

Aug 28, 1986

Schools open doors Tuesday

The summer ends and another year of school begins when the tardy bells ring at 8:10 a.m. Tuesday for all children in the Iowa Park school district.

Inservice training began last Friday for teachers, and continues through this week, with everyone taking one last breather Monday, Labor Day holiday.

As has been the practice in the past for the first day of school, all classes will be dismissed one hour earlier than usual, according to Supt. Glen Mitchell.

For those parents whose children will be eating in the cafeterias, prices have not changed since last year. Cost for meals at the high school and junior high are \$1; Bradford students

will pay 85-cents and meals at Kidwell will be 75-cents.

Breakfast price is the same at all campuses, 50-cents.

Menus for the schools are posted on another page of this issue.

With the resumption of another school year, drivers are reminded of laws concerning passing of speed limits around campuses, as well as restrictions from passing buses being loaded or unloaded by children.

There were 1,228 accidents involving school buses in the state last year, with seven fatalities and 323 non-fatal injuries.

The law states: "The driver of a vehicle upon a highway inside or outside a business or residence district

upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle before reaching such school bus when there is in operation or said school bus a visual signal such as specified in Section 124 of the Act, and said driver shall not proceed until such school bus resumes motion or is signaled by the school bus driver to proceed or the visual signals are no longer actuated. A violation of this subsection is punishable by a fine of not less than \$50 nor more than \$200."

The speed limit in any school zone, during school hours, is 20 miles per hour.

GET-ACQUAINTED GATHERING - New teachers to the Iowa Park faculty met members of the school board during an informal social Tuesday evening in the junior high cafeteria. The board's two female members are shown discussing issues: Martha Dudley on left and Marilyn Hale, in striped sweater; as Glen Mitchell, superintendent looks on.

IOWA PARK LEADER

25 Cents

Vol. 17, No. 50 IOWA PARK, WICHITA COUNTY, TEXAS 76367 Thursday, August 28, 1986

City budget okayed, tax raised one cent

Iowa Park City Council Monday night approved a \$2,183,000 annual budget that includes slightly over a penny tax increase.

The tax rate for next year will be 77-cents per \$100 valuation.

Additionally, aldermen approved a number of proposals, including smoke testing for leaks in sewer lines, changing group medical insurance coverage to another firm, the development of an area at Lake Iowa Park for picnicking and trap shooting, and changing of water service of water to the mobile home park east of the city.

In addition, aldermen "unanimously" took no action to change a requirement that building contractors be licensed to work in the city.

The city's sewer system has for many years been overloaded whenever heavy rains fall, and personnel believe this is because runoff water gets into the lines.

Estimated cost to have smoke injected into the sewer lines and the city photographed to locate expected leaks was set at \$33,500.

Public works director Mike Price explained to the council that the sewer treatment plant has the capacity to treat the runoff water which gets into the lines, but the expense

of treating it could be saved, paying for the smoke detection service.

After narrowing the field of companies offering medical insurance for city employees by considering only those with offices located here, the final two considered were Barbour Insurance and Donald Hill.

After a lengthy discussion about premiums and deductibles, the council approved by a split decision to go with Barbour Insurance.

Alderman Bud Mercer cast the desenting vote.

A proposal made last month by Billy James to clear off an area near the east end of Lake Iowa Park Lake for a picnic area and trap shooting range received the full approval of council members.

James had also asked for some city equipment be used to clear the area so work can be done.

Following a 33-minute executive session, council members voted approval of settling a dispute about water service to Country View Mobile Home Park.

The motion approved was for the city to accept ownership of the water lines to and in the park, and to bill each renter of the park individually, rather than one bill for the entire park, but tagged on a provision that the past-due bill of the owner's must

be paid in full.

By taking no action concerning a requirement that building contractors be licensed to operate in the city, the enforcement of that provision already on the city's books will now be enforced.

The requirement, included in the Standard Building Code which has long been adopted by the city, has not been enforced in the past, it was explained.

Johnny Coker, the city's representative to the area-wide Enhanced 911 telephone project, reported an election will be held Nov. 4 to decide if the emergency phone project will be activated.

No action was taken, for further study, on a request by the Volunteer Fire Department for the city to acquire a new emergency vehicle.

The subject is to be on the next meeting agenda, and Administrator James Barrington is to have a study completed on whether the city has the funds for the acquisition in its new budget.

The new budget calls for expenditures of \$1,241,000 and revenues of \$1,530,000 in the general fund, and expenditures of \$782,000 and revenues of \$1,402,500 in the water and sewer fund.

Iowa Park school trustees Tuesday evening approved the 1986-87 school budget of \$5,464,620, but delayed setting the tax rate until the special legislative session is ended.

The budget remained unchanged from its initial proposed form, as submitted by Supt. Glen Mitchell.

Yet to be decided by the board members is whether to accept the proposed tax rate of 75-cents, which would be a four-cent increase over the 1985-86 rate.

Basing the anticipated revenues on a 75-cent rate and using the same formula for state funding as received last year, the expenditures would exceed the revenues by \$434,281, according to Supt. Mitchell's presentation.

Trustees were pleased to learn that this year's carryover was slightly higher than the \$1,481,374 that had been projected.

Mitchell said the actual carryover with all bills paid would be \$1,521,000.

When the board adopts its tax rate, should members decide to stay with the 71-cent tax rate, the deficit would be increased by \$95,000, according to the superintendent.

While the expenditure portion of the budget reflects an increase of \$153,953 over the previous year's budget, it includes an increase of more than \$211,000 in salaries, most of which was mandated in HB 72.

Largest increase of any campus in the district was \$108,735 for Kidwell Elementary, where four additional classrooms were built this summer to meet the state's required 22 pupils per teacher ratio.

Maintenance was second-highest increase, at \$92,838; special education was increased by \$57,199;

administration by \$51,620 and junior high \$50,663.

The main increase in the junior high budget is for replacement of desks which Jimmy Alsop, principal, said were several decades old and in need of being replaced.

Major cuts from last year's budget were in construction, where \$200,000 was expended to build the new classrooms at Kidwell.

High school band budget, where new uniforms and instruments were acquired last year, was cut back by \$45,705, and the high school campus budget was reduced by \$31,162.

OTHER BUSINESS

Also during Tuesday's meeting,

board members toured the junior high building to view results of summer maintenance, and then participated in a brief reception during which they met new faculty members.

During the business session, trustees approved adding Supt. Mitchell and Robert Palmer, assistant superintendent to the list of principals who will make up the list of teacher appraisers this year; approved the appraisal periods; approved hiring of two faculty members, Jayna Case, fifth grade reading, and Kaleta Decker, special education resource at junior high; approved a policy permitting college course work for high school credit, and a fund-raising project for the pep squad.

News in Brief

Barbecue supper slated Friday

In its first major fund-raising effort of the season, the Iowa Park Booster Club will host a barbecue dinner between 5 and 8:30 p.m. in the high school cafeteria.

The event is scheduled in conjunction with the three high school football teams' scrimmages that evening against Olney.

Tickets, available in advance at Scobee's Mini Mart and Ken's Pizza, as well as at the door, are \$4 for adults and \$2 for children under six.

The menu includes barbecued brisket, pinto beans, potato salad, dessert and drink.

Monday holiday for many workers

Monday will be a holiday for most governmental agencies and financial institutions, in observance of Labor Day.

However, most businesses in the

community will remain open.

As is the case of most holidays, the Leader office will not observe regular hours, but will be open most of the day.

Emergency watering permits extended

When the city imposed restrictions on outside watering, emergency permits were issued for homeowners with new lawns to exempt them from the restrictions.

Those permits were to expire

Aug. 31, but will be extended for the duration of the ban, according to Mike Price, public works director.

Watering restrictions were imposed because of an agreement Iowa Park has with Wichita Falls.

Picnic, trap shooting area planned

Residents interested in helping to develop a picnic area and trap shooting range at Lake Iowa Park are asked to attend a meeting Wednesday.

To begin at 7 p.m. at the Mule-

Barn, 111 W. Cash, volunteers will be registered and work assignments discussed, according to Billy James, who is coordinating the project.

Use of the land was approved Monday night by the city council.

Schools prepare for another year

HOLLIDAY - In-service training for the teachers, secretaries, aides and administrators of the Holliday school district began Friday.

The Holliday school board honored those attending in-service with a steak feed at noon Friday.

After two days of appraisal training, Holliday hosted all county teachers Wednesday to receive training in child abuse, deslexia and classroom management.

Today and tomorrow have been marked as teacher workdays, with students returning to school Tuesday.

Missing vehicle found at lake

Four juvenile boys were probably having to do a lot of explaining to their parents Tuesday evening, when they were caught with a four-wheel vehicle that had been reported stolen.

Mrs. Don Taylor, 1111 Cornelia, reported the vehicle missing Tuesday, according to the police blotter.

Police were informed shortly after 8 p.m. that the vehicle might be at Lake Iowa Park.

Local police, with assistance of county deputies, went to the lake, and found the missing vehicle and four boys.

The vehicle was returned to its owner, and the juveniles released to their parents.

Kevin Ketchersid, 1300 Westridge, reported a weed-eater missing Friday from his home.

Police assisted volunteer firemen from 2:29 to 4:43 a.m. Sunday by controlling traffic while firemen fought a house fire at 109 W. Washington.

The residence of Mr. and Mrs. L.B. Sims sustained heavy damage from fire and smoke damage.

U.S. CONGRESSMAN Beau Boulter, bottom right, from this district, and Connie Mack, to his left, from Florida, met with members of the Wichita County Farm Bureau Monday morning, before taking a mini tour of farms in the area. The representatives fielded questions concerning farm programs, commodity prices overseas, farm financing problems and the new tax law.

Roberts, Hillard vows are exchanged Saturday in Wichita Falls

Miss Risa Joy Roberts, daughter of Mr. and Mrs. Ross Roberts, and Bryan Keith Hillard, son of Mr. and Mrs. Lewis Hillard, were wed in impressive double-ring nuptials Saturday evening in the Sheraton Hotel Grand Ballroom. Jim Hance, minister of the Edgemere Church of Christ, was the officiant.

The ceremony was performed in a setting illuminated by the soft glow of tall white tapers. Holders for these were two fan-shaped candelabra and two heart-shaped candelabra attractively decorated with boxwood greenery and stephanotis vine. The decorative pattern was accentuated with three tall Lucite candelabra with votive candles on either side and arrangements of flamingo rose tiger lilies, white gardenias and miniature pink carnations on top. The decor was completed with the three-branched candelabrum dedicated to hold the unity candle that was lighted by the bride and groom to seal vows.

The aisle stanchions were also lighted and ornamented with garlands of baby's breath.

The high class wedding music was provided by Miss Lori Cassada, Bryan Fowler and Kent Roberts, vocalists, who sang with acoustic electric piano and synthesizer accompaniment. Jeff Roach of Mangum, Okla. was the pianist.

The prelude music featured duet numbers by Fowler and Roberts who sang "Glory of Love," Miss Cassada and Roberts who presented "To Me," and a solo by Fowler who sang "Forever."

During the ceremony, Miss Cassada sang "Doubly Good to You" and Roberts joined her in a duet rendition of "It's You."

MRS. BRYAN KEITH HILLARD

The pianist played the processional by Wagner and the recessional by Mendelssohn, and furnished the music during the time of the reception.

The bride was escorted down the white-covered bridal path by her father who presented her in marriage. She wore an elegant regal white satin gown designed by Michelle Piccone for Alfred Angelo. It was fashioned with a princess ballroom bodice enhanced with a beaded inset of Schiffli lace and beads, and puff sleeves that were worn off the shoulder.

The beautiful full skirt was accented with a basque waistline and a cathedral train that fell gracefully to an embroidered scalloped trim of Venise lace.

A perfect complement to the gown was the bride's three-tiered illusion veil that flowed from a headpiece of pearls and iridescents. She carried a formal pearl-beaded bouquet of light pink roses and stephanotis that lent itself to the regal look of the gown.

The bride wore her late maternal grandmother's pearl earrings and carried her mother-of-pearl Bible for "something old," and wore her mother's pearl and diamond ring for "something borrowed." She chose her lovely wedding gown for "something new," and the traditional garter for "something blue." For luck, she wore a sixpence in her shoe, a gift from Mrs. Kelly Roberts, her sister-in-law.

Miss Laura Bowerman, the maid of honor, Mrs. Anthony York, the

matron of honor, and Mrs. Kelly Roberts, the bridesmaid, presented a charming picture in their pastel pink and white chiffon dresses, also designed by Michelle Piccone for Alfred Angelo, featuring organza trim on the shoulders of the strapless gowns. A single rose attached at the waistline accented the tea length skirts.

They carried nosegays of flamingo rose tiger lilies, pink sweetheart roses, fresh baby's breath accented with sprays of pearls and wore headpieces of pink sweetheart roses, white gypsophila and pearls.

Miss Misty Kerr, the flower girl, wore a dainty and frilly frock of pink silk dacon organza. The bodice was designed with a scooped neckline and beautifully trimmed with organza ruffles and wide white lace. A sash, above the full skirt trimmed with the ruffles and lace, hugged her tiny waist and tied in a bow in the back.

She carried a white basket filled with flowers that repeated those in the attendants' bouquets.

The groom wore a pink rose boutonniere with his white tuxedo, white shirt, pink tie and cummerbund. His attendants and ushers wore flamingo rose jackets, ties and cummerbunds with their white shirts and trousers. The fathers of the bride and groom wore white dinner jackets, white shirts, black ties and trousers.

The groom was attended by David Hillard as best man, Terry Hillard and Anthony York as groomsmen. The ushers were Kelly Roberts and Kent Roberts, who also

lighted the candles, Randell Yarbrough, Gregg Wallace and Ken Johnson.

The bride's mother wore a satin-backed lavender crepe tea length dress accented with a flat satin bow on the shoulders, cascading ruffled sleeves that extended to the hipline. She wore matching jewelry and accessories, and a corsage and wristlet of white stephanotis and iridescent ribbon.

The groom's mother wore a pink crepe tea length dress with spaghetti straps, pink satin cummerbund set off with a pink brocade jacket with long sleeves that buttoned at the waistline. She wore matching accessories and a corsage of white stephanotis and iridescent ribbon.

The bride's parents hosted the wedding reception in two rooms of the Grand Ballroom.

The bride's table was a picture of sophisticated beauty. It was draped with bridal white satin graced at the top with scalloped rose chiffon, the scallops caught up with clusters of pink roses, stephanotis and bows. A small Lucite candelabrum arrayed like the larger ones in the nuptial setting, the centerpiece, silver punch fountain, pale pink rice paper napkins marked with the names of the bride and groom and their wedding date, portfolio of the bride, and the cake enhanced the table's appeal.

The four-tiered cake with two sets of sugar pillars was lavishly trimmed with cascades of pink and flamingo roses, bridal trumpets, forget me nots, petunias and blossoms, and white swans. The center tier was covered with pink-throated white orchids. The luxurious finishing touch was a floral bouquet of petunias, agapanthus, stephanotis, rose blossoms and forget me nots.

Refreshments were served by Miss Leslee Phillips and Miss Lori Cassada.

Mrs. David Kerr and Miss Lisa Maness served at the groom's table covered with white satin. It was centered with a fish bowl filled with a Lucite base for an arrangement of flamingo rose tiger lilies, white gardenias and miniature pink carnations. The chocolate cake was accented with white swans around the base and decorated with marzipan fruit. A silver coffee service completed the setting.

Mrs. James England and Mrs. John Balzar served at the hors d'oeuvres table centered with a swan ice carving. The quartet tables where guests ate were centered with clear glass bowls with floating flowers in the chosen colors.

Mrs. Randell Yarbrough presided at the guest book at a table covered with white satin holding a small Lucite candelabrum, white plume pen and book.

Miniature pink swans held the pink net rice bags in a white wicker basket decorated with grape ivy and pink flowers around the top and centered with a white driftwood swan dressed for the occasion with a pink bow around his neck.

The groom's parents hosted the rehearsal dinner Friday evening at the Sheraton Hotel. The tables were decorated with pink satin hearts and the head table held a pink flower arrangement on a mirrored centerpiece with alabaster doves. Places were marked with pink place mats and votive candles. Favors for the ladies were pink candles and white swans filled with mints, and favors for the men were wooden candle holders and cups of nuts.

Following the reception, the couple left for "Couples' Resort" in Coho Rios, Jamaica, their

honeymoon destination. The new Mrs. Hillard wore a white satin crepe dress with full raglan sleeves, self-covered belt and a skirt slit in the back.

The bride and groom were graduated from Iowa Park High School. She holds a bachelor's degree in psychology and a master's degree in business administration from Midwestern State Univ. He is attending MSU and is associated with Texas Electric. They will live in Wichita Falls.

Special wedding guests were Mr. and Mrs. J.M. Roberts of Bryson, grandparents of the bride, and Mr. and Mrs. Doyle Ice of Saint Jo, grandparents of the groom.

Out-of-town guests included Mr. and Mrs. Pete Roberts and Mr. and Mrs. Bran Roberts of Woodward, Okla., Miss Jeanne Roberts of Haltom City, Mrs. Garland Caldwell, Mrs. W.W. Walser, Mr. and Mrs. Raymond Stermer, and Mr. and Mrs. Orville Wall of Medicine Mound, Mr. and Mrs. Jimmy Wall and Mr. and Mrs. James Borchardt of Vernon, Mrs. David Sandlin and Dale of Olney, Lori Ryan and John Balzar of Phoenix, Ariz., Miss Tammy Jones of Dallas, Mr. and Mrs. Joel Witt of Carrollton, Miss Kimber Farrar of Dallas, and Mrs. Jim Meisel of Lawton, Okla.

Also, Bob Bates of Bedford, Mr. and Mrs. Don Close of Wylie, Mr. and Mrs. Corky Nance and Alan of Richardson, Mr. and Mrs. Tommy Martin and Eric of Ft. Worth, Mr. and Mrs. Jimmy Ice, Bradley and Scott of Nocona, Miss Johnette Harrison of Randlett, Okla., Mrs. Donald Ice of Nocona, and Mr. and Mrs. Tommy Morgan, Curt, Crystal and Cory of Sanger.

Evening Lions hear Boulter

U.S. Rep. Beau Boulter spoke to the Evening Lions Club Tuesday. He outlined the development in Congress concerning the national deficit, tax reform, budget and farming. He also discussed Foreign Agriculture Investment Reform bill.

He was accompanied by Mrs. Boulter and their son, Matt, Barbara Lyne, his campaign chairman and Sharon Burks, district representative.

Special guests included wives of the club members and members of the Lioness Club.

Wayne Watson is graduated

Wayne Watson, of 520 W. Clara in Iowa Park, was among 273 graduating seniors at the Aug. 15 Texas Christian Univ. summer commencement.

Watson was graduated cum laude and received a bachelor of arts degree in political science.

He has now enrolled for the fall semester at the Univ. of Texas at Austin.

Flanagan, Stride wed in Denton

Miss Cindy Flanagan and John Anthony Stride were united in marriage Aug. 8 in a garden ceremony at the home of Mr. and Mrs. Randy Hunt in Denton. Dr. Jack Ramsey, father of Mrs. Hunt, officiated.

The bride is the daughter of Mrs. Georgia Flanagan of Iowa Park, and the groom is the son of Dr. and Mrs. Ralph D. Stride of Upperhulme, North Staffordshire, England.

The bride was graduated from Iowa Park High School and from Midwestern State Univ. summa cum laude. She was awarded the MEd degree in June 1984 by North Texas State Univ. Sponsored by the Iowa Park Rotary Club, she received a Rotary International scholarship for the year 1984-85 for graduate study at the University of Hull in England where she met her future groom. She is currently a staff member at North Texas State Univ. where she serves as Director of Programs for the NTSU Housing Department. She is working toward the PhD in higher education.

The groom was graduated from Eton College, Berkshire, England. He is a law student at the University of Hull. Kingston-Upon-Hull, England, where he will complete his law degree next June. He is a member of the Fencing Club, is president of Hull Equestrian Club and editor of "Obiter Dicta," the law

MRS. JOHN ANTHONY STRIDE

review published by the University of Hull Law School.

The groom is completing his second summer in Texas under BUNAC, a student exchange program sponsored by the British government. He will be in charge of the BUNAC

program at the University of Hull next summer.

The couple will be living in Denton until October when the groom will return to England for his final year of law school. Upon graduation, he will return to Denton.

Tuesday, Sept. 2

Lunch: Soup & sandwich, pizza, buttered corn, tossed salad, cheesecake, milk.

District PTA president attends state workshop

Sandra Lehman of Iowa Park, president of District 13 PTA, attended the recent Texas PTA 1986 leadership seminar held on the Univ. of Texas campus at Austin. The presiding officer was Mary Tippin of El Paso, state president.

The seminar participants were offered their choice of six workshops among 35 topics relevant to public school education, parental concerns and developing PTA leadership skills.

Two of the featured speakers were Dr. Norman Thomas, Georgia PTA president, and Marie McCullough, president of Positive Life Attitudes for America.

A highlight of the seminar was the guest appearance from the famous Louise Mandrell, who was there to help promote "The Great American Trivia Challenge: Texas Style." She explained how Texas PTA with a giant cash sponsorship from Pepsi Cola could bring a special edition of the family-style game at a lower cost

until October when it will go on the commercial market.

Others attending from District 13 were Region 8 vice president, Linda Gossett, Patti Brazier and Carolyn McComis from Bridgeport, Pat Morrison from Seymour, Martha Lane, and Jo Ann Pearce from Wichita Falls.

Immunization — Good Health Insurance

School has started, and it is a good time to make sure your family is properly immunized. Many prominent health officials believe that the lack of adequate immunization is a major health problem in this country.

Medical science has made great strides in protecting the populace from such common diseases as measles, mumps, chicken pox and scarlet fever. Childhood immunizations have increased slightly over the years, but immunizations are far lower than public health authorities recommend. Even more alarming, the incidence of non-immunized adults contracting childhood diseases from children has risen sharply.

It is a good idea to review your family's immunization history with your physician, or the local health authorities and bring your good health insurance up to date.

As I See It....

By BOB HAMILTON

Tourism is growing each year as a viable industry all over the country, and a lot of folks wonder what we could do here to attract some of those extra dollars.

The Chamber of Commerce gets requests for anything that might be listed in a tourism guide, and each time it's brought up at a directors' meeting, a lot of blank stares develop.

There is the usual response that we have three fine, but small, lakes. And of course we may have one of the most beautiful library structures in the world.

But I ask myself, were I a tourist and wanting to see something along the route I'm traveling, would one of our lakes be that appealing? And how

many people on the roads today have an appreciation for fine libraries?

Several years ago, I pitched the city and Chamber about the possibility of developing a free camp for recreational vehicles to stop overnight. That would at least get the travelers off the road and stop here.

The idea wasn't new. It had been in use at Littlefield, where we lived before moving here.

And someone put the idea over at Wichita Falls about three years ago, and they've got a good one near the state tourist bureau.

There's no question that some fine fish are caught at our lakes. But we have nothing else to offer fishermen at those bodies of water. And that is what a tourist wants, usually.

Has anybody else got any ideas?

Another idea I tried to get across, to help the income of our farmers, got as far as the overnight camping one.

Before he retired, I approached former county agent B.T. Haws with a suggestion that someone might put together a project for raising catfish in numbers great enough that we might get a frozen food processing plant located here.

The idea is reasonably simple, but it would take a lot of leadership to coordinate, as well as funding.

Here we are with an irrigation system set up in the Wichita Valley, and water that is almost useless for production of profitable crops because of its salt content.

Along these irrigation canals are acreage that won't raise a decent crop of goateads.

Such areas could be developed for pits in which to raise catfish. If enough farmers got together on something like this, and had a processing plant interested in taking their production, it could be profitable.

Farmers could grow their own feed for the fish, cutting the cost of production overhead.

With enough fish-growing pits along the irrigation canal, professionally trained people could be obtained to oversee the fish production.

This operation could work much like pumpers do for oil production, and farmers wouldn't have to learn all there is needed to know in such a technical business.

And where else is there so much water available so inexpensive as that from Lake Kemp via Lake Diversion?

Besides improving the income of our farmers, we would also improve the economy of the area with the new payroll of those who would be working in the processing plant and related services.

Who knows? Maybe if we set up a catfish operation like this, we might get those tourists we can't attract now!

TEACHERS WELCOMED - Appearing on the program during Friday's traditional luncheon for school personnel, given on the first day of inservice training, was Chamber of Commerce president Frank Gossett. He welcomed the faculty back another year, both to the classroom and members of the community.

Worth Quoting

The United States is apparently joining other nations of the world in an effort to smash the white government of South Africa, doing so in the name of human rights. The plight of the black man in South Africa has been publicized time and time again and the world has great sympathy for the South African blacks who are victims of apartheid, whose voting rights are suppressed, and whose standard of living is less than the whites of that country.

But what if you were a white South African? If you lived in a country that was settled by your ancestors around 1620 and if you were of a generation whose family had worked and lived on the land for these centuries, would you be willing to give it up and turn it over to a black population, simply because they outnumber you? Of course you would not. What the rest of the world fails to realize is that the white people of South Africa are not faced with the simple decision of whether or not to eat in the same restaurant with the blacks or allow them free movement in that country. It is a matter of survival for the whites and they are not going to give up easily.

For the first 200 years of South African history the white farmers and businessmen of South Africa had little contact with blacks other than contact with nomadic tribes that crossed that part of the land. Then in the mid 1800s, about the time Americans began to move west and settle new land, the Voortrek began in South Africa and the whites moved north to establish new farms and cities. Here they were met by Zulus, much as American pioneers were met by the Indians. The Voortrek museum in Pretoria has accounts of the settlers circling the wagons to fight the Zulus much as our ancestors fought the Indians.

In time the Dutch and English established farms, carved out a country, built cities and roads and became a highly civilized nation. The black population, however, increased about 10 times as rapidly and in time greatly outnumbered the whites. Even today it is a mark of black culture that a man's wealth is rated by the

number of children he has and that's why there is a black population explosion in South Africa. The whites don't know what to do about the situation in which they are overrun and covered up by blacks. They have tried to keep them under control, but it is apparent that with the weight of world opinion behind them, the blacks of South Africa are well on their way to eventual control and seizure of all the white assets in that country.

The South African government is well aware that national survival is at stake. They look around the continent and they see one-party Marxist governments in power. The African National Congress which is leading the fight to take control of South Africa is dominated by the Soviet Union and no doubt part of the global plan of conquest.

Several years ago a similar struggle took place in Rhodesia where the white minority government of Ian Smith was pictured as despotic, evil and a target for eradication. World pressure succeeded in getting "free elections" established and the blacks took control with Robert Mugabe as president. Today the whites in Rhodesia have been stripped of their property, their civil rights long ago vanished and Marxist dictator Mugabe is in full control. Are the blacks of Rhodesia, now Zimbabwe, better off? Well, the trains don't run, Zimbabwe has turned from a food exporter to a food importer, foreign capital has dried up, the average citizen of Zimbabwe lives on a lower standard than ever before. This is the example that we are being asked to impose on South Africa. The people there won't give up their country without a fight, and if I were one of them, I wouldn't do so, either.

Obituaries

Tommy Williamson

Services for Tommy Williamson, 35, who died Saturday at his home in Orlando, Fla. will be at 2 p.m. today at Tanner-Aulds Funeral Home with Rev. Jerry Miller, pastor of Faith Baptist Church, officiating. Burial will be in Highland Cemetery.

He was born Sept. 15, 1951, in Brockton, Mass. and grew up in Iowa Park. He had also lived in Graham before moving to Orlando a year ago. He attended Iowa Park schools and was a navy veteran.

He is survived by his wife, Alma; a son, John of Orlando; his mother, Maudie of Wichita Falls; a brother, Gary John of Iowa Park; and a sister, Mrs. Donna DeMers of Byers.

Hurschel Augusta Dodson

Services for Hurschel Augusta Dodson, 89, were Wednesday afternoon at Sullivan Funeral Home in Vernon with Rev. Edd Chappell officiating. Burial was in Eastview Cemetery.

He was born Aug. 27, 1896, in Bowie and moved to Vernon in 1904 from Leonard. He was a veteran of World War I. He was a member of Eastside Baptist Church and Veterans of Foreign Wars.

Survivors include a son, George of Vernon; a daughter, Irma Adams of Archer City; two stepdaughters, Vida Mae Dozier of Vernon and Gay Hicks of Iowa Park; a stepson, Robert Johnson of Hereford; a brother, Henry of Vernon; five grandchildren; 10 great-grandchildren and a great-great-grandchild.

Jane Ann Davis

Graveside services for Jane Ann Davis, 43, daughter of the late Kenneth and Zallah Thompson Davis, were held Monday afternoon at Highland Cemetery with Rev. David Jones, Baptist minister, officiating. Arrangements were under direction of Morrison Funeral Home.

Miss Davis was born March 1, 1943, in Texarkana. She was a member of First Baptist Church in Wichita Falls. She was graduated from Midwestern State Univ., with honors, and she was a member of Sigma Kappa sorority.

Augustus W. Walls

Graveside services for Augustus W. Walls, 50, who was killed Sunday in a hit-and-run accident in Wichita Falls, were held Tuesday morning in Highland Cemetery with Rev. Jerry Miller, pastor of Faith Baptist Church, officiating. Arrangements were under direction of Tanner-Aulds Funeral Home.

He was born Aug. 26, 1935, in Iowa Park, where he had lived all his life. He was a member of Faith Baptist church.

Survivors include a son, Deryl of Iowa Park; two daughters, Diane Shook and Donna Ewing of Iowa Park; his mother, Maggie Walls of Iowa Park; three brothers, Thurman of Portersville, Calif., Pete and Douglas of Iowa Park; four sisters, Monetta Kingcade and Jane Toler, both of Iowa Park, Marie Kingcade of Wichita Falls and Betty Roberts of Panola; and a grandchild.

Lark Gunter

Services for Lark Gunter, 86, were held Saturday morning at Maddox-Marrier Funeral Home in Jacksboro with Rev. Albert Warnken, pastor of the First Baptist Church, officiating. Burial was in Lost Creek Cemetery near Jacksboro.

He was born Nov. 5, 1899, in Jack County, where he had lived all his life. He and Zella Weaver were married on Aug. 15, 1925.

Survivors include his wife; two sons, R.C. of Azle and George of Kamay; three daughters, Frances Clayton and Christing King of Jacksboro, Jo Faught of Cleburne; a sister, Sally Hunter of Jacksboro; 12 grandchildren; and 22 great-grandchildren.

Robert Bethel Buffington

Graveside services for Robert Bethel Buffington, 83, of Graham were held Monday at the Jean Cemetery with Rev. Don Wickham officiating. Services were under direction of Morrison Funeral Home.

He was born Oct. 30, 1902, in Taylor County.

Survivors include three daughters, LaVay Hamm of El Paso, Bobbie Schmidt of Holliday and Anne Pope of Red Oak; a sister, Ola Scott of San Antonio; two brothers, Claude and Merwyn of Austin; five grandchildren; and six great-grandchildren.

Ina C. Bowman

Services for Mrs. Ina C. Bowman, 89, were held Monday morning at Tanner-Aulds Funeral Home with Rev. James Pounds, a Wichita Falls Pentecostal minister, officiating. Burial was in Highland Cemetery.

Mrs. Bowman was born Feb. 6, 1897, in Oneonta, Ala., and had lived in Iowa Park 35 years. She was a member of the First Church of the Nazarene in Wichita Falls.

She is survived to two grandchildren; seven great-grandchildren; and 11 great-great-grandchildren.

Pallbearers were Darwayne Wilson, Mack Painter, Harry Skinner Jr., Jackie Wilson, Donald Robertson Jr. and Bud Patterson.

Helen Johnston

Services for Helen Johnston, 66, were held Saturday at Kreig-Owens-Brumley Funeral Home in Bowie with Rev. Bobby King, pastor of Faith Memorial Baptist Church of Archer City, officiating. Burial was in the Archer City Cemetery.

She was born March 22, 1920 in Wichita County and was a retired cook supervisor for the Bowie school district. She and Thomas Johnson were married March 18, 1941, in Archer City.

She is survived by her husband; a daughter, Joyce Upshaw of Bowie; a son, Wayne of Plano; her stepmother, Lois Good of Olney; three sisters, Irene Fields of Holliday, Dorothy Peck of Archer City and Mildred Pryor of Carthage; two stepdaughters, Odessa Padgett of Hurst and Jo Bryson of Benbrook; a stepbrother, Otis Swazee of Benbrook; and two grandchildren.

Ruben Parish

Services for Ruben Parish, 89, who died Saturday in an Andrews hospital were Wednesday afternoon at Tanner-Aulds Funeral Home with Rev. Jack Meyers, pastor of First United Methodist Church, officiating. Burial was in Highland Cemetery.

A 60-year resident of Iowa Park, he was born Sept. 20, 1907. He was a member of the First United Methodist Church, Texas Farm Bureau, Texas and Southwest Cattle Raisers Association.

He is survived by four sons, Jerry of San Antonio, Russell of Spokane, Wash., John R. of Andrews and Eugene of Dallas; 17 grandchildren, 16 great-grandchildren; and 9 great-great-grandchildren.

Pallbearers were Bill Henson, Wayne Lehman, Bill Overbey, Dan Spruiell, Glen Spruiell and Wayland Jinkins.

John Thomas Allen

Graveside services for John Thomas "J.T." Allen, 79, were held Monday afternoon at Electra Memorial Park with Rev. W.D. McNeal, pastor of the Pentecostal Church of God, officiating. Burial was under direction of Totten-Day Funeral Home.

He was born Sept. 20, 1907, in Gainesboro, Tenn. and had lived in Electra 30 years before moving to Honey Grove in 1980. He was a member of the Pentecostal Church of God. He and Julia Alberta Blackwood were married Dec. 21, 1929, in Hugo, Okla.

Survivors include his wife; seven sons, Sammie and Frank, both of Honey Grove, John of White Settlement, Bobby of Electra, Don of Iowa Park, Roy of Chillicothe and Mike of Memphis; two daughters, Velma Allen of Honey Grove and Joyce Jones of Vernon; two sisters, Hazel Thompson of Fort Worth and Naomi Smith of Newark; 35 grandchildren; and 22 great-grandchildren.

ACTIVITIES in Neighboring Communities

QUANAH AIR SHOW

When the Air Show takes place in Quanah, Texas, during the Sesquicentennial Celebration on Sept. 13 and 14, spectators will have the opportunity to see an aerobatic champion in Gene Soucy, a top performer. Soucy's performance will take place on Sunday afternoon, Sept. 14, at the airport along with many other attractions. Admission will be charged.

Cook of the Week

Webster's New Collegiate Dictionary defines guacamole as "sieved or mashed avocado seasoned with condiments." Kathy West shares her guacamole dip recipe with us this week.

The alternative name for avocado is "alligator pear," which results from the fact that it grows in Florida alligator country (it didn't until recently) or because one specie of it suggests alligator hide. The term "alligator pear" was applied before it ever reached Florida in English speaking Jamaica.

We are told that the avocado is a native of Peru, but it is a native of Mexico and adjoining territory. The Spaniards first found it in Peru which probably caused the error.

A horticulturist named Henry Perrine is credited with the first to plant avocados in Florida in 1833, but its culture did not get under way until about 1900, when Florida fruit growers became interested in its possibilities.

The West Indian type of avocado is the most determinedly tropical and is the one chiefly planted in Florida, the only place in the United States where it can be grown. The Mexican avocados are the specialty of Calif. and the Guatemalan avocados can be grown in either state.

It is assumed that the avocado fruit became known to the British when it was taken aboard ships as food for the crews, or at least for petty officers, since the name by which it used to be called in England was "midshipman's (or subaltern) butter."

Kathy West has lived in Iowa Park 10 years. She was born in Burk Burnett and spent her childhood in California. She returned to Burk Burnett where she finished high school. She attended Vernon Regional Junior College where she majored in computer science.

She is married to Walter West Jr., who works for L.D. Burns Drilling Co. They have three children, a daughter, Brandy, 10 years old, a son, Trinity, six years, and another daughter, Ashley, two years. They are members of New Life Cathedral in Wichita Falls.

Her husband has a hobby of custom wood work in his spare time, and she is presently working part-time with the interior design of a new home in Shiloh II Estates.

Kathy's special hobby is knitting ribbon sweaters. Her other hobbies include playing the piano, singing, quilting, crocheting, embroidering, cross stitching. She also paints with oils, acrylic, plaster, creramic, porcelain, makes floral arrangements using silk, dried plants, also baskets with gifts and bows.

She decorates homes for the holidays and bakes and decorates cakes. She enjoys collecting recipes and antiques, swimming, water skiing and tennis. She said the most rewarding thing about her hobbies is that what she learns she can pass on to her children.

Kathy West

GUACAMOLE DIP

2 medium ripe avocados, peeled and pitted
2 T lemon juice
1 1/2 t minced onion
1 t minced garlic
1/2 t salt
5 drops liquid red pepper seasoning (Tabasco)

1 medium tomato, seeded and chopped
Slice avocados into medium bowl, add lemon juice, garlic, salt, liquid pepper. Mash with fork, leaving slightly lumpy, fold in tomatoes. If desired, add more red pepper seasoning. Makes 3 cups.

SAUTEED CORN

3 T margarine or butter
1/2 cup chopped onion
1/2 cup chopped bell pepper
1-12 oz. can whole kernel corn, drained
1 t salt
1 t black pepper
3 T parsley leaves

In frying pan, melt butter. Cook onion and pepper until wilted, turn heat to low and add drained corn, salt, pepper and parsley. Heat about 15 minutes. Be sure not to scorch by adding 2 T water.

BUTTER PECAN BROWNIES

Taste just like pecan pie but brownie style.
1/2 cup margarine
2 eggs
2 cups packed light brown sugar
1 t vanilla
1 1/2 cup sifted all-purpose flour
2 t baking powder
1/2 t salt
1 cup pecans, chopped finely

Preheat oven 350 degrees. Grease 13x9x2 inch pan with butter.
Beat eggs until light and foamy in large bowl with electric mixer. Beat in sugar, vanilla and margarine until creamy. Combine flour with baking powder and salt. Add to egg mixture, mix at low speed until blended. Stir in pecans at low speed. Mixture will be stiff.

Spread evenly in prepared pan. Bake at 350 degrees 25 to 30 minutes or until top is light brown. Cool 10-15 minutes. Cut into bars. Makes 2 dozen. They are very chewy and you may not think they are done when they are.

PORK CHOP CASSEROLE

8 pork chops, boneless preferred
5 medium-size potatoes
Salt, pepper and flour pork chops on both sides. Put in skillet with small amount of shortening and brown both sides, then lay pork chops aside and save the grease from them.

Grease a glass casserole with lid mildly. Peel and slice potatoes thinly in round slices. Put about 3 T water in dish and half of potatoes. On top of potatoes drop 3 T margarine or butter and 3 T leftover grease from pork chops, salt and pepper. Add remaining potatoes, salt and pepper again.

Then lay all of the browned pork chops on top of potatoes. Cover with lid and bake at 350 degrees 1 hour or until potatoes are tender. Best served with corn, hot bread and a garden fresh onion.

HERBED FRENCH BREAD

1/2 cup margarine or butter, melted
3 T minced parsley
1 T minced garlic
1/2 t oregano
1/2 t basil
1/2 t salt
2 loaves French bread, cut in 2 inch slices

Put the melted margarine or butter in a small bowl, add remaining ingredients and stir. Place foil on 2 cookie sheets and lay bread out individually and brush mixture on. Cover with foil and bake at 400 degrees 10 minutes, remove foil and bake 10 more minutes or until light brown.

First Iowa Park horse in All American Futurity

When the gates open Monday evening for the All American Futurity horse race at Ruidoso Downs in New Mexico, there'll be at least two first-time happenings occurring.

One: the first horse from Iowa Park is entered, and Two: the jockey will be a female.

Jet O.J., owned by Mr. and Mrs.

James "Bud" Wells who live on FM 367 just west of 369, will be running for a portion of the \$2-million total purse, and first prize of half that.

Jet O.J. qualified for the world's richest race last week with a time of 21.625 seconds.

Other qualifiers in the big event,

and times, were: Jet Go Chick, 21.370; Some Power play, 21.480; Will Be Easy, 21.565; Sompinlike-glass, 21.565; Ronas Ryon, 21.600; Lil Bit Shiney, winner of the Rainbow Futurity, 21.605; Marthas Six Moons, 21.625; Bunny Rockette, 21.675, and Bidly Bye, 21.685.

The race will be televised at 7

p.m. on Wichita Falls Channel 3.

Jet O.J., a two year old, has run in six races, and placed in the money each start.

And the jockey in each of those races was Barbara Waters from Colorado, who will be the first female rider ever to compete in the All American Futurity.

Trainer of Jet O.J. is Lee Jones, of Randlett, Okla.

After winning the Rocket Bar Futurity at Raton, N. Mex. July 6, in a time of 17.75, Wells decided to pay the supplement fee of \$50,000 to get his prize runner in the All American.

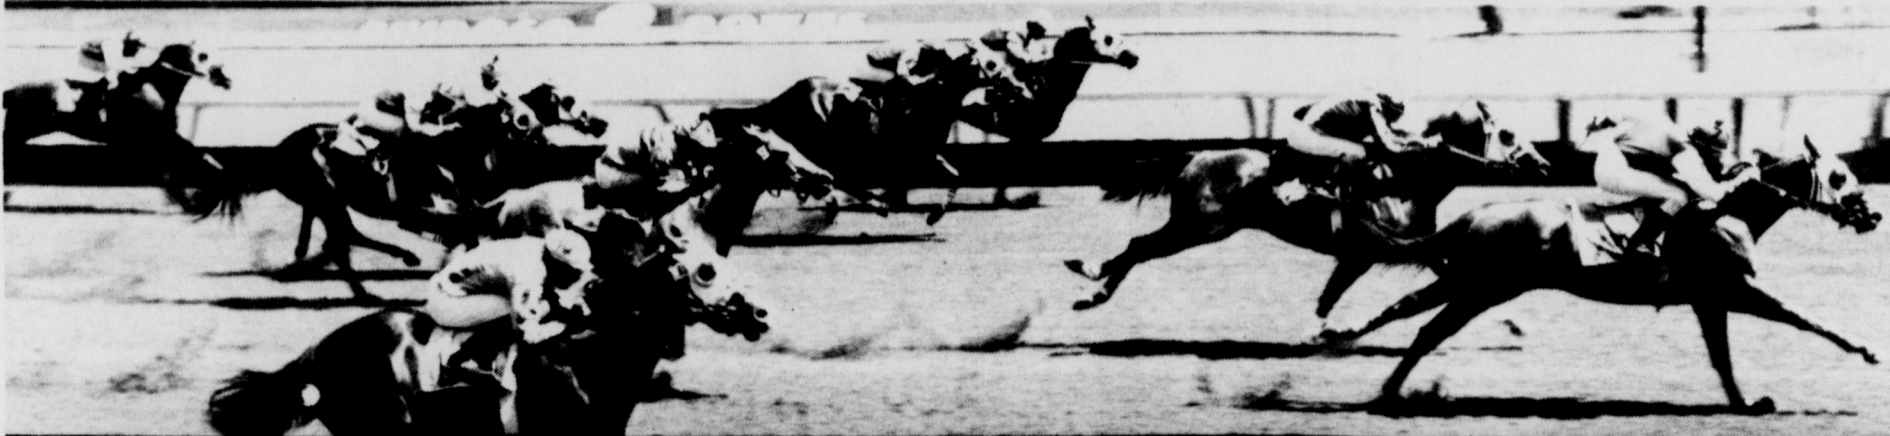

Six horse owners paid the same supplement fee, and five of them made the All American.

They'll be running for first prize of \$1-million. Prize money to place

is \$343,500, and \$153,500 to show. Fourth place pays \$105,500; fifth \$77,500; sixth \$73,500; seventh \$69,500; eighth \$65,500; ninth \$60,500, and tenth \$51,500.

Any horse having qualified will earn at least \$51,500, even if it fails to answer the call, as only ten horses are in the race.

Jet O.J. is now assured of having earned over \$100,000 this year. But that figure could surpass the magic \$1-million mark.

Hawks to scrimmage Olney here tomorrow

The second and final pre-season scrimmages for Iowa Park varsity, junior varsity and freshman football teams will be held Friday in Hawk Stadium with teams from Olney.

Freshmen teams will begin at 5 p.m.; JV at 6, and varsity at 7:30.

Fans attending the scrimmages will have an opportunity to eat dinner at the high school cafeteria, where the Booster Club will serve a brisket dinner from 5 p.m. to 8:30.

Coach David Baugh is expecting improvement of his varsity players, as compared with their performance last week at Holliday.

He told the players he was not satisfied with their play against the Eagles.

Both teams scored twice, but the

Big Red offense just about had its way against the Mean Green defenders, rolling up 215 yards rushing, 62 passing and 15 first downs.

The Hawks ran for 185 yards, with 70 of those on one play, passed 66 yards and had nine first downs.

Iowa Park's scores were made by David Meissner, who ran 70 yards to the end zone, and a one-yard plunge by Danny Forman.

Both Eagle TDs were scored by Tim O'Brien, 22 and 20 yards.

Baugh said his defense was helped when he moved Robert Adams back to noseguard after trying him at a linebacker position.

He was also pleased to see his returning starting tailback, Scott Weaver, running the ball without any

difficulty. Weaver was hurt in an off-season vehicle accident.

In the freshman scrimmage, Iowa Park outscored the hosts 1-0, and racked up 11 first downs to eight.

A mid-week change was made in the junior varsity's scrimmage plans, according to Coach Daryl Frazier.

The JV scrimmaged the varsity team of Crowell at Vemon, and was outscored 2-1.

Frazier said he wasn't disappointed, however, because Crowell scored the first play from scrimmage, on a busted play.

Holliday mentor Don Lucy said he was pleased with his offense, but still wanted improvement from his defensive platoon.

Holliday suited out only 20 varsity players, with three sidelined.

SCOTT DAVIS FINDS FLOCK OF EAGLES DURING FRIDAY SCRIMMAGE

PRACTICE MAKES PERFECT - Members of the Friendly Door served as a sounding board Monday for a safety program which will be given school children this year. Trooper Joe Clements, left, public information officer for the Department of Public Safety, and Deputy Artie Woods with the sheriff's department, asked the senior citizens to be their audience and give reactions.

Gregg Graves joins Bridgeport

Gregg Graves has been named freshman football coach at Bridgeport High School by head coach Tommy Sloan.

Graves, a former Iowa Park student who was graduated from Holliday High School and Midwestern State Univ., is the son of Mr. and Mrs. Grady Graves.

He lettered all four years while at Holliday High.

Sloan is the new head coach at Bridgeport, moving there from Knox City where he guided the Greyhounds to the 1983 state championship.

ABOUT TOWN

A Iowa Park youth, Michael Smith, won a pool tournament for age 12-14 recently in Wichita Falls. He is the son of Mr. and Mrs. Bruce Smith.

Municipal Court Records

Results of municipal court held here yesterday were: Elizabeth P. Terrell, ran stop sign, \$43; Robert David Newell, speeding, \$60.

Due to an accident injury MARY'S HAIRCUTTING will be closed until further notice.

KIDS' DAY was observed Tuesday by members of The Friendly Door, and members dressed in their best classroom attire. That ketchup can in E.E. Sargent's hand isn't his spit can however. It's the type of lunch pail he carried as a young boy, complete with biscuits and bacon sandwiches.

Hay contest entries due by Sept. 11

By DAVID FINLEY
County Agent

Hay season is beginning to slow down and with that starts the hay shows for 1986. Wichita County will again this year have a hay show, and we look for it to be bigger and better than last year's.

Entries for the show are now being taken at the Extension Office in Wichita Falls, or they can be dropped off at Texoma Agricultural Products in Iowa Park, K & K Grain in Electra or Berend Brothers in Burkburnett.

Entries will need to be at one of these locations by Sept. 11.

Round and square bales may be entered in the show. Those producers who have round bales will need to bring a sack of hay from the interior of the bale. This is what the protein samples will be taken from.

All samples entered in the show will have a protein analysis run. This will be done courtesy of Ralph Harvey and Texoma Ag Products of Iowa Park and Burkburnett. The protein score will then be coupled with a physical score of the sample. Both added together will give the total score that determines the winner.

The 1986 show will be held on Thursday, Sept. 25 at the 4-H Complex at 1626 Midwestern Parkway in Wichita Falls. It will be judged by Dr. Dale Lovelace, area forage spec-

ialist from Dallas. He will also present a program on hay quality and pasture management at the show. This will begin at 7 p.m.

Prizes for the show will include cash, gift certificates and merchandise of up to \$100 for each class winner. Classes of hay that may be entered include coastal bermuda, native bermuda, forage sorghums, alfalfa and small grains. Entries for the show will also be taken from residents of Archer and Clay counties.

Last year's show was won by Ross Roberts with an entry of alicia bermuda. It was an excellent sample that had around 20 percent crude protein. It later received a blue ribbon at the state hay show. The reserve champion was also a bermuda sample entered by Roberts, of Iowa Park.

All top entries and class winners will again be sent to the state show. These will represent the best from the county.

Finnell joins fight against income tax

Rep. Charles Finnell announced he is again sponsoring legislation which would prohibit Texas from establishing a personal income tax.

"I am co-sponsoring House Joint Resolution One which would present a constitutional amendment preventing the state from taxing personal income," Finnell said.

"If there is one issue of special concern to the people of our district it is preserving a positive business climate by avoiding a state income tax.

"At a time when many are demanding increases in state taxes, I believe that we need to reassure Texans that they will not have a state income tax forced upon them in the future.

"If the time comes when a tax in-

crease does become necessary, an income tax should be avoided at all costs," he said.

The governor expended the agenda of the current special session to consider HJR 1 this week, Finnell said. He noted that similar legislation which he supported during the regular session was approved by the House but not by the Senate.

"I think it's time our colleagues in the Senate joined with us in living

within available revenues," Finnell said. "If the people vote for banning a state income tax, I believe future legislatures will be more likely to follow this prudent course."

The legislator from Holliday said he is hopeful the state's fiscal business will be concluded without the necessity of an additional special session. The current special session is scheduled to expire a week from today.

Allstate Update: Homeowners Insurance

"Before you write another check for homeowners insurance, compare. It could save you money!"

Robbin Crawford

Agent

Library News

Summer fun is ending, but... we would like to invite all children from age three up to sixth grade level to participate in our "grand finale" at the library. Friday, August 29, we will be having a triple treat just for you. The highlight of the day will be our friend the clown. It will begin at 11:30 a.m. and end at approximately 1:00 p.m. Don't forget to bring your sack lunch. Because summer is drawing to a close, our storytime schedule will be changing. The new storytime hours will be 2:30-3:15 on Tuesdays and 9:45-10:30 on Thursday. This involves preschool age and kindergarten age children only. (Age 3-6). We will continue to have our Children's Hour on Saturday at 9:30-10:30 a.m.

The North Texas Library System has recently announced that its 16mm film service has expanded. This special service is now available to individuals, groups, and schools through our library.

Recent donations to the library were issues of the Genealogical Helper: 1965-1972, 1977, 1983-1984 issues of the National Genealogical Society Quarterly. These were donated by North Texas Genealogical Association of Wichita Falls.

A complete set of Louis L'Amour western books were donated by Lavena Harlan in memory of her husband, Frank Harlan.

A memorial was received from Mr. and Mrs. Buster Reaves in memory of Mrs. B.A. Rogers.

REMINDER:

We are still holding our book sale at the library. Paperback books sell for 10¢ and the hardback books for 25¢.

July DPS report

Department of Public Safety troopers investigated one fatal accident, nine personal injury accidents and four property damage accidents during July, according to Sgt. Jerry Hopkins.

Lunch: Chili beans, french fries, spinach, cornbread, milk, cake.

Thursday, Sept. 4

Breakfast: Toast, jelly, fruit, milk.

Lunch: Chicken and noodle, green peas, cream potatoes, milk, fruit, cornbread.

MR. AND MRS. STEVE BROWN

Browns to observe 60 years marriage

Mr. and Mrs. Steve Brown will celebrate their 60th wedding anniversary Sunday at a reception to be held in the Fellowship Hall of the Iowa Park Church of God between 2-4 p.m.

The reception will be hosted by the couple's children and their spouses, Mr. and Mrs. Bob Fox, Mr. and Mrs. Jerald Brown of Iowa Park, and Mr. and Mrs. Leon Goforth of Cleveland, Tenn.

The Browns are natives of

Oklahoma, and they were married Aug. 28, 1926, at Walters. They have lived in this area 57 years.

They are members of the Iowa Park Church of God where she is assistant teacher of the Ladies Bible Class and he serves on the board of trustees. He retired in 1970 as an independent oil operator and she is a homemaker.

Friends of the couple are invited to call during the reception and enjoy the occasion with them.

Tips On Dental Health
RICHARD CARVER, D.D.S.

THE PORCELAIN VENEER CROWN

If you were to ask the dentist what combination of materials would bring the patient the most functional, beautiful and satisfying results... he would probably say the porcelain veneer crown.

Dental porcelain is an extremely hard, highly reflective and color stable material which gives the restoration the desired beauty and strength.

The desire of the dentist is to restore the tooth to a normal form, looks, and function. We all know that attractive teeth are a definite asset to any personality. No matter what your vocation, we all know that when we talk to people we look at their face and mouth.

Porcelain veneer crowns are used to restore teeth that have been disfigured as a result of extensive decay, breakage, abrasion (wearing), imperfect development, or discoloration. They sometimes can be used to correct poor alignment.

If you have one of these problems, why don't you ask your dentist about the possibility of porcelain veneer crowns to help give you a smile of beauty. Preparation of the tooth usually takes one appointment, then about two weeks later it takes about 20 to 30 minutes to trade the temporary crown for the new crown.

Prepared in the interest of better dental health. Richard Carver D.D.S., Phone 592-5141.

CROWN 'EM KING 'N QUEEN OF WHOOP-T-DO!!

Epsilon Eta Chapter of Epsilon Sigma Alpha International in vites all boys and girls in the age groups of 0 to 3, 4 to 7 and 8 to 12 to compete for teh title of WHOOP-T-DO-KING or QUEEN! A king and queen winner will be named in each of the three age groups. Votes are cast by a penny per vote. The winners will be determined by the child who has collected the most money for votes. Winners will be crowned at the WHOOP-T-DO on SATURDAY, SEPTEMBER 27, 1986.

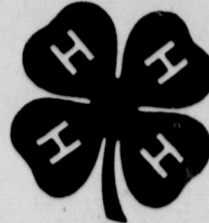

EPSILON ETA (ESA) is a non-profit service organization which supports many worthwhile projects such as St. Jude Children's Research Hospital, Muscular Dystrophy Association, Birth Defects Centers of Texas fingerprinting, Iowa Park Library and has been solely responsible for teh development of Pace Park at First and Clara Streets.

PLEASE RETURN THE COMPLETED FORM TO JUDY MITCHELL 1317 SUNSET, IOWA PARK.

Candidates and parents are invited to a Special Tea on Sunday afternoon, September 14th at Texas Electric Reddy Room, 2:30 to 4 p.m. You may call one of the following persons for more information:

4-H CLUB NEWS

BICYCLE PROJECT MEMBERS PARTICIPATE

The Iowa Park 4-H Bicycle Project members, along with Boy Scout Troop 38, and their parents, were riders in the Hotter 'N Hell 100 Bicycle Ride Saturday in Wichita Falls. They were among some 6,800 participants.

The local riders had been training for the ride since early summer. A session was also held Aug. 17 at the Decker home. Instruction on "Extended Bicycle Riding in Hot Weather" was presented by Ron Barnes, and that was followed by a swimming party.

Don Decker rode the 100 miles in slightly more than six and a half hours. Scott James and Keith Decker completed 50 miles, Ricky Byrne rode 37, and Randy Barnes, Jeff Boyd, Joey Boyd, Clay and Greg Carrillo-Miranda, Justin Daume, Ben Evans, Jerry Inman, Julie James, Peter Putman, Joe, Steven and Alan Parkey, Dee Decker, John David and David Padgett all completed 25 miles.

David Parkey completed 15 miles while David and Ron Barnes rode 10 miles.

Ralph and Aquilla Carrillo-Miranda started the 25-mile route, but Mrs. Carrillo-Miranda was involved in an accident. She was treated and released from the emergency room in time to cheer the others as they crossed the finish line.

In Texas, 98.5% of all the people killed in passenger cars, trucks, and buses in 1980 were not wearing their seat belts.

Notice

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

CNC Inc., Et Al, P.O. Box 4294, Wichita Falls, TX 76308 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Cisco George, Well Number 3. The proposed injection well is located 4 miles SW of Burkburnett in the Regular Field, in Wichita County. Fluid will be injected into strata in the subsurface depth interval from 665 to 670 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the State-wide Rules of Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/445-1373). 8-28-1tc

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Tom Swanson, P.O. Box 272, Electra, Tx 76360 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Ellenberger Lalk Bros., Well Number 1. The proposed injection well is located 5 miles NE of Electra in the Wichita Regular Field, in Wichita County. Fluid will be injected into strata in the subsurface depth interval from 3725 to 3795 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the State-wide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/445-1373). 8-28-1tc

PUBLIC NOTICE

The Board of Adjustment of the City of Iowa Park, Texas, will conduct a public hearing at 5:30 p.m. on Tuesday, September 2, 1986, for the issuance of a variance at Lot 1, Block 162, Original Townsite (804 South Colorado), to allow a business in an R-3 zone. Any comments for or against may be presented orally at the hearing or in writing to the City Administrator prior to the meeting. All meetings are open to the public. 8-21-2tc

\$1000 REWARD

Tom Swanson Oil Co., TS&T Drilling Inc. Ph. 817-495-3971. 8-8-1tc

AREA OIL & GAS NEWS

An Electra-based operator has staked location for the No. 13 Thurlo, a 1,850-ft. developmental well to be located 3.3 miles north of Kamay. The well will be drilled in a 59-acre lease in the GC&SF Survey, A-796. Location is in the Wichita Regular Field.

The operator is Jimco Oil. The well will be situated 898 feet from the north line and 455 feet from the east line of the survey.

Drillsite has been staked for the No. 1 Miami, a 2,000-ft. developmental well in the Wichita Regular Field. The operation will be located four miles east of Kamay in a 79-acre lease in the SPRR Survey, A-265. The operator is Petro-Span Production of Wichita Falls.

The well will be located 150 feet from the north line and 2,200 feet from the west line of the lease.

A.J. Cates has revealed the plugging and abandonment of the No. 1 Burnett, a developmental venture in the Wichita Regular Field. Drillsite was 1.5 miles southwest of Iowa Park in the H&GN Survey, A-435.

The well bottomed at 900 feet with no commercial prospects. Drillsite was 2,249 feet from the

north line and 758 feet from the west line of the lease.

Monroe Well Service has suspended operations at two developmental wells in the Wichita Regular Field.

The Nos. 15 & 17 Bickley "A"-GMK were located 2.5 miles northeast of Electra in the J.F. Torrey Survey. Both wells had been spudded in March of this year.

The No. 15 well had been bottomed at 1,000 feet and plugged back to 985 feet, while the No. 17 well had been bottomed at 1,650 feet and plugged back to 1,623 feet.

The No. 15 well is located 2,200 feet from the north line and 850 feet from the west line of the survey.

The No. 17 well is located 2,200 feet from the south line and 900 feet from the east line of the survey.

Testing for potential is underway at the No. 1 P.G. Krohn Inc., a wildcat venture of Tom Swanson. The well is located two miles north of Electra in Wichita County's Waggoner Colony S/D Survey, Bk. 248.

The well was spudded June 10, and was bottomed at 4,293 feet and plugged back to 2,200 feet. No details concerning perforations were disclosed.

The well is located 330 feet from the south line and 330 feet from the west line of the lease.

Paul DeCleva, Inc. has given up on his efforts to make producers out of two wildcat wells in Hardeman County. The No. 1 Cato "A" and the No. 1 Sam Judd were located seven miles west of Medicine Mounds, respectively.

SOME PEOPLE BUY AIR CONDITIONERS LIKE THERE'S NO TOMORROW.
 When it's time to replace your old air conditioner, it'll probably only take you a little while to find a new one that looks pretty good and doesn't cost much. But it'll take a lot longer to realize a quick bargain is likely to cause a slow burn on your wallet every month.
 A high-efficiency air conditioner could make a difference in your cooling costs this summer and every summer. A high-efficiency choice means steady savings because you're getting the same amount of cooling using less electricity than with a low-efficiency unit. On top of this, you'll get a valuable rebate from your electric company if your central air conditioner or window unit meets our Energy Action standards.
 See your recognized Energy Action air conditioning contractor or dealer for help in choosing a high-efficiency air conditioner or heat pump. Tomorrow, you'll be way ahead of the game.
