IOWA PARK LEADER 50¢

Vol. 32, No. 45

IOWA PARK, WICHITA COUNTY, TEXAS 76367

Thursday, July 13, 2000

BEATING THE HEAT on these 100-plus temperature days is one of the purposes of the Iowa Park Bicentennial Swimming Pool. The youth on the slide is taking advantage of the cooling water. However, the life guard watching him only has that opportunity a couple of times hourly.

Council approves request from clinic for parking

Patients of Park Clinic will have additional parking space in the near future, thanks to an arrangement between the Clinic and City of Iowa Park.

The arrangement resulted following a public appearance before the council Monday night by Dr. Larry Stutte.

Dr. Stutte's proposal was to utilize part of the west side of Colorado, across from the Clinic, for angle parking, as is utilized on the east side in front of the Clinic.

His proposal was for the Clinic to pay the cost of all materials, which were estimated at \$5,908, and the city's contribution, besides the space, was estimated at \$1,353. The City's portion would be included in next year's budget, Mayor Tim Hunter said.

The width of Colorado is 50 feet, and the existing pavement is less than 30 feet, according to City Administrator Mike Price.

During discussion of the proposal, Alderman Wayne House voiced his objection, pointing out that his church, Methodist, had asked the city for a similar project a few years ago. The proposal was declined, and his congregation had to pay \$20,000 for the work, he said.

The area to be used primarily for Clinic parking would also be available for the larger crowds that attend functions at the Burnett Memorial Library, it was pointed out.

When the council voted on the proposal, House cast the only vote in opposition.

OTHER BUSINESS

Also during Monday's regularly-scheduled meeting, a public hearing was held on annexing of land near Lake Iowa Park, acting on an ordinance to set the cost of additional roll-out trash containers, and a report on the city's Texas Capital Fund project.

There were no comments either from the audience or the council concerning the annexation issue.

The 138 acres is property the city purchased from Gene Wigley, located between US 287 and Lake Iowa Park, where plans are underway for development of an 18-hole golf course.

Responding to requests for additional roll-out containers, for which the cost was not included in previous actions of the council, a monthly rate of \$4.75 was established.

Cost of a single roll-out container is \$9.25 monthly.

Administrator Price informed the council that efforts to obtain funding from the Texas Department of Economic Development in behalf of Landkirk Investments have been unsuccessful.

The Landkirk project was to fund purchase of most of Barbour Trucking property under the state's pro-

gram for employment development in communities.

Though the proposal has been in Austin several months, problems caused by changing schedules of the state personnel was the reason given the council by the City Administrator.

Two similar projects, involving Gene James Air Conditioning and Kathy's Kakes, were both successfully completed.

Landkirk is already operating in Iowa Park, and the council will continue to seek other avenues to retain the business locally, Mayor Hunter said.

MONDAY MEETING SET

The council is to meet again at 7 p.m. Monday, in council chambers, to continue work on the 2000-2001 budget.

At least four other budget studies have been held leading up to Monday's meeting.

Guns stolen from local residence

Iowa Park police are investigating the reported theft of five guns from a residence in the 1300 block of Sunset.

The resident notified police Monday that some time between 4:00 and 10:47 p.m. some had kicked in a door to the residence and took three shotguns and two rifles from a cabinet.

The case remains under investigation, according to the police blotter.

Another theft from a residence in the 600 block of east Texas was reported Saturday afternoon.

The resident told police a police scanner, valued at \$100, had been taken some time during the day.

Police arrested Richard Lon Turkett, 46, Wednesday night of last week in the 300 block of West Park on a charge of driving while intoxicated. He was transported to the county jail.

A commitment order was served on Esiquio Bernal Jr. 27, who was already interred in the county jail on other charges, according to the police blotter.

The order was for no liability insurance/repetition, with a bond of \$574, and expired vehicle registration, a bond of \$293.

Bernal remained in jail as of yesterday, according to police.

Two young men were taken into custody shortly after midnight Tuesday, both on alcohol charges.

They were Michael Christopher Marlow, 18, and Bobby James Miller, 20. Marlow was charged with driving under the influence, and Miller for consumption of alcohol by a minor.

Both were issued citations for

the offenses, and released two hours later to a responsible adult, according to the police report.

When officers responded to a reported domestic disturbance at 5:02 a.m. Sunday at a residence in the 700 block of West Coleman, they arrested Jonathan Ray Dressler, 36, and Pamela Bell Dressler, 36.

Both were charged with Class C assault to commit family violence, and later released after signing promises to appear in municipal court.

A resident in the 700 block of North Yosemite notified police shortly after 5 a.m. Thursday that a

young child had knocked on his door and told the resident that his parents were not at home.

The youth was released to an officer of the Child Protective Services.

A man identifying himself as the six-year-old boy's father later told police he had left the house to transport the mother to her job in Wichita Falls, and did not believe there would be any problem, police reported.

Police are investigating a report that several businesses, street signs and vehicles were hit by paintballs Wednesday night of last week.

Boys' All Star teams eliminated

The Iowa Park All-Star 10 and 12 year old teams competed in the District Tournament which was held in Wichita Falls this past week, with both teams finishing second. Wichita Falls won both the 10 and 12 year old divisions and will advance, while the season concluded for Iowa Park despite playing well and finishing second.

York picked up the win on the mound. Leading hitters for Iowa Park included Thaman and Morton who both finished 2x4 along with Hrcirik and Marcus Davis who finished 1x4.

In the title game against Wichita Falls again, Iowa Park was unable to pull off the win, falling 13-3. Five hitters finished 1x3 for Iowa Park including Thaman, Williams, Ross, Hrcirik and Marcus Davis. Bichl finished 1x1 with a double in the game.

"I thought we played well throughout the tournament," said Thomas Ross. "Our kids did a great job representing Iowa Park. They not only played well, they were good sports. I don't think the scores reflected how well we played, especially against Wichita Falls. We were not outclassed at all. They just played better than we did on that day. We hit the ball well the entire tournament, we just didn't come up with the big hit when we really needed it sometimes, that's all. These kids really improved in the two weeks we've been working out and I'm proud of each and every one of them."

The Iowa Park 10-year olds opened the tournament against Electra, winning 15-2. Lytle picked up the win on the mound going three strong innings and was helped at the plate by Thaman who finished the game 3x4, and Ross who finished 2x4. Morton and Hrcirik both finished 1x3 and Williams finished 1x4.

In game two, Iowa Park played Wichita Falls and fell 11-5, sending the Hawks into the Losers Bracket. Leading hitters for Iowa Park included Ross and Thaman who finished 2x4 along with Hrcirik and Marcus Davis who finished 1x3.

Iowa Park rebounded in game three by pounding Electra 18-0 to advance to the Championship game.

The 12-year old All-Stars included Andrew Thaman, Nolan Williams, Dusty Ross, Bryce Hrcirik, Kirk Morton, Marcus Davis, Jared Lytle, Jarred Biehl, Chance York, Josh Miller, Slade Davis and Blake Criswell, were coached by Thomas Ross and Brent Hrcirik.

The Iowa Park 10-year olds included, Blake Beals, Chris Trevino, Brady Rusk, Drew Fuller, Tyler Gann, Sam Raines, Grant Gibson, Curtis Bohannon, David Segovia, Richard Windhorst, Corey Sikes, Blake Whisman, Caleb Clubb and D.J. Moss, were coached by Daryl Bealls, Randy Gibson and Marty McCasland.

The 12-year old All-Stars opened their tournament with a 15-3 win over Sheppard Air Force Base. Leading the hit parade for Iowa Park was Trevino who finished 3x3 at the

Girls' team to play for championship

Iowa Park's 11 and 12 year old Girls All Star softball team is to play at 7 this evening at Sheppard AFB, for the right to advance to the Sectional Tournament.

The team defeated Jack County 25-6 Monday, and Graham 4-3 Tuesday to reach the finals.

Should the team lose this evening, they will get another shot at the title on Friday.

Amanda Bidy relieved starter Ashley Zachary on the mound in the

first game, and Jenny Drury went the distance pitching against Graham.

Others starting for Iowa Park are Sklyer Holliday, Sidnee Lawson, Krystal Byrne, Bethany Dillard, Amanda Hambricht, Mollie Moody, Ali Dreher, Britnece Wilson and Hayli Thompson.

Alternates include Haley Harris, Amanda Westeroff and Erin Higginbotham.

Iowa Park's coaches are Kevin Drury, Kevin Bidy and Jason Young.

Early deadlines next week

Next week's issue of the Leader will be printed a day earlier than usual, and therefore all deadlines will be one day earlier than usual.

The early printing is necessary in order for most of the paper's staff to attend the annual convention of the West Texas Press Association, which will be held in Ruidosa, N.M. Deadline for any display adver-

tising, which requires a border, will be 4 p.m. Monday. Tuesday noon is the deadline for all classified advertising not requiring a border.

Information for stories should be submitted by Monday. After that, it will be accepted and printed as time allows.

Regular deadlines will resume for the July 27 issue.

Mr. and Mrs. Lance Ellie Segers
(Kamela Rae Edwards Miller)

Miller, Segers are wed in ceremony at library

Kamela Rae Edwards Miller and Lance Ellie Segers exchanged nuptial vows June 23 in the ballroom of Tom Burnett Memorial Library.

David Sabine, M. Div., Ph.D. of Wichita Falls First Church of the Nazarene, officiated the double-ring ceremony.

The bride is the daughter of Kenneth and Ruth Edwards of Iowa Park, and the groom is the son of Ellie Segers and Jean Segers, both of Wichita Falls.

White lace, caught up in swags with white and deep burgundy satin bows, framed the orchestra pit where the couple exchanged vows. A 94-panel Japanese Shoji screen, covered with tulle and miniature white lights, served as a backdrop where the bride and groom exchanged their vows.

Flanking the screen were tables covered in white lace and holding 3-branched silver candelabras with burning white tapers. The pillars directly in front of the altar area were covered in an elegant floral fabric.

Potted green plants were placed throughout the room to complete the setting.

Given in marriage by her sons, James and Nathan Miller, the bride wore a formal-length pearl satin ensemble designed with a floor-length skirt and matching fitted jacket-style blouse. The blouse was styled with short sleeves and a rounded neckline with piping. The front of the bodice featured satin covered buttons and embroidered roses across the front.

She carried a bouquet of roses in champagne, burgundy, mauve, yellow and blue, with white lace ribbon accents.

Mrs. Erin Utley of Wichita Falls was matron of honor. She wore a fitted seafoam green satin gown with a formal length skirt and sleeveless bodice. Embroidered flowers graced the gown from the neckline to the hemline.

She carried a single champagne rose, accented with blue and mauve baby's breath and white lace ribbon.

The groom was attired in a black tuxedo with a black cummerbund and bow tie.

Brad Paschal of Lewisville served the groom as best man. He wore a black tuxedo with a hunter green cummerbund and bow tie.

Following the ceremony a reception was held in the ballroom.

The focal point of the reception was the bride's table, covered with

an antique lace tablecloth made by her late paternal grandmother. It held a three-tiered cake with a basket-weave design and blue, yellow and pink flowers.

Kerri Edwards, sister of the bride, and Krista Edwards, niece of the bride, presided at the table.

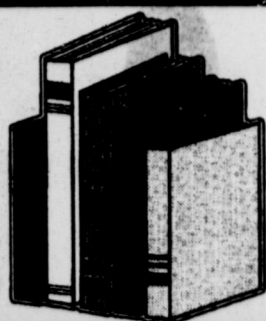

The groom's table, covered in white, held a red velvet cake shaped like an armadillo. A spiral-carved wooden candlestick wrapped in English ivy and holding a burning white pillar candle, completed the table setting.

Presiding at the groom's table were Summer Segers and Tina Wright, sisters of the groom.

Out of town guests for the wedding were Dr. and Mrs. Dan Biggs and family of Ardmore, OK.; Keith Edwards and Krista of Brussels, Belgium; Kevin and Ryan Edwards of Tyler; Mr. and Mrs. Nick Cunningham of Devol, Ok.; and Mr. and Mrs. Brad Paschal of Lewisville.

Following a honeymoon trip to Six Flags Over Texas and Las Vegas, Nv., the couple are at home in Iowa Park.

The bride is a graduate of Iowa Park High School and Southern Nazarene Univ. The bridegroom is a graduate of Rider High School and Midwestern State Univ.

Alsop, Warren wedding vows exchanged

Mrs. David Wayne Warren
(Hayley Ann Alsop)

Hayley Ann Alsop and David Wayne Warren were married June 10 at the First Baptist Church in Iowa Park, with Greg Sipe, youth minister of Lamar Baptist Church in Wichita Falls, officiating.

The bride's parents are Boyd and Cindy Goldman of Garland and Randy and Denise Alsop of Iowa Park. The groom is the son of Joe and Annette Warren of Iowa Park.

Large ferns and four white candelabras decorated the altar area of the sanctuary for the afternoon ceremony.

Todd Alsop, brother of the bride, provided piano music before the ceremony. He played Canon in D while the parents and grandparents were being seated, and accompanied Cody Hufstetler as he sang "I Will Be Here." Eric Elterman, a friend of the bride, played "The Swan" on the viola, accompanied by Todd on the piano.

The bride was presented in marriage by her father, Randy Alsop and step-father, Boyd Goldman. For her entrance, Todd and Stephen Campbell played "Trumpet Voluntary" on trumpets.

For this special day, the bride wore a white two-piece gown, with silver embroidery, designed with a

sleeveless bodice and full skirt with train. To complete her ensemble, she carried an all white bouquet of Casa Blanca lilies, freesia, and stephanotis.

Lori Neville of Garland was maid of honor. She wore a floor-length fitted silver dress, with a sleeveless bodice and front slit in the skirt.

Tiffany Alsop of Iowa Park, the bride's sister, and Dee Warren of Dallas, the groom's sister, were bridesmaids. Miss Alsop wore a floor-length silver dress with a full skirt and spaghetti straps. Miss Warren wore a floor-length fitted silver dress, with a sleeveless bodice and a side slit on the skirt. The female attendants each carried a smaller version of the bride's bouquet.

Ken Schell of Lawton, Okla., served as the groom's best man. John Padgett and Don McIlroy, both of Iowa Park, were groomsmen.

A reception was held in the Family Center of the church. The table holding the three-tiered bride's cake was covered with a white cloth and decorated with silver appointments. The groom's table, covered in white, was decorated in a fishing theme. It held two cakes - one in the shape of a fish, and one decorated with choco-

late-covered strawberries.

Members of the houseparty included Jodie Burenheide, Julie Samples, Nickie Harrison, Lychelle McIlroy, Kathy Monday, and Shellye Hughes.

Nickie Harrison presided over the white and silver plaid registry book, and Collin Alsop presented wedding programs to the guests.

The bride is a 1996 graduate of Garland High School, and received a degree from the University of North Texas last May. The groom is a 1994 graduate of Iowa Park High School, graduated Midwestern State University in 1998, and is currently attending the Southwest Baptist Theological Seminary.

Still wearing their wedding attire, the newlyweds left the church in a light pink convertible hot rod.

Following a wedding trip to Lake City, Colo. the couple will live in Fort Worth.

Special wedding guests were Jimmy and Shirley Alsop of Iowa Park, Harold and Ann Smith of San Angelo, Carl Ray and Mary Gambil of Mangum, Okla., and H.B. and Madge Warren of Mesquite.

Skinner wins in golf

Alexandria Skinner, age 6, daughter of Lewis and Kristy Skinner of Iowa Park, competed Friday in the Texas - Oklahoma Pee Wee Golf Tournament held at the River Creek Golf Course.

As I See It...

By Bob Hamilton

One of the most common problems of our society today involves juvenile delinquency.

Yes, we have it right here in the "Town of Friendly Living", but it's not as common as we read about in the daily newspapers.

To be honest with you, I don't recall having ever heard the term until I was grown and married. Frankly, I can't put a date on that first awareness.

Trying to analyze the subject and its development, I think I have narrowed down the major causes to two things: households with both parents working, and the federal government's labor laws.

Obviously there can be many more causes, but those are the two that I believe are the main causes.

There was never a problem between the youths and law when I was a youngster. My memory just plainly has no recollection of any such a thing.

Very few families had both the mother and father working. It was usually just the father, and mothers were home when the kids got out of school in the afternoons and during summers.

The worst thing kids did back in my day was to go out on summer nights and "steal" cherries off trees. I never heard of being involved in gang activities like we hear about today, and certainly have no recollection of any youth having ever been picked up by the police for breaking some law.

In trying to analyze that situation, I can only think that the reason was we were all so busy working, trying to earn enough money to pay our way to the picture show on Saturday, or to buy things we wanted but our parents didn't want to pay for.

There was no law regarding age, working conditions or minimum wage.

It was not unusual for me to approach someone and ask if they would allow me to mow their lawn, chop weeds in a nearby vacant alley, or something like that.

For such a project, I would gladly accept a quarter, even if it required using my own push-type mower and required two to three hours.

And I was happy to be allowed to pull cotton bolls during season. The pay was, as I recall, \$1 to fill a 100-pound sack, and that was about my capacity in a full day.

I had experience, both after

school, on weekends, and during the summers, as working at a soda fountain, taking tickets and making popcorn at the town's only theater, shining shoes, and others.

For every project, I felt I was fortunate to be hired, and appreciated the opportunity.

No, I don't recall any job I had that might have involved physical danger, being over-worked, or taken advantage of.

To me, it was all opportunity to earn the money I wanted to spend. And today, I'm thankful that the federal government hadn't gotten involved with its labor and wage laws.

Otherwise, I might have become a juvenile delinquent.

WORTH QUOTING

Some of the joys of womanhood

* Blessed are those who hunger and thirst, for they are sticking to their diets.

* Life is an endless struggle full of frustrations and challenges, but eventually you find a hairstylist you like.

* Perhaps you know why women over 50 don't have babies: They would put them down somewhere and forget where they left them. (By the way, has anyone found a set of keys?)

* One of the life's mysteries is how a two pound box of candy can make a woman gain five pounds.

* It's frustrating when you know all the answers, but nobody bothers to ask you the questions.

plate. Beals and Gibson each finished 2x3 with each pounding a home run. Rusk and Fuller each finished 2x2.

In game two, Iowa Park squared off against Wichita Falls in a pitcher's duel. Beals took the mound for Iowa Park and was nearly perfect, allowing only two hits in the game, throwing only 63 pitches and striking out 11. He faced only two batters over the minimum for the game. The only problem was the two hits were solo home runs which gave Wichita Falls a 2-0 win. Iowa Park which was led by Trevino and Bohannon who finished 2x3, stranded seven base runners in the game.

"That was a great game," said Daryl Beals. "We had our chances to win the game, we just couldn't come up with the key hit when we needed it. Blake pitched a great game and so did their pitcher. Their pitcher threw 127 pitches and our kids did a good job against him, we just didn't make it happen when we had our chances."

In game three, Iowa Park ripped Electra 11-0 to set up the re-match with Wichita Falls in the Championship game. Trevino picked up the win for Iowa Park striking out eight in four innings of work. At the plate Trevino, Rusk, Beals and Fuller all finished 2x3.

In the Title game, Wichita Falls eliminated Iowa Park with a 10-0 win in a game that was nowhere as lopsided as the score indicated.

You would think in a 10-0 win that Wichita Falls completely dominated Iowa Park, but that was not the case.

Against Wichita Falls' best pitcher, Iowa Park struck out only three times the entire game and despite coming up with only two hits, several balls were hit hard, they were just right at the fielders. Rains and Beals picked up the two hits for Iowa Park.

"I thought our kids did a great job the entire tournament," Beals said. "We played error-free baseball for the first three games and made only two errors in the last game, and anytime you can play four games at this level and make only two errors you've played very well and our kids did. We hit the ball well throughout the tournament, we just didn't come up with the big hit when we needed it and that's what made the difference. But that's baseball. I was very proud of all our kids. I thought everyone played well and contributed to the team's success. Wichita Falls has a good team. We've got nothing to hold our heads down about."

Letters to Editor policy explained

The Leader receives numerous letters which cannot, for one reason or another, be published.

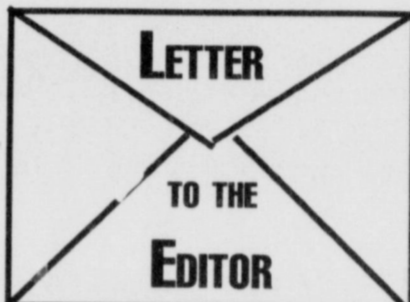

Letters will not be printed unless they are signed. A typed name will not do. And, for the sake of verification, the writer's telephone should be included.

Should the writer not wish his/her name printed, it will be omitted upon request. However, the letter will be kept on file to be read upon request.

Letters also must be free of libel. If not, they will not be published, because we will not edit the content of any letter.

In letters supporting political candidates or issues, the Leader reserves the right to limit their lengths.

We encourage your Letters to the Editor, and offer the paper space as your forum for discussions of ideas and observations.

Coming to reunion

Dear Mr. Hamilton:

I am trying to plan my vacation to be at the time that Iowa Park High School has its Homecoming and the town has its Whoop-ti-do. I need to know the date of this event. Could you either write me, or put it in your column? Someone told me that it was to be in September instead of October like it usually is. I would appreciate knowing these dates.

I subscribe to your paper and enjoy getting my home town news. I graduated from Iowa Park in 1954 and own property and pay Iowa Park taxes. My Mom and Dad are both buried at Iowa Park, so I still consider it to be "My Home Town".

Thanks

Response: My understanding it that this year's homecoming will be on Sept. 22. Thanks for asking, and drop by and visit while here.

WHAT DOES GOD SAY?

By Ross Saunders

About Ministers? "Minister" occurs many times in the New Testament and is used in different ways. It is used to refer to a service rendered (Matthew 20:28; Romans 15:25). It is a term also applied to the one who serves (Ephesians 3:7; Colossians 1:7; 1 Timothy 4:6). In this sense, the word *diakonos* is used and means "to execute the commands of another" (Thayer's Greek-English Lexicon, page 138). In Romans 15:16, Paul calls himself the minister of Jesus Christ. In 1 Timothy, the Holy Spirit urges Timothy to be "a good minister of Jesus Christ."

Peter elaborates upon this responsibility. "If any man speak, let him speak as the oracles of God; if any man minister, let him do it as of the ability which God giveth: that God in all things may be glorified through Jesus Christ, to whom be praise and dominion for ever and ever. Amen" (1 Peter 4:11). The ministers of the New Testament were limited to what God authorized through His Son, Jesus. "As I besought thee to abide still at Ephesus, when I went into Macedonia, that thou mightest charge some that they teach no other doctrine" (1 Timothy 1:3). The Holy Spirit condemns "any other thing that is contrary to sound doctrine" (1 Timothy 1:8-11). "Sound doctrine" is the tool the Holy Spirit has given ministers to "exhort and to convince the gainsayers" (those who speak against or contradict, Titus 1:9). To be sound (hugaino) is to be "free from any mixture of error."

"For the time will come when they will not endure sound doctrine; but after their own lusts shall they heap to themselves teachers, having itching ears;" (2 Timothy 4:3). That time came quickly, within the first century (2 Thessalonians 2:3-12), and it is no less true today. John wrote, "Beloved, believe not every spirit, but try the spirits whether they are of God: because many false prophets are gone out into the world" (1 John 4:1). How many times have you known a minister to skirt an issue or simply fail to uphold a truth because it was, or is, unpopular to do so? How many have profaned their calling by immoral conduct and poor example of righteousness? We are all aware of this, and yet we pass it off as "being human," which does not address the passages above. Are ministers today held accountable for fulfilling the above passages by the Holy Spirit?

Why are not ministers held accountable? First, it is possible many do not believe the passages. Second might be simple weakness, avoiding being the "bad guy." Third, many do not believe in the plenary, verbal (complete, word for word) inspiration of the Scriptures. It is evident that many agnostics fill pulpits and chair religious department of leading Universities and Seminaries. Fourth, the spirit of relativity has all but obscured the meaning of "sound doctrine" and God's definition of "good" is no longer accepted in the minds of many. Read 2 Timothy 2:15; 2 Thessalonians 2:11-12.

Child care training grants available

The Texas Workforce Commission (TWC) is granting awards to eligible child care workers as part of the Train Our Teachers (TOT) program.

The \$1,000 awards will be given to approximately 1,000 child care workers enrolling in fall sessions. Recipients must be working toward

national certification as a Child Development Associate (CDA) or Child Care Professional (CCP), or seeking a Level One Certificate or an associate's degree in child development or early childhood education from an institution of higher education.

"Train Our Teachers is valuable

to both the child care professionals and the young children they serve," said TWC Chair Diane Ruth. "This award not only enhances the skills of child care staff, it also enables youngsters to thrive and grow under the tutelage of highly trained teachers."

Applicants must have a high school diploma or a GED and must currently be employed in a child care facility that is licensed by or registered with the Texas Department of Protective and Regulatory Services (TDPRS) or that is alternatively accredited by an accrediting entity approved by TDPRS. Applicants also must obtain one of the aforementioned credentials, and, immediately after completion of award - sub-

dized course work, must continue employment for at least 18 consecutive months in a facility that is licensed by or registered with TDPRS or that is alternatively accredited.

Applications and guidelines for the 2000 fall sessions were available Monday, on the TWC Website www.twc.state.tx.us under Education / Training Opportunities. They are also available at Texas WorkForce Centers and community colleges with approved programs. Completed applications and supporting documents must be mailed to the TWC address on the application and postmarked by July 31. Applications postmarked after that date will not be considered.

Prospective applicants may call (512)936-3137 for more information.

House Vote to Repeal Spanish American War Tax On Our Phone Bills is Long Overdue

It may surprise you to know that a tax is added onto your phone bill each month to pay for a war fought and won more than 100 years ago. The Spanish American War was over in 1898, but American telephone customers are still footing the bill.

The federal telephone excise tax was first imposed 102 years ago as a temporary luxury tax on 1,356 households in America that were prosperous enough to own a phone. The money generated was used to help pay for the war.

This temporary tax was never taken away, and in 1990 it became a permanent 3 percent tax on some communication services. The tax affects both local and long-distance telephone service, as well as wireless communication.

The fact that more than 99 million American households now have phones illustrates that communication is no longer a luxury, but a necessity. It's an example of how -- once imposed -- taxes never seem to die in Washington. This past week, the House of Representatives overwhelmingly voted to repeal the telephone excise tax.

Repealing this tax will save Americans around \$5 billion a year by beginning to trim some of the taxes and fees we all see on our phone bill each month. It's long overdue, and something that's just common sense.

After all, we won the Spanish American War. But there's no reason we should still be paying for that victory today.

Reading tips, picks compiled by editors

Summer is the perfect time to help children get into the habit of reading books for the Love of Reading.

Scholastic, the global children's publishing and media company is stirring up the summer heat with reading motivational tips and top summer book selections, for children to read leisurely by the pool, every night before bedtime, on the beach or on the bus to camp.

Compiled by Scholastic editors and reading specialists, the "Summer Reading" list includes suggested top books for children to read or for adults to read aloud this summer.

Scholastic's Summer Reading Tips: **Set up a Summer Book Club and Book Party** - Arrange a book club with your children's friends from camp or school. Each week the kids can meet to talk about their favorite books, share their favorite chapters and characters and do fun activities around the book of the month. They can even write a new ending to their favorite bag book. Kick-off the club with a book party and invite everyone to come as their favorite character.

Take Family Trips to the Local Library or Bookstore - Allow children to select their own age appropriate books that interest them. Parents should keep a list of the child's favorite authors and book categories and point them out in the bookstore or library. Also, find out about special summer reading offered at the local library.

Have Reading Camp-outs - Hold family reading time outside for a summer reading camp-out invite neighbors and friends to join. Set up a tent and have a summer reading camp-out at night with a flashlight.

Read About New Places - If you have any summer vacations planned, encourage your children to read books about the destination point. If you can't get away, children can read books about places they would like to visit.

Create Themes and Categories of Books - Create themes and categories of books related to summertime for the children to read. Make each week a new theme week. Select categories of books with your child. Books from a series, books on sports and books about animals, etc. Keep a card catalog with your child's favorite books from the summer and his or her reviews of each book.

ATTEND CHURCH SUNDAY

Know your local fireman

By Sherrie Williams

One of the main reasons the Iowa Park Firemen say they join the department is wanting to help people in the community. Patrick Moulton says that is the reason he joined the department in October 1999.

He is employed at the James V. Allred as a correctional officer where he works four days and off four days.

He spends most of his four days off close to Iowa Park so he will be available to answer calls. "If I have errands to run on my days off I get them taken care of and get back to Iowa Park," Moulton said. He says at times he has cut his running short or gotten just out of town and turned around to get back because a call come in. "Your plans can change real quick," says Moulton. Sometimes they might get in from a call just in time to go to work.

Moulton explained the firemen and EMT's carry a pager with them and when the police dispatcher receives a call for help the dispatcher tones and gives a brief description of the reason for the tone and location.

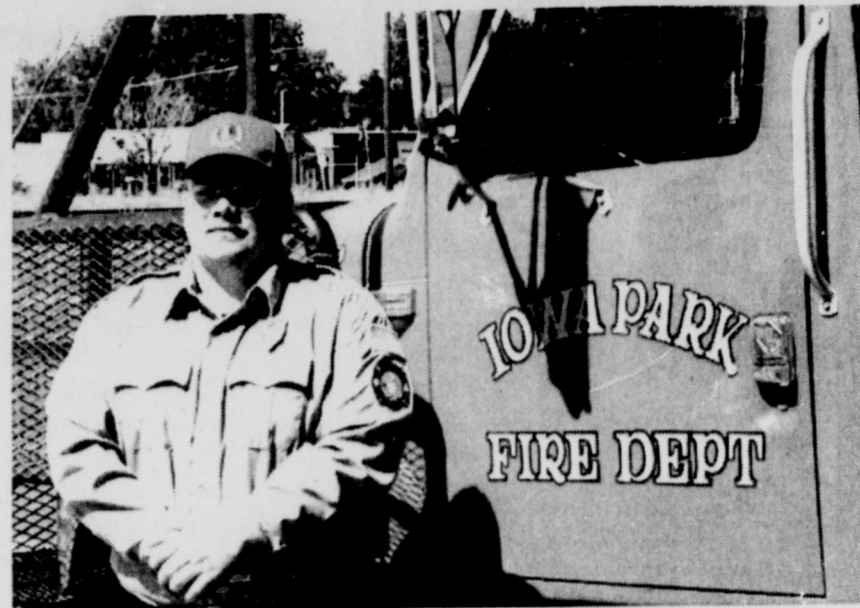

The fire chief or assistant chief is almost always on the scene when the firemen and EMTs get to the scene. They scope out the situation and when the firemen arrive the chief or assistant already has a plan as to how and what needs to be done.

Firemen respond to EMT calls to assist the EMTs. The firemen carry the equipment in for the EMTs so they can get right to the patient.

Moulton says often the firemen know what the EMT needs by watching what they are doing. It is team work. This allows the EMT to stay right with the patient.

Firemen or EMTs who don't make the truck (get to the station after the truck rolls) will stay at the station in case the other crew needs back up or additional supplies on the scene. They also stay until the medical truck or fire truck returns so they can help clean up and restock the truck and/or van.

Each call that comes in is different. It might be the same type call as the one before but each call has a

PATRICK MOULTON

different scenario. Each call effects the firemen and EMTs differently. One thing that might effect the way firemen and react is the reaction of the patients family.

Often the firemen try to calm the families as the EMTs take care of the patient.

Moulton says if a fireman or EMT needs someone to talk with after a call they always have the chief and other veteran firemen. They are encouraged to talk and not hold it in.

Fires, accidents and illness doesn't take off on holidays and neither does the responders.

Often if they expect a lot of calls they will hang-out at the station. July 4th being one of their busier days for grass fires the firemen and their families have a cook-out and picnic at the southside fire station.

They are also at the station ev-

ery Tuesday evening for meeting training or what else might need to be done.

"We don't just come up here when there is a call," Moulton said.

Moulton says the members of the firedepartment and their families are just one big family.

When they answer a call they are all business but other times they have great fun together. Moulton says he enjoys being part of the firemen family and they all get along. The fire station is like a second home Moulton stated.

Moulton said, "you get out of it what you put in it. If you put 100% you get 100%. If you just show up once in a while you want get much out of it." He added he gets a lot of satisfaction out of what he does with the fire department.

Agnes Roessler Jacobi
1905 - 2000

Agnes Roessler Jacobi, 94, died Saturday, July 8, in Iowa Park.

Graveside services were Tuesday in Sacred Heart Catholic Cemetery with Father Aidan Donlon of Wichita Falls officiating. Arrangements were under the direction of Dutton Funeral Home.

Mrs. Jacobi was born Dec. 28, 1905 in Apache, Ok. She was a member of the Holy Family of Nazareth Catholic Church Altar Society in Vernon and was a homemaker. She had been a resident of Iowa Park six months.

She was preceded in death by her husband, Alphonse (Jake) in 1966 and a son, David.

Survivors include a son, Jake of Iowa Park; two sisters, Minnie Flusche of Austin and Justine Decaner of San Antonio; three grandchildren; and six great-grandchildren.

Memorials may be made to Holy Family of Nazareth Catholic Church, 2200 Roberts St. Vernon, Tx. 76384.

The power of a Grandpa.

Children have a very special relationship with Grandma and Grandpa. That's why grandparents can be such powerful allies in helping keep a kid off drugs. Grandparents are cool. Relaxed. They're not on the firing line every day. Some days a kid hates his folks. He never hates his grandparents. Grandparents ask direct, point-blank, embarrassing questions parents are too nervous to ask:

- "Who's the girl?"
 - "How come you're doing poorly in history?"
 - "Why are your eyes always red?"
 - "Did you go to the doctor? What did he say?"
- The same kid who cons his parents is ashamed to lie to Grandpa. Without betraying their trust, a loving, understanding grandparent can discuss the danger of drugs openly with the children he adores. And should.
- The average age of first-time

drug use among teens is 13. Some kids start at 9.

- Roughly 15% of American kids between 9 and 12 are offered illegal drugs. And 30% of these kids receive the offer from a friend.
- Illegal drugs can be linked to increased violence in many communities, to AIDS, to birth defects, drug-related crime, and homelessness.

As a grandparent, you hold a special place in the hearts and minds of your grandchildren. Share your knowledge, your love, your faith in them. Use your power as an influencer to steer your grandchildren away from drugs.

If you don't have the words, we do. We'll send you information on how to talk to your grandkids about drugs. Just ask for your free copy of "A Parent's Guide to Prevention." Call 1-877-4EDPUBS. Grandma, Grandpa. Talk to your grandkids. You don't realize the power you have to save them.

COOK of the WEEK

Paula Brogdon

This week we are featuring the recipes of Paula Brogdon, an instructional aide at Texoma Alternative Education Center.

Paula is a lady with many talents and interests, and her positive personality and genuine interest in other people is obvious when you first meet her.

Paula grew up in Wichita Falls, where she attended Hirschi High School. After completing beauty school, she worked 23 and a half years for her mother, who owned Hair Masters in Wichita Falls, and as a single mom, raised her son Dusty.

In 1989, she married Terry Brogdon and moved to their home near Iowa Park. In 1990, she got her instructors license in cosmetology and has taught manicure classes at Vernon Regional Junior College. At times, she has also helped out in the cosmetology classes at Iowa Park High School.

For the last few years Paula has been taking courses at VRJC and Wayland Baptist University. Her goal was to get a degree before she was 50 years old. "I just missed it a little bit," she said. Next month, Paula will receive a degree in Vocational Education from Wayland Baptist University.

This fall, Paula will begin her third year at the alternative education center. She said she loves her work there, and speaks highly of her co-workers and the center's director, Rosie Flanigan. She said that Mrs. Flanigan's support and encouragement were a tremendous help while she was working toward a degree.

Paula's hobbies include sewing and crafts. Her husband likes to trap shoot, hunt and fish. They travel around the country to attend trap shooting events, and Paula said she has made many good friends at these gatherings.

She doesn't hunt, but Paula likes to go with Terry and sit in the deer blind and watch the deer.

While she doesn't hunt game, Paula said she will cook anything

Terry brings home, as long as he cleans it. She uses venison in most of her meat recipes including meat loaf. She pointed out that the meat is so lean, sometimes she has to add a small amount of oil to it.

Many of Paula's recipes are those she got from friends. Two recipes we are using this week were given to her by the late Gayla Daugherty.

Gayla's Mexican Cheesecake

- 2 tps. chicken-flavored instant bouillon
- 1/2 cup hot water
- 8-8 oz. pkgs. cream cheese, softened
- 1 1/2 tsp. chili powder
- 1/2 to 1 tsp. hot pepper sauce
- 2 eggs
- 1 cup finely chopped cooked chicken
- 1 - 4 oz. can chopped green chilies, drained
- 1 small can sliced ripe olives, drained
- 1 small container of sour cream
- 1 large bag tortilla chips
- 1 container avocado dip
- Chopped lettuce
- Chopped tomatoes
- Salsa of your choice
- 1 cup shredded Cheddar cheese

Dissolve bouillon in hot water; set aside. In a large mixing bowl, beat cream cheese, chili powder, and hot pepper sauce until smooth. Add eggs;

mix well; add bouillon liquid and beat until smooth. Stir in chicken, ripe olives and green chilies.

Spray a 9-inch spring-form pan with Pam cooking spray.

Pour mixture into pan and bake at 325 degrees approximately 30 minutes. Carefully run a knife blade around the edge of the pan to loosen.

Serve warm or cold. Garnish with sour cream, salsa, green onions, chopped lettuce, shredded cheese, tomatoes, avocado dip and tortilla chips.

Jackie Grace's Hot Rolls

Jackie always made these for her family get togethers in the summer at P.K. Lake.

- 1 egg, beaten
- 1/4 cup sugar
- 1 tsp. salt
- 3 Tbsps. oil
- 1 pkg. yeast, dissolved in 1/4 cup warm water
- 3/4 cup lukewarm milk
- 2 3/4 cup flour
- 1 stick melted butter

Mix in the order given. Set aside (covered), let rise 1 hour. Roll out on floured wax paper. Flour slightly on top and bottom. Cut out with round cutter and dip both sides in melted butter. Fold over and place in lightly buttered pan. Cover pan with a tea towel and let the rolls rise 1 hour. Bake in a 400 degree pre-heated oven for 12 minutes. Makes about 30 rolls.

Clay's Sorbet

- 1 cup water
 - 1/4 cup sugar
 - 1 pkg. frozen fruit
- Using a blender, puree this mixture.

Whip 2 egg whites to stiff peaks, fold into fruit mixture.

Freeze. When ready to eat briefly blend till creamy smooth. (This is great to use in the small ice cream freezers that fit into the frozen section of your refrigerator.)

Nutmeg Sauce

- 1 egg yolk
- 1 cup milk
- 1/2 cup sugar

Mix ingredients well, using a wire whisk. Heat mixture in a double boiler and bring to a boil, stirring constantly. Reduce heat, simmer 1 minute. Stir in 1/2 teaspoon nutmeg. Serve over warm apple pie slices.

Gayla's Poppy Seed Cake

- 1 pkg. Duncan Hines Butter cake mix
- 1/2 cup sugar
- 3/4 cup cooking oil
- 8 oz. sour cream
- 1/4 cup poppy seeds
- 4 eggs

Preheat oven to 325 degrees. Grease and lightly sugar bundt pan (we're using sugar instead of flour)

Mix sugar, oil and sour cream. Add cake mix and 1 egg at a time. Mix well after each egg. Stir in poppy seeds. Pour mixture into bundt pan and bake 1 hour.

Kay Perkin's Fruit Pizza

- 1 pkg. slice and bake sugar cookies
- 1 - 8 oz. pkg. cream cheese
- 1/2 cup sugar
- 1 tsp. vanilla
- 1/2 cup preserves (your choice of flavor)

Fresh strawberries, bananas, kiwi fruit
Slice sugar cookies into 1/4 inch slices, cover pizza pan with the cookie dough. Bake according to package directions. Let cool.

Mix softened cream cheese, sugar and vanilla. Spread over the cookie crust. Arrange fruit on top of the cream cheese mixture beginning with one strawberry in the center. Circle strawberries with sliced bananas; circle bananas with kiwi and finally a circle of sliced strawberries. Make as many circles as necessary or create your own design. Mix preserves with 3 tablespoons of water and drizzle over the top of the pizza. This is very rich but delicious! The preserve drizzle is optional.
