Loot at Sheriff's Department

Adela Johnson, local house-cleaning woman was arrested this week. Charged with stealing jewelry, clothing, and many articles too numerous to mention. Sheriff R. L. McFarlin stated that the alleged burglar took approxi-

mately \$4,000.00 dollars in diamonds and jewelry plus many other items too numerous to mention. Bond has been set at \$5,000.00, and Adela Johnson is being held at the Hansford County jail. Sheriff R. L. McFarlin has a

list of the jewels, clothing, cameras, and other items that were allegedly taken by Adela Johnson. The public is urged to contact the Sheriff's office for further information.

Easter, 1986

Easter, March 30, the principal ecclesiastical event of the year, gets its name from Eostre, a Teutonic goddess, whose festival was celebrated in spring. Her name was given to the Christian festival. It was she, according to legend, who opened the portals of Valhalla to receive the White God and Sun God, representing purity and light.

The Christian observance, this year on the 30th, is a symbol of the Resurrection, and intertwined with religious customs and observances, some dating back hundreds of years before the time of Jesus Christ.

The Easter egg became associated with Easter because eggs were forbidden to be eaten during Lent and on Easter Sunday they were traditionally served. The Easter egg, also dates back to the Egyptians and Persians, and Greeks and Romans, who ate eggs annually in spring festivals.

It's appropriate that Easter comes in the spring, when the renewal of life is apparent. Sunrise services in our churches--an observance of recent origin in most churches--symbolize the Resurrection at sunrise. This practice is observed in practically all churches today as a symbol of hope, inspiration and faith.

Obituary

Warren George Trent was born to Lillie Belle De Bord Trent and Thomas L. Trent at Range Community, Oklahoma, March 11, 1921. Warren was one of 16 children, of whom 8 preceeded him in death. The surviving brothers are: Ted Trent of Victor, Colorado; Ralph Trent of Wichita, Kansas; Harold Trent of Guyton, Oklahoma; Bursie Trent of Woodward, Oklahoma; and Fay Trent of Johnston Islands, Pacific Ocean. The surviving sisters are Grace Kriens of Springfield, Oregon; Ethel Ricker of Holtville, California; and Maye Harrison of Adams, Oklahoma.

Warren was married to Mary Lou Jackson, March 28, 1942, and from this union, three children were born.

After serving in the Air Force in World War II in the Pacific, he returned to Hardesty, Oklahoma, where he farmed and ranched for many years.

Warren was saved and baptized while a young man. He was a member of Bethel Baptist Church. He was very active in the church. For many years, he served as Church Treasurer. He delighted in serving the Lord and often gave freely of his time and money for this purpose.

Warren loved children, and many children called him Grandpa. He was a devoted granddad to his five grandchildren. He always had time for his grandchildren. During the summer, he often took his grandchildren fishing or camping, leaving them with many precious memories of their Granddad.

Warren and Mary remained on the farm, farming and ranching, until September 1985, when they moved to Gruver, Texas, to be near their daughter and husband due to Warren's ill health.

Warren was a very kind, loving, and generous husband, father, and grandfather, a good friend and neighbor. He will be missed, but the family feels assured they will see him again, for Warren is safe with the Lord.

Warren will be sadly missed by his wife Mary of the home; his daughter, Sandra and husband Gerald Tebeest of Gruver, Texas; his son, Buddy and wife Kathy of Duams, Texas; his son, Danny and wife Cindy of Hardesty, Oklahoma; and his five grandchildren: Cheryl, Kristy, Brian, David, and Carmin.

Gruver City Library

A book recommended for Sesquicentennial reading, and a new book to our library is **GOOD-BY TO A RIVER** by John Graves. This book belongs on that small shelf of books that transmute an adventure into a work of art.

October is the best month on the Brazos. Not the whole Brazos, but that part of it near Ft. Worth, Texas, on which John Graves grew up, and which has had meaning for him during his whole life. Just the stretch where it coils and loops snakishly from the Possum Kingdom Dam down between the rough low mountains into sandy peanut and post-oak land. It is much the same as when the Comanches and Kiowas and the brawling cattle-drivers and rustlers crossed it a long time ago.

John Graves grew up here, hunting, fishing, swimming, and camping-and begging tales from the surviving old ones-tales of all the murdered, scalped, raped, tortured people, red and white, all the proud names that belonged to the bends and crossings. Thus the river has a special meaning for him.

In 1957 he heard the river would be dammed, drowning much he remembered. And so he took a belated canoe trip on it, alone, to bid it farewell. The book is a narrative of that trip--three rain-soaked, wind-driven autumn weeks, bucking rapids, scrapping sudden rocks, making and breaking camp. Every rare gift of blue-golden weather, every bird cry, every tale of violence and pride, is remembered with the keenness of the last goodbye. Take a three-week trip down the Brazos River with John Graves. The trip is woven into the history of the people who have lived along its banks--Indians, settlers, warriors, and wanderers. Illustrations are by Russell Waterhouse, and it will be an adventurous trip to remember.

Alpha Mu Psi Meets

All seventeen members were present at the Alpha Mu Psi meeting which was held March 18th at the home of Ginny Grotegut. Glenna Hunt, president, conducted the business meeting. Kelly Armes, ways and means chairman, reported that about \$1400 profit was made at the dance held March 15th to benefit the CAPP committee. Thank you to all who helped support this event. Social chairman Cynthia Henson, gave a report on upcoming events which included the spring couple's party and Founder's Day. Marsha Lowe gave some information about the 4th of July celebration. Service chairman, Gail Etheredge announced that the Easter Egg Hunt for children, first grade and under, will be held March 29th at 2 p.m. at the football practice field. Everyone is invited to attend. Please be on time because the hunt itself lasts a very short time. The program for the day involved all members - we stuffed plastic eggs with candy and coins for the hunt.

A special item of excitement for the day involved the passing of two boxes of candy. Much speculation occurred until Angela Grotegut and Jody Irwin took the first bites.

Phyllis Hoel won the hostess gift. Delicious refreshments were enjoyed by all. Those present included Kelly Armes, Tonni Yanke, Glenna Hunt, Angela Grotegut, Amy TeBeest, Debbie Bröland, Nancy Koons, Jody Irwin, Teresa Weldon, Marsha Lowe, Pam Harris, Ginny Grotegut, Tracy Beville, Gail Etheredge, Phyllis Hoel, Kelly Hart, and Cynthia Henson.

Officers for 1986-87 were elected. These included: Gail Etheredge, president, Tracy Beville, 1st Vice-President, Nancy Koons, 2nd Vice-president, Amy TeBeest, recording secretary; Kelly Hart, corresponding secretary, and Debbie Bröland treasurer.

The program for the March 4th meeting was given by Kelly Armes and Angela Grotegut. All members enjoyed learning how to make wreaths from burlap.

In Memory Of

"Daddy, Can you Hear Us?"
Daddy, can you hear us?
There wasn't time to say goodbye.
But, Daddy, if you hear us,
We loved you Oh so Well.
There wasn't time to thank you
For all the prayers you prayed
Over each of us along the way
You always gave the best you had
But asked for nothing in return
Your Heart was 24 Carat Gold
We weren't ready to give you up,
yet
But we know you're happy now;
We wouldn't want you back again
Your life is better now.

We're glad you loved the Lord,
Dad
For now we know we have the
hope
That we will meet again someday
In God's Celestial Home.

Daddy, can you hear us?
We loved you oh so well.
Cindy Trent

He is gone, he is gone to
Heaven, and we know he is happy
there.

But our hearts are heavy with
sadness when we look at his old
rocking chair.

He is walking now with the
angels free from pain and earthly
woes.

Someday we will see and talk
with him when our time has come
to go.

May God help each of us as we
travel on lifes way, and then in
Heaven receive us, on some
bright and golden day to be with
our Daddy there.

Card of Thanks

To our Dear Friends, and other
loved ones, of Gruver, the family
of Warren Trent, wishes to ex-
press our sincere thanks to each of
you, for your comforting caring
expressions, your many prayers,
visits, calls, cards, and the good
food, and many other acts of
kindness you showed us, during
the death of our loved one.

We especially want to thank
Rev. Jim Terry and his wife
Marlene, Pastor of the Methodist
Church, and the Gruver School
Faculty, for serving the Monday
evening meal.

How comforting and uplifting
it is to have friends who share our
sad times as well as our joyous
ones.

We shall always remember you,
and may Gods' Blessings be with
you.

Dear Friends,

Thank you for your kind ex-
pressions of sympathy to me and
my family at the death of my Dad.
Each kind word, the phone calls,
the cards you sent (we have read
them many times), the food you
sent to our mothers' home, and
your words of encouragement
during the long months of my
Dads' illness will never be forgott-
en. A special thank you to those of
you who were able to attend my
Dads' memorial service. I saw you
there. How comforting it was to
see a familiar face from Gruver.

A special thank you to Rev. Jim
Terry, the Gruver Churches, neigh-
bors, friends and especially the
faculty and staff of Gruver Schools.
You supplied our every need. May
God bless and care for each of you.

The family of Warren Trent

Don't Let Eggs "Spoil" Your Easter

It's that time of year again when some giant rabbit romps through neighborhood backyards just before the crack of dawn leaving a trail of magically colored hard-boiled eggs partially hidden in clumps of dew-fresh grass. Children from toddlers to teens know it's time for the annual arrival of the "Easter Bunny."

Wise parents know it's the time to take special precautions against possible food poisoning from contaminated or spoiled eggs.

"Hard-boiled eggs that are cooled in water and not refrigerated can be a source of food poisoning," says Dr. C. David Morehead, Director of Infectious Disease in the Department of Pediatrics at Scott and White in Temple.

"Although unbroken and uncooked eggs are remarkably resistant to bacterial invasion," Dr. Morehead explains, "the heating process breaks down the egg's natural defense mechanisms and creates an ideal growth medium for bacteria."

Dr. Morehead emphasizes that reports of contamination of whole shell eggs are rare, but cases of staphylococcal food poisoning com-

monly occur with improper handling and refrigeration of a variety of egg products, such as salads, custards, and deviled eggs.

"Even an uncracked egg can absorb bacteria, and cooking greatly reduces the egg's defense against contamination," he adds.

"The bacteria can be transmitted to the cooling water or the egg by a cook with unwashed hands or by storing eggs at room temperature for more than 24 hours," notes Dr. Morehead.

Symptoms of staphylococcal food poisoning may include vomiting, abdominal pain and diarrhea within 12 hours after eating the eggs.

Scott and White recommends the following tips to help make this a safe, happy Easter free from food poisoning caused by contaminated or spoiled eggs:

1. Wash hands carefully before handling eggs
2. Refrigerate boiled eggs promptly after cooking
3. Keep eggs chilled until ready to eat
4. Throw out any cracked eggs
5. Make sure colorings are "food safe"

Among The Neighbors

In Snyder Texas on Friday funeral services were held for the mother of Ricky Thompson. He had been with her the last week of her life. Mrs. Thompson Bonnie and Toby went down on Thursday. He returned to his employment at North Plains International on Monday.

Gloria Knox and Bodil Stackhouse ended a 12 day trip to Hawaii on Saturday. They flew by way of Los Angeles to Honolulu and met Elaine Cessnum and Sharon Cates of Kenai, Alaska. Elaine is a sister of Bodil's. They enjoyed the sights and entertainment and activities of the Big Island of Koyna. Their flights were smooth, the some delays and the weather was wonderful. While they were gone Don Knox spent the week-end with David Knox and family at Hart.

Danny Jackson of Huntsville, Arkansas left Monday after visiting in the home of his sister, Mrs. Jo McLaughlin, and other relatives for several days. Mrs. Janelle Henson of Dumas, another sister was here also. They were here to attend the funeral of Dayton Barkley.

Mr. and Mrs. T.C. Kitchens enjoyed the company of their daughters last week. Barbara Jaquess and children, Jill and Jason, of Tahola were here from Monday thru Thursday. Sandra Williamson, Amy, Christy and Matt of Broken Arrow, Oklahoma came on Saturday and are still here.

Elsewhere in this issue is the obituary of Ella Faus Buschman. She was the last survivor of the Faus family who lived here long ago and was one of the remaining few who lived at Hansford. There are those who remember how proud the Hansford folk were in 1915 when she was one of the four graduates of Panhandle State University at Goodwell. She taught school for several years before she married

John Buschman who died in 1957. There are still a few people who remember her delicious products when she operated her bakery just north of Main Street in Spearman. Mrs. Buschman left Spearman about 1971 after her children had all gone. Mrs. Juanita Pierce and Mrs. Opal Scroggs are neices of Mrs. Buschman who still live in Spearman.

Little Miss Jocelyn Diane Whitefield made her debut at Perryton on March 19, weighing 8 lbs. and 9 oz. Brother Teddie and sister Jennifer welcome her into the home of Mr. and Mrs. Ted Whitefield. Her grandparents are Richard and Helen Melton, Mr. and Mrs. Harvey Whitefield, great grandparents Mrs. Lola Melton and Grace Bruner, all of Spearman and Mr. and Mrs. A.C. Hopper, of Houston, great grandparents.

Mrs. Herb Miller returned Monday from a ten day visit with his son at Kingwood, Texas.

Mr. and Mrs. Zack B. Fisher, Kelli and Kevin, visited briefly in Spearman during the week-end. They were enroute to Memphis from Gruver where they had been for the services for her uncle, Dayton Barkley.

When the robins return, can the McLains be far behind? This week Mr. and Mrs. Lester McLain returned from Mission, Texas where they wintered. Their granddaughter, Julia Money, Austin High School senior, drove them home. Also from Austin are Mr. and Mrs. Jim Brown, Cami and Amanda, who are visiting her parents, the J.L. Brocks. To welcome the McLains back, a family dinner was held Monday night. Mr. and Mrs. Kim Brock hosted the dinner.

Calico Country Extension Homemakers

The newly formed Home Extension Club in Gruver, Texas met on Monday, March 17th, 1986 at the La Casita room at Gruver State Bank with Karen Babitzke, Home Extension Agent of Hansford Co. The devotional was given by Gyene Spivey about "The Family". In addition to the poem, Gyene read a short story that she had composed entitled "Through the Eyes of a Boy."

The first order of business was to conduct the election of officers. Those elected were: President--Nancy Morris, Vice-President--Harletta Carthel, Secretary--Joy Henderson, Treasurer--Jo Alice Clawson, Council Delegate--Sandi Foster and Alternate Delegate--Jackie Barkley.

We next had a discussion about choosing a name for the new club and after several names were suggested, the ladies voted to call themselves "Calico Country Extension Homemakers".

Karen Babitzke announced the upcoming programs, council meetings and District T.E.H.A. to be held in Amarillo this year.

Mary Tim Shook gave the 4-H report and announced how the new club would participate in the County Stock show on March 21st and 22nd. The club was to help with Kitchen Clean-up, provide sandwiches, cinnamon rolls and wieners. They also volunteered to work in the concession stand during the sale.

Refreshments were served by Mary Tim Shook and Sandi Foster of fresh vegetables and dip, colorful Jello Easter eggs placed in a nest of green coconut grass. While the ladies enjoyed the refreshments, Joyce Byers from Spearman, gave the program from T.E.H.A. state meeting. Her topic was about Fad Diets Products.

After choosing the next hostess, date, and location for the second March meeting, the meeting adjourned. Those attending were: Beth Swink, Jo Alice Clawson, Jackie Barkley, Nancy Morris, Gyene Spivey, Joy Henderson, Mary Tim Shook, and Sandi Foster. Guests were Maude McClellan of Gruver, Joyce Byers and Karen Babitzke of Spearman.

¿QUE SON LAS EXENCIONES DE RESIDENCIA?

La exención de residencia es una reducción en el valor sujeta a los impuestos de su residencia hogar. Varios tipos de exenciones de residencia se encuentran disponibles en Texas y, si usted califica, pueden reducir su cuenta de impuestos sobre la propiedad. Los detalles incluyen los siguientes.

¿Cuáles exenciones están disponibles?

Los distritos escolares ofrecen una exención de residencia a todos los dueños de hogar y exenciones adicionales para personas incapacitadas o personas de 65 años de edad o más.

Los condados ofrecen exenciones de residencia de los impuestos dedicados a las carreteras de granja a mercado y al control de inundaciones. Algunos condados también ofrecen exenciones adicionales a ancianos y personas incapacitadas.

Las ciudades y otros gobiernos locales pueden ofrecer exenciones adicionales a ancianos y personas incapacitadas.

Todos los gobiernos locales ofrecen una exención a veteranos incapacitados que cumplan con los requisitos a cierta propiedad designada.

Además, los gobiernos locales pueden conceder un tanto por ciento en las exenciones de residencia a los dueños de residencias hogaras.

¿Cómo puede solicitarse?

Si usted recibió una exención de residencia para su residencia actual en 1985, no es necesario hacer una solicitud nueva para 1986 en este distrito de valuación.

Si usted tenía 65 años de edad o

fue incapacitado el 1º de enero y no había solicitado previamente para exenciones de incapacidad o de 65 años, necesita llenar un formulario nuevo este año.

O, si usted nunca ha recibido exención de residencia en su hogar actual, necesita hacer una solicitud original en 1986.

Solicitudes para estas exenciones deberían hacerse en la oficina del distrito de valuación de su condado, la cual se ubica en la dirección escrita abajo. También, formularios de exenciones en español se encuentran disponibles en la oficina del distrito de valuación.

¿Hay un límite de tiempo?

Para el año 1986, debería solicitarse antes del 1º de mayo. Aunque se aceptan solicitudes tardes en ciertas instancias, al solicitarlas antes del 1º de mayo usted podrá proteger sus derechos.

La Oficina Estatal de Impuestos sobre la Propiedad (State Property Tax Board) ahora tiene un folleto en español, *Los Derechos, los Remedios y las Responsabilidades del Contribuyente a los Impuestos*, que puede ayudarle a comprender sus impuestos locales sobre la propiedad. Puede obtenerse una copia gratuita en la oficina de su distrito de valuación o por medio de la Oficina Estatal de Impuestos sobre la Propiedad en Austin.

HOMESTEAD EXEMPTIONS

CAN LOWER THE PROPERTY TAXES ON YOUR HOME

A homestead exemption lowers the property taxes on your home by lowering its taxable value. For example, if your home is valued at \$50,000 and you receive a \$5,000 homestead exemption, your home will be taxed as if it were worth only \$45,000.

You qualify for a homestead exemption if you owned your home on January 1 and used it as your primary residence on January 1. It doesn't matter whether your home is a house, a condominium or a mobile home.

Exemptions are available to all homeowners on their school taxes. Additional exemptions are available to homeowners who are disabled or age 65 and over. Other exemptions may be offered to homeowners by school districts, counties, cities, and special districts. All taxing units offer exemptions to disabled veterans.

Apply to your local appraisal district office at the address shown below for all exemptions you may qualify for. Application forms are available at this office.

If you received a homestead exemption on your present home in 1985, you won't need to apply again for 1986 unless the chief appraiser requires you to reapply.

However, if you passed your 65th birthday or became disabled before January 1, file a new application to receive the additional exemptions.

If you haven't received an exemption on your present home, or if you've moved to a new home, make a new application for 1986.

The deadline for applications is April 30, 1986. Contact your appraisal district before then if you need more time.

For more information, get a free copy of the pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, at your appraisal district office or from the State Property Tax Board in Austin.

Good Friday

For Christians, Good Friday (March 28) is an especially nostalgic day. It's the day Jesus was crucified. And whether one belongs to any church, it's therefore one of the major days of history.

Even for those who doubt miracles, the life of Jesus is greatly admired, and his teachings generally respected and

admired. For those millions of faithful, Good Friday, or Holy Friday (which seems a better name for it), is a painful day of faithful observance.

It's followed by glorious Easter, of course, when Jesus, according to St. Matthew's gospel, rose from the grave.

Letter to the editors

Dear Senator Sarpalius,

After reading and studying House Bill 72, I am beside myself to think that you voted for this bill. I have supported you in your campaign for election in the past. I feel you do a very good job in representing this area of the state—which I feel is often overlooked or looked down upon by most other parts of the state. I honestly feel you have been a very good Senator. I am not so sure I can support you in a re-election bid.

It is ironic to me that while at the federal level the government is giving back more control to the local levels for many programs, that at our state level they feel the need to take local control away and put it in the hands of the state government. This is not what your constituents want! I feel that this is the biggest tragedy of House Bill 72—it takes away the local control of our schools.

Another area of this bill that greatly disturbs me is that Mark White has been given the power to appoint the members to the State Board of Education of Texas, when in the past, these positions were

The Teacher's Test does not measure a teacher's competency but that they can take an achievement test under stress. I do believe there are teachers who are incompetent, but surely we could find a way at the local level to terminate their contract without the expense that this teacher testing will cost. The figures are outrageous and ridiculous, I have read that the cost is estimated to run between 23 to 50 million dollars, with most of that going out of our state.

The prekindergarten section upsets me. It sounds good, but now that it is written down, will the next bill say it is mandatory for all 4 years olds to go to prekindergarten classes? We will come to that? Our children do not need to be in school at such a young age. They need to be at home with their mothers, being loved and cared for—not thrown into a school situation where performance, competition, and etc. is expected of them.

There is more to this bill I dislike but this is enough at this point. I dislike the bill even though there are a few good sections. I know you were playing politics when you voted for this bill. I know you were under a lot of pressure and your chairmanship and committee re-

sponsibilities were being threatened. I still think you should have voted the way your constituents would have wanted you to vote.

I would like to see you begin actively campaigning to repeal this law. If you do not, I will actively campaign against you in the next election.

One other point I would like to make about this State Board of Education of Texas...I have read that they are ruling on this law or parts of this law to apply to private and church schools. This is an invasion of our privacy. My children go to the public school system, but I should have the right to send them to a private or church school, knowing that there will be no government intervention. We do not want them to have any control over these schools. The more we legislate—the more freedom we lose. It must stop now. The pressure must be put upon these board members to leave our private and church schools alone!

Sincerely,

Judy Hutchison

Deadline may be delayed . . .

Farm signups go slowly

Signups for the 1986 federal wheat and feed grain programs in Hansford county are moving slowly with farmers raising questions about effects the programs will have on farming operations.

Even the deadline for enrollment is in question. The date published is April 11 - about three weeks away.

But reports out of Washington D.C., from the offices of Senate and house agriculture leaders, indicate the deadline is changed.

A new date, however, has not been reported.

"So far, we've enrolled 250 farms in the program-about 40 percent," reports Keith Martin of Spearman, executive director of the Hansford county Agricultural Stabilization and Conservation office.

He estimates there are some 690 irrigated and dryland farms in Hansford county.

Hansford participation in federal programs has been averaging 90 percent.

"Most farmers are waiting on changes in the program which have been made in Washington," he explains. "But we don't know when those changes will be published."

The farm bill passed in 1985 setting out provision of the commodities program for this year is controversial at best, farm leaders have declared.

Basically the program requires wheat producers to divert 25 percent of their land from production while feed grain growers must idle 20 percent of their cropland to be eligible for federal commodity loans, land diversion payments and crop deficiency payments.

Wheat producers have the option of diverting an additional 10 percent of their land.

Grain producers also may elect to reduce production by planting 50 percent of their permitted acreages.

They will, however, be eligible for deficiency payments on 92 percent of the permitted cropland.

The acreage base is determined by an "effective yields" formula. The formula uses a 5-year period for the computation. The average, however, is based on three years after the highest and lowest production is dropped.

In addition to the commodity programs, Hansford farmers are also "bidding" land for a federal conservation reserve program.

Under the program, farmers can enroll highly erodible land in the period. However, the program hinges on how much farmers will accept in federal payments.

"Only 20 farmers have bid 4,800 acres in the program," Martin notes. "The average bid is \$50.00 an acre. It is mostly dry farmland."

With the signup in progress, questions are still being raised and changes made by the U.S. Congress in the bill passed in late 1985 just before the Christmas recess.

"It is a sad situation that we are signing up in a program and the people in the ASCS office don't have all the information," declares Marion Garland of Sunray, president of the Texas American Agricultural Movement.

He declares that it is difficult for them to administer a program with no rules and observes "the U.S. Department of Agriculture seems to be making up the rules as they go."

Several significant changes have been made by Congress, the Texas AAM president continues.

The most significant is farmers will get 40 percent of their deficiency payment checks when they enroll in the program, he notes.

Garland also notes that grain producers in the programs will receive an additional payment-in-kind (PIK) when "effective yields"

compute by the new formula fall below proven 1985 yields.

The estimated difference nationwide is 18 percent.

"The bill provides that farmers will receive all but three percent of the difference in PIK grain," he explains.

Garland has received reports from the Congressional offices of Sen. Jessie Helms of North Carolina and U.S. Rep. Kiki de la Garza of New Mexico that the signup period has been extended beyond April 11.

"The people I talked to in their offices Friday did not have the new date," the Texas AAM president reports.

Hansford County farmers are asked to call and set appointment times, as soon as possible, for signing up into the 86 program. Call 659-3036!

Change in Summer School

Panhandle State University has announced a change in the summer school enrollment and starting dates for the summer of 1986.

Enrollment will be held Monday, June 2. Classes will begin June 3 and the summer program of eight weeks will end July 29.

This change moves the starting and ending dates ahead one week from those that had been previously announced. This change has been made to avoid the Memorial Day week and the last week of many high schools. The change will eliminate the conflict with the graduating high school seniors enrolling in college as a freshman.

Pre-enrollment for the summer term will be held from April 1 through April 26. Enrollment for the summer session will be held from 9:00 a.m. to 12:00 noon in Sewell-Loofbourrow,

the Administration Building, June 2. Advisors tables will be set up in the hall for student scheduling and advisement.

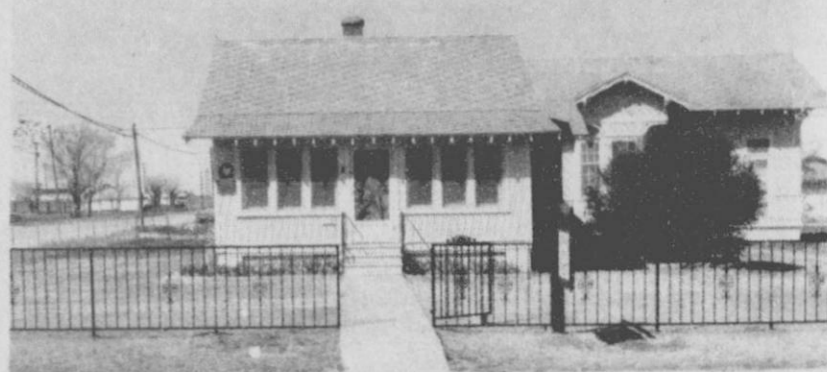

All tuition, fees and room payments are due at the time of enrollment. Meals may be paid for individually or by buying a meal ticket from the cafeteria. Students not enrolled at PSU this semester

permit to register. Those permits are available in the registrar's office in Sewell-Loofbourrow.

Class work will begin at 7:30 a.m. on Tuesday June 3. No classes will be held the 4th of July.

For information concerning summer enrollment at Panhandle State University, contact Jack Begley, Registrar and Director of Admissions, Panhandle State University, P.O. Box 430, Goodwell, Ok. 73939 or call (405) 349-2611 EXT 223.

Another Job Well Done!

We, the Museum Board think we have something for which we can be really proud. Thanks to a number of Spearman citizens the fence around the Museum property is in place and all paid for by donations. If you have not seen it yet, do go by and see if you do not agree with us. We think it is just great and we are so appreciative of the help you gave us.

Remember, this is not just a Spearman project. It represents all of Hansford County - - Gruver, Morse and the immediate surrounding area. Let us all work for the common good of Hansford County and support your Museum. The growth of the Museum depends on everyone.

All school children are always welcome to view the different displays

we have now and hope to have more in the near future. It is a pleasure to have them and we encourage you teachers to bring your classes.

Another project we are considering is the erection of a replica of the Old Zulu Stockade. Since it was the first Trading Post and Post Office north of the Canadian River and dates back to 1875 we feel it is a must for the preservation of our history. No one wants to forget that. What is better than showing our children what took place in that period of time! Jim and Bob Cator who erected the Stockade still have relatives living here in Hansford Co. It will be a fine tribute to their ancestors.

Again, we say "thank you" for the fence. It is beautiful.
