

Bands earn top ratings

The Iowa Park High School and Junior High bands went to the U.I.L. Marching Contest at Memorial Stadium in Wichita Falls with high hopes Saturday, and left with their dreams realized.

Both bands received straight division one ratings for their performances, and the high school band was one of two district bands chosen to advance to regional competition. Breckenridge is the other band from

this district advancing.

The regional contest will begin at noon Saturday with Iowa Park to march at 2:28 p.m., according to Greg Miller, director.

Class AAA bands marching, in order of performance, are Breckenridge, Springtown, Tulia, Iowa Park, Southlake Carroll and Sanford Fritch.

Two bands and one alternate band from Class AAA will earn the right to go on to state competition Nov. 9 at Austin.

Miller said the judges comments on Saturday's performance of the high school band included "impressed with the sound of the band," "good discipline and pride" and "good show design with good music and drill coordination."

Lisa Hodges, high school twirler, rated a division I in the UIL twirling contest held the same day. Becky Leath earned a II, and Laura Davis, a III.

MEAN GREEN MARCHING MACHINE EARNING DIVISION ONE RATING SATURDAY ... in UIL marching contest held in Wichita Falls.

Amendments, referenda on ballots for voters Tuesday

Local residents will be joining Texans across the state Tuesday to vote on a record number of proposed constitutional amendments.

And for the first time in Texas

history, according to Secretary of State Jack Rains, two statewide referenda will be presented to voters. By law, those will follow the 25 constitutional amendments on the ballot.

Polls will remain open from 7 a.m. to 7 p.m. at the county agriculture building for Precinct 32 voters, Faith Baptist Church for Precinct 33, West Wichita Co-op Building for Pre-

cinct 34; Pleasant Valley Baptist Church for Precinct 53, and Precinct 60 voters for the first time will cast their ballots at the Chaparral Baptist Camp activity center, instead of the Valley Farms Community House.

Absentee voting has been termed as "normal for an off-year election," by a spokesman for the county clerk's office.

Proposed constitutional amendments as they appear on the ballots are:

* HJR 104: Provides for the re-established by the grain industry for the protection of farmers and depositors in public warehouse facilities.

* HJR 60: To permit raising the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents.

* HJR 48: Permits limited school tax increases on the residences of the surviving spouse of an elderly person if the surviving spouse is at least 55 years old.

* HJR 5: Authorizes the Legislature to provide assistance for encouraging economic development.

* HJR 65: Authorizes agreements between the State Department of Highways and Transportation, and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties and cities and districts located in those counties to aid turnpikes, toll roads and toll bridges, by guaranteeing bonds.

* HJR 4: Allows the Legislature to provide for state financing of the development of Texas products and businesses.

* SJR 55: Authorizes the issuance of general obligation bonds to finance local public facilities.

* SJR 56: Authorizes issuances of general obligation bonds for projects relating to corrections institu-

tions and mental health and mental retardation facilities.

* SJR 9: Provides that a member of the legislature is eligible to be elected or appointed to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected.

* SJR 12: Allows the Legislature to exempt from ad valorem taxation certain personal property.

* SJR 12, Part 2: To allow the Legislature to exempt from ad valorem taxation certain property located in the state temporarily.

* SJR 35: Permits spouses to hold community property with right of survivorship.

* SJR 27: Allows for the creation and establishment, by law, of special districts to provide emergency

Continued on page 4

Council okays purchases

The city council Monday night approved bids to purchase four vehicles and a trencher and authorized advertising for bids to buy a motor grader and scraper.

Also approved was a contract with a firm to do a study on a proposed incinerator system, as well as improvements on the Tom Burnett Memorial Library landscaping.

Aldermen accepted the low bid submitted by Park Ford for two cars for the police department. The firm's bid of \$12,330.31 per unit was the lowest of three bids received.

Two bids from Wichita Falls dealers were the lowest of four received on pickups, and they were accepted, but by a split vote.

Alpha Dodge's bid was the lowest for a pickup with automatic transmission, at \$9,450.22, and Ron Roberts Ford was low bidder for a standard transmission pickup, \$8,545.40. Both are dealers in Wichita Falls.

Alderman Diane Robnett, pointing out that buying the two pickups from Iowa Park dealers would result in a higher cost of \$1,083, said "If I were the one buying, I'd go for the low bid."

But Alderman Bud Mercer voted against buying from dealers outside the city, explaining the local dealers pay taxes here, a point he has made consistently over the years.

Lowest of two bids for a trencher was submitted by Construction Agricultural Supply, the Case dealer in Wichita Falls, for \$13,865.

Aldermen approved advertising for bids to purchase a new motor grad-

er, one which can be more effectively used in the narrow alleys of the city.

They also gave their approval to seek bids on a scraper which primarily would be used on city streets.

Following a lengthy discussion on contracting with Kindle, Stone and Associates to do an incinerator system study, at a cost of \$8,000 and despite the fact Cryovac indicated it would not participate in the expense, aldermen approved the proposal.

But the vote was unusual. When Mayor Tim Hunter first called for a vote, only two council members, Johnny Coker and Robnett, held up their hands. But neither of the other two, Mercer and Virgil Woodfin, voted against it.

Then Hunter called for a re-count and the vote was unanimous.

Alderman Bud Burch was absent. Another issue approved by the council was a proposal to increase the water meter deposit for customers residing outside the city to \$100 for residences and \$120 for commercial.

Administrator James Barrington explained 11 of the 48 customers that moved away last year without paying their final water bills were renters at City View Mobile Home Park.

The total loss was \$1,969, but the mobile home park customers accounted for \$567.

The higher deposit does not affect present customers.

A proposal to issue \$500,000 in certificates of obligation to undertake rebuilding 35 blocks of street paving was discussed, and met with mixed response.

The plan proposed was to obligate a portion of the city's sales tax receipts over a 10-year period to pay for the project, and in doing so, getting the work done at a lower price because of the volume.

Streets which would be rebuilt with concrete under the proposal were Third Street from Magnolia to Access Road; Texowa from Ruby to Diamond; Diamond from Wall to FM 368; Colorado from Loop 370 to Bank; Cash from Texowa to Wall; Texowa from Loop 370 to Cash and Washington from Victoria to Bell.

Because the subject was on the agenda for discussion only, no votes were held on the proposal.

The council has been operating on a policy of rebuilding as many streets as each year's sales tax will pay for.

The council agreed with a proposal to contract with H.J. Cannon to develop two landscaping areas on the library grounds, at a cost of \$5,120.64.

The front bed of the grounds would have 46 Nandinas, 320 Lirope, 16 Dwarf Yaupons, 30 bags of mulch worked into the soil and 70 backs of mulch top dress.

In the side bed would be 400 Lirope, two Yaupon clusters, 50 bags mulch worked into the soil and 100 backs mulch top dress.

Fannin saw action last week at Breckenridge only in the role of holding for extra points and field goals.

Duggins and all the other junior varsity and varsity reserves have filled in well for the numerous starters who have been lost in this most unusual season.

To date, Huff has been joined on the sideline by Chad Fielding, line-backer/wingback; Bobby Keller, defensive end/guard; Stan Coker, defensive end/tight end, and George Howell, defensive end/center.

The Tigers started off the season with narrow losses to Holliday, 14-7, and Electra, 28-22, and then won three straight outings, defeating Henrietta 26-13, Olney, 21-12, and Sanger, 34-0.

All were Class AA teams except Sanger, which is a member of Dist.

9-AAA.

They showed they were competitive in Dist. 6-AAA competition by losing only 24-13 to Bridgeport, and then holding Breckenridge down to a 7-3 score.

Breckenridge registered its touchdown on the first play from scrimmage, and then had to battle for its life to win.

The Tigers suffered their only blowout of the season last week, when they were Decatur's homecoming opponent and lost 49-0.

The Eagles widened the scoring gap in the second half by returning two pass interceptions 28 and 56 yards for touchdowns.

Tiger quarterback Eddie Clay completed four of his seven pass attempts to his own receivers, however, for 28 yards.

Workhorse for the Tigers is tail-

back Don Pruiett, a 163-pound senior. The other two starting backs are fullback Rodney McFarland, a junior, 165, and wingback Skipper Berry, 159, senior.

Those backs run behind a line that is as large as Iowa Park's.

At center is Clay Gilliam, 220; guards, Joe Paul Nichols, 188, and Paule Ball, 192; tackles, Michael Reeves, 222, and Dee Hargrove, 249; and ends, Tony Hardeman, 220, and Brad Allen, 143.

Six of the offensive starters play both ways, with Clay, Pruiett, Hargrove, Ball, Nichols and Reeves staying on the field on defense.

All are seniors and juniors who will well remember last year's 56-7 loss to Iowa Park. That was the year the Tigers were elevated from Class AA because of increased enrollment. Iowa Park and Jacksboro have

not played on a regular basis over the past two decades, but in 18 seasons, the Tigers have never defeated the Hawks.

The last time, prior to last year, the two met was in 1979, when Iowa Park won 35-0. The year before that was a 35-6 Hawk win.

They played again in 1973 and 1972, with Iowa Park winning 35-6 and 29-19, respectively.

The closest game over those years was in 1970, when the Hawks edged the Tigers 39-30.

Although there are only a few miles separating the two towns, Iowa Park and Jacksboro met in the state AA semifinals in 1969. The Hawks earned their trip to the state finals with a 21-0 decision, and then took the big trophy the following week with a 31-14 victory over Houston Klein.

Hawks take on inconsistent Tigers tomorrow

When the Hawks take the field Friday night at Jacksboro, they will be aware mainly of two things:

1. they want to continue their winning ways enroute to their first outright district championship since 1970, and;

2. their inconsistent opponents are capable of upsetting anyone in the district on any given night.

The Mean Green will carry its 7-1 season and 3-0 district records into the 7:30 p.m. kickoff with sophomore Jimmy Duggins starting for the second consecutive week at quarterback.

Coach David Baugh said he was pleased with Duggins' performance in his first starting role last week at

Breckenridge, when he completed nine of 14 pass attempts for 162 yards and two touchdowns.

Duggins is the third quarterback to start for Baugh this season, but it isn't that the successful mentor was searching for a field general.

He lost his senior quarterback, Jeff Huff, at Springtown with a broken arm, and finished that game with junior Dan Fannin, his only reserve.

The next week, he brought up Duggins from the junior varsity, and he alternated with Fannin in the games with Vernon and Decatur.

Then Fannin suffered a slight tear in a knee ligament in the Bowie game, forcing Duggins to take over the remainder of that game and last week.

Wildflowers beautify roadsides over state

Fifteen members of the Iowa Park Garden Club met Friday morning at the Texas Electric Reddy Room. Those present answered roll call with a "wildflower" growing in their garden. Mrs. Dave Davis gave the thought for the day entitled "Discovery."

Mrs. Dorwin Wooten introduced the guest speaker, Bill Presson, of the State Department of Highways and Public Transportation. Presson, who has been with the department 25 years, is the maintenance construction superintendent.

After his presentation of Texas Wildflower slides and narrative, he stated that Texas has over one-million miles of highway roadside planted in wildflowers. Not only do the flowers add beauty to highways, but they also help save water and control erosion.

He stated that in the immediate nine-county district alone, the highway department planted over 700 pounds of bluebonnet seed for the 1986 Sesquicentennial.

Presson noted that bluebonnet seed can stay dormant as long as five years, so just because it doesn't come up the first year doesn't mean that it will not come up later. He said sometimes it is several years before they know how successful a roadside planting is.

Because of the efforts of the Texas Highway Department to maintain the roadways with wildflowers, the tourist industry will prosper, he said. Many people come to Texas to view the wildflowers just as many other tourists go to the New England states to view the fall foliage.

Presson also discussed litter and the Adopt-A-Highway Program. He stated that the state of Texas spends \$17-million a year to clean up litter on the highways. The Adopt-A-Highway Program originated in Tyler and there are over 200 Adopt-A-Highway areas in the local district. There are presently 90 groups in Wichita Falls that pick up trash four times a year along designated two-mile stretches of highway.

Presson summed up his lecture on litter with the statement that in order to clean up highways in Texas, "We must start young and teach our children not to litter."

After the program Mrs. Davis, Mrs. R.L. Good, and Mrs. Avis Wilson served as hostesses. The serving table was appropriately appointed for Halloween.

Mrs. Jimmy Gilmore served as president pro-tempore. During the business session, Helen Brown reported on the success of the flower show; Mrs. Gilmore announced the District Two fall convention of Texas Garden Clubs, Inc. to be held Nov. 10-11 in Gainesville; and Mrs. Joe Kennedy announced the Southwest Regional Orchid Growers Association Show to be held at the Wichita Falls Activities Center, Nov. 6-8.

Members voted to contribute \$25 to the Wichita Falls State Hospital.

After the meeting, members met at the Highland Cemetery Pavilion where they prepared a flower bed around the flag pole and planted daffodil and narcissus bulbs.

Diabetes is program topic

Beverly Williamson, dietician at the Wichita Falls Clinic, gave a program on "Diabetes Awareness" Thursday for the Evening Lioness Club. She was introduced by Mrs. Sam Hunter.

The speaker said there are approximately 12-million diabetics in the United States. These include people on insulin and those who are not on insulin. She said that one is either a diabetic or he is not because "border line" diabetic is no longer considered a medical term.

Mrs. Williamson stated that medical science now considers virus one of the causes of diabetes. She discussed the two types of diabetes, glucose tolerance, and the importance of diet and exercise in the control of the disease.

She distributed healthy eating check lists, stressing the importance of building the diet around carbohydrates, vegetables and grains. She cautioned about added fat in the diets and suggested careful use of sugar as it presented a problem with appetite control.

Mrs. Dave Davis presented a meditation on "In Praise of Autumn."

Mrs. C.L. Thompson presided and voted to give \$190 (\$10 for each member) for the project fund to the Crippled Children's Camp at Kerrville. Several money-making projects also were considered.

Members answered roll call with the number of hours they spent preparing baked goods for and working at the Whoop-T-Do booth.

HALLOWEEN CARNIVAL

The Tom Burnett Memorial Library will be sponsoring their second annual Halloween Carnival on Saturday, Oct. 31, from 2:00 - 6:00 p.m. In addition to the many game booths, there will be two contest booths. A Halloween Costume contest for adults, which will be a \$2 entry fee, and for children, an entry fee of \$1. Registration begins at 2:30 p.m. and judging begins at 3:00 p.m. There will also be a Pumpkin Decorating Contest which will be strictly public opinion voting. All entries are \$1 and can be made between 2:00 and 6:00 p.m. The winning pumpkin will be announced at 6:00 p.m.

Let's talk.

Information about your changing telephone service from Dan Adams, Area Manager-Community Relations

Economic development. It's a big buzzword in Texas these days.

Partnership. It's a big deal with business today. Partners in economic development. That's how I would describe Southwestern Bell Telephone's relationship with the people of Texas. The two go hand-in-hand.

Our partnership on the community front is proof enough. On countless occasions, I have witnessed Southwestern Bell Telephone employees working with members of their communities to support civic projects ranging from seat-belt awareness or crime watch campaigns to a city's downtown beautification drive.

Today, as concerned partners, Southwestern Bell Telephone employees are rolling up their sleeves again — this time to help remedy the state's current economic crisis.

For instance, many employees are volunteering their time on the grassroots level as leaders and members of civic organizations. In this way, they are helping to shape their communities' economic future — both on and off the job.

But that's not all. Southwestern Bell Telephone also supports economic development efforts in many other ways:

- Southwestern Bell Telephone underwrote a major **State Chamber of Commerce survey** which questioned some 1,000 business executives to determine their concerns and opinions regarding the future of Texas. Among the issues covered by the survey were economic problems, taxation, business-related legislation and factors associated with attracting new businesses to Texas. Findings were distributed to the governor, legislators and other decision makers.
- The company has partially funded the **Cities Analysis and Planning program** operated by the Texas Agricultural Extension Service (part of the Texas A&M system) in several small Texas towns. By surveying community leaders and citizens, Extension Service planners identify a town's economic strengths and weaknesses, and then offer suggestions to improve civic services.
- As a strong **supporter of the Texas educational system**, Southwestern Bell Telephone knows that the state's future rests with an informed and educated labor pool. For that reason, the company is involved in "Communities in Schools," a program aimed at harnessing the serious dropout epidemic.
- Jim Adams, president of Southwestern Bell Telephone's Texas Division, co-chairs the governor's **Business Development and Jobs Creation Task Force**, comprised of 72 Texas business leaders. This task force proposed more than 30 recommendations aimed at stimulating job growth in the state.

The 70th Texas Legislature passed several bills related to these recommendations. Perhaps the biggest victory was the establishment of the Department of Commerce which creates a single, statewide focus on economic development.

As your involved and concerned partner, Southwestern Bell Telephone has a stake in Texas' future and is committed to finding lasting solutions to the state's current problems. One of the most basic — yet important — ways we can help is by providing efficient and reliable telecommunications service, thus setting the stage for economic development in hundreds of Texas communities.

Cook of the Week

Looking for a dessert that will be appropriate for Halloween, Thanksgiving, Christmas or any time of the year? How about a Pumpkin-Lemon Cream Pie? The recipe for it is one shared by Erce (Mrs. J.E.) Vaughan this week.

Pie is part of the American history and one of the first "pies" courageous pioneer women made was pumpkin. They sliced the top off pumpkin, scooped out fiber and seeds, filled the pumpkins with milk, and set them to bake on an open hearth. Later, a greased pan sprinkled with rye meal was filled with milk and spices. Still, later, they added the crust.

Pies have become distinctively American by right of inheritance, adoption and improvement. There are pies for every taste, their delicious fillings encased in crisp, flaky, melt-in-your-mouth pastry, and pumpkin pie is a favorite of many people during the holiday season.

Mrs. Vaughan, the former Erce Boone, was graduated from Iowa Park High School. She worked at Wichita Falls State Hospital until after her marriage when she and her husband moved to Calif. He was employed by Filton Corp. She worked for an aircraft company and later at a variety store.

They moved back to Iowa Park about a year ago and are members of the Faith Baptist Church. Both like to travel and fish, and Mrs. Vaughan likes to crochet and read.

They have one daughter, Mary Kay Hicks of Downing, Calif.; two granddaughters and three great-grandchildren.

PUMPKIN-LEMON CREAM PIE

1 9-inch pie crust
2 eggs
1 can pumpkin (16 oz.)
2/3 cup sugar
1 tsp. cinnamon
1/2 tsp. salt
1/2 tsp. ginger
1 1/3 cup half and half
SOUR CREAM LAYER:
1 cup dairy sour cream
2 tsp. brown sugar
1 tsp. lemon juice
Grated peel of one lemon
1/4 cup chopped pecans

Mix first seven ingredients together and pour into pie shell. Bake at 425 degrees 15 minutes. Reduce heat to 250 degrees and bake about 45 minutes or until inserted knife comes out clean. Cool 20 minutes.

Blend sour cream mixture ingredients. Spread over pie. Bake 10 minutes. Sprinkle chopped pecans on top.

CRISCO OIL PIE CRUST

1/2 cup Crisco oil
3 Tbsp. water
1 1/2 cup flour
Mix well into ball. Place in center of 9-inch pie pan. Pat toward edge until pan is covered and bake.

PIGS IN A BLANKET

Wilt cabbage leaves in warm water to make them easy to manage.

Mix:
1 lb. ground beef
1/4 lb. ground pork
2 large onions, chopped fine
1/4 cup uncooked rice
Salt and pepper to taste

Roll cabbage leaf around one serving of meat mixture and fasten with toothpick. Repeat and place rolls in pan. Cover with 1 can tomato sauce and 1 can water. Cook over medium heat about 1 hour.

Mrs. J.E. Vaughan

ISLAND-STYLE CHICKEN

1 8 oz. can pineapple chunks in heavy syrup
2 lbs. chicken parts
1 Tbsp. shortening
1 can chicken broth
1/4 cup vinegar
2 Tbsp. soy sauce
2 Tbsp. brown sugar or more to taste
1 large garlic clove, minced, or 1/8 tsp. garlic chips
1 medium green pepper, cut in squares
3 Tbsp. cornstarch
1/4 cup water

Drain pineapple chunks, reserving syrup. In skillet, brown chicken in shortening; pour off fat. Add reserved syrup, broth, vinegar, sugar, soy sauce and garlic. Cover and cook over low heat 40 minutes. Add green pepper and pineapple chunks. Cook 5 minutes more or until done, stir occasionally. Combine cornstarch and water, gradually stir into sauce, cook, stirring until thickened. Serve over cooked parsley rice. Serves 4.

GREEN PEPPER STEAK

1 lb. beef chuck or round, fat trimmed
1/4 cup soy sauce
1 clove garlic
1 1/2 tsp. grated fresh ginger or 1/2 tsp. ground ginger
1/4 cup salad oil
1 cup thinly-sliced green onion
1 cup red or green peppers cut into 1-inch squares
2 stalks celery, thinly sliced
1 Tbsp. cornstarch
1 cup water
2 tomatoes cut in wedges

With a very sharp knife cut beef across grain into thin strips 1/8 inch thick. Combine soy sauce, garlic and ginger. Add beef and set aside.

While preparing vegetables, heat oil in large frying pan or wok. Add beef and toss over high heat until brown. If beef is not tender, cover

and simmer 30 to 40 minutes over low heat. Turn heat up and add all vegetables, toss about 10 minutes. Mix cornstarch with water, add to pan. Stir and cook until thickened, add tomatoes and heat thoroughly.

STUFFED GREEN PEPPERS

4 medium-size green peppers
1 lb. lean ground beef
1 cup cooked rice
1 tsp. salt
1/4 tsp. pepper
1/2 tsp. oregano
1/4 cup chopped celery
1/4 cup chopped onion
1 egg, slightly beaten
1- 8 oz. can tomato sauce

Cut pepper in half lengthwise, remove core and seeds; place them in shallow baking dish and set aside for stuffing. In a mixing bowl, crumble beef, add rice, seasonings, celery, onion, eggs and 2 tsp. tomato sauce. Mix well and spoon mixture into pepper halves. Spoon remaining tomato sauce over the peppers. Bake in a 350 degree oven 45 minutes.

CASSEROLE IN SIX LAYERS

2 cups sliced raw potatoes
2 cups sliced celery
1 lb. ground beef
1 large green pepper, finely chopped
3 tsp. monosodium glutamate
1-12 oz. can mixed vegetable juice
Green pepper slices for garnish

In a 2-quat casserole, arrange layers of potatoes, celery, ground beef, green pepper and seasonings. Pour vegetable juice over and garnish with green peppers. Cover and bake at 350 degrees 1 1/2 to 2 hours. Remove cover last 30 minutes.

Recreational Activities Center

The RAC's annual spook house will be open from 6:30 to 8 p.m. Friday and Saturday, for youngsters through 12 years of age.

Admission will be 50-cents. There will be "treat bags" for everyone and the "Good Witch" will be handing out her brew.

Band Boosters to meet

The Band Boosters will meet at 7 p.m. Tuesday at the high school band hall. Johnny Coker, president, will be in charge.

Health Tips

-from Jerel Kerby

Frozen Fido

In an attempt to perfect artificial hibernation, scientist Hal Sternberg at the University of California at Berkeley has frozen a three-year-old beagle named Miles and then "thawed" him without (to date) complications.

The technique used in this experiment featured the use of a special synthetic blood to replace the blood drawn from Miles during the deep freeze.

The scientist is now working to test the technique on monkeys and perhaps, some day on humans who have incurable diseases.

A more practical application may be in the operating room during heart surgery (to avoid damage done to patient's blood during use of the heart-lung machine and lower the risks from donor blood transfusions).

Students, faculty join efforts to fight drugs

Iowa Park schools have joined the fight against drug and alcohol abuse.

The effort was launched during a meeting Wednesday of concerned stu-

dents, parents, teachers and administrators. The group is aligned with the President's War on Drugs.

Partial funding for activities will be provided by the Drug Free Schools and Communities Act of 1986.

During the meeting, the group addressed the problem in Iowa Park, its severity, and what members thought could be done to combat it.

Activities have already begun at various levels of the schools.

The high school Student Council is supporting a S.A.D.D. (Students Against Drunk Drivers) chapter and is working with a group of senior students developing alternative activities on potentially high drug and alcohol use nights.

The Future Homemakers of America Chapter at high school is

continuing its work in the "Just Say No" program.

Plans were made to take high visibility students such as the Hawk Mascot, varsity athletes and cheerleaders to the lower grades to promote discouragement of using drugs and alcohol.

The committee will meet next week, and encourages participation of area citizens.

Attending the meeting were Robert Palmer, assistant superintendent; Richard Davis, high school principal; Pat Davis, Colleen Roberts and Herman Escue, counselors; Carol Venhaus and Judy Spring, teachers; P-TA leader Sheri Kennedy, and Sherry Cravens, Christi Cravens, Kari Davis, Kelly Lehman and Donna Gibson, students.

Halloween carnival slated at library

A Halloween Carnival, sponsored by the Tom Burnett Memorial Library and non-profit organizations, will be from 2 to 6 p.m. Saturday on the library grounds.

A costume contest and pumpkin contest will be held that afternoon.

Entrants in the pumpkin event should register by 2 p.m., with public opinion votes to be counted at 6. There will be a \$1 entry fee.

Entry for the costume contest will cost \$1 for children and \$2 for adults. Registration is at 2:30 with judging at 3. Judges for this event will be Leslie Mayo, Buffy Neves and Mr. McGruff.

Prizes for these contests will be donated by local businesses.

Other booths at the carnival will be the Football Throw, Doll Throw, Ring Toss, Dunking Booth (weather permitting), Wheel of Fortune, Jacob's Ladder, Jail House, Blow Pop Game, Face Painting and a Jailhouse.

A Haunted House, sponsored by the Bradford P-TA, was previously scheduled to be held but because of a conflict in scheduling, was cancelled.

Clubs participating in the carnival are Puppy People 4-H Club, Teens for Christ, Boy Scout Troop 7, Cub Scout Pack 7, Knights of Columbus, ESA, Modern Music Study Club and the Evening Lions Club.

A "trick or treat" party will be held at the library from 7 to 9 p.m. that night, and it is open to all children.

As I See It... By BOB HAMILTON

If you don't think the Texas constitution's requirement that its state government not spend more than it takes in, and if you believe everything that Ross Perot says is correct, then you won't have any trouble marking your ballot Tuesday.

But if you feel the other way, you might want to make a detailed study of the issues before voting.

Let me speak first of Perot, the guy who, in his opinion, is right and anyone who doesn't think his way is wrong. And what's more, he'll put his money where his mouth is.

Perot pushed through the legislature passage of House Bill 72 a couple of years ago. Whether it was the best for the state is subject of arguments still raging.

He flatly told legislators during the debate that he would spend what it took to have any who voted against it, should it fail, voted out of office. Now, that strikes terror in an elected official's heart.

It passed. There is a lot more to HB than "no pass, no play," but the general public hasn't heard much about that.

What you should know is that the taxes of virtually every school district in the state has gone up, some almost double what it was three years ago, and it's still rising.

One of the major points of making HB 72 pass was the disbanding of the elected state education board, those people voters of the state put into office, and replacing of them by appointments.

Now then, Perot has been spending big bucks on television ads to let the voters of the state know that it is best for the schools and our children if we vote to continue with the appointed board, rather than returning to electing its members.

One of the tv ads was made by two officers of a state-wide organization of elementary principals. They say we should continue with the ap-

But they weren't representing the membership. Two members told me they were never polled. So the two were apparently speaking for themselves, not the membership.

In fact, virtually every organization of educators in Texas is opposed to the appointed board policy.

In a nutshell, what Perot is telling us is that our system of government, all the way from our cities to the federal level, is wrong. We don't need elected officials, we need them appointed.

Can you really accept that? Watch yourself when you mark your ballot, however. It's rigged, unless you really read the wording.

If you vote FOR, you are telling the legislature you want to continue with the appointed board.

The issue states: "The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation from throughout the State of Texas."

That "equal" representation has been evident. The appointed representative for the entire northern part of Texas is from Cleburne!

I have no problem with the second proposition, to legalize pari-mutuel wagering in the state, because it allows for local option. That way, a community has the right to allow or disallow it, the democratic way.

That's not Perot's way, however. As far as all those amendments to the state constitution, it seems to me that the legislature is asking for money they won't try to raise taxes to use. Not yet, anyway.

If most of them are approved, however, you better believe someone is going to have to pay for them.

I don't understand why, after the past two sessions of the legislature raised taxes higher, and fees as well, why the state needs more money.

"Let me have your money, and I can do wonderful things for you," seems to be what we're being told.

Amendments No. 6, 7, 8, 19 and 23 total up to about \$2-billion in bonds that would be authorized. And we can't see where this part of the country would get any of it.

I also feel seven other amendments are concerned primarily for the benefit of metropolitan areas of the state, and therefore don't plan to vote for amendments 2, 4, 5, 11, 13, 16 and 18.

Since the metropolitan areas are especially poor about voting, I hope our area, and other rural communities across the state, turns out in big numbers and mark their ballots.

Ballots

Continued from page 1

services.

* SJR 34: Would give the state of Texas a limited right to appeal in criminal cases.

* HJR 35: Permits the abolishment of the office of county treasurer in Gregg, Fayette and Nueces counties.

* SJR 6: Providing that certain justice precincts may contain more than one justice of the peace court.

* SJR 26: Allows the legislature to define for all purposes the governmental and proprietary functions of a municipality.

* HJR 88: Authorizes the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the U.S. government, and to make appropriate grants.

* HJR 96: Allows the Legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use:

* SJR 17: Permits the Legislature to include the speaker of the House or speaker's appointee in the membership of an executive agency or committee.

* SJR 53: Permits the Legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if not re-elected.

* SJR 54: Authorizes the issuance of an additional \$400-million in Texas Water Development bonds.

* HJR 83: Allows a county to perform work, without compensation, for other governmental bodies.

* SJR 5: Authorizes the Legislature to permit the Amarillo Hospital District to serve certain residents of Randall County.

REFERENDA

Propositions, in the order of ballow appearance, are:

*SB 86: Provides for retaining the State Board of Education an appointed -- rather than elected -- body. Unless voters approve this proposition, the board is scheduled to return to an elected group with equal representation throughout the state of Texas in 1989.

* SB 15: Legalization of pari-mutual wagering under the Texas Racing Act on a county-by-county local option basis.

Stew supper at Jacksboro

The Jacksboro Band Boosters are hosting an all-you-can-eat stew supper from 5 to 7 p.m. at the school cafeteria there.

Tickets will be \$3.50 for meal of stew, cornbread, salad and homemade pie, and can be purchased at the door.

Holiday boosters to host fish fry

HOLLIDAY - The Holliday Athletic Booster Club is hosting their third annual fish fry from 5 to 7:30 p.m. Nov. 6 in the cafeteria, prior to the Holliday-Seymour football game.

Tickets for the supper will be \$5 for adult, and \$3 for children, and are available from any Booster Club member or at the door.

Fried catfish, French fries, hush puppies, cole slaw, pinto beans, bread, onions, pickles, peppers, coffee and tea will be served.

Almost quarter inch received here Friday

Iowa Park received almost a quarter of an inch of precipitation Friday night, much to the delight of wheat farmers.

Virgil Woodfin measured .23 in his rain gauge.

The light drizzle apparently was no problem for the few farmers in the area who were stripping their cotton crop.

In Texas, 98.5% of all the people killed in passenger cars, trucks, and buses in 1980 were not wearing their seat belts.

Wants elected board

Dear Bob,
On November 3, the Voters of Texas will vote to have an appointed or elected State Board of Education. As you know the Texas Legislature dissolved the elected State Board of Education and appointed a "transition" board in 1984, to implement H.F. 72.

Proposition number one on the November ballot calls for the State Board of Education to be an appointed board. I want to ask the voters in our school district to join with our local school board in voting against proposition number one so that the people can elect our representative to the State Board of Education rather than being appointed.

Sincerely yours,
Glen H. Mitchell
Superintendent

SCOTT MAY

Former resident changes companies

Scott May has joined Gulf States Paper Corp. as statistical process control and industrial engineering coordinator. He is located at the company's national headquarters in Tuscaloosa, Ala.

A native of Wichita Falls, he attended high school in Iowa Park, and received a B.S. degree in math and an M.S. degree in industrial engineering from the Univ. of Texas at Arlington.

He was formerly regional industrial engineer for Container Corp. of America in St. Louis, Mo.

He is married to the former Diana Owens of Iowa Park, and the couple has two daughters.

Safety suggestions for Halloween

Goblins will be out in full force Saturday night, and although fun is on the minds of the youngsters, caution should be on the parents'.

Police Chief Alan Sheffield gave a few safety tips for the trick-or-treaters as well as motorists and parents.

Sheffield advised that parents should try and have their children participate in organized activities, which is safer. But in the event that they do go trick or treating, he has this advice:

- *Wear light clothing.
- *Stay in a familiar neighborhood.
- *Know the people's houses you go to.
- *Don't wear costumes that obstruct vision.
- *Have parents accompany, especially with small children.
- *Watch for motorists.
- *Don't go to houses that are not lit up.
- *Have parents check out all candy before it is eaten. Discard any candy that looks as if it could have been tampered with.

Sheffield said that there will be an increased patrol for Halloween, but said, "We don't anticipate any problems."

Traffic will be especially increased Saturday night with midget football playoff games being held here, so motorists should be watchful.

Bean inducted into honor group

Michael Lee Bean of Iowa Park was inducted into the Texas Alpha Gamma chapter of Alpha Chi at Midwestern State Univ. Sunday.

Alpha Chi is a national honor scholarship society that is limited to no more than 10 percent of the junior and senior classes. To be eligible for the society, students must have at least at 3.5 grade point average on 71 or more hours.

Bean is a senior elementary education major.

PLAN PARTY

The Iowa Park 4-H Club members held their monthly meeting Tuesday night at Homestead Ceramics.

Plans were made for the Tri-County Party Nov. 14 at the 4-H Barn in Wichita Falls. Club members and guests from Wichita, Clay and Jack counties are expected to attend the party.

A NEW ADDITION to Iowa Park's skyline was put in place Friday morning, when the steeple was set in place on Faith Baptist Church's new sanctuary. Workers are shown installing the first of two steeple sections.

Service explained

Susan Cockrell, director of social service at Bethania Hospital, gave the program Tuesday for Evening Lions. She was introduced by Jim Sligar.

She is coordinator for Energy Response Service for older people that live alone. A service that is equipped to reach people within a 60-mile radius. The speaker also discussed her work with parents helping them with discharge planning, financial and social needs.

CARD OF THANKS

The family of Ada Pauline Hawkins, wish to thank each of our friends and neighbors who blessed us during the loss of our precious wife, mother and grandmother. Your prayers, visits, cards, flowers and food are greatly appreciated. We wish to extend a very special thank you to the Iowa Park Emergency Crew, as well as Rev. Jerry Miller, Rev. and Mrs. Greg Harden, Mrs. Vernon Lewis and the ladies of Faith Baptist Church who gathered and served lunch to our family on Friday. May God richly bless you.

Obituaries

Tiney Bonds Elizondo

Services for Tiney Bonds Elizondo, 63, will be at 2 p.m. today at the First Baptist Church of Nocona with Rev. Orville Rogers, pastor, officiating. Burial will be in Highland Cemetery in Iowa Park under direction of Morris Funeral Home of Nocona.

She was born Feb. 17, 1924, in McCloud, Okla. She and Armando Elizondo were married in November 1983, and he died in 1984. She was a retired kitchen aide for the Carpenter Shop. She was active in senior citizens activities, a member of the TOPS Club, American Association of Retired Persons and First Baptist Church.

Survivors include two sons, Thomas Ray O'Brien of Virginia Beach, Va. and Billie Don O'Brien of Wichita Falls; a daughter, Estella Musick of Nocona; a sister, Thelma Faux of Iowa Park; a brother, Berry O. Bonds of Iowa Park; and six grandchildren.

Richard Murray Flahive

Richard Murray Flahive, 63, an Iowa Park native, died Oct. 6 in a hospital in Leon, Mexico. Services and burial were held in Mexico.

He was born on April 12, 1924, in Iowa Park. Upon graduation from Iowa Park High School, he moved to Dallas and attended Southern Methodist Univ. where he earned a master's degree in clinical psychology. He did volunteer work for many years in both Dallas and Austin in teenage drug and alcohol abuse organizations.

He retired and moved to Brownsville, where he taught English, Spanish and French in public and private schools. He had recently moved to San Miguel De Allende where he was a volunteer teacher of English and French.

He was a veteran of World War II and the Korean War.

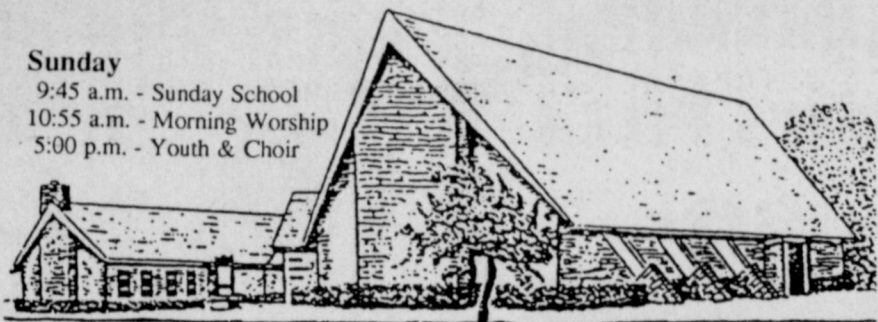

He is survived by a sister, Doris Aldridge of Wichita Falls.

Mack McCord

Services for Mack McCord, 56, of Holliday were held Wednesday at Owens and Brumley Funeral Home with Rev. David Hardage, pastor of Holliday First Baptist Church, and Rev. Jerry Woods, pastor of Southside Baptist Church in Wichita Falls, officiating. Burial was in Highland Cemetery in Iowa Park.

He was born Oct. 24, 1931, in Wichita Falls. He had lived in Iowa Park and Wichita Falls all of his life. He was retired from Red River Ford Co. and had worked at Joe Pistocco and Mathis Chevrolet as service manager for several years. He was a member of Southside Baptist Church and had served in the Army during the Korean War.

He is survived by his wife, Shirley of Holliday; a son, Craig of Iowa Park; a daughter, Marla Stone of Holliday; and two grandchildren.

Nursery Care Provided - Full Range of Mission's and Children's Ministries

Medicap: get the facts

Since medigap insurance is a relatively new, often misunderstood, type of insurance, the Better Business Bureau advises consumers to get all the facts before they sign up for the coverage.

Medigap insurance has emerged as a new type of supplementary coverage to help close the gap between older Americans' actual medical costs and the amount Medicare is willing to pay for the health services.

However, prospective carriers should keep in mind that medigap is generally unwilling or unable to pay fees not approved by Medicare; for instance, medigap does not provide coverage for nursing homes, prescription drugs or health supplies.

While most insurance agents and companies operate ethically, some unethical agents and groups deceive elderly persons into buying ineffective, overpriced or even duplicate coverage.

Under a recently enacted federal law, Medicare supplement policies must, among other things: clearly disclose the term of the policy, including benefits, exceptions and renewal provisions; supplement Part

A, hospital insurance, for a specified period of time; cover 90 percent of all Medicare inpatient coverage is exhausted; cover at least 20 percent of the eligible Medicare expenses under Part B regarding physician and surgeon charges; and allow the buyer to cancel a policy within 30 days of purchase for mail order policies and ten days for other policies.

The BBB offers these tips not so you will distrust those who offer medigap policies, but so you will make wise buying decisions if you choose to purchase a policy to supplement your Medicare coverage.

1. Most insurance professionals recommend buying the voluntary Medicare medical insurance (Part B) as a first step in supplementing Part A.

2. Do not be embarrassed to ask questions, and don't be afraid you're taking up too much of your agent's time. Don't buy a policy until you are satisfied with all the answers you get.

3. Make sure the company and agent are licensed to sell in your state. The Health Care Financing

Administration states that agents "must carry proof of licensing showing their name and the company they represent." NOTE: a business card is not a license.

4. Find out how long the insurance company has been in business.

5. Do not believe insurance salespersons or advertisements that suggest that a specific medigap policy is endorsed or sponsored by a government agency.

6. Check out the company with your state insurance department and the Better Business Bureau.

7. Don't make hasty decisions regarding any insurance purchase. Don't hesitate to ask a trusted person for advice and/or get a "second opinion."

8. Don't buy a policy you don't need or can't afford.

9. Do not switch policies strictly for price reasons. Premiums can change, so there's no guarantee a cheaper policy will stay cheaper.

10. Pay by check, money order, or a bank draft payable to the insurance company. Do not pay cash and do not write a check payable to an individual insurance salesperson.

11. Insist on receiving a receipt written on the company letterhead and signed by the salesperson. Keep records of all transactions - cancelled checks, insurance policies, receipts, copies of correspondence, business cards, and notes.

12. Don't pay policy premiums years in advance. Your insurance needs might change from time to time.

The BBB's booklet, tips on Medigap Insurance, answers many of the questions consumers have about this new insurance. The booklet devotes attention not only to the value of the policies, but also to their limitations. For a copy, send a self-addressed, stamped, business size envelope to the Better Business Bureau, 1106 Brook Avenue, Wichita Falls, TX 76701.

IOWA PARK JUNIOR HIGH BAND earned a Division One rating Saturday in the University Interscholastic League marching contest, held in Wichita Falls' Memorial Stadium.

Wichita County Commissioners' Notebook

Perry Goolsby, a representative of the board of directors of Reinvestment Zone One, a tax increment project in Wichita Falls, presented the TIF projection plan to commissioners court Friday.

The project covers approximately 600 acres of land. Goolsby said the project would be a very important factor in the economy not only in Wichita Falls but in the surrounding areas.

Now that the plan has been completed, the next step will be to prepare a financial plan, taking about three months to complete.

The project is expected to draw tourism and more business to the area.

An Overall Economic Development Program (OEDP) was presented to the court by Nortex Regional Planning Commissioner director Ed Daniel.

Because of the county's high unemployment rate, Wichita County is eligible to apply for federal funds under the plan in an effort to alleviate

the underemployment and economic distress here.

Commissioners authorized Nortex to proceed in the preparation of a plan for the county.

With Sheriff Callahan's recommendation and consideration, commissioners voted to reject all health care proposals for the county jail.

Copy & Litho was declared the lowest and best bidder with a bid of \$3,990 for a Savin 7020 copier for Family Court Services.

Bids for sheriff's vehicles and data processing for the tax office were taken under advisement.

Next commissioners court meeting will be at 10 a.m. Nov. 9 in the commissioners courtroom at the court house.

NINE WAYS TO BE HAPPY

How happy are the humble-minded, for the kingdom of Heaven is theirs!

How happy are those who know what sorrow means, for they will be given courage and comfort!

Happy are those who claim nothing, for the whole earth will belong to them!

Happy are those who are hungry and thirsty for goodness, for they will be fully satisfied!

Happy are the merciful, for they will have mercy shown to them!

Happy are the utterly sincere, for they will see God!

Happy are those who make peace, for they will be known as sons of God!

Happy are those who have suffered persecution for the cause of goodness, for the kingdom of heaven is theirs!

And what happiness will be yours when people blame you and ill-treat you and say all kinds of slanderous things against you for my sake!

Matthew 5:3-11 (Phillip's translation)

MIDGET FOOTBALL IS TOUGH GAME WHEN IOWA PARK AND HOLLIDAY PLAY

MIDGET HAWKS 8 MIDGET EAGLES 6

"They sent us a note saying they were going to wear us out," Holliday coach Don McClendon recalled, "and they proceeded to do just that."

"You have to take your hats off to them, they simply wanted it more than we did," said Coach Mel Belcher.

And so it went Saturday night in Iowa Park when the two previously undefeated teams clashed.

The Hawks opened the scoring early in the second quarter as B.J. Murray barely made the end zone on a fourth-and-inches play. Tony Lozopone added the margin of victory with his two-point conversion run.

The Eagles quickly answered when Blake Belcher scored on a 29-yard run. But Belcher's pass to McClendon fell short on the extra point try, and the scoring was over.

The entire second half was a defensive battle.

The Hawk left side blocked a

punt in the third quarter, giving the Hawks the ball at the Eagle 10-yard line.

But the Eagle defense, behind key plays by McClendon and Bubba Turner, refused to allow the Hawks a score.

The Eagles drove 30 yards in six plays, but the Hawk defense stiffened and took over on downs.

On four down from the 42, McClendon intercepted a pass that set up the Eagles' final drive that made the game a thriller.

Twelve plays later, most of them off-tackle carries by Belcher, the Hawk defense stopped Holliday as the final horn sounded.

Holliday had 159 yards rushing on 30 attempts, while Iowa Park had 79 on 39 tries.

The Eagles added 33 yards passing, while the Hawks' only pass attempt was intercepted.

First downs were close, as Iowa Park had seven (four on the TD drive)

and Holliday six.

However, the Eagles were flagged for 65 yards, at key intervals, and the Hawks had only two penalties for 10 yards.

Eagle coach Gary Gribble had words of praise for the entire Hawk team and only singled out Byron Gravitt for the Eagles.

"He played a great game, but unfortunately the Eagles were reluctant to join him," he said.

One spectator said, "The only losers were the ones that didn't see the game and the one or two that fussed at their kids for not winning the ball game. Every kid out there gave it everything he had."

Playoff schedule

Schedule for Top of Texas playoffs Saturday at Griffith Field are:

PEE WEE

Iowa Park vs. Sheppard, 2 p.m.

MIDGET

Holliday vs. Sheppard, 3:45

PEE WEE

Quanah vs. Electra, 5:45

MIDGET

Iowa Park vs. Burkburnett, 7:45

JV remains undefeated in district

The Hawk Junior Varsity beat Breckenridge 20-18 to remain undefeated in competition with district teams, but the Freshmen dropped their first loss to a conference opponent, 16-38.

The teams will host Jacksboro in Hawk Stadium this evening, with the Frosh kicking off at 5:30.

After scoring their first touchdown in the opening period, the Jayvees held a 20-6 halftime lead, but gave up touchdowns in both the third and fourth periods.

The Bucks were on Iowa Park's 30 yard line with time expired.

Breckenridge's Frosh led 8-0 at the end of the first quarter, but Iowa Park racked up 16 points in the second to lead 16-8 at the half.

But Breck's offense began rolling the second half, tying the score at 16-16 through the third period, and tacking on 22 more in the final stanza.

Junior high sweeps Jacksboro games

Iowa Park Junior High swept a doubleheader Tuesday at Jacksboro, with identical 14-0 scores.

The Seventh Grade scoring was on two runs by Jason Miller, 10 and 15 yards, and a two-point conversion by Mark DelaRos.

Joey Boyd scored the Eighth Grade's first touchdown on a 15-yard pass from Mike Brewer. Brewer ran the other TD from three yards out, and Joel McLlroy ran for the two-pointer.

The teams will host Vernon Tuesday, with the first kickoff at 5 p.m., and will finish the season here the following Tuesday against Burkburnett.
