Williams-Shirley Rites In Putnam

Kathy Sue Williams, daughter of Mr. and Mrs. J. A. Williams of Putnam, became the bride of Glen Gaylon Shirley, son of Mr. and Mrs. Jewel Shirley, also of Putnam, Thursday, Oct. 31, at the home of the bride's parents. The bride's dress was of white brocade satin with long sleeves, empire waistline and full skirt. Her short veil of nylon net was suspended from a coronet of satin and rhinestones. She wore a pearl necklace and her corsage was of pink carnations. Her only attendant was her sister, Mrs. Joyce Choate of Abilene, who was dressed in light blue taffeta with a corsage of white carnations. The bridegroom was attended by Jack Francisco.

Rev. Roy Evans, pastor of the Assembly of God Church of Abilene, read the double ring ceremony. Only guests were members and close friends of the immediate families from Putnam and Abilene.

The couple are popular members of the Junior and Senior classes of Putnam High School where they will continue their studies. The bridegroom also is employed as a welder at the H. E. Wagley Garage and Welding Service.

Robert Fowler visited in Cottonwood and Cross Plains last week.

About Your Health . .

Ridding school lobbies and cafeterias of soft drink and candy vending machines would be one of the most important contributions school officials could make toward better dental health for children.

While the full relationship between diet and dental caries has not yet been firmly nailed down, researchers are in agreement on this: sugar -- including that in candy and soft drinks -- is a distinct factor in the process of decay.

Practically all pastries and confections contain quantities of sugar. A candy bar may have five to 20 teaspoonsful; a piece of cake has 15; a bottle of pop three to five.

We Americans consume 10 times as much sugar per person as our great-grandfather did 100 years ago. We use three times as much as we need for energy requirements.

Not only does sugar intake provide fertile food for acid-producing bacteria, but it also spoils the youngster's appetite at mealtime.

Saliva furnishes a buffering action against ordinary amounts of sugar taken into the mouth at mealtime. But if a person nibbles on candy or cookies several times daily between meals, saliva cannot cope with acid buildup.

This applies to adults as well as to children, but is more meaningful to youngsters since habits they learn in youth carry over into maturity.

The significance of a diet low in refined carbohydrates has been pointed out in recent university studies. Dental patients kept on such a diet for a certain period of time show a sharp

reduction of acid-producing bacteria in the mouth.

After successfully concluding treatment for their dental ills, these same patients were able to return to a diet with moderate amounts of carbohydrates and yet remain relatively free of dental disease.

The State Health Department now has a service whereby saliva specimens may be submitted to be checked for decay-causing organisms. When the laboratory analysis is completed, the Department will recommend a diet designed to overcome those organisms. The service is available only through practicing dentists, and is intended for adults and children highly susceptible to dental decay.

Some people are able to eat lots of sweets and still be immune to dental disease. The answer seems to be that something in the mouths of such people is lethal to acid-producing bac-

teria. An estimated three per cent of the American population is caries-immune.

Walk into almost any public school in Texas and chances are you will see bright-hued dispensers of dental decay. Until they are replaced with milk dispensers, our talk of good dental health for children is meaningless.

Week end visitors in the home of Mr. and Mrs. Fred Hart were Mr. and Mrs. J. C. Hart of Midland, and Mr. and Mrs. Bill Hart of Lubbock.

ture. Mrs. Morton Whitley went to Big Spring to care for her daughter and new grandbaby. She came home and was hospitalized with the flu and later developed pneumonia. We are hoping she will soon be well again.

I've noticed an oil drilling rig over near Denton Valley lately and I believe it's on the J. J. Le-hew place.

Well, we've lost another family from near Denton Valley. I don't know but it seem to me these ducks have their seasons crossed up some way as they, Mr. and Mrs. Tom Odum have moved to South Dakota. Hope they don't freeze out, and enjoy their new home.

Oplin Observations

By Daphne Floyd

Our week end weather was "same song, second verse" - in other words more rain. But who am I to complain for I had longed to see the "good old days" that grandpappy used to speak of - when it rained.

Funeral services were held at Oplin Sunday at the Church of Christ for Mrs. Lon Dickson, who passed away Saturday at her home in Tuscola from a heart attack. Mr. and Mrs. Dickson were long-time residents of Oplin. Mr. Dickson had preceded her in death several years back. She is survived by two daughters, Mrs. Helen Breeding of Oplin and Mrs. Myrtle Lawrence of Baird; two sons, Hugh Dickson of Baird and Marvin Dickson of Lubbock.

Now guess who has the mumps? Why it is LeRea and Donald Mack Poindexter.

Mr. and Mrs. Ed Lee Floyd and daughter, Vicky, of Abilene, visited Sunday with her mother, Mrs. Etta Poindexter. Later in the afternoon, they stopped for a short visit with his brother and wife, Mr. and Mrs. Ray Floyd.

Guess who had a birthday last week. Some little boy named "Hoot" Walker and he was four years old.

We all enjoyed the little get-together over at the home of the Jones's Halloween night. Also the spooks who came trick or treating.

Mr. and Mrs. Wendell Smith and family visited her parents, Mr. and Mrs. B. L. Hock of Clyde Saturday night.

My, isn't this rain something to be thankful for?

Mr. and Mrs. Wendell Smith and children were dinner guests in the Claxton Jones home Sunday.

Judge Sarah Hughes Fights Delinquency

(Editor's Note: This is the first of a series of articles on the state's growing problem of juvenile delinquency by one of Texas' foremost authorities on the subject, District Judge Sarah T. Hughes of Dallas, who has handled more than 25,000 juvenile and family relations cases, along with an even greater number of other civil cases in 22 years on the bench. "Family law is probably the most important phase of the law," says this internationally known jurist, whose work has been honored in Europe and Asia as well as the United States, and whose name was put in nomination for the vice presidency of the United

States in 1952. A discussion of a different aspect of the problem will appear every other week.)

Many helpful things can be done to counteract our mushrooming problem of juvenile delinquency - and they must be done by individuals and organizations, as well as by parents.

In fact, I have become somewhat irritated with parents getting so much of the blame for this problem. The changed conditions of modern times impose a great responsibility on the community as well as on parents and we as members of the community must examine the need and get busy providing more of the remedy.

For instance, more boys are arrested for auto theft than for any other crime. Unlocked parked cars are a great temptation for boys who have time on their hands and yearn for a car of their own.

How do the changed conditions of living and of children's growing up affect our youngsters? In the generations immediately past, children had a big place in family life: They had jobs to do - many important chores around the home and, often, the farm - and so a child had the sense of importance, of his own worth, that all of us must have. There was little time for the idleness that breeds mischief.

Today is marked by the industrialization of cities, the high percentage of cars available to

teen-agers, movies, picture books, TV (much of all this with subject matter beyond the adolescent's ability not to grasp but to digest properly) and very few chores around the home. So the job of the parent is much more difficult today than it used to be - and much more time-consuming.

What is the responsibility of the community? It is to counteract these changed conditions with all the insight that it can summon and with all the means that it can muster, in a deeply serious effort. Here are some suggestions I have developed from the thousands of juvenile cases that have come before me in my 22 years of handling civil cases as a district judge in one of the populous areas of our state:

1. We must provide much more thoroughly for the time that young people have on their hands these days by establishing and supporting far more widely and completely than we now do such character-building organizations as Boy Scouts, Girl Scouts, YMCA, Junior Achievement, club gardens, etc.

2. We must provide more community centers, "teen cantens," parks, schools, churches. And these youth centers must be organized in units small enough for adequate supervision so that they themselves do not become centers for delinquency.

3. As well as offering organizations and leadership in these group projects, the community's individuals must try to make

themselves good friends to children on a personal basis, must listen to them, share with them, encourage them, give them jobs.

4. But the community's responsibility doesn't end with the provision of character building facilities. The community must provide more adequately by far than we now do for those who become delinquent. We must increase detention facilities and raise the number of parole officers, among other things. We have come a long way from 1828 when, in New Jersey, a 13 year old boy was hanged for theft. But we still have a long way still to go.

How we can get on the road will be discussed in my next article.

Duck Season Due To Be One Of Best

AUSTIN - Cold weather of the past week has put a big push not only behind ducks but hunters, according to the Director of Wildlife Restoration of the Game and Fish Commission.

The 1957 season on ducks and geese promises to be one of the best in years, according to reports of both biologists and wardens who have been making spot checks. There are more places for ducks this year than ever before, with every pot hole in Texas filled in the spring and refilled by the early fall rains.

The flight from the north has been good. Crop conditions and fresh water along the Texas

coast all add up to good prospects.

Hunters also had another warning. The limit on ducks is 5 a day or 10 in possession after the first day. The limit is six geese, with no more than 6 in possession.

If you hunt outside your own county, you need a state license. If you hunt ducks or geese you must have a Federal Stamp, costing \$2.

All shotguns must be plugged to hold no more than three shells. The use of a motor or sail boat for hunting is prohibited except in going to and from blinds or picking up cripples.

Blinds are valuable for hunting at all the major lakes in the state and along the coast.

Dr. T. B. Hadley has just returned from Carver Chiropractic College at Oklahoma City, where he took a refresher course for renewal of his 1958 license.

A NEW KIND OF CAR IS BORN!

Tomorrow at Your Pontiac Dealer's!

BOLDEST ADVANCE

IN 50 YEARS!

THE GOLDEN JUBILEE CAR!

It's a revolution on wheels—boldly planned from the very beginning as a Golden Anniversary showpiece for Pontiac and General Motors.

This one you really must see—here is a car unlike any you have ever known! This Golden Jubilee Pontiac is actually an all-new breed of cars—in four brilliant series and 16 sleek models covering virtually every price bracket.

In all of them you'll find engineering advances so daringly different yet so basically sound that they will trigger the next big change in automobile design. You'll find a few of these ideas illustrated here, but even they can't begin to tell the full story.

Why not be among the first to discover the newest. When you meet this bold new Pontiac, you're in for a driving thrill that is impossible to duplicate in cars of conventional design. So make it a point to see your Pontiac dealer soon and prove to yourself that no car in history ever left yesterday so far behind!

Ever-Level Air Ride*

The most perfect suspension system ever designed—and Pontiac's revolutionary Aero-Frame is specifically designed for it! Air cushions on all four wheels literally float you over the bumps... keep the car perfectly level regardless of load or road!
*An extra-cool option.

Aero-Frame STABILITY

Here is the biggest basic construction change since the early days of motoring. Pontiac's revolutionary new frame design is lighter, stronger, more stable than the conventional box type used on other cars.

Circles-of-Steel SAFETY

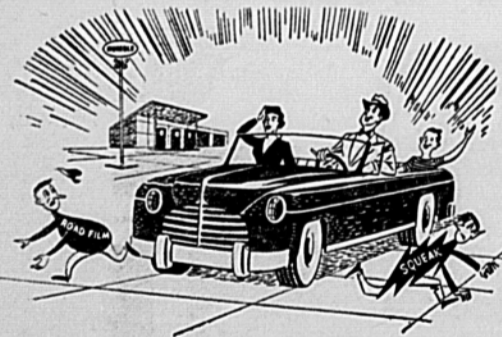

Pontiac's completely new body construction surrounds you with girder steel protection—above, below, fore and aft. Now you can drive with wonderful new peace of mind!

Quadra-Poise ROADABILITY

Only the wheels know where the bumps are! Pontiac's new suspension geometry ends, dips, sway and bounce to bring you the smoothest ride, easiest handling you've ever known!

Tempest 395 PERFORMANCE

Try Pontiac's new faveled-action response! Scores of exclusive engineering innovations make Pontiac's hefty power plant a miracle of smoothness... and you can choose from four horsepower ratings including Tri-Power Carburetion* and Fuel Injection*.

Wouldn't you rather drive a clean, squeak-free car?

Of course you would. And it costs so little, takes so little time to have your car washed and properly lubricated at our Humble sign. Trained men do both jobs under careful supervision.

Let us wash your car every time it gets dirty; be sure to let us lubricate it after each 1000 miles of driving.

Call and we'll send for your car, or stop by and let us take you home or to the office. Your car will be ready at the agreed-on time.

Union Usuals and Unusuals

By Veda Yarbrough

Hi, neighbor! We still having rainy weather. Rained one inch and three-tenths last night and today, which is Sunday. So bad and rainy today I didn't go to church. Sure do hate to miss church.

Jess and Daisy Burnam of Idalou spent Friday night with the Mark Burnams. We were sorry to hear of the passing of Daisy's sister, Mrs. Bertie Zant last week in Abilene.

Had it not rained the past week, Dick Yarbrough would have got all his cotton pulled. Lacked two bales or more getting through.

Mark, Ollie and Gayle Burnam were all on the sick list last week. Gayle was able to go back to school Thursday. Ollie is better. Mark is just now taking the stuff called flu.

Roma McIntyre was carried to Callahan Co. Hospital about 5:30 Friday morning. Was able to be brought home today. Mrs. Clint McIntyre is visiting with John and Roma a few days.

John's dad passed away in his home last Wednesday morning. We were so sorry.

Mildred Carter spent last week with us.

Today, Monday, November 4, is Gayle Burnam's birthday. She is a young lady of thirteen now.

John, Roma and John's mother, Mrs. Clint McIntyre, visited with Jim and I a while this evening.

Mr. and Mrs. Weldon Isenhower attended the funeral last Thursday in Oplin for Mr. C. A. McIntyre.

The Study Club met with Ollie Burnam Monday despite inclement weather. Several attended. Had a good meeting. Sorry some were sick and not able to attend.

This is Tuesday morning and still raining, so there will not be any cotton pulled in this vicinity this week.

We were very sorry to learn of the death of Dr. Don Wilson Sr. He is the father of Don Wilson Jr. whom we all learned to love while he was news reporter on TV. Don is the son-in-law of Mrs. Naomi Heyser. Our deepest sympathy to all relatives and friends.

Not any thing exciting out this way, so be good and I'll be seeing you next week if Sputnik don't get me, which I hope it doesn't.

Girl Scout News . . .

Several Girl Scouts and their friends went to the home of Mrs. Lea Macdonald Saturday and helped in getting the TB Seals ready for the mail. Mrs. Macdonald is chairman of this sale in Callahan County.

Girl Scouts who helped were Artie Mae Stokes, Linda Drennan, Nancy Gardiner, Kisty Ross, Donna Drennan, Carol Lynn

McGowan, Karen Bearden, Janice Hatchett.

Others who helped were Janet Ross, Linnea LaCour, Charlene Shelton, Karen Towler, Jerri Lou Barnhill, Mrs. Morgan Stokes, Mrs. Frank Gardiner and Mrs. Don Drennan.

There will be a Training Program for Girl Scouts and Brownie leaders Tuesday, Nov. 12, in the basement of the Methodist Church.

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the Commissioners' Court of Callahan County at the Callahan County Courthouse, Baird, Texas, until 10:00 a. m. on November 25, 1957, for the Elevator Installation in the Callahan County Courthouse.

Proposals must be plainly marked on the envelope with the project, date of the bid opening, and the name of the bidder. Proposals shall be made on the following work:

General Construction Contract (Including all subcontracts) Elevator Subcontract.

Each bid shall be accompanied by an acceptable bid bond or a cashier's check issued by a bank satisfactory to the Commissioners' Court in the amount of five (5) percent of the largest possible total of the bid or bids submitted. Bond or check shall be submitted as a guarantee that the bidder will enter into a contract and execute bonds and guaranty as called for in the specifications.

At the above hour the bids will be opened and publicly read. Bids received after closing time will be returned unopened. Telephonic or telegraphic bids or alterations will not be considered.

Attention is called to the fact that not less than the prevailing wage rates paid on similar work in the Baird area at the bid opening date shall be paid under the contract.

Plans, specifications, and proposal forms may be obtained at the office of William E. Fox, Room 121 Garrison Bldg., Abilene, Texas. Plans may be examined without charge, and may be secured for bidder's use upon deposit of \$25.00 per set. Deposit is refundable upon return of plans in good condition within fifteen (15) days after contract awards.

Wednesday Club Holds Meetings

The Wednesday Club met on Oct. 23 in the home of Mrs. M. L. Stubblefield, with fifteen members answering roll call with current events.

The study for the afternoon was on "Nicaragua and Costa Rica." Mrs. Blackburn and Mrs. Fetterly gave interesting talks on the subjects. Mrs. V. E. Hill gave two violin numbers, accompanied at the piano by Mrs. M. D. Bell.

A delicious salad plate was served as refreshments.

The Wednesday Club met Oct. 30 in the home of Mrs. E. J. Hill. Mrs. W. A. Fetterly gave the invocation. Seventeen members answered roll call with "Present Day Artists."

Art and Education was the subjects for the afternoon. Mrs. Oilliland spoke on Latin-American Art. Mrs. Hill gave an interesting talk on new books for children.

A delicious plate was served by Mrs. Hill.

- New deep-sculptured styling
- New Interceptor V-8 power
- New Cruise-O-Matic Drive
- New Ford-Aire Suspension
- New Magic-Circle Steering

The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

Here's a car so new, so beautiful it made eyes pop from Paris to Pakistan . . . a car so rugged it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the world's most beautiful new bargain!

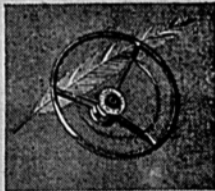

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. Smoother power! From less gas! One secret is Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for all normal driving, lets you move smoothly, automatically—with just a touch of your toe—from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air pillows literally soak up the bumps! And Ford's new air suspension relieves the car every time someone steps inside or luggage is loaded. An extra cost option, you get all this at traditionally low Ford prices!

You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Come in and try it!

Come in today... Action Test America's only world-proved car!

SWEET AND SOUR
(Continued from Page One)

never have royalty been served by a more impressive court. Ann Dennis and Leonard Payne were the junior representatives, Linda Bryant and Justin LaCour were from the sophomore class while Linda Schafer and George Westbrook, freshman couple, completed the four classes of high school. Organizations and clubs had their favorites and the band chose Barbara Snyder and Billy Cummings, the football team's representatives were Louanna Ault and Jimmy Barnes, the FHA chapter's favorites were Pat Joy and Dale Coley and the FFA chose Virginia Barnes and Danny Smith to be their royal couple. The FFA sweetheart was Mary Ross, and the FHA beau was Mike Odom. Janis Abernathy and Terry Joy represented the annual staff while Artie Mae Stokes and R. L. Smedley did honors for the Bear Facts staff. Dramatics club chose Helen Walker and Taber Bearden. Evangeline Ramirez and Robert Suniga were Spanish Club sweethearts, Billye Ruth Walls and Bill Edwards were the Library Club favorites, and Martha Payne and Joe Lynn Ault represented the Student Council.

Grade school wasn't slighted in the least and, beginning with the first grade we had Janet Alexander and Jimmy England

as prince and princess, from the second grade, Ann Glasson and Jimmy Alexander, third grade Ann Barry and Ricky Joy, fourth grade Shirley Allman and James Jaggars, fourth grade Betty Lou Corn and Byron Snyder, fifth grade Sally Green and Tommy Bridges, sixth grade Lois Weed and Larry Morrison, seventh grade Linnea LaCour and Johnny Higgins, and eighth grade, Dorothe McKinley and Billy Smith.

No report of the coronation would be complete without mention of the tiny tykes who just walked away with the show -- Sharla Kay Ford, looking for all the world like a precious doll, informed us that she was supposed to "ride on the Queen's train" but she just as soon there wasn't so many "Indians" on it too. (Come to think of it, "Indians" describe those wild and wooly spooks rather aptly, doesn't it?) Shelia Smedley, with her honey blonde curls was pretty as any picture as the second train bearer, and Tiny Doris Ann Shelnett with her yellow nylon dress was flower pretty as the crown bearer, and of course, brown-eyed Ricky Jaggars, her partner was cute as a button.

Saturday afternoon was a gay time at the Lea Macdonald home. Mrs. Macdonald, chairman for the Annual Christmas Seal campaign for Callahan County, held an "envelope stuffing" party for girls of the local

Scout troops. Girls assembled at the Macdonald ranch home north of Baird, and under the chairman's supervision, stuffed TB Seals into envelopes for the Christmas mailing. After the afternoon's activity, tea was served to Donna Drennan, Kity Ross and Nancy Gardiner of Troop 1, Karen Bearden, Jenice Hatchett and Carol Lynn McGowan of Troop 2, Linda Drennan and Artie Mae Stokes of Troop 5, Janet Ross, Linnea LaCour, Charlene Shelton, Karen Towler, Jerry Lou Barnhill, Mrs. Morgan Stokes, Mrs. J. D. Drennan and Mrs. Frank Gardiner.

Happy birthday to a couple of young men with November birthdays -- Guy Curtis and Kerry Wayne Walton.

And guess what David and Mack Sutphen received for Halloween presents -- four beautiful daschund puppies. Now Hansel and Gretel (mom ' pop) have four sons to boast of in doggie circles.

And it's always good news when a boy gets a dog so that's why we tell you that Calvin Barnes is the proud owner of a black shepherd puppy.

And that ties it for this week -- and before we sign 30 -- remember to let us in on the November birthdays you know about, we appreciate it.

Mrs. C. F. Holley visited her sister, Mrs. P. L. Lawson in Abilene a few days last week.

Mr. and Mrs. C. E. Boydston of Bakersfield, Calif., arrived Wednesday in Baird for visits with his brother, Will Boydston; two sisters, Mrs. J. C. Barringer and Miss Myrtle Boydston, and niece Mrs. Corrine Barringer and other relatives.

Mr. and Mrs. Aubrey Loper and family, of Medford, Ore., are visiting friends and relatives here this week.

Mr. and Mrs. R. H. Jackson and daughter, Joan, of Midland, visited Mrs. G. W. Crutchfield over the week end.

George Jones was one of 11 students senators chosen from the senior class in elections at NTSC.

Mrs. Fred Cummings visited Mr. and Mrs. Donnie West in Pasadena this week.

Mr. and Mrs. Jimmy West and family, of Pasadena, visited Mr. and Mrs. C. W. Price and other relatives here over the week end.

CARD OF THANKS
I wish to thank all my friends for the cards, letters and beautiful flowers sent to me while in the hospital. It certainly made my stay more pleasant.
Mrs. Lena Melton

Week end visitors in the Willis Baulch home were Mr. and Mrs. Rex Baulch and family of Gainesville, Richard and David Self, of Abilene.
