General Election voting is Tuesday

While the race between incumbent governor Mark White and former governor Bill Clements has captured most of the public's attention, another very important issue will be on the very end of the ballot in Tuesday's general election.

Voters of Wichita County will be deciding on an emergency telephone number, which has been endorsed by every law enforcement and emergency medical facility in the

area. Enhanced 911 telephone would link all emergency offices through the use of a computer, which would be used in cases of incomplete information, directions and situations are called into one of the offices.

Cost of the service would add not more than 27-cents to each residence telephone bill monthly.

The issue appears at the very end of each ballot which will be marked

in the county, right after the four state constitutional amendments.

Polls in the Iowa Park area which will open at 7 a.m. and close at 7 p.m., are: Precinct 32, County Agriculture Building; Precinct 33, Faith Baptist Church; Precinct 34, West Wichita Coop at old Valley View school campus; Precinct 53, Pleasant Valley Church, and Precinct 60, Valley Farms Community House.

Hawks, Tigers to renew long-standing rivalry

Other than pre-season scrimmages, it's been a long time since Iowa Park and Jacksboro have met on the football field.

But they will, at 8 tomorrow night in Hawk Stadium in a Dist. 6-AAA contest.

The Tigers are still searching for their first win of the season, since being moved up from Class AA this year, and the Hawks will be trying to hold onto a playoff position after losing last week to Breckenridge.

The two clubs haven't met in a regulation game since 1979. That was one of six frustrating events between the Hawks and Tigers over the past 17 seasons.

Iowa Park shut out Jacksboro in 1979, 35-0. The Hawks won 35-6 in 1978, which was identical to the out-

come of the 1973 score. The year before that, Iowa Park won 29-19.

The last time the two schools were in the same district was 1970, when Iowa Park edged the Tigers 39-30, and went on to share the state championship with Refugio.

Iowa Park and Jacksboro played in the state AA semi-final game in 1969. The Hawks shut out the Tigers 21-0 in Wichita Falls, and went on the following week to defeat Klein 31-14 for the AA title.

The youngest brother of a star on the 1969-70 Hawk teams will be in a Tiger uniform Friday.

Jet Webb, brother of Steve and youngest son of former Iowa Park Junior High principal Austin Webb, returned to the playing field last week against Decatur after recovering from

a broken leg suffered in a pre-season scrimmage.

Webb carried the ball 10 times for 37 yards before being sidelined by another injury, and his teammates went on to lose 48-14 to Decatur.

Jacksboro's enrollment was high enough the previous two years to be moved up to Class AAA. But, with the crunch in the oil field, many families with players have moved, cutting into the team's numbers.

For this reason, the Tigers have had one of their poorest records in the school's proud history.

They dropped their four games of the season to members of tough Dist. 9-AA, 8-3 to Holliday, 28-0 to Electra, 24-0 to Henrietta and 28-7 to Olney.

Winding up the non-conference schedule with a 26-6 loss to Sanger, the Tigers fell 15-14 to Bridgeport and 41-0 to Breckenridge before last week's loss to Decatur.

Iowa Park suffered its first district loss of the season Friday to Breckenridge, and second of the season.

The loss partially removed from the Hawks control of their playoff hopes, because of a change in conference rules from 1985.

Even if Iowa Park beats Jacksboro and Bridgeport the following week, they won't have an automatic ticket into the playoffs.

The outcome of the Breckenridge-Decatur game next week could determine which teams are district representatives.

Should Decatur beat Breckenridge

Hawk fans should watch for 'goblins' Friday nite

Halloween is always a time when drivers should exercise caution during the evening hours, because of children crossing streets "Trick or Treating."

But this year, with Halloween coming on a Friday evening when the football team is playing here, drivers are being asked by authorities to be even more cautious.

"Many disasters can be prevented this Halloween, if parents and motorists will use good judgement," said Maj. V.J. Cawthon, commander of the district Texas Department of Public Safety.

"Small children should be accompanied by older children or adults and trick or treating be confined to those areas that the parents are familiar with. Costumes should be light in color, non-flammable and any type of

WALKING THROUGH OSCAR PARK - A family of walkers, among some 180 from points as far away as Dallas and Oklahoma City, takes a path through Oscar Park Saturday, during the Buffalo Chip Kickers' Volksmarch. The event attracted people who enjoy walking, and jogging, to the community Saturday and Sunday. A spokesperson for the organization said the participants enjoyed the tour so much, they are planning to come back again next year.

City changes format to elect aldermen

Among the numerous ordinances approved Monday night by the city council was one which changes the format of electing aldermen.

Commencing next April, aldermen will be elected by place, rather than at-large. This is the same format Iowa Park school trustees went in the last election.

Candidates, other than those seeking the mayor's position, will file for a place on the council. The mayor and aldermen in even-numbered years, and odd-numbered places will be elected on odd-numbered years.

Each alderman currently on the

council was given a place number. Because next April will be an odd-numbered year, aldermen George Hammonds (Place One), Johnny Coker (Place Three) and Diane Robnett (Place Five) will be up for election.

Aldermen Bud Mercer (Place Two) and Bud Burch (Place Four) will face election along with Mayor Tim Hunter in 1988.

Another ordinance approved gave the trap shooting range at Lake Iowa Park a variance from the existing ordinance which prohibits all shooting of guns other than shotguns during fowl hunting season on the property.

The range is being constructed in the southeast corner of the property, just east of the dam.

A third ordinance, which required the city to provide housing for stray animals picked up by the animal control officer, was changed to establish the Humane Society Animal Shelter between Iowa Park and Wichita Falls as the official shelter.

The housing requirement had been ignored by the city several years and aldermen felt the "house cleaning" change should be made.

One provided for a \$500 reward when any city property was victim of vandalism, and required signs to be posted all over the city. Councilmen explained they didn't want to go to the expense of making all the signs.

Another ordinance repealed made it unlawful to sniff glue, which is already covered by state law.

A section of the ordinance which provided for expenditures of the Planning and Zoning Commission was repealed because it is covered in another portion of the existing ordinance.

Also repealed was an ordinance which prohibited parking of vehicles on any streets of the city between 2 and 5 a.m. Council members could give no reason for why that was on the books, and didn't feel it was needed.

Because of dramatic increases in liability insurance, the council voted to drop its "umbrella liability" coverage and retain its \$1-million general liability coverage.

The present policy expires Friday, and the new coverage would put the city well over its budget to retain the same coverage it now has, which was increased by \$47,000.

Annual premium for the new liability coverage is \$18,925. Neighbors of Faith Baptist

Local man stabbed, assailant in jail

A 29-year-old Iowa Park man is in Wichita General Hospital recovering from stab wounds and a 51-year-old man is in county jail facing a charge of aggravated assault with a deadly weapon.

Kent Edward Fairchild was stabbed twice in the abdomen with a kitchen knife by Oscar Bethel shortly after 8 p.m. at 1003 Park Plaza.

According to the police blotter, Velma Oakley telephoned the station about the incident, and said Bethel had left the scene on foot.

Bethel, intoxicated, walked into the police station to turn himself in, and about the same time, Wichita Falls police called to inform officers that Fairchild had been received at the hospital with the wounds.

Bethel was taken before Justice

of the Peace Virgil Hill and transported to Wichita County Sheriff's Department.

Fairchild was listed in serious condition.

Police were kept busy during the early morning hours of last Thursday, trying to catch two subjects believed to have attempted two burglaries between midnight and 3:40 a.m.

A patrolman, at 2:44 a.m. found the rear door of Smith X-ray damaged, but an inspection with the owner determined nothing had been taken.

At 3:40, residents of 504 E. Highway called the dispatcher to report someone had broken into the downstairs of the building. Nothing was taken from there, also.

Wednesday afternoon of last week, Roger William Combs, 24, was arrested at the police station on a charge of possession of a controlled substance. He was taken before Judge Hill, placed under a \$10,000 bond, and released to a county deputy.

Officers arrested Bobby Joe Owen, 22, at 7:53 p.m. in the 1500 block of Karen on a charge of carrying a weapon, a dagger. He was released at 11 p.m. to the Wichita County Sheriff's Dept., according to the blotter.

Two thefts were reported to police. Mary Downing, a resident of Country View Mobile Home Park, told police at 6:57 p.m. Thursday that someone had taken her billfold from her car parked at Wal-Mart.

Friday, J.L. Reeves, 301 E. Diamond, reported the theft of a lawnmower.

David Wayne Hunter, 22, was arrested Sunday afternoon on a locally issued warrant of criminal mischief. He was taken before Judge Hill and released to a county deputy.

Early farming life both 'snips, sugar'

By OLIVE BLALOCK

Mrs. Nettie Morgan, 97, is not one of the early pioneer women who ventured to Texas with her husband, living in a dugout or log cabin. Rather she came to Texas from Decatur, Ala. with her parents when she was four years old. They settled at Waxachaie.

Her father was a farmer and when she was 18 years old, she married a farmer, William Dalton Morgan. She faced farm life anew with love, enthusiasm, courage, self confidence, ingenuity and an abiding faith in God, such as the earlier pioneer Texas women had.

She soon learned that farm life had some "snips and snails" but that it also had lots of "sugar and spice."

The first year of the Morgan's married life, they lived at Crisp, then purchased a farm near Plano where they lived 14 years.

One of the "sugar and spice years" was when they made 100 bales of cotton, and Mrs. Morgan weighed every pound of it for those who picked it. The good cotton year enabled them to buy 160 acres of land between Plano and Richardson, buy a new car, and build a house for the hired help.

At times there was quite a bit of excitement "down on the farm." Mrs. Morgan chuckled as she recalled her experience of trying to shoot a hawk that was after one of her chickens, and instead almost shot her husband. He had lain down on the floor to rest and snooze for a few minutes, as was his custom after he had eaten the noon meal. She spied the hawk and with supreme courage she picked up the shot gun thinking that she would kill that bird. But it had nothing to fear because she shot the floor instead of aiming at the hawk. Her husband aroused from his siesta immediately and his reaction was "you shot me."

The Morgans left Plano and bought a farm close to Richardson where they lived only two years. "The place was too small and my husband wasn't happy," she said. From there they moved to Wise County where they lived 20 years. It was there that they adopted their twin daughters, Betty (Mrs. Louis) Sefcik of Iowa Park and Sue (Mrs. Wayne) Naugher of Waggoner, Okla., who were two years old. Their mother, Mr. Morgan's niece, died.

The Morgans had lost four children in infancy and the little girls brought sunshine to their lives. As the girls grew up, the couple moved to Denton where they could finish

MRS. NETTIE MORGAN

high school and attend college at North Texas State Univ.

One of the most rewarding experiences in Mrs. Morgan's life was that of helping to reopen a church building and start services again. This was a little country church building between Decatur and Justin. She and her sister-in-law decided to clean the building that had been closed for some time, and once they had it cleaned, they decided to start a Sunday school in the evening.

The response was so gratifying that they changed the time of the school to Sunday morning, and before too long they were having worship services conducted by young preachers from Southwestern Baptist Seminary.

A memory that Mrs. Morgan will forever cherish was an experience of the past summer, when she and Mrs. Sefcik visited the church. It's appearance had changed drastically, both on the outside and inside, since she had seen it. She

referred to the modern brick structure as "the most dressed up thing you ever saw." They met the full-time pastor and stayed for the Wednesday evening prayer service.

Before the Morgans moved to Wise County they rented their farm at Plano and "did not know what to do," so they decided to pack a truck with bed, clothes, dishes, Dutch oven and other necessities and go to the Concho River to fish. They were not there long before a farmer cautioned them not to stay in the river bed at night because a family had been drowned there. Undaunted, they fished during the day and drove the truck to higher ground at night.

While they were in the Concho River area, they found opportunities to be of help to others. They were asked to stay in the home of a family and care for their boys so that their mother could go to see her parents that she hadn't seen for 14 years. They obliged.

During another time of not knowing what to do, the Morgans spent a year at Lubbock and operated two grain trucks at Muleshoe. This, of course, necessitated Mrs. Morgan driving one of the trucks. One winter day, it had begun to snow before they left Muleshoe and in a very short time it was almost knee deep. About 9 p.m., they spotted a light in a farm house and drove to the house to ask how far they were from Lubbock. The man of the house told them in effect that they were entirely too far to continue on in the snowstorm and invited them in to spend the night.

Mrs. Morgan said that they saw hospitality at its best that night. The children were roused from their bed and it was readied for company, the wife and mother made a fresh pot of coffee and cut a cake for them. By morning, it had stopped snowing and the sun was shining and they were soon on their way to Lubbock.

Mr. Morgan died in 1951, but

she continued to face life with indomitable courage and carried on with a unique spirit of bravery. At the age of 84, she sold her home in Denton and moved to Ralston, Ark. where she bought a lot in a scenic section and put a mobile home on it.

A preacher friend and his wife whom she knew in Denton had moved to Ralston, and he and Mrs. Morgan shared at least two hobbies in common, raising a garden and canning the produce. They canned together in a kitchen in an abandoned house on a farm that his family owned. The house was in shambles but the kitchen was kept in good shape for deer hunters in the family.

Mrs. Morgan was very happy in Arkansas for several years. From there, she went to her daughter's home in Waggoner, Okla., where she lived several years. Then she came to Iowa Park to live with Betty and Louis Sefcik. But she broke her hip two years ago and has been living at Heritage Manor since.

If one wonders how a woman who has lived such an active, useful life can adjust to a life of inactivity he need not wonder about Nettie Morgan, because she keeps very active. Her spirit of cheerfulness is an inspiration to the residents at the home as well as to the staff members. She spends a lot of time crocheting and has crocheted eight afghans and numerous smaller articles since she has been at Heritage Manor.

She has five grandchildren and two great-grandchildren. They adore her and she adores them because young people are one of her first loves. She is looking forward to giving candy to the young people who will visit the home at Halloween.

One relative said that the story of her life could be poignantly told in these words: "She has put the Lord first, others second, and self last. And she will leave us a heritage worth living up to."

Diabetes... Detectable... Deterable!

There are over ten million people who are diabetics, and this amount is increasing annually by six percent. A thorough physical examination by a physician can identify diabetes, but there are signals that might alert suspicion. Two of the common warning signals are the onset of vision problems combined with a pain or tingling in the hands or feet at night.

Diet and exercise can control diabetes in milder cases, but injected or orally assumed insulin has proven the most successful deterrent to the disease. Diabetics who smoke cigarettes often require higher doses of insulin than nonsmoking diabetics. If a diabetic quits smoking, it might be wise to have their insulin dosage rechecked by a physician.

If an individual suspects diabetes in themselves or a family member, the best course is to seek medical evaluation immediately.

Railcrossing safety topic

Hobie Miller, an engineer on the Burlington Northern Railroad, gave the program on "Texas Operation Lifesaver" for the Iowa Park Lioness Club Thursday.

He said the program was designed to prevent railroad crossing accidents and was being given in all of the states except Hawaii. There are no railroads in that state.

He said that the fewer number of accidents, injuries and deaths at railroad crossings in 1985 showed that the program is working. He showed a film "Paths of Thunder" to show the tragedy of taking chances and racing to beat a train to the crossing, and he discussed speed limits and stopping distances of trains to avoid most of the accidents that occur.

He distributed litter bags, pencils, pamphlets and railroad bumper stickers to members. Mrs. C.L. Thompson introduced the speaker.

Mrs. Riley Thompson used an appropriate theme "One Way Ticket" for the devotion, and members

As I See It....

By BOB HAMILTON

I know it's difficult to see through all the mud that's been thrown around during this race for Texas governor, which will be decided Tuesday. And it's equally difficult to decide which camp's polls tell how people actually intend to vote.

And after all these years, I've learned that my readers really don't care about which candidate I endorse, because they've already made up their minds.

But I'm going to fulfill a promise I've been making through these past four years, and that is to remind you about what Mark White has done to this state.

Frankly, I can't afford four more years of White's administration.

Okay, you might remind me that White doesn't pass legislation, he only signs into law what has been put before him by the legislature.

But I'll respond by reminding you that White admitted, and it was confirmed by every legislator I've talked to or read about who did not go along with White's education re-

form bill (HB 72), that he twisted arms and made threats hardly any elected official could reject, in order to get that bill passed.

Why do I mention HB 72? Well, it's been one of the most expensive pieces of legislation ever passed by Texas, and the cost has only started its rise. Give it a few more years, without change, and we'll all be broke.

That was part of the \$4.6-billion tax bill, largest in the history of the state. And this figure doesn't reflect the increases in fees and other costs.

What do I mean, fees? How much did your car's registration tag go up?

And just a couple of months ago, we had another whopping tax increase. They told us it was just for a year. But it was an increase put upon an increase.

Those who say they don't like Clements have reasons. I've heard them, often. But at least, he told us what he thought while he was gover-

nor, and whether we liked the way he said it, we knew it was fact.

No so with White, who led the elderly and educators on with lies.

For those few who might want to know how I'll be voting on the proposed state constitutional amendments, I intend to vote for number one, and against the other three.

And I'll be casting my vote for the Enhanced 911 emergency telephone number, which will be the last item on my ballot.

Whether you accept my thinking on this election or not, it makes no difference to me. But it does make a difference if you don't vote.

To the author of the letter I received last week concerning a situation in one of our schools, I want you to know I appreciate the letter, but I neither will nor can not print it because you refused to sign it.

Please don't insult my professionalism with such a final paragraph "...let me remind you that you have a moral obligation to this community..." until you acquaint yourself both with our letter policy and the laws concerning libel.

I understand what you said about not signing the letter, but this paper has a policy that applies to everyone: letters must be signed; the signature can be withheld if requested, but the letter stays in our files and is open to anyone requesting to see it.

May I suggest that you take your complaint to the school board.

Letter to the Editor

Feels blessed

It was my blessing to have been Jamie Todd's brother, who married Maurice Todd, both of your finer citizens. Jamie died about 14 years ago, and Maurice this past Tuesday, Oct. 21, 1986, and was buried in our home town, Cooper, Texas, yesterday afternoon after a service in Iowa Park.

I cannot tell you what a wonderful person Maurice was and what she meant to all those knowing her. Her life spoke with an eloquence that I could not match, or do justice to with words. I believe the summation of her life on earth could be captioned as a good daughter, sister, wife, mother, and friend. She was as nearly to every human being in her life as I believe she could have been. Of course, she was far from perfection, as she would be the first to claim, and acknowledge, but she proved that she wanted to be what she could be to those she loved. What a privilege to have been Jamie's brother, and Maurice's brother, too. I thank Him for them.

Also, I wanted to thank all the dear ones in Iowa Park who so graciously cared for, and attended to Jamie and Maurice during their life times, and upon his death, their help and comfort to Maurice and her boys, Delbert, Edwin and Gene. Also, to the many who cared for Maurice in her last illness, and so faithfully attended to her needs. May the Lord bless each of you, and each of them, and keep all of you.

We are told in James 4:14 "...For what is your life, it is even a vapour, that appeareth for a little

time, and then vanisheth away." We ought to say, if the Lord will, we shall live, and do this, or that. What a privilege to know Him as Lord and Saviour, and seek to serve him during this brief Earthly time.

With best wishes to all of you, I am, for all of us,
Sincerely,
Delford Todd

Church asked the city to review the plans the congregation has for developing a parking area on city property.

Church representatives several weeks ago received council permission to use Park Avenue right of way for parking, but Jimmy Gilmore said it was his understanding considerable dirt work was planned to which he and others objected.

Gilmore told the council he had found surveyor's stakes on his property, which prompted him to talk with church representatives about their intentions.

Alderman Coker appeared to summarize the thinking of the

council when he said, "If the church plans to do something that is not acceptable to all three parties (church, neighbors and city), then we need to stop them."

Other actions taken by the council during the meeting included:

- * approved advertising for additional trash dumpsters, estimated to cost \$8,000;

- * appointed Pauline Emiles as lay representative to the North Texas Library System;

- * heard a proposal by Deryl James to lease the northwest corner of Fourth Street and West Highway for use as a used car lot, but delayed any action until a later meeting;

- * rejected a proposal by County

Judge Nick Gibson to turn over the city's tax collecting responsibility to the county, which has been endorsed by the cities and schools of Wichita Falls and Electra but also rejected by Burkburnett;

- * approved a change order for the city hall exterior renovation project, to plaster tile the remaining exposed brick, rather than painting it as originally planned, at a cost of \$6,674;

- * and held a 37-minute executive session after which Mayor Hunter explained the council discussed applicants for the police chief's job and set Dec. 12 as a cutoff for receiving applications.

Cook of the Week

"When the frost is on the pumpkin," it is time to take full advantage of it, and Tami (Mrs. Ronnie) Taylor shows her appreciation of the pumpkin in her cake, bread and treats recipes for this week. The pumpkin pie is definitely one of the favorite desserts for Thanksgiving dinner.

The former Tami Catlin, daughter of Mr. and Mrs. Carl Catlin, was graduated from Iowa Park High School, and she is a member of the Lakeview Church of God. Her hobbies are oil and tone painting. She and Ronnie, who works for Catlin Oil Co., have two daughters, Brittany, four, and Bree-Ann, 18 months old.

The pumpkin is reported to have been around at least 7,000 years. Archeologists have found pieces of pumpkin stem, seeds and rind in ancient ruins of the Cliff Dwellers and Basket Weavers which certainly qualifies the pumpkin as a true native American.

The pumpkin, a versatile member of the squash family, has several names. The Greeks call it "pepon," a large melon, and that's supposed to be where the pumpkin began. Later, the name was changed to "pompion" (French for "baked by the sun"), and the English changed it to "pumpion." Finally, the American colonists made it pumpkin.

American Indians gave the pumpkin to the colonists. By 1630 one unknown colonist wrote "We have pumpkin at morning, pumpkin at noon. If it were not for pumpkin we should be undone." Preserving foods in those days was a tricky business. The Indians showed the pilgrims how to dry the meat and grind it into meal for year-around use.

Garden Club members take tour of nursery

Thirteen members of the Iowa Park Garden Club, and one guest, Mrs. Patricia Zeigler of Hanover, Penn., mother of Mrs. Vernon Gilbert, toured Harris Nursery and Landscape Friday morning.

Jimmy Hodges, manager, conducted a tour of the grounds, suggested landscaping tips and gave information concerning the best trees to plant in this area.

The large area of the nursery filled with chrysanthemums and pansies in full bloom was of special interest to club members. Hodges discussed the care and planting of the pansies which are beautiful in color in the spring, fall and anytime the weather warms during the winter. He said that they should be planted now so that they will become well rooted before the heavy frosts.

The tour guide said that pansies will survive temperatures as low as 15 degrees, and the plants will not be killed until the mercury drops below zero. He further stated that a sunny location will provide the most abundant flowers, but plants that are shaded by spring foliage of deciduous trees may bloom longer.

Continuing, Hodges said that the plants should be watered during dry periods, fertilized when planted and again in late winter.

Family funerals are a fact of life. If you find yourself suddenly faced with a funeral for which there has been no preparation, you must rely on your funeral director to help you make decisions about the service. But, what about the burial site?

The majority of families who come to the cemetery to choose a space, while in grief, are in a hurry. They are unable to tell the person in charge what they really want, in the way of a PERMANENT resting place for their love one. Any suggestions from the cemetery agent are considered to be for commercial purposes, and are usually ignored. Therefore, the family must accept the hasty decision from then on, and deal with frustration.

We at HIGHLAND CEMETERY want to help prevent some common mistakes:

1. If you don't have the price of a minimum sized family plot, be cautious about burying your loved one in a single space. It might be wise to borrow the funds, rather than regretting having that grave isolated from other family members later. This includes infants. Remember, you have no choice on single spaces, and you cannot purchase other spaces in that area for the family plot.
2. If you are able to purchase only the minimum sized family plot, but want to add to it later, ask the agent about plots away from rapid development. In this way, it is more likely that you can add adjacent spaces, without finding them sold before you have sufficient funds.
3. Don't rush into buying a stone while in grief. The funeral home marker will suffice for several months. But DON'T neglect it for more than a year.
4. Don't put an adult sized stone on an infant grave.
5. If you are widowed at a young age don't erect a "double" stone, with your name on it. Chances are you won't be buried there, and the space will be unusable by other family members.

LOTS OF PUBLICITY - Here is a stack of 471 "news releases" from various political candidates and party offices the Leader has received during the current campaign. The benefactor of it all was the U.S. Postal Service, which was paid \$99.87 in postage, which didn't include four envelopes which had no postage at all on them. To newspapers, this is similar to what people call direct mail advertising, "junk mail."

Convenience Banking?

What's So Convenient About:

- PAYING** higher interest on your loans?
- EARNING LESS** interest on your savings?
- PAYING HIGHER** service costs at banks?
- LOSING** local control over banking?
- SACRIFICING** service to the big banks' benefit?

YOU WILL HEAR A LOT FROM THE SO-CALLED CONVENIENCE BANKERS ABOUT PROPOSITION FOUR BUT YOU PROBABLY WILL NOT HEAR THIS:

The big banks of Texas hope to create a bank monopoly at your expense. Proposition Four has disguised branch banking as "full service banking." Whatever they call it - branch banking is a bad idea for Texas, and Texas will end up footing the bill for the big Texas bank holding companies to get bigger.

You especially don't want this to happen now since the Texas Legislature just passed a law permitting the large banks of New York City to purchase some or all of the large Texas bank holding companies. Not only can this legally happen now, but it is almost certain to take place in the immediate future.

For all these years, Texans have never wanted or allowed the big banks of New York City to own and control the Texas Banking Industry. We are sure that this position by the people of Texas still has never changed.

Protect Your Interests And Your Pocketbook On Nov. 4.

VOTE NO ON PROPOSITION FOUR.

PEEWEE HAWKS 24 HOLLIDAY 0

The Pee wee Hawks, as a result of Saturday's 24-0 win over Holliday, are the regular season champions with a 6-1 record.

For the third game in a row, the Hawks held their opponents to minus yardage. The Pee wee Eagles managed only one first down and had a minus 27 yards rushing.

Leading the Hawk defense in tackling were Josh Castles and Mickey Mayo, with five each, Phillip House and Jason Young had four each.

Brian Spruiell blocked a punt, Casey Moser had a key fumble recovery, Cory Thompson made a saving tackle on the Eagles' lone first down run, and Eric Heidrick and Clint Witherspoon had interceptions.

Corky Petty's long kickoffs kept the Eagles backed up, and Rusty Downs, Jeff Taylor, Witherspoon and Chad Simpson kept the middle stacked up, as the Eagles suffered only their second loss of the season.

Witherspoon led the Hawk offense with 61 yards, including a three-yard touchdown run and two extra point conversions.

Thompson ran for 47 yards, and scored Iowa Park's first touchdown, a 33-yarder.

Both teams advance to the playoffs at Griffith Field Saturday.

Blake Belcher's 73 yards on 20 tries. Rob McIlhane had 25 yards on 11 carries. The Eagles had 51 yards passing and 12 first downs. McIlhane led all receivers with three catches for 43 yards.

With the score tied at 0-0, the Eagles began their final march late in the fourth quarter.

The drive, which covered 55 yards in 12 plays, saw the hitting increase, as both teams fought for the title.

The Hawks, who hadn't given up a score since the second game of the season, played with renewed enthusiasm as the Eagles approached their goal line.

Holliday was fighting the clock as well as the most determined defense encountered all year.

The stadium literally exploded with the crowd noise as Belcher bulldozed his way over the goal line from two yards out, with only 32 seconds left in the game.

The extra point try failed.

As the boys shook hands after the game, a huge Hawk lineman started down at a small Eagle defensive back and sternly said, "We'll see you guys in the championship game." The Eagle looked up and replied, "We'll be there."

Playoffs begin in Iowa Park Saturday, with the Eagles playing Henrietta at 5 p.m.

MIDGET EAGLES 6 MIDGET HAWKS 0

When the gun sounded in Holliday Saturday night, the Holliday Midget Eagles were the division winners with a 6-0 win over previously unbeaten Iowa Park.

Fans leaving the stadium were overheard remarking that the game was the hardest-hitting, best-played Little League game ever.

Others said they had seen a better game a few years ago in Iowa Park, or was it on TV, they weren't for sure.

All agreed it was a "dandy."

The only real losers were the fans who didn't make it to the game.

Gary Gribble, Eagle defensive line coach, said, "This game reminded me of getting a tooth pulled. It was very painful, but it surely did feel good when it was over."

The game was a defensive struggle from the beginning, with both teams playing with an obvious respect for their opponent. Iowa Park's offense, which finished with 72 yards rushing in 33 attempts, controlled the ball the bulk of the first and third quarters. The Hawks completed one of four passes for six yards, and had a total of five first downs.

Holliday finished with 98 yards rushing on 31 attempts, paced by

Big Red at top in district race

HOLLIDAY - The Holliday Eagles are now the sole possessor of the first place spot in District 9-2A after defeating the Henrietta Bearcats 21-6 Friday night in Eagle Stadium.

They are now the only team in their district to remain undefeated in district play with a record of 3-0.

The Electra Tigers, who shared the first place spot with Holliday, fell to 2-1 Friday after losing to the Seymour Panthers.

The Bearcats scored on their first possession to lead the Eagles 6-0 early in the first quarter.

On the return kickoff Holliday moved the ball downfield, alternating between David Hoepfner and Tim O'Brien. A three-yard run into the endzone by Hoepfner and extra point by O'Brien put the Eagles in lead lead 7-6.

On Holliday's next possession, Eagle quarterback, Pat Maxwell, completed a 43-yard pass to Jason Loftiss to set Holliday up with a first and goal at the Henrietta four-yard line.

Two plays later, O'Brien scored

and made a successful extra point kick to further Holliday's lead 14-6 at the end of the first quarter.

It was O'Brien again who made the final score for the Eagles late in the third quarter on a four-yard sweep. O'Brien third extra point brought the final score to 21-6.

Holliday racked up 299 yards rushing, with 179 credited to Hoepfner, while holding the Bearcats to only 23.

The Eagles will take on the Electra Tigers at 8 p.m. Friday in Eagle Stadium.

JV wins, Frosh lose

By Cyndi Blanton

It was a repeat of their last games, as the Freshmen fell and the Junior Varsity Hawks were flying high in Breckenridge on a rainy Thursday last week.

The muddy field may have caused problems for the Freshman team, but the JV players used the puddles and downpour to their advantage.

It was a mess as the Freshman Hawks took the field in the first quarter of the game. They were the first to score as Jimmy Duggins ran in a quarterback sneak for six points. A two-point conversion, successfully executed by Jimmy Nicholson, gave Iowa Park an early lead, 8-0.

The Frosh went on to score again off a Buckaroo fumble, as Kelly McClure ran in the final play of 15 yards. An extra point attempt failed.

Breckenridge took control of the ball, and scored their first touchdown in the second quarter, making the halftime score 14-6.

Things looked promising for the Hawks.

"It was the best defensive game we've ever played," said Jay Loggins. "I don't know why we didn't win."

The third quarter remained a toss-up, as neither team scored, mainly due to the driving defense of Iowa Park.

Then, in the fourth, Breckenridge came back strong, scoring a touchdown and conversion to tie up the game.

With a minute and a half to go, the Hawks fumbled and set up the winning drive for the Buckaroos. The

hosts scored with only 39 seconds left on the scoreboard clock, to win 20-14.

The Junior Varsity, on the other hand, still remain undefeated in district play, as they beat Breckenridge 12-8.

With only four minutes left in the first quarter, the Hawks ran a "pitch 29" sending Andy Jacobbi jogging along the sideline 40 yards and into the end zone for six points.

The extra point kick was no good, and by this time the rain was washing the field.

In the second quarter, the Hawks fumbled on the five and Breckenridge took advantage, scoring six points for themselves, but also missing the extra point.

"It was one of our hardest games," said Frankie Chacon. "Breckenridge is one of the biggest schools we've played."

In the third, the rain had stopped and it began to look dark for the Hawks, as quarterback Dan Fannin was sacked in the end zone for a safety, giving Breckenridge the lead, 8-6.

Lady Eagles win crown

HOLLIDAY - The Holliday Lady Eagles volleyball team are District 9-2A champions after defeating Archer City in a playoff game Tuesday night at Hirschi High School, 15-13, 15-12.

The team will advance to the playoffs, but a date and time have not yet been set.
