

Crowds Pushing Record; 2 Days Left

YOUR CHAMBER OF COMMERCE —

RUTH HILL YEARGAN

It is estimated that the average life of a dollar bill is six months. Well, maybe it is, but none of those that come to live with us ever last that long.

Speaking of soap (and who is?), it was used as small change in Mexico in 1840. A cake was money as long as the manufacturer's name showed.

Speaking of money (and who isn't?), funny things have been used as money down through the years.

Pioneers took over at the Texas-Oklahoma Fair in Iowa Park last Tuesday on their "day." Everywhere in evidence were the blue, red, yellow and white ribbons, proudly displayed as badges of servitude in this area.

Some came from just across the town; some came from neighboring towns in the county; still others gathered here in the homes of old friends after having come from other regions of the state and from many distant states.

Food for the annual dinner was prepared and served by the Electra Chuck Wagon Gang and proved a good drawing card.

W. H. Toland Dies at Quana

W. H. Toland of Quana, father of Mrs. Gilbert Steele and Mrs. Rollins Woodall, died Sunday night, Oct. 3, at his home.

Mr. Toland was 80 years of age and left to survive him the widow, 12 children, 34 grandchildren and 32 great grandchildren.

Funeral services were held at Quana on Tuesday afternoon with the Iowa Park Christian church minister, the Rev. Mr. Francis E. Barnes in charge.

Mrs. Matthews Became a Texan 66 Years Ago

Another oldtimer who lives here and has been a resident of Wichita county since the earliest days is Mrs. J. W. Matthews.

She was one of the grand group of pioneers who gathered at the Pioneer Day celebration this Tuesday at the Fair grounds in Iowa Park.

Born in Tennessee many, many years ago, Mrs. Matthews came with her parents in a wagon in 1882 and settled in the county.

There are five children, all residents of Texas. The first three were born at the Beaver Creek home.

Mrs. Matthews always gets real pleasure from her visits with other pioneers and can tell many interesting stories of the early days before the coming of railroads and oil wells.

Crowell Hangs First Defeat on Iowa Park Hawks

Taking advantage of the breaks and throwing a hard driving backfield into high gear, Crowell high school took the measure of Iowa Park's Hawks, 24 to 7, last Friday night.

The local boys did all right for themselves in every way but scoring and their marches down the field were too frequently broken up by fumbles, interceptions and other heart-breaking mistakes.

For the Olney game this Friday night, Coaches R. V. Wood and Ed Erigham have spent the week trying to iron out some rough spots in both the offensive and defense tactics of their young charges.

Although the Fair is going on at Iowa Park, school officials anticipate a large crowd of Iowa Park fans to attend the game at Olney.

Mr. and Mrs. J. C. Hester of Luedus were Pioneer Day guests of the Fair, Tuesday.

With every general admission ticket sold on the closing two days of the Texas-Oklahoma Fair, prospects of a new attendance record become brighter, according to G. R. McNeil, fair manager.

A great new act will be provided customers on these days when Don Hamilton and his Hell Divers spill and chill the great Fair crowd with their daring motorcycle stunt riding.

Not to be overlooked by spectators are the many exhibits, judged and beribboned, which have been on display all week and won't be dismantled until late Saturday night.

The dairy cows, the Herefords and the quarter horses are to be on hand, as well as all the industrial exhibits, which are exciting considerable interest.

And of course the Victory Exposition Shows will have to steal away in the night after running till late Saturday evening.

Fair association officials are convinced that there is never a dull moment at a Texas-Oklahoma Fair — and they can be right!

Father of Two Iowa Parkans Dies at Memphis

Mrs. Locke Lowrance and Claude Reaves received word last Wednesday night of their mother's having had a serious heart attack.

They left by train at noon Thursday and before they reached Fort Worth the relatives here received a phone call from Memphis, Tenn., that the mother Mrs. T. E. Reaves of 933 New York street had died at 2:00 o'clock.

Mrs. Reaves is survived by seven children. The names of the other five are Ralph, Leslie and Carlyle of Memphis, Wayne of Pontiac, Mich., and Mrs. Charlie Harris of Union City, Tenn.

Funeral services were held in the Methodist church in Memphis at 10 o'clock Saturday morning. She was then taken to Kenton, Tenn., about 100 miles from Memphis, for burial Saturday afternoon at 2:00. She was buried by the side of her husband, who died on November 27, 1927.

An account in the Memphis paper discloses that Mrs. Reaves was for many years active in St. Paul's Methodist church of that city, and that she was born at Littlelet, Tenn.

The Fair is not all women's division and Pioneers' Day, but lack of space prevents the Herald from giving full particulars this week of the cattle and horse competition.

Pybus Son, 13, Dies Wednesday

Walter Ray Pybus, 13, son of Mr. and Mrs. George V. Pybus, died Wednesday morning at the family home following a week's illness.

Walter Ray is survived by his parents and a sister Betty.

Funeral services were held Thursday morning at the Church of Christ with the minister, Boyd Taylor, and the Rev. Mr. James N. Easterwood of the Baptist church officiating.

Interment was at Highland Park cemetery, with arrangements made by the Tanner Funeral Home.

Spruiell Family In Wyoming Car Accident

The J. D. (Jiggs) Spruiell family were all injured in a crash at Evansville, Wyo., on Tuesday, September 28, according to word reaching the Herald this week.

The Spruiell family and Mr. and Mrs. Bud Simpson and baby girl were on their way from Lyman, Wyo., to Evanston for supper and a show when they crashed head-on into a car driven by Mr. and Mrs. Stanley Decker of Salt Lake City.

The Deckers were injured but not seriously when both cars were damaged beyond repair.

Phillip Spruiell, 7, was critically injured with a bursted spleen. An immediate operation, two transfusions and plasma have been done.

Roger, 3½, was almost scalped by glass from the windshield, but is holding his own.

Ray Allen has a fractured arm and bruises and scratches.

Mrs. Spruiell, formerly Marie Reason, has a badly sprained ankle and a deep head wound.

Mr. Spruiell has a fractured collar bone and several cuts.

All five of the Spruiells required stitches.

Mr. Simpson has a broken leg, but his wife and baby were not hurt.

The folk festival which opened our Texas-Oklahoma Fair this year was an innovation which proved to be worth working on for future exhibitions.

The Hardin College Band, picked to begin the program, was delayed and did not get to appear.

Mrs. Charles Murphy of Electra had brought a 12-member square dance team of youngsters and they broke the ice with some expert numbers.

Iowa Park furnished a third square dance team when 10 high school girls presented the "Texas Star," an intricate and lively number.

Following a chorus by the Modern Music club, the Mineral Wells club presented Mrs. Grady Reasoner in a group of folk songs, accompanied by John Tom Bowman.

Mrs. John Simmons, soprano, of the Arlington Music club, selected several numbers which fit the folk festival theme.

Bob McDonald, formerly of Iowa Park and now minister of music at the First Methodist church of Dallas, led four American folk ballads, powerful and well-trained voices.

Delayed in Evansville and with the stands almost empty, the Hardin capella choir under the direction of Thomas C. Hardin, one of its best performers, was closing feature of a fine program.

The Decker family were injured but not seriously when both cars were damaged beyond repair.

600 Farmers at District Meeting

The biggest district meeting ever held in Texas was that of District Three, Texas Farm Bureau Federation which met in Wichita Falls on Friday, October 1, when 600 names were counted on registration sheets.

Loys Barbour, district director, presided, and complimented the huge turnout at a "period when more is being done to hammer down the income of the farmer than ever before in history."

Miss Margaret Downey, 19, daughter of Mr. and Mrs. H. C. Downey of Jean, was crowned queen of district three, with Miss Verda Graham, daughter of Mr. and Mrs. Fred Graham of Aspermont, as runner-up in the 17-county contest, with 10 girls participating.

Marvin Carter, state organization director and featured speaker of the morning, urged farmers to continue the fight for 90% parity prices and listed the accomplishments of the organization during recent days to include the program to get the farmer "out of the mud," the project for underground water control, the progress in the insurance program, and the Farm Bureau's success in getting government facilities for storing grain surpluses.

Especially appreciated was the talk of Sen. George Moffett in his defense of the farmers as a target of irate consumers to blame high prices on producers only.

Two field representatives, Austin Crownover and H. T. Cardwell, gave concise details for the conducting of the Fall Round-up and were very optimistic in their predictions as to the results.

Mrs. Katherine Sue Banks led the singing of the day with Mrs. Otis Gay as piano accompanist. A dialogue by W. H. Mathis and J. M. Cox, and a stunt by Mrs. W. A. Scott and Mrs. George Lewis gave color and humor to the program of the day.

A second event which shows the Wichita County Farm Bureau to be a healthy organization is the booth at the Texas-Oklahoma Fair, where an educational poster forms the background for display

Yeargans Attend Quana Meeting of WT Chamber

The West Texas chamber of commerce project clinic for district 3, held in Quana last Thursday was attended by two members of the Iowa Park Chamber of Commerce: Mrs. M. C. Yeagan, secretary; and Rev. M. C. Yeagan, member of the public relations committee.

A capacity crowd of West Texas officers, chamber of commerce managers and directors, mayors, judges and judges-elect and other interested persons was present.

Participating on the program were the president, C. P. Dodson of Decatur; Max Bentley, L. A. Wilke, Joe C. James, H. E. Nix and others.

Dodson explained that the eight district project clinics were supplementing the regular referendum meetings. He presented the importance of the work program authorized at the last annual meeting of the WTCC which represented the continuation of an over-all leadership program on matters of vital importance to all West Texas.

Three special reports were presented in brief from the WTCC-Santa Fe industrial committee: E. L. Buelow of San Angelo, chairman; the WTCC-Texas & Pacific committee: Frank Kelley of Colorado City, chairman; and the WTCC-Burlington committee: R. C. Stanford of Wichita Falls, chairman.

The reports were:

Water Development. The water resource development commission has made surveys for a number of towns in West Texas and has made available the assistance of engineering and legal information. The committee has also taken steps to provide protection for the rights of West Texas, both in surface and underground water.

Constitutional Amendments. Being convinced that the support of the eight constitutional amendments to be voted on at the general election Nov. 2, is non-political, and in behalf of good government, the WTCC goes on record as supporting these amendments.

Soil Conservation. The WTCC soil conservation committee is supporting an enabling act for submission to the next session of the Legislature which would permit counties to re-levy for their own purpose the 3/4 cent ad valorem tax now available to the state.

President Dodson presented the contents of the packets to the WTCC directors, which included the industrial survey of the cotton textile industry of West Texas. The industrial potentialities of West Texas and the industrial utilization potentials of sorghum grains. The preparation of these reports was directed by Fred Elliston, Texas Electric Service engineer.

Joe E. James, research director, presented State Affairs. L. A. Wilke outlined the service offered by the WTCC including the engineering and legal advice on water surveys.

The 31st annual assembly of the WTCC is set for November 8th in Abilene.

A gas industry exhibit flavored with Mexican art and music will be presented during the State Fair of Texas in Dallas. Described as a Fiesta of Fun, it will provide free entertainment for the entire family and a view of gas appliances that save time and labor and add to the health and comfort of the home.

The exhibit will be housed in the air-conditioned Natural Gas Building amid a striking setting inspired by modern Mexico. Among its features will be a giant mural portraying cordial relations existing between the United States and Mexico.

A preview of the exhibit will be given on the night of October 8 and a portion of the program will be broadcast by WFAA 820 from 8:30 to 9:00.

The Natural Gas Building is easily recognized by a giant flame atop a 75-foot tower painted Mexican pink. Lounges, rest rooms and ice water will be available for visitors.

Mrs. W. W. Bryant returned Sunday night from Clovis, N.M., where she has been visiting with Mr. and Mrs. Clyde Newell for three weeks.

Mrs. Maxine Hamilton of Odessa visited her parents Mr. and Mrs. G. H. Hamilton over the weekend.

Pictured above are the two fine musical groups which represent Hardin college, Wichita Falls, on many occasions. The a cappella choir makes several trips each year and is always in demand for concerts and for shorter programs.

The Hardin College Indian Band marches and plays for football games, and makes at least one long trip to surrounding states each school year.

Fair visitors at Iowa Park were privileged to hear the choir and gave unstinted praise to their director, Prof. Thomas C. Hardie, for his work with these singers.

MRS. JAMES TO BRYSON FOR DISTRICT MEETING

Mrs. D. O. James plans to attend a meeting of the district executive board of the Parent Teachers association to be held Saturday morning at Bryson in the home of Mrs. B. B. Jones.

Theme of the study will be "The Home and the Family."

Three Iowa Park people have had their tonsils out in the past week. They are Mrs. O. R. Kelly; Earnest, daughter of Mr. and Mrs. E. A. Stewart; and Vanita Rae, daughter of Mr. and Mrs. E. L. Golleher of route two.

Pioneers visiting in the Portis and Crites home this week were Mr. and Mrs. F. T. Staton of Shreveport, La. Mrs. Staton is known to her friends here as the former Miss Blanche Thompson. Mrs. W. F. Ehler of Dallas was also a Fair visitor staying with the family.

Mr. and Mrs. R. L. Sunday of Paducah were here for Pioneer Day and visiting in the home of Dan Sunday.

Latest reports are that Steve Roberson, manager for United Gas company in Iowa Park, is doing nicely. He suffered a stroke Saturday morning and was taken in a Tanager ambulance to the Clinic hospital at Wichita Falls.

Mrs. Velma Green of Antioch, Cal., his daughter, flew here to be with

her father, arriving Sunday morning.

Learn Hamilton has returned to Odessa after spending the weekend with his parents Mr. and Mrs. G. H. Hamilton.

Mr. and Mrs. O. B. Sims of Hobart, Okla., were in Iowa Park for Pioneer Day. They also visited in the Crites-Portis home with relatives and the other guests.

John Bradford, student at Abilene Christian college, visited at home over the weekend with his parents Mr. and Mrs. B. L. Bradford.

Mr. and Mrs. R. B. Sisk returned last week from a hunting trip in Wyoming. They reported a successful outing and each bagged an antelope.

Mr. and Mrs. Ira Campsey moved last Friday to their new home in Wichita Falls, located on the corner of Avenue H and Taylor. The Campseys have the agency for a line of chenille rugs, bedspreads, bathrobes and the like, which they are showing in the Fair and invite all their friends to come and see them at any time.

Mrs. Rubye Myers of Lamesa spent part of last week visiting in the D. S. Smith home with her sister-in-law Mrs. Carra McCordie. She also visited with Mr. and Mrs. L. J. Newton and Mr. and Mrs. J. L. Reeves while here.

Mrs. H. M. Orsburn of Charleston, Ark., and Mrs. O. H. Stowe of Fort Worth spent the weekend with their parents Mr. and Mrs. R. N. Watson.

Jimmy Seay visited in Tishomingo over the weekend. Pat Peden of Childress visited with Jimmy and they went to Oklahoma together.

Jim McDonald, Mr. and Mrs. Wayne House and Billie Jean went to Fort Worth last Saturday for the TOU-Arkansas football game.

Mr. and Mrs. Harry C. Barker of Pampa are new residents of Iowa Park, having moved here Monday. Mr. Barker has been working here since in July but only recently located living quarters for the family. They are with Mrs. J. S. Owens.

Mr. and Mrs. Al Reed and daughter Sharon attended funeral services Wednesday afternoon for Cecil Long at Highland Heights Christian church in Wichita Falls. Mr. Long died Tuesday noon.

Mrs. Bess Smith numbers among her prized possessions a newspaper 84 years old. It is a copy of the New York Herald Times printed the day Abraham Lincoln was assassinated. It was owned by the late Mr. Bert Smith.

Mrs. Esta Rutherford, who lives nine miles west of Iowa Park near Rocky Point, is working with the Famous Store. Mr. Rutherford is with an oil company and stationed there.

Mrs. G. H. Hamilton spent 10 days in Odessa visiting in the home of her son J. R. Hamilton and wife and her daughter and son-in-law Mr. and Mrs. Lee D. Martin and Miss Maxine Hamilton. She also visited her daughter Mrs. C. C. Hall and Mr. Hall of Andrews.

Dr. and Mrs. C. J. Simpson have returned from Tyler where they have been visiting their daughter Mrs. Mark Lowrey and attending the rose festival.

From where I sit ... by Joe Marsh Get The Truth!

Called on my good friend "Cappy" Miller, who edits the County Bee, the other day. And hanging up on the wall of Cappy's office is this slogan for his paper: "Remember there are two sides to every question. Get both sides. Be truthful." A good slogan . . . not just for a newspaper—for people, too. Because there'll always be two sides to every question: the side of those who vote one way, and those who vote another—the side of those who enjoy a temperate beverage like beer or ale, and of those who swear by nothing but cider. And from where I sit, once you've got both sides—and faced them truthfully, you realize that these differences of opinion are a precious part of what we call Democracy—the right of the individual to vote as he believes, to speak his mind, to choose his own beverage of moderation, whether beer or cider.

Mr. and Mrs. T. C. Scott and daughter Joy of Denton are visiting Mrs. T. C. Burnam. They were here for Pioneer Day. Joy's schoolhouse recently burned so she will remain a few more days in Iowa Park.

MR. AND MRS. ROBERTSON PARENTS OF BOY
Mr. and Mrs. A. O. Robertson are announcing the birth of a son on October 3 in a Wichita Falls hospital. The Robertsons live on route one.

Denton Doin's

Before one of the Iowa Park boys went to Denton this fall the Herald made a deal with him for a weekly report from North Texas State college. Here are some of the things he picked up.

It has been whispered around that Joan Whistler has had to shine 23 pairs of shoes for upperclassmen. She was seen at the corner drug store the other night with a handsome boy that seemed to really have that Pepsodent smile. She is also a candidate for cheer leader. She is working hard trying to get enough votes in the coming election to win.

Bobbie Patney has not been seen with any male company thus far. It is probably on G. H.'s account because I have certainly seen the good looking ones whistle at her. Anyway it isn't because she hasn't been asked. Are you happy now, George?

Bob Robinson met a good looking girl the other day but was too bashful to try to make anything out of it. He reported for P. E. class the other day. After 30 minutes of exercises he reported to the registrar that he needed a pair of crutches, only to be informed that they were to be secured from the college hospital, but that he didn't need them anyway. He practically had to be carried up the stairs at the dorm though. He is able to be up and around now and plans to report back to P. E. again Monday. Let's hope he doesn't get so sore after the next class.

Carolyn Duke is really sittin' pretty up in Bruce Hall. She is really in love with this place. She stays at the post office about half the time, so if any of you people could help her out by running over to Wichita and telling that boy to send her a schedule telling just how often he plans to write, it would certainly make things more convenient for her.

Martha Kate Hudson is quite popular on the campus. She met Bob Robinson on the campus the other day and she could hardly talk to him for speaking to friends, both male and female.

Jim Bradford and Pat Sewell are staying in Ramey Courts. Jim can be seen most any time in the Historical building, where most of the mathematics classes are taught. He is making quite a name for himself in this department. Pat is another boy who is quite popular. It seems that everyone knows Pat already.

Bobby Beck stays in Chilton. He works in the cafeteria, thereby getting much better food that everyone else because he is fed first. His major is speech. I know we can expect great things from Bobby as he goes about the work that he has been called to do for his Lord.

Mr. and Mrs. Mack Williams and Mackie Jane are doing nicely. Mr. Williams is part time instructor and part time student here at the college. He is teaching algebra. They give their regards to all their friends in Iowa Park. He says he is coming to see the Thanksgiving game with Valley View.

The Ward School

A casual observer walked past the open door of Room One in the ward school a few days ago and noticed the pupils were all leaning forward in their seats with eyes on the blackboard. A rather pleased expression was on each face.

The casual observer immediately became a curious observer and wanted to know what it was all about. This is what she found. The sixth grade pupils in Mrs. Hawkins' music class had just finished writing the words and music for some songs they plan to teach to the first grade children.

The first chapel program for the ward school will be presented by the two sixth grades. This program will be given the last week in October. We are expecting something good from a group of pupils who are already on the road to fame as composers.

Junior Red Cross enrolment will begin November 1. A suitable film will be shown to the pupils before the enrolment begins.

Doc Estes Joins Utah Newspaper

James A. "Doc" Estes, a son of Mrs. A. H. Estes of Iowa Park, has resigned his position with the Layton and Phipps theaters in Childress and will soon join the advertising staff of the Sun-Advocate at Price, Utah.

Estes has been employed by the theaters there for approximately 20 years with the exception of a short time when he managed a theater in Iowa Park and during the war when he was on the staff of the Childress Index. He also worked at the Childress army air field for a short time.

Interested in photography, Estes is vice-president of the Childress Camera club.

DAUGHTER BORN TO MR. AND MRS. T. J. WALLS
October 1 was the birth date of a baby girl who has come to live with Mr. and Mrs. T. J. Walls. The baby was born in a Wichita Falls hospital.

Mr. and Mrs. C. K. Cassidy of Tulsa visited in the Otis Hendrick home over the weekend. Mrs. Cassidy is Mr. Hendrick's aunt.

SKETCHES FROM THE HERALD'S FILES

The following short biographies have been reprinted from the Fair edition put out by the Iowa Park Herald ten years ago and are reproduced for the benefit of those in the area who like to reminisce concerning the "good old days." If there were errors of fact or inference in these accounts, the present publishers wish to make apologies now and all such mistake will not again be repeated.

Mr. and Mrs. C. E. Harris have been residents of Wichita county for almost half a century. Mrs. Harris came here in 1891 with her parents Rev. Mr. and Mrs. M. G. Cottrell, who located south of Iowa Park. In 1895 Mr. Harris came to this section, locating south of town also, and in 1898 the couple were married and have made their home here.

Mrs. Will Burnett, who before her marriage was Miss Maggie Denny, is still another of the "Denny Girls," daughter of Mr. and Mrs. L. C. Denny.

Mrs. Boone Smith, a native of Virginia, came to this section in the spring of 1884, when her father located on what was then known as the Roller Place on the Wichita river. This farm is known today as the Fassett-Tuttle lease. Mrs. Smith was married to D. Boone Smith in 1896 and made her home here.

Mr. and Mrs. W. F. George are another couple who each came to Texas from other states, met and made a home in the newly settled section of Wichita county. Mrs. George as Miss Nellie Weeth, came to this county in 1889 from Nebraska. The family settled on a farm six miles north of Iowa Park. In 1890, Mr. George came to this section from Tennessee, and settled one mile farther north than the Weeth family. The couple were married in 1911, and made their home on a farm north of the city until a few years ago when they moved to Iowa Park, where they now live.

Jack Ralston, known in the early days as "Bicycle Jack," has spent his entire life, with the exception of four years, in this county. Jack was born here in 1899, the son of Mr. and Mrs. James Ralston. He was one of the local boys who answered the call to colors in 1918 and served several years in the army.

Mrs. W. H. Downing came to Wichita Falls in 1884 as Miss Gentry, daughter of Mr. and Mrs. G. W. Gentry. The family located on Ohio avenue where the father operated a harness shop. Miss Gentry became Mrs. Downing in 1889 and continued to live in Wichita Falls, her present address being 2011 Speedway. The first Old Settlers celebration which was held in about 1918 at Fries grove was attended by Mrs. Downing.

Mrs. Lilly Hooks came to this county in May 1888 with her parents Mr. and Mrs. Ben Ferguson, who formerly lived in Bell county. The family was another that located in the Valley View community. Mrs. Hooks became the bride of Dan Hooks in 1908. Mrs. Hooks told of the first school ever conducted in this section, when Miss Laura McBeth was the first school ma'am, and the school was conducted in the Ferguson with the present Mrs. Will Bullock of Eureka Springs, Ark., Mrs. McGrath of Wichita Falls, Mrs. Miller of Colorado, and the Norwood, Black and Ferguson children as the students.

Callie Helton Henson came to Wichita Falls, June 1, 1890, from Abilene with her parents Mr. and Mrs. Joe Helton. The family home was on Indiana avenue. She married A. C. Henson on May 21, 1900, and moved to the Henson ranch where they resided until 1917. Mr. Henson located the Circle A H ranch on Beaver creek in 1888. Mr. Henson died in 1927 and the ranch was sold to N. H. Martin and has since become a part of the deep oil field. Mrs. Henson makes her home in Iowa Park.

Mrs. Sallie C. Matthews is another of the pioneers who came to this section when it was literally in the raw. Mr. and Mrs. Matthews lived north of town for many years on a ranch, and Mr. Matthews was actively engaged in the cattle business until ill health forced him to retire several years before his death. The family came to this section in December of 1892 and Mrs. Matthews can tell many stories of the hardships and privations suffered by the early settlers during the long winter months and the equally irky summer months.

Floyd Billingsley of Wichita Falls came to this county in 1899 from Midlothian, Texas. The family settled in the Allendale community, where the father farmed for many years. Mr. Billingsley was married in 1911 to Miss Ollie Hendricks, and the family now reside in Wichita Falls.

Mrs. Lottie Denny Lochridge is still another of the Denny girls, and was born in this county. She too, married a Lochridge, which family came to this section in the early nineteenth century. Mrs. Lochridge is prominent in social and religious circles and is serving as president of the Parent-Teacher association this year (1938).

Walter S. Willard declares that he might be classed as a "native" as he was born here in 1887, the son of Mr. and Mrs. E. E. Willard who lived on a farm northwest of Iowa Park for many years. Walter, however, was born while the family lived between Wichita Falls and Lake Wichita on Holliday creek.

Mr. and Mrs. R. W. Cornforth are another couple who came to this section as young people. Mr. Cornforth came from Waco with his parents in 1890, the family settling north of town on a farm. Seven years later Miss Grace Burch came with her parents from Mississippi and settled two miles south of Iowa Park. It seems that these young men, though not equipped with V-8 cars, still managed quite successfully to meet the young ladies on nearby farms. The couple were married in 1904, and save for a few years spent at Waco, have lived in or near Iowa Park since.

O. E. Lochridge came to this county in 1907 with his parents Mr. and Mrs. L. N. Lochridge, from Tarrant county. The family settled on a farm on the south edge of the city limits. Mr. Lochridge was married to Miss Lottie Denny in 1919, the couple making their home here for several years. Later they moved to McLean, and three years ago moved back to Iowa Park.

plane last week to visit friends and relatives. She also went to Dallas to visit with Mr. and Mrs. Bob McDonald. Mrs. McDonald and Miss Bains were Iowa Park schoolmates. She returned to Iowa Park on Sunday before leaving by plane for California.

Mrs. F. E. Hill received word on Wednesday of the death of her brother-in-law D. E. Bowling, at his home in Annona.

Mrs. W. G. Kitchell and little daughter Kathy Lynn are visiting her parents Mr. and Mrs. John B. Barbour.

Mr. and Mrs. Noel Troutman of Floydada, Mr. and Mrs. G. L. Troutman of Dumas were here this week as guests of their sister Miss Mina Troutman. They spent Tuesday at the Pioneer Day celebration of the Fair.

A LETTER TO THE HERALD:
We are sending check for a year's subscription to Iowa Park Herald. Please state in your paper how we miss our old friends of Iowa Park. Please send paper to T. J. Riley, Putman Street, Apt. 6, Sulphur Springs, Texas.

Pioneers Have Annual Reunion

Twenty-four were at tables and many in the kitchen and other parts of the house Tuesday night when the Parks and the Lowrances entertained with a dinner party for old friends back for Pioneer Day at the T-O Fair. The entire evening of this special day was spent in the home of Mr. and Mrs. Gayle Park east of town.

Coming from Louisiana, Oklahoma and many places in Texas, the group enjoyed themselves thoroughly and plan to be back for the annual festivities.

Those entertained by Mr. and Mrs. Park were:
F. T. Staton and Mrs. Blanche Thompson Staton of Shreveport.
Len Troutman, Mrs. Hattie Love Troutman, Mr. and Mrs. Fletcher Love of Dumas.

Mr. and Mrs. Noel Troutman of Floydada.

Mrs. Cleo Logan Shiert, Mrs. Dalsy Stanfield Arrington, D. L. Arrington Jr. of Dallas.

Mrs. Kate Stone Emanuel of Oklahoma City.

Mrs. Louelle Camp Williams of Ardmore, Okla.

Mrs. Hattie Stanfield Cox of Frederick, Okla.

And from Iowa Park Mrs. Mary Putman, Mrs. Lucy Birk, Mr. and Mrs. Ernest Birk and Beverly, Miss Mina Troutman, Miss Hazel Crites, Miss Clara Lowrance, Mrs. Tirzah Crites Portis, Locke Lowrance, Mr. and Mrs. Gale Lowrance and Linton Gale; Mrs. Ruth Lowrance Cooksey, Joline, Sarah and William Louie; Robert B. NASHUA-- the 'magic' blanket

Modern scientific "magic" now gives you a beautiful, warm blanket that moths won't eat! When you own a Nashua Purrey blanket, you can forget about old-fashioned summer moth protection.

A Nashua blanket is different from any blanket you've ever bought. It's remarkably warm, yet light as a cloud, with a soft, fluffy nap that looks for more expensive than its modest price tag. This patented blend of scientifically processed rayon fibers and wool makes a Nashua Purrey blanket warmer than many costing nearly twice as much. Only Nashua gives you these rich, "snow-flecked" colors, matched with wide rayon satin bindings.

only 7.95 for the 72x90 size

---warmer than many costing up to twice as much. ---guaranteed against moth damage for 5 years.

We have a large new shipment of blankets in all sizes and colors. Every one is a true winter-use value.
