleen Roberts.

Of the 929 students currently enrolled in the school system, 229 are reported as failing one or more classes after the third six week grading period.

Eighty-eight of the 399 students enrolled at the junior high are reported as failing one or more classes.

In the junior high, the sixth grade failure rate remained the same as the second six week grading period with 22 of 135 students failing one or more classes. The seventh grade failure rate is up from the second six weeks. Of 135 students, 27 were failing one or more classes after the second six weeks, as compared with 35 after the third six weeks. The eighth grade is also up, showing 31 of 125 students failing one or more classes. After the second six weeks, 25 were failing.

Mrs. Roberts said that no enrollment figures for the second six weeks grading period were available.

In high school 141 of the 530 students enrolled are failing one or more courses.

Of the 141 freshmen students, 48 were failing one or more classes at the end of the third six weeks grading period. After the second six weeks, 49 of 137 freshmen were reported as failing.

Tenth graders failing one or more classes was up after the third six week grading period. Forty-six of

the 152 sophomores were failing after the third six weeks, compared to 32 students failing of 153 after the second six weeks.

Twenty-seven of 137 eleventh grade students were failing one or more classes, up from the 20 students of 140 failing after the second six week grading period.

The twelfth grade failure rate stayed relatively the same, with 20 of 100 students failing one or more classes after the third six weeks, compared to 22 of 104 failing after the second six weeks.

Health Tips

Migraine Statistics

Twice as many women suffer from migraines than men, according to Dr. Donald J. Dalessio of the Scripps Clinic and Research Foundation in La Jolla, Calif.

Womens' migraines are more severe than men. Migraines occur more frequently in youth and, occur less often by age 50 (or after menopause).

Migraines do not occur more often in compulsive meticulous people, as is commonly believed, Dr. Dalessio says.

Some individuals, though, may handle stress in a way that predisposes them to migraines.

Area oil, gas report

A new producer has been brought on line in Wichita County's KMA Field, with Marshall Energy as the operator.

Located two miles southwest of Kamay, the well is in a 38-acre lease in the W.H. Spillers Survey, A-258. It is designated as the No. 1-M M/Bank.

The operation indicated potential to pump 66 barrels of oil per day, plus 120 barrels of water. It bottomed at 4,236 feet, and was plugged back to 3,864 feet. Production will be from a perforated interval in the KMA Formation, 3,797 to 3,807 feet into the wellbore.

Drillsite is 5,250 feet from the south line and 475 feet from the west line of the lease.

Marshall Energy has filed production figures on a re-entry operation in the KMA Field. The No. 1 J.A. Kemp Estate "Cullum" was originally completed April 19, 1938, by Cullum, Kelleher & Riner. Location is in a 120-acre lease in Wichita County's F. Peterswick Survey, A-243. Drillsite is two miles southwest of Kamay.

The well pumped 27 barrels of oil per day, plus 150 barrels of water. Production is from perforations in the KMA Formation, 3,766 to 3,782 feet into the wellbore.

The original total depth of the well was 3,893 feet, and Marshall Energy plugged the hole back to 3,796 feet.

Location is 2,517 feet from the north line and 467 feet west from the southwest corner of the lease.

Phillips Petroleum is planning to conduct a re-entry operation at the No. 286 Waggoner Ranch, a developmental well in the Wilbarger Regular Field. The well is located 9.5 miles southwest of Harrold in a 320-acre lease in the H&TC Survey, A-79.

The same operator originally completed the well June 3, 1976, and it produced from perforations at 3,511 to 3,545 feet into the wellbore. Phillips Petroleum is planning to seek production at approximately

3,708 feet.

The operator is based in Oklahoma City.

Drillsite is 495 feet from the south line and 2,308 feet from the west line of the lease.

Three 2,050-ft. developmental wells are planned by Mobil Producing of Midland at drillsites 1.5 miles north of Electra, Wichita County. The locations are in an 80-acre lease in the H&GN Survey, A-686. Wells' designations are the Nos. 62, 63 and 69 R.R. Hamilton. They will be drilled in the Wichita Regular Field.

The No. 62 well is to be drilled 2,055 feet from the north line and 1,725 feet from the east line of the survey; the No. 63 well will be located 2,575 feet from the north line and 1,765 feet from the east line of the survey; and the No. 69 well will be situated 2,235 feet from the north line and 957 feet from the east line of the survey.

A Wichita Falls-based operator has staked location for the No. 6 Jo McVeigh "A", a developmental well to be located eight miles east of Kamay. With projected total depth of 1,850 feet, the well will be drilled in an 85-acre lease in the Denton CSL Survey, A-417, Wichita Regular Field. The operator is ABB Drilling.

Drillsite is 960 feet from the north line and 450 feet from the west line of the lease.

The No. 2 Wild Horse has been finished by Krot Oil.

It is a developmental well in the Wichita Regular Field, 3.5 miles northeast of Clara. Drillsite is in a lease in the RRVL S/D Survey, Bk. 70.

Daily potential of two barrels of oil was posted with the Railroad Commission. Water production totaled 40 barrels per day. The well went to a 1,690-ft. bottom, and will produce from perforations in the Gunsight Sand Formation, 1,613 to 1,617 feet into the wellbore.

Drillsite is 150 feet from the most southerly north line and 450 feet from the west line of the lease.

J.W. Birdwell has abandoned an undrilled location in the Wilbarger Regular Field, seven miles southwest of Harrold. The well had been designated as the No. 2-A Donia Wheeler, and had been under authority for 1,999-ft. total depth.

Two different operators have abandoned undrilled locations in the Wichita Regular Field.

J&I Oil's No. 31-A Mrs. Noble Gray was to have been located four miles south-southeast of Burkburnett in a 76-acre lease in the DL&C Survey, A-708, and carried permit for 1,950-ft. total depth.

The No. 1-B C. Birk was to have been located 2.5 miles northwest of Clara in a five-acre lease in the BS&F Survey, A-338. The operator was Dwight M. Ross, Jr., and the well was under authority for 2,000-ft. total depth.

Williams Petroleum of Burkburnett has revealed plans to drill three developmental wells in the Wichita Regular Field. The wells are designated as the No. 9 Burnett "D", the No. 2 Burnett Oil and the No. 29 Tidewater. Drillsites are 2.5 miles southeast of Fowlkes in the SA&MG Survey, A-430. The operator has 80, 160 and 158 acres leased, respectively.

The No. 9 well is under permit for 1,000-ft. total depth, while the other two wells are projected to 1,999-ft. total depths.

Drillsite for the No. 9 well is 1,220 feet from the north line and

2,355 feet from the east line of the lease; the No. 2 well will be located 2,190 feet from the north line and 2,490 feet from the west line of the lease; and the Tidewater well will be situated 2,370 feet from the north line and 2,650 feet from the east line of the lease.

Texaco Inc. of Midland is planning to conduct a re-entry operation at the No. 2-562 W.T. Waggoner Flood Unit "4", a developmental well in the Wichita Regular Field. Drillsite is two miles south of Electra in a 366-acre lease in the HT&B Survey, A-137.

The same operator originally completed the well May 25, 1963, and it produced from perforations at 1,849 to 1,885 feet into the hole. The original total depth was 1,890 feet, and Texaco plans to seek production at approximately 1,720 feet.

Drillsite is 1,850 feet from the south line and 1,160 feet from the west line of the lease.

Pumping 130 barrels of oil per day, plus 80 barrels of water, the No. 2 Brandon was completed in the Swartz Field, Hardeman County. The operator is Finnell Oil.

Drillsite is four miles north-northeast of Quanah in a 100-acre lease in the W&NW Survey, A-432.

The well was drilled to 6,021-ft. total depth and will produce from perforations in the Palo Pinto Formation, 5,839 to 5,908 feet into the wellbore.

Location is 2,772 feet from the south line and 1,694 feet from the west line of the lease.

At a location 5.5 miles south-

west of Medicine Mounds, Horizon Oil & Gas of Texas finished a new oil producer in the East Holmes Field, Hardeman County.

The well is designated as the No. 1 Diane "359", pumping 67 barrels of oil per day.

Location is in a 640-acre lease in the H&TC Survey, A-225. Bottomed at 8,106 feet and plugged back to 7,755 feet, the well will produce from perforations in the Mississippi Formation at 7,616 to 7,623 feet into the hole.

Drillsite is 1,790 feet from the north line and 1,355 feet from the west line of the lease.

Pumping 130 barrels of oil per day, plus 80 barrels of water, the No. 2 Brandon was completed in the Swartz Field, Hardeman County. The operator is Finnell Oil.

Drillsite is four miles north-northeast of Quanah in a 100-acre lease in the W&NW Survey, A-432.

The well was drilled to 6,021-ft. total depth and will produce from perforations in the Palo Pinto Formation, 5,839 to 5,908 feet into the wellbore.

Location is 2,772 feet from the south line and 1,694 feet from the west line of the lease.

AREA OIL & GAS NEWS

The No. 1-M Reilly-Landrum, a 1,999-ft. developmental well, is scheduled to be drilled in the Wichita Regular Field. Maddux Oil & Gas of Fort Worth is the operator. The well will be spudded in a 22-acre lease six miles southwest of Burkburnett in the L.C. Dennison Survey, A-55.

Drillsite is 1,050 feet from the most northerly north line and 200 feet from the most northwesterly line of the survey.

Tom Swanson of Electra has filed for permit to drill the No. 9 Burnett "F", a 2,000-ft. developmental well 2.5 miles south of Fowlkes. Location is in a 300-acre lease in the SA&MG Survey, A-271, Wichita Regular Field.

The well will be located 360 feet from the north line and 3,230 feet from the west line of the lease.

Winfrey Oil has abandoned plans to conduct a re-entry operation at the No. 12 Chilson Estate, a developmental well in the Wichita Regular Field. Drillsite was eight miles south of Iowa Park in the Denton CSL Survey, A-417.

C.Y. Gorman Drilling originally completed the well as a dry hole at 728 feet Sept. 11, 1963.

Location was 450 feet from the north line and 1,850 feet from the west line of the lease.

Production at the No. 1 Grange has been assigned to the K.C.F. Field, Hardeman County. The well's operator is Ben J. Fortson, and drillsite is 4.3 miles north-northwest of Chillicothe. Location is in an 80-acre lease in the EL&RR Survey, A-638.

The well showed potential to flow 378 barrels of oil per day, plus

185,000 CF casinghead gas on a 10/64-in. choke. Flowing tubing pressure registered 1,320 PSI. Production is from perforations in the Mississippi Formation, 8,225 to 8,256 feet into the wellbore.

At a location 5.5 miles southwest of Medicine Mounds, Horizon Oil & Gas of Texas finalized a new oil producer in the East Holmes Field, Hardeman County.

The well is designated as the No. 1 Diane "359", pumping 67 barrels of oil per day.

Pack 7 competes in Pinewood Derby

Cub Scouts from Pack 7 met Saturday at Sikes Senter to participate in the annual Pinewood Derby.

Tiger Cub Kevin Hunter won second place in his division.

At the last Pack meeting, all Cubs won awards for their car designs, and each also earned their Quality Unit Award pins.

Pack 7 will hold its annual Blue and Gold Banquet Feb. 21, according to Wayne Trammell, Cubmaster.

To purchase clock

The Alathean Class of First Baptist Church held the monthly luncheon Tuesday at the church with 16 members attending.

Mrs. Earle Denny presented the devotion using "God, Grant Me the Serenity - to accept the things I cannot change, the courage to change the things I can, and the intelligence to tell the difference."

Mrs. George Lewis directed the business when it was voted to purchase a new clock for the kitchen.

MUSICIANS

57 make All-District

Forty-six members of the Iowa Park High school Band and 11 members of the Iowa Park Junior High Band walked away members of All-District Bands following try-outs Jan. 31 at Rider High School.

All high school band members with the exception of freshmen, competed for spots on the A, 2A and 3A band.

Earning a seat on the high school band were Laurie Underwood, Jenny Salan, Jana Thompson, Nancy Storey, flutes; Andrea Blackwell, Kami Wynn, oboe; Lana Swan, Rhonda Foehner, Kari Davis, Greg Huff, alto saxophone; Kari Davis, bass saxophone; Greg Huff, Emilie Flick, Lisa Fletcher, tenor saxophone; and Rita Fletcher, alto clarinet.

Also, Sheri Cravens, Stacy Swan, Jana Rains, Christy Cravens, Kim Martin, Angie Barker, Jeanine Blair, Tammy Huff, Michelle Haney, Samatha Bartlett, clarinet; Renee Smith, bass clarinet; Nanette Mathews, c.b. clarinet; Kyle Long, Wes Ward, Darrell Franklin, Amy Berry, trumpet; Lisa Cook, Doug Hale, Sean Pendleton, French horn.

Also, Dennis Blevins, Jay Isbell, baritone; Joel Galloway, Jeff Floyd, Lisa Hodges, Jay Freeman, trombone; Glen Hopkins, Jay Loggins, tuba; David Rinehart, Marc Thames, percussion.

Five Iowa Park freshmen earned spots on the All-District freshmen band, made up of freshman band members from schools of all classifications.

They are Ricky Byrne, percussion; Jennifer Collinsworth, Andrea Walls, French horn; Mike Brillhart, baritone; and Necia Williams, bassoon.

Junior high band members competed against all area schools for seats on the Junior High All-District band.

Earning spots were Mandy Cannon, Michelle Hooker, French horn; Emily Short, Julie Short, alto clarinet; Marcy McCarthy, bass clarinet; Tim Bradberry, trumpet; Misti Murray, flute; Jeremy Kingcade, baritone; Lisa Wiggins, tuba; Patrick Birk, Leisa Bates, percussion.

All students selected to the All-District bands participated in a clinic and concert Saturday at Wichita Falls High School.

Jared Spears of Arkansas and John Zdechlik of Minnesota, both

nationally known composers whose works are included on the Texas U.I.L. contest list, were clinicians for the high school band and the junior high band, respectively. Bob Jorgenson of Midwestern State Univ. was the clinician for the freshmen band.

'Crumbs' topic of devotional

Mrs. Elmer Singleton gave a devotional talk on "Crumbs" Monday evening during a meeting of the Friendship Class of First Baptist Church. Based on the importance that Jesus placed on little things, it emphasized that even the least of talents can be used for His glory and a benediction to humanity.

Mrs. O.S. McLemore was in charge of business when current outreach projects were discussed.

Mrs. Leo Fletcher conducted a quiz on commercial ads slogans during the recreational period.

The meeting was held at the church and hosted by Mrs. Singleton and Mrs. McLemore. The refreshment table decorations carried out an attractive Valentine theme and places were marked with Happy Valentine cards and cups of sentimental candies. Thirteen members were present.

MARK MOLSBEE and Ronda Wood were voted Valentine King and Queen during a banquet held at the First Baptist Church Saturday night. Eugene and Kathy Bullard of Wichita Falls were guest speaker, and Cindy Harper furnished the dinner music.

Barrel racing league slates 'get-together'

The Texoma Barrel Racing League has scheduled a "get-together" barrel race at 2 p.m. Feb. 22, at the DJ's Horse motel arena on South Peterson Road.

The newly-formed league is handicapped for men and women, green and pro riders and horses.

Competition will begin Mar. 22, according to Sandie Jackson.

Allstate Update: Auto Insurance

"Does your auto insurance need a tune-up?"

Robbin Crawford

Agent
311 North Wall
Iowa Park
Bus. 592-2726
Res. 592-4873

When you keep your car running well, you can feel the difference. But what about your auto insurance? For all the money you put into it, your coverage still could be badly out of tune. And you might not even know it.

Maybe it's time to compare policies. Auto rates and coverages aren't the same at every company, and lots of folks are finding out they get a better deal with Allstate.

Our office is nearby, so why not bring in your auto policy or give me a call? I'll help you compare

your coverage and rate. And maybe you'll drive out with a better value. You're in good hands with Allstate.

FAMILY HEALTH NOTES

Influenza Update

The flu season has arrived in full strength in the recent weeks. Following is a very brief review of influenza (flu) and what you can do.

Flu is a seasonal virus infection which usually effects the upper respiratory tract causing low grade fever, chills, sweats, malaise, generalized muscle aches and pains, scratchy throat, and cough. The illness usually lasts only a few days but may last longer if complications develop. This year four strains have predominated - Mississippi A, Chile A, Ann Arbor B, and Taiwan A.

Treatment consists primarily of bedrest and fluids. Adults may use aspirin or acetaminophen (Tylenol, Panadol, Datriol, etc.) for the fever and discomfort, but teenagers and children should avoid the use of aspirin if they have influenza because of a possible link between aspirin use and Reye's syndrome. This link has been noted primarily in children and teenagers who received aspirin for the treatment of flu or chickenpox, but not other infections.

Other drugs commonly used to treat flu symptoms include anti-histamines, (for runny nose and sinus drainage), decongestants (for stuffy, blocked nasal passages), and cough syrups. Your doctor may also choose to prescribe amantadine if he feels that you have a "Type A" strain of flu. Amantadine is a drug taken by mouth which has antibiotic-like effects on the Type A flu virus. Penicillin and other antibiotics do not effect flu viruses but may be prescribed to treat complications or co-existing infections caused by other organisms.

Finally, the best treatment is prevention. Frequent handwashing is probably the single most important factor in preventing spread of cold and flu viruses. Certain high risk individuals are also candidates for vaccination. The "flu shot" is usually given early in the flu season (October through December) to prevent illness if subsequent exposure occurs. Check with your personal physician to see if you might benefit from vaccination.

Some Good Advice On IRA's . . .
from State National Bank

Need a 1986 Tax Break?

Open an IRA!

Q WHAT IS AN IRA?

A An Individual Retirement Account (IRA) is a special savings plan authorized by the federal government to help you accumulate funds for your retirement.

Q WHO IS ELIGIBLE TO CONTRIBUTE TO AN IRA?

A Every individual who has earned income or received alimony may contribute to an IRA. Income from other sources such as investments or inheritances does not qualify. Contributions may not be made for or after the year in which you reach age 70 1/2.

Q HOW MUCH CAN I CONTRIBUTE TO AN IRA?

A Each year you can contribute all or part of compensation, up to:
* Individual Taxpayer - \$2,000 for a single taxpayer.
* Married Taxpayer - \$4,000 for married taxpayers where both spouses have earned income (each spouse can contribute up to \$2,000 each).
* Spousal IRA - \$2,250 for married taxpayers filing jointly. (Yearly contributions may be unequally divided between the accounts, provided the total contribution does not exceed \$2,250 and neither account is allocated more than \$2,000).

Q CAN IRA FUNDS BE USED AS COLLATERAL FOR A LOAN?

A Pledging an IRA as collateral for a loan would require that the amount pledged be treated as a withdrawal, and that portion subject to taxation and penalty.

For many taxpayers, the New Tax Law hasn't changed a thing, and for most others, there's still something good in the IRA program! Talk to us about yours. We'll show you how you can still benefit by having an IRA.

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Monroe Well Service, Inc., 2200 Mississippi, Wichita Falls, Texas 76701 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Thomas Sand 1490, Bickley S1A, Well Number 2. The proposed injection well is located 3 miles NE of Electra, Tx. in the Wichita County Regular Field, in Wichita County. Fluid will be injected into strata in the subsurface depth interval from 1487 to 1490 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

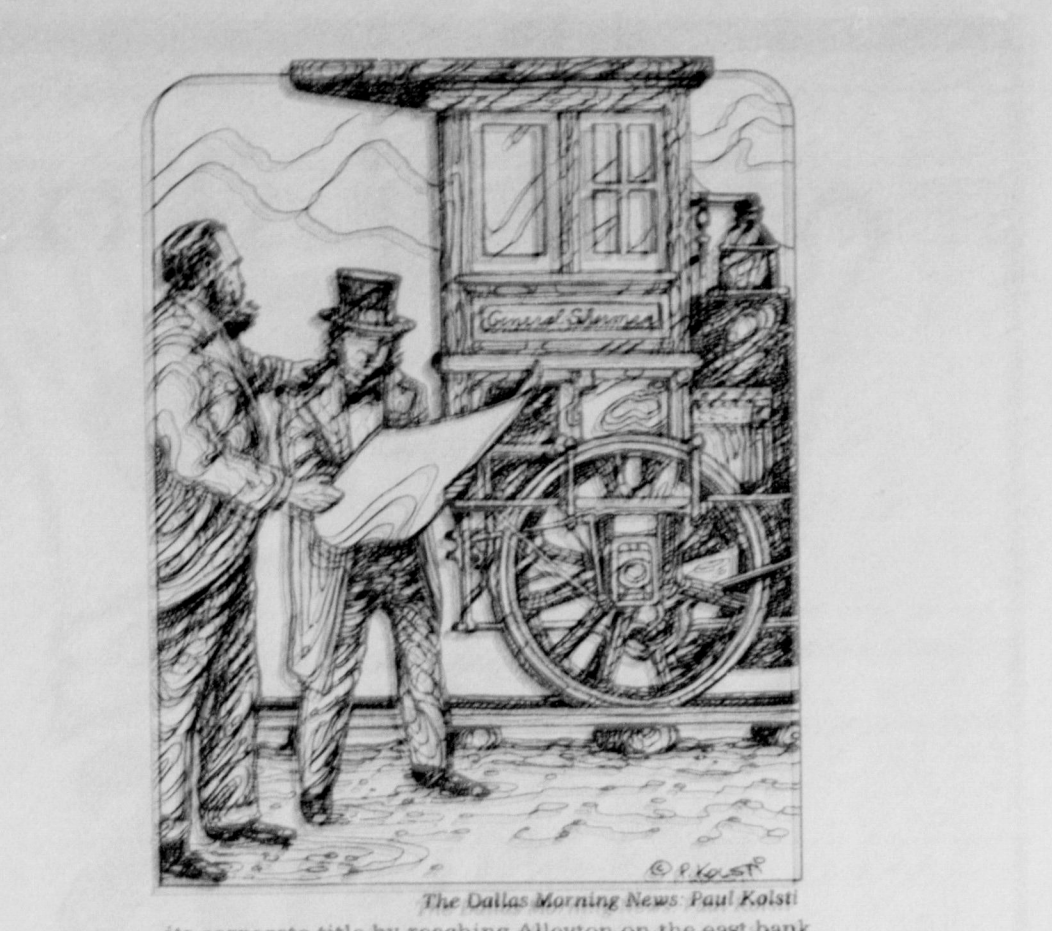

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication in the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512-443-1373). 2-12-87

LEGAL NOTICE

The Holiday Independent School District will be accepting bids for data processing bookkeeping equipment for budget and payroll, personnel, student attendance and accounting until 12 noon, February 26, 1987. Specifications can be picked up at the superintendent's office. The bids will open the bids at 7 p.m., February 26, 1987 in the board room. The Holiday I.S.D. has the right to refuse or accept any or all bids. 2-25-87

3000 SQ YARD For information looking for the areas and completion of any portion of property located in the Wichita Falls area. Bidding or buying on any of our properties in Wichita Falls, Weatherford, City, etc. or any other county in which we have property. Contact: Kenneth McCreary, 592-2390. 2-12-87

SELL WITH CLASSIFIEDS

The Dallas Morning News. Paul Kolst. its corporate title by reaching Alletton on the east bank of the Colorado River where it stopped until after the Civil War. Most of the mileage of Texas' first railroad remains in operation as part of the Southern Pacific system.

The First Railroad in Texas

One of the initial acts of the First Congress of the Republic of Texas in 1836 was to charter a railroad. Although supported by many illustrious names, it was repealed because of its banking provisions. Rail schemes, spurred by land grants, continued to be chartered in Texas, but it was 1853 before the state's first railroad actually puffed off.

As early as July 1840, grading had been done and ties bought for the Harrisburg Railroad and Trading Co., planned as a transcontinental line starting from Harrisburg (now a suburb of Houston) on Buffalo Bayou. Gen. Sidney Sherman took over the stalled project, using Boston capital, and in 1848 obtained a charter for the Buffalo Bayou, Brazos and Colorado Railroad. Harrisburg was the eastern terminus and Richmond, 30 miles to the west, was to be the crossing point on the Brazos. The road was planned deliberately to miss Houston, a competitor to Harrisburg. Work began late in 1852 and the first locomotive, the "General Sherman," arrived at Galveston in December, the second railroad locomotive west of the Mississippi River.

By August 1853, some 20 miles of rail had been laid to Stafford's Point (now Stafford), which satisfied the BBB&C charter. Service began September 9. A Galveston News advertisement stated that each Wednesday and Saturday at 9 a.m. cars with passengers and freight would leave Harrisburg for Stafford's Point, returning at 12 noon. There were no Sunday trains. Passengers were carried in four-wheel carriages, which originally had been Boston streetcars. The BBB&C finally reached the Brazos River, opposite Richmond, in 1855, and in 1860 filled out
