New Management Of Parkway Theater Changes Price Policy

Mr. and Mrs. Davis Gomillion, son Wallace and daughter Barbara, all of Wichita Falls, have taken over operation and management of the Parkway theater in Iowa Park, screening their first film Thursday night of this week.

Mr. Gomillion is an experienced movie manager, having managed the Scottie in Wichita Falls and presently managing the Twin Falls theater there.

Wallace, a sophomore in Wichita Falls high school, has been working here as operator for A. L. Reed, owner for the past seven years, and will continue that position with his parents' theater.

Barbara, also a sophomore in Wichita Falls high, will be cashier.

Mrs. Gomillion plans to do most of the managing for the family, with advice and help from her husband.

The business has been named Family theater temporarily and will operate under a different policy. Prices have been altered to make it interesting for the entire family to attend he movies, and the best possible features will be booked.

"From Here to Eternity" has been set for the Easter weekend. A contest for naming the theater will be conducted with 50 passes to be given as prizes. The contest will continue until the showing of the film, "From Here to Eternity" at Eastertime. Until the contest name is adopted, the theater will be known as "The Family Theatre."

Mrs. W. B. Roling underwent surgery last Friday in Wichita Falls and is reported improving.

Former Park Woman Plans Trip to Africa

According to a feature story in the Lubbock Avalanche, Mrs. Irma Cannedy Jackson of that city and formerly of Iowa Park, is projecting a shooting trip into Kenya Colony, East Africa.

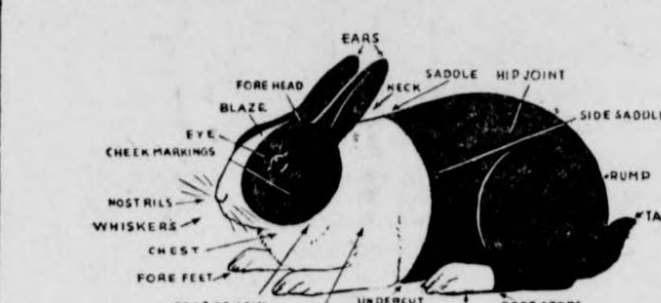

Her shooting will be with camera, but Mrs. Jackson says that as the time when she and 10 others will be off on the 23-day 21,000-mile trip approaches "I just get more excited about it."

The entire trip with the exception of the safari into the jungle will be by air.

Two of Mrs. Jackson's sons Samuel and Robert live in Lubbock. Robert operates a delimiting plant; Samuel is partner with his mother in the Kengas Processing company.

Midwestern Official Gives Senior Tests

Iowa Park to Be Mecca of Fancy Rabbit Fanciers of Southwest, April 10 and 11

Fancy rabbit fanciers from all over this part of the world will congregate in Iowa Park on April 10 and 11, says Euell Spruiell.

The occasion is an All Dutch Rabbit Show to be conducted in the Texas-Oklahoma Fair Community building on those two days. Dutch rabbits are a special breed famed for their markings. At the show will be rabbits with a large portion of white entirely separated from a larger portion of black, blue, chocolate, grey, steel, tortoise or other color.

To be registered as Dutch rabbits, the white and other color must not be intermingled, and a clear separation of the colors results, giving the rabbits an outstanding appearance.

The Iowa Park show will be sponsored by the W.V. Rabbit Breeders association and the Texas Dutch Specialty club, of which Mr. Spruiell is president.

Superintendent of the show will be Dr. Howard Brown of Vernon. He will be assisted by Kirk R. Moore of Wichita Falls; Earl Hord of Lubbock, secretary; and Mrs. Howard Jalloway of Lubbock, assistant secretary.

Judge for the show has not been selected.

Some type of entertainment is being planned by Iowa Park leaders to make the visitors' stay here more interesting.

Hawks Open Baseball Season with Victory

Rowie was able to drive in runs in only one inning Saturday as Billy Eaton of Iowa Park held the Jackrabbits to 3 tallies while his teammates were touching Richardson for 6 runs. The Hawks made scores in four innings of the seven.

Both chumpers had puzzling deliveries, as they each struck out eleven batters.

Lloyd Klinkerman and George Clements led the Hawk attack with two for four batting records. James Williams scored a triple with one man aboard.

Iowa Park will play a district game at Olney next Monday.

The family moved to Henrietta where they resided several years before moving to Holliday 21 years ago.

School and City Elections Get Interest of Area Voters

Two School Trustees To Be Elected April 3

Two trustees will be elected next Saturday, April 3, in the annual school election to replace D. O. James and H. B. Klinkerman, who are not seeking another term.

Folls in the high school building will be open from 8:00 a.m. to 7:00 p.m. with Fred Parkey as judge. Clerks will be Mrs. R. R. Brubaker, Mrs. John Tidwell, Mrs. John Wesley.

Candidates seeking these two places are R. J. Butts, Jim Miller, Elvy Sargent and V. I. Woodfin.

No active campaigning has been done by these men, but patrons of the school are asked by this paper to study carefully the slate of candidates and cast a ballot for the two they want. A candidate elected by a bare handful of votes will not and can not give enthusiasm to such a job like one who has been elected by a large percentage of the qualified voters.

A man elected by a 100 to 98 vote is sure to know that he can expect more interest and more support for his program for the school, than if he went into office by a 19 to 3 vote. Let's have a heavy vote and show the two men we select, and the holdover members as well that we are interested in the local school system.

All qualified voters in the entire school district are eligible to vote.

School Activities Are Recognized at Banquet Given by Parents

Almost every student in Iowa Park High School received special recognition at the All School banquet Tuesday night in the school cafeteria. Approximately 250 students and parents were in attendance for the occasion.

Tables were decorated with white gladiolas and miniatures representing the various activities recognized at the banquet. Decorations were provided in part by the Iowa Park Florists.

The invocation was pronounced by James E. Elms, principal of the high school. The menu included roast chicken and dressing, creamed potatoes, English peas, hot rolls, cake and tea.

Supt. Keith D. Swim served as toastmaster. He recognized the various organizations present at the banquet, which was given to honor students participating in athletics, band, FFA, FHA and Interscholastic League curricular events.

Bruce Hughes, high school student, played a baritone solo accompanied by Cynthia Thornberry.

Students representing various activities presented gifts to their sponsors.

Speaker of the evening was Lt. Thomas Hodges of Wichita Falls, commander of the Marine Corps Reserve unit there. He spoke on leadership, telling the group the qualities and responsibilities of a leader.

The banquet was closed when the group joined hands and sang "Eliet Be the Tie That Binds."

The banquet was prepared and served by parents of the students in these school activities.

Brotherhood Speaker Impresses Parkans

The Iowa Park Men's Brotherhood had one of its best meetings with a large attendance last Monday night in the Baptist church.

The group was entertained with vocal solos by a Sentinel, Okla., farmer, whose low pleasant voice was ideally suited for the numbers he chose. A trio then favored the assembly with a song.

Jim Toma of Hobart, Okla., as guest speaker, lived up to all the advance publicity he had received and held the interest of all the men as he told of his experiences in and out of the church. Not a polished orator, Mr. Toma was fired with enthusiasm and love for the Christian way of life to such an extent that words tumbled from his lips in torrents.

Men of the Baptist Brotherhood served a light supper.

Next meeting of the Inter-city Brotherhood will be at the Church of God on May 31.

The C of C office has really been busy this week issuing auto license plates for tardy owners. The deadline is this Thursday at midnight.

T. M. Clark Organizes City-wide Canvass For Cancer Funds

An all-out city-wide canvass for funds for the fight against cancer will be made in Iowa Park, Wednesday, April 7, from 6:00 to 7:00 p.m., according to Dr. T. M. Clark, chairman for Iowa Park.

Members of Epsilon Sigma Alpha are general sponsors of the drive and will help Dr. Clark with the canvass. Other women of the town who are heading up the drive are Mrs. A. W. Bedford, H. M. Mulkey, E. E. Wallis, T. R. Compton, Leslie Clapp and Johnnie Crawford. The last two are also members of the sorority.

Dr. Clark attended a meeting in Wichita Falls on Wednesday of this week, when he heard Landon Cullum Jr., crusade chairman for the county, explain the campaign organization with emphasis on the house to house canvass.

Cullum stressed the importance of acquainting people with the services available through the county chapter of the American Cancer Society. He called the campaign educational as well as for funds.

Only residents in the city limits with poll tax receipts or exemptions are permitted to vote in this election.

This week the Herald asked each of the candidates for alderman to make a statement concerning the job they seek and their policy if elected. The statements follow:

FRED HAYS
To represent the people of Iowa Park in their city government in such a way as to make them feel as though they truly have a part in the affairs of the city.

A. W. BERRY
Let's go forward for the continued growth and prosperity of Iowa Park.

L. LAVERE THOMPSON
Build a better town with thrifty management.

W. G. STEELE
If the voters see fit to re-elect me, I will continue to do my best, as in the past.

JACK CALLON
I believe that any man, especially one holding a public office, should stand for what he believes is right. He should weigh the facts and form his opinion and not compromise until he is sure that a compromise is the only solution to the question or problem.

I believe that a community can only go in one direction. We must take a progressive attitude. We can not hesitate, we can cause only long enough to gather facts and opinions for our decisions, then put them to work.

I believe in the youths of our town. I shall support any reasonable youth movements.

I believe in co-operating with other boards and bodies of our town and I shall take their decisions as being proper and correct.

I believe that in a democracy the opinion of the voters is spoken at the polls. The candidates should state their beliefs and stick to them. Political officers are as directors of a corporation, they are elected by the stockholders (the people) to serve to the best interest of their investment (our town) and should govern themselves accordingly.

HARREL SULLIVAN
I decided to place my name on the ballot for a place on the city council after being asked to do so by several friends. I feel that this is a civic duty and that if the people of Iowa Park desire me to fill that position I will do so to the best of my ability and in a way that I feel will be best for Iowa Park and the community. Iowa Park has great possibilities and if we will all work together, we can realize big things in the near future.

DR. L. A. CRAWFORD
In offering my services as a member of the City Council, I do so with no particular "ax to grind." I believe in fairness and equality for every citizen. I am opposed to utility raises in the near future. If I should be elected, I would strive for these things at all times. With these thoughts in mind, I solicit the support of the voters, but let's all go to the polls and vote for the candidate of our choice.

Pete Guthrie Joins White Auto Store

John C. White Hits Price Flexing Program

Reprinted from the Grain Producer News
Texas Agriculture Commissioner John White, an outspoken foe of the administration's farm program, seared the tall feathers of Secretary Benson and his flexible farm program in a speech delivered to the members of a joint meeting of the Texas Cooperative Ginners association, Texas Federation of Cooperatives and the Houston Bank for Cooperatives, held recently in Austin.
White called for the one-year extension of the rigid price support program under attack by Benson. He denounced the administration's farm program, announced in an Eisenhower address at the beginning of the current session of Congress, "a that Bamboozling Benson Plan of flexible price supports."
"We have many serious problems in agriculture; none is more dangerous than one phase of the farm program advocated by the present national administration," White asserted.
Speaking of the flexible support price plan, that would replace the 90 per cent of parity, keystone of current agricultural legislation, White said that the entire theory of the sliding scale or flexible price supports is based on the assumption that small crops will make a whole lot of money.
White charged that instead of relieving farm surpluses, the Benson plan would cause surpluses to increase.

COUNTY AGENT SUGGESTS . . .

Warm weather brings new problems to dairymen.
Higher bacteria counts in milk are sure to show up unless strict milking and sanitation practices are followed, says E. T. Haws, extension county agent.
Producers should make sure their cooling facilities are in top condition for rapid cooling.
Flies become more abundant with warm weather and should be controlled with approved insecticides. Eliminate all breeding places and remove all manure from the milking area.
Hornflies are readily controlled with sprays or washes containing five-tenths per cent methoxychlor. Such applications are usually effective for two or four weeks and, in most areas, two or three treatments in the spring and one in the fall will give ample control.
Entrances and interiors of barns may be sprayed with a mixture of 2½ per cent DDT and 2 per cent chlordane as a means of controlling houseflies.
Wash the walls of milking sheds occasionally before putting on the spray application.
Finally, it's time to plant sudan grass or sudan-cowpea mixture for summer grazing. Plant at least one acre per cow and use plenty of fertilizers. July pastures depend upon action taken in April or May.

Thomas Johnson in Training Landing

While serving aboard the attack cargo ship USS Sagit, Thomas N. Johnson, interior communications electrician fireman, son of Mr. and Mrs. J. C. Johnson of Route 1, Iowa Park, participated in Operation Flag Hoist, an amphibious training exercise on the island of Iwo Jima. The operation which involved thousands of navy and marine corps personnel, was designed to promote the combat efficiency of all participating units. It afforded training in the planning and execution of an amphibious landing under realistic combat conditions.
The exercise took place nine years after the capture of the small Pacific island. Japanese resistance ended March 16, 1945.

Dresses modeled ranged from house dresses to afternoon suits and frocks. Mrs. C. H. Bowman modeled a dark green denim dress and a green, gray and black striped coat illustrating how by changing accessories an removing the coat, the costume can be suitable for another occasion. Mrs. Ray Low and Mrs. Fay Woodfin of Park Area club also modeled dresses.

TODAY'S TELEPHONE TIP

by Emily Post

A correspondent says: "The other day, I was working in the garden. Three times within an hour, my telephone rang and, each time, the person calling hung up before I could get to the phone. Will you please remind your readers how annoying this is?"

I'll be very glad to. One of the fundamental courtesies, yet one of the most neglected, is giving the person you call ample time to answer the telephone. It so happens, that person is busy and cannot reach the telephone immediately. Always wait at least a full minute before you hang up.

Radar Devices to Aid Car Speed Control Throughout Texas

Texas motorists who push too hard on the gas pedal of their cars are going to face the newest scientific device which has been designed to keep them—and others—alive by checking their rate of travel.

Homer Garrison Jr., director of the department of public safety, announced this week that the highway patrol division has secured three radar speed meters and they will be put into use shortly in selected areas of the state.

Use of the radar machines will be a far cry from the old concept of "speed traps" and the public will be adequately acquainted with their locations.

The machines, said to be more accurate than auto speedometers, will be operated by members of the highway patrol who have been specially schooled in their use.

First public tests of the equipment will be made this week in the Harlingen area and judges, prosecutors and members of the press will be invited to try their hands at beating the machine.

Garrison said similar public demonstrations will be made in other areas before the devices are used to catch speeders.

Local Club Women Win District Honors

Five members of the 23 Study club attended the 52nd annual convention of first district Texas Federation of Women's clubs in Fort Worth, Tuesday. Theme of the three day convention was "Strength for the New Day."

Parkans present were Mmes. Homer Blalock, L. E. Brooks, R. R. Brubaker, Dave O. Harbour and Charles Metz.

The 23 Study club received many awards and honorable mentions. With more than 100 per capita federated clubs in first district the Iowa Park club is recognized among the clubs that rank at the top in achievements and awards.

Mrs. Harbour and Mrs. Brubaker received personal awards for submitting the best reports in their departments. The former, who is district forests and recreation chairman, won first award for the best report submitted to the conservation department chairman Mrs. Charles Harr of Wichita Falls.

Mrs. Brubaker won an award for the best individual report submitted to the Americanism department chairman Mrs. Robert Wheatley of Haskell.

23 Study club was also listed among the blue ribbon clubs in the Americanism study course and was one of the four clubs in the district to raise \$100 for the Independence Hall project.

Other honors received were second place on the yearbook; honorable mention in the fields of adult education and public education.

Mrs. Blalock closed the afternoon session with a memorial service for deceased club members of first district. Using a large crayola painting drawn by her daughter-in-law Mrs. Keith Blalock, for a background, she stressed how the church and home and club and community stand as monuments to the memory of the deceased members. The monuments were appropriately pictured in a springtime woodland setting at sunrise.

DISCIPLES

Motto of the Christian church last month was "March to Church in March." Because of the many accomplishments of the church during March, including 80 per cent attendance, the minister and members feel the campaign was highly successful.

Among the events which took place were: a survey and postal religious census taken by the evangelism committee, with E. L. Hartfield as chairman; installation and dedication services of elders and deacons; a men's breakfast with 25 attending and enjoying the meal and devotional (Ted St. Clair was chairman of this project); one new member was added to the church roll, Mrs. Ithamia Jolly of Iowa Park; the pastor's class was organized for Easter conversion; new hymnals were purchased by the worship committee, with Rollins Woodall as chairman; the minister Chester Gleason attended and helped to preside at dedications of the new sanctuary in Henrietta and installation of the new minister at Breckenridge; nine members attended the VBS workshop in Wichita Falls; the elders and deacons sponsored a birthday party in honor of Elder J. C. Searl's 83rd birthday; the minister attended a CYF coaching school for youth conferences; the property committee, with co-chairmen Russ Owens and Chester Miller, carried out a work-nights plan to accomplish the varnishing and waxing of sanctuary floors, painting church nursery; and Ishmael Corder retouched the Lord's Supper scene in Fellowship Hall.

The CWF, with Mrs. Forest Bates as president, helped to carry out March to Church plans by four weeks visitation under direction of Mrs. John Barbour, membership committee chairman. Other highlights of CWF in March included: making two cash donations to the Fowler memorial fund in memory of Judy Wilson and Wilson Huckaby; acquiring two rugs for church nursery through donations by Mesdames S. T. Buzzard and Ted St. Clair; sewing for Juliette Fowler Orphans Home under supervision of Mrs. Gilbert Steele, service chairman; and honoring the pastor with a surprise birthday party.

The church as a whole hopes to continue this theme throughout the Easter season and April, and add to its accomplishments daily.

Golden Wedding Anniversary to be Observed

M. King Reed, Tulla, and Mr. and Mrs. Ray Smith, Snyder.

HAPPY BLUE BIRDS

The Happy Blue Bird met Wednesday afternoon in the home of Mrs. Wallis. After a short business meeting, the girl enjoyed playing game and listening to stories. Mrs. Wallis served refreshment to Donna Childers, Carolyn Fox, Beverly Birk, Barbara Hadley, Barbara Thompson, Donna Stockton, Diana Watson, Sherry Watson, Linda Price, Mary Helen Wallis, Susan McCarthy and Sue Spruiell.

Mrs. Bee Bryant is able to be downtown and visit with friends after being confined to her home several months. She fell and fractured a hip quite some time ago and her recovery has been slow.

Attention Required For Trees

Pop Up Those Yellow Leaves:

Abnormal colored leaves may indicate alkaline soil in Central and West Texas soils. Adding 1 or 2 cups of sulphur to the above mixture may correct this condition. Sulphur acts slowly, add 1-2 cup of iron sulphate for quicker results. For still quicker results but temporary results spray leaves with 1-4 teaspoon of iron sulphate (copperas) dissolved in 1 gallon water.

Fertilizing Lawns is Needed Now: Scatter 2 or 3 pounds of commercial fertilizer such as 5-10-5 over an area of 100 square feet. If you have good top soil or decayed compost, give the lawn a top dressing. Do not add more than 1 or 2 inches. You do not want to cover the grass and kill it. Covering will not kill bermuda grass but St. Augustine, centipede and blue grass are more easily injured by smothering.

Care of Roses. Mulch roses to keep down weeds and grass and hold moisture. If you mulch with sawdust be sure to supply enough nitrogen fertilizer for bacteria, or they may take so much nitrogen from the soil that roses will have yellow leaves. It is best to use enough nitrogen to let them and the roses both prosper. Dust the roses with copper-sulphate dust if you can get it. This will keep off blackspot, mildew and red spiders. If not available "flowers of sulphur" may be used or a

bordeaux spray, hygon and other effective fungicides may be available to you. Check at drug stores or seed stores.

During dry weather, water roses to a depth of 12 to 15 inches. Shallow watering will cause the spots to grow near the surface which will cause them to suffer a great deal later on.

Shade Trees Need Attention: There are different rules for feeding trees. Even if you fed them during January of February it would be a good idea to give them some more. One rule recommends using 1 pound of commercial fertilizer for each inch in diameter. Measure the tree trunk four or five above ground and put the plant food 4 or 5 feet out from the trunk of the tree where the feeder roots can get it. Still farther out would be better for large trees. No small roots are found near the trunk of large trees.

Any injured or dead limbs should be cut off of the tree. Long awkward limbs may be cut at the tip.

Mrs. G. D. Sikes is able to be out again after being in the Wichita Falls Clinic hospital and confined to her home for several weeks. She still has to rest several hours a day.
