## W. F. George High School Class of 1949

Back row, left to right: Howard Gay, Billy Grussendorf, Jerry Rogers, Jimmy Seay, Cecil Laws, Jimmy McDonald, Benton Lewis, Ron Mahler, Leroy Smith, Hoyt Watson.  
Middle row: Mrs. O. R. Owens, sponsor, Tom Huckaby, Harrel Cage, Delbert Catlin, James Roy Wilkerson, Billy Koonce.  
Front row: Betty Wolf, Juanelle James, Betty McKenzie, Billy Jean Girard, Ava Nell Lee, Lucy Lee Dale, Ima Jean Martin, Jan Bedford, Patsy Trigg, Billye Joyce Bryant, Carolyn Baxter, Mrs. Alva Wormington, sponsor. Not present are Billy Joe Russell and Burk Scott Jr.

School is out and the students are enjoying the first freedom from books, recitations and examinations they have had in a long time, but there are still a few details that have to be cared for by Superintendent W. R. Bradford and the principals, Miss Ethyle Kidwell and R. V. Pete Wood.

### Baccalaureate

Sunday morning, at the Methodist church was the annual baccalaureate service, a highlight in every graduation program.  
Speaking directly to the seniors, Rev. Francis E. Barnes had them recall their first day at school, their first date, and many more of the great events that had taken place in their young lives.  
Then getting down to their immediate plans and problems, he gave advice that should stand them in good stead throughout their careers at future citizens of the world.

### Senior Dinner

Immediately following the morning service, the class, their sponsors, room mothers and dads, and faculty friends made the annual trip to Wichita Falls, where they partook of a chicken pie dinner with all the trimmings.  
Acting as toastmaster after the meal, Principal R. V. Wood called on all the adults and the class president, Jimmy McDonald, to give expression to their sentiments and hopes for the class.

### Commencement

Monday, May 23, 1949, will go down in the memories of 33 former students of W. F. George High School as their graduation night.  
It was a beautiful evening, full of promise to these youngsters who were being turned out as finished products of our school system.  
The speeches of Ima Jean Martin, valedictorian, Carolyn Baxter, salutatorian, Jimmy McDonald, best boy student and president of the class, made easy the task of Dr. James B. Boren, president of Hardin college, as he rose to make the commencement address.  
In the absence of Superintendent W. R. Bradford, awards made to honor students were handed out by High School Principal R. V. Wood. This was his last public act as a part of the Iowa Park school system, since he plans to become a farmer near Estelline, and has not asked re-election by the board of trustees.  
Diplomas were awarded by Rollins Woodall in his capacity as president of the board.

The hope was expressed that the honored class would be present for high school graduation four years hence.

### Books Being Shipped For Replacement

One of the final, tedious jobs of the current school year is being performed by Principal R. V. Wood. That is the checking and shipping of state owned books which are no longer usable here.  
Torn, worn books and those now out of adoption, all have to be returned for credit with the state authorities.  
Due to the damage of the mid-winter fire, Iowa Park schools do not have their usual supply of books. With only about 400 books left to be turned in, the distasteful task will soon be completed by Mr. Wood. Ordinarily the school has 1200 books to be replaced each year.

### 49-'50 Party

Last on the calendar of commencement week was the party given by Graduates of '49 for the Senior of '50. This function was held in the school gymnasium and officially ended the school year.  
Decorations of red and white were in evidence throughout the party area. These were furnished and arranged by the room mothers, and represented their last official act as backers of the class. Their association with the youngsters began in the fall with assisting in running the Senior Stand at the Texas-Oklahoma Fair.  
The party resolved itself into a square dance, with pauses at intervals to eat ice cream and cake, and drink iced punch.

Mrs. W. L. Morrison of Rocky Point received cuts and bruises recently when the car she was driving turned over near the Valley Farms community house.

## Third Grade Party Is Held at Sand Beach

Mr. and Mrs. Archie Bryant sponsored a swimming party at Sand Beach for Mrs. W. R. Bradford's third grade Thursday, May 19. Mrs. Bradford was unable to attend as she was at the hospital with Mr. Bradford.  
The room mothers, Mrs. James Cates, Mrs. Henry Brown, Mrs. W. W. Parker, furnished cookies and ice cream for the picnic that followed. The Bryants furnished cold drinks.  
Children enjoying the outing were Tex Boyd, Bill Bryant, Wayne Calhoun, Jerry Campbell, Larry Jean Hall, Norman Hodges, George Jones, J. H. Lewis, Earl Logan, Buster Morton, Larry Dean Terrill, Gordon Parker, Clelio Wright, Ronnie Coleman, Earline Brown, Lenora Brown, Patricia Craft, Linda Robinson, Doranina Scott, Mary Skinner, Betty Sue Tatom, Jane Waters, Carolyn Whittenburg, Joy Shelton, Donnie Moer.

Everyone thought it a wonderful way to spend the last day of school and each child thinks he had the most wonderful time this year.

## D. O. Smith Opens Real Estate Office

D. O. Smith, long time resident of Iowa Park who for many years has been in the real estate business here, has opened an office in the Park Hotel building.  
Mr. Smith announced this week that he had discontinued handling Rawleigh products and would devote full time to his real estate and home building activities. He has only a night phone at present but will announce his office phone as soon as possible.  
Mrs. L. C. Denny, who has been very ill, was reported much better Wednesday morning.

## Junior G. A. Meets With Mrs. Johnson

The Junior G. A. met at the Baptist church with their leader Mrs. Lee Johnson, this week. Plans for better organization were discussed and a gift box was prepared for Mrs. Hubert Tatom. The girls also presented a short program for Mrs. Tatom, consisting of the G.A. hymn, watchword and allegiance.  
Those present were Sarah Johnson, Barbara Tatom, Delores Hair, Sue Craft, Betty Stewart, Lavonia Hanaway, Kay Quick, Doris Herrington and Mrs. Johnson.  
The group also went visiting and called on all the absentees and new members.

## DELAY IN HARVEST APT TO CAUSE LOSS TO LOCAL FARMERS

Rain, wind, and more rain are playing havoc with plans to harvest the Iowa Park area wheat crop.  
Combines and grain trucks have been on hand for the past two weeks waiting to begin the annual gathering of one of America's most important crops. Railroad cars are here waiting for their part in the huge task of putting in storage the main ingredient of the world's best and most common food—bread.  
All along the Fort Worth and Denver City Railroad can be seen the empty freight cars, lining every siding. Parked alongside in every town are the harvesting equipment, much of it brand new, which will make short work of the harvest, when the weather gets right.  
Many of the harvesters now in Iowa Park have been coming here to make their first sally into the grain fields for many years, since Wichita county is generally one of the first areas to have wheat ready for the harvest.  
With each passing day farmers of this district are losing money, since the crop is ready, but the elements refuse to co-operate.  
Allen Gren and Henry Kratzer of Excelsior Springs and Lathrop, Missouri, with their three combines, three trucks, and crew of nine men, plan to start here and work all the way to North Dakota. These men are here for the fourth year.  
Carl McCabe and sons of Froid, Montana, have three trucks and three combines also. They plan to start here and work all the way to their home state. This is the second year for the McCabes, and they found the wheat good all the way down here.  
Three trucks are here from Scotchboro, Alabama; 3 combines and 4 trucks from Montana; 2 combines and 2 trucks from Kansas. Others not contacted promise to make short work here whenever they can get into the fields.

★ **SENIOR NEWS**  
★ **JUNIOR NEWS**

Telling anyone about the wonderful party the srs. gave the jrs. would be a difficult task for anyone, but we will try to make you see the fun and thrill of the party. As the juniors staggered into the auditorium, srs. and sr. mothers greeted them with a hearty welcome. After our eyes got focussed, they caught the decorations about. There were two things that we eyed with wonder. First, the luscious cake decorated with red and white icing with "Seniors '49" on the top. We wondered how soon it would be that we could get our share of that very appetizing food. Second, we eyed the soft pink parasol hanging through the basketball hoop. At this we wondered how on earth Mrs. Burk Scott got it there. Our eyes traveled on and spied the red and white flowers scattered about all over the auditorium. There were two large baskets of red gladiolus with small white flowers blended in. Then our attention turned to something else, square dancing.

We danced until we had blisters on our feet. The boys picked the girls off the floor each time they swung around. The girls let their tongues hang out and carried on. No one had time to be tired, it was too much fun.

Then came the awaited moment. "Papa and Mama" Bradford were asked to cut the first piece of cake. The seniors adopted the name "papa and mama"; they said that Mr. and Mrs. Bradford were the pa and ma of our school. Mr. B cut the cake, Mr. C. Cauncey Weller took a picture of the very glamorous group! To make the cake even better, the sr. mothers put on very generous servings of ice cream. A little more squaring went on and finally we departed.

We the juniors of '49 are now the senior class of '50. We were given best wishes by the graduating class. The purpose of the party was to turn over to the next year's seniors the responsibilities of upperclassmen. The class of '49 has gone — the class of '50 stepped in. Our only wish is, as our president said "To carry on the traditions the seniors have set up for us to follow."

From the '49 jr. class, we say "Thank you" to the senior mothers and senior students for a wonderful year and a never forgettable Sr. '49—Sr. '50 Party.

The Senior and Junior Reporters: Billye Jean Girard, Betty Jane Perry.

The Herald office and the class of '49 extend a whole hearted thanks to the little miss reporter, Billye Jean Girard for her work as publicity agent for the senior class — and she bows out gracefully to the reporter of the class of '50, Betty Jane Perry.

**Christian Women Continue Study Series**

"Our Common Witness," the fifth in a series of studies, was theme for the meeting of the Women's Council of the Christian church, Wednesday afternoon.

The meeting was opened with a prayer and introductory remarks by Mrs. Rollins Woodall, president.

"Brothers of the Heart" was the topic discussed by Mrs. Francis E. Barnes. One phase of the program was the unique presentation of "Things Christians Do Together in China," in a conversational form by Mrs. Ralph Sisk and Mrs. Woodall.

Mrs. S. L. Buzzard brought the devotional for the meeting, and a short business meeting followed the program. The benediction was given by Mrs. Sisk.

Those attending were Meses. Francis E. Barnes, Forest Bates, S. T. Buzzard, Ralph Sisk, Fred Vealey and Rollins Woodall.

★ **BAPTIST W.M.S.**

The Baptist Women's Missionary Society met in circles Monday of this week. Mary-Martha met at the church with Mrs. Jim Miller teaching the mission lesson after the devotional by Mrs. O. A. Schwalze. Those present included Mesdames Davenport, Lee Johnson, E. A. Jones, E. J. Jinkins, Ernest Stewart, and Jim Miller.

Ruth circle met at the home of Mrs. Chas. Metz with Mrs. Herman Mitchell presiding and Mrs. Curtis Hill teaching the mission book. Mrs. James Easterwood led the opening devotional. Present were Meses. O. M. Jones, Curtis Hill, Herman Mitchell, Earle Denny, James N. Easterwood, R. R. Brubaker and Metz. Mrs. Sam Hill was hostess to the Sallee-Morgan circle with Mrs. R. E. Jackson leading the devotional and Mrs. Ada Curry teaching the lesson. Present were Meses. Aaron Brubaker, Dorothy Curry, R. E. Jackson, Ada Curry and Sam Hill.

No regular circle meetings will be held next Monday since it is the fifth Monday, but Mrs. Jim Miller, president, urges each member to spend Monday afternoon in a visitation program.

Mrs. Lydia Hudson, Miss Connie Copeland, Fred Warren and Jimmy Warren visited relatives in Burkburnett last Sunday evening.

GRADUATES OF W. F. GEORGE HIGH SCHOOL —

**To meet your needs in 1959... we have to start now!**

Most of the oil you are using today was found more than ten years ago. It takes about that long to explore and develop potential resources to their full, efficient capacity.

First, you have to find the oil. Geologists and geophysicists spend months of scientific study before they pronounce an area a "prospect." It takes more months to drill exploratory wells; and if they find oil, it takes years to drill the other wells that define the field, establish the amount of oil in it, and bring it into full production.

Today, this year, continuously, we must develop the oil resources we may need — without notice — on some future tomorrow. In spite of minor fluctuations in demand, the need for oil has increased steadily over the years, and every now and again, there is a sudden, heavy, unexpected need for additional supplies, like the demand for fuel oil on the Eastern seaboard during the cold winter of 1947-48. Furthermore, we must face the fact that in this atomic era, in this day of the jet airplane and the long-range submarine, the U. S. oil industry must prepare now to meet the needs of any future national emergency.

That's why the American oil industry is undertaking the heavy costs of exploring the Tidelands of the continental shelf in order to bring the oil fields that geologists think are there into full production now. Rest assured that the oil will not be wasted; on the contrary, it will be ready for instant use when you and the nation need it.

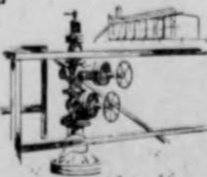

**HUMBLE**

**HUMBLE OIL & REFINING CO.**

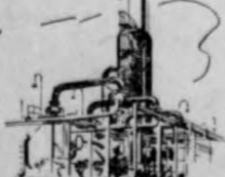

This is a Humble well in the Anahuac, Texas, field. The first well drilled in 1925, found oil at 8728 feet. Geological and geophysical work which preceded drilling consumed 6 years. 427 wells have been drilled, of which 357 are now producing oil. Present production is 30,108 barrels daily. With the present knowledge of the field, it is possible that additional sands may be found at a greater depth.

This is Humble production in the Friendswood, Texas, field. Exploratory work was begun here in 1928, and the discovery well was drilled in 1937. By 1941, Humble had 211 producing wells in the field, these wells supplied 66,110,000 barrels of oil toward the winning of World War II.

This alkylate plant was placed in operation by Humble at Baytown refinery in 1938. Alkylate is an essential element in the manufacture of aviation gasoline, and by December 14, 1944, Baytown had provided a billion gallons of 100-octane gasoline for Allied airplanes.

## Presbyterian News

Women of the Presbyterian church met Monday, May 23 at the church. May being the anniversary month of the organization of the women's work in the Presbyterian church U.S.A., a birthday party is held during May and the offering is sent to some cause either home or foreign missions designated by the Assembly.

This year the funds are gathered for mission work in Brazil and for the American Bible Society.

Mrs. K. P. Abernathy was leader of the program, assisted by Mrs. Park, Mrs. C. Birk, Mrs. C. E. Birk, Mrs. Uhrich, Mrs. Burgoyne and Mrs. Ridenour.

The hostesses Mrs. Abernathy and Mrs. Estes used the Brazilian colors of yellow and green in decorations and refreshments and both of them dressed in bright colors (also a Brazilian custom).

A lighted birthday cake decorated in yellow and green was on display.

At a large table was a display of Bibles of various kinds, in foreign languages, Hebrew, Latin, Greek, German, Spanish, Catholic and five versions in English — one printed in 1823. Clyde McDonald also let the women display a volume of his Braille Bible.

The cake was served with coffee and candies wrapped in bright papers.

A free will offering was taken for the cause.

Those present were Mmes. Gale Lowrance, J. Ridenour, T. A. Uhrich, L. Lovelace, C. Birk, C. E. Birk, Gayle Park, Fred Myers, B. Burgoyne, L. Shelton, A. H. Estes, K. P. Abernathy, the Misses Mina Troutman and Clara Lowrance, and the Rev. M. C. Yeagan.

Vacation Bible School at the First Presbyterian church will begin on June 6 under direction of Miss Evelyn McNeil from the Assembly's Training school at Richmond, Va.

Mrs. King Abernathy, superintendent of the Beginner and Primary departments of the church school, Mrs. Gale Lowrance, superintendent of the Junior department, and Miss Clara Lowrance, superintendent of the Intermediate department, are making arrangements for their assistants in each group, which will be announced later.

**★ Soil Conservation**

A diversion terrace 950 feet long has been completed on the Mrs. P. C. Chenault farm in the North Burk conservation group. The terrace was constructed with whirlwind terracer.

A complete co-ordinated conservation plan has been worked out between Stanley Williamson and the Wilbarger-Wichita Soil Conservation District the past week. Stanley is principally a dairy man and plans to plant sown crops on all the cultivated land. He plans to follow a 3 year rotation in which one-third of the land will be planted to a legume each year. The pastures will be fenced and a rotation system of grazing followed. Some land is being retired to pasture and will be seeded to buffalo and grama grass. Vetch and rye are looking good on this farm at present. He plans to plant Chinese red peas as a summer legume on approximately 10 acres. Fish have been requested for his stock pond.

Gale Lowrance of the East Iowa Park conservation group is planning to plant Chinese red peas when the weather permits. He plans to inoculate the seed before planting. Soon after grain harvest he plans to complete the terrace system on this farm.

An irrigation system is now in process of being staked out on the Orville Bullington farm south of Wichita Falls lake. The area irrigated will be planted to cool weather grasses of brome, perennial rye, sila fescue, orchard grass, alfalfa and clover for pasture and hay crops. Fred Parish is operating a large Brown Swiss dairy on this farm with Mr. Bullington.

The Germany Laundry in Iowa Park has recently installed two new clothes dryers which are equipped to kill all bacteria in the clothing. The local United Gas company installed the dryers, which are expected to make all laundry highly sanitary.

Mrs. D. H. Ford of Dallas has been visiting her mother Mrs. L. C. Denny.

## Chick Reports Are Due on Trades Day

This week chick raisers have received their report forms to fill out on the chickens sponsored by the Iowa Park Chamber of Commerce.

Report No. 2 will be due June 4, and the chick committee is asking the co-operation of each boy and girl in getting in reports on that day.

A large ledger for records on each chick raiser is being used with a column for each of the following items: Breed of chick, Number of chicks on hand, Number and value of chicks eaten, Number and value of chicks killed, Amount of feed used, Approximate cost of feed, Average weight of chick.

Sponsors are encouraged to share this chick-raising experience with their boy. Visit him occasionally and get acquainted with him and what he is doing. Both Fred Parkey and H. R. Sullivan of the chick committee, emphasize the importance of this contact.

## Fire Officials Ask That Fire Trucks Not Be Followed

### TO THE CITIZENS OF IOWA PARK COMMUNITY:

Due to the accidents that have occurred in the past, and especially last Monday night, May 23, 1949, the officials of the City are compelled to issue a warning to all motorists.

When FIRE ALARM is sounded all motorists must pull over to the side of road or street and come to a complete STOP.

All that are NOT Volunteer Firemen and that follow the fire trucks closer than two blocks of said trucks, will be given tickets and properly prosecuted.

The hazards that have been occurring when alarms are sounded are endangering the LIVES and cars of our Volunteer Firemen.

Several firemen were involved in small car accidents last Monday night and these boys are giving their time and efforts to make our community a safer and better place to live in. They must be protected not only by you but by all of us.

PLEASE, won't you be more considerate of our Volunteer Firemen and give these boys a chance to get to the fires or at least give them a chance to follow the fire trucks so that they will be available when the trucks arrive at the fire.

URIAH BLUM, Fire Chief  
R. A. TANNER, Fire Com.

## Two Heads Are Better Than One (Or None)

I get a kick out of buying stuff down at the hardware store. And I always ask for a little advice from one of the two brothers who run it, because I know beforehand exactly what the answer will be.

Like when I needed a new garden hose. "Henry," I says, "how about this new plastic hose—is it really as good as rubber?" "Well," he says, "I'm inclined to think it is—but you'd better ask Tom."

I found Tom in back and asks him the same question. "Well," says Tom, "in my opinion it is—

but you'd better ask Henry." "I already have," I says, "and when you two cautious old codgers agree I'd bet my life on the decision."

From where I sit, your own opinion is worth a lot—but so's the other fellow's. That's why I keep saying, over and over, let's be tolerant of the other person's point of view—whether it's on politics or farming—or whether you like milk shakes and he prefers a temperate glass of beer.

### YOUR CHAMBER OF COMMERCE —

**RUTH HILL YEARGAN**  
The author of this rhymelette is unknown, and maybe it is just as well that he is—considering everything about it but the sentiment, which is really good.

Of course we know a man wrote it because it is so direct and to the point. A woman would have talked 30 minutes and used 30,000 words to have said that much.

Listen now, doesn't this sound just like a man?  
"He who has something to sell  
And goes and yells it down a well  
Will never collar as many dollars  
As he who climbs a tree a hollers."  
There isn't much anyone can add to that poem if he really hollers, because it is all so plain.

But there is a tendency among us neither to yell it down a well, nor holler it from the tree tops. Rather we lean back against our store fronts and grumble about business going to other towns. We tell ourselves we have as good merchandise, as good prices, more parking space, more friendly clerks, and more interest in our customers than merchants of other towns have.

But we are only now awaking to the fact that unless someone else knows these things we might as well jump in that well and go down three times and come up twice as far as building up our business and our town is concerned.  
To the world then, Merchants, you must tell  
About the things you want so much to sell.

And the louder you holler  
What you have for a dollar  
Naturally  
The more sense you will show  
above the collar.  
Your C of C says—"Don't get discouraged, TELL IT—and eventually you will SELL IT."

### Windthorst Takes Lions in Sunday Tilt; Archer City Due Here

For the second time in as many starts the Iowa Park Lions bowed to the Windthorst nine, the final score being 5 to 3, in a thrilling ball game from start to finish played Sunday afternoon on the Iowa Park diamond.

Frank Mathis was the starting and losing pitcher, allowing only five hits, compared to the 11 hits doled out by two Windthorst hurlers. Five Lion errors added to the loss suffered by Mathis, his first of the 1949 season.

Wayne House and Wayne Lehman collected three hits in four trips apiece to lead the hometowners along the offensive lines. Members of the team have built a brand new backstop and tentative plans are on tap for seating facilities insuring Iowa Park fans of the best in baseball for the coming seasons.

Next week, the Lions play host to Archer City in a game that promises to be a real thriller. Game time has been set at 2:30 p.m.
