

Services Held For Long Time Resident

Mr. I. W. Ayres, Sr.

Funeral services were held at 4:00 p.m. Wednesday February 17, 1965 in the Gruver Church of Christ for Mr. I. W. Ayres, Sr. who died Monday February 15th, in the Hansford County Hospital after a brief illness. Mr. Ayres and his wife and small son moved to Hansford County in October of 1926. He had visited earlier in 1925 and in the summer of 1926 purchased land. Born January 12, 1877, in Sherman, Texas, Mr. Irwin White Ayres was the

of the land and the farm house and after his marriage the couple made their home there. Their first two children, Charmin and Vivian were born while they lived there.

In 1905 the couple and their two children moved to Cooke County, Texas where they settled on another farm. Here Mr. Ayres did some blacksmith work on the side and the remaining five children were born, being, J. M., I. W., twin daughters, Aline and Pauline and Edith.

The Ayres family visited in the Panhandle and Hansford County in 1925 with their friends the Doziers. The couple became quite enthused over the Panhandle and Mr. Ayres purchased land the next year and the family moved as soon as possible. They set out to their new home in a Model T truck across dirt roads and hampered by rainy conditions. I. W. Jr. was the only child at home to accompany him.

Mr. Ayres purchased land which was eight miles west of what is now Gruver and the family moved in the Lakeside Community.

The children were married and followed their parents to Hansford County. Mr. Ayres was always interested in the civic and church affairs of Gruver. He was a member of the Gruver Church of Christ. Being joined by several of his children, Mr. Ayres

was instrumental in building and establishing the Gruver Hotel of which his son and daughter are still owners.

The couple have celebrated their 50th Wedding Anniversary and also their 60th Anniversary, in 1962. Mr. Ayres has been active throughout his life and has maintained his interest in his home and yard.

Elmer Adcock of Kress and Alfred White officiated with the services. Burial was in the Gruver cemetery. Special Music was provided by group singing.

Pallbearers were the six grandsons, Val Winger, Weldon Green, Bruce Ayres, George Odom, Jr., James Allen Ayres, George Paul Odom.

BACK FORTY PHILOSOPHY

by Jack Shaw

It was the headlines in place of the editorials that caught my ever-failing eyesight this week. Most of us peace-loving farmers were really shocked to hear of the bombing of North Viet Nam.

This made me reflect back on my memory to pre-election days when the Republicans were advocating the bombing of Communists' supply lines and the Democrats were crying that it would be "war-like" and un-American. Since the Democrats are carrying out the Republican ideas, it makes one wish the Republicans would have advocated more un-American ideas such as paying the national debt, cutting the size and expenses of the national government, quit sending aid to enemies, and quit giving government hand-outs to men and women too lazy to work.

SECOND SUGAR MEETING SET

A second meeting on the proposed sugar beet refining plant will be held here Thursday, February 18 at 2:00 p.m. in the County Courtroom.

County Agent Robert Adamson said a representative of the North Plains Sugar Beet Association will be here to explain the financing of the program further.

The representative will also present the latest information on the drive to raise \$6.25 million dollars for building a sugar refinery at Eter and the securing of a sugar beet allotment for this area.

Financing for \$15 million of the cost of the plant has been secured and now the association is trying to raise \$6.25 million from the farmers wanting to grow the beets.

To get the allotted acres, a farmer must invest in the co-operative plant.

GREYHOUNDS WIN ROUND ROBIN PLAY

The Gruver Greyhounds took the First Place honor of the Double Round Robin Play Monday night as they downed the Panhandle Panthers 62-50 in a clash which led the entire way by Gruver. The Panhandle team tied the score twice during the evening once in the first quarter and the next time early in the second period.

Gruver jumped to a quick lead as Billie Lieb netted the first two pointer in the early seconds of the game. Sam Tipton followed with two field goals before Panhandle was able to mark the score board. Royce Mathews added two points before Duckett of Panhandle was able to begin his scoring session. The tall Panther, Duckett sunk eight points for Panhandle as four more were netted by the Panther team as the quarter ended. Gruver had managed to score six more points and led the Panhandle team 14-12 as the quarter ended.

The second period added ten extra points to the Gruver score as the Greyhounds netted eighteen points while they held the Panthers to only eight points. Sam Tipton began the quarter with four points netted as Billie Lieb added another two pointer and Royce Mathews scored six points. Mack Hoel netted six consecutive free shots as the half ended, with the score 32-20.

As the third period began Panhandle netted two points at the beginning but Sam Tipton added six points in succession and Gruver took their largest lead of 16 points, 38-22. Exchanging field goals throughout the remaining part of the third period the Greyhounds led by 14 points 48-34 as the quarter ended.

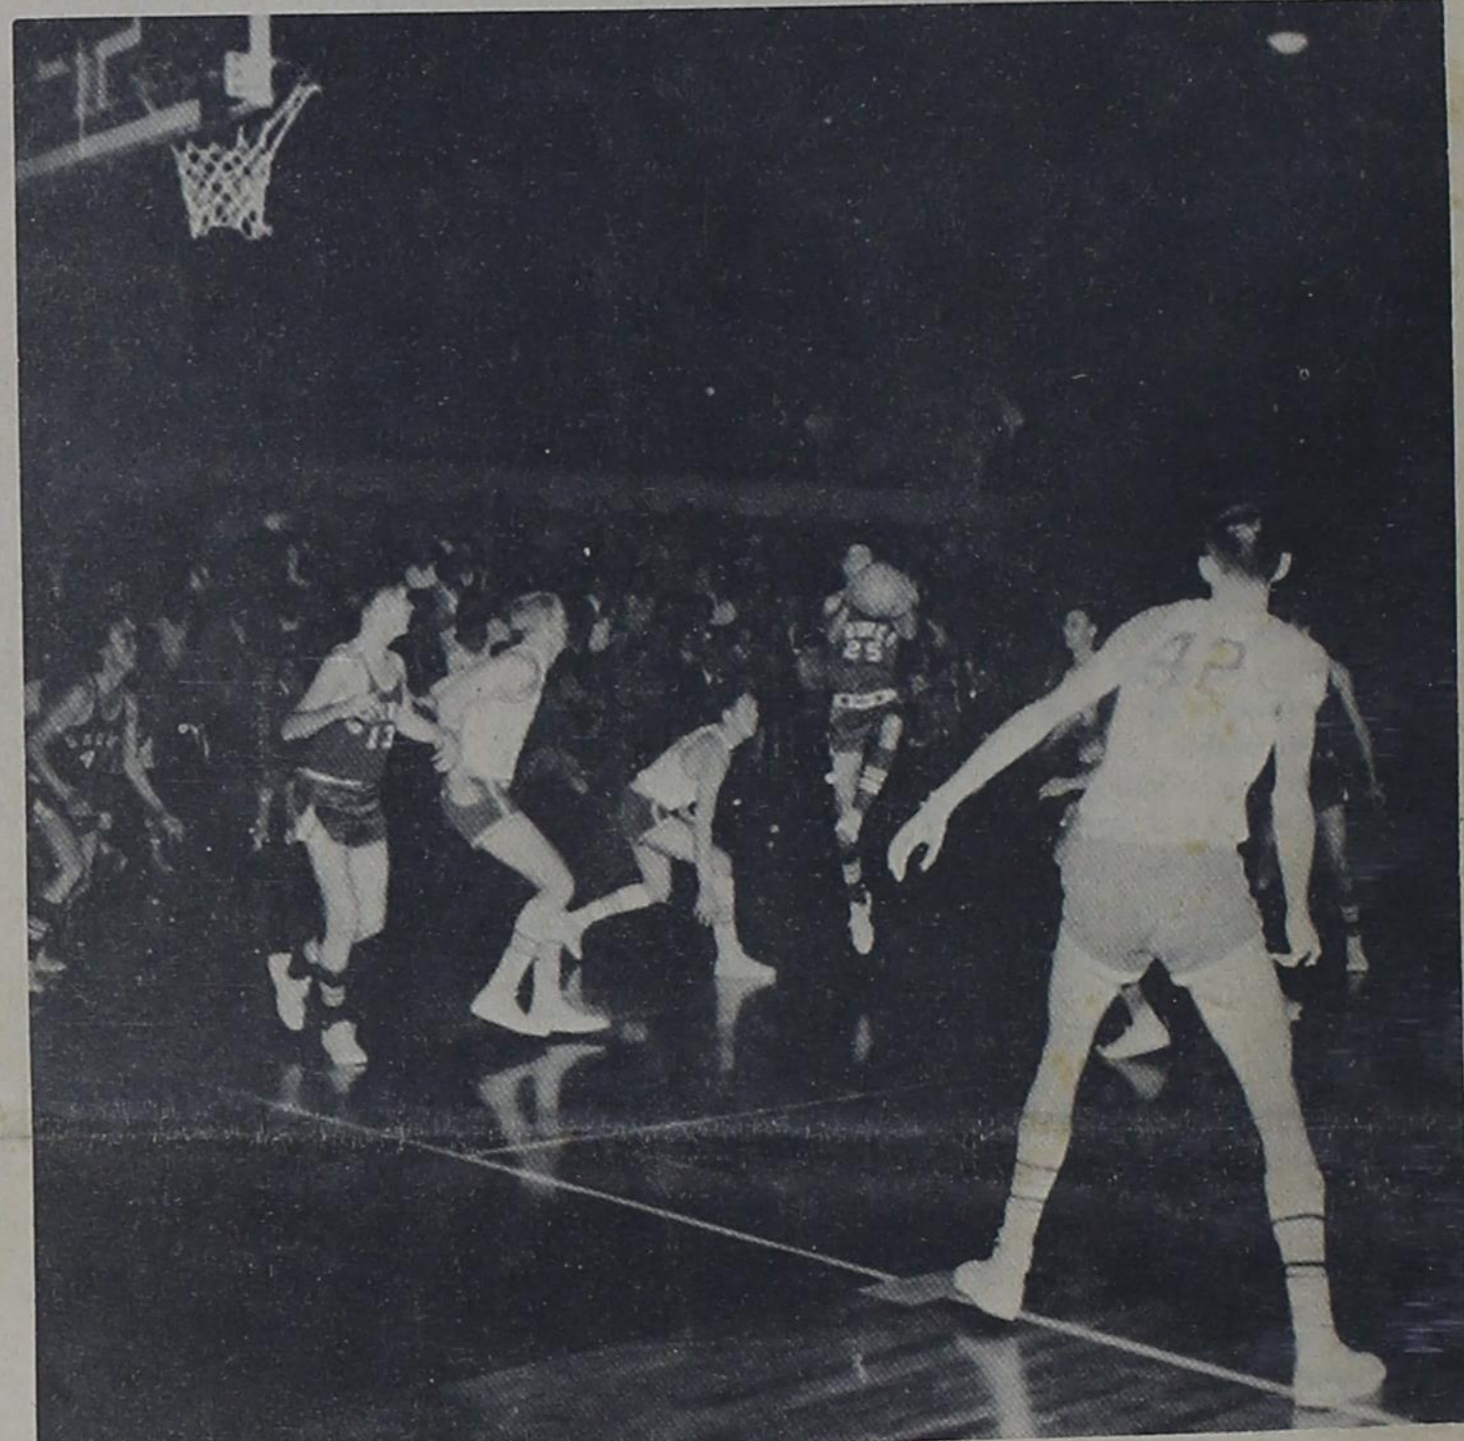

Panhandle tallied six points as the fourth quarter was underway before the Greyhounds were able to score and narrowed the lead to eight points. Mart Hart scored on a free shot and followed with a field goal as Panhandle exchanged points until the final part of the quarter. Mart Hart netted seven points during the final period as Mack Hoel scored five and Bill Lieb two.

The Gruver team managed to maintain some 65% of the rebounds from the

backboards. Playing one of the finest games of the year, the Gruver boys show-

ed excellent in their poise of their game, against the tall towering team of Pan-

handle. Billie Lieb pulled down 17 rebounds for the Greyhounds.

Sam Tipton breaks through the Panhandle guards as he is up for two points. Royce Mathews, 13 and Mart Hart 43 hold Panhandle's Choate Cole and Duckett from any possibility of a rebound.

HOMEMAKING NOTES

by Linda Webb, H.D. Agent

Pre-registration for the advanced clothing workshop will be held Friday, February 19, at 10:00 a.m. in the Home Demonstration Club Room, Spearman. Tentative dates for the workshop are February 22, 24, 26, March 1, 3, and 5th. Permanent dates will be set at the February 19 meeting, so if you plan to attend the workshop please be present at this meeting.

Problems to be worked on at this workshop are pattern adjustment, laying patterns, putting collars and sleeves, interfacing, making machine and bound button holes and belts. Advanced skills in clothing construction help any seamstress achieve a "well-made" look.

Any interested homemaker who has had training in basic construction is invited to come to the workshop.

With spring right around the corner, it brings to mind plans for house cleaning to rid the home of drab winter dirt and air.

Of course, in most modern homes, a good cleaning is no longer confined to spring and fall. The smart homemaker divides her energy into the remainder of the year as well. When a good cleaning is needed, take only one room at a time, perhaps just one per week, and do a thorough cleaning of each before beginning another.

Many household items today are washable, which is a boon to the homemaker—such things as drapes, curtains, slip covers, and throw rugs. Some of these—especially the small rugs, may have foam rubber backing which can be fire hazards if dried in a dryer.

These are best air dried since the foam may build up heat in the dryer and catch fire if left at a high temperature for a long period of time.

If these items are accidentally dried in the dryer, lay them aside to cool away from the rest of the laundry. Otherwise folding and stacking them with other items will hold heat, which may continue to build up in the foam until there are flames from spontaneous combustion. So be careful in cleaning.

To give sparkle to your treasured glass (or plastic household accessories) which give your home its personality, a good sudsing in soap and water will make all the difference in the world. We don't realize how much dirt and grease from the air sticks to furniture and accessories until we see for ourselves what a difference a good cleaning makes.

Keep these hints in mind for a satisfying and successful "spring" house cleaning.

This month we have many folks in bed with the flu, or at least bad colds. Being sick is never fun, but a cheerful attitude from one caring for the sick helps the patient feel much better.

Children are the hardest of all to care for, because they resent their confinement. This puts quite a strain on Mother, too. They expect frequent visits to the sick room plus other diversions from restlessness, such as books, toys, or television. Yes, many a wife and Mother will be glad when this season is over—then Mother will probably collapse!

THE LAST NOTE:
Convalescence is that difficult time when you're better than you were, but still not as well as you were before you were as sick as you are!

Three-in-one yeast recipes are made to order for the home baker who likes variety. They're also the practical answer to the problem of limited time—three different breads in the same time it takes to prepare a single loaf. The secret is in the dough—in this case, a sweet yeast dough flavored with a hint of orange, which lends itself to easy variations.

The simple addition of raisins, chopped nuts, candied fruit and a few spices turns our dough into savory Spiced Fruit Bread. This is the kind of bread that's invaluable when you're hosting a luncheon or tea.

A sugar and pecan crumb mixture is so good—it turns our sweet dough into Double-Crumb Coffeecake. The crumb mixture is so good it's used for both the bottom and top of this orange-flavored coffeecake.

Last, but not least, is the simplest variation of all—Frosted Orange Loaf. It's the basic dough baked in a loaf pan and topped with orange-flavored icing.

SWEET ORANGE BREADS

(makes 3 from 0)

- 1/2 cup milk
- 3/4 cup sugar
- 1 - 1/2 teaspoons salt
- 3/4 cup warm water (105 d.)
- 3 packages of yeast, active or dry or compressed
- 4-3/4 cup unsifted flour
- 3/4 cup Margarine
- 3 beaten eggs
- 1 tablespoon grated orange peel.

Scald milk; stir in 1/4 cup sugar and salt. Cool to luke warm. Measure warm water into large warm bowl. Sprinkle or crumble in yeast stir until dissolved. Stir in milk mixture and 2 cups flour. Beat until smooth. Cover. Let rise in warm place, free from draft, until light, about 20 minutes.

Meanwhile, cream margarine until light and fluff-

fy. When yeast mixture is light, stir and beat in margarine, remaining 1/2 cup sugar, eggs and orange peel with spoon. Stir in remaining flour; beat hard, until smooth and somewhat elastic, about 1 minute. Proceed with one or more variations below. One-third of batter makes 1 loaf.

SPICED FRUIT BREAD:

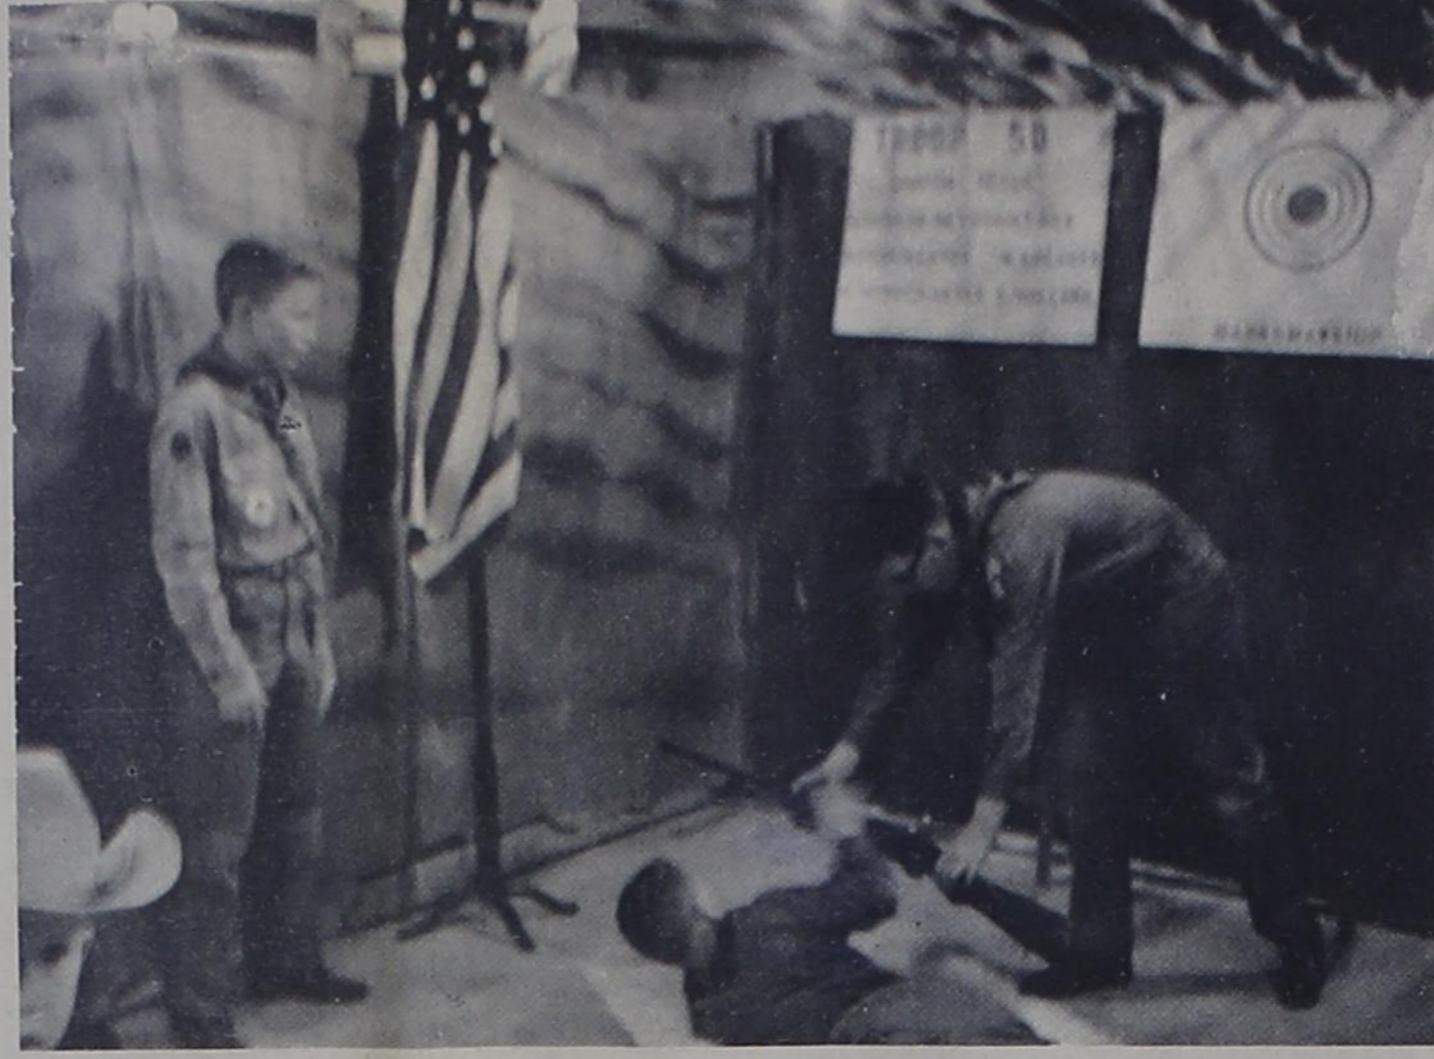

Lightly toss together 1/2 cup seedless raisins, 1/2 cup chopped pecans, 1/2 cup cup mixed candied fruit, 1/2 teaspoon cinnamon, 1/2 teaspoon ginger, and 1/4 teaspoon nutmeg. Add to one-third batter and mix well. Turn into well-greased 1-1/2 mold. Cover. Let rise in warm place, about 1 to 1 1/2 hours. Bake in oven 375 degrees 25 to 30 minutes, or until done. Cool. If desired, sprinkle with powdered sugar.

DOUBLE-CRUMB COFFEECAKE:

Rub together with fingers until crumbly 1/2 cup unsifted flour, 1/2 cup chopped pecans, 1/3 cup brown sugar (packed), 1/4 cup (1/2 stick) margarine, and 1-1/2 teaspoons cinnamon. Sprinkle 1/2 mixture in the bottom of a greased 8 inch layer cake pan. Turn 1/3 batter over crumb mixture. Top with remaining crumb mixture. Cover. Let rise in warm place, free from draft, about 1 hour. Bake in oven 350 degress 25 to 30 minutes. When cool, drizzle with powdered sugar icing.

FROSTED ORANGE LOAF:

Turn 1/3 of batter into well-greased 9x5x3 inch loaf pan. Cover. Let rise in warm place, free from draft, about 1 hour. Bake in moderate oven 375 degrees 25 to 30 minutes, or until done. Cool and frost with 1 cup powdered sugar that has been combined with 2 table-spoons orange juice and 1

CATTLE LICE

Cattle on wheat pasture in Hansford County have been bothered with lice and it costs money to feed cattle lice. These parasites are among the most damaging to beef cattle.

Cattle infested with lice spend a lot of time rubbing against fences, posts, or other objects due to the annoyance caused by the insects. Cattle on feed do not gain as they should and require more feed for a pound of gain when infested.

Infested cows lose weight and their calves become prime targets for the pests. Reduced weaning weights of calves is one spot that really hits the pocketbook hard.

Cattle lice are common over the entire state and their populations build up rapidly after cool weather arrives in the fall, and include both biting and sucking types.

Sucking lice, short and long-nosed, pierce the animals skin and feed by sucking blood. They are usually found on the sides of the animal's neck, on the brisket, back, inner sur-

face of the thighs, tail and around the nose, eyes and ears. Chewing lice are smaller and are usually found on the top of the shoulders and around the root of the tail but may also infest other parts of the body.

Many chemicals are available for controlling lice as well as other external parasites of farm livestock.

FINDLEY INJURED

Glen (Bud) Findley escaped serious injury Monday morning in an accident in the yard of Jones Pipeline Company on south main.

Mr. Findley was rushed to Hansford Hospital in Spearman where he is being held for observations. His condition is thought to be good.

CLICKS FOR HEART FUND

AMERICA'S YOUNGEST HEART FUND VOLUNTEER is 2-year-old Theresa Mazzari, shown with her surgeon, Dr. George Robinson of New York's Montefiore Hospital, who implanted a ball-in-cage plastic valve (like the one shown against ruler in inset) inside her heart to replace one that was too small to carry blood from one section to another. She's the world's youngest beneficiary of heart valve replacement surgery, and, understandably, an all-out supporter of the 1965 Heart Fund Campaign. The valve, implanted when Theresa was 10 months old, clicks audibly with each heart beat. That's music to Dr. Robinson's ears.

The Jackson's Prescription Shop is located at 421 E. 13th Street in Guymon, Phone 338-3339. Here prescriptions are accurately filled from quality drugs by professional pharmacists.

The relationship between the professional pharmacist and the physician is very close. The people should have confidence in the Doctor and the Doctor must have implicit confidence in the Pharmacist, for he is unable, without a chemical analysis, to determine whether all the ingredients called for in his prescription are contained in the compound and if they are pure and fresh.

Moreover, the pharmacist, in many cases is the medium through which the physician gains certain of his knowledge. To be progressive, he is expected to know all the newer preparations that are available, as well as conditions wherein they may be indicated. As soon as any biological or pathological discovery is proven of worth, he will have a supply on hand ready for the doctor's and the public's use and all of full standard potency and reliability.

For their highly specialized training as professional pharmacists, for their responsibility in service to the sick and for the filling of prescriptions from high quality drugs, Jackson's Prescription Shop has answered the requirements of the profession.

'THE WAY I SEE IT'

by Pastor Robert Cordes

"CROOKED RIVERS"

A small but curious boy bky asked "Why are all rivers crooked?" The answer came from his wise father who said, "Rivers are crooked because they follow the lines of least resistance." The same rule is true of all humans. Our lives, as a rule, do not become crooked, warped, and out of joint because we deliberately set out to make them that way, but rather because we do not have the moral courage to overcome the hundreds of temptations that lally cross our paths.

Like the rivers in the boys mind, many a life is crooked. There is only one hope for a crooked life and that is to be made straight in Christ. Would you like to be through with your crookedness? Look to Christ at the dawn of each day--and heed His words, "Follow Me!" Only The Son of God can make you straight morally. Wrap your crooked self around His divine righteousness and be made whole and pure.

Land Bank Declares Dividends

It is so much easier to listen to gossip than stop it. So much easier to tell a lie than the truth--and take the consequences. It's so much easier to remain in bed an hour longer on Sunday morning than to get up and go to church. So much easier to settle in the easy chair and watch television than to go to a bible study, teachers meeting or even read our Bible.

Dividend payments totaling \$8,269.00 will be paid to members of the Spearman Federal Land Bank Association, Manager J. E. Gunn announced today.

Like the river which meanders around the boulders and skirts the rocky ledges in order to make its lazy way through the unresisting sand, we find it so much easier to do the things which call for the least amount of moral effort. Is it any wonder so many lives are crooked, filled with sin? Is it any wonder that when God looks down from heaven upon the lives of men and compares us with the perfect love of His He says, "They have all gone astray, no...there is not one that is good." (Is. 53:6)

Gunn said the dividend checks would be mailed immediately to the Association's farmer-rancher stockholders. The Spearman Association is one of the 73 farmer-rancher owned associations in Texas served by the Federal Land Bank of Houston. The local Association makes Land Bank Loans in Hansford and Hutchison counties. The directors are W. P. Hutton, President, Spearman; Lynn Davis, Vice President, Morse; O. C. Holt, Spearman; R. V. Converse, Spearman; and B.W. Renner, Gruver.

BAPTIST NEWS

W.M.U. of Gruver met in Circles Wednesday February 10, for their study on applying Christian Principles.

This week, February 14-20, has been set aside that attention might be focused on the Young Womens Auxiliary of our church. The Auxiliary is for single girls 16 through 24 years of age. The girls with their leader, Janice Adams, sat in a group during morning worship, Sunday February 14. The aims of the Auxiliary were given by the members during the Sunday evening worship service. As a special project this week the girls made pillow corsages to take to the hospital.

The Sweetheart Banquet given by Gruver Baptist was a success. There were 103 young people and special guests present. The fellowship hall was beautifully decorated to represent a Spanish garden. Highlighting the decorations were the gay pinatas suspended from the ceiling. The Mexican food was deliciously prepared by women from the church under the guidance of Mrs. Henry Holt.

The "Singing Spinners" and Judy Holt entertained the group with songs in Spanish. Guest speaker Brother Charles Ramiers, pastor of a Spanish Mission in Amarillo, brought an amusing as well as enlightening message.

The Intermediate G.A.'s presented a family of our town with a basket filled

with canned food and Scripture passages as their community mission project for this month. They are also continuing their study of the book, "Southern Yankee," with chapter three.

Those having turned in registration fee for Queen's Court in Brownwood are DeAnn Schad, Betty Dewees, Sandra Rasor, and Mary Leonard.

Betty Dewees treated the group to refreshments this week.

The 9 and 10 year old G.A.'s met Wednesday to continue a study of the home mission book led by Mrs. Kay Gipson. There were 10 members and two visitors present. The girls also completed their community mission project for February by making valentines for the patients at Hansford Hospital.

Congratulations to Faye, Gross, Ronda Shook, Debby Spivey and Linda Spivey for completing their requirements for "Lady-in-Waiting," and being approved before reviewing council.

All girls making plans to attend the house party at Canadian March 12-13 are asked to turn in their money, \$1.25, to their counselor, Christine Brandvik, before March 3.
