"There's Comfort in His Love" by Claude C. McDonald Jr. (Review, \$3.95).

Claude McDonald hasn't just "written a book." He has lived and experienced and learned what God has in store for his children if they seek him and his comforting love. And he has drawn for us sketches of life which we readers can experience in our individual and collective careers as disciples of God and his universe.

When Claude McDonald came to Our Town as a new seminary graduate, he showed great promise as a worker in God's vineyard. He made mistakes of course, but with earnest self examination and vigorous prayer life, he grew with each adversity.

Just as we don't find God in the Bible, but rather where he has been and what he has been doing; so, we don't find Claude McDonald in his first book, rather we catch a glimpse of the growing and enlarging propensities of a man of God. We are sure Claude really finds comfort in his love.

## Postmaster Gives Mailing Pointers

Postmaster T. E. Gilbreath this week listed six tips on how residents of Iowa Park can help meet tight Christmas budgets this year by careful mailing of cards and parcels.

For the most efficient mailing, Gilbreath suggested the following steps:

1. For servicemen overseas — "SAM" (Space Available Mail) — Christmas parcels can be sent until Nov. 20 for only the small domestic parcel-post charge involved from Iowa Park to East or West Coast points of embarkation for military mail. Parcels up to five pounds and 60 inches in combined length and girth are accepted at SAM rate.

2. Larger parcels (up to 30 lb. with the same length and girth limitations) can be sent as "PAL" (Parcel Air Lift) mail, provided they are mailed by Nov. 27. The charge is only \$1 per parcel plus the regular domestic parcel-post postage—much less than charges that would apply later if straight airmail service must be provided.

3. For all packaging, invest in good quality sturdy wrapping materials. This small investment can help insure undamaged delivery of valuable gifts and prevent delays which might result if rewrapping were required in transit.

4. Insure parcels realistically to cover full value but do not over-insure. A \$10 gift, for example, can bring only \$10 compensation, if lost, even if insured for \$100.

5. Get plenty of stamps on your first trip to the post office to avoid the expense and lost time of additional trips.

6. Use ZIP code as a tool for economy in mailing. When it is used consistently on parcels and letters or cards, ZIP code helps prevent errors in delivery and expedites handling. If only a few Christmas cards go astray, an investment of several dollars may be lost, for example.

"The key to efficient Christmas mailing," Gilbreath summed up, "is to mail early and carefully. Clear addressing, with the ZIP codes, proper packaging and early depositing can prevent most problems and provide the greatest value for money spent for postage."

## Study of Fish

Wednesday morning the pupils in second grade at Bradford, under supervision of their teacher Mrs. Jimmie Hunter, placed four kinds of fish in the school aquarium, which they had cleaned and made ready for the new tenants.

They now know what a kissing gourami, an angel fish, a blood-fin tetra and an albino catfish look like.

## Garbage Can Sizes

Some of our people have not made the proper arrangements to take care of their trash. Large drums which hold 55 gallons are not proper garbage cans and work a hardship on the City's garbage collecting workers.

Please read these excerpts from Ordinance No. 90 (305) and get more properly informed.

### TRASH GARBAGE ORDINANCE NO. 90 (305)

An ordinance regulating the collection and disposal of trash and garbage defining certain terms, and providing a penalty.

Section 7. It shall be the duty of every person, firm or corporation owning, managing, operating, leasing or renting any premises, or any place where garbage or rubbish accumulates, to provide, and at all times to maintain in good order, and repair on any such premises, a portable container or containers, for refuse, which shall be made of galvanized metal not easily corroded, rodent and fly proof, with a tight-fitting lid which shall not be removed except when depositing or removing the contents of the receptacle, and with handles on the sides, and of sufficient capacity and in sufficient numbers to accommodate and securely keep all the garbage and rubbish that may accumulate between collections; provided, that each such container shall have a capacity of not less than twenty gallons nor more than thirty-two gallons. Provided further all containers shall be kept clean and free from accumulation of any substance remaining attached to inside of container which would attract or breed flies, mosquitoes or any other insect.

Section 21. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined in any sum of not less than \$10.00 nor more than \$50.00, and each day that any such person shall violate any of the provisions of this ordinance shall constitute a separate offense and be punishable as such.

## Read Books

Twelve children enjoyed Story Hour at the library this Wednesday morning. After listening to the stories everyone colored a picture. We thank Mrs. Cook for the cookies and drink served while we played a quiet game.

Our thanks this week to L. W. Teel jr. for the magazine rack and to the two men who helped move it to the library.

The board has voted to raise Library Fines to 5c a day. The money goes to buy new books.

We have a new biography "The Tragedy of Lyndon Johnson" by Eric F. Goldman. This is a study of a profoundly complex man and his relationship to our complex times.

Junior girls, read "Escape from Nowhere" by Jeannette Eyerly, a story of a girl with a problem that never happens to us—only to the other folk.

"Fight for Royal Gorge" by Ralph Edgar Bailey is the story of W. J. Palmer's career, from his work on the first transcontinental railroad to construction of his own line. Dramatically told, it will hold every history lover spellbound. It can be found in the junior fiction section.

384 books were circulated the month of October.

A cotton demonstration was to be harvested this week on the Chester Brown farm near Valley View, according to County Agent R. T. Haws and Experiment Farm Supt. Virgil I. Woodfin. Five varieties were planted, in-

cluding Lockett 4789, BXL, 57, 4789A and Tamcott 789.

All the varieties look good in the field, Haws reports, but yields and quality will be determined after the harvest. Wichita county has only 4,500

acres of cotton and the harvest is in full swing. Yields are not expected to be above average.

## Choir Members Rated Excellent

This year's All-Region Auditions were held for high school choir members at Rider high last Saturday. Winners for Iowa Park were Carol Cole, Lynn Dozier, Donnie Travis, Mike O'Donnell.

These four students made both the All-Region choir and the All-Area choir.

The following made All-Region: Susan Sitgreaves, Brenda Barnes, Kathy Pearson, Steve Goforth, Mike Wadsworth, Roggie Kidd.

Mrs. J. C. Parmer and son Jim of Vernon had lunch here with her father Taylor George, Saturday, enroute to a doctor's office in Wichita Falls. Jim broke his arm 10 days ago while playing football, and was being checked as to the progress in bone mending.

## Pant Suits Okay for School Wear

A request regarding a change in the dress code for Iowa Park students was given approval by the school board Tuesday. It reads:

1. Pant suits are more decent than mini dresses being worn today.

2. Pant suits are more sensible in cold weather.

3. According to today's fashions, pant suits and dresses are equally fashionable.

4. It is recommended that these restrictions be adopted:

1. No levis or jeans.
2. No stretch-type pants.
3. No one-piece body suits.
4. Vests or sweaters must be long enough to cover the hips.
5. So called wranglers must be the dress type.

It is also recommended that this policy be adopted for a 30-day trial period. If at the end of this period it is the opinion of those in places of responsibility that this revised policy has improved the overall picture the policy be adopted permanently. If, on the other hand, this policy proves to be a source of irritation that the complete policy be dropped.

## Farm Bureau

Texas Farm Bureau held its annual convention in Fort Worth Sunday through Wednesday. Total of 800 voting delegates represented 203 organized counties.

Those attending were President and Mrs. Raymond Schroeder of Burk Burnett; Mr. and Mrs. Carl Moeller and Ed Foster jr. of Electra; J. W. Tole, Fred Dwyer, Mr. and Mrs. L. B. Barbour served on the resolutions committee.

## Wood to Build 150 Apartments

The meeting of the board of Iowa Park Consolidated School District proved to be regular only in time and place Tuesday evening. It was extraordinary in projects that were advanced for future study and development.

A. J. Wood jr. and Elmer Parish of Wichita Falls introduced plans that will require expansion and implementation over a period of years. Wood owns an 80-acre plot north and east of Country Hills Estates where he is to build a 150-unit apartment complex within the next year. It will cover about 10 acres and cost more than \$2,000,000.

His idea is that another junior high or grade school will soon be a necessity and is offering to give to the school district 20 acres of that plot in exchange for some sharing of utilities expense in the area.

Super. Faris Nowell says a compilation of other contracts in the area indicates that within 18 months at least 65 other units will be built, making imperative more school facilities in the near future.

The board discussed again the possibilities of the vocational setup that has already been contemplated. Thus, it is quite evident a great amount of investigating and deep research faces the school officials. No commitments have been made on anything.

During the session it was voted that measures be taken to clear title and survey the triangle property at the Rocky Point and Valley View intersections, formerly the Deep Creek school property.

It was decided that the cabinets in the Iowa Park library building be moved to the special education class rooms if they are needed, or sell the surplus.

A revision in the dress code for faculty and students was also made.

Those present Tuesday evening were Cecil Streich, Hoyt Watson, Robert Wilcox, T. C. Berry, J. O. McCullough, C. E. Myers, Stanley Williamson, Faris Nowell, Bill Steger, James Ward, Harold Cowley, John Sibley and guests T. A. Clark and Earl Scheffe besides Parish and Wood.

This Friday night at Hawk Field IPHS faces Olney for the District 11-AA title. A clearcut victory will send the Hawks into Bi-District play-off and start them on the 5-game state title path again.

Mrs. C. E. Russell returned Friday from a month's visit with her sister in Houston.

## IPHS 54 Bearcats 6

Having disposed of 23 foes in the immediate past, IPHS Hawks went to Henrietta last Friday fully intent on making the Bearcats their 24th victim.

They did just that in a convincing manner. The Hawks combined long and short scoring plays to dominate play from the early part of the game.

The line score—14 and 27 and 13 and 0 clearly shows that the Hawks coaches were not unmercifully hard on the Bearcats. Every player on the squad was in the game, and of course those who do not play often put out his best for the team.

The Hawks made 288 yards on the ground and 124 in the air. They punted only once.

Henrietta put on a good show and never did give up, making 193 yards on the ground and 30 through the airways.

Johnny Adams can always look back on last Friday's game as the time when he ran a kickoff back 70 yards for the TD against the No. 1 team in AA of Texas.

Incidentally that was the only Bearcat scoring of the game which ended 54-6.

President Hoyt Watson introduced the IPHS coaching staff to Boosters last Monday night at the regular Quarterback club meeting.

Tommy Watkins commented on football in general and the way it helps individuals work together. He also related some humorous incidents in his career as a player and as a coach.

Coaches Lucy, Graves, Reusch and McWilliams talked about their teams and team records.

Freshman coach Don Lucy reported winning 4 and losing 4 and said he has sent four boys up to work out with the varsity for the remainder of the year.

Coaches called up 8 boys from the junior varsity and will carry about 35 boys to the playoffs.

Coach Watkins took over and listed James Frazier as Lineman of the Week. James made some fine plays including two tackles at our goal line which stopped Henrietta drives. Back of the Week honor went to Lee Dawson, who blocked well and made some fine pass receptions. Specialty of the Week was shared by Tony Lee and Jerry Burkhardt. Neal Fansler led the defense with 10 tackles.

Watkins said the Hawks are in the best physical condition of the year with no injuries in the Henrietta game. He reported Gholson's ankle is getting stronger and McDonald is about rid of his soreness.

Henry Sutton, linebacker, is lost for the year after surgery requiring a pin in his shoulder.

Tommy then discussed Olney. The Cubs are not a big team, but they play hard-nosed football. Of all the teams in District 11-AA, Olney gets after it better than our other opponents.

Coach Leon Manley, down from a AAAA school, has his team performing well and hitting hard. The defense is mostly 6-5 with changing variations at the snap of the ball. Against Jacksboro, in a game played in rain and mud, the Cubs stayed in a goal line defense most of the time. Their two big tackles Stan Mahler and Steve Miller anchor a hard hitting, quick line.

Offensively the Cubs will be slowed by an injury to Tim Williams, their best back. QB Steve Slater likes to run the option and does not pass enough to rate the Cubs as a passing team. Last week Olney threw only 17 times and most of those passes came in the 4th quarter as they trailed on the scoreboard.

Olney will come to play, Watkins said; and we had better be ready. They will try anything legal to upset No. 1.

Mrs. E. L. McDonald is at her home, 6706 Kit Carson in Wichita Falls. She suffered a heart attack on Oct. 16 and is now doing fine. Her son Jimmy and family of Richardson will be home to visit with her. Mrs. McDonald formerly lived in Valley Farms and James is a 1959 graduate of IPHS.

**ESA**

by Bobbie Shaw  
 Executive board of Texas State Council of Epsilon Sigma Alpha International convened in Longview last Saturday and Sunday for the second business meeting of this year. Mrs. Jack Hardin of Amarillo presided.  
 Social services director Mrs. Archie Benham of Houston reported that Texas members have contributed more than 17,455 hours during the period April through September; that \$4,507.37 had been donated and donated items valued at \$13,259.06 had been contributed during this same period. These are the figures that were reported to her, and numerous chapters had not reported.  
 Mrs. Heiler Pearson of Abilene who is an honorary member of ESA, and is a representative for the National Foundation, spoke to the members stating that only 13 per cent of the population have been vaccinated for rubella in Texas, and urged members to assist with education of the public in the dire necessity of this vaccine. She also noted that research has shown that babies which are too small and those born with birth defects can be traced to malnutrition of the mother during childhood.  
 Disaster Fund chairman and junior past state president Mrs. J. E. Mankins of Kilgore reported \$377.35 had been received this year and that \$471.90 had been disbursed to Texas members. These figures reflect the fiscal year beginning June 1, 1970.  
 The ESA Home fund contributed by Texas members will soon be returned to Texas from the International treasurer, to be returned to individual members, and it is hoped that all contributors will agree to establish a Love Fund on the state level, which will be used for Texas members who are in need of assistance.  
 A workshop was presented by a first year member Miss Patty Duren of San Antonio. Entitled "How to Catch a New Member," it was cleverly presented as a fisherman throwing out bait such as friendliness, sincerity, educational, service and loyalty.  
 Eighty-one members were in attendance. Epsilon Eta of Iowa Park was represented by Mrs. Luther Shaw, who is state chaplain. She offered the opening devotional and the closing thought for the meeting.  
 Next state meeting will be in San Antonio in February. It will be an open meeting and all members are invited.

 Co-hostesses were Meses. Homer Blalock, Lester E. Brooks, Harold Crowley, Carl McKinnon, and Delia Price.  
 Of special interest and beauty was the refreshment table. It was decorated with pink candles and pink mums, which were grown in the Milleryard. Centerpiece was a bridal couple beneath an archway. The dolls were dressed by Mrs. Cowley's grandmother 16 years ago for Mrs. Cowley at the time of her marriage.  
 Cranberry and pink, the bride's chosen colors, were predominant in the candles and chrysanthemums on the gift display tables.  
 Mothers of the couple: Mrs. J. H. Bentley jr. of Burkburnett, Mrs. Virgil Woodfin, and grandmother of the bride-elect Mrs. J. H. Bentley sr. of Burkburnett, sat the reception table and also received white corsages from the hostesses.  
 Miss Bentley and Woodfin are students at East Texas State university in Commerce.

**23 Study Club**

"Cultivating International Relations, theme of the program for the 23 Study club on Nov. 5, was dramatically exemplified when Mrs. Edwin Lilly of Wichita Falls, a native of India, described her life in that country of 400 million people. She was born in Mhow village in Central Province—a military town, where her father was a doctor in the military.  
 Mrs. Lilly was educated in a school administered by nuns, later studied two years in University of Madras, was graduated from University of London. She is grateful to the English people for her education and culture. However, she loves her native land and speaks fluently her native language Hindi.  
 She played her own accompaniment and sang two numbers: "The National Anthem of India" with words in Hindi; and "You'll Never Walk Alone."  
 After coming to America in 1955, having met and married her soldier husband in London, she has adjusted to her new way of life and enjoys it. She teaches music, sings in the choir at Trinity Lutheran church in Wichita Falls, and takes pride in the fact that her son recently earned the God and Country award in scouting.  
 Mrs. C. L. Metz furthered the theme when she portrayed in an impressive way through a chalk talk the biblical admonition "Go, Ye," and named several agencies which promote good international relations; such as the United Nations, Red Cross, CARE, Unicef, Gideons and General Federation of Women's clubs.  
 Mrs. Joe Singer and Mrs. T. M. Thaxton were hostesses in the home of Mrs. Singer, where guests sense the international atmosphere because of the furniture and appointments from many countries.  
 Mrs. E. F. Soell was leader of the program.  
 A table with Thanksgiving appointments was set for refreshments in the game room. Miss Ethyle Kidwell poured.  
 During the social hour Mrs. Lilly displayed interesting articles from India, such as jewelry, hand crafts and clothing, which were real conversation pieces.  
 Others present were Meses. C. E. Birk, Homer Blalock, Lester E. Brooks, T. M. Clark, Earle Denny, Sam Hill, M. L. Hines, D. O. James, O. F. Lochridge, N. E. McKinney, James Sewell, W. G. Steele, Earl F. Watson, Chauncey Weiler, Rollins Woodall; and a guest Mrs. Bobbie Caruthers of Pasadena.

**Students Learn About 'Possums**

An opossum whom the children have named Opi is living in a cage at Bradford school. He is the object of much attention and the reason for questions and research.  
 They have learned that Opi is a marsupial, an animal whose females carry their babies in a pouch for several weeks where they receive nourishment. When born Opi was the size of a honey bee, perhaps one of a litter of 3 to 18, and likely arrived sometime during the period January to March.  
 Opossums are scavengers, feeding at night, eating both plants and animals; usually too fat and lazy to get their animal food alive.  
 The children at Bradford are feeding Opi hamburger meat and chicken and fruit and say they just know he wants some sweet potatoes.  
 Four hundred and forty-five little monkeys are keeping close watch on this one lone 'possum!

**Senior Citizens**

Mr. and Mrs. A. L. Hofer and Mrs. Miles Hines, as hosts, served sandwiches, coffee and nick-nacks at intermission when 19 members of Senior Citizens club met Monday afternoon in United Methodist fellowship hall.  
 Two loyal members Mr. and Mrs. Hill Spruiell were missed because Hill just didn't feel like participating in the domino games. That means he was really under the weather!  
 Others present were Meses. and Mmes. Ed Hayes, Herman Evans, J. A. Berg, Bob Prunetti; T. M. Clark, R. A. Mann; Mmes. Myrtle Travis, Shirley Trimm, Gladys Thompson, Anna Chesher, Florence Jones, Mae Roby.

**WSCS**

"The Family Cluster—a Reality or illusion" was the topic for discussion in the four circles of WSCS of United Methodist church Tuesday morning.

A stanza of poetry from Victor Hugo expresses the trend of thought presented in each group: "A house is built of logs and stone, Of tiles and posts and piers; A home is built of loving deeds, That stand a thousand years."

A moderator, a pessimist, and an optimist in each circle emphasized the hazards to the home, such as rising divorce rate, the generation gap, decline of family visiting and ties, older members in retirement homes, freedom to "call off a marriage."

The optimist countered with the fact that 92 per cent of our people live in a family situation by preference: seven out of eight families are headed by a husband-wife team; the elderly prefer not to live with their children; women are changing their concept from being females to being human beings.

Kate Abernathy circle met in the home of Mrs. Emma Gauntt with Mrs. Delbert Todd as leader. An unusual feature was that the parts of the optimist and pessimist were given as a recording, the voices being those of Delbert and Patsy Todd, made the night before.

Cleo Hines circle met in the home of Mrs. David Whittington. Mrs. Jerry Freeman was program leader.

Mrs. C. C. Robinson was hostess to Bonnie Denny circle with Mrs. Bob McClelland as leader.

Mrs. James Sewell entertained the Deamy George circle in her home with Mrs. Herman Mahler as leader.

There will be a church-wide family supper in the church Saturday evening at 6:30 when new members of the church will be guests of honor. It will be a covered-dish meal with Christian fellowship the main item on the menu.

Members of the Kum Dobl class of Methodist Sunday school enjoyed dinner at Shakey's in Wichita Falls last Saturday evening. Joe Persons, president, and Jay Farmer, teacher, were in charge of arrangements.

Following the meal they assembled at the home of Mr. and Mrs. Persons for business and cake and coffee.

Present during the evening at one or both places were Messrs. and Mmes. Walter Owens, Gene, Owens, Don Beals, Bob McClelland, Floyd Adams, Jay Farmer, Don Youngblood; Mmes. Georgia Flanagan, Patsy Todd, Patricia Jares, Johnie Combs.

**Art Club Formed**

Mrs. C. L. Metz has been elected president of the recently formed art league which has tentatively been named Iowa Park Art club.

Vice-president is Mrs. W. G. Steele; secretary-treasurer, Mrs. Louis Sefcik; telephone committee, Mmes. Fenton Dale, Ralph Sisk, and Ray Small of Wichita Falls.

Others who have indicated interest by attendance at meetings are Mmes. Elsie Lehman, W. F. George, Claude McDonald.

They meet each week. Their purpose is to promote art culture in Iowa Park. Sidewalk exhibits can be one outcome of the fellowship they enjoy as they work together.

As time passes more definite guidelines will be drawn and a time and place of meeting will be determined.

Mr. and Mrs. Dewey Spruiell were in Oklahoma City the past weekend visiting his sister Mr. and Mrs. Duncann Oualline. He is recovering from serious leg surgery.

Mrs. Ruby Howard and Mrs. Winnie Wolf of Waco and Mrs. Fred Norris of Corpus Christi were guests last weekend in the Hill Spruiell home.

Elmer L. Hutchison had surgery Wednesday morning and was reported at noon in intensive care and responding nicely.

**Friends of Library**

John Maples presided at a called meeting of the executive committee of Friends of the Library at his office Monday morning. Reports revealed progress and optimism in the work of the organization.

The openhouse held in October fostered new interest and new members. Recommendations were made that funds be supplemented from the treasury of the Friends to help pay the air conditioning bill.

The board voted co-operation with the Library board in plans to renovate and make available to civic groups the meeting room in the library building. Two needs listed were chairs and a lighted sign at the front.

Others present were Mmes. Geo. Bludnick, N. E. McKinney, James Sewell, G. L. Cleveland, John B. Barbour, M. L. Hines, and Faris Nowell.

## Mrs. Watson Tells of Visit in Kenya and Holy Land

by Mrs. Earl F. Watson

A part of the Dark Continent became a living city for me as I visited my sister and her husband in Nairobi, Kenya. They are Peter and Joyce Hincliffe. The couple met in Rider high and she worked with the Wichita Falls Times.

Peter has been with the Daily Nation, a newspaper belonging to Aga Khan, the past 18 months. Joyce teaches English literature in a Catholic boys school in Nairobi. The family plans to return to England next month.

Nairobi is an international city in East Africa with embassies from all over the world. Yet Masai tribesmen come to town dressed in tablecloths and overcoats, carrying spears.

Kenya has been independent from Britain only six years. So the culture is in two layers, African underneath with a thin British veneer on top. The national language is English but there is some indication it will be changed to Swahili, an African language.

Growing pains of the new country were evident in a visit Joyce and I made to the Parliament. Some of the problems discussed were the lack of properly trained teachers and what to do with the warring tribes in the north.

Kenya government is based on the British system with the Speaker of the House wearing a red robe and a long white wig. We were shocked when they all stamped their feet in approval, but my British brother-in-law assured us that was in the best English tradition.

Joyce and I were two of the four fair-skinned persons present, in a group that included about 50 legislators and 300 spectators.

We saw almost all the animals in the wild for which Africa is famous. There was a family of ostriches with about 20 chicks, and a tall giraffe with the longest eyelashes and a great deal of curiosity about us. Many members of the deer family posed for us. Some had very distinctive horns and others had beautiful black, white and brown markings.

Once we came upon the last stages of a lion kill as it was being consumed by Mariboo storks and eagles and surely the ugliest buzzards in the world.

We spent one night at the Ark, a first class hotel, serving gourmet meals in the middle of the jungle. We were taken to the Ark in a Landrover and on the way we saw a huge water buffalo. I was certainly glad we were not in the tiny Volkswagen in which we usually

rode, just in case the buffalo had been in a bad mood.

After dark the game came to the nearby waterhole and we had an excellent view from the observation deck. A herd of 15 elephants arrived; and there were giant forest hogs and rhinos and a beautiful deer-like animal with vivid brown and white stripes, call a bongo.

Buzzers were in our rooms to awaken us during the night when game was spotted. At one time we were only 20 feet away from the elephants, but they did not see or smell us.

Kenya's climate is tropical and every beautiful plant from everywhere in the world surely was blooming in Nairobi in October. The bougainvillea in oranges and pinks and reds was one of the prettiest as it grew on vines, in hedges and trees. The jacaranda tree was a beautiful blue against the white clouds, and when the inch-long bell-shaped petals fell, they formed a blue carpet on the ground. A large brilliantly scarlet poinsettia tree blooms several months of the year in Joyce's yard.

Kenya is a land of violent contrasts — black skins, white skins, brown, Indian skins. Nairobi is a very modern city. But five miles away the conditions are very primitive with the Kikuyu women still carrying heavy loads of wood on their backs with the aid of a strap across their foreheads. Beautiful birds come to Joyce's feeder but she has to have bars on the windows to keep prowlers out.

We visited Olorgesallie, site of one of Dr. L. S. Leakey's anthropological digs. There were stone-age tools lying on ground which are thought to date back to the Early Stone Age, 100 to 200 thousand years ago. There were bones of prehistoric elephant and hippo at this site also.

On the road, Masai tribesmen would stop us requesting money. They are one of the last tribes to accept civilization in this part of Africa. A nomadic people who herd sheep and cattle, they wear large carrying which greatly distend their ear lobes. They prefer the color red: wearing red clothing and dyeing their hair with earth that is even more red than ours.

Some carry spears; and they are a frightening sight on a lonely dirt road 50 miles from nowhere; Highlight of the trip was getting acquainted with our only nephew David, who is 2½ years of age. He spoke Swahili to the maid and English with British accent, to me.

On the way home I stopped for five days in Israel.

"I walked today where Jesus

walked" and was more impressed than ever by the need of this world for His message of love.

Israel is a new, vigorous nation with Jews coming from all parts of the world to establish the new Israel. In order to do this they have pushed back the Arab population and there is a great deal of hate and bitterness on both sides. I had the feel of both sections since one hotel was in Jewish Tel Aviv and the other was in the Arab section of Jerusalem.

I was thrilled and appalled by my visit to the Holy Land. I was amazed by the utter antiquity of civilization in that part of the world. Jericho is one of the oldest cities in the world, excavations showing that it is 9 or 10 thousand years old.

It was thrilling to walk along the shores of Galilee and imagine Jesus walking here with his disciples, teaching and healing.

I was appalled by some of the elaborate structures built over supposed locations in the life of Jesus. I was overwhelmed with the idea that it was His resurrection that counts, not where he was buried.

The message of Jesus seems to fall on deaf ears in this land where the majority are Jews and Muslims, not followers of Christ. Even as Christ was without honor in Nazareth in His time, so His message of love is accorded little honor in Israel today.

It is thought that during the time of Jesus, the hills of Israel were covered with trees. These have been destroyed during the frequent sieges of the land and now there is a tremendous program of reforestation in progress. They are also using water from the Sea of Galilee to irrigate the arid Negev and other areas.

Jerusalem is "beautiful in elevation, the joy of the whole earth" as described in Psalm 48. It is built up and down the hills with hardly any level areas. All the buildings are constructed of Jerusalem stone — light cream in color with a faint pinkish cast.

Stepping inside the wall that surrounds the old city is like going backward to the time of Christ on the earth. The streets are very narrow and cavernous with stores and houses on each side. Children

The State of Texas

To: Charles W. Harris, Defendant, Greeting:

You are hereby commanded to appear before the Honorable 78th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 14th day of December, A.D. 1970, then and there to answer Plaintiff's Petition filed in said Court, on the 21st day of September, A.D. 1970, in this cause, numbered 88,670-B on the docket of said court and styled LaRue Ann Harris, Plaintiff, vs. Charles W. Harris, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: After alleging jurisdiction, Plaintiff further alleges that she and Defendant were married on or about September 2, 1969, and continued to live together as husband and wife until on or about December 20, 1969, when by reason of discord and conflict of personalities, their further living together as husband and wife was rendered insupportable; that there was one child, now under the age of eighteen (18) years of age, born of this marriage and no community property.

Wherefore, premises considered, Plaintiff prays that the Defendant be cited to appear and answer herein and that upon trial hereof, she have judgment for divorce, care, custody and control of the minor child herein named, and for such other and further relief, in law or in equity, to which she may show herself justly entitled, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this 29th day of October, A.D. 1970.

play in the streets and vendors sell their wares, all kinds of fruit, vegetables, spices, baked goods and fried meat pies.

The smells are delicious and one is tempted momentarily to buy a goodie to eat. But reason comes to the fore with the vision of a tummy that is accustomed to plastic wrapped food and more sanitary conditions. But, oh how good the open barrels of spices smell!

Jerusalem is a holy city for three faiths: Jewish, Muslim and Christian. One of the most impressive buildings is the Muslim mosque of Omar. Built on the site of the original Jewish temple built by Solomon, it is the highest part of Mt. Moriah where Abraham was ready to offer Isaac as a sacrifice. The huge rock which was used as a sacrificial altar for animals in the Temple, is now enclosed in the Mosque.

The outside is made of beautiful blue mosaic tile with differently colored marble columns supporting the entry. We had to remove our shoes to enter, and inside were the loveliest of oriental carpets in reds and blues.

We visited Hebron, Bethlehem and Nazareth. Near the Sea of Galilee we visited a kibbutz, or collective farm.

When we visited the Dead Sea, I had hoped to be able to see the nearby Jordan River. I asked the guide about it, but he said that area is a mine field to keep the Arabs out. So while I saw no evidence of active warfare, incidents like this reminded me things were quiet only on the surface.

I was impressed by the Pater Noster (Our Father) church where the Lord's Prayer is written on the wall in 57 languages. This seemed like a message to me. Until all men will say "Our Father" instead of "My Father," we will have wars and more wars.

Mr. and Mrs. E. W. Sumrall visited last week in Waco with Mr. and Mrs. R. E. Patton and Miss Jewel Patton in Crawford and Miss Maude Sappington of Woodland Springs. Miss Sappington is a cousin of Mrs. Sumrall and is in a nursing home at Waco.

Mr. and Mrs. Benny Brott of Dallas visited last weekend with his parents Mr. and Mrs. Harry Brott and other relatives.
