TO PRESERVE THE HEALTH!

USE THE Magneton Appliance Co.'s

Magnetic Protector!

PRICE ONLY \$5.

They are priceless to ladies, gentlemen and children with weak lungs; no case of pneumonia or bronchitis is ever known where these magnets are worn. They also prevent and cure heart difficulties, colds, rheumatism, neuralgia, throat troubles, diphtheria, catarrh, and all kindred diseases. Will wear any service for three years. Are worn over the underclothing.

Catarrh. It is needless to describe the symptoms of this disease, as the life and strength of only too many of the fairest and best of both sexes. Labor, study and research in America, Europe and Eastern lands have resulted in the Magneton Lung Protector, affording cure for catarrh, a remedy which contains no drugging of the system, and with the continuous stream of Magnetism permeating through the affected organs, must restore them to a healthy action. We place our price for this Appliance at less than one-twentieth of the price asked by others for remedies upon which you take all the chances, and we especially invite the patronage of the many persons who have tried drugging their stomachs without effect.

How to Obtain. This Appliance, Go to your druggist and ask for same. If they have not got them, write to the proprietors, enclosing the price in letter at our risk, and they will be sent to you at once by mail, post paid.

REWARD! Of \$10-\$50 to every person sending us a valuable information of school vacancies and needs. No trouble or expense. Send stamp for circulars to CHICAGO SCHOOL AGENCY, 185 SOUTH CLARK STREET - CHICAGO, ILL.

Memphis Route South.

KANSAS CITY TO MEMPHIS Without Change of Cars!

The attention of the people of the west and north-west is called to the Memphis extension of the Kansas City, Ft. Scott & Gulf Railroad, now completed and in operation between Kansas City, Mo., and Memphis, Tenn. The completion of this short line to the south brings that heretofore to the West practically inaccessible section into close relation with the west and north-west to the very great advantage of all.

Through trains for Memphis with Pullman Palace sleeping car and elegant day coaches leave Kansas City daily, saving frequent changes and many hours time to Memphis, Jacksonville, Fla., New Orleans, and all southern cities. Tourist's tickets via this short route to Jacksonville, Mobile, New Orleans, and all the winter pleasure resorts of the South, will be on sale at all coupon offices throughout the West. A map of this new route has just been prepared and will be mailed free on application to J. E. Lockwood, G. P. & T. A., Kansas City, Mo.

Business For Ladies.

The opportunities for ladies to find employment that is both suitable and remunerative are limited; their pay is usually poor as compared with the salaries paid to men in same line of occupation. But there are some very noted exceptions; Journalism, the drama, music and platform offer equal advantages to men and women, and one occupation in which women are sometimes more successful than men, and that is in the management of agencies. In this line The Queen City Suspenders Company, of Cincinnati, O., are offering inducements to ladies that we think ought to attract attention.

They are now manufacturing and introducing their new Stocking Supporters for Ladies and Children, and their unequalled Skirt Suspenders for Ladies. None should be without them, our leading physicians recommend them, and are loud in their praise. These goods are manufactured by ladies who have made the wants of ladies and children a study, and they ask us to refer them to some reliable and energetic lady to introduce them in this country, and we certainly think that an earnest solicitation in every household would meet with a ready response, and that a determined woman could make a handsome salary, and have an exclusive agency. We advise some lady who is in need of employment to send to the Company her name and address, and mention this paper. Address Queen City Suspenders Company, Nos. 177 and 179 Main Street, Cincinnati, Ohio. 308-321.

NEWSPAPER ADVERTISING. A book of 100 pages. The best book for the advertiser... It contains lists of newspapers... The advertiser who wants to spend one dollar, finds in it the information he requires... It is a book that should be in every advertiser's pocket.

DISEASE CURED

WITHOUT MEDICINE. A valuable discovery for supplying Magnetism to the human system. Electricity and Magnetism utilized as never before for healing the sick.

THE MAGNETON APPLIANCE CO.'S

Magnetic Kidney Belt!

FOR MEN IS WARRANTED TO CURE

Or Money Refunded!

To the Ladies: If you are afflicted with lame back, weakness of the spine, falling of the womb, incidental hemorrhage or flooding, painful, suppressed and irregular menstruation, leucorrhoea, chronic inflammation and ulceration of the womb, barrenness, or a general feeling of debility, this is the best appliance and curative agent known. For all forms of female difficulties it is unsurpassed by anything before invented, both as a curative agent and as a source of power and vitalization.

The Ladies' Medical Adviser. A Complete Medical Work for Women, handsomely bound in cloth and illustrated. Tells how to cure various diseases of the sex, with treatment at home. Worth its weight in gold. Over 10,000 sold now. Postpaid, only 50 cents. Postal note or 2 cent stamps. Address NUNDA PUBLISHING CO., Nunda, N. Y.

Ophir Shipments to Rico.

Telluride News. George Pickett and Reed are working their new mine on Silver Mountain, and shipping rich sulphuret ore to Rico.

THE SILVER BELL is still producing and shipping its usual amount of ore to Rico, and employing 13 miners. Frank Mogenson, the owner, pays special attention to the work, and is pleased with the rapid improvement of his Bell.

THE CLEVELAND is another one of Ophir's big mines, which is being worked under lease by Jack Hogan, Tim Tendrick and Billy O'Neil. The boys made a shipment to Rico last week, and received very flattering returns for their ore.

THE PARSONS, which is one of the first extensions of the Caribou, located on Yellow Mountain, just above the town, is being leased by Bill Gillam and the Douglass boys, and at present shows an ore body of from five to nine inches, producing brittle silver and gray copper. Ten men are worked in the mine, and the ore is all shipped to Rico. They transferred eight tons of ore last week to the Pasadena smelter, which returned them \$134 to the ton.

Journal.

Gus Giamboni, has struck a fine body of gray copper ore on the San Bernard. It is said that the pay streak in the breast is over three feet broad and mill-runs \$200.00 per ton. A specimen was recently taken out which weighed 1800 pounds, solid gray copper, without a speck of rock in it. Mr. Giamboni intends to run the mine all winter and ship his ore by sled to Rico.

Immediate Postal Delivery.

The immediate delivery system has been inaugurated in the United States. The ten-cent stamp designating the letter for immediate delivery is described as follows:

A line engraving on steel, oblong in form, dimensions 13-16 by 17-16 inches; color, dark blue. Design: On the left an arched panel bearing the figure of a mail messenger boy on a run, and surmounted by the words "United States"; on the right an oblong tablet ornamented with a wreath of oak and laurel surrounding the words, "secures immediate delivery at a special delivery office."

Across the top of the tablet is the legend, "Special Postal Delivery," and at the bottom the words, "Ten Cents" separated by a small shield bearing the numeral "10." As soon as a letter bearing this stamp reaches the postoffice of its destination it is carried at once to the person to whom it is directed by mail messenger boys, something after the fashion of telegrams. All offices tributary to a population of four thousand or over are now made immediate delivery offices.

Durango Dots.

It is rumored that Joseph Wilkinson has struck it rich in the lower level in the Aurora, or Junction.

Major Tucker, Paymaster in the regular army, left Durango for Ft. Lewis, on Sunday morning, to pay off the troops at the Post. The payment this time amounts to about \$12,000. A fair share of this money will be expended in Durango.

A young man named Hilton, of La Plata, accidentally shot himself through the hip, on Tuesday. The accident occurred between Fort Lewis and Parrott City. The wound is serious. The unfortunate man is being cared for at Fort Lewis.

COUNTERFEIT gold coin, in the denomination of \$10 and \$20, is in circulation in Silverton, and several parties have been victimized during the past several days. Too much care cannot be exercised in accepting gold coin.—Silverton Democrat-Herald.

San Juaners ought to have no use for gold coin anyway. We lay claim to the title "Silver San Juan," and should use silver on the same principle that when a Texas cattle man enters a restaurant he cannot be urged to tackle a piece of venison, pork or mutton. Beef is his own product, and he schools his appetite to crave it.

On Tony Sebastian, who recently gave a series of exhibitions in Rico, at that time being "duly sober," the Alamosa Independent Journal gently touches up as follows: "The champion (?) skater of the world who was to have given an exhibition of fancy skating at the rink Monday evening, but who, instead, gave a nice exhibition of drunkenness on skates, was not allowed by the rink management, to appear on Tuesday evening, as had been advertised. The rink management did a nice thing in sitting down on Mr. Sebastian, and as long as they pursue that course they will have the good will of the public."

On Solomon mountain in San Juan county last Friday, Chas. Lundberg; a miner, fell through the shaft connecting the third and fourth levels, a distance of eighty six feet, but miraculously escaped with a broken rib, a sprained ankle and several comparatively slight bruises.

Hello, Captain!

The correspondent of the Denver Times from Georgetown brings back memories of the party mentioned, whose heroic efforts in the silver brick line last summer here at Rico will be remembered:

Captain McCassey still reigns supreme at the Nyanza mine, located on Democrat mountain. He proposes to run the hoisting machine by electricity, and illuminate the workings with the same article. In former days, before the invention of powder, lime was used in blasting rock. The captain is thinking strongly of adopting this method at the Nyanza mine, it being less expensive. The air in the bottom of the shaft is somewhat impure, and the captain being thoroughly versed in chemistry, mineralogy, etc., intimates that it proceeds from either a very large body of ore, or is caused from too much carbonic acid in the quartz. The gallant captain is the owner of two jacks, and being a great admirer of Balaam, rides them often to neighboring mines, and surveys the country generally, returning on fast time, monarch of all he surveys, and will fix up a gymnasium on one side and a blacksmith shop on the other. The machinery for manufacturing the electric light will occupy the center, thus affording convenient room for all the workings, including the acrobatic performance.

The largest sheriff's sale ever made in San Juan county will take place on the 12th of next month. The amount of money approximates \$25,000, and the property to be sold is that known as the Highland Mary mine.—Silverton Democrat-Herald.

The Highland Mary is one of the best known of San Juan properties of the older class. It has been extensively developed and probably no equal amount of money has been spent on any claim in San Juan with so little return. Edward Innis is the chief loser in this great Cunningham gulch failure.

The Denver Opinion thus endeavors to dash cold water on the efforts of San Juaners to nominate Slaymaker, a respected lawyer of our neighboring town of Silverton, for Supreme Judge: "The southern end of the State is manifesting a determination to nominate SLAYMAKER. He is a San Juaner, and what a San Juaner yearns for he generally grabs, and grabs it quick. We vouchsafe this piece of information for the benefit of those in whom Arapahoe county has an interest, and also to give those interested an opportunity to get their little grab in early."

The Leadville Herald says: "The first discovery of silver in Colorado was made twenty five years ago, but not until four years later was silver ore mined and converted into bullion. Since that time about one hundred million dollars' worth of silver has been extracted from the mines of this State. Gold mining, particularly from placers, had been carried on several years before silver was discovered. The first discovery of silver attracted no great attention, owing to the absence of mining and reduction machinery, and the obstacles encountered in treating the ores."

A THOUGHTLESS boy with a shining pail went singing gayly down the dale, to where a sad-eyed cow with a brindle tail on clover sweet did herself regale. A bumble bee did gayly sail over the soft and shadowed vale, to where the boy with the shining pail was milking the cow with the brindle tail. The bee lit down on the cow's right ear, her heels flew through the atmosphere—and through the leaves of a big oak tree the boy sailed into eternity.—Oregon Reporter.

THERE has been a little trouble at Mitchell's ranch, on the San Juan, with Navajos. Mitchell made a requisition to have troops stationed there, and the head of this district declines. We are informed that the army declines because it is believed that the object in having troops stationed there is to make money in supplying food and other articles for the men and horses. The army should be very sure before declining to go.—Durango Tala.

JEMMO, the \$300,000 elephant imported by P. T. Barnum, was killed on the railroad track half a mile east of St Thomas, Ont., last week. His keeper was leading him along the track to load him when a freight train came up behind unnoticed and ran him down. He was so badly injured that he died in thirty minutes. The trick elephant Tom Thumb was also injured, his leg being broken.

PRESIDENT CLEVELAND is the boss cowboy. He starts 300,000 head of cattle on a run with one stroke of his pen.

Commercial AND ALL OTHER KINDS OF Job Printing AT THE Dolores News Office.

The Finest Stock and Most Experienced Workmen Employed.

Orders at home or from abroad, attended to with promptness.

Colorado Stock Brands.

Denver Times. The 12,000 more stock brands now on file in the secretary of state's office, afford an interesting field of study. The display of ingenuity in the matter of forming combinations is remarkable. The number of combinations upon any one letter is surprising. There are, for instance, over 250 on the letter H; 150 or more on both C and D; no less than 100 each on B and E, and so on through the alphabet.

In making up the brand index book Mr. Edward Hanley, assistant secretary of state, has displayed excellent judgment. The brands are twice indexed, once by the names of the owners and again by brands. The latter index is the one which is to be printed and filed with the county clerks of the state. It is a very elaborate affair. The brands are arranged alphabetically or numerically, as far as practicable. There are, however, combinations upon the letter I, the figure 1 and the bar, which cannot be distinguished in the certificates sent in. They are all three, therefore, indexed under the letter I. The letter O, the cipher, the circle, half-circle and quarter circle are also somewhat confusing. They are all indexed under the letter O. There will be, of the 12,000 brands filed, more than 500 of each of these combinations.

Those brands which cannot be classed either as letters or numerals are indexed as miscellaneous. There will probably be a thousand of these. A large proportion of these are figures which have not been named and are as unnameable as the hieroglyphics on the pyramids of Egypt. But there are others that represent articles in common use, animals, birds, etc. The whole forms an exceedingly novel selection. The artists who have sent in these certificates have usually taken the precaution to label their representations of the various characters—a wise and thoughtful act on their part, as it would, in many cases, have proven worse than a Chinese puzzle to attempt to classify them.

Here are a few of the character brands: Meccasin track, turkey track, crow's feet, anchor, trowel, flags crossed, spear, table forks and pitch forks of all sorts and shapes, staples, compass, boot, shoe, cup, canteen, dipper, scissors, spades in endless variety, cow's head, jar, cannon, anvil, saddle bags, fish, meat saw, hatch knife, stirrup, hand, foot, hat, key, key-no, nippers, pick, hatchet, boat, wine-glass, horse, bull-ring, pistol, lamp chimney, arrow, swan, goose, etc.

The task of indexing the brands will prove an exceedingly long and tedious one. Owing to the nature of the work only one man can work upon it at a time, and allowing that he works Sundays, holidays and every day, it will require nearly three months to complete the work.

BESU is the name of a Georgia blacksmith who is said to be the strongest man in the State. He is six feet ten inches tall, and can hold out a 120 pound anvil with one hand. Sometimes for pleasure he holds out cart wheels by the spoke or snaps chains that horses cannot break. He is much respected in the community in which he lives.

LEUTENANT GHEELEY, the Arctic explorer, addressed the Berkshire Agricultural society recently. He spoke of his discovery of a belt of land in the Arctic regions where there were sheep with the head and horns of an ox and the tail of a horse but with the finest wool ever found on any known animal.

A GHOSTLY den has been unearthed in San Francisco where the Chinese prepared the bodies of their dead for shipment to China. They were boiled, and the bones, after being scraped, were packed in boxes for transportation. Two live skunks were kept in the place to counteract the odor.

THE cashier of the East Saginaw Savings Bank, who recently skipped over to Canada with \$350,000, has just sent back a check for \$10,000, to be used in enlarging the porch at that town. He says that no one shall charge him with not feeling for the poor depositor.

GOLD MEN object to the present dollar, on account of its containing, as they say, but 85 cents of silver. How many Wall street men will give ten silver dollars for eight dollars and fifty cents in gold, for the sake of consistency.—Georgetown Miner.

STOCKTON teacher to boy in grammar class: "John, correct the following sentence: 'I are very cold.'" John, as he wipes the perspiration from his forehead with his shirt sleeve: "It are burned hot."—Stockton (Cal.) Maverick.

WIFE (emphatically)—That dog of Smith's across the way bit mother again this morning, and I want to know what you propose to do about it. Husband (brutally).—I think I will buy the dog.—Texas Siftings.

AMONG the horses fed at the Helena stock yards lately were twenty-four head of Pintos for Dan Costello, the great circus manager. They are intended for the ring and are said to be beauties of all shades.

It is fashionable now to take a three year old kid on bridal trips, lending age and dignity to the new firm.—Muldoon.

MINING MATTERS.

THE PRINCETON. The Princeton is shipping about the usual quantity of ore, but the iron for fluxing purposes is no longer sent down.

THE ERIC PLACER. Wyman brothers are down 40 feet with their shaft through the sand at their Eric placer and are not yet down to bed rock.

THE RICO REDUCTION WORKS. The amalgamating department of the Rico Reduction Works is busily at work treating the ore which had accumulated for the run.

THE PASADENA. The Pasadena smelter is running as usual and treating in the neighborhood of 25 tons every day.

THE UNION. J. H. Sherman is preparing for winter work on the Union and other lodes on Galico peak.

THE CHESTNUT LEASE. Ed Flanagan this week sold his interest in the Chestnut lease, which bids fair to be one of the most profitable of the Newman leases.

THE GOLDEN AGE. The Golden Age people have been off the vein for a couple of weeks, and not catching it in the main drift yesterday.

THE SAN BERNARDO. The San Bernardo made a shipment of 17 or 18 tons to the Grand View smelter yesterday.

THE C. H. C. There have been some changes at the justly celebrated C. H. C. mine this week and the mine will hereafter be operated under the management of A. F. Adams.

THE SILVER BELL. Frank P. Mogenson, owner of the Silver Bell, informs us that all reports as to his having negotiated a sale of the property to New Jersey parties are false.

THE GRAND VIEW. Metallurgist Bryan of the Grand View informs us that never in his experience has he had a furnace do cleaner and more satisfactory work than has that of the Grand View since the inauguration of the present run.

THE WAR ON THE CHINESE IN THE WEST. A Seattle dispatch says: A body of masked men visited the quarters of the Chinese workmen at the Black Diamond mine Monday night.

Geo. H. GRAHAM, the present sheriff of Arapahoe county, received a renomination at the hands of the republican county convention of that county.

FOR SUPREME JUDGE.

Samuel Elbert Receives the Nomination on the Third Ballot.

The republican state convention which assembled in Denver last Thursday to nominate a supreme judge concluded its labors on the same day and nominated Judge Samuel H. Elbert on the 3d ballot.

Judge Elbert is not a stranger to the supreme bench, having occupied it before Colorado was a state, and since. He is a son-in-law of Ex-Gov. Evans, and is a great favorite.

The Ill-fed Utes.

General Nelson A. Miles, in command of the Department of the Missouri, was in Denver this week and was interviewed by a reporter as to the prospect for any trouble with Indian tribes.

"The only trouble which I anticipate now is a possible outbreak of the Utes. They are really in a starving condition. They are situated in a mountainous country, and are not allowed off their reservation, so they can not go hunting.

"What was the reason for cutting down the amount of rations, or with whom does the fault lie?" asked the reporter.

"Well, it is claimed that the appropriation was insufficient. It is a bad state of affairs, and I have recommended an increase. I think that if the Indians are to be kept upon reservations the Government should see that they are fed.

"I have also heard of one or two other cases in which white men have wanted revenge, or want to get possession of property, and so have disguised themselves as Indians to carry out their schemes."

The Best Cards in the Pack.

A western gentleman has been figuring on the best cards in the pack for various people and gives the following as the result of his researches: The best card for the victor—the won spot.

The best card for the man who calls his opposite—the force pot.

The best card for martial music—the five spot.

The best card for doctors; the sick spot.

The best card for every person to discard—the hate spot.

The best card for the man declining—the nine spot.

The best card for summer campers—the tent spot.

A DELEGATION of Pueblo Indians from the vicinity of Albuquerque, N.M., called on the commissioners of Indian affairs for the purpose of protesting against their recent assessment for taxes as citizens of the territory.

SILVERTON has a mysterious disappearance sensation. The other day a bay horse branded N.B. on left hip, with saddle, bridle and saddle bags on, without a rider, was found near the North Star mine on King Solomon mountain, about 4 miles from Silverton.

In Tulare county, California, the farmers are overrun by jack rabbits. They have been on the increase ever since the county was settled until now it has become a question whether man or the rabbit shall go.

On the Glendale farm, located on the Dolores, there is said to be a five acre field of oats which averages over 80 inches in height, much of it being above 90 inches.

Is it true, that when washing their faces, men always rub up and down and snort, while women apply the water and then stroke gently downward?

TIPLER.

Oh, rare red wine! how rich the sparkle, And in your depths that glist and sparkle, A color there more rich and rare Than maiden's lips or cheeks so fair.

But, wine up, what a fiend in thee: The young man, as he stands so free, You beckon on, and make him—what? A reeling, drunken, maudlin sot.

And as he tosses glass on high, The miner, as he passes by, Pauses and listens to the slang, And curse, and laugh, of that young man.

For mother what is half so sweet As the youth and glow of her son's brown cheek.

When it glows with health and not with wine, Those who would know must live our time.

"Dear son," your mother would say to-day, "Put down the cup, dear one, I pray;" Ah, listen! we know not how soon 'twill be, That voice will be hushed in eternity.

Additional Local.

R. C. LUESLEY, one of Silverton's first merchants, and therefore well-known to many of the early residents of this section, now occupies the important and responsible position of marshal of El Paso, Texas.

The decision of County Judge Wyman in the case of F. L. Thompson, et al., vs. H. L. Scott, et al., was rendered last Wednesday morning, the court having had the case under advisement since the submission of evidence.

WM. J. MULHOLLAND, one of the victims of the giant powder explosion on Fish Fork, started on his way to St. Louis last Tuesday morning.

NOTICE TO WARRANT HOLDERS. TREASURER'S OFFICE, TOWN OF RICO, COLORADO, AUG. 25th, 1885.

Appropriations have been made to the several funds covering the following warrants of the Town of Rico, which will be paid upon presentation:

Nos. 51-54-59-95-157-158-160-161-162-163-164-165. Interest on these warrants will cease thirty days from this date.

A. H. MUNDEE, Town Treasurer.

NOTICE OF FORFEITURE.

RICO, DOLORES COUNTY, COLORADO, July 25th, 1885.

To Frank Haney, his heirs or assigns: YOU are hereby notified that I have expended one hundred dollars in labor and improvements upon the SOONER lode situated in Pioneer Mining District, Dolores county, Colorado, being the amount required to hold said premises under the provisions of Section 2321 revised Statutes of the United States, for the year ending December 31st, 1884.

And if within 30 days from the service of this notice by publication, you fail to contribute your proportion of such expenditure as co-owner, your interest in said claim will become the property of the subscriber under the provisions of said section 2321.

WILLIAM B. NORTON.

TRUSTEE'S SALE.

WHEREAS R. C. Darling, by his certain trust deed dated the 15th day of December, 1884, and recorded in the office of the recorder of deeds of Dolores county in the state of Colorado, on December 16th, 1884, in Book 16, page 3, conveyed to Julius Thompson, of said county, as Trustee, the premises hereinafter described to secure the payment of two certain promissory notes of even date with said deed, executed by said R. C. Darling, one for the sum of seven hundred and forty-five dollars, and the other for the sum of three hundred and nine dollars, payable six months after date thereof to the order of Theodore A. Davis, with interest at two per cent per month until paid.

And whereas said trust deed contains a provision that in case of default of payment of said promissory notes or any part thereof, or the interest thereon, according to the tenor and effect of said notes it shall be lawful for said trustee to sell and dispose of the premises by said trust deed conveyed and all right, title, benefit and equity of redemption of the said R. C. Darling, his heirs or assigns therein, at public auction at the front door of the court house in the county of Dolores and State of Colorado, for the highest and best price the same will bring in cash, twenty days public notice having been previously given of the time of such sale by advertisement in one of the newspapers of that time published in said Dolores county, and to make, execute and deliver to the purchaser or purchasers at such sale good and sufficient deed or deeds of conveyance for the premises sold, and whereas default hath been made in the payment of the entire amount of both principal and interest due on said notes and he claims there is now due on said notes the sum of twelve hundred and thirty two dollars and no cents, principal and interest.

Now, therefore, I, Julius Thompson, trustee as aforesaid, hereby give public notice that in pursuance of such application of the said holder of said notes and by virtue of the power given me by said trust deed, I shall, for the purpose of paying the amount due on said notes as well as the expenses of this trust, on Monday the 28th day of September 1885 at the hour of 11 o'clock A. M. thereof, at the front door of the Court House in said Dolores County, State of Colorado, sell at public auction for the highest and best price the same will bring in cash, the premises so conveyed by said trust deed as aforesaid, described as follows, to-wit: An undivided one-sixth of the Black Hawk Lode and Mining claim, situated on the northern slope of Dolores mountain in Pioneer Mining District, Dolores County, State of Colorado. Additional Location Certificate of which is recorded in Book 4 on page 569 in the real estate records of said Dolores County, to which reference is made for a more complete description.

Also a piece of ground 75 by 100 feet square upon which is situated the house in which said Darling is now residing, the same being a part and parcel of the Atlantic Cable lode, said mining claim being situated within the corporate limits of the Town of Rico, Dolores County, Colorado, together with all the improvements situated on the tract hereby conveyed.

Dated at Rico, Dolores County, Colorado, September 24, 1885.

JULIUS THOMPSON, Trustee.

LOCAL BREVITIES.

READ Clay's new ad. CLAY & Co. have cut prices again. BELA KADISH came in from Telluride yesterday. CLAY & Co. have made another reduction in prices of all goods. FATHER HARNEY is expected in this evening and will hold religious services to-morrow. C. K. HOLMBURG started for Denver on Tuesday as a delegate to the republican convention. GEO. W. JONES brought in several thousand pounds of freight for Rico merchants on Thursday. E. L. DAVIS came in from Telluride on Wednesday last and will remain until early next week. MISS CARRIE V. BURGHARDT started on her return to Illinois last Tuesday, after visiting her brothers for several days. JOHN AND ED. SCHUELER have left Rico for Cincinnati, where they will remain with their father and brother Louis. A. E. COBB came down from Mt. Wilson Monday. He is constantly at work on the Magpie, in which he is an owner. JIM SUTHERLAND was in town Thursday. He has leased the Butler mine and expects to make a very fine output before spring. GUS GIAMBONI, who shares with John Eder the ownership of the San Bernardo bonanza at Trout Lake, came in last evening. A. P. ADAMS, of the C. H. C., returned Tuesday from an absence of several weeks in Albany, N. Y. He will remain in Rico indefinitely. J. H. ALDERSON, who is well-known in Rico, is strongly advocated as a candidate for county commissioner in La Plata county this fall. W. L. STEPHENS, of the pioneer San Juan drug firm of Newman, Chestnut & Stephens, paid a visit to his mining interests at Rico this week. ADAIR WILSON, of Del Norte, one of the most noted of San Juan's lawyers, was here early in the week, having a case before the District Court. CLAY'S new ad. is worth reading. JOHN D. RYAN, who has been attending to mining interests in Rico for some time has returned to California and is now running a livery stable in Livermore that state. CAL COOVER, whose figure was once a familiar sight around Rico gin-mills, is surprising himself by working on the Ward mine in Bridal Veil Basin near Telluride. COL. H. G. HEFFRON, of Silverton, came in last evening. He is one of the lessees of the Terrible, an extension of the Silver Bell, and has some ore which is in the market. THE regular meeting nights of the Board of Trustees of Rico have been changed from the second and fourth Thursdays to the second and fourth Saturdays of each month. COUNTY CLERK HULL announces that he is not a candidate for re-election and under no circumstances will he permit the use of his name in connection with the honors of the canvass. WARNING SNOWS, indicating approaching winter, begin to make their appearance. Last night's rain in the valley, assumed the form of snow on all the higher peaks surrounding Rico. GEO. W. PITCH, who came out from Chicago for the benefit of his health, will go down the river to a lower altitude for a time. He starts Monday and will be absent three or four weeks. PROSECUTING ATTORNEY ADAMS did not put in an appearance at this term of court. Neither did Harry Cahn or Geo. E. Leach who were expected to be in attendance as parties to a suit. J. L. RUSSELL has been in Rico all the week, being counsel of the defendants in the case of Phil Crout vs. Rico Reduction Co. Mr. Russell has been with us quite constantly for the past month. MR. AND MRS. J. F. WATKINS, Miss Fannie Watkins, Mrs. Samuel James, Jr., Messrs. W. A. Marble and Bert Waters form a party which has been sojourning at Trout Lake most of the week. ED FLANAGAN will take his departure next week for San Diego county in southern California, where he has some friends among whom he once resided. He will remain in that state during the winter. CLAY & Co. will keep stocked up on staple goods until the close up. JIM McCAW, one of the early miners of Rico, who made a stake and invested it in a home in Oakland, California, has concluded to try his hand at prospecting again, and is in the Dragon mountains of Arizona. THE committee appointed by the court to examine into the condition of the books of the county treasurer consists of Messrs. W. J. Cox, A. A. Waggoner and Henry Klingender, who will make a report at their convenience. MRS. A. H. MUNDEE and two children leave Rico next Monday morning for Leavenworth, Kansas, where she remains with her parents Mr. and Mrs. H. A. Wilken, during the winter and will not return until next summer.

THE partial lunar eclipse last Tuesday night was a beautiful sight, witnessed by but a few in Rico. The moon was nearly full and a beautiful night gave a fine opportunity for observation. The moon was most obscured at 12:48. GEORGE WEST and Wm. Ball came in from the range with a bunch of beef steers destined to be slaughtered for Rico markets. Having lost about half of the original bunch (27) they are now hunting the river for the strays. ANDY BRYDON, proprietor of the St. James, has been very sick during the week, and until yesterday his case was considered very dangerous. He rested well last night, and to-day is much improved. The trouble is cirrhosis of the liver. MATT BURNS, until lately a saloon man of Rico is now section boss on the railroad with headquarters at Rockwood. Life is not entirely barren of hope for Slim Jim. "Grig," Dave Swickbimer, Bud Ladd, John Clegg and Ben Evans. J. H. BLOOD, one of Denver's attorneys, came in Monday evening, having business before the District Court in the Schiffer-Cahn-McCord & Nave Mercantile Co. suits. The dismissal of the intervention left him with nothing to do and on Wednesday he started homeward. NEIL ROUSE, Joe Ryan and Ralph Gunther came in from Ophir on Monday and enjoyed the social dance at Webber Hall on Monday evening. Mr. Gunther was until late an attaché of the Telluride News, but has forsaken the newspaper for the less circumscribed field of mining. JOSEPH SARGENT, the toll-gate keeper over on the San Miguel, who we spoke of last week as being in a dying condition from cancer of the stomach, breathed his last on Tuesday at noon. Everything that could be done for him by earthly hands was done, but it was useless. H. H. CORBIN, a well-known Telluride ore-buyer for the firm of Mathews & Webb, of Denver, came in last evening on a business expedition. He was accompanied by W. M. McCormick, the leading hardware merchant of Telluride, and both gentlemen returned across the range today. ALEX McCAW, one of the successful miners of the Ames and Ophir country, returned to Rico Thursday after an absence of nearly a year, during which he has been in Toronto, Canada. His health has been miserable while away and now he returns to a land of health, wealth and happiness. RESIDENTS of Rico have no reason to object to the Chinese on the score of cheap labor. The Chinese laundrymen have kept the people poor for years, and the prices demanded and received for laundry work ought to make them bonanza kings. It seems better to be born a Chinaman than to strike a gold mine. JUDGE CHAS. D. HAYT, of the Sixth Judicial District, arrived in Rico last Monday evening and held his first term of court in this county this week, concluding all business last evening. The judge has left behind him a very favorable impression, both among lawyers and citizens. He departed on this morning's stage. A COWBOY named Gardner came in from Cross Cañons last Thursday after Dr. Loudon to go to see Mrs. Al. Nunn, at Cross Cañons, who is very sick with pleurisy. The Doctor was compelled to remain at home, having pressing business which claimed his attention. Andy Brydon was too sick to permit him to go. WHILE returning from the Lakes yesterday the Watkins party narrowly escaped a serious accident. While descending a hill the buggy was upset and rolled down some distance. At that particular time Mr. Watkins was the only occupant of the vehicle and he escaped with slight bruises. The buggy was taken back for repairs. ARRANGEMENTS have been perfected under which the indebtedness of the Johnny Bull Mining Co. will be paid off in full on or about the 7th of October. LAFÉ PENCE will be here about that date with authority and means to settle all claims. It is to be hoped that work on this once famous property will be resumed. LAST Monday evening Mrs. R. C. Darling and Miss Emily Powell, received the sad intelligence of the sudden death of their father at his farm house near Richford, Vermont. He was stricken in the night with apoplexy, was unconscious before his condition was discovered and he remained in a comatose state until death claimed him. STEVE JAMES and J. B. Menard came in from a season of work on the Ruby Chief at the head of Cascade Basin on Wednesday. They have been at work for some time and brought down some ore which runs 102 ounces in silver. J. C. McManus, one of the owners thinks the showing sufficiently encouraging to warrant further development. C. H. CARPENTER expects to soon leave Rico, and after visiting Southern California will proceed to Florida. He says he may take a notion to make a tour around the world, to be completed in something more than 80 days. He has always intended to surprise the natives by taking this trip, and may do so in the year 1886. He will commence his vacation by taking a deer and bear hunt next week with F. Wakeman. Persons who desire to secure an ample supply of venison and bear meat to preserve for winter use, would do well to mention the matter to Mr. Carpenter. As he has no use for the spoils of the chase, and merely hunts for the sport of the thing, he has signified his willingness to supply a carcass or so at those who desire.

ON Wednesday, Messrs. Jos. Meredith and D. D. Gregory, Mrs. Meredith, Miss Mary Oehlhausen and Master Charlie Meredith went up to the Trout Lake region. While the two gentlemen of the party will attend strictly to business, visiting mines on Sheep mountain, the ladies and Master Charlie will lure the wily trout from the placid waters of the lake. J. P. NORTON and Jesse Love, who are at work on the county road to the north, under contract to put it in good repair to the San Miguel county line, yesterday finished work through the cañon, and today commenced on the mesa. They now begin to approach the locality where lurk numerous mud-holes about three feet in width and unfathomable as the sea. LAFÉ PENCE's familiar face was seen in Rico this week for the first time since he departed to take his seat in the legislature to represent Dolores, San Miguel and Ouray counties. A host of friends were glad to see him. He will return to Denver next week, leaving here on Monday morning. He is with Patterson & Thomas, and will be in Rico again some time in November. MRS. FILER THOMPSON is painting from nature one of the choicest bits of scenery to be encountered in the Rocky Mountains—the home of fine scenery. The completed picture will be about 2 1/2 by 4 feet and includes the view up the river from a point one mile below town. With the forbidding and barren rocks of Mount Wilson as a background, the intervening mountains and gulches are being vividly brought out. W. A. KONEMAN writes from the Los Cerrillos country that he expects to be in Rico by the 15th of October and will at once inaugurate work on the Trout Lake properties which he represents, and announces that he "will prove up" the claims—either make mines of them or abandon them. Judging from the fine results previously obtained from working the properties there is every reason to believe that the result will be satisfactory. THE man Peterson who was arrested a short time ago for kicking Joe Dougherty and who wept copious tears because one of his horses was attached to pay the fine, brought in a large load of cantaloupes from the Gunnison valley, which were readily disposed of. He had a wad of money to gamble with, and won, but no one heard of his offering to reimburse the citizens who took pity on his tears and paid his fine rather than see him lose his horse. He is a fine gentleman. TUESDAY last, A. W. Dickinson started on his return to Titusville, Pa., and was accompanied by his sister, Mrs. S. W. Bartlett, and Miss Gussie Bartlett, who will remain in Titusville during the coming winter. W. S. McCuen, who came west with Mr. Dickinson, preceded him to Trimble Springs and joined the party on its way to Durango. Mrs. Bartlett and daughter have resided in Rico since early in 1882 and a visit to the familiar scenes of their old Pennsylvania home will be both pleasant and beneficial. FRANCIS FRUCH, of Silverton, lent his attendance on District Court last Monday. Mr. Fitch was a partner of Frank Ingersoll, formerly of Rico, and is a son of the somewhat celebrated Tom Fitch, who was political editor of the Virginia City, Nevada, Union, while Adair Wilson, who was also in Rico this week, was its city editor. On the Enterprise, of the same place, a Mr. Goodman was political editor and Mark Twain was city editor. The two political editors had a quarrel and afterward a duel, in which Mr. Fitch received a bullet in his leg. M. E. FIELD had a narrow escape while hunting his horse "Black Hawk" the other day. The animal was found about ten miles from Robison's Bear creek ranch, but could not be driven from the place where found. Just at dusk Field succeeded in lassoing him, when the frightened horse started on a keen run and managed to jerk the ridden horse off his feet and dragged him over Field, who was prostrate on the ground. Both horses passed over him, but failed to hurt him much, and they escaped by the darkness and the dismounted rider had to foot it to Robison's. Next day he secured both horses. THE largest attendance upon court for the week was present last evening in the most case of the People of the State of Colorado vs. Chas. M. Wyman, who was charged with maliciously, feloniously and with criminal intent robbing Hill Floersch of his barber pole, which had been transported and took rest in front of Burg hard's saddlery shop. There was hardly standing room for the spectators. The barber poles of Hill Floersch and A. V. Gorla were both introduced in evidence. The accused culprit defended his case, with the assistance of Attorney J. W. Park, who volunteered his services to help the defendant out of his trouble. J. H. SHERMAN laid himself liable to charges of burglarizing a private residence last Sunday evening. He had arranged to leave a number of his effects in the Morgan Circle cabin and early in the evening got a key from the owner to enter the house. After attending services at church, as every virtuous man should do, he proceeded to the cabin. While musing on the sermon and its teachings, he wandered to the wrong door, and after some difficulty succeeded in unlocking the door and was about to enter, when the lady of the house came around the corner and began frantically calling to him to "come out of that house." The unintentional trespasser was dumbfounded and finally appeased the lady by explaining that it was all a mistake and producing evidences of the good moral character he bore while residing in Dunlap, Iowa.

EVERYTHING AS CHEAP AS GOODS ON THIS LIST. CHEAPER THAN EVER! ANOTHER CUT! NOVEMBER 1st IS ONLY A MONTH HENCE. THE PRESENT MANAGEMENT Will Sustain This Popularity. CENTRALLY LOCATED; EASY OF ACCESS; OMNIBUSES TO AND FROM ALL TRAINS; RATES FULLY IN ACCORD WITH THE TIMES. MRS. A. H. ESTES, Proprietress.

WAKEMAN & PELLET, HARDWARE. TINWARE, STOVES, CUTLERY, IRON, STEEL, NAILS, Mining and Farming Tools, POWDER, FUSE AND CARTRIDGES, CARPENTER'S TOOLS, Sash, Doors, Building Paper and Glass. RICO COLO.

Trouble at Mitchell's Ranch.

Mitchell's ranch on the San Juan is the centre of Indian troubles just about so often. Often the reports are unfounded and again there is some cause for alarm.

There is a report at Durango that Mancos Jim and his band of Utes have made threats recently against certain cattle men out west.

The Mormon Inquiry.

The progress of the prosecution of Utah polygamists is very satisfactory and some very peculiar evidence is adduced.

John Sharp, a director of the Union Pacific, and one of the most wealthy and influential Mormons living, appeared in court and pleaded guilty to unlawful cohabitation.

The following is a dramatic criticism in an Arizona paper: A company of duffers gave a show down at Barney Hill's.

The neighborhood of the junction of the Grand and Gunnison rivers has been singularly fatal during the past two years and nine persons who have attempted to ford on horseback near Grand Junction during that time have been drowned.

GEORGE W. SMITH was arrested in Denver the other day for placing dynamite on the track, intending to blow up the Salt Lake express.

The owners of the Chrysolite at Leadville are jubilant over finding a seven-foot vein of ore, 250 feet from the Roberts shaft.

GEN. L. P. BRADLEY returned to Santa Fe lately from the Navajo reservation. He states that this tribe of Indians is getting on remarkably.

CITIZENS of Placerville, Cal., will erect a monument to J. W. Marshall, the first discoverer of gold in that state, who recently died a pauper.

A PANIC in the silver market in London last Saturday caused silver to drop to the lowest price touched in the present century.

FOUR-HORSE coaches have been put on the road between Parrott City and Durango.

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

The Shortest, Quickest, Cheapest, Safest and only all-the-year-around route to points in California, Nevada, Oregon, Idaho and Washington Territory.

Connections are made with ocean steamers for Chili, Peru, Honduras, Buenos Ayres, China, Japan, Alaska and the Sandwich Islands.

Go West, Young Man. There is the promised land; there is the purple of the ripening grape and the cluster of the apricot's bloom; doubt not, as Moses did, but go out into the land where honesty and industry go hand in hand with peace and prosperity.

Kansas, Colorado, New Mexico and Arizona

Offer inducements to the capitalist, merchant, farmer, miner, mechanic, stock-grower and the laborer; inducements that are never encountered in the older and more densely populated states.

For information regarding cheap homes, land, etc., address A. S. JOHNSON, Lead Commissioner, Topeka, Kansas.

W. F. WHITE, General Passenger Agent, Topeka, Kansas.

—OR— W. B. HAMBLIN, General Agent, Denver, Colo.

THE DOLORES NEWS

Is Published every Saturday at Rico, Dolores County, Colorado.

If you will take this copy of that great and growing paper which you hold in your hands, and turn it upside down and wrongside out, and look at it carefully, you will see, if not quite blind, that it is a

28-COLUMN MINING PAPER,

ESPECIALLY DEVOTED TO THE MINES AND MILLS

PIONEER MINING DISTRICT, DOLORES COUNTY, COLO.

—AND THE—

Best Managed and Equipped Road on Earth.

And the surrounding country. It has a circulation equal to any of the mining weeklies in Colorado, and has a general circulation in Colorado and in adjoining States.

Thus making it an excellent
