YOUR CHAMBER OF COMMERCE —

RUTH HILL YEARGAN

It has been said that the strongest thing manufactured is a three-legged milking stool. Frankly, we wouldn't know. Until we were nearly full-grown we probably supposed a milking stool was a backless chair made of milk (powdered and mixed with some formula, maybe). We knew, of course, that back of the bread was the mill, back of the flour was the flour, and back of the flour was the wheat, but the milk situation was something else. The way we had it figured it was—back of the doorstep was the bottle of milk and back of the milk was the farmer. We did know that it came from the country but we thought the farmer got it in bottles—same as we did.

Anyway it is the strength of the stool we are talking about and that reminds us of town development. For a town to be of strong structure it should have a balanced income: agriculture, industry, and retail. And the Chamber of Commerce should do all in its power to support the necessary programs for this three-way development.

In a good community there is a fine balance of work, play and worship. In the individual there is mental, physical and spiritual balance.

Always there is the three-legged stool—representing structural stamina. The better the individual is balanced, the better the balance in community life, and this, too, reflects the steady balance of the town.

Which ever direction we go it is the same—the strong structure of the town is reflected in the community life, and the strength of the community as a whole is mirrored in the life of the individual citizen. It sounds like a procession of milk stools, doesn't it.

We think of the importance of balance to the tight-rope walker in a circus, or the importance of it to the mountain climber. But it doesn't take heavy thinking for us to realize that it is of equal importance to us, too, in our business, social and family life. And we speak lightly sometimes of being consistent in our thinking and our acting, and it sounds easy enough, but Brother, it is the hardest thing of all things to acquire.

Magician Entertains At C of C Summer Watermelon Feast

Entertainment of interest to all ages and states of enlightenment was offered members of the Iowa Park Chamber of Commerce on Thursday, August 25, when Ralph L. DeShong put on his magic act at the annual summer membership meeting on the lawn of the Methodist church.

DeShong is an amateur magician extraordinary for fun, and manager of the Wichita Falls factory of Levi Strauss and company of a neighborhood. He has been doing magic tricks since a boy of 14 and has become acquainted with most all the magicians for many years. At present he is vice-president of the International Brotherhood of Magicians with members all over the world, serving a second term in that capacity.

DeShong recently attended the annual convention of the Brotherhood in Chicago where some 90 members were present from all over the world.

He is a member of the Texas Association of Magicians which holds its annual meetings over the Labor Day weekend each year. This year at Dallas he will perform some of his best and latest tricks on the program.

★ 4-H CLUB NEWS

Gary Bean, Burkburnett, has been elected to head the slate of officers for the first over-all organization of the Wichita county 4-H clubs. It was announced this week.

Other officers elected at the 4-H encampment during the weekend are Page Morgan, Iowa Park, vice-president; Milton Mertins, Electra, secretary-treasurer; and J.W. Brumley, Wichita Falls, reporter.

The officers will serve until the county 4-H camp is held next year. County Agent Max Carpenter and Bill Pahlmeyer, assistant agent, will act as adult advisers.

In the past, Wichita county 4-H clubs had been maintained on an individual basis, with no over-all organization. Under the new set-up, each club will have its own elected officers, but the county executive panel will direct activities which affect all the clubs.

Attending the two day encampment were the following boys: Lewis McDonald, Billy Turnbow, Bobby Boydston, Benny Cordray, Bill Bean, Herbert Lawson, David Sands, John Lawhon, Jimmy Tate, Donald Hrazdil, Freddy Harrison, Gary Bean and Bobby, all of Burkburnett.

James Dalrymple, Leonard Luckett, John Trigg, Charles Rutledge, George Clements, Buddy Johnson, Gordon Hall, Clayton Boyd, Gerald Clements, Jerry Morgan, Billy Loudermilk, Bobby Kreaps, Lynn Spruill, Bobby Robertson, Gordon Griffith, Loyd Lewis, Thomas Moer, Page Morgan, Ralph Kreaps and L. C. Wright, all of Iowa Park and Valley View.

They were Milton Mertins, Connie Kemple, Ray Broese, Bob Pohlman, Eleccera; Gary Bean, Tom McNeill, Burkburnett; Page Morgan, James Dalrymple, Shuman Lewis, Loyd Lewis, Charles Rutledge, Iowa Park; Harold Cagle, Kamay; Lehman Spruill, Valley View; Bobby Bryan, Friberg; and Charles Johnson, City View.

Page Morgan, Iowa Park, a 4-H club member, was one of the three boys selected from Extension District 3 to attend the 4-H State Conservation camp at Trinidad, August 22-26.

Morgan, an outstanding Wichita county club member, was selected on the basis of the excellent club work he is doing. Page is a member of the Wichita county grass judging team, and at the county camp he was elected vice-president of the county organization. He was also selected to represent Wichita county at the district camp and was elected district leader at the state 4-H Roundup held at Texas A and M, June 12-15. Page is now competing in the state 4-H soil conservation contest. In past years he won the farm safety contest, wildlife shelter contest.

Morgan's projects consist of gardens, swine, chickens and turkeys.

Topics this group will study and take part in at camp are Preparation for Group Living, Democratic Living, Safer Waterfront Living, and Safer Outdoor Living. A well planned program will not only teach the campers better and safer ways of living, but will also provide recreation and entertainment.

Highway Rules Are Keys To Longer Life

Attention is also called to the fact that September is now the leading month in highway fatalities, giving way to December by a narrow margin, his is due perhaps to the fact that more people are going and returning from vacation at that time of the year. Although the scenery is very beautiful in the late summer and early fall, watch the road, take it easy, and GET HOME ALIVE.

RULES OF THE ROAD

1. Keep on the right side of the road when meeting other vehicles coming in the opposite direction.
2. Always sound your horn and pass on the left side when passing other vehicles (except street cars) going in the same direction. Never try to pass another vehicle going in the same direction at street intersections, on curves, or when going up or down a hill.
3. At street intersections give the right of way to the vehicle on your right. Do not presume too much when you have the right-of-way; the other fellow may not know you have it.
4. Always signal when preparing to stop, start, or turn. If possible, signal by extending the arm.
5. All traffic signs, including those used for the control of traffic at intersections, should be obeyed promptly and to the letter. "Slow Down" signs near schools and caution signs at railroad crossings should always be observed and your actions governed accordingly.
6. Never "Crash" a light. When a change is indicated from "Go" to "Stop" (or vice versa) in the traffic control system at intersections, always stop.
7. When intending to turn to the left, give the signal at least 50 feet before reaching the turning point. Move over to the center line of the street (unless local rules require otherwise), slow down passing the intersection of the street and then turn carefully to the left.
8. In turning either right or left, watch for pedestrians as well as vehicles.
9. Do not leave the curb or parking area without signaling and seeing that your way is clear to drive into moving traffic. A moving line of traffic has the right-of-way.
10. See that your license tags are installed in the position specified by law and that they are clearly visible under all conditions. Keep them clean.
11. Drive at a safe speed—a speed consistent with the type of highway you are on, and always note whether the road is dry or wet. Each varying condition on the highway means adjusting your speed accordingly.
12. Always adjust your actions on the road to traffic conditions. If traffic is heavy drive slowly; if traffic is light, you have an opportunity to see the ever changing scenery. Some drivers have seen only a blur of telephones as they hurried to their destination, which in some cases, they never reached.

Texas State Highway Department records show that approximately 60% of the automobile drivers involved in accident were violating some rule of the roads.

Music Teacher Takes Special Course at K.C.

Mrs. O. R. Owens returned this week from a vacation which she enjoyed very much, although one look at her busy schedule while on the vacation would make the strongest man shudder in horror.

She went to school each day from 8:00 in the morning until 5:00 in the afternoon — and then went back to school four of the five evenings!

But then, what a person enjoys doing can scarcely be called work or study, or any of the other names that might be distasteful to a vacationer. Maudie Owens was in music school, attending the Heart of America Summer Conference of Music Materials at Kansas City, Mo. This conference, sponsored by Jenkins Music company, featured the very best of all the directors and composers to be found in this country and some of the best bands, orchestras and vocal artists.

It is interesting to note that two of Texas' own were on the faculty, Nelle Parmley, Austin, state supervisor of music of Texas, lecturing on teaching methods; and Raymond Rhea, Corpus Christi, composer of choral music and director.

For this short course Mrs. Owens also received one college hour of credit from the University of Kansas City.

Following her stay in Kansas City, Maudie spent a few days with her mother Mrs. Greenwood in Buffalo, Mo.

Mrs. Steele To Start Music Classes Soon; Work Is Accredited

Mrs. W. G. Steele announced this week that she will open her studio on Monday, Sept. 12. She has made arrangements to give credit on applied music in the public school.

The work she offers is accredited by the State Board of Education in Piano, Harmony, Analysis of Form and History of Music.

She offers a complete correlation of materials. With student cooperation, she is able to impart a rapid thorough musical education, enabling the student to help himself by knowing the why and how of each composition.

Her schedule of prices includes: Pre-school, \$1.00; First through fourth year in school \$1.50; and Others \$2.50.

In announcing the new season of piano and music education, Mrs. Steele says that she is interested only in pupils who are willing to work, and suggests that parents enroll their children now for preferred periods.

Gibtown Homecoming Enjoyed by Guthries

A group of old friends of W. F. Guthrie, who is 83 years of age, gathered in the home of his son N. E. Guthrie sr. and Mrs. Guthrie over the weekend.

Guests in the home, relatives of Mr. Guthrie, from McLean, were Mrs. Hattie Heasley, Mr. and Mrs. Cleo Heasley, Mrs. Virgie Evertts and Mrs. Vita Cook.

All of the house party took a trip on last Sunday to Gibtown, where they enjoyed a homecoming. The affair was held in a tabernacle near the cemetery and was attended by a large group of old friends and former residents.

It was decided to make the Gibtown homecoming an annual event, and donations were made to care for the cemetery there.

Mrs. Sisk Operated

Mrs. R. B. Sisk was reported doing nicely late Thursday following a major operation early Thursday morning at Bethania hospital. Mr. Sisk and Ralph jr. are spending considerable time with Mrs. Sisk.

Delightful Shower Honors Bride-Elect Of Milton Taylor

The home of Miss Clara Lowrance was the scene of a lovely shower Thursday night, August 23, given in honor of Miss Sue Ridenour, bride-elect of Mr. Milton Taylor, local businessman. Hours of calling were from 7:00 to 9:00.

Miss Ridenour's chosen colors are yellow and blue and these hues, in addition to white, were used in many beautiful ways to make the party space more lovely.

White asters and white gladiolus were used on the refreshment table. On the white cutwork table cloth were placed crystal candelabra with blue tapers. The blue napkins were embossed in yellow ink with the words "Sue and Milton."

The beauty of the bride-elect was complemented by a corsage made up of yellow and blue flowers, while the mothers of the principals wore red carnations.

Miss Ridenour was assisted in opening her gifts by Mrs. J. B. Ridenour her mother, and Mrs. R. M. Benson, mother of Mr. Taylor.

Misses Berni Mae Ridenour and Cecilia Yeagan secured signatures in the bride's book, while Misses Frances Park, Evelyn Miller, Betty Birk and Betty Abernathy shared duties at the punch bowl. Sana wiches and dainty cookies completed the refreshments.

The list of hostesses responsible for this delightful courtesy to the popular young lady included Miss Evelyn Miller and Mmes. John Clapp, Gayle Park, C. E. Birk, King Abernathy, Gena Estes, L. S. Cooksey, Boyd Burgoyne, Gale Lowrance, L. Shelton and Miss Lowrance.

Many beautiful and useful gifts were showered on the popular young couple in preparation for their life together. The wedding is scheduled for Friday, Sept. 9, at the Presbyterian church.

Cancer Literature Is Easily Available

Knowledge—today's best weapon against cancer—is as close to you as the Iowa Park post office.

It's not on a table at the post office. The postmaster doesn't have any cancer literature on the lobby tables or on his shelves.

But, if you'll just address a post card or letter to: Cancer, Care of Postmaster, Iowa Park, in just a few days you will receive in the mail a free booklet about cancer, which may even save your life, should you ever develop this disease.

Here's how it works: Last year the Post Office department in Washington decided to aid the national fight against cancer by authorizing a simple mailing address for all requests for cancer information. In a directive to post offices all over the country the Postmaster General instructed all postmasters to forward mail addressed to "Cancer" to the state headquarters of the American Cancer Society.

In Texas, the Texas division of the American Cancer Society is in Houston. As soon as cancer control workers in Houston receive the requests, they forward cancer booklets and information to the persons mailing the inquiries.

Write to "Cancer" today. If you do not already know the seven danger signals of this disease, "Cancer" will tell you.

Progress Shown In Reports by O-T Fair Committee Chairmen

A group of 50 Texas Oklahoma Fair officials, members of the fair board, various department heads and their committee members met Monday evening, Aug. 22, at the fair grounds in Iowa Park to give reports on events planned for the annual fair and exposition, Sept. 26 through Oct. 1.

G. R. McNeil, secretary manager, was in charge of the meeting. Dr. Gordon G. Clark, association president, gave a general picture of the fair plans and proposed events.

Fred Parkey, of the agriculture department, reported that area farmers will probably fill the spaces allotted them with excellent exhibits.

W. R. Bradford, educational department, promised that most of the schools and three departments of Hardin college will be represented this year.

Mrs. Homer Blalock and Mrs. Sam Hill, women's department, reported they are receiving encouragement in all quarters for their department.

Interest in the livestock department is encouraging, according to Max Carpenter. He anticipates more entries than usual.

Loys D. Barbour, dairy division, reported on a recent trip through North Texas and Southern Oklahoma. More interest than usual is being shown in both states and he thinks the space for 125 dairy cattle will be filled. Also 20 artificially bred calves will be shown by members of the Wichita County Artificial Insemination association. This special class will have \$35 to offer in prize money.

Requests for entry blanks show that at least 150 head of Herefords will be competing for the \$5,000 in prize money offered by the fair.

Both the Open Quarter Horse Show and the Palomino Show are expected to draw large numbers of entries, and of course spectator interest will be high.

C. E. Birk, merchants building, said that there is very little space left in the building and he expects to be scraping around to find more space before the closing date.

McNeil, in charge of grounds and concession spaces, stated that more space already has been sold than in previous years.

Home demonstration clubs and girls 4-H clubs are preparing exhibits in this county and in several nearby counties, according to Miss Cathryn Sands, home demonstration agent.

Marriage of Miss Bobbye Jean Partney and George Huckaby Solemnized Friday Evening

By Mrs. Homer Blalock

In a setting of beautiful and impressive simplicity marriage vows were exchanged by Miss Bobbye Jean Partney and George R. Huckaby Jr., Friday evening at 8:30 at the First Christian church. Rev. Dick Cary, student at Yale university, was assisted by Rev. Francis E. Barnes, pastor of the church, in performing the double ring ceremony uniting the daughter of Mr. and Mrs. W. G. Partney and the son of Mr. and Mrs. George R. Huckaby.

A musical setting for the wedding was provided by Mrs. W. G. Steele, organist, and Miss Lou Ann Duke, vocalist. The former played "Oh Promise Me" for a prenuptial selection after which she accompanied the talented young soloist for "Girl of My Dreams" and "Because." Mrs. Steele's offerings also included the traditional processional from Wagner's Lohengrin and the recessional by Mendelssohn. During the recitation of vows she played softly, "Indian Love Call."

Simplicity and beauty were characteristic of decorations arranged for the wedding ceremony, the center of interest being a lighted cross in the background of the nuptial space. The cross was flanked by low-spreading groupings of wood-waria fern placed just back of tall, graduated wrought iron candelabra bearing burning cathedral candles. The setting was completed with large white baskets filled with white gladiolus and greenery and tied with large bows of white tulle. These stood at the outer extremities of the nuptial space to enclose members of the wedding party. Further interest was provided by a large open Bible on the pulpit stand placed advantageously to the right of the male principals in the wedding.

W. G. Partney gave his daughter in marriage. She was a charming picture in an ice blue crepe dress which was styled with a tight bodice which featured cap sleeves and a high neckline above a rounded white lace yoke trimmed with tiny pearl buttons in front, the yoke being neatly finished with wide bias folds of the crepe. The full skirt fell to graceful ballerina length from beneath soft rows of shirring at the waistline. The bride wore a shoulder-length veil of white net which was attached to a gathered ruffle of the same material. She carried a white Bible topped with a single white orchid from which a shower of narrow satin ribbons cascaded floorward. Observing all of the sentimental traditions, the bride carried for "something old and something borrowed" a hand-drawn linen handkerchief edged with a wide border of lace which was made by the groom's maternal grandmother 67 years ago. The bride's dress provided "something new" and "something blue," and she remembered to wear the sixpence in her shoe.

Maid of honor for the bride was her sister, Miss Virginia Partney. She chose a white pique costume which was designed with a basque waist, the low neckline emphasizing a cape-effect drape to form the sleeves. The full skirt flared to street length, and she completed her attire with white accessories and a corsage fashioned of blue and white carnations.

Tom Huckaby attended his brother as best man. Duties of ushering were assumed by Bob O'Neal and Ben Huckaby.

For the occasion, the bride's

mother selected a smart gray crepe dress accented with contrasting print patterns. She wore white accessories and a shoulder corsage of pink carnations. Equally as smart was the blue woven faille taffeta dress worn by the groom's mother which was complemented with a white carnation corsage.

THE RECEPTION
A reception honoring the couple was held in the church parlor immediately following the wedding. Guests were received by the bride's parents, the groom's parents, the newlyweds and Miss Virginia Partney. Signatures of the guests were secured by Miss Joy Partney for the bride's book.

Center of decorative interest in the parlor was the refreshment table which stood at the south corner of the room in front of windows garlanded with sprays of greenery, each end of the table being marked with tall standards of white gladiolus.

The centerpiece on the lace-laid table consisted of a handsome bouquet of white and blue carnations in which nestled a bow of blue satin ribbon. Three-branched silver candelabra containing lighted candles were used in flanking positions to the centerpiece. The crystal punch service was placed at one extremity of the table, and the beautiful two-tiered wedding cake topped with a miniature bride and groom, was placed at the other end. Silver holders filled with brightly-colored candy mints, and napkins on which was noted the inscription, "Mr. and Mrs. George R. Huckaby Jr." further enhanced table interest.

At the opposite end of the room, the piano was ornamented with a bouquet of salmon and white gladiolus and burning tapers in crystal holders.

At the refreshment board, Mrs. E. L. Danley of Norman, Okla., an aunt of the groom, presided at the punch service, and Mrs. Francis E. Barnes served the wedding cake to guests. Other members of the hostess group were Mesdames John B. Barbour, Forest Bates, Bill Sawyer, Rollins Woodall and Burk Scott.

The wedding united two popular local young people. The bride was graduated from the W. F. George High School in 1948, being valedictorian and most beautiful girl of the class. She attended NTSC at Denton before accepting a position with the Texas Employers Casualty company of Wichita Falls, where she is currently employed.

The groom was graduated from Marlow (Okla.) High School in 1947. He now is a music major at Hardin college and a member of the band. He is affiliated with Beta Tau Gamma, band fraternity. He is also associated with his father as junior partner in the Iowa Park Herald.

The couple will reside in Wichita Falls where Huckaby will complete his college education.

REHEARSAL PARTY
A lovely courtesy honoring the members of the Partney-Huckaby wedding party was extended that group following rehearsal Thursday evening, when Mr. and Mrs. Partney entertained with a buffet dinner at the home of Mr. and Mrs. Huckaby.

The dining room was a beautiful picture, the buffet holding an arrangement of white and blue carnations, while the dining table, laid with an exquisite lace cloth, was centered with a low arrangement of pink and white gladiolus tied

with a large blue satin bow. This was flanked by crystal candelabra holding white tapers which cast a mellow glow upon the silver and crystal appointments of the table.

Following the delightful meal the groom- and bride-elect presented members of their party with lovely and appropriate gifts.

From where I sit... by Joe Marsh

If They're Wild, They Belong To Tik!

Saw Tik Anderson last week and was reminded of the first time I ever spoke to him. The missus had sent me out one Saturday afternoon to hunt for some blackberries.

I took a long hike and couldn't find any. Finally, I came to Tik's house along that low stretch east of the fork on River Road. "Hi there," I says, "any blackberries around here?"

Tik says, "There used to be—but I don't know much about things that grow wild." Later, I found how Tik supports his family by picking berries. Ever since, I've

been like the rest of folks in town —respectful of his right not to tell where "his" berries grow.

From where I sit, respecting other folks' rights comes natural in our town... in America for that matter! Whether it's a person's right to have a temperate glass of beer or ale, or whether it's Tik Anderson's right to keep secret where his berries are, it's all a big part of a real democracy!
