o Wm. Dwyer:

We have been in the habit of sending the "NEWS" until ordered discontinued, and charging the price of same to the subscriber. This method has proven dissatisfactory, both to ourselves and to our patrons, so hereafter, after sending this notification and failing to hear from the subscriber in a reasonable time, we will take it for granted that he does not longer care to have the paper forwarded. If you do not find it convenient to pay for the paper at once, you have merely to let us know that you desire the paper and it will be sent—to be paid for at your earliest conve-nience.

sent—to be paid for at your eithest conve-nience. Under the old method the paper was fre-quently sent to persons after their removal from a postoffice, and consequently we were at a loss, without benefitting our subscribers in the least. We wish to avoid all such disagree-able mistakes in the future and can only do so by having the paper paid for, or else notified that it is desired forwarded. Yours truly,
