Garage sales, crazy promotions galore

There'll be a lot of activity in and around Iowa Park this weekend besides Saturday's election.

The Iowa Park Chamber of Commerce is coordinating a community-wide garage sale and Crazy Dazes retail promotion Friday and Saturday.

Local and out-of-town buyers are expected to flood the community for both the money-saving events.

A list of all participants in the garage sale promotion is sponsored by the Chamber in this edition of the *Leader*.

As noted in the advertisement, not all participants will have their sales both days. Those holding one-day sales are indicated in the advertisement.

Maps to assist buyers find the addresses are available at the Chamber office, as well as most retail businesses

with Chamber memberships.

Retail stores participating in the Crazy Dazes promotion will not only be featuring extremely-low prices, but personnel appropriately costumed.

The Chamber says about the promotion, "The costumes are ridiculous, but the prices are just plain crazy, so low they wouldn't want to live with them more than two days."

VOTE SATURDAY

Amendments, CED issues on ballots

Voters will decide Saturday the fate of two amendments to the state constitution and three County Education District proposals.

Polls will open at 7 a.m. and close at 7 p.m. Absentee voting was ended Tuesday.

Local and area voting precincts and the location of polls include: 32, Wichita County Agriculture Building; 33, Faith Baptist Church; 34, West Wichita County Coop Building; 38, Electra Community Center; 44, Lakeside Village Mobile Home Park; 53, Pleasant Valley Church; 59, Allendale Baptist Assembly; 60, Chaparral Baptist Assembly.

Iowa Park schools are coordinat-

ing the election along with Wichita County, to allow voting on the state and county issues at the same polls.

In many areas of the state, voters are having to cast ballots at one location for the amendments and another for the CED proposals, according to news reports.

Both amendments relate to public education.

Amendment One states: "A constitutional amendment to allow the voters of a county education district to adopt certain exemptions from the district's ad valorem taxation for residence homesteads and to provide for the taxation of certain tangible personal property."

Amendment Two states: "The constitutional amendment providing for the issuance of obligation bonds to provide educational loans to students."

County Education District proposals include:

Issue One: "The taxation of all tangible personal property, other than manufactured homes, in Wichita County that is not held or used for the production of income."

Issue Two: "The exemption of 20 percent of the market value of the residence homestead from ad valorem taxation in Wichita County."

Issue Three: "The exemption of

Classes to begin Aug. 26

It may be only the first full week of August, but it's actually less than three weeks until the first day of school.

After the legislature added five more days onto the school year, from 175 to 180 days, Iowa Park schools moved its starting date up to Aug. 26.

Between now and then, there's a lot to be taken care of, including new students enrolling and elementary parents purchasing the supplies their children will need.

Students who will attend Iowa Park Junior High for the first time are to be at the school sometime next week. Hours to report are between 8 a.m. and 12-noon, and 1-3:30 p.m..

The students should have with them their shot records.

New students who will attend either Kidwell or Bradford elementary schools should register at their respective campuses during the same hours as the junior high, 8-12 and 1-3:30, but on one day, Monday, Aug. 19.

Kidwell classes are Kindergarten through Second grade, while Bradford's are Third through Fifth grades.

Students who will attend high school and did not attend classes in Iowa Park last year are to report to the counselor's office one day next week, Aug. 12-16. Hours are 8-12 and 1-4.

Those students should have with them their personal shot records and previous school's transcript, according to Richard Davis, principal.

The students will receive a schedule for the coming semester.

All high school students are to report to the school auditorium at 8:05 a.m. on the first day of classes, instead of picking up schedules in advance of school opening as in the past.

Principal Davis explained teachers will not have adequate time to prepare individual schedules in advance, because of the one-day inservice period which resulted from the extended number of classroom days.

During the assembly, students will be assigned to homerooms, where they will report following the initial meeting

to receive class schedules.

Elementary student supply lists have been provided by the principals.

JACK SELLERS MARKS GRAVE OF CIVIL WAR VETERAN WITH CONFEDERATE FLAG ... Soloman M. Butcher, who died in 1914, is buried at Highland Cemetery.

10 Confederate vet graves marked

Jack Sellers took another big step toward marking the graves of every Confederate veteran in Wichita County, when he visited Highland Cemetery Tuesday afternoon.

Sellers, the gate keeper at Lake Diversion, is a member of the General W.R. Scurry Camp 606, Sons of Confederate Veterans.

A veteran of Viet Nam, he traces his military heritage through every war in which the United States has participated, including the war between the states.

Sellers has obtained a computer

printout from the courthouse records of every Confederate veteran buried in the county, and began his quest to plant miniature Confederate flags at each of their graves last week, beginning at Electra.

Armed with a list of 11 names of veterans who have reportedly been buried here, he was able to find only 10. The cemetery's records did not contain the burial site of Wm. B. Ragan, which was on the list.

He was able, however, to mark the graves of W.H. Ballard, Soloman M. Butcher, A.J.N. Dunn, Benjamin N.

Ferguson, Albert Freeman, J.G. Goins, Wm. C. Huff, Orville Mills, Wm. O. Moberley and Asbery H. Moore.

Already standing along side the gravestone of Mr. Butcher was an American flag. None of the others, however, were similarly marked.

The gravestone of Mr. Moore was the only one, according to Sellers, which was specifically designed as a marker for Confederate veterans. It is in the southeast corner section of the cemetery.

In all, Sellers' list indicates 146 veterans of the Confederate Army are buried in Wichita County.

POLICE REPORT

53 hood ornaments recovered

Police are hopeful of putting an end to a recent rash of vehicle hood ornament thefts.

Dozens of complaints were reported during the past week, and several the week before, of the decorative -- and expensive -- ornaments having been taken.

Tuesday morning, a janitor at Kidwell Elementary found a cache of ornaments, in a trash dumpster on the school campus.

There were 53 of them.

Lt. Ray Smock says he feels he has a strong lead to identifying one or more culprits, though he has not yet interviewed any suspects.

Friday morning, a resident at the Colonial Apartments on Johnson Road reported an ornament theft, and added numerous other vehicles parked in the area also were minus the decorative pieces.

Investigation determined paint on several of the vehicles' hoods had been scratched during the commission of the thefts, which added to the expense of the crimes.

The next day, police were besieged with calls of vehicle owners on Rebecca, Cornelia and East Washington, also reporting hood thefts.

That list was added to Sunday by residents living on Louisa.

Smock feels the thefts are "copycat" actions, following news reports of similar thefts in Wichita Falls.

Chief Wayne Parsons credited Officer Michael Dozier with "good police work" which led to the arrest of two black males and the return of fishing equipment taken Sunday.

A Wichita Falls resident reported to police that evening of having seen, while he was fishing at Gordon Lake, two black males walking away from his parked pickup.

He said two tackle boxes and an ash tray full of coins were missing, and gave police a description of the vehicle the pair was seen leaving in.

Dozier heard the report on his patrol car's radio, and saw a vehicle matching the description, but it was in the west side of the city.

The officer confiscated the fishing

tackle, which was identified by the owner.

Eric Burton, 18, was later arrested after he confessed to the theft, and a 16-year-old juvenile is to be turned over to juvenile authorities. Both are Wichita Falls residents.

Burton was taken to Wichita County jail en lieu of \$500 bond placed on him by Justice of the Peace Bill Robinson.

An 18-year-old Wichita Falls woman was arrested Tuesday afternoon. During a traffic check, it was determined Wichita County Sheriff's Office had a warrant against her.

Carla Cooks, who was released to a sheriff's deputy to be transported to jail, was wanted on an assault charge.

Five mail boxes, either damaged or knocked over along West Smith sometime Saturday night, were found by owners Sunday morning and reported to police.

Another criminal mischief report received Sunday morning was from a resident in the 300 block of West Crystal, who said a rock had been thrown through the home's kitchen window.

Trustees begin budget study

School trustees got their first look at the proposed 1991-92 budget, during a called meeting Tuesday night, and will continue studying the proposal when they hold their regular monthly meeting next Monday.

Next week's meeting, to begin at 7:30 p.m., will be held in the junior high school library.

Besides looking at the proposed budgets of the individual campuses Tuesday, trustees accepted three resignations, and approved the hiring of seven.

Anticipated expenditures for next year, unless additional cuts are made by the board before formal adoption, are \$6,687,616.

Local revenues were estimated at \$3,336,268, with \$655,436 from special programs, total \$3,991,704, which would leave \$2,695,912 required from the state to balance the proposed budget, according to figures provided the board.

The process of developing a budget was explained to board members by

Richard Davis, high school principal.

He said each teacher, regardless of the campus, is given the opportunity to list respective needs. The list, once turned in to the principal, is discussed between teacher and administrator, with cuts made as necessary.

The principal then sits jointly with the superintendent, and additional cuts are made, to provide "as lean as possible" a proposed budget to the board.

As trustees reviewed each campus' budget, questions were asked concerning various line items. Trustees assured administrators and teachers in the audience they were not questioning the needs, but attempting to understand the requests, especially when increases over the current budget were noted.

Among the department budgets to be discussed next week are the transportation and food service areas.

The three resignations accepted included: Pat Coker, gifted and talented; Julie Petree, elementary library aide, and Joni Woods, speech and drama.

Personnel hired were: Laura Dicaro,

elementary gifted and talented, seven years experience; Patrick Jackson, speech/drama, 23 years drama teacher at Wichita Falls High; Vicki Dillard, high school English, four years experience, and Darlene Barrington, Bradford resource.

Also, Kristine Cary, junior high (half day), Patricia Raby, elementary library aide, six years experience as Chapter One and special education aide, and Linda Springer, junior high Chapter One aide, no experience.

Because the legislature added five more classroom days to the 1991-92 year, the school's policy concerning the number of unexcused absences needed to be amended, Dennis Brooks, assistant high school principal, told the board.

Without a change, students could miss 20 days and still receive credit to pass, he explained.

Only five days absence per semester will be permitted, the board policy read after amending.

Burch, Copeland wed Saturday

Fain Presbyterian Church of Wichita Falls was scene of the 2 o'clock double ring ceremony Saturday afternoon that united in marriage Miss Barbara Ellen Burch and Mark Alan Copeland. Keith Hill was the officiating minister.

Parents of the couple are Mr. and Mrs. Richard E. Burch and Mr. and Mrs. Ruben E. Copeland, all of Iowa Park.

A silk arrangement in the bride's chosen wedding colors of dusty rose and navy blue decorated the front altar that was flanked by twin seven-light decorated candelabra.

Pews were accented with hand-gathered fresh greenery and dusty rose fabric bows.

Traditional wedding music was used throughout the ceremony.

Escorted to the altar and given in marriage by her father, the bride was attired in a gown of white satin and Schiffli lace styled with a Queen Anne neckline, illusion shoulders with pearl and sequin trim, and French pouf sleeves accented with two satin bows.

Sunbursts of pearls enhanced the midriff and front and back skirt, basque waist and hem edge. A large butterfly bow added interest to the deep illusion back and the skirt that extended to a chapel length train.

The bride carried a traditional cascade of fresh white bridal roses, complimented by a single gardenia, pearled stephanotis, baby's breath and English ivy.

Cathy Pennington of Wichita Falls served as the bride's matron of honor. She wore a tea length dress of navy blue styled with large pouf elbow length sleeves. The neckline dropped to a "V" in the back and was accented at the point by a large bow.

Her complimenting silk bouquet of dusty rose and pink roses was accented with navy gypsophila.

Allison Gore of Austin, niece of the bride, acted as junior bridesmaid. Her dress was styled similar to the honor attendant's and her bouquet was a smaller version of her bouquet.

Flower girl was Amanda Gore of Austin, a niece of the bride. She wore a dusty rose tea length dress with a large bow accenting three ruffles on the back of the skirt. She carried a small white wicker basket of dusty rose, pink and navy blue roses and astromeria.

Dresses of the attendants were made by the bride's mother.

Best man was Patrick Pennington of Wichita Falls. Ushers included Bryan Burch of Austin, brother of the bride, Cleatus Copeland of Keller, and David Copeland of Midland, brothers of the groom.

The groom and his attendants wore silver tuxedos. The groom wore a matching tie and cummerbund and each of his attendants wore a rose tie and cummerbund.

Mrs. Mark Alan Copeland
(Miss Barbara Ellen Burch)

A reception was hosted by the bride's parents in Fellowship Hall of the church.

The bride's Queen of Hearts three-tiered cake rested on tall white Corinthian pillars and was surrounded by six heart-shaped smaller cakes, all decorated with the bride's chosen colors. Silk arrangements were placed within the columns and used as the cake top.

The mirrored bride's cake was centered between the groom's table and the punch table. Each table was draped with white lace cloths, banded with pink picot ribbon.

The mirrored groom's cake was a two-tiered chocolate ganache accented with chocolate-dipped fresh strawberries and was surrounded by smilax. A silk arrangement, four branched silver candelabra and a silver coffee service complimented the table.

Guests were served raspberry punch, mints and nuts from the mirrored punch table that was decorated with a silk arrangement and silver candelabra. Guests were seated at long pink draped tables decorated with mirrors and notions.

Julie Cable and Teri Ezzell served the bride's cake and Shelly and Kelly Crampton, cousins of the groom, presided at his table. Rice bags were distributed by Kathryn Copeland, and Jenna Copeland registered guests. They are nieces of the groom.

The rehearsal dinner hosted by the groom's parents was at Luby's Cafeteria.

The bride graduated Wichita Falls

High School in 1987 and attended Midwestern State University. She is employed by Computerland in Wichita Falls.

Copeland is a 1985 graduate of Iowa Park High School and is currently a senior at MSU. He is employed by Toss H. Brown Oil Company in Holliday.

The couple left on a wedding trip to Red River, N.M., and will return to Wichita Falls to make their home.

For travel the bride wore a black drop-waist dress with bright multi-colored flowers and a white sailor collar trimmed in red.

FFA Booster Club to meet Monday

Members, and others interested in joining, the FFA Booster Club will meet at 7:30 p.m. Monday in the Vocational Agriculture Building.

Primary topic of the meeting is to plan fund-raising projects for the year.

Whitton yard chosen

Iowa Park Garden Club has chosen the yard of Mrs. Ruth Whitton, 803 Pasadena, Yard of the Month for August.

The club also recognizes the beautiful lawns at the churches in Iowa Park and recognizes First Baptist Church, 300 N. Yosemite, for honorable mention for the month of August.

Upcoming Event

A special Mime Program will be presented Thursday, Aug. 15 from 2 until 3 p.m.

Bryan Randone of Fort Worth will present the program. Are you wondering what is a Mime? A Mime is a person telling a story using just body motions and actions to tell the story.

We invite children of all ages to come watch and be a part of this special program. We extend an invitation to all adults who might be interested to come and enjoy this hour with us.

Camp Wanna-Read

Our summer reading program concluded with "Camp Achievement" Thursday with 45 in attendance. We barbecued hot dogs and made s'mores for dessert.

Certificates and awards were given to the children who read the required 15 books or more. Both the Readers and Read to Me Club had 23 children receiving certificates of achievement.

Those receiving certificates and the number of books read are listed as follows:

Readers--Ricky Ashton (15), Jenna Crawford (16), Tori Crawford (16), Tommy Duerson (16), Guthrie Jensen (16), Lauren Ress (16), Bobbie Gilmore, (18), Kristen Green (19), Megan Horton (19), Amanda Martin (20), Lori Ann Honeycut (21), Jessica Love (27), Heather Martin (31), Amber Miller (32), Taffy Treadway (36), Shannon Green (36), Michael Davis (36), Adrian Lalk (56), Mary Holm (202), Jason Pelz (212), Jennifer Jensen (217), third place, B.J. Adams, (238), second place, Corky Adams (271), first place.

Read to Me--Amanda Biddy (15), Karilea Collins (15), Joni Love (15), Landon Veitenhiemer (15), Kaitlynn Adams (17), Carl Alfert (17), Michelle Alfert (17), Alisha Horsky (18), Jenny Drury (21), Tom Collins (25), Blake Beals (26), Leslie Cook (28), Lindsey Cook (28), Megan Duffey (28), Ashley Johnson (28), Clayton Johnson (28), Linda Lange (28), James Thompson (29), Robert Baumer (30), Kayla Green (30), Grant Miller (33), third place, Amanda Toller (55), second place, Jeremy Pelz (212), first place.

Our "Camp Create" coloring contest was won by Clayton Johnson, first place, and Kayla Green, second place, of the Read to Me Club. Billie Gilmore, first place, and Shannon

Green, second place, from the Readers Club. Their pictures are displayed on the bulletin board. We invite everyone to stop and look at their creations.

"Camp Wanna-Read" from the day of registration to the evening of "Camp Achievement" was a big success. Thank you to the 70 Readers and 52 Read to Me Club members who registered for the program.

A large part of this success was the result of local businesses contributing donations, etc. We extend our heartfelt thanks to the following: Kings Kids, Park Clinic, Dutton Funeral Home, B&R Groceries, Kings Foods, Scoobies, Friendly Door Rhythm Band, Rainbow Hut (snowballs), Expressway Restaurant, August Pies in Wichita Falls, Golden Fried Chicken, Sno-Shack, and Eddie Nan, Tracy and Lindsey Turlington, along with Shawnee Raines.

To all the children who participated we ask that you come by at your convenience and pick up your mobiles and certificates along with your registration slips.

Video Tapes

The library recently purchased the PBS Home Video Series on the Civil War. This nine-part series offers a wealth of information on the people, places, issues, and battles of the Civil War.

Not only does this series reflect the lives of prominent figures such as Abraham Lincoln, Ulysses S. Grant and Robert E. Lee, but also highlights the lives of popular diarists like Mary Chestnut and George Templeton Strong.

These videos can be a valuable tool for students who need to look up important events of the Civil War.

Class of 1961 slates reunion

A reunion of the Iowa Park High School graduating class of 1961 is slated Saturday at La Vista Country Club.

Room mothers, teachers, upperclassmen, underclassmen, and parents of 1961 class members are extended a special invitation to come to La Vista, 2000 N.E. Loop 11, from 2-4 p.m.

Memories of 30 years ago will be reviewed during the visitation and refreshment period for former students and those who helped make the memories. Also it will be a period of "catching up" on what has happened to each during the years.

A pre-dinner social and banquet is planned Saturday night for class members, their spouses and guests only. Fifty-two reservations have been received to date.

New Life Singles to meet

Regular monthly meeting of the New Life Singles will begin at 7 p.m. Saturday at Oscar Park, where a hamburger cookout will be held.

As I See It

By Bob Hamilton

My understanding, as of this writing, is that the district judge has ruled the "Robin Hood" legislation which created the County Education Districts (CED) to be "constitutional."

The legislation was being challenged by some affluent school districts on the basis of a 1931 state supreme court's ruling that sending money from one district to another was unconstitutional.

Be that as it may, the legislature has created a whole new level of bureaucracy with the CEDs.

And, as usual, that new level is not funded by the state. The costs, and there will be plenty, are left up to the districts making up the CEDs.

In case you haven't kept up with what the CEDs are all about, their purpose is to develop an equalized tax rate among the member districts, and distribute monies from one to another if the district has inadequate tax base.

That is supposed to give education "equality," which is demanded by the liberals on our current state supreme court.

But, local districts can add to their local taxes what is desired to fund any and all other programs they wish. That's called "local enrichment."

And, the legislation calls for annual increases in the base tax rates.

Left out of the legislation was who would pay for the cost of administration of the CED. That, apparently, is to be borne by the member districts.

What kind of costs, you might well ask, if each district is to continue to collect its own taxes?

Well, those taxes collected must be immediately sent to the CED, which is to distribute it back to the members.

That means that the CED must have a depository bank to handle the money, which will, in Wichita County, all be handled by electronics.

But there is a catch. That depository bank, because of the smallness of

the CED's regular balance, will want to be paid for its services.

There's no telling what such a service fee will be. Especially when you consider the size of the bank will by necessity have to be.

You see, the Texas Education Agency requires a depository to have enough securities on hand to cover any size deposit on any given day.

So, even if the money is held, even electronically, by the depository over a night, that depository must have adequate securities to cover it.

When you consider how much money Iowa Park, Burkburnett, Electra, City View and big ole' Wichita Falls could put in the bank on any given day, you're talking about a bunch of monies.

And unless the bank can be earning money on those securities by using the school money deposited, the bank is going to have to charge a fee for having those securities available.

We're talking major, major bucks, by Iowa Park standards.

The member schools have already agreed to allow Wichita Falls, the largest school district in the county, to act as the administrator of the CED.

But Wichita Falls isn't, and shouldn't, be the district to fund the expense of the administrative work and materials.

So we have more expense to be shared by the member districts.

I've said it before, and I'll say it again. If you thought the legislature's school reform of 1984, House Bill 72, was unsettling, disturbing and expensive, wait until you see the cost and exasperation yet to develop from this year's messin' by our elected darlins' in Austin.

And while I'm repeating myself, I'll not voting approval of any of the five issues that will be on the ballot Saturday.

Card of Thanks

We would like to take this opportunity to thank all of our family and friends who have been so supportive since Joel's illness. Your prayers, the food you prepared, and the moral support have meant more to us than mere words can ever express.

We grew up in Iowa Park and are very proud to be raising our children here. We always knew that good people lived here but we never knew how good until we needed you and you were there.

We still need your prayers. Joel is fighting hard and we trust that God will help him. Thanks again for all you've done. Good friends and good family are worth far more than gold. God bless you all.

Joel & Susie Williams & Family

Card of Thanks

Our deepest appreciation cannot be expressed to everyone for the food, cards and flowers we've received. Also, a special "thanks" to the staff of Heritage Manor and Iowa Park Police Department for their support.

1st Lt. Randall S. Veach recently returned from Operation Desert Storm and Operation Sea Angel while serving with the 1st Marine Division at Camp Pendleton, CA.

He is the son of Jesse Veach of Holliday.

Two reunions being planned

One class reunion is slated Saturday and another for Sept. 28.

The W.F. George High School Class of 1961 reunion will be held Saturday at LaVista Country Club, where a reception will be from 2-4 p.m., pre-dinner social 6-7 p.m., and a buffet dinner served at 7.

The 40th anniversary for the Class of 1951 will be held during homecoming weekend. Classmates are to meet at 1 p.m. at the First United Methodist Church Fellowship Hall.

That evening, the annual Ex Students Association banquet will be held at the high school cafeteria.

Wilma Thompson Spruiell, who is coordinating the '51 reunion along with Mary Farris Styles, says addresses are needed for two classmates: Eldon Ray Biggs and Johnny Dunn.

Anyone knowing their whereabouts is asked to write Mrs. Spruiell at Box 403, Iowa Park, or Mrs. Styles at 1926 Turtle Creek Road, Wichita Falls, 76709.

Mrs. Lucky Gamble

It won't take long for Cathy (Mrs. Lucky) Gamble to get acquainted in Iowa Park.

The wife of Iowa Park's new head football coach and athletic director, in addition to being present at most Hawk athletic events, will be teaching reading classes at the junior high school.

Cathy grew up in Waco and is a graduate of Waco-Midway High School. She received her BS and MS degrees at Baylor University. She and Lucky met and were married while both were students at Baylor.

Cathy has taught school 11 years, six coaching girls' sports and five as an English teacher.

In her spare time, Cathy enjoys cross-stitching and reading.

The couple has three children, Brian, 12, Lance, 9, and three-year-old Brooke.

Quite often, Cathy is on the sidelines with her husband. Not as a coach, but working with a camera. She said that Lucky's first coaching job was for a Class A school at High Island. The coaching staff consisted of her husband, and his assistant, and she was responsible for filming the game.

Although she doesn't care much for homemade ice cream, Cathy has a recipe for "Heavenly Hash Ice Cream" that she enjoys very much. Another recipe that has no name, so we're calling it the "Supreme Snack," is one that she prepares for her husband to take to Sunday afternoon coaches' meetings. She said that the pan always comes back empty, so the men apparently enjoy the "snack."

meetings. She said that the pan always comes back empty, so the men apparently enjoy the "snack."

Heavenly Hash Ice Cream

- 4 eggs
- 4 large (or 5 small) ripe bananas
- 1 - 12 oz. can orange juice
- 1 - 12 oz. can lemonade
- 2 1/2 cups sugar
- 1 - 5 1/2 oz. can evaporated milk
- Whole milk

Beat eggs in large mixing bowl. In separate bowl, cut up and mash bananas. Add bananas and remaining ingredients, excluding whole milk, to large bowl. Stir. Pour mixture into can of ice cream freezer. Add whole milk to fill line. Stir.

Freeze according to directions of manufacturer of your ice cream freezer. Put in freezer of refrigerator for extra hardness.

"Supreme Snack"

- 1 lb. hamburger meat
- 1 lb. sausage (mild, reg. or hot)
- 1 lb. Velveeta cheese
- 1 loaf deli-thin sliced wheat bread

Brown hamburger meat and sausage; drain. Add cheese and stir until well mixed. Cut slices of bread into quarter pieces. Spoon mixture onto slices. Heat in 350 degree oven approximately 10 minutes.

Guacamole Salad

- 4 avocados, peeled and mashed
- 1 tsp. garlic salt
- 2 Tbsp. lemon or lime juice
- Worcestershire, a dash or two to taste
- 1 medium tomato, chopped fine
- Chopped onion, optional

Combine and chill all ingredients. Serve with corn chips.

Daughterity honored on 90th

George Daughterity was honored Saturday at a barbecue dinner at the home of his son and daughter-in-law, Mr. and Mrs. Don Daughterity. The event was in celebration of his 90th birthday.

Assisting with the dinner were his daughter, Nadine Griest, and his grandchildren.

Daughterity was born Aug. 5, 1901 in Sumner, Mo., and was married to Hallie Lower Nov. 25, 1925. They moved to Wichita Falls in 1939. Mrs. Daughterity died in 1980.

In the early 1920s Daughterity worked as a cowboy and a coal miner in Montana.

After moving to the Wichita Falls area, he was employed by Wichita Gas Engine Works and in Civil Service at Sheppard Field during World War II.

Before retiring in 1963 Daughterity worked as a carpenter for Horace Downing Construction and Paul Harmon Construction.

He has five grandchildren and six great-grandchildren.

Out-of-town guests included Ruth Daughterity, Mr. and Mrs. Mary Lentz of Sumner Mo., Larry Lentz of Brookfield, Mo., Mr. and Mrs. Maurice Mauzey and Mike Mauzey of Mendon, Mo., and Imogene Triplett of Moline, Ill.

Cemetery Assoc. calls meeting

A special meeting of Highland Cemetery General Association has been called for Sunday afternoon at 2:30 in the pavilion.

According to Teresa Gee, association secretary, purpose of the meeting is to discuss and vote on having the cemetery annexed into the city of Iowa Park.

Members were told in the association summer newsletter that the board of directors believe there are many advantages to being annexed, but opinions and concerns of the general association are needed. Any questions will be answered at the meeting.

The newsletter also informed association members that its finances are currently at an all time low, putting a strain on the operating budget. Since the cemetery is not within the city limits, the city cannot be depended on to provide further assistance.

At the present time the only sources of income for the operating budget are individual donations, lot sales and donations received on water bills. These are helpful but not sufficient to keep an attractive cemetery, the newsletter pointed out.

The board of directors meet the fourth Monday of each month at 7 p.m. Anyone who has a problem or concern about the cemetery should call the business office so it can be put on the agenda prior to the meeting.

Regular meeting dates are the second Sunday of each quarter, the next one is scheduled Oct. 13. A nominating committee will be elected at that time. Officers and directors will be elected in January.

Allen to sing at Faith Baptist Sunday night

Jodi Allen of "Country Glory" Rodeo Cowboy ministry will present special music as a portion of the Sunday evening worship service at Faith Baptist Church.

Mrs. Allen is from Saint Jo and has dedicated her life to gospel music which she has been singing since a child.

Jodi and her husband Ricky, along with their children Ricky Joe and Kelli Ann, share their testimony in song as they travel to different churches.

Allen is a former rodeo performer and his wife still competes in barrel racing events. She won the Texas and Oklahoma Barrel Racing Series Championship in both 1988 and 1989.

During the evening worship service Jodi will sing during the first 30 minutes of the service. Following the special music, Dr. Greg Ammons, pastor, will share a message from God's Word.

The service begins at 7 p.m.

SOME ALTERNATIVE STATEMENTS WHEN CONFRONTING THE CRISIS OF ILLNESS

Illness and hospitalization are critical times when a patient not only is fighting to regain health, but also facing constant companions of isolation, loneliness, and anxiety. The sick need their friends to be by their side, people in whom they trust. Many people shun hospital visits because they do not know what to say, a fear of hospitals, and/or an awareness of our own mortality.

The following are suggested alternative statements when visiting the seriously ill.

Instead of: "I don't want to bother you with my phone calls and visits.; try: "Is this a good time to visit?"

Instead of: "You've got a long, hard road ahead of you." try: "No matter what happens, I want you to know you are not alone."

Instead of: "My uncle had the same thing, and he died." try: "What's going on with you today?"

Instead of: "God knows you can handle this illness or He wouldn't have let you get it." try: "In times like this, do you find your faith makes a difference?"

Instead of: "Don't take it personally, but I just don't like being around sick people." try: "Being with you is more important than my fear of hospitals."

Instead of: "Wouldn't it be better if your husband/wife stayed at work rather than spend time with you." try: "Serious illness affects the family too, doesn't it?"

Instead of: "Don't worry about your job or the house. Everybody is covering for you." try: "The work is getting done, but you know no one can take your place."

Instead of: "Don't talk about dying, you're going to outlive us all." try: "Even though it's difficult, I'm willing to talk when you are."

Instead of: "I'm sure God has a reason for this." try: "There's a lot in life we don't understand, isn't there?"

Instead of: "If there's anything I can do, let me know." try: "I'm praying for you. I would also like to (name a specific act). What time is best for you?"

Woodfin elected president of Baptist Women

Mrs. Riley Thompson coordinated the program for the Thelma Smith Baptist Women at a meeting held Monday evening in the Fellowship Hall of First Baptist Church. Fourteen members were in attendance and the hostesses were Mmes. J.T. Parker and Homer Blalock.

The program topic was "The Holy Spirit Quenches Thirst in Arid America." Mrs. Thompson asked "Is the United States today a dry, soulless land?" She said that many farmers and ranchers have endured, and are still enduring, physical drought, and that many souls are enduring spiritual drought trying to fill the broken cisterns of their lives with money, power, success, drugs, sex and even misguided religiosity.

The topical discussions by Mmes. Sam Hill, Eleanor Bell and Roy Smith described some of the ways Baptists are bringing hope to lands in Indiana, Georgia and Montana by giving the people "Living Water" which can revive their parched, dry souls.

Helen Reed gave the concluding topic "A Desert Highway for Our God" which described the ministry of the Northeast Baptist Association in five rural counties of rural Nevada as well

as boundary counties in Oregon, Idaho and Utah.

Mrs. H.E. Cummings, vice president, was the presiding officer and Mrs. E.T. Patterson conducted the missionary birthday prayer calendar. The business meeting was highlighted by the election of officers for 1991-92.

Mrs. V.I. Woodfin was elected president. Elected to serve with her were Mmes. Cummings and Hill, vice presidents; Parker, secretary; W.F. Booher, treasurer; Blalock, assistant secretary and reporter; Patterson, prayer chairman; S.B. Reaves and Bell, mission study; Thompson, Jim Wright, O.S. McLemore and Joan Toler, Royal

Service programs; Smith, Steve Lowe and C.L. McKinnon, missions in action; and Reed, hostess.

The refreshment table decorations were highlighted with a "Praying Hands" plaque centerpiece, complemented by a "Praying Hands" candle. The plaque was brought to Mrs. Blalock, after the death of her husband, from the Philippines by the late Don Davis and Frances Davis, now of Arlington, who were in the Philippines while he was serving in the U.S. Air Force.

Other table decorations were a basket and pitchers of silk flowers in summer hues.

August 10 ballot issues explained

(Editor's note: Two proposed constitutional amendments, and three county education district propositions, will be on the Aug. 10 statewide ballot. The league of Women Voters of Texas Education Fund has prepared pro/con material on the propositions, with the assistance of the House Research Organization. As a community service, the Iowa Park Leader is reprinting the material.

C1991 League of Women Voters of Texas Education Fund

PROPOSITION NO. 1 (SJR 42)
WORDING ON BALLOT: *The constitutional amendment to allow the voters of a county education district to adopt certain exemptions from the district's ad valorem taxation for residence homesteads and to provide for the taxation of certain tangible personal property.*

EXPLANATION

The school finance law approved by the 72nd Legislature created 188 new county education districts, composed of single counties or groups of

counties. These districts have the limited purpose of levying the required first-tier tax to raise the equivalent of 72 cents per \$100 of assessed market value and redistributing the proceeds among local school districts within the county education district.

This proposed amendment would authorize the new districts to hold elections to allow voters within the districts to decide whether to grant an exemption on a percentage of the assessed value of residence homesteads; whether to grant an additional exemption on the homesteads of elderly and disabled persons; and whether to impose taxes on certain types of personal property. In the enabling legislation that was passed during the regular session of the legislature, the amount of the homestead exemption was specified as 20 percent, and the exemption for elderly and disabled persons was set at \$10,000 exemption on homesteads of elderly and disabled persons and the freeze on property taxes for elderly and disabled persons.

The enabling legislation also directed the county education districts to present the propositions to their voters in an election to be held on Aug. 10, 1991. The wording of the proposals on local ballots will be identical across the state, but the order may vary. Decisions made by voters in a district would apply in that district only, contingent upon the decision of voters statewide on the proposed constitutional amendment which authorizes these elections.

Thus, voters who go to the polls on Aug. 10 will be asked to vote simultaneously on a constitutional amendment and to vote on the local tax options authorized by the proposed amendment. If voters approve the proposed amendment statewide, the locally adopted options would go into effect without delay. This is being done in order to enable the new taxing districts to implement voter decisions in the property tax bills scheduled to go out in October.

PROS AND CONS OF PROPOSED CONSTITUTIONAL AMENDMENT FOR

1. Trustees of the new county education districts are appointed by local school boards rather than being elected by voters, and thus do not have the discretionary authority to decide whether or not to grant these exemptions or impose these taxes on personal property. Therefore, the power to make these decisions must rest with voters in the county education districts.

2. This amendment would make it possible for homestead exemptions and personal property taxes to be continued but at the option of voters rather than by action of the county education district

board.

AGAINST

1. Passage of this proposed amendment would shift the tax burden from residential property to businesses. It would affect county education districts across the state very differently. Those that are dependent primarily upon residential property would be forced to raise residential property taxes more than those that rely on commercial property.

2. Tax exemptions for some property owners would result in higher taxes for others. Only 259 of the more than 1,050 school districts in Texas currently grant the homestead exemption. This amendment could result in a large increase in property tax exemptions statewide, narrowing the property base that must provide the local share of public school funding, which contributes approximately half of all school funding. This would mean higher taxes for the remaining taxpayers in order to maintain the required local funding.

PROPOSITION NO. 2 (SJR 5)
WORDING ON BALLOT: *The constitutional amendment providing for the issuance of general obligation bonds to provide educational loans to students*

EXPLANATION

This proposed amendment would authorize the legislature to allow the Higher Education Coordinating Board to issue up to \$300 million in general obligation bonds to finance educational loans to Texas students attending Texas colleges and universities. The maximum interest rate would be set by law. An interest and sinking fund would be established to pay the principal of and interest on the bonds as they mature. The legislature could provide for the investment of bond proceeds and establish the interest and sinking fund. The state cannot issue bonds to finance student loans without this constitutional amendment because the Texas Constitution prohibits the legislature from lending the credit of the state without specific authorization in the constitution and prohibits use of public funds for grants and loans to individuals. Previous amendments authorized issuance of \$85 million for student loans in 1965, \$200 million in 1969, and \$75 million in 1989.

FOR

1. These loans are urgently needed to meet the fall 1991 demand or loans to financially-needy students. If this amendment is not approved, approximately 15,000 Texas students (the

number who received loans last year) may be unable to attend Texas colleges and universities this year. These loans go only to financially needy students who otherwise could not afford to attend college.

2. The student loan program usually generates as a revolving, self-supporting fund. Because changes in federal loan programs have created large increases in demands for state loans, and because most of the many loans made in recent years are not yet due, the bonds to be issued are necessary to fund the program until payment on recent loans begin to come in. The bonds will be paid back, plus interest, by borrowers, not taxpayers.

AGAINST

1. The state does not need to incur any more debt. The bonded indebtedness of the state now totals \$7.5 billion. General obligation bonds, which accounted for \$2.3 billion in debt at the end of fiscal 1989, reached \$2.8 billion at the end of 1990.

2. This proposed \$300 million debt will not stand alone. The legislature should undertake a comprehensive evaluation of overall state debt before voters are asked to add to it.

PROS AND CONS OF COUNTY EDUCATION DISTRICT PROPOSITIONS

The propositions below will be presented to voters at the same time as the proposed constitutional amendment above. Although the language of the propositions will be identical statewide, the order in which they appear on the ballot may vary.

WORDING ON BALLOT: *The taxation of all tangible personal property, other than manufactured homes, in (name of the county education district) that is not held for use for the production of income.*

FOR

This would spread the tax burden over a wider base by generating revenue from non-income producing personal property such as boats, cars and motorcycles.

AGAINST

Appraisals, verification of property, and collection of the tax creates costs to taxpayers that may offer the income generated. Many local governing bodies do not collect this tax because it has a high delinquency rate and is difficult to enforce equitably.

WORDING ON BALLOT: *The ex-*

emption of 20 percent of the market value of the residence homestead from ad valorem taxation in (name of the county education district).

FOR

If locally-granted homestead exemptions are completely eliminated, homeowners in the local school districts that have been granting homestead exemptions are likely to face large property tax increases. This proposed exemption could cushion the impact of expected increases.

AGAINST

In districts with substantial commercial property, this proposal would shift the tax burden from residential property to business. Districts that are largely residential would suffer losses of tax revenue and would have to raise tax rates to generate the required amount of local funding.

WORDING ON BALLOT: *The exemption of \$10,000 of the market value of the residence homestead of an individual who is disabled and of \$10,000 of the market value of the residence homestead of an individual who is 65 or older from ad valorem taxation in (name of county education district).*

FOR

The proposal would alleviate the impact of higher school taxes on those most likely to be adversely affected by them.

AGAINST

Property taxes are already frozen for individuals 65 or older and for disabled persons; this proposal would create an even larger exemption. This proposal is not need-based and would exempt many individuals who can afford to pay the higher taxes, increasing the burden on other taxpayers.

Raby resigns RAC post

Pat (Mrs. Mark) Raby submitted her resignation as executive director of the Recreational Activities Center at a meeting of the RAC Board Tuesday evening.

Mrs. Raby, who has been director of the RAC three years, and developed many successful programs there, said that she had been hired by the Iowa Park school system as an elementary library aide. She will be at the RAC two more weeks.

In addition, two board members, Maryanne Crowley and Dee Decker, also submitted their resignations. Crowley is moving to Beaumont this week, and Decker cited a conflict of interest since she is working for United Way.

Because of the limited amount of time, Billy Gilmore, board president, instructed the personnel committee to advertise for a new director and start screening the applications as soon as possible.

Tips On Dental Health
RICHARD CARVER, D.D.S.

PLAQUE POINTERS

Plaque is probably the biggest cause of tooth decay and eventual loss of teeth. What is it? How do you get it, and what do you do?

Plaque is the sticky, practically colorless film that builds up continuously on the teeth. The main parts of the plaque are bacteria...one milligram (not very much) plaque can contain as many as a half billion bacteria. Bacteria ferment sugars in the mouth (why not to eat sweets), changing them to acids which then eat away at the enamel - then "Look, Ma, I have a cavity."

As the plaque creeps below the gum line, it mineralizes and becomes sharp and rough deposits of tartar attached to the sides of the root of the teeth. This is the beginning of periodontal (gum) disease which is by far, the major cause of tooth loss in adults. Plaque must be removed daily by "Proper" flossing and toothbrush. Be sure that your dentist has shown you the proper way to use both. After all, we weren't born with this knowledge.

The best way, if not the only way, to remove the tartar and long established plaque is to have a professional cleaning at regular intervals. Remember plaque will start to form again and you are the only one who can remove it daily.

VOTER REGISTRATION

DO YOU KNOW?
from your Voter Registrar

1. Ok, what did you learn last week from reading your certificate?
2. Why does the Voter Registration office want our date and place of Birth?
3. Why does the Voter Registration office want our Social Security Number? It says on the application it is voluntary.

ANSWERS

1. When you read your certificate, you should have learned the following: what to do with or without your certificate at the polls; what to do if you move out of the county and want to vote; how many days are required to make a change on your certificate; where to make the changes on the certificate and where to mail it. You also learned that you will receive a new certificate every two years if you make sure our office gets all permanent and mailing address changes. Best of all, our phone number is at your fingertips so you can give us a call if you have any questions.
2. You must be at least 18 years old and a United States Citizen in order to register to vote. This information allows us to verify these qualifications.
3. Your Social Security Number helps us keep the voter registration records accurate. It gives us enough information to prevent double registration.

Mitchell provided copies of correspondence from the Texas Education Agency concerning state financing. In part, it stated:

"The frustration level of school administrators is understandably running very high during these unusual times. Districts are facing deadlines in preparing budgets and adopting tax rates....Since the district must adopt a budget by August 31, 1991, districts may choose to adopt a preliminary budget by that time with the understanding that it may need to be amended at a later date. It is recommended that the tax rate not be set until the legislative process has ended and you have reviewed the certifications from this agency as noted below.

"School Finance Update No. 7 dated July 11, 1991 stated that the Commissioner of Education would be providing by July 31, 1991 (1) the total amount of taxes each County Education District (CED) was required to collect along with the total amount it was to distribute to each component district and (2) the certification to each component district of any revenue loss due to changes in funding formulas and/or proration amounts for use in the calculation of the rollback tax rate. The information scheduled to be released by July 31, 1991 will be delayed."

Besides continued study of the proposed budget at next week's meeting, trustees are to canvass Saturday's election results, accept the certified appraised values of the tax roll, and take action on the June and July tax reports.

Action is expected on a tax abatement agreement with Cryovac, and also on Carl Perkins Federal Vocational

funding. Action also is expected on bids for cafeteria supplies, as well as the proposed cafeteria price list.

Also expected is board action on a list of students requesting transfer to school here from outside the district.

There will be 92 days on the first semester's calendar and 88 on the second semester.

Attendance committee hearings will be held in the two-week period after the end of each semester.

The board rejected one bid, for vehicle fuels, but accepted another, for carpet cleaning.

Only one bid was received for fuel, so after rejecting that bid the call for bids will be re-advertised, it was explained.

Stacy Ward was the low bidder to clean all carpets in the school system, including the administration building. The lowest of four bids received, Ward's bid was \$1,918.12.

Before discussing the budget, Supt. Glen Mitchell commented, "I've urged everyone I've talked with to vote against all amendments (in Saturday's election).

Iowa Parkans involved in 2 highway fatalities

Two Iowa Parkans were involved in highway fatalities on consecutive days last week.

Connie Brewer died Friday afternoon as result of injuries received in a two-vehicle accident that morning on the Old Iowa Park Road between Peterson and Rifle Range Road.

Saturday, Donald Hill was involved in a two-vehicle accident in which a 71-year-old Del Rio man was killed, on US 183 at Maybelle.

Mrs. Brewer was a passenger in an automobile being driven by one of her sons, James.

As the Brewer vehicle, which was eastbound, was attempting to make a right-hand turn, it was struck on the right side by a second car driven by Henry Coleman of Wichita Falls.

The Coleman vehicle, according to the report, also was eastbound, and was

said to be on the graveled shoulder when the collision occurred.

Both drivers reportedly received minor injuries.

The right side of the Brewer vehicle was virtually demolished.

Hill, who was uninjured, was southbound as he approached the community of Maybelle on US 82, which is north of Seymour, when a northbound vehicle attempted to make a left-hand turn in front of him, onto US 183.

He said he had already slowed down, but thought the vehicle's driver was going to wait for him to pass through the intersection before turning.

A relative said Hill did not have an option to pass the vehicle in the oncoming lane because another car was behind the victim's car.

Vernie Dawson reportedly died later in Seymour Hospital.

Council plans busy session

Budget, bids, property sale and cost cutting actions will be on the city council's meeting agenda Monday night, when aldermen meet at 7 in council chambers.

Administrator Gary Jones is to have his "bottom line" figures that came out of a two-night budget workshop by the council last week.

If no additional cuts are necessary to hold the city's tax rate at 80 cents per \$100 valuation, action is expected to set a public hearing on the proposed new budget within 15 days.

Should the council decide an increase is necessary to fund next year's budget, however, a 30-day notice will be required before the hearing is held and adoption action can be taken.

Council members cut approximately \$1-million from the proposed budget during the work sessions, leaving a budget approximately \$2.8-million.

A major problem which confronted the budget-making process was the loss of over \$2-million in taxable values.

Among the cost-cutting actions taken by the council also is on the agenda. That is, if approved, to formally contact the U.S. Army Corps of Engineers that the city does not have the funds to participate in a feasibility study concerning the established flood zone.

The city's share was said to be approximately \$1-million, and aldermen said they did not feel the taxpayers would want to put up that much money for a study.

Formal action on non-participation could not take place during the budget work session, however, so it will be addressed Monday.

The administrator will ask for council approval to approve the sale of property at 610 East Bank, to the highest bidder. The auction would satisfy a tax and labor lien held by the city against the property.

Jones also will ask permission to enter into a contract to purchase materials for the Recreational Activities Center parking lot. At a cost of \$7.65 per ton, final cost is estimated at \$7,650.

Permission also will be sought to advertise for uniform service for personnel in public works and public utilities departments.

Five ordinances will be considered by council members for adoption. They

include:

- * nominating an area as an enterprise zone and repealing a similar ordinance passed June 24;

- * establishing commercial-automotive/recreational zone at 401 East Diamond;

- * establish agricultural zone for a two-acre tract at 1211 North Bell Road;

- * replating of lot four with half of lot five, Block 49, Original Townsite, known as 503 East Alameda;

- * replat of lots 2-4, Block 4, McCleskey Addition, known as 709 East Ruby.

Aldermen are expected to confirm Mayor Wayne House's appointment of Mike Hicks as an alternate on the Board of Adjustments.

A resolution also will be presented, accepting the certified tax rolls for 1992.

Administrator Jones is to report to the council the condition of the Tom Burnett Memorial Library roof, the budget and RAC progress.

Letters

to the Editor

Less government needed

Dear Bob:

I really appreciated Mr. Glen Mitchell's letter last week about the legal and legislative problems that face our schools. Mr. Mitchell is an outstanding individual and an excellent example for our students. I have great empathy for him. It must be difficult to plan when you don't know how many days of school to schedule for or how much money there will be to fund the school district.

Yet, I couldn't disagree more with his solution to the problem. Texas DOES NOT need a STATE INCOME TAX. The people are already paying sales tax, property tax, gasoline tax, excise tax, "sin" tax, and numerous "user fee," "inspection" and "license" taxes. More forms of taxation will not settle the issue of equitable education among the numerous school districts. I have several ideas that I believe cut to the heart of the problem.

First, the people need to eliminate the politician's retirement benefits and return to statesmen. Why should politicians have a separate retirement rather than the Social Security System that is provided for the people? Why should they be vested in their retirement system after only 20 quarters while the people must have 40 quarters? Why should they make approximately four times the average annual income of other citizens?

Second, we need to amend the United States Constitution to make Federal Judges subject to the will of the people. Since *Monroe v. Madison* we

have seen a continuous growth in the power of Federal Judges and a complete loss of any balance of power between the judicial, legislative and executive branches of government and between the state and federal governments. What happened to government of the people, for the people and by the people?

Third, we need all levels of government to exercise greater fiscal restraint. Jessie Latham, my elementary school principal, was responsible for approximately 800 students plus staff and did a superlative job without an Assistant Principal. Two of our schools have considerably less students and an Assistant Principal. In addition we have an Assistant Superintendent in a system with only four schools. I'm certainly not talking personalities. These are all fine individuals. It's simply a matter of pecuniary limits. The people already spend five months of the working year paying for government.

I join *The Leader* in urging people to vote NO to more forms of taxation and levels of government on Saturday, August 10, 1991.

Sincerely,
Michael D. Grubbs

Let's be correct

Mr. Editor:

If every parent would keep their children in their own yard, instead of letting the street and other neighborhood children be the "babysitter," I'm sure the mischief crime done by children would cut down.

Children cannot be left alone to

judge for themselves. That's why one Iowa Park mother and her children deserves a public thank you for their swift, efficient handling of the mischief done in their neighborhood.

If the mother had not taken her children in to the police station to admit what had been done, the case would have been put on a "list" to be looked into. No, I'm sure it wasn't easy for this family. But, it is the honest and Christian thing to do. I have watched parents shield their children by saying "prove it." This is only teaching dishonesty. I admire the parent that gets to the bottom of things, even at the expense of their children's feelings, and has their children own up to the wrong doings no matter how small.

I am only sorry to learn that after this case of mischief, the paper stated that these children were going to receive counseling through a facility in Wichita Falls, when in fact they will be given counseling through their family church. It pains me to know as a parent and grandmother that public information is not expressed correctly. Lets give the credit where the credit is due. From a proud mother and grandmother

Two-a-days begin Monday

All Iowa Park High School football players are to have their physicals taken this afternoon at the fieldhouse, according to Head Coach Lucky Gamble.

The unified examinations is a departure from years past, when athletes were held responsible to go to their respective physicians.

Dr. Ted Alexander will be at the field house from 1 to 3:30 p.m. today, at which time he will examine all varsity, junior varsity and freshman players.

There is a \$15 fee for the examination.

Female athletes, who also are required to have physical examinations, are to obtain an examination form, any time between today and the start of school, from either Coach Gamble or Coach Jimmy Cain.

Girls are to obtain examinations

from the physician of their own choice.

Football players were notified earlier by a letter from Coach Gamble, to be at the fieldhouse Wednesday to be issued socks, shirts, shorts and helmets.

Two-a-day practice begins Monday.

A team meeting will be held at 7:30 Monday for all high school football players. They are to work out at 8:30 that evening.

Regular two-a-day scheduling will be 7:45 to 10 in the mornings, and 5:30 to 7:30 in the evenings.

Freshmen, according to Gamble's letter, will work out only once a day, and that will be from 5 to 7 p.m.

Team pictures will be taken at 10 a.m. Saturday, Aug. 17. At 7 that evening, a watermelon feed for players and parents will be held.

First scrimmage will be at Holliday

Aug. 23, and a week later the second pre-season scrimmage will be at Olney.

The varsity season opens here Sept. 6 against Burk Burnett, following a doubleheader at Burk Burnett the evening before for the freshmen and junior varsity.

Season ticket sales to begin

Season tickets for Hawk football games will go on sale Monday at the high school principal's office.

Fans who had season reserved seat tickets last year will have until the first home game, which will be Sept. 6 against Burk Burnett, to renew their option on the same seats again this year.

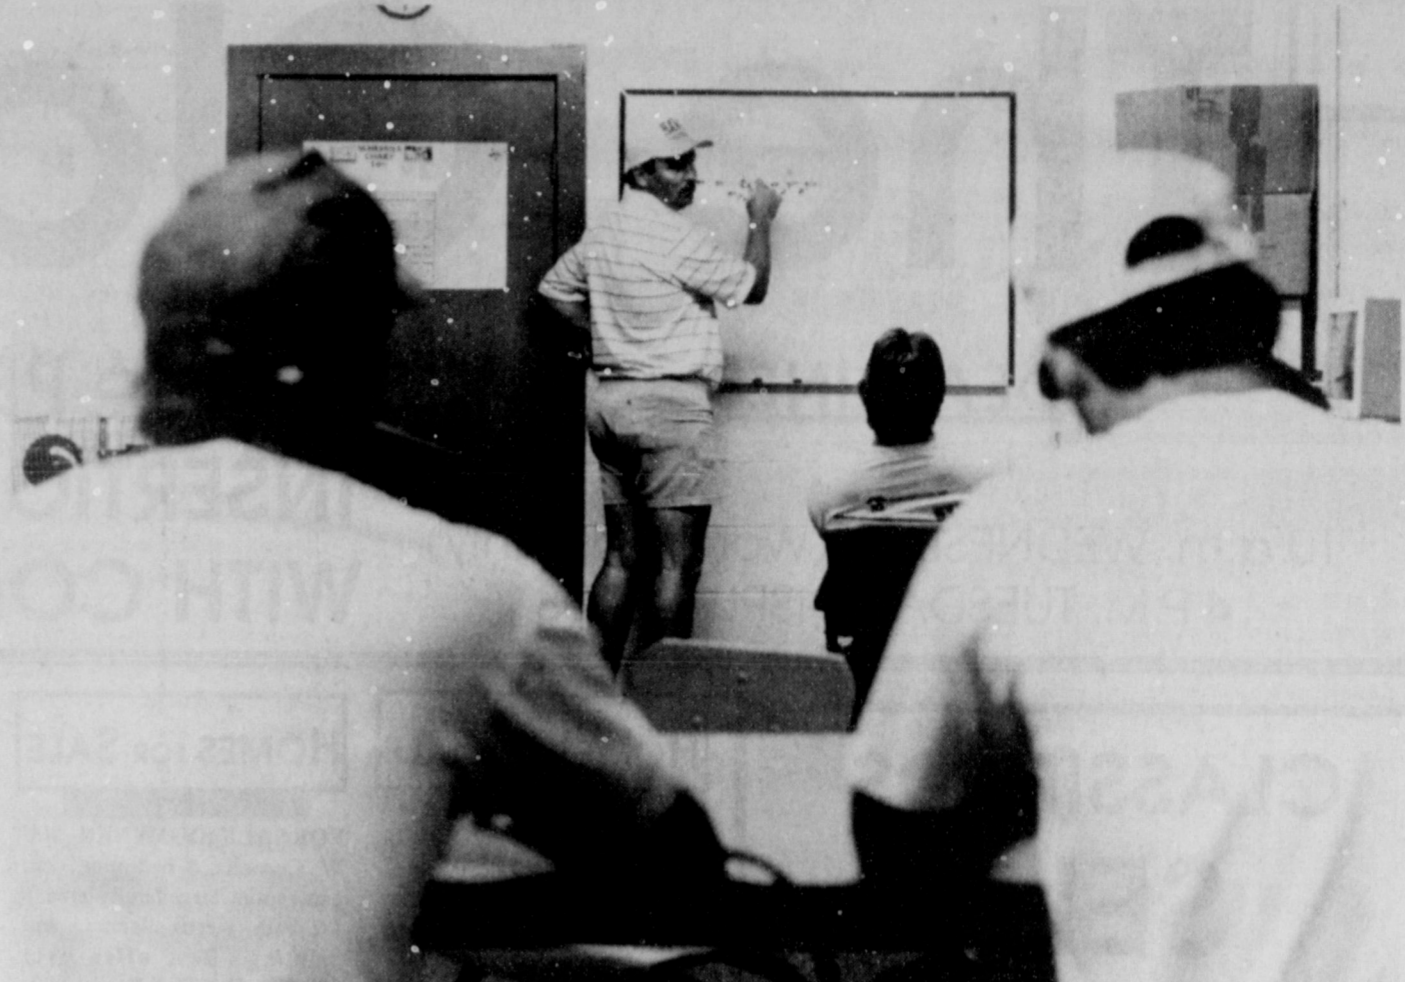

At \$5 per game, a book of 1991 season tickets will cost \$25.

Reserved seats after the first game will cost \$5 per game, but they must be purchased by 4 p.m. on game day. No reserved seats will be sold at the gate.

General admission tickets this year will be \$2 for students and \$4 for adults, if purchased before the game.

All general admission tickets sold at the gate will be \$5.

Tickets will be sold from 8 a.m. until 12-noon and 1-4 p.m. at the high school, according to Richard Davis, principal.

HEAD HAWK LUCKY GAMBLE GOES OVER DETAILS OF PLAYS FOR COACHES ... in preparation for two-a-days which start Monday.

Catlin headed for LA

Brandi Carlett Catlin, 14, was chosen winner Saturday in the Star Search competition held in Wichita Falls.

She was one of three finalists to audition before a panel of seven judges and was selected winner in her category, 13-17.

Brandi will be flown to Los Angeles Sept. 27 where she will audition before the National Star Search judges.

If she wins the audition in Los Angeles, she will be taped on National Star Search Sept. 28 to be shown on national television at a later date.

Brandi has been singing gospel music since she was eight years old. She submitted a tape, picture, and biography to enter Star Search and was chosen one of three finalists from a

field of more than 200 entries in the North Texas and Southern Oklahoma area.

The young singer's performance in Wichita Falls will be shown on Channel 18 Saturday at 11:30 a.m.

Brandi is the daughter of Mr. and Mrs. Randy Catlin and the granddaughter of Mr. and Mrs. Carl Catlin and Mr. and Mrs. Gene Ray Kyle.

Hunter's safety course offered

A hunter's safety course will be offered here Aug. 19-20, 22-23 at the First Christian Church.

Instruction will be from 7 to 10 each of those evenings.

A \$5 charge for course materials will be assessed.

Jim Goodwin, 592-9303, is the contact person.

Gary Green, a three-year starter for the Iowa Park Hawks, has been named to the Texas team for Saturday's 54th Oil Bowl game at Memorial Stadium in Wichita Falls. Kickoff is 7:30 p.m.
