YOUR CHAMBER OF COMMERCE —

RUTH HILL YEARGAN

Most everyone who can read has read that old classic story of the deep south in which the little colored girl, when asked who raised her replied to this effect: "Ah ain't nevah been raised. My mammy borned me and Ah jes' growed."

Now children that just grow, like **Topic**, frequently find themselves face to face with emergencies and problems with which they cannot cope.

Some towns are like that, too. They find themselves born and they just grow, often with little guidance or concern for their future development.

G. C. Hardwick of the Odessa Chamber of Commerce says many of today's municipal headaches have their roots in the unplanned and haphazard way in which towns just grow up.

People of foresight know that planning is as vital to the growth and progressiveness of a town as it is to a business. There must be long vision plans to reap the best results.

WHAT WILL IOWA PARK BE LIKE TOMORROW?

We have a pretty nice picture in our minds of how we would like to have it. A beautiful town with all the desirable features and none of the undesirable ones. But what is best for Iowa Park and what should come first is a question that wiser heads than ours must determine.

In this issue of the HERALD you will see a **PROGRAM OF WORK** form on which you may express your hopes for the progress and development of IOWA PARK.

FILL it in and MAIL it to the Chamber of Commerce and let us build together.

All Work Guaranteed

W. J. Beasley

thiasm dampened none.

Those participating in the trip were: John B. Barbour, Milton E. Taylor, Malcolm Nichols, D. S. Smith, Mrs. "Bud" Black, Charlene Metz, Mrs. J. C. Horn, Rev. Francis E. Barnes, Mrs. Wilson Huckaby, Mrs. C. H. Barker, Ted Overby, Henry Jones, Gene Mixon, Lavern Walters, Mr. and Mrs. Hoy Butcher, and son all of Iowa Park and four members of the Wichita Falls Junior chamber of commerce headed by Bob Little.

Park Area H. D. Club Studies Leather Craft

The Park Area Home Demonstration club met in the farm bureau office with Mrs. L. E. Brooks as hostess. The president Miss LaDell Trimm presided. Plans for the Fair exhibit were made under the direction of exhibit chairman Mrs. C. C. Burrows, Mrs. John Wesley and Mrs. Leroy Fitzhugh. The subject is leather craft.

Nominating committee elected is composed of Mrs. Andy Capehart, Brooks and Gale Lowrance.

Two outstanding members were selected to attend the achievement dinner to be held county wide in October, Miss Trimm in clothing and Mrs. C. B. Smith, home improvement.

Refreshments were served to the Madames Burrows, Wesley, L. R. Trimm, J. L. Barbour, Harry Moore, Capehart, Lowrance, V. I. Woodfin Brooks and Miss Trimm.

SPECIAL NOTICE

On account of space limitations many of the features planned for this special edition were forced to be carried over until next week. The fair will be at its high point when the September 22 issue of the Herald comes out and the publishers expect to have many interesting historical and industrial sketches at that time.

BONDS SALE PLAN TO SAVE \$42,000 FOR WATER USERS

The Wichita County Water Control and Improvement District No. 3 began negotiations this week for the sale of \$200,000 of the district's bonds. Since the district was formed last April the directors have ascertained that the over-all cost of the improvements planned will require only \$300,000.

In checking the bids received this week, the Columbian Securities Corp. and the First of Texas Corp., both of San Antonio, Texas, made the best offer, which the Water District and City Council have accepted. The Columbian Securities and the First of Texas bid on a total of \$315,000 in bonds. However, they made a split bid as follows: \$200,000 of the Water District bonds, and \$115,000 revenue bonds from the City of Iowa Park. The \$115,000 revenue bonds of the city would be used to retire the \$14,000 outstanding city bonds and the balance to build new sewer and water plants.

The Water District will construct a reservoir and pipe line and deliver soft water to the city.

Even though the sale of the bonds will require another election to be held by the city, the total amount will be the same, since the Water District will only issue \$200,000 of the \$350,000 which were originally voted. The above sale will make a saving to the citizens of Iowa Park of more than \$42,000 in interest over the life of the bond issues.

Work would be started during December of this year.

IOWA PARK SPECIAL FAIR BUSES SLATED

Wichita City Lines will run special buses between Wichita Falls and Iowa Park during the Texas-Oklahoma Fair, September 26-October 1.

Starting at 5 p. m. each day, a 32-passenger bus will leave from Seventh and Scott every hour on the hour. One-way fare will be 25 cents.

Religious Display Is Co-operative Venture

Texas-Oklahoma Fair and Southwestern Oil Exposition visitors will be introduced to another new feature when the fair opens Monday. Visitors to the education building booths and exhibits will see an exhibit of church literature, religious art, and hear the best in church hymn recordings and Bible stories.

The six churches of Iowa Park—First Baptist, First Christian, Church of Christ, Church of God, First Methodist and First Presbyterian—are co-sponsoring the booth.

The American Bible Society is also exhibiting the various translations of the Bible, tracts on the Bible, and other Bible features in the same booth.

The Presbyterian church will provide hosts and hostesses on Monday; First Baptist, Tuesday; First Methodist, Wednesday; Church of Christ, Thursday; Church of God, Friday; and First Christian, Saturday.

PTA RECEPTION FOR SMALL NOISY MOB TOURS OKLAHOMA TO BALLYHOO FAIR

An estimated 1000 children will present Monday when the Iowa Park PTA reception honoring the 1000th of the local schools.

Heading the receiving line for the event was Mrs. George Lewis, president of the organization. She had in the line all the members of the Iowa Park education group, several of whom are "Break It" affair gave patron opportunity to meet their children on October 1 and to renew acquaintances with the returned teachers.

Refreshments consisted of iced punch, served with green and white cookies. Guests were given at favors white napkins bearing the greeting, "Welcome, Iowa Park PTA."

Added entertainment was furnished by a group of high school girls who sang several numbers under the leadership of Mrs. D. R. Owens, music director for the high schools. Others responsible for arrangements of the party were Mrs. T. J. Pace, Mrs. L. E. Brooks, Mrs. E. L. Scott, Mrs. Taylor George, Mrs. Miles Thompson, and Mrs. J. C. Beck.

Those who were in the receiving line with Mrs. Lewis were: Supp. and Mrs. W. R. Bradford, Mr. and Mrs. W. E. Weathers, Mr. and Mrs. Rollins Woodall, Miss Ethyle Ross, Miss Dillie Lomax, Mrs. J. C. Beck, Mrs. J. McDonald.

Page Morgan, Mr. and Mrs. M. E. Beene, Mrs. Dorothy Thompson, Miss Alva Worthington, Mrs. Ruth Lucy, Miss Denoma Hunnicutt, Miss Florene Linton, Mrs. Lester Hawkins, Miss Pearl Buckley, Mrs. Francis E. Barnes, Thomas Taylor, and Bill Cook, Mrs. Owens, Mrs. D. O. James, Miss Wilma Jean Neal, Miss Oleta Curlee, Mrs. Louise Ralston, Mrs. Grace Reaves, Mrs. Roy D. Smith and Mrs. Ruth Weiler.

Billy Gene House is enrolled at Arkansas college, Bateville.

CARD OF THANKS

We appreciate the many acts of kindness and words of encouragement received from our friends during the illness of our husband and father. With such love and faith we can all hope for his better health.

The Jim George family.

Texas Games to Be Broadcast

One of the most unusual football broadcast timetables ever to confront listeners comes up this week on Humble Oil and Refining company's weekly broadcasts of South-west Conference games.

There will be but one day game—Texas vs. Temple in Philadelphia—and that game will come to listeners with an early 12:30 p.m. kickoff because of time zone differences.

The remainder of Saturday's six-game schedule, well sprinkled with inter-sectional meetings, is at night. Three strong Southern Conference teams invade Texas with Wake Forest-SMU at Dallas, South Carolina-Baylor at Waco, and Clemson-Rice at Houston. Texas Tech vs. Texas A & M at San Antonio and Oklahoma A & M vs. TCU at Fort Worth complete an evening schedule to provide fans with an unusual Saturday night football selection.

A bit of dialing about 8:00 p.m. Saturday night should locate for you the game in which you are interested.

Plenty of Sleep Is Health Must

Sleep is a necessity of life and health, according to Dr. Geo. W. Cox, state health officer, and habitual loss of sleep will tend to retard the body's recovery from fatigue of the day's activities.

"We may be able to go without sleep for a night or two, but too little sleep for a prolonged period will undermine the health of a rugged person and turn a cheerful individual into a cross, irritable one," Dr. Cox said. "When good health can be protected to such a large extent merely by sleeping, and thus allow overtaxed bodies and minds to secure the proper rest, it is hard to understand why so many persons are heedless of this important health measure."

Some individuals require more sleep than others. How well we sleep is as important as how long we sleep. A good night's rest means a

sufficient number of hours spent in sleep to enable each person to feel well, do efficient work, and to keep in a cheerful humor the next day.

"Some outdoor exercise each day, a comfortable bed, and fresh air in our sleeping quarters," Dr. Cox says, "will help us to sleep soundly at night. Do not mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down from the physical and mental work of your daily life. When you arise each morning, rested and with a feeling of general well being, you will be amply repaid for your thought in planning a good night's sleep."

Pictures of Texas Sought by C.C.

Somewhere in West Texas someone has made an outstanding photograph which is sought by the West Texas chamber of commerce for publicity purposes. The organization has announced the first annual All West Texas photographic contest, in connection with the Museum of Pine Arts.

The contest will be open to both professionals and amateurs. The prizes will be 4x5 Graphic cameras in both classes, for pictures made in West Texas during 1949. The contest will close Sept. 30, and judging will be by members of the WTCC staff.

In connection with this contest, the Iowa Park Chamber of Commerce is also offering prizes for the best pictures entered by local amateur photographers. The prints must be 8x10 glossy prints and should be turned in very soon at the office of Mrs. Ruth Hill Yeagan, chamber secretary-manager.

Besides the honor of winning, the chambers conducting the contest will probably buy several of the best prints at \$1 each for publicity purposes.

The Wichita County Farm Bureau Federation will have an exhibit at the Texas-Oklahoma Fair next week at Iowa Park. Their secretary, Mrs. John Wesley, will be on hand to give any information or service she can to Farm Bureau members when they visit the Fair. Members who have some nice Farm Products that can be used in the exhibit are asked to bring them to the Fair Grounds, Monday morning.

Iowa Park Area Finances Are in Hands of High Type Bankers

Modern, progressive management through the years has been responsible for the great growth to be found in the Iowa Park State National Bank's reports to the comptroller.

Complete renovation and modernization of the local bank's property, which has been accomplished during the past year, is a reflection of the forward-looking policy of Iowa Park's banking institution.

Customers are offered all the conveniences and services to be had in any large city, plus the warm individual interest of bankers who are truly friends and neighbors.

Mr. and Mrs. Paul Zink visited in Duncan, Oklahoma, Sunday.

Paul Munden of McCamey visited his parents Mr. and Mrs. V. R. Munday over the weekend.

Mrs. Charlie Metz has been in charge of the Metz cafe this week while Charlie is recuperating from a spell of sickness.

Mr. and Mrs. Homer Blalock were in Fort Worth on business Monday.

Miss Roma Wilckie returned Sunday to Denton, where she is a physical education student at the North Texas State college.

Presbyterian News

The Business Woman's Circle of the Presbyterian Church met in the home of Mrs. G. S. McSteen on Tuesday evening with a representative group present. Mrs. Tom Covington presided.

Mrs. G. S. McSteen was named to succeed Mrs. Mike Livingston as chairman, and Mrs. M. C. Yeargan will succeed Mrs. McSteen as secretary. Miss Mary Ellen Johnson is treasurer.

An immediate project is the sending of flowers and homemade dainties to the Veteran Hospital at Legion.

Miss Clara Lowrance directed the Bible study in John.

Those present were Misses Evelyn Miller, Bettye Birk, Frances Park, Mina Troutman and Mesdames Louis Cooksey, Tom Covington, G. S. McSteen, Gene Lowrance, M. C. Yeargan. Guests were Mrs. King Abernathy, Mrs. Gale Lowrance and the guest speaker, Miss Lowrance.

The October meeting will be in the home of Miss France Park on Tuesday the 11th at 7:30.

The First Presbyterian Church will observe Rally Day on Sunday, September 25. A special program entitled "What Can I Do" will be presented visually and orally at the Church School hour.

Illustrated posters will be used in showing what can be done in each department to build up the church. Mr. Earnest Birk, superintendent of the school will be in charge of the program.

What Can I Do as a Child, will be presented by Sara Cooksey.

As a Youth—James Williams.

As an Adult—Mrs. Tom Covington.

As a Teacher—Mrs. King Abernathy.

As a Church Officer—Graham Purcell.

Promotion certificates will be presented to the pupils.

The goal is every member in church school and church on Sunday, September 25.

Members of the First Presbyterian Church in Iowa Park have authorized the purchase of the Baldwin Electronic Organ which has been in the church on approval for the past several weeks.

Mrs. R. A. Tanner is serving as organist for the present. Mrs. Tanner is assistant organist at the First Baptist Church in Iowa Park and is immediate past Grand Organist of the Grand Chapter of Texas, Order of Eastern Star.

Bettye Birk and Mrs. Tom Covington have begun studying organ. Mrs. Gayle Park is studying under Mrs. Lochridge.

The wheat storage facilities of this farming area were greatly augmented this year when L. I. Southard built nine new all metal bins in connection with his elevator business in Iowa Park. They are situated along the Fort Worth & Denver railway tracks and give the town a trim and prosperous look. The main elevator is at right.

Youth Given an Opportunity to Make Radio

Horace Heidt will bring his all new musical "The Kids Break Thru" and his Youth Opportunity Show to Wichita Falls on October 14 under the sponsorship of Radio Station KWFT.

One of Horace Heidt's advance men will be in Wichita Falls on Saturday and Sunday, September 24 and 25, to conduct the auditions for local talent to be selected to appear with the show when it plays here, and possibly to win a place on the coast to coast CBS broadcast of the show. The auditions are open to anyone in this area.

In as much as the program appears in six or seven cities each week, it is impossible to guarantee anyone that they will appear on a Sunday broadcast. However, the local talent will receive every consideration and, who knows, possibly Wichita Falls or an area town may be represented on the air.

Horace Heidt's new variety review "The Kids Break Thru" will feature sixty stars, young people from all over the United States whom Heidt has discovered on the tour, including many who have heard on his weekly radio program. The show unfolds into a three hour variety concert and from reports gathered from other cities saluted by the show, Wichita Falls is in for three great hours of entertainment.

Auditions will be held at KWFT on Saturday and Sunday at 7:00 and 2:00 p.m. respectively and is open to all talented young people over fourteen years of age either professional or amateur.

Group acts are limited to four people and all those auditioning must bring their own music and accompanist. No formal applications are needed, so just be there with your music, your instrument (if any) and your accompanist.

(Published in the Iowa Park Herald Sept. 22, 29, 1949)

Notice of Hearing on Adoption of Plan of Taxation for Wichita County Water Control and Improvement District Number Three.

The State of Texas
 County of Wichita
 Wichita County Water Control and Improvement District No. 3:
 To the qualified property taxpaying voters of Wichita County Water Control and Improvement District No. 3:

Take notice that a hearing will be held on the 3rd day of October, 1949, at the office of the Wichita County Water Control and Improvement District No. 3 in Iowa Park, for determining the plan of taxation that shall be adopted by the District to pay off construction bonds heretofore voted and for maintenance.

operation and administrative cost of the district.
 The propositions to be determined at such hearing are as follows:
 1st. Shall taxes to pay off construction bonds and for maintenance and operation and administrative cost of the District be assessed, levied and collected upon an ad valorem basis?
 2nd. Shall taxes for the stated purposes be assessed, levied and collected on the basis of assessment of specific benefits as is provided for in Section 132 of Chapter 25, Acts 1925, 39th Legislature?
 3rd. Shall taxes for the stated purposes be assessed, levied and

collected upon the basis of assessment of benefits at an equal sum per acre of land as is provided in Section 133 of Chapter 25, Acts 1925, 39th Legislature?
 4th. Shall taxes for the stated purposes be assessed, levied and collected on the ad valorem basis as to some part of the total tax required or as to some defined part of property within the District as is provided for by Section 130 and Section 132 of Chapter 25, Acts 1925, 39th Legislature, as amended?
 At such hearing any person who is a taxpayer within the District may appear and offer testimony to show what plan of tax will most

conduce to the equitable distribution of the tax to be imposed by the District. The Board of Directors shall adopt such plan of tax as will under the evidence and the district's plans in their judgment most conduce to the equitable distribution of the district's tax.
 Given this the 15th day of September, 1949.
HERMAN MITCHELL
 President, Board of Directors, Wichita County Water Control and Improvement District No. 3
Attest: A. L. REED
 Secretary, Board of Directors, Wichita County Water Control and Improvement District No. 3

Thompson Tool Co. Now Has New Office

During the past year the Thompson Tool company of Iowa Park has added a new office building to its already modern and efficient factory layout. The new building is at the west end of the property, adjacent to the Electra highway.

It has been erected of buff tile in the modern flat top style with every convenience built into it.

Complete new office furnishings, inlaid linoleum floors throughout, and the walls done in a soft tone of green greet the customers and visitors as they step inside. Besides affording office space for Fred Thompson, head of the firm; Lavere Thompson, who does a great deal of the planning and drafting for the production of Thompson Shale Separators; Floyd White, manager; Miss Raydean Brown, secretary; and Raymond Williams, the building has a large amount of storage space on the north side. Here are stored many of the special tools required in the manufacturing of the firm's products.

Besides producing the shale separator for which the company is well known wherever drilling operations are done, the Thompson Tool company makes many items on order for customers in the North Texas area.

Disciples Doings

"Teach Thy Children" will be the topic of the sermon for the morning worship service at 10:35 o'clock Sunday at the First Christian church.

"The Man Who Sat in a Window" will be the subject of the sermon at the 7:30 o'clock Sunday evening service.

The minister, Francis E. Barnes, will preach both sermons.

Sunday is promotion day in the Bible school when each class will advance some of their students to a new division, according to an announcement by A. L. Reed, superintendent.

The annual installation service for the elders and deacons of the church will be held during the morning worship service, according to the minister.

The prayer room and the cross in the sanctuary of the church will be open and lighted from 9 a. m. each day until 11 p. m. each evening during the T-O Fair in order that those who wish to enter and meditate and pray may do so. Members of the local church are asked to take the lead in this practice.

Recent Bride Feted At Baptist Church

Topping the list of early autumn social activities was the post-nuptial shower given to honor Mrs. R. D. Dunham Friday evening, September 16. The honoree was formerly Miss Billye Jean Girard of this city but now has established residence in Wichita Falls where her husband is employed.

Pink and green were given special emphasis in the decorations and appointments for the shower which took place in the parlor of the Baptist Church. Delicate orchid and yellow shades were blended with these colors to create an exquisite setting for the party.

The hostess group was made up James, Wilburn Bedford, L. A. Lee, of mesdames Fenton Dale, D. D. Dorothy Thompson, E. L. McDonald, Burk Scott, Chas. Metz, George R. Huckaby, Herman Mahler, Carroll Blalock and misses Lucy Lee Dale, Juanelle James, Betty Wolfe, Jan Bedford, Ava Nell Lee, Carolyn Baxter, Betty McKenzie and Bettye Perry.

Focal point of interest was the refreshment table which was adorned with a central bouquet of roses and festasia, the arrangement clearly reflecting the artistic talent of Mrs. Metz who was responsible for decorations.

Pink candles flanking the centerpiece were linked together by a runner of wide white tulle which was caught up in large bows at the base of the candle holders.

Finishing touches to the lace covered table were noted in the pink tea napkins bearing "Mr. and Mrs. R. D. Dunham," and the crystal punch bowl and handsomely decorated cake squares which marked extremities of the board.

The color, beauty and fragrance of roses and other seasonal blossoms added distinction to the decorations atop the piano and numerous tables in the parlor.

New reduced prices. Refrigerators, washers, gas and electric ranges. Only Norge has Self D-Proster. Liberal terms.

The Rexall Store

The honoree and her mother Mrs. All Girard and the groom's mother Mr. Dunham were seated at a specially designated table for the unwrapping of gifts. Each wore a wide carnation corsage to accent the costume chosen for the evening. The signatures of the guests were received by Mrs. Leslie Clapp, sister of the honoree. Duties at the refreshment table were assigned to the younger members of the hostess group, while Mrs. Scott, Mrs. Dale and Miss Perry greeted callers between the hours of 6:30 and 9 o'clock.

with a lace cloth over pink and was made attractive with a distinctive center arrangement of roses and clematis. Lighted white tapers burned in twin candelabra, providing a soft illumination. To further add to the beauty of the setting tall arrangements of seasonal flowers provided the background. Musical background was furnished throughout the evening by Mrs. Montgomery, and Misses Katy Merle Sumrall and Sheri Ann Brooks with both vocal and piano selections. The hostesses presented the honoree with a pink carnation corsage and the honoree's mother, Mrs. Mary Lee Shaw with a white carnation corsage. Mrs. Mundt and Mrs. Montgomery attended the gift display of many beautiful and useful gifts, including a handsome bedspread and blanket, gift of the hostesses. Many friends from both Iowa Park and Wichita Falls called during the hours of 7:30 to 9 o'clock.

The John Wesley family attended the funeral of a family friend at Thalia last Saturday afternoon. They then spent the weekend with John's mother and dad.

Dwight Simmons of Oklahoma City was in Iowa Park this week on business.

The first in a series of monthly fellowship suppers was enjoyed Wednesday evening at the First Christian church. The menu consisted of pot-luck dishes with more than enough to feed the 32 folks that attended. Francis E. Barnes presided over the informal discussion of church activities and the church booth attendants were selected upon a volunteer basis. Those who will assist in the All-Church booth during the T-O Fair will be Mr. and Mrs. O. R. Owens, Mesdames Paul Peterson, John B. Barbour, T. M. Clark and Mr. and Mrs. Fred Vealy, Mr. and Mrs. Burk Scott, and Mr. and Mrs. Francis E. Barnes. Others will be welcome, especially the young people, to sit in the booth when the Christian church has charge of it on Saturday, October 1. The following attended the fellowship supper: Messrs. and Mesdames Paul Peterson, O. R. Owens, John B. Barbour, T. M. Clark, W. G. Steele, Fred Vealy, John Rollins Woodall and John Rollins Jr., W. D. Sawyer and son Drew, Francis E. Barnes and daughter Millie Jo, and Mrs. Burk Scott, Burk Jr., Angela and Tommy, Mrs. E. L. Hartfield and grandson Jimmy, G. R. Huckaby and mother, Dwight Simmons of Oklahoma City, C. L. Clingman and R. G. Bancroft.

(Clip out, fill in and mail to the Chamber of Commerce)
WHAT WILL IOWA PARK BE LIKE TOMORROW?
The best answer is to plan a definite PROGRAM OF WORK, naming important projects that through cooperative support of the town's citizens may successfully be accomplished.
In YOUR opinion what is the Number One need of IOWA PARK?

INITIATIVE plus "KNOW-HOW"

THE livestock business is a typical example of American enterprise. Often a man with ambition, initiative and "know-how" starts with a small herd and increases it into a "big business" consisting of large herds and thousands of acres of land. These great ranches and their fine stock are the backbone of West Texas prosperity.

In the light and power business, men with vision brought modern electric service to growing towns and communities. Power lines were extended over wide areas to pro-

vide electricity to urban homes, farms, ranches, stores and industries. Initiative and "know-how" of these electrical men brought to the wide open spaces the same comforts and conveniences of electric service that were found in the largest cities.

That's the way America works . . . why we've enjoyed the world's highest standard of living. Initiative and "know-how" in free America have brought to every citizen a material wealth that is the envy of the rest of the world. It is the "American Way" of life.

Atom Show Is State Fair Feature

The famed Man and the Atom show from the American Museum of Atomic Energy at Oak Ridge, Tenn., has been acquired for the 1949 State Fair of Texas which runs October 8 through 23 at Dallas.

The exhibit will demonstrate how nuclear science is providing new tools for atomic research and how it may help unravel some of the greatest mysteries of science.

The Oak Ridge show is expected to be supplemented by other important exhibits from manufacturers co-operating with the atomic program and from institutions participating in the Oak Ridge Institute of Nuclear Studies. The University of Texas, Rice Institute and the University of Oklahoma are Southwestern sponsors of the Institute, which operates the museum of atomic energy—first and most complete of its kind in the world.

Many of the exhibits are animated and presented in such a simple manner that grammar school children can understand the complex factors involved in the release of nuclear energy.

Among the graphic mock-ups and dioramas which will be shown at the Fair is a "Nuen" reactor model depicting the probable future of atomic energy and which looks 25 or 50 years into the world of tomorrow. It reveals the principles of the Nuen plant around which industrial and other community life of that time will be centered. Nuen is a coined word combining the first syllables of nuclear and energy.

A model of a uranium pile will demonstrate how radioactive isotopes are produced for use in medical and industrial research. A display of Geiger counters will measure the radiation from luminous dial watches worn by Fair visitors. There will be an exhibit which shows several of the more important types of instruments used in detecting and measuring radioactivity. A cartoon representation of atomic fission will picture how "Dagwood Splits the Atom."

The Dr. Martland display will show the effects of radiation on the human body; and an animated exhibit demonstrates, on a greatly magnified scale, just what happens in the chain reaction which leads to an atom bomb explosion.

★ Soil Conservation

More people have harvested alfalfa seed in the Wichita Irrigated Valley this year than any time in years past. Alfalfa is not only a good soil improving crop but has also proven itself as an excellent pasture and hay crop. With the increased acreage of alfalfa being planted in the area this fall, the seed supply which was harvested will probably not yet satisfy the demand. Gail Mitchell who owns a combine has harvested some of the seed. A few farmers that have harvested seed or intend to this year are: Fenton Dale, L. J. Lane, Roy Thompson, Lee Trigg, Doyle Parmer, and Carl Williamson. Since irrigated farmers have the insurance of plenty of water, failure with legumes is not known if the land is leveled, bordered and properly prepared for irrigation.

Approximately one-half mile of diversion terraces have been completed on the A. E. Bailey farm south of Iowa Park the past week. The diversion terraces direct water from pasture land from going across cultivated land. A diversion terrace must be larger than an ordinary field terrace because of the amount of water it must handle.

Personnel of the Soil Conservation Service assigned to the Wilbarger-Wichita Soil Conservation District run the lines.

Approximately 13 miles of terraces have been completed on the Oscar Klinkerman farm north of Iowa Park the past week. The terraces were constructed by elevating terracing machine, Mr. Klinkerman

has planted Chinese Red peas as a summer legume the past two years, on this farm. Since the recent rains the peas are making excellent growth.

Considerable interest is developing in the grass judging contest being sponsored by the Supervisors of the Wilbarger-Wichita Soil Conservation District in connection with the Texas-Oklahoma Fair. Vocational Agriculture teachers from the following schools have written the Supervisors that they will enter FFA teams: Electra, Harold Burk Burnett, Rochester, Benjamin, Decatur, and Henrietta, and 4-H teams from Archer, Wichita and Childress counties. Entries are still coming in and will be acceptable until judging time, Thursday, September 29th at 10:00 a. m. Vinson Duvall, agronomy professor at Hardin College has been asked by the supervisors to collect grass samples to be judged and to also supervise the contest.

A county roadside ditch has been widened and shaped with flat bottom adjoining Mrs. E. V. Griffin's farm of East Iowa Park Conservation Group. Roadside ditches are never used for out letting of terraces unless that is the last resort, if this happens a written agreement is drawn up between the farmer, county commissioner, and district supervisors. In this agreement the commissioner gives permission for terraces to empty in the road ditches. Usually the farmer gives sufficient land for sloping and entering the road ditch.

The Wilbarger-Wichita Soil Conservation district rated third for conservation accomplished during

1948 in region 5 of the fourth annual "Save the Soil and Save Texas" awards dinner held in Forth Worth, Saturday, April 30.

H. J. Flusche, Electra, chairman of the board of district supervisors, received the \$100 third prize for outstanding farmers and ranchers of Texas who established conservation records for the 1949 program.

W. O. Prechel, Burk Burnett, received a plaque as the farmer carrying out the best conservation program for the year 1948 in the Wilbarger-Wichita Soil Conservation District. The award was offered by the Iowa Park Lions club and selection of the winner was made by the district supervisors.

The state-wide conservation awards program is an enterprise launched four years ago by the Fort Worth Press with the sponsorship of the Houston Press and the El Paso Herald-Post. Region 5

comprises 35 Soil Conservation Districts of the 150 in the state.

Supervisors from these 150 districts and winners of the individual awards were special guests at the dinner held Saturday evening, April 30, 1949.

Supervisors from the Wilbarger-Wichita Soil Conservation District attending were H. J. Flusche, Electra; Arthur Ramming, Burk Burnett; C. H. Price, Vernon; and T. J. Pace of Iowa Park.

Others going from this district were Virgil Brockshear, Burk, Mrs. W. O. Prechel and daughter, Leon Deaton and H. A. Grisham, Wichita Falls, Mr. and Mrs. Fred Farkey, Mr. and Mrs. Roy Thompson, Leon Wilcox and Carl Sullivan of Iowa Park.

Farm Bureau Aids In Many Ways

Farm bureau is a spirit of brotherhood among organized farmers in America to obtain parity and equality among other groups in order to better serve the national welfare.

The first farm bureau in Wichita county was organized in March, 1937, with a total membership of 40. From that small beginning the organization has steadily grown to the present membership of 500 members. After the fall membership the county will have near 700.

The organization has maintained an office for over a year now in the Park hotel located in Iowa Park. The present corps of officers consists of George Lewis, president; George Streit of Electra, vice president; Mrs. John Wesley as secretary-treasurer.

The Associated Women of the Farm Bureau was organized in 1947, the first of its kind in the state. The present officers of the Associated Women are Mrs. A. A. Evert, of Burkburnett, president; Mrs. W. T. Jenne, vice president.

Farm bureau functions through educational, legislative and promotional principles, with its ideals and policies originating in the local, or grass-root unit, these being transmitted to the state organization, where they are accepted or rejected and then passed on to the national organization. Thus no policy is advocated by the American Farm Bureau which did not first start with the smallest unit of the organization. The farm bureau stands for equality between industry, labor and agriculture, and believes and works toward the end that all should operate on a parity basis.

This summer the Texas Farm Bureau led the movement to obtain the three point grain program, breaking the grain log jam and saving Texas farmers over \$45,000,000; then went right to work on the loan on cotton seed which was made available when at the beginning of the season cotton seed was selling for \$25 per ton in the valley. The present loan is \$49.50. Working together the 1,325,826 farm bureau families have represented every unselfish American Farm Bureau member in Washington at 83 major congressional hearings and filed briefs in the 80th congress on 117 other occasions. They actively supported a program to maintain 90 percent of parity support prices on basic commodities. The success of this program will save farmers millions of dollars. They supported enlarged

REA and rural electric telephone program and fought for the enactment of Texas farm bureau rural

road program to get farmers out of the mud. A larger membership is needed to secure passage.

Barbour Trucking Business Shows Constant Growth

Important to the business, civic and social life of Iowa Park and Wichita county is the John B. Barbour Trucking company which has its main office and home base for a large fleet of heavy equipment here.

The trucking company was established in 1919 by John B. Barbour when he commenced operations with one truck. He owned the first pneumatic tired truck in Wichita county and has seen oilfield moving grow from mule power to diesel engines of tremendous capacity and adaptability.

Through the years other local individuals and concerns have been part owners, but at the present the company is fully owned by Mr. and Mrs. Barbour, J. B. Barbour Jr. and Mrs. Cora Frances Barbour Kitchell.

The company operates in interstate work in Louisiana, Texas, Oklahoma, New Mexico and Kansas as well as intrastate work in Oklahoma, Texas, New Mexico, Mississippi, Utah and Colorado.

The operations of the Barbour company consist of moving and transporting heavy oilfield machinery and materials incidental to production and development of the petroleum industry. The type of equipment the company operates varies from 15-ton tandem trucks of which there are three, to pipe cranes and bulldozers with varied sizes and types of trucks in between.

The John B. Barbour Trucking company has announced that effective September 1, 1949, all employees will participate in an incentive plan whereby valuable prizes can be purchased with points earned

by doing what's right. That's correct, just by doing what's right and avoiding accidents the company can reduce its insurance premiums and will pass the savings on to the employees who earn it. Every employee will receive four points for each dollar earned before deductions. These points will accumulate and a point check will be written for each three months period. The first period will allow the employees to use their earned points in ordering Christmas presents this year. This is another of the firsts that John B. Barbour Trucking company has instigated for the oilfield haulers. This plan is being adopted by several of the other trucking companies.

Past history will show that the company has made several outstanding progressive devices for the oilfield trucking industry. When Mr. Ralph Sisk was with the company he adapted his "A-frame" idea to an oilfield truck and made the first set of gin poles. While Mr. W. G. Shipman was shop foreman Barbour made and installed the first rolling-tail-pipe. Both of these are now common and necessary equipment on oilfield trucks.

In keeping with the changing laws and regulations of various states Barbour has bought special trucks to comply and still give the best service to its customers. This has brought about the purchase of five 2-ton Chevrolets and three 10-ton tandem White trucks. The Chevrolets were placed in service last month and the White are being rigged up now for immediate service.

★ SENIOR NEWS

Do you feel sluggish, tired, or run down? Relax! Relax! Settle comfy in that easy chair and read the Senior News. We personally guarantee that it will give you pep, vigor and vitality (just like ironized yeast tablets). You'll be rearin' to go. Something Phillip Turner bought musta' given him vigor and pep because he wasn't at school Monday. He's back rearing to go after he got his "Ford" fixed. Did you give the jalopy some pink capsules? Did I hear someone sniffing?—? We are a bunch of nosy people!

You just can't tell who is talking nowadays. Everybody talks mighty l-o-w after the other night at the ball game. What's a little rain anyway? Say, have you seen that fancy tee shirt that's trimmed in pink flashing by? If you have, you'll know it's only Gilmore in his old strip-down going by. Wow, is it snazzy (the shirt, that it). Gilmore offered to dispose of our garbage at the fair, but since he sold his "car" the job's left up to Mr. Steed. As Bill Weiler says "Now Gilmore won't have to eat." But if you get hungry, come around and we'll give you a second hand hamburger that we don't need.

The steady growth of the Hereford Show at the Texas-Oklahoma Fair is a tribute to the stock raisers of this area.

George Hoge Hereford Farm

Iowa Park—Phones 4521 and 3291 Prince Domino Blood Lines

Looking Up Cash Street in the Town of Friendly Living.

Well, put me on stilts and call me Longfellow—our rings are on our fingers and bells are on our toes. P. S. and P. C. can't be persuaded to keep their promise of putting them on their big toes. Why, they won't even compromise and put 'em through their noses. I hear some of them have been "borrowed" already. But that isn't so, is it James, Jerry or Jimmie? A bit of news is traveling about that old Sr. sweethearts are getting together again—eh, Maryanne? By the way, Leonard, we miss you up here at school. Peggy C. played tennis over at the church last Sunday. It was hot. I hardly see how she stood it. We didn't know you were such an ardent tennis player or does it have anything to do with a certain other party that was there. By the way, his initials are B. C.

Have any of you jrs. been smelling an unusual odor lately? No, it's not skunk or corned cabbage. It's merely because you're so close to yourselves that you smell yourselves. Tests! Tests! That seems to be all the teachers can think up for a by-word this year. So far, we've only had 3 or 4 dozen. It seems to me that they could find simpler questions instead of all the hard ones. Where on earth do you find them? Or do you get 'em on earth? Shucks, I'll bet you didn't know we had another Joe Louis in our class, did you? Well, Eddy Lee surs gave Deril C. and Bill G. a good beating Tuesday. Poor Devil. And with that football physique he has. It shouldn't affect him. By the way will the finder of a small tin container please return it to its rightful owners. It was believed to be lost on the football field. If anyone is interested in good music, tune your ear in to station GYM every day at the seventh period. Jerald Brown, his trumpet and his orchestra are presented there daily. The senior football players want to thank everyone for attending the game Thursday night. We hope every one will journey to Burk Friday and maybe enjoy themselves more under better conditions. The class romeo, Sammy Shelton, has been seen several times out near the air base. If the rumors are true there's a female mixed up in it too. Well, as one reporter said to another—I'll get me a ruler to see how long I've been writing. Nuts to you!

Lois Haney and Alvin Thompson Wed In Church Ceremony

Miss Lois Haney, daughter of Mr. and Mrs. Ray Haney and Alvin I. Thompson, son of Mrs. Grace Thompson and the late Lee Thompson, were united in marriage Thursday evening at 7:30 in the First Methodist church with Rev. Kirk M. Beard, pastor, officiating. For the recitation of the wedding vows the couple stood before the altar which was flanked with candelabra bearing cathedral tapers. Outlining the nuptial space were tall basket arrangements of white gladiolus, with smaller arrangements of mixed gladiolus and greenery providing the background. Mrs. O. E. Lockridge, organist, and Rev. Francis E. Barnes vocalist, provided the prenuptial medley. The bride was given in marriage by Wayne Luckett. She wore a tailored suit of wine wool with gray accessories and carried a single tinted orchid atop a white Bible. She wore the traditional six-pence in her shoe. The bride was attended by Mrs. Billie Mac Watts. Billie Mac Watts attended the groom as best man. Ushers were Oscar Singleton, Billie Capehart, Roy Johnson and Billie Spruiell. Immediately following the wedding the bride and groom were honored with a reception held at the home of the groom's mother. Miss Wilmalee Irvin secured signatures for the bride's book. Mrs. Grace Thompson, Mrs. Ray Haney, the bride and groom composed the receiving line. Center of attraction was the cake which was attended by Mrs. H. A. Thompson. The refreshment board was covered with an Irish lace cloth centered with an arrangement of mixed chrysanthemums. Mrs. Fred Thompson presided at the crystal service. Following a wedding trip to Taos and Santa Fe, New Mexico the couple will return to Iowa Park to make their home where Thompson has farming and ranching interests and is also interested in the Thompson Tool Co.

★ Soil Conservation

According to T. J. Pace, one of the supervisors of the Wilbarger-Wichita Soil Conservation District, approximately 50,000 acres of land have received district help through the U. S. Soil Conservation Service of the Iowa Park Work Unit. The local headquarters started operations in the spring of 1946. Conservation practices applied or established during the past three years are as follows:

- Contour farming: 11,320 acres (plowing, planting, cultivating, etc., across the slopes, approximately on the level). Cover crops: 12,153 acres (planting of vetch, alfalfa, clover or winter peas for soil improvement). Crop residue management: 22,004 acres (management of crop residue of stubble, stalks and straw on or near surface of the ground to hold moisture and control erosion). Range improvement: 9,945 acres (range properly stocked to make full use of grass without overgrazing, rotate grazing, etc.). Seeding range and pasture: 986 acres (seeding of blue grama, buffalo, weeping and sand love grass). Wildlife area improvement: 559 acres (grow or plant border strips of grass, legumes along fence rows, stream banks, waterways, natural drains, irrigation ditches, field corners, etc., for wildlife protection). Farm and ranch ponds: 45 in number (provide everlasting water for livestock and contribute to a better distribution of grazing or better pasture management). Diversion terraces: 18 miles (a very large terrace constructed to divert water from cultivated land). Terracing: 278 miles (construction of terraces in cross shape and size that they can perform their function and still be farmed by any type of equipment). Farm Drainage: 2,262 acres. Open Drains: 5 miles. Farm irrigation and land preparation: 1406 acres (leveling with maintainer or bulldozer or land plane or carryall). Improved methods of water ap-

plication: 2,481 acres (floating of land, installing borders and changing rows for proper irrigation). Water facilities: 12 in number (construction of seep filtering wells systems, etc., near ponds to secure water for house use). Collective terrace outlets: 121 in number. The above services, or assistance, are rendered farmers free of charge through the Wilbarger-Wichita Soil Conservation District. SCHOOL GIRL IS FIRST IOWA PARK POLIO CASE Jeanine Scott daughter of Mrs. E. L. Scott took ill Wednesday of last week, was confirmed Monday at the General hospital have poliomyelitis. Her parents report late Thursday that she is doing nicely. Her left arm is affected but not paralyzed. She is lots stronger today. All feel very encouraged. This is the first case of polio this year for Iowa Park.
