

GOLD CAMP'S OUTPUT

Figures But Little Below the Average For the Previous Five Months

VALUE OF ORE SHIPPED WAS \$1,092,000

In Spite of Heavy Handicap Due to Closing of Smelters the Great Camp Has Made a Most Creditable Showing--Much Ore Left Standing in Bins.

Special to the Gazette. Cripple Creek, June 30.--Heavily handicapped as the camp has been through the partial closing down of the smelting plants of the state the output of the Cripple Creek district for June has yet topped the million dollar mark.

The figures for the month are \$1,092,000. Added to the five preceding months the gross output for the first half of the year terminating yesterday amounts to \$8,369,253.50.

When it is taken into consideration that such producers of high grade ore as the Lillie, Anchara-Leland, Moon, Anchor and Elkton have practically suspended production, that the And-Coin and other properties controlled by the Woods syndicate have cut their product one-third and that the Portland and other mines are working for the main on development with greatly reduced forces, the figures are the more remarkable.

It should also be borne in mind that although the great incidence has established a record during the month with an output of 3,200 tons of ore, this tonnage does not figure in the general total as the ore has been for the most part stored and not treated.

Other mines have taken advantage of the situation to add to their ore reserve. In many cases the ore has been left standing on the walls.

When the present obstacles to production are removed the output for June will push the two million point close. The ore is here, the miners are here to mine it. Given a market it will be mined.

The figure as obtained from the mill managers and other sources are as follows: Gillett Reduction Works, 700 tons of an average value of \$25 a ton; total \$17,500. This mill was closed on the 15th and only resumed a few days ago.

El Paso Reduction Works, 1,000 tons, average value \$20 a ton, \$20,000. This mill has also been temporarily closed owing to the failure of the water supply.

Small treatment plants treated 310,000 worth of ore. The following is the tabulated list:

Table with 3 columns: Mills, Tons, Value. Total for first half of year: \$8,369,253.50

premier, conferred with King Humbert who signed a decree closing parliament.

London, July 1.--The Rome correspondent of the Daily Mail says: "The chamber of deputies today (Friday) was transformed into a veritable battlefield. The tumult was terrific.

More than 20 deputies were injured in the struggle, including Baron Comino, who was seriously hurt. Baron Comino is the leader of the majority and the probable future premier.

The chamber will now be closed until November.

In the Chamber. At the opening of the chamber of deputies today, a motion was introduced amending the rules so as to allow the expulsion of any deputy causing a disturbance.

The Gazette says one hundred persons have been injured during the rioting and that of this number eight were seriously wounded.

At a meeting this evening convened by M. Van Den Yde, the Abba Deans, Christian democrat, congratulated the Socialists on the success they had achieved and predicted the advent of universal suffrage.

At a later session of the chamber despite the entreaties of the president, who begged the deputies to be calm and to proceed to a vote the uproar was redoubled, members flocking to the floor in front of the president's chair and finally upsetting the ballot boxes.

The president thereupon adjourned the house until tomorrow.

MURPHY RODE A MILE IN LESS THAN 58 SECONDS

THE REINFORCEMENTS WAS PACED BY A LOCOMOTIVE

THIRTY-FIVE HUNDRED NOW ON THE WAY -- FOUR THOUSAND MORE READY TO START AT ANY TIME.

Washington, June 30.--A statement prepared in the office of the adjutant general of the army shows that with the departure of the Pennsylvania troops from San Francisco, about 3,500 recruits were dispatched to the Philippines this week.

The course was a two-mile board track on a siding of the Long Island Railway--Bicycleist Followed the Engine and Car, Several Times Catching Up With the Train.

New York, June 30.--Charles M. Murphy rode a mile on a bicycle paced by a locomotive in 57 4-5 seconds today. His course was a two-mile board track on a siding of the Long Island railway.

Including the Nineteenth infantry under orders for Manila and troops at San Francisco there are 4,000 ready to start for Manila as soon as transportation can be provided.

One of the members of the cabinet, speaking in connection with campaign in the Philippines, said tonight: "The president is awaiting advice from General Otis to understand that he is to have all the men necessary in the conduct of operations against the insurgents."

Those on the back platform who watched Murphy all through his wonderful ride stated that the rider's hand never left the handlebars. During the last quarter of a mile the rider covered the ground for the greater part fully a wheel's length outside the hood but as he passed the finish he was close to the center of the hood.

Manila, July 1, 10:40 a. m.--A collision between the two armies at San Fernando seems inevitable. The insurgents are active all around the town and are busy working in the trenches to strengthen their position.

FERNANDO -- AMERICAN SOLDIERS READY FOR A FIGHT AT A MOMENT'S NOTICE.

Manila, July 1, 10:40 a. m.--A collision between the two armies at San Fernando seems inevitable. The insurgents are active all around the town and are busy working in the trenches to strengthen their position.

REVIEWS OF TRADE

Dun's and Bradstreet's Weekly Commercial Summaries

GENERAL BUSINESS IS GOOD

Failures for Second Quarter of Year Considerably Less Numerous than for Same Period of 1938—Demand for Iron and Steel Continues Undiminished in Spite of Increase of Prices.

New York, June 30.—R. G. Dun & Co.'s weekly review of trade will say tomorrow:

Failures for the second quarter of 1939 have been 2,086 in number against 3,955 last year, with liabilities of \$29,259,000 against \$38,602,252 last year, and for the first half of 1939 failures were 4,852 against 6,766 last year.

Manufacturing failures were 1,910, 609 for the half year against 3,144 last year and trading were 233,000,000 against 322,956,626 last year.

Iron and Steel.

The demand for iron and steel seems to have no limit. Scarcity of pig has raised the price a dollar per ton for local coke at Chicago; \$1.10 to \$1.75 for bessemer at Pittsburg and \$1.75 to \$19.25 for gray forge, and 75 cents to \$19.25 for anthracite No. 1 at Philadelphia, with some iron selling above these quotations at all points for early delivery.

Efforts to get foreign contracts out of the way are met by fresh orders from Europe at last week's prices. Some furnaces have started, with contracts for their whole year's product, but others are yet delayed. Prices of pig average higher than at any other time since February, 1930, and prices of finished products higher than since March, 1931.

Wheat Receipts.

Wheat receipts at the west in four weeks have been 21,691,636 bushels against 4,111,111 last year and western receipts in June have ranged from 5,879,000 bushels in 1894 and 9,551,278 in 1936.

BRADSTREET'S

STRENGTH OF GENERAL BUSINESS REMAINS UNIMPAIRED—LABOR SITUATION A SATISFACTORY FEATURE OF HALF YEAR.

New York, June 30.—Bradstreet's tomorrow will say:

Though seasonably quieter in many cases, the strength of the general business situation remains apparently unabated and the half year closes with the commercial financial community contemplating very satisfactory returns in the recent past and manifesting a tone of cheerful confidence regarding the outlook for the last half of 1939.

IN THE TRANSVAAL.

Germans and Americans Applied to Consulate for Protection. London, July 1.—The Cape Town correspondent of the Daily Mail says:

VENGEFUL NEGROES.

Springfield, Ill., June 30.—Secretary Ryan of the United Mine Workers of America has received a message from Thomas Jeremiah of Cartersville saying that the negroes are setting fire to the homes of the union miners and urging the secretary to come at once.

JEFFRIES IN DENVER.

Denver, June 30.—Champion Jim Jeffries and his brother Jack sparred four rounds before the Colorado Athletic association tonight. In the preliminaries to

DON'T LEAVE THE CITY.

Plenty of Proof Right Here in Colorado Springs. Claim is one thing, proof another. Columbus claimed the world was round.

Did people believe it? Not until he proved it. Unproven claims have made the people skeptical.

Every claim made for the "Little Conqueror" is proven. Proven in Colorado Springs by local experience.

Here is one case from the many we have. Mrs. E. P. Kennedy, of 116 North Platte street, says: "If everybody in Colorado Springs who suffers from kidney complaint, backache or any of the consequences which accompany that far too prevalent annoyance, receives as much benefit from the treatment prescribed by Doan's Kidney Pills as I, they will not only recommend them to the public but they will advise everyone they meet to call at the Smith-Willson Drug Co.'s store, 31 Tejon street, buy a box, take it according to directions and they will be surprised at the result."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

It is not unreasonable to look for some check, in fact, to business in the metal consuming industries, owing to the scarcity of these materials.

Delay to Ship Building.

One of the latest instances of this cited is the serious delay reported to the ship building industry owing to the scarcity of steel plates. The labor situation has been one of the most satisfactory features of the half year's business, voluntary advances having raised the compensation of thousands of operatives and labor troubles being conspicuous by their absence.

In agricultural lines the outlook, though somewhat irregular, is in the main favorable. The smaller yield of winter wheat seems at the present moment likely to be partly made up for by an increased yield of corn, and spring wheat prospects, though impaired somewhat by too much rain, are encouraging.

In the case of the latter industry, however, the suspension, it is hoped, will not exceed the usual summer shut-down. To agricultural lines the outlook, though somewhat irregular, is in the main favorable.

FINANCIAL REVIEW.

Stock Market Lively Though Transactions Were Not Large.

New York, June 30.—Bradstreet's financial review tomorrow will say: Although the transactions at the stock exchange were not large this week's market has been far from dull. Nor, while the speculation has been to a very large extent professional and manipulative in origin, has it lacked decided features of strength.

Gold Movement Continued.

This idea was not substantiated, as the inducements still offered by the Bank of England and Paris and Berlin markets resulted in gold shipments this week to the amount of \$5,000,000, raising the total since the movement began early in June to \$18,000,000.

Wheat Receipts.

Wheat receipts at the west in four weeks have been 21,691,636 bushels against 4,111,111 last year and western receipts in June have ranged from 5,879,000 bushels in 1894 and 9,551,278 in 1936.

BRADSTREET'S

A PURE GRAPE CREAM OF TARTAR POWDER

Highest Honors, World's Fair Gold Medal, Midwinter Fair. Avoid Baking Powders containing alum. They are injurious to health.

This event Denny McFadden of San Francisco went on for a fourth round so Young Fitz of this city. The walk called off in the middle of the second round to prevent McFadden from knocking out Young Fitz. Later the Californian banam weight sparred four spirited rounds with Young Corbett, lightweight champion of Colorado.

BASE BALL

Cleveland, June 30.—Cleveland outplayed Boston today in a general way but was unlucky. Every run that Boston got was due to an error.

CRIPPLE CREEK AND VICINITY

Several Suits of Considerable Interest Commenced in Court. Unusual Verdict Rendered. Temporary Injunction Against Colorado Ore Reduction Company From Using Water Modified.

Prisoners who Escaped from County Jail Tuesday Have Not Yet Been Recaptured—Cripple Creek Firemen Practicing for Contest.

Special to the Gazette. Cripple Creek, June 30.—The jury in the adverse suit of McKelvey versus Erbel rendered a somewhat unusual verdict. Being locked up all night they were ready this morning promptly at the opening of court to make a report.

Two suits were commenced against the Pharmacists today, filed by Blackmore and Orrell, attorneys for the plaintiff in each case. One is by H. M. and A. E. Carleton, being a foreclosure suit to foreclose a mortgage deed given by the Pharmacists to the bank on April 27, 1938, to secure a loan of \$8,000 with interest at one per cent a month.

Chas. J. Moore, the mining engineer and expert in the plaintiff in the other suit against the pharmacist, has asked for \$673.75, amount due for service rendered the company in December, 1938, when the company had a suit with the Pharmacists for \$550 for materials furnished in the capacity of an expert.

Another suit was begun in the district court today by Geo. and Chas. Hollins and John Hutchinson against the Globe and Gold Consolidated Mining company in which the plaintiffs claim to be the rightful owners of parts of the mine located on the Colorado Midland property. The plaintiffs ask the court for a deed to the parts of the mine in dispute or in lieu of the deed the sum of \$10,000.

The Colorado Trading and Transfer company filed a suit today in the district court against James J. Cone and Lyman Robinson, owners and operators of the Dodge mine for \$550 for materials furnished and \$100 for attorneys' fees.

The temporary injunction issued Thursday by Judge Harris against the Colorado Ore Reduction company, preventing the company from using water from the Standard Tunnel for their mill at Arquea was so modified today as to allow the Reduction company to use the water until the permanent injunction be decided. Action on the permanent injunction may not be taken for some time.

Judge Stinson will occupy the bench Saturday in the district court, the case of Riggs versus Relander being on call for trial.

Five activists of Queen Victoria, who were natives of Ireland, took out their first naturalization papers today before Judge Seeds in the county court. Their names are Peter Shovlin, Michael Curley, Patrick Deery, Michael Goodfellow and Daniel Conway.

John Griffin alias Pickhandle Jack, was again in court today. This time it was a civil case, he being the defendant in a suit brought by O. Jacoby for \$30.

The prisoners who escaped from the county jail Tuesday evening have not been recaptured yet. Wednesday morning P. J. Gallagher, deputy sheriff, who is also jailer, and Pat Deering, made special deputy, started out as soon as possible on the trail of George Stanley and George Thompson, two of the escaped prisoners who went away together.

The deputies traveled on horseback and a little town between Divide and Woodland Park they found where the fugitives had been and arrived at Woodland Park 20 minutes after the fugitives had boarded a freight train going east. The vicinity named the fugitives had stopped at farm houses to get something to eat to relieve their hunger and had camped out along the road. It is supposed that they have gone to Denver where it is expected they will be apprehended. Sheriff Stewart has gone east to get them if possible before they get out of the state. No trace whatever of Cardinal has been discovered.

The firemen of Cripple Creek are putting in good time practicing for the contest which takes place next week during the celebration. They have built a temporary fire department on Bennett avenue, where they are practicing. Practically all the members of the clerk's union No. 150 to suspend the rule of closing early on that night. Mr. Ed. Nathan, president of the union, who is a genial gentleman and who al-

ways has the interests of his employer at heart, called personally yesterday on every member of the union to confer with them and to get them to comply with the request. He says that they were willing to do so, and the stores will be open Monday evening, July 3. They will be open July 4 until noon but will close promptly at noon on that day and remain closed all afternoon.

MORE IMPROVEMENT In Rock Island Train Service. Through sleeper to St. Louis on the Colorado Flyer. Leave Colorado Springs 2:35 p. m., arrive at Kansas City next morning for breakfast and St. Louis 6:15 p. m. same day. Brand new sleepers for this line. Make reservations through at City Ticket Office, No. 12 Pike's Peak avenue.

Los Angeles and Return \$47.00 via the Colorado Road, June 25 to July 8; return limit Sept. 4, with stopover privileges.

A Colorado Midland Treat Sunday. A pleasant time is assured to all who take advantage of the excursion to Woodland Park, Ute Park, Cascade and Green Mountain Falls. A special program has been arranged at Woodland Park, including music by the Colorado Midland band, baseball game, and fire works in the evening. All kinds of refreshments for sale on the ground. Trains leave Colorado Springs 8 a. m., 11 a. m., 1:30 p. m. and 5:30 p. m.; returning, leave Woodland Park, 6:05 p. m., 7:30 p. m. and 9 p. m. Fifty cents round trip.

No Crowding On the Royal Gorge excursion, Saturday, July 1. Round trip, \$25.

THEY HAVE THE RECORD. The Chicago, Milwaukee and St. Paul Railway.

The only reliable, quickest and best line east; 6,154 miles of thoroughly equipped railroad. The only line that owns and operates its own sleeping and dining cars.

Trains are lighted throughout by electricity and every berth contains an electric light. Electric buttons to call the porter who attends to all your wants.

Library-Buffer cars run on express trains. These cars contain all the latest reading matter, which is free to first-class passengers. Also a writing desk where letters can be written and mailed on the train.

In going east remember this excellent service and insist on your tickets being issued by the Great Short Line, the Chicago, Milwaukee and St. Paul Railway.

Further information can be obtained from Mr. J. E. Preston, commercial agent, 1029 17th st., Denver, Colorado.

CHEAP EXCURSIONS VIA RIO GRANDE RAILROAD. Los Angeles and Return \$47.00 June 25 to July 8; return limit September 4.

One Fare Round Trip To all state points, July 2 and 4; limit July 5, via the Colorado Road.

\$47.00 Los Angeles and Return. June 25th to July 8th. Call at 13 N. Tejon street.

Detroit and Return \$38.00 July 1, 2 and 3.

SPECIAL EXCURSION EAST. Via Great Rock Island Route. To Detroit and return July 2, 3 and 4; \$8 for round trip. Call at City Ticket Office, 12 Pike's Peak avenue, for full particulars. W. W. Wood, General Agent, Passenger Dept.

\$47 Los Angeles and Return. \$47. Via Rio Grande, June 25th to July 8th; return limit Sept. 4th. Pullman and tourist sleepers and dining car service. City office 16 N. Tejon.

Richmond, Va., and Return \$46.75 via the Colorado Road; July 9, 10, and 11; return limit, leave Richmond Aug. 15.

"Calumet" Does Not Belong to a Baking Powder Trust, but Consumers are Rapidly Learning to Place Their Trust in "Calumet."

Stores to Remain Open. The clothing and boot and shoe merchant, realizing that the evening of July 3, when the large crowds are in the city, will be a harvest time for them, requested their clerks who are members of the clerk's union No. 150 to suspend the rule of closing early on that night. Mr. Ed. Nathan, president of the union, who is a genial gentleman and who al-

ways has the interests of his employer at heart, called personally yesterday on every member of the union to confer with them and to get them to comply with the request. He says that they were willing to do so, and the stores will be open Monday evening, July 3. They will be open July 4 until noon but will close promptly at noon on that day and remain closed all afternoon.

MORE IMPROVEMENT In Rock Island Train Service. Through sleeper to St. Louis on the Colorado Flyer. Leave Colorado Springs 2:35 p. m., arrive at Kansas City next morning for breakfast and St. Louis 6:15 p. m. same day. Brand new sleepers for this line. Make reservations through at City Ticket Office, No. 12 Pike's Peak avenue.

Los Angeles and Return \$47.00 via the Colorado Road, June 25 to July 8; return limit Sept. 4, with stopover privileges.

A Colorado Midland Treat Sunday. A pleasant time is assured to all who take advantage of the excursion to Woodland Park, Ute Park, Cascade and Green Mountain Falls. A special program has been arranged at Woodland Park, including music by the Colorado Midland band, baseball game, and fire works in the evening. All kinds of refreshments for sale on the ground. Trains leave Colorado Springs 8 a. m., 11 a. m., 1:30 p. m. and 5:30 p. m.; returning, leave Woodland Park, 6:05 p. m., 7:30 p. m. and 9 p. m. Fifty cents round trip.

UNDER A HORSE
MRS. GEO. F. CHEESEMAN HURT LAST EVENING.

Was Riding Horseback on Cascade Avenue When the Animal Stumbled and Fell Upon Her—Injuries Are Believed to Be Not Serious.

Shortly before 7 o'clock last evening while indulging in a horseback ride Mrs. George F. Cheesman, of 1409 North Wood avenue was the victim of a painful if not serious accident. It occurred in front of 730 North Cascade avenue and Mrs. Cheesman was taken into that house, where she remained until she could be removed to her home.

The Horse Stumbled.

Mrs. Cheesman was in company with a couple of gentlemen. There was no attempt by her horse to run away, but for some reason he stumbled and fell and before Mrs. Cheesman could extricate herself she had been caught under the horse and was badly bruised. She suffered a severe flesh wound on the chin and was otherwise bruised, but there were no bones broken and it is believed that she will be all right again in a few days.

She was attended by Dr. Campbell.

LEAGUE CONFERENCE

Young People Held an Interesting Session in M. E. Church South Last Evening.

The union meeting of the Epworth Leagues of St. Paul's Methodist church and the Methodist church south, of this city, and the Methodist church at Colorado City was held in the Methodist church, south, last night. There was quite a large attendance of young people from the three societies and a profitable session was enjoyed.

The papers were carefully prepared and full of thought. Miss Clough, of the First Methodist church of this city, read one on "Christian Heroism." Miss Ida Howe, of Colorado City, had a paper full of suggestions on "How Best to Conduct Sunday Meetings." Mr. S. H. Renick of St. Paul's church, read an earnest paper on "How to Promote the Spiritual Welfare of the League." Mr. E. H. Carrington's paper on "The Social Pl. of League Work" was fraught with many suggestions.

Mr. J. A. Pape led the opening devotional exercises and Mr. S. H. Renick presided. Special music was rendered by a mixed quartette composed of Mrs. F. M. Weathers, Mrs. J. A. Himebaugh, Rev. Mr. Carrington and Mr. Wright and by a male quartette composed of E. H. Carrington, W. F. Sheehan, C. W. Hart and E. J. Hart.

At the close of the meeting, a resolution was adopted, endorsing the action of the Denver leaguers in endeavoring to bring the inter-national convention to Colorado in 1901.

Small feet—ladies who have small feet can buy oxfords at almost a song at our midsummer sale. Frank A. Vorhes.

CONCERNING COLORADO

Chicago and Northwestern is Publishing a Book of Considerable Importance to this Community.

A new book of information and illustration showing the resources and attractions of Colorado in general and with especial attention to Colorado Springs and the Pike's Peak region, is being published by the Chicago and Northwestern road and is to be one of the most attractive railroad advertising publications that has yet appeared.

A considerable amount of effort has been expended in procuring reliable statistics regarding the mining interests of the state and particularly of Cripple Creek and the half-toned illustrations of prominent scenic attractions will number between 60 and 70.

The book is now being published in Chicago and will be circulated very extensively throughout the east. The road is taking considerable pride in its famous "Colorado Special" which is a "one night to Denver" train and it now ranks as one of the finest equipped trains that leaves Chicago for any point.

WEDDED IN CHICAGO

Mr. and Mrs. Egmont Johnson in the City on their Wedding Journey.

Mr. and Mrs. Egmont Johnson of Chicago were in the city yesterday on their wedding journey. They arrived in private car 60 of Assistant General Manager Allen of the Rock Island road and spent the day in the city leaving in the afternoon for Denver.

Johnson and Miss Gladys Allen were married at the Edinburg hotel in Chicago, Tuesday last. Both are well known in Colorado Springs where they formerly resided. Mr. Johnson was connected with the firm of Tuley and Gorman for several years and Miss Allen, who is a daughter of Mr. W. I. Allen of the Rock Island road, spent several summers here with her mother. Accompanying Mr. and Mrs. Johnson on their wedding journey were Mr. W. I. Allen, Mrs. W. C. Woodward of Fort Dodge, Iowa, and Mr. and Mrs. H. H. Harrington of Council Bluffs, Ia. Mr. and Mrs. Johnson will reside in Mt. Carmel, Ill.

RUNNING SORE ON HIS ANKLE.

After Six Years of Intense Suffering, Promptly Cured By S. S. S.

Obstinate sores and ulcers which refuse to heal under ordinary treatment soon become chronic and deep-seated, and are a sure sign that they are in a depraved condition. They are a severe drain upon the system, and are constantly sapping away the vitality. In every case the poison must be eliminated from the blood, and no amount of external treatment can have any effect.

There is no uncertainty about the merits of S. S. S.; every claim made for it is backed up strongly by convincing testimony of those who have been cured by it and know of its virtues by experience.

Mr. L. J. Clark, of Orange Courthouse, Va., writes:

"For six years I had an obstinate, running ulcer on my ankle, which at times caused me intense suffering. I was so disabled for a long while that I was wholly unable for business. One of the best doctors treated me constantly, but did me no good. I then tried various blood remedies, without the least benefit. S. S. S. was so highly recommended that I concluded to try it, and the effect was wonderful. It seemed to get right at the seat of the disease and force the poison out, and I was soon completely cured." Swift's Specific.

S. S. S. FOR THE BLOOD

—drives out every trace of impurity in the blood, and in this way cures permanently the most obstinate, deep-seated sore or ulcer. It is the only blood remedy guaranteed purely vegetable, and contains not a particle of potash, mercury, or other mineral. S. S. S. cures Contagious Blood Poison, Scrofula, Cancer, Catarrh, Eczema, Rheumatism, Sores, Ulcers, Boils, or any other blood trouble. Insist upon S. S. S.; nothing can take its place.

Valuable books mailed free by Swift Specific Company, Atlanta, Ga.

EXCEPTIONALLY DRY YEAR

Weather Statistics Show that Rain-fall This Season is Lighter than Any Season Since '93.

A great many people in Colorado Springs are becoming alarmed over the fact that there is a great lack of water. The weather statistics show that the present season is the driest that the city has experienced since 1893 and that in the matter of rainfall it is only a third as heavy for the month of June as it was for June a year ago. This year the rainfall for June has been 7 1/2 inches while last year it was 24 1/2 inches.

The total precipitation, including rainfall and melted snow for the first six months of the last seven years, including the present, was as follows:

1892-24.00 inches.
1893-25.41 inches.
1894-4.21 inches.
1895-9.14 inches.
1896-3.72 inches.

THE GAZETTE CIRCULATION.

The Gazette has been run upon the principle that our advertisers who pay for space in these columns are entitled to know what they are getting for their money. It is true that the best proof of advertising value is not in the number of copies printed, but in the results or answers of the advertisement.

But the time seems to have come for even a fuller publicity than this, and from now on we propose to give to all our readers an exact statement of the Gazette circulation from day to day. We can do this the more readily because the Gazette circulation is something of which we are reasonably proud.

Table with 2 columns: Month, Total per day. Rows for January, February, March, April, May, June.

The total circulation of the daily Gazette in the period of six months ending June 30, 1899, was 964,938, or an average daily circulation of 5,232 copies.

These figures do not refer to the number of readers or the number of sheets of paper or anything else than the actual number of whole papers printed and circulated.

A circulation of over 5,000 copies daily, maintained for a period of six months is a record of which the Gazette has good reason to be proud. It shows beyond all question the value of this paper as an advertising medium and the estimation in which it is held by its subscribers, and it is also important as an evidence of the general growth and progress of this community.

HARVARD WINS.

That part of the American public which watches with interest the intercollegiate sporting news in the papers has, for some years past, been drifting towards the opinion that athletics, as pursued in the university at Cambridge, Mass., consisted chiefly of basket ball and pinocle. It is true that at sundry times a number of apparently sturdy youths, attired in pink waists, have appeared in a boat and given an imitation of eight men in a boat.

In view, however, of the crimson result of Thursday's race this opinion must be considerably revised. Harvard won, and won handsomely and persistently, to the joy of its friends, the consternation of its rivals and the surprise of the public. It is scarcely necessary to remark that such a result was not accidental. A change so great and so unexpected must be accounted for by changed conditions. What these were is for the athletic specialists to discuss. The Gazette can only remark that food has an undoubted effect upon the physical condition of athletes, and for some time past there has been a growing doubt as to whether the regimen prescribed at Harvard was one best qualified to produce the desired result.

A MAN IN PUEBLO.

A man in Pueblo, who is not named here for reasons explained later, has written a circular which he sends to the Gazette with the following note: "I enclose you a copy of circular or 'open letter.' I have sent 25,000 copies to our poor mistreated soldiers in the Philippines. I think I am doing my share in opening their eyes to the universal anti-expansion sentiment in the United States. It is too late for Postmaster General Smith to kick about this 'open letter,' for as the darky said, 'It's done

gone now.' Imperialism don't go down in this country, not yet. Hooray for Aguinaldo, the George Washington of the Philippines!" What the man in Pueblo evidently wants is a Roast, and he is trying to "work" the Gazette for it as an advertisement of himself and his book. He is anxious to attract attention and would rather pose before the country as a traitor than not to pose at all.

The man in Pueblo is not a disgrace to the country or the community in which he lives. We question whether he could fairly be regarded as a nuisance. He is too insignificant.

ONE LIE NAILED.

The abominable slanders which have been circulated in regard to the conduct of American soldiers in the Philippines hardly deserve an answer. They are at total variance with what we know of the American standard and absurd upon the face of them. However, since it seems probable that they will receive the endorsement of a political party, and have been published as true by some newspapers it is probably worth while to have them officially disproved.

This has been done very effectively in the case of the yarn furnished by one Brenner of Minneapolis, Kan., in regard to the wanton killing of Filipino prisoners. The basis for the story that four prisoners were shot because the Americans did not know what else to do with them, turns out to be the case of two prisoners who were summarily executed for refusing to obey orders on the battle field, and this, says Professor Worcester, was an isolated case.

The New York Evening Post insists that it and the Springfield Republican are not the only anti-American papers in the country and prints a list of seven in support of its contention. The seven have not been heard from. There are 21,269 newspapers printed in the United States, of which 2,181 are dailies.

Noteworthy Opinions of Journals of the World.

Number of Words in Common Use. Chicago Record. The controversy instigated by some professional gentlemen of Baltimore who arranged a "test" to demonstrate that the average man employs only about 500 words in his daily conversation will be of interest to scholars, although the general verdict is likely to be that the Baltimore gentlemen are in error.

The "test" however, is obviously unfair, especially in view of the fact that the debaters were aware of the conditions under which they talked and unconsciously may have avoided unusual words. In the course of a week's talking most men cover a great variety of diversified topics, and almost each one of these topics would be found on analysis to carry along with it a little vocabulary of its own. If the gentlemen who were discussing the tariff had turned suddenly to the currency question, art, letters, poetry, the weather or patent medicines they would have added in each case a certain percentage to the words used in talking tariff. Every time the conversation shifted there would have been this increment to the sum total of words common to all conversation and of words especially adapted to specific subjects.

The extent of the vocabulary actually and constantly used by the average man, then, must vary considerably with the variety of matters that comes up for his daily discussion. But that it is far more than 500 words may be taken for granted. That the average man can "get along" with 500 and even fewer words is obvious, but the question is to how many he actually does use is another matter. One correspondent of an eastern publication, after long study with the dictionary, estimates the number as high as 7,500 words, while another places the estimate at low as 1,000. Probably few "average" individuals make use of fewer than 1,000 words. Most persons of fair education like to avoid the ordinary and are content to get along as far as possible with the ordinary and easy words which are the common legal terms of our speech. But these same persons when speaking to emphasize an idea, to indicate some peculiar shade of meaning or to throw a more vivid light upon their thought, seek spontaneously for words which lie outside common daily usage but are understood and understood as the proper words to express the precise idea it is intended to convey.

Last Hope of the Tagals.

Driven back in all directions from Manila, for a distance of from twenty-five to fifty miles, the "Tagal" armed prowlers have reached days of dark discouragement. They can get a fight anywhere by advancing. When our forces advance the enemy's rule is retreat. Under these circumstances the man in Pueblo is content to get along as far as possible with the ordinary and easy words which are the common legal terms of our speech. But these same persons when speaking to emphasize an idea, to indicate some peculiar shade of meaning or to throw a more vivid light upon their thought, seek spontaneously for words which lie outside common daily usage but are understood and understood as the proper words to express the precise idea it is intended to convey.

St. Louis Globe-Democrat.

Senator Depew, speaking of Commodore Vanderbilt, the other day in London, said that when he was alive the board of directors of the New York Central used to find all their work cut out for them. "He did everything. All the board had to do was to ratify his plans and adjourn. His only equal was the late president of the Pennsylvania Railroad company."

Gazette Gapeutics

THE SUMMER MAIDEN.

She is go-go-going Where the salt sea breeze is blowing. With her multitude of trunks piled full of summer finery; There she is to be seen With the silly lads, deceiving Many ready, willing victims, with her same old witchery.

She is boat-boat-boating On some inland lake, and floating At her ease while some poor fellow tugs with vigor at the oars; And she's div-div-diving From the pier, and ever striving To entrance the crowd of gutta-percha necks along the shores.

She is sing-sing-singing The sweet guitar is ringing. And she's playing golf and tennis thro' the days summer days; She is dance-dance-dancing To some dreamy waltz entrancing. And of this, her summer outing, she's enjoying every phase.

She is roam-roam-roaming In the sentimental gloaming, Breathing scores of little nothings to the fellow at her side; But we love-love-love her And we all delight to hover 'Round the candle of the summer girl and in her smiles abide.

Deeply Affected. "Listen, I have something to tell you. I have been called home, and leave tomorrow morning." He could feel her tremble as she nestled closer to him. "It has been a happy time," he whispered.

Repenting in Haste. "Hit am strange," remarked Uncle Ephe, "dat some men 'sociate wif de debil all der life an' den expect 'em to enter 'em 'kase dey cry 'Lord! Lord!' on der death-bed."

The Adaptation of Phrases. "As the college student would express it," remarked the inquisitor, who alighted upon the cheek of the sleeping man and prepared to probe, "I am taking my entrance examination."

one justification, and that is an honest conviction that the proper course is to hand over the sovereignty and quit the islands forever. Those who hold this position ought to say so plainly. If not prepared to do it, they are talking mischiefous stuff about iron-want matters, giving aid and comfort to the enemy wantonly, and adding to the perils of our soldiers. The blood of heroic men is upon the garments of those to whom the Tagal newspaper looks to cry cause by clamor now and by votes next year.

THE CUBAN CAMPAIGN.

(El Caney, July 1, 1898.) The Spaniards before us, our flag waving o'er us, The guns sounding far o'er the main, With no thought of fear, of the danger so near, We marched in the Cuban Campaign, North and South in the blue, the color so true, Heavens own, that never shall wane, We'll remember with pride, how we fought side by side, In the days of the Cuban Campaign.

Hearts true and brave, on land and on wave, Will ever "Remember the Maine" 'T was the tyrant's own hand, that gave the command, And led to the Cuban Campaign, as he in the strength of His might, we fought for the right, Where for years they had struggled in vain, And while hills and valleys ring, "Amer-log" we'll sing, To the God of the Cuban Campaign.

Ours the land to set her free, her guiding star to be, And 't was for "Cuba libre"—not for gain For freedom had she striven, and to her was victory given By the boys of the Cuban Campaign, May God's mercy lighten, and Cuba's fields brighten With sheaves of golden grain, May the dove of peace hover, with wide-spread wings, o'er The land of the Cuban Campaign.

Starry flag of our love—as to the God above, True to these we ever will remain— While stars their watch will keep, o'er graves of those who sleep, Our dead—of the Cuban Campaign, Then with three cheers and more, for the "Fifth Army Corps"— "Heroes from mountain and plain"— Our army and navy ever—the stars and stripes forever, The flag of the Cuban Campaign. —Mrs. R. E. Sullivan, Colorado Springs, Colorado.

COMMENTS AND CLIPPINGS

In several European countries, including France and Belgium, elections are always held on Sundays. Hall Caine is at his desk by 5 a. m. He works three hours and spends the rest of the day in long walks.

President Gilman, of Johns Hopkins University, is said to be a member of more boards and commissions than any other man in the world.

Admiral Schley says of his western trip: "If a man had two reasons for pride in his country and should then visit the west he would return with a hundred more."

W. J. Bryan has accepted the invitation of the Young Men's Democratic League of Fulton county, Ga., to deliver the address of the Fourth of July celebration at Atlanta.

Justin McCarthy has just undergone an operation for cataract. It was successful and quite painless, but the patient will have to remain in a dark room for several weeks.

The daughters of the Confederacy and the Confederate veterans of Kansas City are to unveil a soldiers' monument in that place early in July, and have invited General Joseph Wheeler to deliver the oration.

U. S. Grant, Jr., a grandson of the general, and F. O. Lowden, a son-in-law of the late Gen. Grant, have been appointed to places in the faculty of the Northwestern university. Mr. Grant will have the chair of geology and Mr. Lowden that of law.

Senator Depew, speaking of Commodore Vanderbilt, the other day in London, said that when he was alive the board of directors of the New York Central used to find all their work cut out for them. "He did everything. All the board had to do was to ratify his plans and adjourn. His only equal was the late president of the Pennsylvania Railroad company."

One of the few sons of prize-fighters that ever amounted to anything is the Rt. Hon. William Gully, speaker of the British house of commons. His father, John Gully, a butcher, and afterward a prize-fighter, grew rich and was member of parliament for his district in 1835. Speaker Gully receives a salary of \$25,000 a year.

MORE ABOUT THE LAFAYETTE STRIKE

Further Details of the Splendid Find in Princess Alice

WILL GET A TON OF IT Superintendent of the Mine Estimates that Enough of the Rich Calaverite Will be Taken Out to Pay For the Rubie Claim—Assays on the Ore Run Over \$105,000 Gold Per Ton—The Conditions in Princess Alice Territory.

The great strike in the Lafayette claim of the Princess Alice company, which was announced exclusively in the Cripple Creek correspondence of the Gazette yesterday morning, was confirmed yesterday by one of the local officers of the Princess Alice company.

It is one of the biggest strikes of the year. Some samples of the ore were seen by a Gazette representative yesterday, and were wonderful specimens of gold-bearing rock. The stuff is what is known as calaverite, "nearly pure gold," as it is characterized.

A piece about five or six inches in diameter was taken to a local assayer and tested, giving the wonderful results chronicled in yesterday's Gazette. Part of this piece was broken off to make the assays, and the remainder was roasted to make a specimen. The specimen failed, however, for as the assayer said, it was too rich to make a good specimen.

In the process of roasting, about nine-tenths of an ounce of pure gold was roasted out of the piece of rock, to say nothing of the amount of gold that remained on the piece and which showed all over it in yellow blotches, and all through it. When it was being roasted the molten gold trickled right through the rock and about nine-tenths of an ounce, or 815 worth, was taken from the bottom of the crucible.

Some High Assays. The assay returns on this ore were wonderful. One assay made from samples which were taken across the entire foot of the ore, including everything as it came down, returned values of over \$10,000 gold to the ton. Another assay, made from a picked sample, returned over \$10,000 gold to the ton, and still another picked sample gave values of something over \$105,000 gold to the ton.

Needless to say, the Princess Alice company is greatly elated over the strike, especially as it comes at an opportune time, when the proceeds from this very rich ore can be used to good advantage.

Elsewhere in this paper will be found an account of the purchase of the Rubie claim by the Princess Alice company, the purchase price being \$95,000. An officer of the Princess Alice company was asked yesterday how much of this rich rock he expected to get. He replied that it was estimated that there would be about one ton of it.

"Our mine superintendent," said he, "tells me that he will take out enough of the rich rock to entirely pay for the Rubie claim, which the Princess Alice company has just purchased, and possibly more, but he believes that there will certainly be sufficient to pay for the Rubie."

It is a great piece of luck for the company, and it is not very often that a company can pledge itself to the payment of \$95,000 for a claim and then find enough ore within a week to entirely pay that amount. Such is the case with Princess Alice, however, and the splendid good fortune that appears to be coming to this company enables it to add a valuable piece of ground to its territory while the market is so good.

That good old lady has been very generous to a large number of those who have come to Colorado, and this is only another instance of what she is doing. Scene of the Strike. It will be remembered that some weeks ago the Gazette gave an extended account of the Princess Alice workings, and what was being found in the various levels. At that time work had been pushed down to the 10th level, and drift had been taken there to catch the ore shoot which appeared in the upper levels.

This ore shoot was found soon after stopping had been started in the 10th level, and while the ore did not carry such enormous high values as have since been found, it was more than pay, and ran something like \$300 to the ton.

Sinking was at once resumed for another level, and at a depth of about 628 feet the next, or 11th level, was started. It was not strictly a level, for it was run as a cross-cut to catch the vein. After running about 20 feet west, the vein was encountered, and stopping on the vein was begun. It had not been prosecuted very far when the rich ore was encountered.

It is the purpose of the company to continue the work of stopping up to the 10th level, take out the marvellously rich ore and market it, thus getting funds to pay for the Rubie claim if the company so elects.

This splendid strike has been made north of the shaft. Good ore was found in the fourth and fifth levels, and the other levels which were run, its continuation was found in them. North of the shaft the only work done was in the line of development work, and the ore taken out and marketed by the Princess Alice company came from the south workings, where there is also a very good showing.

Property Looking Well. Aside from the rich strike recently made, the entire Lafayette claim is looking very well. As was said, the real work has been done in the south workings, where ore has been mined for market. This ore coming from the south workings has all been good, and has been the source of a nice little income to the Princess Alice company, and has gone toward the payment of operating and other expenses.

Little has been done in the north workings, except development work. From the showing which was made in the upper levels north there was reason to believe that good ore was hidden, and a splendid showing would be made. As the levels were run north from time to time, the ore first found in the upper levels was encountered at greater depth and it appeared to be getting richer all the time. It was more than pay in the ninth, and when the 10th was run out and the ore was again found, it was the richest that has ever been encountered, and ran something over \$300 to the ton in gold.

This in itself was considered a good strike, and was duly mentioned in the columns at the time. The good news of the Lafayette claim was said about it, and probably few took much notice of it, as the stock of the Princess Alice company was not listed and was close held, and the company had not come into much prominence at that time.

IS SHIPPING ZINC ORE TO BELGIUM

One of Leadville's Mines Is Sending Zinc to Antwerp

NEWS FROM VARIOUS MINES A Body of Iron Ore Has Been Opened Up in the Aurora—Lithigation on the Crouse Group is All Settled—St. Kevin Camp, Seven Miles Northwest of Leadville, is the Scene of a New Activity.

Special to the Gazette. Leadville, Colo., June 30.—The smelter situation remains about the same as reported last week, though at this writing the hope is entertained that some definite shape will be assumed in the matter by July 1, by a decision from the supreme court as to the constitutionality of the law. Whichever way it is decided, however, there will very likely come up a question of wages, either in the smelters or the mines, and it will take a week or two to get to an understanding.

On the other hand, it is thought that the general situation which has so far obtained, will, by reason of the curtailment of production of lead ores, have the effect of sustaining or enhancing the present price of lead. In some quarters an increase in the price of silver is being looked for. At present, however, everything is conjecture.

Development of the Alps and Helvetician claims is to be resumed. Development has been begun on the Brooks shaft in Big Evans gulch. A deep shaft is contemplated for the Long and Derry.

Shipping Zinc to Belgium. R. E. Moore, agent of the St. Louis Smelting and Refining company, is shipping zinc ore from the Moyer to Antwerp, Belgium. The Ilex is keeping up development in all parts of the Aurora group. The Marian shaft is down 1,300 feet, and at present it is the deepest working shaft in Leadville.

The Mahala is shipping 50 tons of ore per diem to the Philadelphia smelter, the Mahala tonnage of ore and the A. Y. and Minnie 50 tons of concentrates. The Sedalia, on Little Ellen hill, is now in control of Bartholomew and Pickering, and a large amount of ore has been taken out.

The Yankee lease on the Orion will ship as soon as smelter conditions are favorable. The sublease contact of the William Wallace is to be opened up by the Moline Mining and Development company. The Nisi Prius company has a new ore body in its ground on Rock hill.

The John and Co. lease on the A. Y. has caught a shoot of silver-lead ore. Work of prospecting has been resumed on the Ohio Bonanza by Williams & Co.

The Fitzgerald Gold Mining company has in contemplation the resumption of development on the Warren B. Fitzgerald lode. The Nubian Mining company, T. S. Schlessinger, is planning to develop 40 acres to the south of the Weldon.

Fifteen sets of sub-leases are operating on the Iron-Silver. Activity at St. Kevin. St. Kevin camp, seven miles northwest of Leadville, is the scene of a new activity. The Berdella is outputting right along, running 30 tons of mill dirt daily through the concentrating mill. The concentrates carrying an average of 75 ounces of silver, half an ounce of gold, and 42 per cent of iron. Manager Joe Lamping will put up a steam hoist on a second shaft. The tailings dump of the Berdella is being run through a sludge mill just erected by the American Salvage company, of which C. H. Nolan is president and E. E. Stokler general manager. The mill has a capacity of 150 tons per day of 24 hours. After the Berdella dump has been run through, the President or Reed National dump will be operated upon. Development is also being done on the Griffin. The sludge mill will probably be the means of a general resur-rection in St. Kevin, there now being many properties left there are capable of being pay producers if an economical process can be installed for the working of the low grade ores. The veins of the district are great long fissures, with porphyry fillings in old archaic granite. High grade minerals are contained in the vein fillings, stibnic acid frequently occurring, running from a few hundred to a couple of thousand ounces of silver per ton, while some good ore has been in the Amity, carrying 2 1/2 to three ounces of gold. Among the other prominent properties of the district are the St. Kevin, Wilkesbarre and Huckleberry. The district needs a few good San Juan fissure-vein miners, at least there are opportunities for the latter in Porcupine, Sowlby and Gleason gulches. The same need and opportunities exist in other districts in the Saguache range, tributary to Leadville, such as Lake Park, Sugar Loaf, Half Moon, Twin Lakes and Frying Pan. The natural advantages and the nearness to Leadville makes mining there easy, a desideratum not appreciated in Leadville.

Los Angeles and Return \$47.00 via the Colorado Route, June 29 to July 3, return limit Sept. 4, with stop-over privileges.

EASTERN MARKETS

New York Money. New York, June 30. Money on call strong at 6 1/2; last loan 9. Prime mercantile paper, 3 1/2. Sterling exchange, weak with actual business in bankers' bills at 43 1/2.

Chicago Grain. Chicago, June 30. Wheat started with a degree of steadiness somewhat starting in view of the half desertedness of the pit.

ed a shade over yesterday's closing price at 74 1/2. This price changed very little for about half an hour when substantial support was given the market by Snow's crop report on the condition of spring wheat.

Provisions were almost at a standstill. As the close September pork was 5 cents higher, September lard, 2 1/2 cents higher, and September ribs, a shade higher.

Cash quotations were as follows: Flour—Quiet. No. 2 spring wheat, 72 1/2; No. 3 spring wheat, 69 1/2; No. 2 hard, 72 1/2; No. 2 white, 72 1/2.

On the Produce exchange today, the butter market was firm, creamery, 13 1/2; 18; dairy, 11 1/2 to 12.

Notice of Annual Meeting. Notice is hereby given that the annual meeting of the stockholders of The Union Gold Mining company will be held at the company's office, room 4, Postoffice building, Colorado Springs, Colorado, on Monday, July 3rd, A. D. 1899, at 12 o'clock.

Notice of Final Settlement. In the matter of the estate of Charles E. Cox, deceased. Notice is hereby given, that on Monday, the 19th day of July, A. D. 1899, being one of the regular days of the July term of the county court of El Paso county, in the state of Colorado, I, Lulu D. Cox, executor of said estate, will appear before the judge of said court, to present my final settlement as such executor.

DAILY WEATHER RECORD. The following meteorological report as furnished by the Colorado College weather bureau. Observations recorded in local time: June 29, 6 p. m., to June 30, 6 p. m. Temperature at 6 a. m. ... 51

WEATHER INDICATIONS. Washington, June 30.—Forecast for Colorado: Partly cloudy and cooler Saturday; fair Sunday, northerly winds.

Pleasant rooms with board. A. A. Warren's, 730 N. Cascade avenue.

Balloon ascension every evening at 8:30 at Christy & Garrett's. One dollar's worth of fireworks for the boy bringing in the tag attached.

A license to marry was issued yesterday to James Farmum, St. John of Dever, and Miss Jennie Adair Patterson of Canon City.

Mr. W. F. Fisher has secured rooms at the New Bachelor's headquarters, 409 North Cascade avenue, conducted by Mrs. Josie Rhind.

The Colorado Road is exhibiting attractive cards-announcing a grand patriotic concert which will open the Boulder Chautauqua on July 4.

A special review of Sarah Barnes Hive No. 7, L. O. T. M., will be held at the home of Mrs. Fox, 218 South Cascade avenue, this afternoon at 2:30.

The women of Grace church will have their weekly market of excellent home-made provisions this afternoon, from 2 until 5:30, at Mr. Ayland's grocery store, No. 22 North Tejon street.

China Jam has made extra preparations for the glorious Fourth. He has over brought to the city, besides many novelties in fireworks.

The Fourth of July will be observed very generally by the retail merchants of the city. All of the grocery stores and butcher shops will close for the entire day. This will be the first instance of a general closing on Independence day.

Preparations for the illumination on the summit of the Peak Monday evening, are going steadily forward. The red, white and blue fire will be shipped down from Denver today and taken up the cog road.

On Sunday afternoon, at 4 o'clock, the rector of Grace church and the Brotherhood of St. Andrew, will hold a service at school house No. 12, on the Cheyenne Canon road. Residents and visitors are cordially invited. It is hoped to make these services a permanent institution.

The regular Sunday meetings of the Y. M. C. A. will be held during the summer months. Interesting speakers will be provided each Sabbath afternoon, and all men are welcome at the 4 o'clock men's meeting. There is also a prayer and praise service each Sunday morning, at 9:30 o'clock.

The electrical system of the fire department has been undergoing a complete overhauling lately. A new box, No. 37, has been placed at the corner of Fountain and Nevada and box 36 has been removed to the corner of Moreau and Weber. Today box 56 will be installed on the west side near the Star grocery store.

The regular monthly meeting of the Caledonian society takes place in the McIntyre-Barnett building tonight at 8 o'clock. The society and its friends will picnic at Great Mountain Falls on July 4. Trains will leave the Midland depot at 11 on the morning of the Fourth and will return from the Falls at 5:30 in the afternoon.

Fred Goff, aged 42, brother of W. B. Goff of Leadville, died yesterday at 24 Hurefano street. Mr. Goff has been in this city for some time, where he came on account of bronchitis. He had been a resident of Omaha for nearly eleven years. The remains were shipped to Omaha yesterday for interment.

Mrs. Joughlin, Miss Joughlin, Miss Isabel Joughlin and Miss Roeder, of Los Angeles, Miss Mabel Forbes of Chicago, Miss Williamson of Racine, Wis., Miss Marie Paulley, Miss L. M. Abell and Mr. Fin of Kansas City, Mr. Berger, Mr. Clark and Mr. Sawyer of New York, composed a picnic party who enjoyed the day at Cascade yesterday.

A cup has been presented to the Town and Gown Golf club by Messrs. L. W. Chamberlain and Irving Bonlight to be played for by the ladies of the club July 4, to become the property of the winner. The tournament will be a handicap and entries, which can be made at the club house, close on Monday, July 3, at 6 p. m.

C. E. Tyler & Co., at 104 East Pike's Peak, have sold to Mr. O. V. Vanderlip, the four new modern terraces on Yampa and Wahsatch, formerly owned by Lawson Sumner. The price paid is not named but is said to be a cash transaction. They also report the sale of property at 508 North Pine street from Emma Harnett to Floyd Huntley, and the property at 621 East Kiowa from Emma Harnett to Mrs. Speckerman.

A building permit was issued yesterday to J. A. Himebaugh for the erection of the superstructure of the Alamo Hotel. The cost is given as \$70,000, and it is expected that the work will be begun immediately and be pushed as rapidly as possible to completion. The delay during the last few days has been caused by the fact that the architect had not completed the putting in shape of the plans for the building and the building inspector could not issue the permit for its erection until he could have all the specifications before him. All points that were not clear have been explained, however, and there is now not a thing to prevent a rapid prosecution of the work.

Funeral services over the remains of Joseph E. Donnelly, who died Wednesday evening, were held at St. Mary's church yesterday morning, at 9 o'clock, and were conducted by Father Bender. The pall bearers, Messrs. Hemus, Trainor, Bandollar and Jemison, were intimate friends of the deceased. The interment was in Evergreen cemetery. Mr. Donnelly came to the city from New York about five years ago, and was connected with the Out West Printing company, and several other printing concerns during his residence here. He leaves a wife and young daughter. For several years Mr. Donnelly was the representative of the local Typographical Union to the Trades Assembly. He was popular with all classes and had a host of friends in Colorado Springs.

Kirschner, the furrier, 18 Pike's Peak ave., cleans and stores furs.

HOSIERY DAY

Saturday, July 1

We are rapidly building up a hosiery business that would be a credit to a very much larger store. We carry the hard to wear out kinds at economical prices. Every Saturday we lower the prices on all hosiery. Let these few prices serve for many more equally as good.

At 11c—Ladies' seamless black hose with double heels. CHILDREN'S HOSE—Two extra values in children's hose with double knees, heels and toes. Special reduced prices, 11c and 19c.

LADIES' HOSE—At 25c—Ladies' full regular made fine black hose with double heels and soles.

Outing hats, just the thing for the Fourth, at La Parisian, 202 1/2 N. Tejon.

What's the matter with Dr. Sapero, the eye specialist? He's all right—on sight. He will be here June 24 to July 9, at the La Veta.

Bargains in trimmed hats Friday and Saturday, at La Parisian, 202 1/2 N. Tejon.

Pleasantly furnished rooms for invalids; lawn and veranda. Special rates for treatment. Dr. J. W. Foss, 529 North Weber.

Rose Bushes, 10c Each. Great closing out sale of plants for the next seven days. The Bradford Green houses, Cache la Poudre and Weber.

Dr. K. C. Sapero, the eye and ear specialist of Denver, will soon be here, at the La Veta.

Dougllass shoe store, opp. Antlers site. The white man's burden is greatly lightened by the Remington Standard typewriter.

See Pingree's famous composite shoe for ladies at \$3. Smyth, 30 North Tejon.

The Hotel in Estes Park. The season at Estes Park this year is unusually attractive on account of the superior hotel accommodations and the efforts of the new management of the Estes Park hotel to conduct a first-class house. The hotel is small and rapidly filling up. Parties intending to visit the most beautiful spot in the world and enjoy the excellent trout fishing should correspond with the Estes Park Hotel, Estes Park, Colo., for particulars.

Art Needlework. A large assortment of new and choice embroideries, stamped linens and materials. Lesson, 50 cents. Miss Brooks, the Alta Vista.

SPECIAL EXCURSION EAST. Via Great Rock Island Route. To Detroit and return July 2, 3 and 4, at \$8 for round trip. Call at City ticket office, 112 Pike's Peak avenue, for full particulars. W. W. Wood, General Agent, Passenger Dept.

See the fire-eater in the Opera House block, where they have a complete line of fireworks at reasonable prices.

Richmond, Va., and Return \$4.75 July 9, 10 and 11. Call at 16 N. Tejon street, Rio Grande city ticket office, for full particulars.

When You Go to California. Keep cool in the shadows of high mountains on the Colorado Midland railway.

Best Kodak work. Foley, Photographer.

are the designs in jewelry shown in our superb stock of lace pins, finger-rings and bracelets, friendship hearts for Nether-ersole bracelets. A fine selection.
