Baptist Women Go All Out for Annual Banquet Honoring Seniors

By Mrs. Homer Blalock
Melodies of Spring was the appropriate theme for the annual banquet honoring the high school seniors and faculty members given by the Woman's Missionary Union of the First Baptist church Tuesday evening.

As education chairman, Mrs. Homer Blalock acted as general chairman of arrangements. Other chairmen included Mrs. Taylor George, decorations; Mrs. O. E. Lochridge, programs; Mrs. Bonnie Hudson, kitchen; Mrs. Sam Hill, menu; Mrs. J. C. Thomas, serving.

Decorations in the church basement where the banquet was held suggested the ever-recurring spring time when flowers appear on the earth and the songs of birds are heard. Glittering pink and blue birds, some large, some small, were much in evidence. Large birds were suspended above the tables in flying position. Smaller ones rested on the tables to provide mint containers. A supplementary Gay Nineties theme was featured in striking silhouettes down the center of the long tables. That theme was also noted in the carriage shaped programs slit on the front covers to reveal a couple seated on a love seat listening to melodies of spring provided by an old fashioned phonograph.

Spring showers were suggested in the miniature pink and blue umbrellas on the place cards and the profusion of colorful flowers throughout the banquet hall. Guests were greeted upon arrival by Mrs. Lochridge, hospitality chairman. Others in the receiving line were Rev. and Mrs. Homer Thompson, Mr. and Mrs. R. R. Brubaker and Mrs. Dorothy Thompson, who displayed and distributed literature from the nine Texas Baptist colleges and universities.

Mrs. R. A. Tanner furnished delightful organ music while guests assembled in the auditorium. In the basement C. L. Vaughn directed the group in a song solo to precede the invocation by Mr. Thompson. Tim Hughes was the clever and efficient toastmaster for the occasion. Welcome greetings were extended by Mrs. Brubaker, WMU president. Response was made by Pres. David Sewell of the senior class. Supt. Keith Swim introduced the faculty members. Prin. James E. Elms presented the seniors as they passed under a large greenery-covered flower-studded arch captioned "Melodies of Spring" in large gold letters.

Featured entertainers of the evening were Mrs. Walter Lacy, violinist, and Mrs. Joe Bob Tyler, vocalist, accordionist and reader, both of Burk Burnett. Their numbers were well received by students and adults alike. Rev. W. B. Billingsley, pastor of Lamar Baptist church of Wichita Falls, was the after dinner speaker. The subject of his address was especially apropos for the graduating class: "Choosing the Best in Life."

R. R. Brubaker offered the benediction. Young ladies who served the delectable meal were Carol Thomas, Twyla Hurt, Bettie Stewart, Kay Quick, Nancy Smith, Kay Scott, Margaret Schwaibe, Josette Hensley, Jo Ann and Rebecca Calloway, Edna Holloway, Wanda Darnell, Oleta Williams, Mary Lynn Verble, Sheri Rogers.

Guests were greeted upon arrival by Mrs. Lochridge, hospitality chairman. Others in the receiving line were Rev. and Mrs. Homer Thompson, Mr. and Mrs. R. R. Brubaker and Mrs. Dorothy Thompson, who displayed and distributed literature from the nine Texas Baptist colleges and universities.

Men of the citywide Brotherhood will hold their regular 5th Monday meeting at the First Baptist church next Monday night at 7:30. A barbecue supper is being prepared by the Baptist men under supervision of Elvy Sargent.

L. E. Brooks will provide the program. He will show slides of his recent trip to Mexico as a church layman. These pictures will show the work of the various churches and will be of interest to all. Rollins Woodall, president, will conduct the business period. All men of Iowa Park and vicinity are invited to attend.

Twenty-three Study club closed activities of the current year on Thursday with a covered dish luncheon held in the home of Mrs. L. E. Brooks.

Spring flowers were used in the party rooms. Club members and guests were privileged to tour the iris garden where many beautiful varieties are blooming.

Proceeding the meal Mr. Brooks gave the invocation. In the absence of Mrs. O. E. Lochridge, president, business was conducted by Mrs. W. C. Albright, vice-president.

Awards and certificates won by the club at district convention held recently at Weatherford, were presented by the secretary, Mrs. Earle Denny.

First place was won by the Home department with Mrs. Homer Blalock as chairman and Mesdames C. L. Metz and T. M. Thaxton as members.

First place was also won by the Citizenship division of the Public Affairs department with Mesdames Sam Hill, Earle Denny and Taylor George forming the committee.

RACINE, WIS. — The lawn mowing season is just around the corner for most sections of the country and an authority comes forward today with some timely tips that will assure users satisfactory performance from their power mowers, particularly during the early, heavy-cutting Spring season.

If power mower operators will only follow these simple rules they will reap dividends in more attractive lawns and better performing equipment, according to Roy E. Paur, service manager of the Jacobsen Manufacturing Company, Racine, Wis., producers of power lawn mowers.

Dirt and dust accumulated during the Winter should be removed from the mower and engine.

The oil bath air filter on the carburetor should be cleaned and refilled to avoid ring, piston and connecting rod wear. Remove and clean, or replace, the spark plug and set the electrode gap to the width recommended in the instruction booklet. (Picture #1)

TELEPHONE TALK
by Norman S. Stuckey, Manager

Telephone Growth Boosts Prosperity

Here are some facts about what's behind your telephone, what it takes to meet the needs of people all over Texas for telephone service.

Last year Southwestern Bell spent \$91 million on new construction and \$150 million for day-to-day expenses in Texas. In one way or another, nearly everyone in Texas benefited from this expenditure to keep your service going — and growing.

One result, we hope, was the best telephone service you've ever enjoyed. Another result, we are sure, was a healthy boost to the prosperity of the entire state.

For example, \$104 million (one of the state's largest business payrolls) went into the pockets of 26,000 Texans who work for the telephone company. And most of this was spent in communities like ours for all the many goods and services which local merchants and businessmen provide.

How Others Benefited From Telephone Activity

Another \$1,500,000 went to Texas service stations and garages to help keep the company's fleet of 3,529 trucks and automobiles rolling. This included the cost of 2,919,880 gallons of gasoline, as well as tires, accessories, repair parts and \$500,000 in direct labor costs.

Three hundred twenty-six Texas automobile dealers profited from the sale of 589 new trucks and 110 new automobiles to the company.

Those in the building industry were paid \$7,500,000 for their work on new buildings, additions, and major improvements. New building activity alone involved 254 different contractors directly and provided enough work to keep 4,500 skilled carpenters, bricklayers, plumbers, electricians, and other craftsmen busy full time for a year.

In addition, we paid \$4,665,000 to independent contractors for jobs ranging from tree trimming to laying underground cable conduit.

Another \$2,618,000 went to local suppliers of office furniture and fixtures, printing, office supplies, and the hundreds of sundry items to carry on our business. And \$840,000 additional went to local people and firms outside the company for building maintenance and odd jobs, ranging from window washing to trash handling.

'56 Construction to Break All Records

This year's construction program will add up to \$106 million, the largest in our history.

Many long months of planning and engineering have gone into this 1956 program. It is based on the company's faith that the Texas communities we serve will continue to grow and prosper — and on our ability to attract more, new investment dollars from outside the business.

To meet your needs for more and more telephone service, we must depend on finding people in all parts of the country who are willing to invest their savings in our business.

So, you see, one of the very important factors of good telephone service is the faith of investors that their savings can earn a safe and reasonable return in the telephone business. Another is the public's faith in us as one of the state's most necessary citizens, an important contribution to continuing prosperity.

CHIROPRACTIC FOR HEADACHE

"DRIVING THROUGH THE YEARS"

The story of the Motor Car

CAR VALUES - YESTERDAY AND TODAY

The automobile is one of the "best buys for your money" more so today than ever before

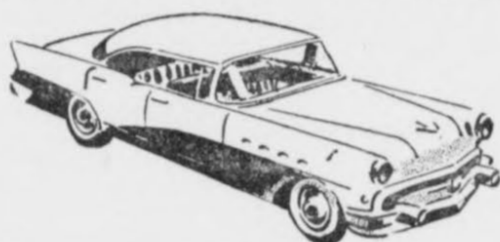

Back in 1925, a car was expected to last 6½ years, and reach a mileage of about 25,000 miles. In 1953, a car would last 13½ years, run 122,000 miles.

The same car in 1915 took 4,260 hours of work to buy. In 1955 the average worker needs work only 1,300 hours to accumulate enough earnings for a car.

In 1915, a car could seat two people up front, and three as a tight fit in the back seat; today, three people sit comfortably in any seat, have a glorious panoramic view through wrap-around windshield and clear sides of a four-door RIVIERA like the BUICK shown.

T. M. Clark, cancer crusade director, reports Iowa Park has done it again. Over \$1,000 was contributed in the recent drive. People of Our Town, Valley View and the surrounding area came forward with their checks, and are reminded not to forget the check-up.

Mrs. Dan Muenster, executive secretary of Wichita county unit of American Cancer Society, said each year Iowa Park contributes more per capita than any other area in the county.

Doc Tommy wishes to express his appreciation for the many block workers, the ESA and others who made the campaign a success.

Mrs. Lula Morgan of Dallas has been visiting relatives here the past two weeks.

Mrs. Travis Fore jr. of Wichita Falls attended the bride as matron of honor; bridesmaids were Mrs. Jerry Cope and Miss Mary Johnston, both of Wichita Falls. They wore yellow organdy over taffeta. The attendants' dresses were fashioned with fitted bodices with scoop necklines, wide cummerbunds, and bouffant skirts. Tom Huckaby of Norman, Okla., was John's best man.

The bride, given in marriage by her brother Billy Don Starnes of Petrolia, wore a gown of white chantilly lace over nylon taffeta which featured a bouffant waltz-length skirt and closely fitted bodice. Her veil of imported tulle illusion extended to fingertip length from a lace hat ornamented with rhinestones and seed pearls. She carried an orchid nestled in stephanotis florets atop a white Bible.

Junior News

Most Jrs are anxiously waiting for the trip to Craterville. Date is May 11. We plan to leave that morning and return late the same day.

Last Wednesday the Jrs voted for their Sr rings. Carol, Coleta, Donald, Gerald and Douglas were on the committee to narrow the field. The rings are plain, but most are satisfied.

Glen Wester won first in typing at Denton in the regional contest last week. Gle will leave next week to compete at Austin. Congratulations, Glen. I understand there was plenty competition.

Josette Hensley was on the debate team which received third at Denton.

Harvey Klinker pitched an excellent game against Electra, Tuesday, as the Hawks won 16-2.

Randall Pierce seems to feel sorry for the junior girls in geometry. Trying to get on the friendly side with them, Potts?

We are pleased to have our regular English teach back with us. There isn't any substitute who can meet the standards of Mrs. Owens.

Four more weeks. See you next week. Keep cool.—Norman.

Essie Caldwell, Roy Johnson Wed in Home Ceremony

In a double-ring ceremony, Miss Essie Caldwell, daughter of Mr. and Mrs. K. P. Caldwell, became the bride of Roy Johnson, son of Mr. and Mrs. Neil Johnson, all of Iowa Park, the evening of Saturday, April 21 at 6:00.

Vows were exchanged at the Caldwell home with Cleo Jones of Wichita Falls officiating. Mr. Jones is a former minister of the Church of Christ here, and performed the wedding ceremony of Mr. and Mrs. Caldwell in Vernon, his first marriage ceremony.

The young couple stood before a white Swedish steel archway entwined with greenery and flanked by baskets of white gladiolas and branched candelabra with burning tall tapers.

A musical background was provided by Boyd Taylor of Wichita Falls, soloist, and by a choral group of young people of the church.

Miss Betty Jo Talley of Odell was maid of honor. She wore a dusty rose street length dress with a boat neckline and fitted torso flaring at the hipline. She carried a crescent bouquet of majestic daisies.

Neil Johnson served as his son's best man.

The bride, given in marriage by her father, was attired in a street length dress of embroidered white cotton satin. The skirt featured a flared hipline with inverted pleats. The bodice was fashioned with a drop shoulder neckline, and the shoulder length veil of illusion was gathered into a halo of seed pearls and orange blossoms.

For sentiment the bride wore the wedding band once owned by the groom's grandmother Mrs. Tilda Johnson. She carried a bouquet of gardenias and stephanotis atop a white satin Bible.

For the reception the bride's colors, yellow and white, were used. The refreshment table was covered with a white lace cloth and centered with an arrangement of white daisies and greenery and white candles in crystal holders.

Mrs. Pat Talley of Odel presided at the crystal punch bowl and Mrs. Cleo Jones of Wichita Falls served the cake.

Only members of the immediate families attended the wedding. The bride chose a black dress-maker suit with white trim for the trip to San Antonio. She wore a white shoulder corsage and complemented the costume with black and white accessories.

She is a 1950 graduate of Odell high school. She completed her education with a course in beauty culture and is manager of Essie's Beauty Shop here. She is also a member of Epsilon Sigma Alpha.

The groom is a 1948 graduate of IPHS where he was active in athletics. He completed a year at Midwestern university before joining his father in farming.

Kitchen Needs Well-Planned Wall Storage

Because cabinets in the kitchen occupy so much wall space, they play a different role in decoration than they do in any other room. Kitchen cabinets are the walls themselves from a decorative point of view.

Laboratory white, popular some years back, now has been banished from the kitchen by what one color stylist calls "spirited and light-hearted" colors.

Cabinets that can be decorated and redecorated, such as the easy-to-paint ponderosa pine cabinets stocked by most local lumber dealers, are preferable to cabinets with built-in color. Wood cabinets offer flexibility for new decorative schemes in the future, as well as an unlimited variety of paint or stain finishes initially.

In terms of efficiency and convenience, according to the University of Illinois Small Homes Council, cabinets should be placed close to the point where the stored articles are first used. Canned foods that require only heat before serving should be stored near the stove. Items used in dishwashing should be stored close to the sink.

Supplies should be stored so it's possible to identify and grasp individual items without emptying a whole shelf. Also, no shelf should be higher than 72 inches from the floor, the maximum reach for the average woman.

The average family of four has about 250 separate items to be stored in the kitchen. This requires about seven lineal feet of upper-wall cabinets and 13 lineal feet of base cabinets.

Traveling Tombstone

Vandals have finally got around to desecrating cemeteries in this area! Police in Wichita Falls are plagued with finding parts of tombstones in various public places.

Recently the police were called to Kemp library where a 24-inch high stone was reclining on the steps. It was a child's grave marker inscribed Claucus, son of Mr. and Mrs. Ed Lee, born Aug. 10, 1896, died May 16, 1907. A small lamb was carved atop the stone.

Dallas Ralston, caretaker of Highland cemetery, read of the stone and recognized the description. The next morning he investigated and found it had been taken from the base.

He went to Wichita Falls and retrieved the stone and has restored it to its proper place.

Friday morning he also discovered two large signs on each side of the cemetery entrance gate that were not fitting.

WORK SAVER

America's efficient homemakers have found that good equipment reduces the work of house cleaning. The adjustable continuous household sprayer, widely used to fight flies, moths, and other household pests, can be a real help at cleaning time. When closets are emptied, a thorough spraying with a good moth spray under baseboards, in cracks and crevices and other harboring spaces will protect against the ravages of moths and beetles. While the clothes are hanging out to air, spray them with moth-proofing material before they are put away for the summer.

The adjustable continuous sprayer, preferably with a glass or rust-resistant container, has many other uses at cleaning time. It can be used to spray warm water to loosen wallpaper for easy removal. It can be used to flush out hard-to-reach areas under shelves, and to apply detergents, soaps or disinfectants. This type of sprayer is best for applying insecticides to carpets, blankets, and upholstered furniture.

For getting rid of ants and roaches, or disinfecting garbage containers, a continuous household sprayer is an efficient tool. Those who have adjustable continuous sprayers find countless other work-saving uses for these versatile tools. National Sprayer & Duster Association points out.

Rogers-Whisenhunt

Miss Laverne Rogers became the bride of Delos Whisenhunt Saturday afternoon, April 21 in a simple wedding ceremony in the home of Rev. and Mrs. Lowry Walker. Mr. Walker, pastor of the Presbyterian church, directed the double ring ceremony.

Laverne is daughter of Mr. and Mrs. M. C. Rogers of Vernon. Delos is son of Mr. and Mrs. B. W. Whisenhunt of Iowa Park.

The mothers of the young couple were the only ones present for the wedding.

The bride was attired in a pink polish cotton street length dress with pink accessories.

She attended Lockett high school where she was a member of the basketball and volleyball teams. At present she is employed with the Park Pharmacy.

Delos is a member of this year's senior class. He was a star football player this year and entered track four years. He plans to continue his education in college next fall.

The newlyweds have established residence in the Banks apartment on North Wall.

Traveling Tombstone

Vandals have finally got around to desecrating cemeteries in this area! Police in Wichita Falls are plagued with finding parts of tombstones in various public places.

Recently the police were called to Kemp library where a 24-inch high stone was reclining on the steps. It was a child's grave marker inscribed Claucus, son of Mr. and Mrs. Ed Lee, born Aug. 10, 1896, died May 16, 1907. A small lamb was carved atop the stone.

Dallas Ralston, caretaker of Highland cemetery, read of the stone and recognized the description. The next morning he investigated and found it had been taken from the base.

He went to Wichita Falls and retrieved the stone and has restored it to its proper place.

Friday morning he also discovered two large signs on each side of the cemetery entrance gate that were not fitting.
