The Lower Dolores Cattle Range. The correspondent of the Telluride Journal, "on the spot" gives the following interesting points concerning the cattle range on the lower Dolores: Six miles west from Naturita P. O. Dry Creek cañon enters the valley. We travel up this dry, rugged cañon 7 miles where it forks, forming two small cañons 3 miles in length; at the head of each is a large spring which furnishes an abundant supply of water for the number of cattle which range on Dry Creek basin or Plateau mesa, which is 55 miles in length by 8 in width. This large strip of fine level country was a favorite hunting ground of the Utes. But now, near where they once had a large village the ranch houses and corrals of J. P. Galloway and county commissioner Nelson are located. On the other spring 3 miles west Harry Adsit has built his winter quarters, also David Miller. These large stockmen have been fortunate in securing this fine winter range using the Lone Cone for a summer range which is 20 miles above. Fred Mayol now a resident of Ouray county, first drove onto this range, at a time when the Utes still had possession and gave him no end of trouble by killing his cattle and often threatening him with death. A few of his cattle strayed from his ranch at that time are now running on a point near the Dolores river 18 miles below. These few cattle have become so wild that no one can approach or handle them. The cow boys have several times tried to drive them up but with poor success, as they only captured two, which they roped. A week ago they made another attempt which proved more exciting and dangerous than they expected. They were successful in finding the band, but on running them some distance and close pressing them, one of the bunch, a large bull, turned and made it rather troublesome for them until the boys succeeded in downing him with their six-shooters. As the leader is now dead, they will soon pay them another visit.

Without Change of Cars! MEMPHIS

The attention of the people of the west and north-west is called to the Memphis extension of the Kansas City, Ft. Scott & Gulf Railroad, now completed and in operation between Kansas City, Mo., and Memphis, Tenn. The completion of this short line to the south brings that heretofore to the West practically inaccessible section into close relation with the west and north-west to the very great advantage of all.

Through trains for Memphis with Pullman Palace sleeping car and elegant day coaches leave Kansas City daily, saving frequent changes and many hours time to Memphis, Jacksonville, Fla., New Orleans, and all southern cities. Tourist's tickets via this short route to Jacksonville, Mobile, New Orleans, and all the winter pleasure resorts of the South, will be on sale at all coupon offices throughout the West. A map of this new route has just been prepared and will be mailed free on application to J. E. Lockwood, G. P. & T. A., Kansas City, Mo.

Extraordinary Offer to All Wanting Employment.

We want live, energetic and capable agents in every county of the United States and Canada, to sell a patent article of great merit, on its merits. An article having a large sale, paying over 100 per cent. profit, having no competition, and on which the agent is protected in the exclusive sale by a deed given for each and every county he may secure from us. With all these advantages to our agents, and the fact that it is an article that can be sold to every house owner, it might not be necessary to know that we have agents offer to secure good agents at once, but we have concluded to make it to show, not only our confidence in our invention, but in its salability by any agent that will handle it with energy. Our agents now at work are making from \$150 to \$600 a month clear, and this fact makes it safe for us to make our offer to all who are out of employment. Any agent who will give our business a thirty day's trial and fail to clear \$100 in that time, above all expenses can return all goods unsold to us and we will refund the money paid for them. Any agent or general agent who would like ten or more counties and work them through sub-agents for ninety days, and fail to clear \$750 above all expenses, can return all unsold and get their money back. No other employers of agents ever dared to make such offers, nor would we if we did not know that we have agents now making more than double the amount we guaranteed, and but two sales a day would give a profit of over \$125 a month, and that one of our agents took eighteen orders in one day. Our large descriptive circulars explain our offer fully, and these we wish to send to every one out of employment who will send us three cent stamps for postage. Send at once and secure the agency in time for the boom, and go to work on the terms named in our extraordinary offer. We would like to have the address of all the agents, sewing machine solicitors and carpenters in the country, and ask any reader of this paper who reads this offer, to send us at once the name and address of all such they know. Address at once, or you will lose the best chance ever offered to those out of employment to make money.

He Had a Wife in Texas. From the Merchant Traveler. A sorry-looking specimen was before the Police Judge. "You are charged with being a vagrant," said the Court. "I reckon hit's a fa'r deal, Judge," responded the man. "Have you no home?" "Not in these parts, Judge." "No friends?" "I've got a wife in Texas, Judge." "Why don't you go home to her instead of starving and freezing up here?" "Judge, did you ever meet my wife?" "Of course I didn't." "I thought so, Judge, or you'd never axed me that question." "Sixty days," said the Judge curtly. "Much obliged, Judge; I wuz afeared yer wuz goin' ter sen' me back ter Texas."

Not Because of Lonesomeness. Boston Times. "So you went to the party with Mrs. Elberton, did you?" asked a wife of her husband. "Yes, as you were away, I thought it would do no harm, as Elberton asked me, being detained at home, and not wanting his wife to be disappointed." "Well, I don't believe in lending my husband to anybody." "Why not, pray?" "Because, it is not good, according to the bible, for a man to be a loan."

Poker in Boston and Rico. The Chicago Rambler says that the intellectual game of draw poker has taken a firm hold on the dwellers in cultured Boston, and the teachings of the Concord school of philosophy are for a time forgotten. A special correspondent writes that he recently overheard several fair daughters of the Athens of America indulging in the pastime, when the following dialogue ensued: Anastasia—Is it my aunt? Oh! yes, well, there's a solitary check. Clytemnestra—I will bestride your destitute of sight, dear. Proserpine—Well, draw your cards. I will remain Patrick. Millicent—Well, I will wager a half-score of checks. Anastasia—I behold you and elevate you five. Proserpine—I fear that you are feigning to possess more than you really have, but nevertheless, dear, I call you. Anastasia—I have a homogeneous trio of one spots. Millicent—And I a Robert appendaged flush. Proserpine—While I hold a quartet of knaves. Millicent—Well, dear, then you take the ceramics. Clytemnestra—Oh, hades! Anastasia—Hades, myself; what colorful gentleman have you to back it. In Rico the scene would have been enlivened about as follows: Whiskey Bill—Is it my ante? Allright, in she goes. Wild Hank—I'll straddle the blind. Leadville Joe—What'll you have. I stand pat. Billy the Kid—I'll bet six reds. Whiskey Bill—I see you, old son, and raise you five. Leadville Joe—I think you are trying to run a grand old bluff, and I'll just cut the limb off behind you. Whiskey Bill—I'm a settin' pretty solid behind three aces. Billy the Kid—I've got a bob-tailed flush. Leadville Joe—I hold four jacks. Billy the Kid—Take the stuff and go to the hole for the drinks. Wild Hank—Oh, hell. Whiskey Bill—Hell here; what've you got to nigger with?

Funny Fancies. A paper says that a young widow in that city, who writes well, is training herself for an editor. Who is the editor? "Every Little helps," said old man Little, when he called his wife and two daughters out to assist him split up a cord of hickory wood. A man may forget his business, his family and all the sacred obligations of life, but he always remembers where he got that counterfeit bill. Nothing does a doctor so much good as to prescribe an ocean voyage for a sick man who can't raise money enough to pay his street car fare down town. A Washington man who was treated to a "25-center," slipped back to the cigar store the other day, and economically exchanged it for "three for a quarter."

They are having a whole lot of fun up in Manitoba in the neighborhood of the File Hills reservation. The Indians are menacing the barracks and executing war dances within six miles of Battleford. Colonel Herscher is at Medicine Hat and is waiting for the South Saskatchewan to break up. Premier Norgay explains that the Indian tribes are being led into rebellion by the half-breeds through Riel's influence. Many whites have been killed. THERE are several contestants for the base ball championship of San Juan this year. Rico will take a front seat in the circus and the Muldoon says: "The young men of this village have organized a base ball club and are in active training. There is a fair quantity of good material in the make up of the organization and the boys will test the skill of neighboring clubs as the season advances."

A BURIED graveyard exists near Mesilla, N. M. In 1862 the burial ground was hidden from sight by the sands; this year the capricious silica was lifted from its resting place, exposing graves and tombstones that were covered more than twenty years ago. We want to see the road built from Sargeant's up the South Fork to Rico. This would not only give the Trout Lake country an outlet, but be a benefit to Ophir and that district.—Telluride News.

PRESIDENT ZALDIVAR of Costa Rica, telegraphed that Barrios, the Central American insurgent general, was killed last Saturday at the battle of Chalanup. Zaldivar has navy trait to shed. JOSEPH SCHUELER was over from Rico the first of the week. As near as we can judge from the drift of his conversation he is mashed on the metropolis of Dolores.—Telluride Journal.

THOS. ROCKWOOD Esq., of the Grand Central, left for Denver, this morning to purchase furniture for the extensive additions lately made to his popular hotel.—Durango Herald.

Governor Eaton has just signed house bill No. 78, forbidding any judge to exclude Mexicans from jury service, whether they can speak or understand English or not. JUDGE GERRY purchased the house on the corner of Second and Uncompahgre avenue last week, and will soon settle in Montrose for good.—Montrose Enquirer.

THE largest snowslide that has come down in the Animas cañon this winter occurred last Thursday, about two miles below Elk Park, after the train had passed on its way to Silverton. The slide was 35 feet deep and 400 feet wide. It crossed the river and ran to a point some 100 yards on the opposite side. The train was unable to get through, and was brought back here for the section men: It left at 8 p. m., and did not get into Durango until 3:25 yesterday morning. The work of shoveling out the snow was much facilitated by the strong current in the river, as it was carried off by the water as fast as shoveled out.—Silverton Democrat-Herald.

UNDERNEATH the approach to the East River Bridge, on the New York side, there is a court or yard in which day and night are literally reversed. The bridge supports shut out the sunlight, while the electric light burning on the bridge at night make the court nearly as light as day. The people residing there, of course poor, are unable to pay for gas of oil order to see to work when other people do, so they sensibly do their sleeping then and their work at night by the electric light, which costs them nothing.

At Denver, Joseph E. Bates, republican candidate for Mayor, was elected by a majority over Matthews, democrat, approximating 1500.

In Chicago the fight for Mayor was a close one. Harrison, democrat, received a vote of 42,920; Smith, republican, had 43,586.

The Michigan election last Tuesday resulted in a democratic victory.

CINCINNATI elected a republican Mayor by a majority of 8,893.

Shall we Have Waterworks?

A joint session of the incoming and the outgoing town boards had the waterworks problem under consideration last Thursday evening. The general opinion of the boards seems to be that the business portions of the town demand protection against fire.

unbroken blocks in such a way as to render it impossible to successfully fight a fire with the means at hand. The loss of one of many of them would mean more money than protection to the whole of them would cost. A fire under headway in the business part of town would surely sweep away many.

LOCAL BREVITIES.

CHAS. PFEIFER, of Gallup, N. M., is in town. JOHN CONLEY, the Rockwood packer, is in town. W. L. HULL will leave Denver for home next week. The very best of butter, cheese and eggs at Holmes. The election of Tuesday was the most noisy one known in Rico. HARRY ILLER arrived Wednesday. He is a brother of Billy and Frank. GENUINE Turkey Red oil calico and red cotton thread at Holmes. The Odd Fellows will pay the band \$60 for its services on April 27th. PROF. BRICKSON started out for Telluride to day to be absent a few days only. A FEW pairs of ladies and childrens shoes yet in stock at Holmes and offered very low. H. S. ENGLE and J. L. Brechbill, of Detroit, Kas., came in last evening and will remain. M. V. B. BENSON, the Pueblo insurance man, is in town on business. He came in last evening. WM. TIGUE, who died of pneumonia in Durango last week, is a brother of the Tignes of this city. The lot of Ginchams at Holmes are selling very rapidly. Call and secure some before too late. THE "Brunswick" hall has been leased to Barker & Cromer for one year. They will soon open the place. LOUIS SCHLOSS returned Monday last. He has been away a couple of months visiting Mrs. Schloss and Reda. The sick list is decreasing. Andy Brydon is rustling about and John Glasgow is almost a well man again. JOHN EDER and John Knoll started out this morning for Trout Lakes, to continue work on mines in that locality. C. H. CARPENTER is out at Trimble Springs. He will be out until thoroughly relieved of an aggravated cold. JACK LITTLETON, formerly of the Rico blacksmithing firm of Littleton & Broughton, has gone to Texas to buy cattle. REVEREND George Needham left Rico on Tuesday. He goes first to Farmington and is then booked for Socorro, N. M. GRAHAM, Milk, Oatmeal, Butter, Soda, Oyster and Sweet Crackers, Jumbles, Cocoa Bars and Ginger snaps at Holmes. The city bustle was comfortably full last Tuesday evening and night. The inmates were as a rule uncomfortably full. THREE early San Juaners have secured offices in the new county of Pagosa—Judge Henry Ford, Tom Blair and John Ufford. AL STEELE made his semi-annual logging last Tuesday. Election bets are always safe—when you make them against Steele. THE pack train of Van Liew & Watson (some 55 jacks) has passed into the hands of the Pasadena company, who are operating it. GEORGE WEST and Adam Lewey, one of Brunley's herders, came in from the range Tuesday with beef cattle for the Miners' Meat Market. J. H. DENISON, a young man from Denver, has been here several days on business with the county court. He started home Wednesday. E. S. WILLIAMS came up from the ranch Wednesday. He reports nothing new. The average ranchman is pursuing the even tenor of his way. CHARLIE GOBLE has gone out on horseback to the Trimble Springs to try the efficacy of the hot mineral bath to sweat the bad poison out of his system. KEEP your feet dry and warm but your head cool. A "whole lot" of cotton and woolen socks and summer hats at Holmes. Buy a change of socks and summer hat. The home military company will celebrate Decoration Day with appropriate ceremonies. They will march to the cemetery with the Rico Cornet Band at their head. M. M. SMITH left for the West Dolores yesterday and tried to persuade "Wild Hank" to hit the trail with him. Both have valuable interests in our western tributary. ANDY MILLER is arranging for a train of jacks and intends to operate chiefly between the Trout Lakes and Rico. There will be one enough from up there to keep him busy. THE new mammoth skating rink will be first opened to receive the guests of the Odd Fellows at their ball. The rink will be opened for business almost immediately thereafter. ONE of our slightly inebriated citizens full of election booze stumbled against a window Tuesday. No sooner had he fallen than he jumped up and called out: "Throw a rock—tell er lie, sumbdy!" Mrs. B. E. SANBORN's husband came in Thursday evening with the millinery stock, and is already doing a rushing business in his line. This office acknowledges the receipt of a dainty little baby cap from the millinery emporium. Just in the nick of time.

CONTRARY to all expectation, the murderer of Dan McDonald at Ouray has not been lynched. The name which is disguised by "Tex" is in this case Blewett Redus, and he reposes in Ouray county's jail. COMPANY E. is preparing to erect a 90-foot flag-pole in front of the Armory from the top of which the Great American flag will float and flop in the breeze on appropriate occasions. Serg't. Haen will paint it white. WICHITA is trying to straighten the wagon road up to the C. H. C. Lord, the idea of Wichita straightening a road! When the road looks straight to Wichita it looks like this to other people: ~~~~~ THE BEANEY blew out last night for the first time in five years. It will be calsonified, re-papered and re-fitted with new counters, new shelving, etc. The work will consume a few days, when the place will open up in grand style. CLINT DUTCHER is a drummer without equal; not a commercial traveler, but a drummer. If he would only practice a little, he could soon get as much music out of it as John Clark can out of a banjo, but at present Dutcher only keeps the sticks going 27 hours a day. W. J. MULHOLLAND came in last evening and intends to remain most of the summer. He is an owner in the Gem of Beauty, a patented claim up Silver creek and he may develop the property. He is one of the oldest of Silverton's pioneers and made his pile in the Aspen, the oldest mine in that camp. MR. AND MRS. JOHN C. GRIERSON returned to Rico Tuesday, after three months spent at Jacksonville, Ill. They were accompanied by their little grandson, Percy Capps, who summered with them a couple of years ago. Mr. and Mrs. Grierson have been stopping at Mrs. Poindexters during the week. We published last week an article on the salt resources of Paradox valley copied from the Montrose Messenger. It stated that the water of a certain spring returns nine pounds of salt per gallon. The story is as fresh as the spring is salt and should be put in brine. Nine pounds to the gallon is several pounds. THE Odd Fellows ball will occur Monday, April 27th, and they have arranged to have the use of the new James skating rink, which will be completed by that time. The supper will be prepared by the St. James Hotel and will be very fine. For every plate laid for guests of the occasion, the committee have arranged to spend \$1.00. THE petit jurors will not be summoned to appear in the District court until the third day of its session. Under the rules of practice of Judge Hayt's court the first two days are devoted to the grand jury and interlocutory matters, and the regular docket is taken up on the third day. The idea is to save the expense of having a jury waiting for business at the expense of the county. SAMUEL JAMES, the metallurgist of the Pasadena, and W. W. Parshall, connected with the same institution started out Sunday for the Trout Lake, Ames and Ophir country. The purpose of the visit is a double one—to secure ore and arrange for the transportation and to talk up the proposed road up that way. They will visit mines and arrange to have ore brought down. They will return to day or tomorrow. T. A. DAVIS came in from Telluride Wednesday evening and remained until to day on business connected with renting several places Davis Bros. own here. They are preparing to work the Nellie gold mine very extensively this year. A tramway is to be built 3000 feet to the Silver Chief falls, where a quartz mill is to be built. In the meantime the Golden Group mill has been leased to treat the Nellie ore. Ed. Davis will be over here long. THE advertisement of the St. James Hotel appears in this issue. The house, always popular, but sometimes high priced, will be kept up to an excellent standard by Mr. Brydon who says in his "ad" that owing to the costly furnishing of the St. James the impression has gone abroad that the rates are correspondingly high, which is a mistake, as an examination of published prices will show. The house is already enjoying a good run of business and deserves it. THE cow-punchers from all over the Dolores, San Miguel and Dolores ranges, met in Durango yesterday for the purpose of organizing a stockmen's association for the protection of stock owned by its members. Great preparations had been made for a cow-puncher's dance to pleasantly wind up the day. George E. West was one of the floor managers and left Rico for the place of rendezvous Wednesday. The boys no doubt had a jolly time. No class of people enjoy a dance more. THE church will receive another benefit next Friday and Saturday evenings. The entertainment will be given in the Kephart building and will be supplemented by excellent music by a select orchestra. Mrs. Jarley will afford fun for the million (more or less) with her waxworks, famous the world over. Friday evening a vocal and instrumental concert will precede the entertainment and on Saturday evening by the force "That Rascal Pat," just produced with startling success for one consecutive night by the Telluride dramatic club. Tickets, 50 cents; children between 5 and 13, 25 cents. We note with special pleasure that the \$50 admission for children in artus has been abolished.

Lost. Somewhere on Glasgow avenue last Thursday. A gold ring with turquoise setting. The finder will please return to this office. Millinery and Ladies Goods. To the ladies of Rico: I am here with a supply of millinery and ladies goods, of the very latest and prettiest styles and best makes. No shop-worn stock from a failing house, but fresh goods and fair prices. Call early and have a more complete assortment to select from. I have opened my goods in the Schwenk building on Glasgow avenue and will be here for one week only. Very respectfully, Mrs. B. E. SANBORN. Roll of Honor---Primary Grade. The following are the names of those averaging best in department and studies from March 23d to April 6th: FIRST CLASS. Josie Clay, Mattie Ohlhausen, Lilla Clay, Topsy Thomas. SECOND CLASS. John Muncaster, Lizzie Kaufman, Eula Winkfield. THIRD CLASS. George Snyder, Allie Reed, Tui Lewis, Harry Kaufman, Walter Carr. Mrs. R. C. DARLING, Teacher. A Card of Thanks. At a special meeting of the Rico Grange Band held on the 7th day of April held at their hall, the following preamble and resolutions were unanimously adopted: Whereas, The ladies of Rico have donated to this organization the sum of \$71.50, proceeds of a ball an supper gotten up and managed entirely by themselves, Therefore, be it resolved, That our thanks are due and are hereby tendered to those ladies who by their untiring zeal and perseverance have so generously contributed to our welfare and prosperity. Resolved, That commendation is especially due for the pleasant and agreeable manner in which we were entertained and feasted at the ball. J. F. WANNEMAKER, Pres. J. O. CAMPBELL, Secy. Handsome Harry. The Chicago News gives our Harry Caldwell the following send-off: The Hon. H. J. Caldwell, who is Gov. Oglesby's private secretary, is in deep anguish. He enjoys the reputation of being the handsomest man in Sangamon county, and he takes a natural pride in sustaining his reputation to the extent of arraying himself in the most expensive and most stylish garb. But Sangamon county hyperdasheries fail to supply him with those niceties and luxuries which he demands in order to make his toilet complete. To be more explicit, Maj. Caldwell cannot suit himself in the matter of kid gloves. Either they shrink or stretch, or are too loud or too modest in color, or some other glaring objection arises at any rate, in the matter of his kid gloves. Maj. Caldwell is particular, and the Springfield haberdasheries are simply an abomination in his eyes. He tells us that within the last month he has purchased no less than five pairs of kid gloves, and none of them is fit to wear to a dog fight. Our advice would be that Maj. Caldwell consult Col. Henry Davis, Jr., on this important matter. Col. Davis is vice-president of the Springfield roller-skating rink, and without the length and breadth of Bill Springer's district he is an authority on all matters pertaining to masculine attire. Col. Davis has his hats made specially for him in England and his kid gloves come from the famous Persian manufactory of Jean Renaud et fils. We have an abiding belief that the combination of Maj. Caldwell's beauty and Col. Davis's fine clothes would be hard to equal and impossible to surpass. Ladd---Johnson. According to announcement, B. E. Ladd, Jr., and Miss Katie Johnson were married last Sunday evening by County Judge E. A. Robinson. There were present a very large number of guests who were royally entertained. The bridal supper was a gorgeous affair, and was partaken of by a vast crowd who ate, drank and were merry. Toasts and responses were a pleasant feature of the evening and it was a feast of mind, as well as of body. Numerous gifts were received and presented by the following: Silver butter dish, by Messrs. Wagensler, Pence, Bishop, Holmburg, Bang, Steele (A. H.), Gorla and Gilbert; Japanese dressing case, Miss Annie Johnson; Bohemian vases, Mrs. Wm. Davidson; toilet set, Mrs. Jos. Meredith; mustache cup, Mr. and Mrs. Geo. Hayes; silver napkin rings, A. H. Munde and wife; Hill's Manual, Major Benj. F. Klee; silver napkin rings, F. Wakeman; large lamp, W. J. Cox and wife; hand mirror, L. O. Towne; bracelets from the groom; thermometer, F. L. Thompson; saddle and bridle and china tea set, Jos. Johnson and wife; china tea set and hand satchel, groom; Niagara dressing case and syrup pitcher, John Ladd; silver cream pitcher, Mrs. Joseph Johnson; silk handworked slippers, from groom; mat, Mrs. R. Where the President Sleeps.

Now York Graphic.
President Cleveland moved at once on taking possession of the White House into his predecessor's beautiful blue bed-room. The opposite room, in which President Garfield was ill so long, and which was President and Mrs. Hayes' bedroom, is occupied by Miss Cleveland. Except Arthur and Cleveland, no presidents have occupied the room which is now the bedroom of the latter, and from December, 1881, until he moved out of the White House, was the former's bed-chamber. The other presidents, including Grant, Hayes and Garfield, usually slept in the opposite room, which, being on the south side of the mansion, is sunny in winter and has a breeze in summer. During President Grant's administration, until her marriage, Miss Nellie Grant slept in the room President Cleveland now has, and during the Hayes administration his niece, Miss Platt, used it until her marriage. When President Arthur selected it in the autumn of 1881 for his bed-chamber, it was superbly fitted up before he moved into it. It has furniture all upholstered in "lady blue" satin damask with a faint gold flower wrought in it. The curtains at the windows and those beneath the lace canopy over the bed are of the same material, and there is also a lounge covered with the same, which looks just fit for a lady's boudoir. Even the woodwork around doors and windows was painted blue for President Arthur. The chamber-set is of handsome black walnut, and includes a tall chest of drawers. Over the bed is lightly thrown an eider-down quilt, one side of which is sky-blue silk and the other deep rose color. On the blue side are worked in colors Kate Greenaway figures. A lambrquin of blue satin covers the marble mantel, and the mirror above has a slipper chair. In the room is a "slipper chair" and a "hoot chair" in one of which, it is said, President Arthur sat to have his boots put on, and in the other when encasing his feet in slippers. The latter chair is of ebony wood and has a straight back and no arms. It and also the hoot chair have red plush cushions finished with bows of satin ribbon. The "hoot chair" is of black wicker work with gilded arms. Adjoining this luxuriously furnished room on one side, with a communicating door, is a bathroom, and on the other side, also with door communication, is a room less than half the size of the bed-chamber, which is on the northwest corner and is fitted up as a private office. It has a handsome and convenient desk in it, and it used to be said that President Arthur always worked there between 1 and 3 or 4 a. m., and then went to bed.

Fresh proofs are reported to have been discovered of the existence of an ancient civilization in Mexico. In Sonora, about sixty miles southeast of the town of Madeleine, some explorers have found in the heart of a virgin forest a pyramid which is 4,350 feet round the base and 750 feet high—that is to say, nearly double the size of the great pyramid of Cheops. From the base to the summit there is a roadway on which vehicles can travel around the vast erection in a spiral. The outside walls are built of granite blocks carefully tooled and bedded. A little further off is a hillock, with hundreds of caverns or chambers cut in it, from 5 to 15 feet wide and 10 to 15 feet long. They have no windows, and are entered by the roof. The walls are covered with hieroglyphics and curiously pictures with the feet and hands of men. Stone utensils have also been found there. Who the builders of these ancient monuments were is still unsettled, but, according to El Liberal, they probably belonged to Mayos, who formerly inhabited Sonora, and were a different race from the Indians, having blue eyes, a white skin and blonde hair.—Sunday Herald.

The editor of the Texas Black Waxy indulges in the following vaudeville:
"Having made arrangements with Mr. K. Bradley to fulfil all my paid-up contracts, I now bow myself down and out as a great journalist. I have saved the country, hence am happy—Bradley will continue to keep it saved. I have filled the long felt want, and Bradley will throw his weight on the stopper and endeavor to keep it filled. I haven't made any money to brag of, but I have had a large assortment of fun. (This remark has been in pickle for several years, and this is the first appropriate opportunity I have had to use it). I know that my friends will weep over my retirement, but when I tackle them with a basket of bananas or string of garlic, they will still have an opportunity to recognize my fine Italian hand. I cannot afford to be idle, and must keep busy until our uncle Grover throws a post office or a mission to Turkey over my manly form and says, "Thomas, your country needs your services, old boy, take this, there are better things in store for thee." Then I will announce that I am in the hands of my friends. Grover Cleveland is those friends."

In addressing Grover Cleveland, Harley B. Morse said: "Mr. President, I was a democrat when Tom Patterson was a reckless youth angling for catfish upon the banks of the murky Wabash; a democrat when John Arkins was the leading Circassian in Barnum's collection of imported curiosities; a democrat when Dennis Sullivan was worshipping at the shrine of Jerome Bonaparte Chaffee, and, by the eternal-jumped-up-and-Billy-be-dried-splitt-damned, I do not propose that me or my friends shall play second fiddle to a gang who would have betrayed Christ for novelty and proved an alibi without struggle or blush."—Muldoon.

The unsurveyed lands in the Park near Ouray, which was once Indian land, will be surveyed by the government at once. The delay has been long.

To New Orleans and Return.

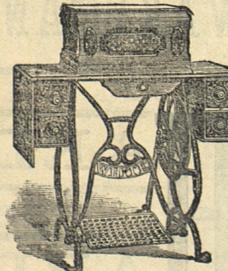

To the Public:
I now have on sale a full line of New Orleans Exposition and New Orleans Tourist tickets.
The Exposition tickets are good for 50 days' time and cost \$88.00 for the round trip.
The Tourist tickets are good from date of sale until June 1st, 1885, and cost \$95.25 for the round trip.
Both styles of tickets are good for 15 days in going and in returning. That is, you can be 15 days en route after starting from either Durango or New Orleans.
This gives for the Exposition tickets 30 days that you can use en route, and 20 days at New Orleans as the utmost limit—as much less than that as you desire; but no less time spent at New Orleans will give you any more time on the road.
The Tourist ticket is intended for such as desire to stay in New Orleans or any part of the South for several months or the whole winter. For instance, a party desiring to spend the winter in Florida can procure a Tourist ticket for \$95.25 that will take him to New Orleans, and from thence he can go to Florida for the winter and return on his ticket in the spring any time before June 1st.
The distance from Durango to New Orleans is from 2,000 to 2,300 miles, according to what route is taken. This makes the rate an average of only 2 cents per mile.
The regular fare from Durango to Denver is \$31.45, or \$62.90 for a round trip. The rate from Denver to New Orleans being \$52.75 for the Exposition and \$60.00 for the Tourist, it is easily seen that the D. & R. G. are doing their part in this matter, their proportion of either of the rates being \$35.25 for the round trip, or only a small per cent. over half fare.
I am also prepared to check baggage through to any point en route or to New Orleans.
For the information of those wishing sleeping car accommodations, will say that the rates are: Durango to Denver, \$3.50; Denver to Kansas City, \$4.00; Kansas City to St. Louis, \$2.00; St. Louis to New Orleans, about \$6.00, or about \$16.00 from Durango to New Orleans.
The time from Durango to New Orleans is just 5 days.
Finally, in arranging for such a trip, don't forget that 25 cents per day, or \$4.50 for 30 days, will insure you against all accidents, whether traveling on cars, steamboat, street cars or in carriages, in the sum of \$3,000 in case of death or for \$15.00 per week for the time you are laid up, not to exceed 26 weeks should you be injured. For further information, call on the undersigned any time during the day at the Freight office or at 5-30 to 6 p. m. each evening at the Passenger Depot.

As it takes time to look over routes and make out these tickets and issue special checks for baggage, &c., it should all be attended to the evening before and thus save the rush at train time in the morning. Train leaves at 6:30 a. m.
Respectfully,
FRANK C. JACKSON,
Agent.
