Special speaker for the occasion was Rev. Francis E. Barnes of the Christian church, who used the subject "Communism a Threat to Democracy." His thought-provoking treatment of the subject hinged upon four points: communism a threat to the world, a test of propaganda, Russia and Religion, and how to oppose it.

Mr. Barnes introduced his remarks by defining communism historically, politically and from a propaganda standpoint, stressing how the last appeals to the esthetic, intellectual and the physical appetites.

The speaker mentioned in operating, communism took advantage of ideologies, conflicting emotions and weak wills. With a noticeable concern, he pointed out how communists capture youth, and he urged his listeners to be on the alert to combat it.

Mrs. R. A. Tanner conducted an important business at which time a free will offering for the UNICEF was taken. Roll call was answered with a responsibility of a good citizen.

## Hawks Lose Three To Valley View Cagers

Coach Bill Cook returned from Valley View late Thursday night with a cheery smile and many complimentary things to say about his basketball boys, although all three teams had gone down before the sharp basket chunking of the Valley View Warriors.

The younger boys lost 13-25 and the B team fell 20-37. In the B game, the half found the Hawks with only one point while the Warriors had 24. Something happened in the last half to wake the boys up and they poured 19 points into the hoop to make the game a bit more even.

The Hawk A's did best of all, at one time being 5 points ahead, but they could not maintain the pace. With 4 1/2 minutes left and the score tied, Valley View boys found the target and pulled ahead to win by 9 points, 42-51.

High point man for the A game was Young of Valley View with 19. Jerry Cope, who had a cold night last week against the Warriors, warmed up enough this week to pile up an 18 point count. Johnnie Worrell, last week's hero of the first half, fouled out this week.

## A.J. Hester, Iowa Park Pioneer, Joins Wife In Death After 4 Days

Death claimed A. J. Hester, pioneer resident of Iowa Park, Sunday afternoon just four days after his wife's death.

Mr. Hester lived in the community for 62 years, coming here from Fannin county in an oxdrawn wagon. He drove his cattle through and camped at "Frieze Grove" east of Iowa Park for about a week until he could find a location. He settled at Clara, where he was engaged in farming. In 1891 he came to Iowa Park and was here when the first town lots were sold.

Mr. Hester was born at Shiloh, Miss., August 12, 1861. He came to Texas at an early age and lived in Williamson and Fannin counties.

He was married to Miss Avie Lee Hines at Bonham in 1884. To this union were born three children, two of them having preceded their parents in death.

When the Hesters came to Iowa Park, he entered the grocery business with a brother-in-law, H. B. Hines. Later he operated a meat market for about 29 years, at which time he retired.

Although retired from business, he was unusually active until a year ago when his health began to fail. Even then he performed his daily tasks among which were his regular trips to town where he enjoyed conversations with friends.

About 10 o'clock Sunday morning, Carroll Hester and his family bade his father good-bye as they returned to their home at Lueders, from where they had come upon the death of Mrs. Hester. Shortly after noon, Selma Wigley, a close friend, dropped by to see Mr. Hester and found him dead at the barn. Apparently he had suffered a heart attack, and realizing what had happened he had sat down reclining against the wall. His body was in that position when found.

At the time of his death Mr. Hester owned the post office building and other property in the business district.

Funeral services were held at the Tanner Funeral Home, Monday afternoon. Rev. Kirk M. Beard, pastor of the Methodist church, and Rev. M. C. Yeagan, pastor of the Presbyterian church, were in charge. Burial was in the Highland cemetery. Pallbearers were A. W. Bedford, Albert May sr., Oscar Lochridge, S. T. Buzzard, Earle Denny and Gayle Park.

Survivors include the son; three grandchildren, Mrs. E. E. Wallis, Glenn Apple, Denver, Colo.; Carolyn Hester; and a great granddaughter Mary Helen Wallis.

Happy birthday to Jimmy Waldroup, who was six years old on Tuesday, Jan. 10.

**CARD OF THANKS**  
We want to thank each and every one for their kindness and the good things they have done for us in our sorrow at the loss of our loved one and our home. And may God bless each one.  
Mrs. Allen Kelley and children.

## Teamwork Is Subject Of PTA Program; Clubs Furnish Talks

One of the most significant programs of the year was given by the Iowa Park Parent-Teacher Association Wednesday afternoon. The subject "Teamwork between Agencies of the Community was discussed by representatives of various local organizations. Each speaker stressed the importance of cooperation and concerted effort by all groups.

Mrs. Fenton Dale acted as program leader and presented the speakers.

Mrs. James Sewell introduced the subject by describing the organization of the Mother Singers of Wichita county, which was organized in November, 1949. As piano accompanist, she presented the local women who belong, including Mmes. Otis Gay, Arch Hughes, Lowell Short, Joe Chandler and T. M. Black. For special music they sang "Nursery Tune" and Brahms' "Lullaby."

L. E. Brooks, Lions club, was the next speaker and gave a history of the organization and its objects. He stated that the local club was about 20 years old, and discussed the welfare projects it had promoted.

Mrs. Gordon G. Clark, president of the Iowa Park Council of Church Women, outlined the activities and accomplishments of the council since its beginning in May, 1947. She placed emphasis upon the summer recreational program.

Mrs. Ishmael Corder, Camp Fire guardian, directed the Wa-Ki-Ka group in a skit "What's New?"

C. E. Birk, representing the I.P. Chamber of Commerce, stated that it was the clearing house for community activities. He told an interesting story about a blind man and two guides which pictured the evil of criticizing others.

Rollins Woodall, president of the Board of Education, spoke on "Cooperation." He plainly showed the impossibility of a person or institution's being entirely independent of others.

As head of the P-T-A, Mrs. George Lewis spoke on its objects.

Taylor George spoke on the importance of Boy Scout work, and said that the local Boy Scouts are sponsored by the Lions club, of which he is a member.

Rev. M. C. Yeagan told of the volunteer association of ministers of Iowa Park, who have worked together to plan services for the community.

During the business period Mrs. D. O. James, finance chairman, announced that the association would present a play March 31 in the school auditorium.

Attendance prizes were won by the fifth grade and freshman class.

## Charles Miller Duplex Nears Completion

Original style of design is featured in the duplex which is being built by Charlie Miller on North Jackson next door to Zeck's garage. Charlie not only designed the structure, but he has done most of the carpenter work himself, and the job when finished will be a distinguished asset to our town.

If the weather permits the two units will be ready for use by February 1. Each apartment is made up of a good-sized living room with two large windows, a bedroom, kitchen and dinette combination separated by modernistic partitions, a hall and bath. Attractive features of the interior are hardwood floors, Venetian blinds, celotex block ceilings, large linen closets, inlaid linoleum on kitchen and bathroom floors. The exterior will be done in the attractive color treatment of buff and brown, the latter color standing out in prominence on the colonial front doors.

Entrance porches will be finished with wrought iron railings. There will be a double garage at the duplex.

Those from Iowa Park who attended the district conference of the Methodist churches at Wichita Falls, Tuesday were Mesdames Otis Gay, L. C. Perry, Herman Mahler, S. L. Denny, Neil Johnson, Fenton Dale, Rev. Kirk Beard, Dr. C. J. Simpson and Mr. and Mrs. Scott Morris.

## Food, Fun, Fellowship Make Firemen's Feed Frolicsome Fete

Good fellowship, good eating and guffaws lifted the annual Volunteer Firemen's dinner from just another excuse to eat and fun up to the level of a banquet and featured a speaker who might easily emcee a nightclub show, Monday night at the local firemen and their ladies dined together.

George Jones served as master

of ceremonies and after the firemen had answered roll call he introduced Mayor Curtis Sewell who in turn introduced the city councilmen and their wives. Those introduced were Messrs. and Mmes. M. L. Smith, E. E. Voyles, Earle Denny, R. A. Tanner, Charles Metz, Fenton Dale and daughters, Miss Dossie Smith, city secretary, and City Marshal and Mrs. Henry Jones.

Other special guests introduced by the toastmaster were Dr. and Mrs. Gordon G. Clark, Mr. and Mrs. C. N. Caple, Mr. and Mrs. W. R. Bradford, Rev. and Mrs. M. C. Yeagan, Rev. and Mrs. Kirk M. Beard, Rev. Francis E. Barnes and daughter Millie Jo; Mr. and Mrs. Boyd Taylor and daughter.

O. R. Kelly introduced O. T. Clark, superintendent of properties for the Community Public Services of Fort Worth, as the guest speaker. Mr. Clark bombarded his audience with jokes and seemed to be a living example of humor turned loose. He had "a million of 'em" and almost used that many to get a take-off on all of the firemen, wives, ministers and city dads present for the occasion.

# Flight Talk

By Eddie

Some good stranger way down in Medina must read the Iowa Park Herald, as we received a letter telling us what we wanted to know about officers of the Texas Flying Farmers. It seems that E. M. Anderson of Medina is in pretty good graces with FF of Texas. He holds office as state director, State association officer, and is director of region number 4, according to the information we received. Thanks.

They also added that Miss Anna Lee Jameson of Brackettville is secretary. We'll be seeing them at some future meeting, we hope.

Met Bill Hayhen, operator of the Olney airport, when we flew down in a Luscombe belonging to Lewis Ryan of W.F. Ryan was getting a little crosscountry dual, and we wanted to meet the operator and see what the field was like. It is a wonderful layout for runways and buildings. Their flying program is moving along satisfactorily as they have just about every type of training to offer.

Been aiming to mention our good friend O. A. Schwalbe, who lives on route two a little ways out of Iowa Park. Shorty has been working as aircraft and engine mechanic for a long time. We first met him in 1941 while working at Kell field. Shorty is still there, and we see him quite often still doing his neat appearing, efficient engine work. Jay, the parts man, is a hard hombre to beat when looking for a good man. Met that fellow in 1943 also.

Wednesday night the Gilchrist airport meteorology class took advantage of offers extended by the communications center and weather station at Kell field and visited the department. The following two meetings are scheduled at the field in order to get more firsthand information over to students about facilities available for pilots. Of course necessity for flight plans will be stressed, and cannot be repeated too often. They are valuable.

A farm family who get their mail out of Hollister, Okla., befriended this writer not long ago when bad weather forced us down in a wheat field just across the road from Mr. and Mrs. E. L. Plumtree's house. Ever since meeting them and their son we get enjoyment out of circling their home as we go to and from Oklahoma. We get a thrill watching the folk wave cheerily as we roll our plane from side to side in recognition.

If all your money and commands fail, try a post card and the word "please," is our suggestion for this week's thought.

## FARM BUREAU

Wichita County Farm Bureau directors met Tuesday night, Jan. 10, in the directors room of the State National Bank in Iowa with the president Wynore Downing directing the business.

Pledges will be taken the rest of this week for the Fire Insurance company. Interested parties may contact any of the directors or come to the office.

Income tax returns are being filled out in the county office.

Present for the meeting were T. H. Eskekamp, Herbert Detmer, George Streit of Electra; Mr. and Mrs. Arthur Evert of Burkburnett; Downing of Wichita Falls; and H. B. Klinkerman, Loys Barbour and Mrs. John Wesley of Iowa Park.

Mr. Barbour will be in Waco next week attending a meeting of the state board of the Texas Farm Bureau Federation.

## Hartfield To Lead Pilot Lighters Class

The Pilot Lighters class of Iowa Park, a Bible study group, met at the Christian church Wednesday evening for potluck supper, fellowship and a business meeting with President E. L. Hartfield presiding.

An abundance of food surrounded a 25-pound baked ham which was donated by Mr. and Mrs. Gibbons Brubaker. Many kinds of vegetables, salads and desserts occupied the group up to the time of the business period.

Hartfield has Burk Scott as vice-president, Fred Vealey as reporter and Mrs. Paul Peterson as secretary, to help with the class. Mr. and Mrs. John B. Barbour are the class sponsors and Ishmael Corder is class teacher.

The following were present for the fellowship meeting; Messrs and Mesdames Paul Peterson; Burk Scott and family; Rollins Woodall and son; Fred Vealey; John B. Barbour; Jack Mahler; Robert S. Ponce Jr.; E. L. Hartfield; Francis E. Barnes and Millie Jo; A. L. Reed; and Mrs. Edgar Scott and daughters Doran and Janine.

Recent visitors in the Herman Mahler home were Mr. and Mrs. John Bohl of Texarkana and Mr. and Mrs. Walter Klein and daughters of Vicksburg, Miss. Mrs. Klein is the former Miss Evelyn Wilson; and Mr. and Mrs. Cleburne Maier and girls of Galveston.

Keansburg, N.J.—If anybody in the crowd thinks his commanding officer is restrictive with a new regulation here or there, lend an ear to what this town's police department wanted from the Keansburg city council:

An ordinance that would provide additional restrictions against cursing, nudity, car disrobing, exercising dogs on the beach, sale of indecent pictures, operation of disorderly houses, gambling, burglary, panhandling, hawking, vandalism and tethering horses or other animals in public houses.

P.S. The council turned down the request.

Lindsborg, Kans.—Here in the Sunflower state they have a college cheer that should baffle any opposition.

The yell dates back to 1904, when little Bethany college was a power in Kansas.

It goes: "Rockar! Stockar! Thor Och Hans Bocker! Kor Igenom! Kor Igenom! Tjo! Tjo! Tjo. Betania!"

Translated, it boils down to "Hit that line!"

P.S.—It's in Swedish.

Corunna, Mich.—For 64 years Mr. and Mrs. William Morris have been happily married. Their secret—"When I jaw and sputter, pa keeps still. When pa jaws and sputters, I keep still," said Mrs. Morris. "That way we never get mad at the same time."

## Soil Conservation

Time to seed grass is almost here. It is time to decide what kind you are going to seed and where you are going to put it. The cool weather pasture grasses sown last fall on some of the Valley farms have already proved their worth. These were planted in mixtures of perennial rye, alta fescue, orchard grass, brome and alfalfa or Madrid clover. They were mixed in proportion of five pounds of each.

There are about 150 acres of these grasses established. Some who have planted cool-weather grass are L. J. Lane, Shem Cunningham, Rufus King and Orville Bullington.

The best mixtures for seeding grass ranges and upland pasture are bluestems and sideots grammas, or a mixture of grammas and buffalo grass. The mixture should be sown in the early spring or late winter, so the grass can get a good start before the dry summer months.

One acre of weeping love grass on the Pete Rogers farm in the Cooper community is proving very successful. He plans to plant several more acres soon.

When seeding grass remember that they need fertilizing and cultivating just the same as other crops. Now is a good time to sod open drains, terrace outlets and terrace outlet channels to protect them from erosion.

Well established sodded terrace outlets and channels may be seen on the farms of Arthur Peyton, W. O. Prechel, George Streit, Ed Muller, E. E. Welborne, R. W. Ramming, Jacob Roessler and Oscar Klinkerman.

## JUNIOR NEWS

Well, you can turn out your lamps now, because it is all over. Maybe you'd better wait until you read this, though. We've all been burning our midnight oil and cramming our heads full of this theorem or that author or etc. ad nauseam. Just for an old midterm exam.

I think Charlene should be in the headlines this week. She is going steady if all works out just right without the help of those little notes that keep flying around.

Speaking of those little notes—J. C. and Pinky seem to play an important part in them. There is a certain someone that thinks Pinky is just simply adorable and would just love to go with him. Why don't you see what you can do about it, Pinky?

Mary Ella and Gordon celebrated their paper anniversary Saturday night. Must have been a lot of paper doll cutting.

The Jrs really thought they had themselves a jinx! Everyone was exploding about the price of jr pins and were beginning to think they should send them in gold-plated boxes with spun gold cotton. Elga Ann was really getting worried. If it hadn't been for Lonnie Joe, all this would still be going on.

Wilma Lea has been under the weather all this week. She's gonna be under the oxygen if those lungs don't get better.

Jay has joined the Life Savers club. They drive around and pull all stalled cars to a station. Pretty good business, don't you think?

There was a boy looking at Ola Mae so much in the cafeteria the other day that he just fell for her. He slowly got up, took his bow and went on his way again.

Caroline's Christmas present came a little late this year but it is really pretty. Just call her Tim Holt now. With those boots and riding pants she really looks snazzy.

Eva Nell is trying the old "eat an apple a day to keep the doctor away." She's quite a character.

Does anyone know why Bobbie R. was so dressed up Tuesday. Surely she wasn't expecting her boy friend at school. He always shows up when least expected though.

Sandra must have robbed a bank or something. She has had on something new every day.

Doris has finally made up her mind to go out for volleyball. She must have found those false fingernails.

Poor Kenneth S. He didn't know what he was getting into when he ordered that belt buckle. Guess that will warn ye. I bet it really will be purty tho.

## Camp Fire Girls

The We-Ki-Ya Camp Fire group of Iowa Park under the leadership of Mrs. H. P. Boyd and Mrs. O. L. Hamilton will appear on the program of the annual meeting of the North Central Texas Area Council at the First Methodist church in Wichita Falls, Friday, Jan. 13 at 7:30. These girls will form a still-life picture to illustrate Camp Fire girls in their various activities.

Miss Betty Sisk, who works in Denver, Colo., was a recent visitor in the home of her parents Mr. and Mrs. Ralph Sisk.

Mrs. Hubert Tatom underwent a serious spinal operation Monday at the Wichita Falls Clinic hospital. She will be confined to the hospital for a month and to her home for several months after she is released.

## Why Scoop No Longer Works Here

Scoop Blake paid us a friendly call at the Clarion's office last week and we were talking about when he was a reporter here.

"Remember how mad I got when I found out you were writing that election story right from your desk?" I asked him. "And how I made you get out and learn what a sheriff's job was all about?"

"I sure do, Joe," said Scoop. "I want to thank you for teaching me the 'hat-trick'—putting on my hat and finding out the facts, that is." Then we both had a good laugh because he found out so much that

darn if he didn't run and get elected sheriff himself!

From where I sit, we should find out the facts before we try to talk about anything. When we do, we're inclined to be more tolerant . . . we're apt to understand a little more about the other fellow's preference for, say, his political candidate or for a temperate glass of beer now and then. I say, if you don't want to get tripped up, don't leap to conclusions!

Roy Henson left last Friday for Odessa where he will be employed by Lane-Wells.

Mrs. John Wesley spent Sunday in Quanah. While there she visited with her grandparents on their 63rd wedding anniversary.

Syracuse, N.Y.—The Chamber of Commerce and the Weather Bureau hope they can achieve better cooperation by Dec. 25. When workmen strung the first municipal Christmas decorations recently it was 85 degrees.

### ★ SENIOR NEWS

Last week you were wearing heavy overcoats and this week you are threatening to put on summer wear. I guess we'll be going swimming next. Has anyone had a sunstroke? Speaking of people who have cut their hair—Maryanne Chambers is really looking sharp now. She "trimmed it a little." Then she gave herself a Toni. It looks 100% better. Maybe a few more sr girls had better try "trimming" theirs.

When the ice was on the ground, we were playing pop-the-whip and having a ripping time. Everyone we could find as a victim we'd drag them in and stick them on the end. Margie Lemond and Peggy Fox were two of the victims. Margie decided to quit after a couple falls. I wonder why???

When you're reading this, please have pity on our poor sr who flunk our first semester. There were a few smarties who were exempt. And where in the world(?) did the teachers get those questions? I didn't even know they knew that many.

Our ball games last week were really exciting. The girls won over Holliday, while the boys lost to Valley View.

By the way, we played a return game at Valley View this Thursday night. Then Friday night Crowell comes here to play. Here's our best to you—boys and girls—we hope ya' win!

Wanzell Copeland was wriggling around so the other day in book-keeping somebody remarked that she must have been hatched. A smart sr replied that she must have been—her mother was an old hen. (Cackle here.) Only joking of course.

Jimmie Miller and Sonny Lemons have been sporting a couple newly dyed sweat shirts. What color, boys, green or some other color? You tell us so we'll know. You see, we're color blind. Where'd you get 'em, boys???

Some fast work has sure been going on around the old standby book-keeping class. We covered a whole chapter in three days. Remarkable progress.

A sr boy should be ashamed of himself—Jerry Cope. He just goes around school pushing poor defenseless girls down the steps. Lynn Lovell was his first victim and since that time he's taken turns about pushing them.

Jackie Banks showed up Monday wearing a new pert shirt, a wine corduroy. He said it was a Christmas present. You know Vadoes make a cute Santa Claus.

The girls who went to Holliday last Tuesday night really had a super-duper good time. Just what they did is unknown but they must have met some cute boys. Huh?

Of course nothing exciting has happened up here—the regular lovers, offenders against school laws, and the people still look the same. Eddy Le and Peggy Curlee have cut a little bit off the tops of their heads (hair, that is) though.

We'll be seeing you sweet people next week, or as M.O. would say in music—you dolce people.

So long.—Plowboy.  
P.S. Hint for the week: Don't neglect to do your 1st semester work the second ditto—you might be back next year.

### • Presbyterian News

Women of the Presbyterian church met with Mrs. Lilly B. Richards, Monday afternoon for a Bible program. Miss Clara Lowrance opened the meeting with prayer and conducted study of the 10th chapter of "These Are Written," studies in the book of John.

The Mizpah benediction dismissed the group. Those present were Mesdames Gayle Park, C. Birk, C. E. Birk, Lula Pitts, Fred Myers, L. Lovelace, J. B. Ridenour, L. Shelton, Richards, Miss Clara Lowrance and Beverly Birk.

The Men of the Church held a supper meeting on Wednesday evening at the Presbyterian church. Guest speaker was the Rev. J. Albert Steele of Vernon. His subject was "The Power of Reserve," which he illustrated with the story of David who selected five stones when he intended to use only one, and that one was more effective in the slaying of the giant, because of the confidence and assurance he had in knowing there were four other stones in his bag.

Mr. Steele compared this to the need for reserve in the spiritual life and illustrated with interesting stories.

Committee on serving included George Richter, Riley Bomar and W. R. Cornforth.

Philadelphia—The defense attorney looked shocked when a witness admitted he was a block away from the accident in question.

"How could you see an accident from a block away?" the lawyer demanded.

"Can you see the moon at night?" the witness retorted. "How far away is that old moon? I can see that."

Des Moines, Iowa—Happiest group of traffic violators in the world is the batch receiving tickets from Patrolman Harold Grossnickle. For a period of seven days just after Labor Day every summons he wrote carried a court-appearance date of September 31.

### Rita Ann Guthrie's Birthday Is Honored

Mrs. Noah Guthrie jr. entertained for her daughter Rita Ann on her second birthday Tuesday afternoon. Gaily colored balloons decorated the living room of the Guthrie home. The birthday cake, green whistles and red suckers were interesting features.

Children who enjoyed Rita Ann's party were Roger Sullivan, Jerry Don McDonald, Dennis Hill, Gary Guthrie, Kathy Horsley, Billie Kirk Hobart, Chester Payne Miller, Jerry Don Padgett, Linda Sue Beavers, Lorinda Webb, Charlotte Washington, Jeannie Lane. Both grandmothers Mrs. Annie Guthrie and Mrs. J. D. Padgett were present.

Rev. and Mrs. James N. Easterwood were in Dallas the first of the week attending an evangelistic conference.

Houston, Tex.—Mrs. Myrtle Seargent has found a new use for her girdle, even if it did cause her no little embarrassment. She had reported to police that \$10,000 in jewelry had been lost. Later she advised officers that her valuables were exactly where she had left them. They were in a muslin bag pinned to the back of her girdle, she explained with a flushed face.

### Enroll in New Home Nursing Service Class

This course covers instructions on care of bed patients, simple procedures such as taking temperature, making the patient comfortable, feeding the sick, changing linens, and many other essentials so necessary when illness is present in the home. During the winter months most families are confronted with this problem, and this course is ideal for this purpose.

Another course which is offered is prenatal care, postnatal care, and infant care. This deals primarily with fundamentals for women who are to have babies and those who have just had a baby. It is ideal for the young wife having her first child, as it clears many problems in her mind and enables her to be prepared to some extent to meet the problems arising with confinement. The care of the baby is explained and demonstrated in the class which requires 12 hours of classroom work.

These courses will be available through the American Red Cross Chapter in Wichita Falls, Tex., beginning January 18. Classes have been arranged for mornings, afternoons and evenings, every other day, and the wives of personnel are urged and invited to call us at extension 308, or call the local chapter in Wichita Falls (phone 2-8686) and enroll in one or both of the classes. In Wichita Falls the interest in these classes is great and it is urged that anyone desiring to enroll do so immediately as each class can accommodate just so many persons. There is no cost except 60c for a textbook.

Since many people are extremely interested in the Red Cross Blood program you may want to listen to radio station KWFT in Wichita Falls next Saturday, January 14, when the Columbia Broadcasting System will carry an interview with Admiral Ross T. McIntyre, director of the National Red Cross Blood Program. The broadcast will be at 2:15 pm on the Adventures in Science program and will cover Blood, Past, Present and Future, him in the future.

### Party Given For Two Birthdays Saturday

Dorothy Watson, whose birthday was Jan. 6, and Lucille Wesley, who celebrates Jan. 9, were honored by their mothers Mrs. S. E. Watson and Mrs. John Wesley, at a party in the Watson home Saturday evening.

Mrs. Wesley directed games. Following the serving of refreshments the group attended the prelude.

Young people enjoying the party were Lou Ann Duke, Mary Ella Farris, Caroline Sue Gay, Beverly Talley, Barbara Butts, Rose Mary Grundy, Wilma Lea Irwin, Betty Perry, the honorees; and Ben Huckaby, Gordon Cope, Jimmy Miller, J. C. Palmer, Deryl Carson, Johnny Worrell, Eddie Watson, Bill Hammett and Donald Rains.

Ithaca, N.Y.—Those rhyming commercials aren't so new after all. Historians have unearthed this one from "The Otsego Herald," published in 1806. Under the headline: "Do you use tobacco, Sir?" it said: Smack goes the 'bacco box, Up files the lid, In go the fingers, Out comes a quid.

A young wife, wishing to announce friend in a distant city, telegraphed "Isaiah 9:6."

This passage begins, "For unto us a child is born, unto us a son is given."

The friend, not familiar with the scriptures, said to her husband: "Margaret evidently has a boy who weighs nine pounds and six ounces, but why on earth did they name him 'Isaiah'?"

Since the war, over \$6,000,000 worth of educational, medical, health, and recreational supplies have been shipped to needy children overseas through the Junior Red Cross.

### Looney Larceny Parade Of Highlites For Year 1949

For the cops and robber boys, 1949 was a gay year with both sides of the law sharing in the zany antics.

Greediness was the downfall of many a star burglar. Take, for example, the Philadelphia felon who was caught stealing a 20-ton crane. Or the Phoenix professional who made off with a sign reading, "Dog for Sale," then came back the next day for the dog. And the Florida lad who swiped 23 alligators from a menagerie.

Smart sleuths were a match for the year's best crime addicts. Out in Missouri, police tracked down the culprit who ransacked a grocery through one clue—his teethmarks.

Seems the careless crook had munched on some cheese, then left the evidence behind. Moral: Don't

eat on the job.

Police made the easiest capture of the year in Leeds, England, when they got a phone call from a man trapped in a clothing store. After the rescue, the bobbies wondered

how he had gotten in, thought it over, and marched him off to jail. Shrewd citizens made the cops' lot a happier one in '49. In Malibu, California, a woman's purse was snatched from her parked car as she approached. When she picked up a familiar looking hitchhiker later, she saw the light and drove straight to the nearest police station.

Of course, there were some who worked both sides of the game. Like the Tokyo cop who stole clothing from police headquarters. Or the Detroit policeman who was accused of lifting his fellow officers' lunches. But the candidate for sheriff in Indianapolis takes the cake. He got two years in prison for campaigning in a stolen automobile.

Oh, well, another year.

### Study Club Features Inter-Racial Program

On Thursday afternoon, Jan. 19, at 2:30 at the Baptist church the 23 Study club will observe an inter-racial program in an open meeting. Women of the Iowa Park Council of Church Women will be special guests, and the invitation is extended to every woman in the community.

C. E. Jackson, principal of the Booker T. Washington school in Wichita Falls, will bring the address of the afternoon. Special music will be under direction of Mrs. Jackson, teacher of public school music. Mrs. Mamie Bazy, talented vocalist, is scheduled to appear on the program.

Columbia, S. C. — The women did their best, but L. W. George—a man-walked off with first prize for the best cake at the South Carolina state fair. And why not? George wants to know. "I cooked chow on Navy battleships for 14 years."

Hennepin, Okla. — R. D. L. Meeks who has taken only nine days leave from his Postmaster's job in the last 45 years, has some thing to look forward to. After serving under eight Presidents and every Governor of Oklahoma since statehood, Mr. Meeks now is stuck with 289 days of accumulated paid vacation.

Haringen, Tex. — Proud of the \$4,000,000 expansion program at its huge La Palma power plant, Central Power and Light invited 400 guests on a tour. At a company sponsored dinner afterwards the visitors were assured: "This plant is capable of meeting every emergency." That's when the lights went out.

Never-ending preparations protect your gas service

THESE pictures record the reasons you face winter without fear. They show a few of the never-ending preparations necessary for you to enjoy dependable gas service. So vital are these preparations that neither time, money, nor manpower is spared for them.

ROUND-THE-CLOCK drilling operations on this well were in their eighth week when this picture was taken. Months of painstaking work preceded the drilling. It has taken years of exploratory activity to obtain 1,140 wells (in over 100 gas-producing fields) that now supply you natural gas.

BEHIND GAS SERVICE, there is something to build, paint, or repair every day, oftentimes in remote places. Above, a crew completes a control valve installation, part of a new compressor station. In the last three years, Lone Star has invested over \$100 per customer to assure dependable service. Yet, you enjoy conveniences and comforts of natural gas service for a year around average of less than 15c a day.

ON FLOOR OF RIG at right, Lone Star geologist saves "core" of well being drilled. "Core" reveals information vital to proper completion and operation of well.

**Swanson Home To Enhance I.P.'s Beauty**

Those who enjoy beauty will appreciate the ranch style cottage which is being erected by Mr. and Mrs. L. S. Swanson on the highway just east of the city limits. The two bedroom home will have an exterior of native color permatone.

A large living room with its picture window on the south adds to the many features the home provides. As in so many of the new houses, the dining room is combined with the living room. A knotty pine den next the kitchen will be enjoyed and appreciated by the Swansons.

From a green color scheme in the living room, interior decorations will be chosen to harmonize. The kitchen will probably be one of the most colorful rooms. The tile wall base will be topped by wallpaper of bright shades of blue, yellow and gray. The woodwork will be white with varnished slab doors. Textone ceilings and textone walls in the bedrooms, slate tile floors in kitchen and bath are but a few of the attractions which will make the Swanson home so livable.

Mr. and Mrs. Swanson were residents of Electra for 23 years. They moved to Wichita Falls for a few years, and then to Iowa Park, where he owns and operates a garage. They have two married daughters and are affiliated with the Methodist church.
