Graduate Nurse

Miss Madolyn Cutter, daughter of Rev. and Mrs. Addison Cutter of Iowa Park, was among the 46 students in the school of nursing, Methodist hospital of Dallas, commencement exercises held at Friday. This was the largest class ever graduated from the school.

A feature of the service was a vocal solo "The Lord's Prayer" by Mr. Cutter.

Miss Cutter received two high honors. She was valedictorian of the class and was chosen the most representative student. Madolyn is a 1951 graduate of Waurika (Okla.) high school, where she was a member of the National Honor Society. She received the BA degree from SMU, Dallas, in 1955 with a major in psychology and minor in religion. That same year she entered the school of nursing.

Miss Cutter served as president of the Dallas-Tyler regional Student Nurses organization. In 1957 she was a delegate to the national meeting of Student Nurses held in Chicago, and this year she went as a delegate to Atlantic City.

Madolyn plans to join the school staff and teach in the department of nursing arts.

THE BALANCE OF POWER

Developments in the Middle East have caused Washington to look upon our \$8 billion stockpile of farm commodities as one of our strongest assets instead of the burdensome liability of only a few weeks ago.

In an area of the world where hunger is always present, and starvation is a constant threat, an abundance of food supplies gives the Free World an advantage that can, in the long run, be more decisive than nuclear weapons.

Last summer, Nikita Khrushchev told an American television audience that Communism would win its contest with Capitalism when the Soviet's per-capita production of meat, milk and butter surpassed that of the United States.

He was reminding us that a nation is as strong as its agriculture, and he was acknowledging that the balance of power between Communism and the Free World is in the hands of the American farmer.

More than the great destructive power of our A-bombers, the communist leaders fear hunger. They have been unable to build a defense against the threat of starvation in almost 40 years of strenuous efforts.

Intelligence reports from behind the Iron Curtain reveal that Russia, China and their satellite nations have a food reserve of less than 90 days. Some estimates place the reserve as low as 60 days.

In contrast, the United States has in storage or nearing harvest a

ABUNDANT LIFE
by ORAL ROBERTS
HOW TO LIVE IN A DANGEROUS WORLD

Our world is a fearful world. People are filled with fear and foreboding. Often it seems that nuclear warfare is very imminent. Many times I am asked what should be our attitude at a time such as this.

My answer is this: We are not to hide within ourselves. Neither are we to turn from the actual conditions of the world or from God himself.

When world conditions become serious, many people revert to childhood. When you and I were little and had to face unpleasant things, we immediately would run to our mother or father. We felt if we could withdraw ourselves from the older children who were trying to oppress us, or from conditions too great for us to comprehend, that it would all smooth out.

Sometimes we still do that. We withdraw into shells. We build a wall about ourselves and shut out the forces that should touch our lives.

An old father says: When Adam was expelled from Eden he sat down under a tree and slept. While he slept the four spirits of Earth, of Water, of Air and of Fire, stole man's soul and made off with it.

Then the problem arose: How could they hide man's soul so that he could never find it?

Earth's spirit said, "I will hide it in my depths"; the spirit of the Waters said, "I will sink it in the deepest waters of the sea"; the spirit of the Air suggested, "Let me hide man's soul beyond the farthest star."

But the Fire's spirit said, "None of that will work. Man can dig into the earth. He can invent a ship to sail be-

Reflections from the Bible
By Ray Marcum, Minister Iowa Park Church of Christ

With this article my work as writer of "Reflections from the Bible" will be over. For over two years this column has appeared in the Herald.

I appreciate knowing that hundreds have read these thoughts. Two adults and possibly more have been converted to the Truth largely by what they read here.

I realize full well that all my readers have not agreed with me in all I have said. That, of course, is every man's privilege. But the fact still stands that I have taught what the Bible teaches in every article that has appeared in this paper. The man doesn't live who can find a single article I have written which he can show to conflict with the Bible.

This column hasn't been written to please men; therefore I have not had in it what men believe or teach. I have written it to please Almighty God and therefore it has contained what God Almighty says. And now I take my leave of you. It is a little hard to do for I have made many friends here. If I have been in the least instrumental in leading you closer to the Lord and doing his will, I am humbly grateful. May each of you so live that the Lord's richest blessings rest upon every one of you, is my feeble prayer in His name. adv

ANTIQUE PLANE STILL FLIES AND SHINES

It was way back in 1938 when the above "Sea Bird" first took off into the blue. And the proud craft still appears pristine while flying in today's air shows. Her lightweight stainless steel skin has remained durable despite 20 years of amphibious service and exposure to all kinds of weather and fuel exhausts. The metal itself has retained its original finish. These same qualities of stainless steel are being put to use today in modern planes, missiles and satellites of the space age.

Places - People - Things - Juniors

by Pap Simpson

Last week was a wonderful week for me in spite of the heat. On Tuesday, July 29, I attended the centennial celebration of Montague county, and this particular day it was in Saint Jo. What a celebration! I'll never forget it.

I once drove the mail back from Saint Jo to Illinois Bend and return, a distance of a fraction over 31 miles round trip. Six days a week, holidays and all. That was the reason that I was so eager to attend this particular day. Soon after we arrived (the little spouse accompanied me) we walked around the square for a look at the antiques and I never saw so many.

Somebody said "Ice cold lemonade here." We said yes, and when we had drunk all we wanted I made the usual fumble, and the man said, "No charge; all free."

We heard a wonderful speaker and then had a delicious barbecue "dinner." Yep, they still eat supper down there. All of this to tell you that everything was free. Bottled drinks at a service station "Free." They were nice to their guests and there were lots of guests, and believe you me somebody put some "lettuce" on the barrelhead to give away so much to celebrate their birthday. Stores all closed, so nowhere to buy anything.

They had a nice parade with a fine band from Sheppard AFB. Indians dancers, and were to have a street dance later in the evening.

After the parade I drove to Illinois Bend but not on the old route. They have changed the road and I saw only one house that I recognized. No post office in Illinois Bend any more, but the old gin was there, and one store and filling station.

There must be a wonderful co-operation between townsmen in Saint Jo to throw a party like that, and as I said, "all free."

On Friday (my birthday) I drove to J. C. Thomas' house and as far down South Street as I could, parked and took off through the timber to see the old camp meeting tank. It was also gone but I could make out where part of the dam used to be. This tank was located on a 10-acre tract that belonged to the Methodist church in early days but is now owned by the Britton estate. The Methodist circuit rider used it for a pasture for his horse, but it was set up for a place to hold revival meetings under a brush arbor and people would come and camp during the meetings.

I do not recall these meetings myself but have heard people talk of them. The last one held there was in the early fall of 1892, according to my mother. And we used

to call them Protracted Meetings instead of revival meetings. Hmm, wonder why the change?

The Junior class of Iowa Park High School will hold the second bake sale Saturday morning, Aug. 16 at Parker's Food Store.

Class members and room sponsors are also working on their Fair booth project. Each year the junior class operates an eating stand at the T-O Fair.

Rev. and Mrs. Addison Cutter and daughter Madolyn and two of her classmates Miss Mildred Easterly and Miss Betty Chaney will leave next week for a vacation in Colorado. The three girls were recently graduated from the school of nursing, Methodist hospital at Dallas.

Miss Lou Ann Gay flew to Monroe, La., this week to visit Mr. and Mrs. John Mahler. She will return home with the Mahlers next week.

Mrs. T. A. Uhrich and her daughter Mrs. C. G. Moore of Saudi Arabia returned recently from Durango, Colo., after visiting with Mrs. Moore's daughter Mrs. Charles Schumacher and family.

Mr. and Mrs. H. J. Gore of Freeport were recent visitors with Mr. and Mrs. L. Lovelace. Mrs. Gore is a sister of Mr. Lovelace.

High school and junior high cheerleaders have started practice for the coming football season.

High school cheerleaders are Peggy Toler, Kathy Teal, Billy Barnes, Peggy Underwood, Gayla Lynn and Jolin Fox.

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

SJR #3—Number Nine on the Ballot.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.

SENATE JOINT RESOLUTION NO. 3 proposing an amendment to Article IX of the Constitution of the State of Texas, by adding thereto a new section to be known as Section 5, to provide that the Legislature may authorize the creation of a Hospital District coextensive with the incorporated limits of the City of Amarillo, Texas; authorizing the County of Potter to render financial aid to and participate in the operation of such Hospital District; authorizing the Commissioners Court of said county to assess and levy taxes on property outside the incorporated limits of said city; further authorizing a countywide Hospital District for Wichita County, Texas, and authorizing the creation of two districts in Jefferson County; and further providing that any enabling Acts shall not be invalid because of their anticipatory character.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby amended by adding thereto another section to be designated as Section 5, which shall read as follows:

"Section 5 (a) The Legislature may by law authorize the creation of two hospital districts, one to be coextensive with and have the same boundaries as the incorporated City of Amarillo, as such boundaries now exist or as they may hereafter be lawfully extended, and the other to be coextensive with Wichita County.

"If such district or districts are created, they may be authorized to levy a tax not to exceed Seventy-five Cents (\$0.75) on the One Hundred Dollars (\$100.00) valuation of taxable property within said district; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpayers voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as obligations are not incurred and not to exceed the maximum limit of Seventy-five Cents (\$0.75) per One Hundred Dollars (\$100.00) valuation, and no election shall be required by subsequent changes in the boundaries of the City of Amarillo.

"If such tax is authorized, no political subdivision or municipality within or having the same boundaries as the district may levy a tax for medical or hospital care for needy individuals, nor shall they maintain or erect hospital facilities, but the district shall by reso-

lution assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities, and to maintain and operate the hospital system, and the Legislature may authorize the district to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said Seventy-five Cents (\$0.75) tax. The Legislature shall provide for transfer of title to properties to the district.

"(b) The Legislature may by law permit the County of Potter (in which the City of Amarillo is partially located) to render financial aid to that district by paying a part of the expenses of operating and maintaining the system and paying a part of the debt of the district (whether assumed or created by the district) and may authorize the levy of a tax not to exceed Ten Cents (10¢) per One Hundred Dollars (\$100.00) valuation (in addition to other taxes permitted by this Constitution) upon all property within the county but without the City of Amarillo at the time such levy is made for such purpose. If such tax is authorized, the district shall by resolution assume the responsibilities, obligations, and liabilities of the county in the manner and to the extent hereinabove provided for political subdivisions having boundaries coextensive with the district, and the county shall not thereupon levy taxes other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the county.

"(c) The Legislature may by law authorize the creation of a hospital district within Jefferson County, the boundaries of which shall include only the area comprising the Jefferson County, DeWberry, Potts and Fort Arthur Independent School District, as such boundaries existed on the first day of January, 1957, with the power to issue bonds for the sole purpose of purchasing a site for, and the construction and initial equipping of, a hospital system, and with the power to levy a tax not to exceed Seventy-five Cents (\$0.75) per One Hundred Dollars (\$100.00) valuation of property therein for the purpose of paying the principal and interest on such bonds.

"The creation of such hospital district shall not be final until approved at an election by a majority of the resident property taxpayers voting at said election who have duly rendered their property for taxation upon the tax roll of either said District or said School District, nor shall

Holiday Teacher Asked to Help Write a Book

Follett Publishing Company
1010 W. Washington Boulevard
Chicago 7, Illinois
July 11, 1958

Mrs. Carrie Stegall
Holiday, Texas

Dear Mrs. Stegall:

For some time now we have been exploring the possibilities of producing a series of textbooks which would actually integrate (in instructional materials) the several separate fields of the language arts: hearing and listening skills, the various speech abilities and skills, written usage spelling, handwriting, and the related creative arts. While the series would eventually extend through secondary level, we're concentrating first on the elementary books.

So many people of high repute in the National Council of Teachers of English have recommended you to our thinking as one of the potential authors for this series that I had hoped to be able to get to Texas to talk to you personally about the possibility, but the calendar has run away with me.

Now, however, we would like to have a meeting of all our potential authors for the series with our president and vice-president here at Chicago offices on August

1, 2, 3, to get acquainted with each other personally, and to work out together the best plans by which we can start the actual writing of the books.

Expenses for the trip will be borne by Follett's and we'll make all the hotel reservations here as soon as we have confirmation from you of your coming. We hope, too, to include some "socializing and sightseeing" on our agenda. If too few are able to make this date we'll need, of course, to cancel out this time and attempt a meeting at a later date.

In my tentative planning I have considered you as one of the persons to write our Directed Activities, on workbooks which will accompany the children's texts. And not knowing your special grade level interest, I've thought of you for about grade 5. This placement, of course is strictly in my mind's eye, and can possibly be shifted around a little.

If you are interested in working with us on our teams of authors for such a project, will you use the enclosed airmail reply envelope for your confirmation on the bottom of this letter? We'd like to have your reply by return mail, if at all possible.

Sincerely
Dr. Bernardine G. Schmidt

Our Servicemen

Wichita Falls friends received a post card from Maj. Gen. Edward H. White, former commander of SAFB, saying he and family were on a six weeks tour of Europe. It was posted from aboard ship in the Straits of Dover. They expected to arrive in Germany the next day.

White told of meeting aboard ship Pfc. James Edwin Todd of Iowa Park. He reported Edwin seemed in fine condition and enjoying the trip. His parents are Mr. and Mrs. James Todd.

An article has appeared in the Oppaman, a small newspaper published in Appama, Japan, for the navy and marines there, telling of Lt. Col. James A. Etheridge was also given an aviation safety on behalf of this squadron.

Since the article appeared Etheridge has been promoted to colonel and is now in Formosa. He hopes to be back in the States by the first of next year.

He is son of Mrs. Adalyn Etheridge of Iowa Park.

Rev. Homer Thompson, pastor of the First Baptist church here, is at Fort Sill, Okla., for two weeks on active duty for the army reserve corps. He is a lieutenant colonel, having served as a chaplain in World War II.

Girls Club Sells Safety

By Jeanne Smith, Dodge Safety Consultant

At the Tuesday noon meeting of Lions club, Lester Brooks gave an interesting report of the recent International convention held in Chicago, July 9-12.

He told of the impressive ceremony in which flags of all nations having Lions club were presented. Lions clubs are established in 91 nations or geographical locations, but not all of these have separate flags.

A high point of the convention was the address given by Murray D. Lincoln, president of CARE. He said, "People have tools to fashion their destinies. Security, like happiness, evades direct research. We are in a revolution against hunger and disease.

"The U.S. is most responsible and we have the opportunity no other have. My faith comes from seeing people set up their own institutions and succeed with them. Nuclear stockpiles now can literally stop civilization.

"We can save the world by helping others to help themselves. The three great powers today are the USA, Russia and Oil."

Brooks told of another outstanding speaker, Dr. Werner von Braun, director of atomic missiles development program. Von Braun, late in World War II led 100 scientists to surrender to the Allies.

The great scientists made some impressive observations, such as: "Formula for any success is individual freedom of effort."

"It has been the egg-head who has accomplished the great things of civilization."

The non-conformist is God's best gift to humanity."

"The Soviet Union has a one-channel career society."

Mr. and Mrs. Brooks visited other points of interest on the way home from the convention.

Visitors Tuesday introduced by Lion Tamer Dan Barnes were Bill McGee and Tommy Thompson of Wichita Falls, Clare Waldo of Kalamazoo, Mich., and Danny Voyles of Iowa Park.

Seniors

Mrs. Chauncey Weiler entertained the senior room mothers with a lovely luncheon at her home on Thursday, July 31. A business report was made preceding the refreshments.

Present for the occasion were Mmes. Loyd Bell, Alan Berry, Wilburn Bedford, D. O. James, W. I. Lynn, J. D. Padgett, the hostess and her husband.

One of the main attractions of the day was Mrs. Weiler's "automatic dishwasher," which proved quite interesting to all the women present.

The senior class of '59 reports much progress has been made in preparation of the birthday calendars. A few of the seniors have not completed canvassing of their assigned streets, and are urged to get down to business now, so all the orders will be in by Aug. 15.

Anyone desiring a calendar or listing who has not been contacted is urged to call any senior or senior room mother before Aug. 15.

Cuba—Something Old, Something New

Cuba, the Caribbean island of picturesque contrasts, abounds in points of interest which dramatically illustrate both the old and the new in the country's more than four centuries of colorful history. Once described by Columbus as "the loveliest land that human eyes have ever seen," Cuba today blends age-old tradition with the splendor of 20th century progress and achievement. Two of the island republic's most popular tourist attractions are the imposing Morro Castle (top), 350-year-old Spanish fortress overlooking the bay near Santiago, and the ultra-modern Habana Hilton Hotel located in bustling Havana.
