# Record vote count

with others in Wichita County in apparent record numbers for Tuesday's general election.

The four area boxes, Precincts 32, 33, 34 and 35, generated 2,417 votes Tuesday -- and that doesn't count the early votes.

In all, there were 47,025 ballots cast in the county.

The local and county voters were outnumbered, however, in their choice for president. Incumbent George Bush drew the most votes in the area, as well as the county in general.

Voters at the County Agriculture Building (32), Faith Baptist Church (33), Valley View (34) and Chaparral Baptist Assembly (35), gave Bush 958 votes of approval, and county-wide, 17,956, or 38.18 percent.

national election, received 683 in the area boxes and 17,021 in the county.

An indication of how close that race was in the county was shown when 38 of the 52 precincts had been counted. Clinton led by a scant 14 votes.

While independent candidate Ross Perot received only 11,478 votes over the county, he actually out-polled Clinton in the area boxes. He received 734 votes over the area.

Again, area votes do not include the early vote tally, which was not available at presstime.

Precinct 32 apparently maintained its status of heaviest-voting poll in the county, both in numbers and apparently

in percentage of turnout. According to figures available, there were 78.9 percent of the precinct's 2,957 registered voters who cast their ballots. That included 1,381 who voted Tuesday, and 952 who cast early bal-

lots. Early voting picked up considerably during the last three days of the Oct. 14-30 period, especially on Friday,

# Permits dip in October

Building activity fell considerably during October, when compared with September, according to the monthly building permit report from city hall.

Permits totaled only \$24,150 last month, a sharp contrast to September's near \$100,000.

For the year, permits have not

Iowa Park area voters turned out the final day. There were 279 ballots cast that day, helping to raise the total for the box to 1,056. Voters from all precincts were eligible to cast ballots at that box during early voting.

> The only race in which area boxes did not agree with county-wide totals was between Juanita Pavlick and Roy Sparkman, for the office of 78th District

Sparkman, a former resident of Iowa Park, narrowly edged Pavlic with 1,169 votes to 1,145. He carried two of the four area precincts, 32 with 733-599, and 35 with 147-140.

Barry Williamson easily defeated Lena Guerrero in the Railroad Commissioner race. He won all four area boxes, 1,415-770, as well as the county, 25,080-17,406.

Bill Sarpalius likewise carried all Gov. Bill Clinton, who won the four area boxes (1,444-911) as well as the county (28,370-17,103), in his bid

for re-election as U.S. Representative against Beau Boulter.

The same was true in the race for State Senator. Tom Haywood drew 1,366 votes in the area (including a scant 108-107 edge at Precinct 34), to Steve Carriker's 911. Haywood's county total was 24,165 to 21,031.

Incumbent Supreme Court Justice Oscar Mauzy won only two of the four area boxes, and lost county-wide by a margin of only 22,582 to 20,055. Area voters gave challenger Craig Enoch a total of 1,186 to 1,020 votes, despite Mauzy's lead of 115-88 at Box 34 and 269-196 at Box 33. Enoch easily won Box 32, 731-526, and Box 35, 171-110.

Incumbent Sheriff Tom Callahan was an easy winner over former Iowa Park barber Ray Cannedy, both in the area and county-wide. Callahan won

Want a free turkey to cook for this year's Thanksgiving meal? Just check with your local businesses.

The Chamber of Commerce last year coordinated the free turkey giveaway program, and it was so popular, both with the citizens and businesses, the project is about to get underway

No purchases are necessary. Citizens have only to register any time they are in any of the sponsoring businesses.

The drawings will be held Tuesday, Nov. 17, and announced in that week's issue of the Iowa Park Leader.

MAJOR PROJECT UNDERWAY - Workers began a major undertaking this week, of renovating the

city's sewer treatment plant. In order to do the work, deemed necessary after more than 20 years

continuous operation without a shutdown, the tanks had to be emptied and the fluid, as well as all

sewage, pumped into a specially-built lagoon. Work is expected to be completed this week.

tween the two clubs since 1970, when they were in the same conference one year. Iowa Park won that one, 54-6, while on its way to a share of the state Henrietta was moved into Class

AAA this year, with an enrollment of just over 280 students in the high school. Iowa Park, as of last month, has 557. In their final season as a Class AA

club, the Bearcats earned a 7-2-1 overall record, and finished in a secondplace conference tie with 3-1-1. The Hawks also wound up in a tie

for second place, and both teams had to stay home from the playoffs, due to tiebreaking scores. Henrietta has five seniors who were

starters last year, as well as three juniors who earned starting positions as sophomores.

Most dangerous among the backs this year has been senior runningback Cody Covert, who has size and apparently speed.

The 6-3, 195-pound Covert has scored a number of long touchdowns this season. Of the four touchdowns he racked up against Whitesboro, two were 95-yard kickoff returns.

As a junior, he gained 960 yards in 10 games, and scored 10 touchdowns.

Breckenridge was trailing the Bearcats 26-22, in last week's game. But a pass interception gave the Buckout and win 28-26.

Quarterback Campbell completed niors. 10 of 23 passes against Breckenridge for 189 yards, and Covert carried 22 times for 115 of Henrietta's 180 rushing

Campbell had some success in his game against Vernon. The Bearcats found running difficult against the Lion

defense, as has everyone else. So the junior signal caller attempted 27 passes and completed nine of them for 135

But he also suffered six interceptions. Vernon won, 40-0. That was Henrietta's only shutout of the year.

The Bearcats gave Bowie about all the Jackrabbits wanted, but lost 26-12. Covert scored on a 28-yard run in that contest. Bowie amassed 253 yards rushing against the Bearcat defense, similar to the 271 yards given up by the

Hawks when they played Bowie. Covert had another big game against a AAA school, Bridgeport. Though the Bearcats lost 21-18, the big senior carried 16 times for 116 yards.

Other losses on the Henrietta agenda were 44-14 to Graham, and 47-8 to Holliday.

Though small in number, the Bearcats have size that matches or even

exceeds Iowa Park. Two of their returning linemen are tackles Todd Moore, 6-4, 220, and Bay Reed, 6-4, 226. And another returning

starter is junior wide receiver Rowdy Seward, who stands 6-3 and weighs Of four Hawk starters who left the field with injuries last week at Graham,

only one is not expected to see action in the season finale. Junior runningback Scott Byrd's foot is back in a cast this week. The bone he broke in the first scrimmage of the

season was again fractured. With linebacker T.J. Bean already

# **Burglar hits Sonic**

Police continue their investigation of a business burglary that was discovered during the early morning hours Tuesday.

The damage to Sonic Drive In was actually greater than the amount of money taken, according to the report.

Both plate glass doors were broken out to gain entry, and bags containing approximately \$230 in cash were taken. Damage was estimated at \$330.

Entry was gained sometime between 1:30 and 3:45 a.m., the period between trips made by officers at that time of night.

Two arrests and an assault case also were reported on the week's police blotter.

Officers were called at 10:44 p.m. Saturday to the scene of a disturbance in

the 800 block of South Bond. There, they arrested Virgil Dale Green, 31, for assault. He was later released after signing a personal recognizance bond.

Shortly before that time, at 6:27 p.m., they were alerted to a possible assault in the 1200 block of Emma. The suspect was not there when they arrived, and they were still looking for the subject Wednesday.

The police were called to the 1300 block of Sunset at 3:45 p.m. Monday, where a disturbance was reported. After checking the records on Kent Edward Fairchild, 34, it was determined a warrant had been issued for his arrest.

Fairchild was wanted by the Texas Department of Corrections for violation of parole. He was transported to the county jail.

### Mrs. Sam Hunter

Wanda (Mrs. Sam) Hunter says that her mother was the best cook she has ever known.

Growing up in a family of nine children, Wanda said there was always a crowd at her home located near Grandfield, Okla. It was a gathering place for the youth of the community, where there was always a variety of games being played, or swimming in one of three lakes located on their

She remembers her mother continually producing large pans of freshly baked chocolate rolls and biscuits.

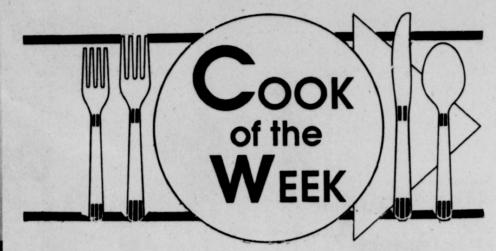

When asked if her mother taught her to cook, Wanda replied that being one of nine children, she helped with certain things like cooking and canning, but never learned how to make the chocolate rolls that were so popular. She is working with her sisters now, trying to locate the recipe.

Wanda went through the elementary grades at Sage School, and graduated high school at Grandfield. After graduating from Draughan's Business College in Wichita Falls, She went to work as secretary for the Southwestern Division Manager of General Mills in Wichita Falls.

She and Sam met on a blind date. He had been discharged from the service and was enrolled at Midwestern State University.

Since their marriage, Sam has taught business administration to veterans in Electra, was tax accessor and business manager for the Valley View through. (Better the second day.) School District, and in 1958, he and Wanda moved to Iowa Park where they opened a real estate office.

Wanda worked for awhile in the property tax office in the county court house, and was a secretary for the Soil and Water Conservation District in Iowa Park.

The Hunters have a daughter, Carol, who teaches in an accredited pre-school in Richardson; a son, Gary, who lives in Dimmitt and is the District Conservationist for the Soil Conservation Service in Castro County, and three grandchildren.

Wanda loves nature and is a member of the Texas Ornithological Society, and the North Texas Bird and Wildlife Club. She likes to travel and attend the TOS conventions and field trips, which involve hiking, getting close to nature, and studying the wild life and horticulture of different areas of the country.

She had done breeding bird survevs for the government, and fiveyear atlasing of birds in the state.

She is also a member of the Lioness Club and she and Sam are active members of First United Methodist Church.

Wanda said that her recipes are all tried and true, and some that she has been using for many years.

chicken, or about 2 cups cooked, chopped chicken

1 can cream of chicken soup

1 can cream of mushroom soup 1 can or 1 box frozen, mixed vegetables, cooked

Parsley flakes Chopped onion

Celery or celery salt (if desired) Grated cheese

Cook onion either with noodles or vegetables, or both. Drain veg-

etables and hold liquid. Combine all ingredients, tossing gently to mix while adding a little

liquid from vegetables, chicken broth or noodles to obtain desired thickness. Put layer of mixture in large cas-

serole (or 2 med.) Add layer of cheese. Continue to alternate layers until mixture is used. Top with cheese. Cover and bake 20-30 minutes at 250 degrees, or until heated through and cheese is melted.

This recipe is very versatile. Noodles may be cooked in chicken stock. Macaroni may be used instead of noodles. Vegetables may be varied. Fresh or frozen vegetables are best. I usually add a cup or more of sliced, freshly cooked carrots and 1/2 cup or more of canned or frozen peas. A small amount of extra green beans or corn may be added.

Hi, from Heritage. I hope you had a happy and safe Halloween. We had a great Halloween.

We had a great Halloween party provided for us by the Eastern Star Chapter. They also brought with them a great band who had our residents dancing and singing.

At our annual costume contest for the staff, Kristi Lane, "The Old Heifer", won best costume.

Congratulations are extended to Cora Lewis on the birth of her greatgranddaughter.

I would also like to update my grandson's recovery from spinal meningitis. He is continuing to do well with no adverse effects for his bout with this disease. I want to thank all the people who kept him in their thoughts and prayers, for without those he had little chance.

It is nearing the holiday season, so please, if you have a particular date you wish to have an activity at our nursing home get in touch with me so I may get you on the calendar.

# System Membership

The Tom Burnett Memorial Library was recently accredited as a member of the Texas Library System for fiscal year 1993, according to William D. Gooch, Director and Librarian of the Texas State Library.

The Tom Burnett Memorial Library is a renewal member of the

North Texas Library System and serves citizens in Iowa Park and the surrounding communities.

The Library had to meet strict criteria, according to Sue Maness, such as hours of access, professional staffing requirements, number of library materials, and local per capita support to become an accredited member.

Public libraries must apply and qualify for system membership annually. The Tom Burnett Memorial Library has been a member of the North Texas Library System since 1976.

Some of our local system benefits include interlibrary loan, rotating videos, 16mm movies, equipment, annual storytellers, and workshops for the staff.

# Worth Quoting

Daily we are bombarded by the propaganda of the environmental ex- late comer to the globe, for all the entremists. Humans are destroying the planet, they say. Just by your existence, you are causing untold damage to the is very hardy. It is not as fragile as the environment.

One example is the myth of global warning. The environmental lobby wants you to believe that by driving your car, purchasing manufactured goods or heating your home you are spewing forth tons of carbon dioxide into the atmosphere. The environmentalists say that carbon dioxide forms a blanket above the planet that traps heat.

Eventually, the doomsayers predict, that heat will melt the polar ice caps and cause sea levels to rise around the world, flooding coastal cities. Other famous in his hometown for speech predictions are droughts, strong storms and earthquakes.

Once again the environmentalists are not just wrong, but dead wrong. Scientific studies of termites have found that they produce carbon dioxide in tremendous quantities. The termite's him right now." digestive system is so efficient that 90 percent of the wood eaten by the little insects is turned into carbon dioxide, methane and other gases. The gas is released into the atmosphere.

That gas released multiplied by the number of termites in the world has been calculated by Science magazine. The total is two to three times the amount of carbon dioxide released by the burning of fossil fuels in the world.

Another scientific study disproves another tenant of the environmentalist movement. Supposedly the gases we use to cool our homes, cars and food -hydroflorocarbons -- is depleting the ozone layer above the earth.

Climatologists studying the eruption of the Philippine volcano Pinatubo have found that the huge blast of lava and rock also sent tons of sulphur compounds into the atmosphere. In comparing that volume of gas to the volume of HFCs produced each year, the scientists found that it is 100 times the volume of HFCs produced in the history of mankind.

The simple truth is that termites have been chewing wood since the dawn of time. Volcanos have regularly erupted for the entire 4 billion years of the earth's history. Neither events have made the planet uninhabitable.

# Trip to Mexico pays off-nine years later

By MYRNA SMITH

Bee Tate never dreamed while on a trip to Mexico that in nine years it would be the main cause for her receiving \$1000.

Mrs. Tate recently received a check in the amount of \$1000 for winning third place in an original recipe contest co-sponsored by Woman's Day magazine and Ortega.

Although she likes to cook-- in fact it is one of her hobbies--this is the first time Mrs. Tate has received money for a recipe.

The question, "How is Mexico involved in Bee's resulting good fortune?"

While headed to Copper Canyon in Mexico, the tour group stopped for dinner at Los Mochis. Bee was particularly fond of their soup. She inquired of a waitress if she could get the recipe.

The waitress directed her to the cook who could not speak English and Bee didn't understand Spanish. No one seemed to be able to interpret for them, or didn't want to, so there went her chance to get the recipe for the soup she liked so well.

When Bee got home she decided to try to figure out what ingredients were used to get the desired flavor. After many tries, she still did not come up with the exact taste, but with one she liked as well and it became her own.

She took the dish to her church covered dish dinner and club dinners and tried it out on her friends. They seemed to like it also.

She titled the concoction Los Mochis Sopa de Tortilla. When the contest was advertised she decided to enter her own recipe---and came out a winner.

Winning recipes will be published soon in Woman's Day.

The win encouraged Bee to enter another original recipe contest. Yogurt Fruit Cake has been entered in a contest sponsored by *Prevention* magazine.

"The first prize in that contest is \$10,000," Bee said. So you can imagine her anxiety until she hears from that entry. However, she isn't making plans where to spend the money.

Saturday, Nov. 14 ~ 2 - 4 p.m. TU Electric Reddy Room she typed the manuscripts for and did all of the proof reading. After they were published, she and Mrs. Bradley made trips to several places where she contacted the book stores. She arranged for autograph parties for him.

Mrs. Tate also worked two years at the Wichita Falls Airport.

Both of the Tates are native

Oklahomans. She was born in Cordell, Okla., but her family moved to this area when she was six months old.

Tate was born near McAlester, Okla. His family moved to Texas in two covered wagons when he was young. In about 10 years they moved to Ryan where Lem finished high school.

In 1940 Tate started working for North American Aviation in Grand Prairie as a machinist. From there he went into the Navy and spent his time at the Texas Naval Air Station.

He returned to Wichita Falls and entered Hardin College, forerunner of Midwestern State University, and took a course in watchmaking. They asked him to stay as an instructor there.

In 1955, after seven years, he went to work at Sheppard AFB and retired there as an instructor in 1977.

In the Tates' situation, that old adage, "The way to a man's heart is through his stomach," might be rephrased.

The first date the Tates had he brought a large pecan pie to her house that he had made. "It was delicious. The best I'd ever eaten," Bee said. "I thought "Oh, he likes to cook isn't that nice'." Then she added, " I haven't got him to cook a pie or anything else since then." Lem had no comment.

But Bee enjoys cooking and collects recipes and cookbooks. She has recipe files full and in their built-in book cases along one wall in the living room, one side is occupied by her cookbooks. Tate is a member of Iowa Park Evening Lions Club and she is a member of the Lioness Club. They are members of St. Mark's United Methodist Church in Wichita Falls where every Wednesday night they have a covered dish supper. At Lem's request, Bee always takes desserts to the Lioness Club and the church.

They also are members of the Fun After 50 Club in Wichita Falls where she is secretary and he is vice president and will be president next year.

Another hobby she has is collecting donkeys. She has 100 and has been collecting them 20 years. She has them from almost every state and some from countries across the water.

They range from wooden ones to ceramic, some carved from stone and other materials. She has always thought they were cute, but possibly one thing that started her collecting them was a wooden donkey pulling a cart, which decorates her yard now. It was given to her by her brother.

"Many of the donkeys I have were brought to me by friends," Bee said. After thinking a moment, she smiled and added, "They tell me every time they see a donkey they think of me. I'm not sure if that is a compliment, or if they're thinking something else."

Bee (her name is really Beatrice, and she says she doesn't know why the short version wasn't spelled Bea, but it

Lem has three daughters. One of his also lives in Austin, one in Houston, and one in Mrs. Tate's birthplace, Cordell, Okla.

Until early this year the Tates each had six grandchildren. But now he has seven.

After being served a great cup of coffee and a delicious goody, I had to ask for the recipe. With Bee's consent I will share it with the readers who like to try a new recipe or add to your own collection. My favorite pie is pecan, but this is a different version.

PECAN PIE CAKE 1 box yellow cake mix (reserve twothirds cup)

1/2 stick oleo, melted

Mix together like pie dough and press in a well buttered 9x13 inch pan, covering the bottom of the pan. Bake 15 minutes at 350 degrees.

Mix 1/2 cup oloo, melted 2/3 cup reserved cake mix

2/3 cup reserved cake mi 1/2 cup brown sugar 4 eggs

1 cup white Karo 2 tsp. vanilla

Fold in two cups chopped pecans and pour over cooked crust, covering crust well. Bake 30 minutes at 350 degrees.

AUSTIN - While the limelight focused on elections last week, a handful of staffers labored backstage to prepare the Capitol for the Nov. 10 special session on school

Gov. Ann Richards is bringing lawmakers back to Austin to attempt to remedy their third consecutive botch - the "Robin Hood" plan, which the courts declared unconstitutional.

The new plan was such a wellkept secret until after Election Day that left-out lawmakers speculated there actually wasn't one.

Of course, there was, but with every state House and Senate seat up for election, only a fool would bring up the subject of new taxes.

Or illegal taxes. The Texas Supreme Court struck down the Robin Hood plan for creating an illegal state property tax.

The tax was collected all summer anyway, and still is today - even as lawmakers sit down to the opening

It is the third time that lawmakers - most of them lawyers - got a failing grade in bill writing.

No, this is not the stuff political careers are made of.

# CHURCH OF YOUR CHOICE

In Acts 2:38 when the people had heard Peter and had believed the message which he presented about Christ, they asked, "brethren, what shall we do?" Peter said unto them, "repent and be baptized every one of you in the name of Jesus Christ unto the remission of your sins." They were commanded to repent, be baptized unto (leading toward) the forgiveness of their sins. This is made even plainer in Acts 22:16 where Ananias, a faithful preacher of the gospel, was sent by the Lord Himself to Saul of Tarsus, who had spent three days fasting and praying. When he arrived, this God-sent preacher said, "and now why tarriest thou? Arise and be baptized, and wash away thy sins, calling on His name." There is an action in baptism that helps to cleanse and save the sinner.

Jesus had earlier taught, "verily, verily I say unto thee, except one is born of water and the Spirit, he cannot enter into the kingdom of God. (John 3:5).

1 Peter 3:21 finds the apostle Peter saying by inspiration, "which also after a true likeness doth now save you, even baptism, not the putting away of the filth of the flesh, but the interrogation of a good conscience toward God, through the resurrection of Jesus Christ." The very significant place that burial in water, baptism, plays in becoming a Christian is obvious.

Sometimes we hear it said, "Join the church of your choice." No, this is not the language of the Scriptures. Rather, the Lord teaches us that we must obey God's commandments and that He will then add us to His church. We need accept no man-made creed, no denominational doctrines. We need wear no name but the name of Christ. If all of us will simply take the Scriptures for what they say, obey the simple commands as outlined within them, we will find that we are members of the one church described in the Bible.

We will also discover that we are united with each other in a very wonderful way. It is our fervent prayer that these passages may guide you to become a part of God's family.

If you are curious about Catholics and how they see their Church or if you'd like to take a moment to reflect on what it means to be a practicing Catholic, these words are meant for you.

A PLACE TO BELONG

It is only human to need to know that there is somewhere we truly belong, that there are people who care for us and with whom we can explore our deepest longings and serious questions. As Catholics, our belonging place is the faith community we call the Church. Here we are given room to grow, to search, and to build a relationship with God and God's people.

A CHRISTIAN PEOPLE

With other Christian believers, we look to Jesus Christ as the heart of our community. We see in Jesus the Son of God. God is for us someone who touches our lives as Creator, and Redeemer, and Holy Spirit. Jesus, we believe, came to earth as our Redeemer. A human being like ourselves, he was born in Palestine of a young woman named Mary, whom Catholics have always honored as the person who carried Jesus in her womb so that God might become one of us. During his life, Jesus' words and actions spoke powerfully of how greatly God cares for us and is involved in our lives.

Jesus' message of all inclusive love was so revolutionary that those in power not only did not understand it, they were threatened by it. A man who asked for nothing for himself, who spoke of God as his father, and who healed people in all walks of life was now to be trusted. Ultimately, Jesus paid with his life and died nailed to a cross. Three days later, just when his followers felt totally abandoned, Jesus rose from the dead as he had promised. We call this event the Resurrection and know it to be a pledge that we too shall overcome death.

A BIBLICAL FAITH

The Bible is our book of faith. In its pages we meet Jesus and learn of God's plan for us from the beginning of time. The early biblical writings come from the Hebrew people and trace God's hand in preparing the world for the coming of Jesus. The later part of the Bible tells us about Jesus, his life and teachings, and about how, after his death, his followers began to gather in Jesus' name as the first "Christian" church.

When he walked the earth twenty centuries ago, Jesus lived for others, reaching out to all who asked and revealing a God of boundless compassion and forgiveness. Those who followed him then, like we who follow him now, were challenged to live as Jesus did, placing people ahead of material things and bringing healing and hope to the world.

A WORSHIPPING COMMUNITY

In the early centuries after Jesus' resurrection, Christians were not popular people. They met privately, often secretly, to read from the Hebrew scriptures and to listen to the disciples of Jesus tell his story. Then, they carried out the one action he had asked them to do in his memory on the night before he died.

At that time, Jesus took bread and wine, blest them and said, "This is my body. Take and eat. This is my blood. Take and drink. Do this in remembrance of me." So those first Christians, who were probably not at all clear about what Jesus' gift of himself in this way really meant, began to do as he asked. Then in the blessing of the bread and wine and their sharing it together, they realized in faith that Jesus was really present among them. This wondrous event they named "Eucharist," meaning thanksgiving, in gratitude for Jesus' gift of himself. This celebration of Eucharist became the center of Catholic worship.

Today the Eucharistic celebration, often called the Mass, begins with prayer and with readings from the Bible. Then, like the first Christians, we share once more in the action of Christ at the Last Supper, blessing and consuming the bread and wine of his presence as he asked us to do. Finally, empowered by Christ's love, we go out to help heal a wounded world.

On any Sunday you will find Catholics all over the world worshipping God together. We gather as persons united by our religious beliefs and our commitment to common values. For us, to celebrate Eucharist is to celebrate our oneness with God and with each other, and to ask God's help in living as Jesus did.

A NEIGHBORHOOD (HURCH

For most of us Catholics, the center of our faith life is the neighborhood church, the parish. There, with the help of a committed staff and generous volunteers, we learn about our God and the riches of our religious heritage. Through the parish we reach out to those in need of care and support, and celebrate the special events that mark life's journey in maturity and faith.

It is at the parish church that we are welcomed into the family of God at our Baptism. There, too, we first receive the bread of the Eucharist and learn to ask God's forgiveness. Often in this same church, with our neighbors and friends as witnesses, we ask God to bless our marriage vows and to increase our love as husband and wife. In times of sickness or trouble, we turn to our parish for healing and support. Finally, at the end of earth's journey, it is in the parish church that our funeral takes place to celebrate our new life with God.

The Catholic Church is home to millions of Christians around the world. But locally, we Catholics live our faith on a daily basis with the help of our neighbors in our own parish community.

A WORLDWIDE CHURCH

The Catholic Church has endured since the time of Christ. In all those centuries, the Church has become a public institution with appointed leaders who unite the members and minister to the needs of the entire world.

The leaders of the Church, the bishops, are seen as inheritors of the role of the twelve apostles who accompanied Christ in his ministry and preached his message to the early Church. Like Peter, whom Christ appointed to lead the apostles, the bishop of Rome, where Peter lived, is also always known as the pope.

For Catholics, the pope is the leader among all the bishops of the world. He consults with them about important matters of faith or morals. The pope acts as a guide to the people of God in relating faith to contemporary life.

Bishops and priests share the power of church leadership. Their calling is to draw us together in God's name and to help us identify how God is at work in our lives and in the world.

Like any long existing institution, the Church, being human, has had leaders and policies that were not always admirable. But we Catholics believe that God's Spirit is always alive in the Church, constantly calling it to conversion and to be faithful to Christ's teachings. Throughout the centuries, good people and courageous leaders have summoned the Church to be all that God calls it to be.

A WAY OF LIFE

Though the Church is our place of special meeting with God and God's people, it is in our day to day lives that we try to reach out to God moment by moment. Pausing for prayer from time to time, perhaps in the morning or evening or at meals, is a start. Most meaningful of all is to be aware of God's loving presence in the many moments of conflict and joy that fill our days.

Our awareness of God's constant and personal concern encourages us to be open to life, to take risks, and even to question what God asks of us. Should we make a mistake, even a serious one, we know that God's forgiveness is always there for us even before we ask.

To be deeply in touch with God is to look at life with a caring heart. As Catholics, we are called to cherish all of life as divine gift and to hold each person priceless without regard to background or personal accomplishment. Our stands on abortion, the arms race, the death penalty, ecological abuse, economic justice, natural death all take their direction from this reverence for life. You will find Catholics all over the world dedicating their energies to these concerns in the hope of making the world more in God's image.

This concern for all creatures demands that we care about the quality of life of those on the margins of our society as Jesus did. The history of the Church is filled with stories of heroic men and women who did just that. We call them saints. They were among the first to nurse the sick, care for the enslaved and imprisoned, oppose war, and build schools and centers for those who might otherwise have never had a chance at life.

Even today, contemporary figures like Archbishop Oscar Romero and Mother Teresa remind us that working for the dignity of all, especially the poorest, is the true Christian calling.

ANO-STRINGS INVITATION

If you are looking for a place to belong, a community with whom you can share your questions and beliefs, perhaps you'd like to find out a bit more about the Catholic Church. Whether the Catholic Church is totally new to you or whether you have already had Catholic ties sometime in your life, you would be most welcome among us. Our church community has something very special to offer, and we would like to share it with you.

Nearly all Catholic churches have a long-term program which allows adults to take their time in getting to know what the Church teaches. Both newcomers and long-time Catholics are welcome in this program. There, together with others who are searching, they share their questions and learn what the life of faith is all about. If you choose to participate in one of these small searching communities, you can be sure of affirmation and support no matter what direction your life may take.

If you would like to know more, make an appointment to talk with a staff member at you local Catholic Church.

# Steers horn **Hawks** 41-6

The outcome of Friday night's game at Graham was pretty well indicated before half the first quarter had expired, and the Steers held a 12-0 lead.

Sophomore lineman Clint Scobee kept the Hawks from being skunked, scoring on a fumble recovery with 37 seconds remaining on the scoreboard clock.

Iowa Park suffered its eighth loss, and fourth consecutive conference defeat, at the hands of Graham, 41-6.

Scobee's touchdown actually came on a mistake after a mistake.

Most of the Steers on the field were reserves, as the final minutes of the contest were being counted down. Graham was forced to punt from its own 35 yard line. The ball was badly snapped, picked up, and Cody Witherspoon tackled the carrier on the Graham 17 yard line.

Jason Miller ran for seven, and Don Ellis advanced the ball to the four on a pair of three-yarders. But on the next play, with 1:02 showing on the clock, Miller was sacked for a nine-yard loss.

Miller then attempted a pass. But, for the fourth time in the game, it was intercepted by a Steer. The runner, apparently attempting to shift the ball from one hand to another, lost control. That's when the alert Scobee picked up the ball and dashed toward the end zone. He was hit as he approached the line, but his momentum carried the two players into pay dirt.

The pass attempt for two points that followed fell incomplete.

Throughout the game, Hawk starters were retiring to the sidelines with injuries. They included Brent Brown, badly shaken when sandwiched by tacklers just before halftime; Scott Byrd, who re-injured a foot that held him off the field most of the season; and Mark Tatum and Carl Pace, both with leg injuries.

DON ELLIS PICKS UP YARDAGE AGAINST STEER DEFENDERS

It just wasn't Iowa Park's night. The extra point attempt by Graham after the third Steer touchdown is a good example. Iowa Park blocked the kick attempt. But a Steer picked up the ball and scored a two-point conversion, giving the hosts a 20-0 lead only 47 seconds before halftime.

As the second half got underway, an apparent interception by Tony Lozipone at the Graham 33 was nullified, when an official called Ken Cooper for interference. Then, as the Steers were being issued a first down at their 48, Iowa Park was flagged for "unsportsmanlike conduct," and an additional 15 yards stepped off. Graham made the score 27-0 seven plays later.

A pair of interceptions set up Graham's final two touchdowns, both coming in less than a minute and 20 seconds. The Steers scored in two plays after the first, with 2:00 left in the third period. Then, on the second play following the kickoff, the second was on Iowa Park's 36, and three plays were needed on that one.

Despite gaining 20 yards on six carries and a two-yard pass reception during the first half by Tatum, Iowa Park failed to record a first down in the initial 24 minutes of play.

Runningback Ellis was the workhorse for Iowa Park. He was called on to carry the ball 21 times, 17 in the second

half, but was able to finish with only 34 net

Cooper intercepted one of Graham's 19 pass attempts, killing a Graham drive at the Hawks' four yard line.

Witherspoon and Jason Dudley had the other pass receptions for Iowa Park, for 14 and 17 yards, respectively.

Graham's Toby Dollar, who led the Steers' winning rally from a 17-point deficit last year over Iowa Park, completed his first five aerial attempts, and finished the night with 11 of 19.

The Hawks weren't giving up after their lone touchdown, however, even if only 37 seconds remained in the game. Ellis used his ability to kick off a bouncing ball that senior tackle Scott McNeely claimed at the Steer 45.

But a fumbled snap on the next play turned the ball over to the hosts, who killed the remaining time.

# A Funny Thing Happens When People Put Down A Newspaper.

They Start Spending Money.

Nothing puts people in the mood to buy like newspaper. In fact, most people consider it almost a prerequisite to any spending spree. Because that's where they make their decisions on where to shop and what to buy. Not on tv. And not jammed in little envelopes that come uninvited in the mail.

71% say newspaper is the place they turn for shopping advice. The place where they actually look forward to seeing the ads. And set aside the time to read them. That message comes through in study after study. More importantly, it also comes through in sales. Of course, if you want further proof of newspaper's effectiveness, run an ad and you can see it firsthand.

# Card of Thanks

I appreciate so very much the many prayers from individuals and churches holding me up before the throne of grace. I know that prayer sometimes changes the mind of God. Thank you friends at Faith Baptist Church for your letter of encouragement. The beautiful scriptures and signatures of your church family were a great source of strength to me. A special thank you to my home church, the United Pentecostal Church and my paster, Bro. & Sis. Hardin for their kindness shown to me. The prayers, food and love you have shown me has been a great uplift to me. I appreciate Dr. Soell and Sania for the wonderful kindness they have given me in helping me to make the load so much lighter. The nurses and doctor who cared for me at the Wichita General and in Dallas, thank you for your support and care. Thank you to my friends at All Occasions for my welcome home bouquet and the special love you have shown to me. To my children, my precious family and wonderful friends, thank you for your love and kindness you have shared with me. You have made my illness much easier to bear.

> My love to each one of you! Mary Frazier
