GRUVER CLOSES SEASON; WIN OVER PANHANDLE

Gruver ended their 1964 Football season victorious as they jolted Panhandle with a 46-0 victory. This gave the Greyhounds their seventh win of the season of ten games, and a district record of 3-1. The Hounds took second place in District 1-A.

In the Friday night game Gruver rampaged over the Panthers with 335 yards gained rushing as compared to the 41 yards gained by the Panhandle team. Gruver passed for 96 yards while Panhandle's aerial attempts brought them 68 yards.

The first half was a completely different picture as compared to the final score for until the last seven seconds of the half the game was scoreless. Frank Silva bounded over from the 6 yard line of Panhandle to make the half time score of 6-0.

As the Greyhounds came back in the second half they began a scoring attack and in the third quarter Danny Riley carried for six yards to make the score 12-0. Frank Silva recovered a fumble from the Panthers on their first play after the Gruver kick. The recovery led to the next touchdown within a minute of the previous one. Sam Tipton passed to Mack Hoel from the Panhandle 41 yardline and Hoel raced for the goal. Danny Riley followed with the run to give the Greyhounds a 20-0 lead at the end of the third quarter.

The third quarter ended with Gruver pressing on the Panhandle goal and in the first play of the fourth quarter Frank Silva carried for the touchdown and Mack Hoel followed with a good kick for a score of 27-0. Gruver took over three downs later on the Panhandle 31 after Rex Shapley recovered a Panhandle fumble. Gruver made their next touchdown in three plays as Etter raced for the final 14 yards needed. Mack Hoel's kick was good and the score stood 34-0. Another fumble was recovered by the Greyhounds on the Panhandle 6 yardline and Danny Riley was over in three plays again from the one yard line to make the score 40-0. Panhandle lost the ball on downs on Gruver's 43 after the kick and Gruver took over. Danny Riley raced 40 yards down field to set up the sixth touchdown made by Rex Shapley to end the game 46-0.

Gruver opened with a kick from the toe of Mack Hoel. Panhandle received but were held by the forward wall of Gruver and only gained 6 yards. Gruver took over the 38 of Panhandle and on the first play Silva scampered downfield for 33 yards. Arnold followed with two. Tipton's pass was intercepted on the next play by Cody of Panhandle but the Panthers still made no way down field, as the Hounds took over on their own 46. Sammy Arnold run for 19 yards followed by Silva's run of 6. An ex-

change of fumbles followed as the first quarter ended.

Panhandle opened the second quarter with a 22 yard pass followed by a ten yard pass before the Greyhounds could take possession of the ball on the Gruver 21. Mathews made 13 yards but the line of Panhandle held the Greyhounds as did the Gruver line on the next set of downs. Gruver traveled down field for 11 yards with Silva and Arnold carrying but a penalty forced the Hounds to punt. Rex Shapley rushed

through the Panhandle line as they were attempting a pass to throw the passer for a seven yard loss. Gruver took over and the Greyhounds began their first goal line drive. Silva carried 39 yards and five yards and Tipton passed to Hoel for a gain of 20 yards. The Hounds rested on the Panhandle 14 yard line as Silva and Arnold carried for eight and Silva followed with 6 yards for the first touchdown. As the half ended, the score was 6-0 in the Greyhound favor.

Gruver took Panhandle's kick on their own 30 and with Mathews and Silva carrying the ball was moved to the 43. A pass to Silva gained eleven yards followed by runs by Mathews and Silva along with a 21 yard pass put the Greyhounds on the Panhandle 21. Riley and Silva added 16 to the slate and Riley proceeded for five yards for the score. As Gruver led 12-0. Mack Hoel kicked to the Panhandle 40 where the Panthers fumbled on their first play and Frank Silva recovered. Tipton passed to Mack Hoel for 41 yards and Gruver tallied another score. Danny Riley followed for the extra two points and Gruver raised their lead to 20-0. Hoel kicked to the Panhandle Panthers and the Gruver defense held the Panthers for no gain. Silva took the Panhandle kick on the Gruver 18 and proceeded back to the 44 yard line. Mathews and Silva carried for 16 yards and Gruver was in the Panhandle 33 heading for another touchdown. Silva gained four yards on a pass and Silva and Tipton carried for seven yards for the first down. Hoel picked up four and Silva 14 as the third quarter ended.

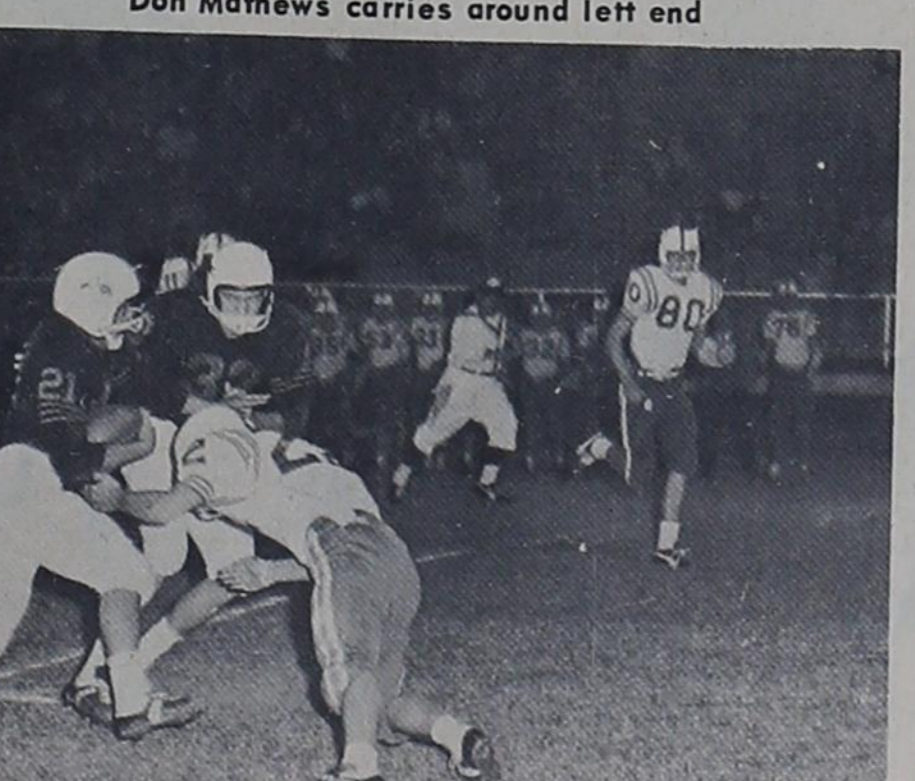

Hoel carried for three more yards and Silva ran for one yard to paydirt. Hoel's kick was good and Gruver led 27-0. The same procedure was followed as Panhandle was held for a two yard gain and an eight yard pass as they fumbled and Rex Shapley recovered on the Panhandle 31. Allen Etter carried for ten yards Silva, 7 and Etter was over the goal on a fourteen yard sprint. Hoel's kick was good and Gruver increased their score to 34-0. Panhandle was again held after the kick off of Gruver but the Hounds faced 25 yards in penalties and kicked to Panhandle. Gruver recovered a Panther fumble on the Panhandle 6 yard line and Riley was over the goal to give Gruver a 40-0 lead. Again Gruver capitalized on holding the Panthers after the kick-off as Gruver took possession. Shapley, Leatherman and Riley together added 51 yards for the Hounds and Gruver rested on the 6 yardline of the Panthers. Rex Shapley carried for the touchdown and the final score was 46-0. The game ended and Gruver again had possession of the ball.

4-H Slates "General Store" Sale

"Ye Olde General Store" - a super rummage sale, sponsored by the Gruver Junior 4-H Club will be open for business on Saturday, November 21st, between the hours of 9:00 a.m. and 5:00 p.m. located at the Southwestern Public Service Building. All proceeds from the sale will be used in the year's 4-H work including a community project with any odds and ends left from the sale being divided among the sev-

eral Gruver churches for dispersal to those in the Gruver community and the remainder will go to the Salvation Army.

There will be a drawing each hour of the day from the sales slips from the past hour's selling included in the drawing. Each member of the Gruver Junior 4-H Club will serve as sales person during the day and adults will be on hand for each selling period. To make the General

Store aspect complete, the Senior 4-H Girls will sponsor a Bake Sale at the same place on the same day as one of their money making projects for this year.

Anyone wishing to contribute used, unused, disused or unused items for this sale is asked to contact one of the Junior 4-H members by Friday so that they will be included in the sales.

HIGHLIGHTS FROM THE PAST TO THE PRESENT

Highlights from the Past to the Present visits this week in the home of the Bob Baley family of Spearman as we again veer back into the past and bring to life the history of our county which has been hidden in the pioneers.

Searching back into the past we find that Thomas A. Baley of Savannah, Georgia and Mary Kralicek of Nebraska (who came to America with her parents at the age of four from Vienna, Austria), were married at Anadarko, Oklahoma in 1878. In 1884 the couple moved to Texas and settled on a ranch which included some eight sections of land in Wheeler County. The ranch is now known as the Britt Ranch. The couple settled in a two room house of rock. The floor was dirt and the roof of sod. The home was located some twenty-one miles east of the town of Mobeetie which at that time was the only town.

Mr. Thomas Baley made a three week trip to Dodge City, Kansas to fetch lumber to make a floor for their home as well as a roof. Mrs. Baley remained at home by herself throughout the time. Managing the household along with the chores, Mrs. Baley did the family washing in the Sweetwater Creek. Their home had no doors and she and her neighbor and very dear friend, Mrs. Joseph W. Jones made doors for both of their houses from gunny sacks which were sewed together. Mr. and Mrs. J.W. Jones began working for the Baleys shortly after their marriage and the two couples became very dear friends.

The Baleys remained on this ranch for some thirty-- years, with the exception of only two years which were spent in Mobeetie so their four children, of whom Robert (Bob) was the youngest at the time, could attend school there. Mr. Thomas Baley gave the land for a school building on his ranch and a rock school structure was erected and still remains standing. The Thomas Baley family had nine children. In 1914 the family moved to Childress, Texas to make their home until the death of Mr. and Mrs. Baley.

Robert L. (Bob) Baley was the fourth child of Mr. and Mrs. Thomas Baley and was born at the Baley Ranch in Wheeler County on July 24, 1886. Attending the little rock school on the Baley home place, Bob Baley decided at the age of sixteen that he would see the country and begin a life on his own. He began by working for three years on cattle drives throughout the western states, particularly in Texas, Kansas, Nebraska, Wyoming, Montana, North and South Dakota and Idaho. Mr. Baley has often recalled experiences on the cattle drives but one which is remembered was when they were driving the cattle into Wyoming. The Yellowstone River was raging and the men had to wait for three or four days and still the cattle and horses had to swim the river in order to cross. Mr. Baley was a rover on the cattle drives.

For a short while Mr. Baley worked in a silver mine in Deming, New Mexico. Returning to his home in Childress, Mr. Bob Baley decided to attend a barber school and a business school in Kansas City.

Upon completion of his schooling, he returned to Texas and married Ethel Mae Arendell. She was the daughter of Mr. and Mrs. William Arendell and was born in Stephenville, Texas. Miss Ethel Mae Arendell's father died when she was only two years of age and she and her mother moved into the home of the Smallwoods, the grandparents of Miss Arendell. Mr. and Mrs. Smallwood and Mrs. William Arendell and her little daughter moved to Oklahoma which was then Indian Territory to make their home.

Mrs. Arendell later married and the family moved to the Panhandle of Texas and to Wheeler County in 1908 where they purchased a farm north of the town of Mobeetie. The daughter, Ethel Mae, attended school in Mobeetie. It was here in Wheeler County that Miss Arendell and Mr. Baley became acquainted at church one Sunday afternoon. Mr. Baley invited her to attend church with him that night for their first date. The couple were married on February 22, 1911 in Stephenville, Erath County Texas, in the courthouse there. Miss Arendell had moved back to the county where she was born after the death of her grandfather. She was recipient of the Arendell estate.

Upon settling her business in Erath County, she and her husband moved to Hammond, Oklahoma where Mr. Baley operated a barber shop. They later moved back to Mobeetie, Texas where he also owned and operated a barber shop for several years. He also served as postmaster in Mobeetie. Mr. Floyd Hays heard of Bob Baley's barbering and went to Mobeetie to see if he would join him in his barber shop in the newly organized town of Spearman. Mr. Baley moved to Spearman by himself in 1923 to see if he would like the

Mr. and Mrs. Bob Baley

town and too because his children were sick with the measles. He barbered throughout the summer and returned to Mobeetie where he began keeping books for a lumber company while contemplating the move. As the spring of 1924 came the family decided to move to Spearman and purchased a wheat farm some fifteen miles southwest of the town. They had the land farmed for them and Mr. Baley barbered in the Floyd Hays Barber Shop.

The couple had two daughters, Sibyl and Estelle, who were born in Mobeetie at the time of their move. The family moved to a small two room house with a basement in Spearman. From their home they could see the entire business section of Spearman and not a house was between their home and the town. There was no electricity, no water or no gas; the fuel used was coal.

Mr. Baley served on the Spearman School Board and was a member at the time the first brick school for the town was constructed. He was active in civic work for he was a member of the City Commission and was serving at the time the electricity and water lines were established in Spearman.

Mr. Baley worked in the Floyd Hays Barber Shop from 1923 until 1956 when he retired. He was known by young and old alike as "Bob".

Both daughters, Sibyl and Estelle, completed their schooling in Spearman. Sibyl went to Hardin Simmons University and attended North Texas State Teachers College at Denton. She returned to Spearman for four years where she taught in the Spearman School System. She married Mr. W.R. Undersood whose father was a Baptist minister. The couple make their home in Albuquerque where he is an engineer as well as a retired captain from the navy.

Estelle attended Business College and continued her education at the University of Maryland. She served for twelve years in the Womens Corp. of the Army and served for four years over seas in Munic Germany. She married C.L. Morse and the couple make their home in Yuma, Arizona and have two daughters, Robbie and Marie.

Mr. and Mrs. Baley have been active members of the Baptist Church and Mrs. Baley has been a member of the Baptist Church for sixty years and a member of the Spearman Baptist Church for forty-one years.

Retiring in 1953 from barbering, Mr. and Mrs. Baley spent a great deal of their time with their children. Until his death on September 11, 1963, Mr. Baley was available for a few days or a few week at a time when an extrabarber was needed. He barbered in Gruver several times while the barber was on vacation.

Mrs. Baley makes her home in Spearman but spends her winters in Yuma, Arizona with her daughter and family.

We climb up the ladder a bit in time but still find that our early business men play an important part in the history of our county. Again we say how fortunate we are to have had people such as the Bob Baleys to begin our stride in life.

BACK FORTY PHILOSOPHY

by Jack Shaw

This week while crossing my forty acres. I noticed a city newspaper waving from the top strand of my barbed wire fence.

There was an article on the editor's page about the lack of new products on the American market. One man's excuse was that the corporation tax is too high. He feels the government is taking so much of the profit it may not be worth the risk to the stockholder to invest in new products.

While this may be true, there is something else

WEATHER

The area has received about two inches of moisture in the last week. The weather has been cool but the temperature still has not dipped far below the freezing mark. Weathermen predict the rainy spell to continue until Thanksgiving

that would bother me more. It seems that every new product we build, it isn't two weeks until the Japanese are building it cheaper and the Russians have built it first.

Programs Slated

The Gruver Music Club have two outstanding programs in store for everyone in the near future. The first will be Thursday November 19th at 7:30 p.m. at the High School Auditorium. Mrs. Lon Godley of Guymon, Oklahoma will conduct "Operatic Highlights" a piano and voice recital. The program will be in costume and will last about one hour.

Another highlight in store will occur Sunday November 22nd at 2:00 p.m. in the High School Auditorium when the Gruver Music Club will sponsor the Annual Choir Festival. Choirs from the Churches of Gruver will participate.

Invitation

The friends of Mr. and Mrs. B. W. Renner are invited to a housewarming to be given in their honor Sunday November 22, from 2:00 - 4:00 p.m. in their country home north of Gruver. The honorees will be presented gifts along with a money tree. The affair is hosted by the friends of the couple.

Elaine Schick, daughter of Mr. and Mrs. Dave Schick and a sophomore in the Morse High was crowned Homecoming Queen and was escorted on the field by Eddie Papay.

SCREWORM THREAT TO HIGH PLAINS
Screwworms detected in the High Plains Saturday, November 7 could pose a threat not only to other Texas Panhandle counties,

Mr. and Mrs. Bobby Coker and daughter Penny visited in the home of her parents, Mr. and Mrs. Clifford George over the weekend. The Cokers are from Oklahoma City.

Lay-a-way your gifts for Christmas at WESTERN AUTO in Spearman

but also to Oklahoma. This is the warning from screwworm eradication program authorities.

The screwworm infestation was reported 5 miles southwest of Clarendon in Donley county. This was the furthest north screwworms have been found this year, and the closest to Oklahoma, where the livestock pest has been absent during 1964. An infestation discovered in neighboring Briscoe County in late September broke a 53-day screwworm-free period for Texas.

While eradication workers are confident cold weather will diminish any serious threat from further screwworm activity in the Panhandle, they are treating the infestation area through release of sterile flies. The first air drop of flies was to take place Tuesday.

However the danger may not be past. A continuation of the unseasonably

warm weather experienced in the Southwest could present some spill-over of screwworms into nearby areas. Therefore livestock producers in the Texas Panhandle and in Oklahoma counties adjoining the border are asked to stay alert for screwworms.

Animal wounds should be treated with preventive smears and livestock should be examined regularly for infestations, says Dixon Hubbard, Area Extension Livestock Specialist. When infestations are found, larvae should be collected from deep within the wound and placed in water or alcohol. This specimen should be taken to the county agent or mailed directly to Box 969, Mission, Texas. There, at screwworm eradication headquarters, the sample is positively diagnosed and arrangements for sterile fly drops are made if screwworms are found to be present.

COAST FROM MORSE

Jimmy Rickles and wife were in town on Friday afternoon and visited with Mr. and Mrs. Frank Karr. Jimmy Rickles is the son of a former Baptist minister here, Rev. George Rickles, who is now deceased. Jimmy lives in Amarillo as does his mother who is a housemother at the Children's Home in Amarillo.

Frank Karr, Sr. spent most of last week in the Spearman hospital. Tests were run on him and at present he is home but not doing very well.

Mrs. J. H. Davis has been taken to the hospital in Spearman.

Mrs. James Long is home from the hospital but is not doing very well.

Mr. and Mrs. Carson McCloy and children came down for Homecoming from La Junta, Colorado.

Mr. and Mrs. Doyle Dorch and Deonne and Stephen of Spearman visited Sunday in the Mack Dorch home and in the Desmond Kelly home.

Coach Graves's mother from Amarillo has been visiting here in Morse with her son and family.

Mrs. Grant Miner and children, Gayle and Stan spent last weekend in Tucumcari, New Mexico. Her parents Mr. and Mrs. Solon Newton of El Paso came by for her.

On Friday evening after the Homecoming visitors in the Tom Dorch home were Mr. and Mrs. Pat Blankenship of Dumas, Mr. and Mrs. Wes Balentine of

Borger and Mr. and Mrs. Lynn Davis.

Mrs. John Thompson was in Dumas on Thursday on business and visiting with her aunt, Mrs. Roy McNutt.

Mrs. Desmond Kelly was in Stinnett on Friday morning in the home of Mrs. Helen Lyons to organize a Good News Bible Club for boys and girls. The first meeting will be in the home of Mrs. Fly this Friday from 4 until 5. This will be under the direction of Child Evangelism Fellowship of which Mrs. Kelly is County Director.

GRAND OPENING

The Morse Auto Supply owned by Tom and Mack Dorch is now open for business next door to the present business they now own. More about this later and the Grand Opening. This will be a parts house which will greatly aid this area.

MRS JOHNSON HONORED

Mrs. Jack Johnson Sr. has recently been honored as the Club Woman of the Year for Hansford County Home Demonstration Clubs. She has been a faithful member for many years and has just recently returned from a trip to the THDA convention in Honolulu.

RAINFALL AMOUNTS

In the Morse area the rainfall has amounted to around three inches during a two weeks period and has all fell slowly so that there was no runoff. Most of the farmers have finished with the maize harvest and much of the wheat was planted in the dry and is now coming up under ideal conditions.

HOME COMING

Homecoming for the Morse Exes was a success!!! The reception for the Ex-students began at 6 and the game was at 7:30. Punch and cookies was served from a beautifully decorated table with a large bowl of white mums and small foot balls scattered throughout the bouquet. The other tables throughout the room were decorated in white and red streamers. The business session was held and much visiting took place. Of outstanding interest was the

table which contained a number of pictures of the past classes and their teachers.

Mrs. H. B. Parks and Mrs. Tom Dorch are to be congratulated upon their efforts to plan and make such a success of this affair. Next year it is hoped that the festivities can be on Saturday when more students can attend.

At the football game, during half-time, Mrs. Ruby Womble of Dalhart the former Ruby Giblin and one of the earliest graduates of 1931, was voted as the Queen for the Homecoming with Willard McCloy as escort. Miss Elaine Schick was crowned High School Queen with Eddie Papay as escort. Attendants were Suzanne Dixon and Patricia Henderson escorted by Bill and Allen McCloy. Attendants for the Ex-students' queen were Mrs. Betty Ruth Gaines of Spearman and Mrs. Carolyn Shields of Stinnett with Carson McCloy and Wilson McCloy as escorts.

Those attending the Homecoming of Ex-students were: Mr. and Mrs. Robin Giblin, Mrs. Maxine Reising, Perry Dixon, H. B. and Laverne Parks, Beverly Pool, Charles and Bobbie Reid, Jim and Delores Womble, Earl and Nell Henderson, Willard and Bea McCloy, Martha and Lynn Davis, David and Robbie Reid, Wilson and Nan McCloy, Gene Dixon, Wilma Johnson, Thane and Sue McCloy, Tom and Beth Dorch, Virgie Kelly all of Morse, Ruby Womble of Dalhart, Tommy and Jeannie West of Spearman, Carson and Evelyn McCloy of La Junta, Colorado, Richard and Betty Ruth Gaines of Spearman, J. HOMEMAKING NOTES

by Linda Webb, H.D. Agent

Every hostess should be relaxed enough to enjoy her own hospitality, and only the best will do for the Thanksgiving dinner. Plan ahead for Thanksgiving hospitality so you won't get swamped with people, food, and table settings at the last minute.

TEL Class Has Party

The T.E.L. Class of the First Baptist Church met Thursday November 12th in the home of Mrs. Leo Morrison for their Annual Thanksgiving Dinner.

The ladies enjoyed a covered dish dinner and followed with visiting during the afternoon while doing handwork.

Attending were Mrs. O. J. Gross, Mrs. P. F. Hawkins, Mrs. Kee, Mrs. W. N. Fletcher, Mrs. H. L. Boyd, Mrs. Bailey, Mrs. Julia Boyd, Mrs. Elvin Garrett, Mrs. D. B. Ford and the hostess Mrs. Leo Morrison.

linens, if they have yellowed in storage, choose a sunny day and then follow this old-fashioned bleaching method: First saturate them with thick, hot soap or detergent suds. Next, without rinsing, hang them in the sun to bleach. Then launder them as usual.

Even the finest silver improves with daily use, but the family may not be able to use all of its lovely silver pieces for daily living. So give those extra silver bowls and vases and goblets and flatware a hot sudsing and running, then polish if needed. Be sure to wash them again, to remove all traces of polish.

Dusty china platters and dishes should be washed a day or two before Thanksgiving which is much easier than trying to do it at the last moment.

Good things can come from mistakes from time to time. For instance, an Italian textile technician made a mistake and created a new fabric.

The fabric was discovered when a silicone finish was applied to the napped surface of a cotton fabric. It has the luxury look and feel of real leather, but is water-repellent, supple and

and is dry cleanable or washable.

Imported from Italy, Belgium, Spain and West Germany, the fabric is trade-

marked under the names of Aerpel, Carcloba, Hale-dora, Leatha-cotta, Leatha-kin, and Wamplet. Those of you who have tastes in high fashion, keep your eye out for this fabric on the local market.

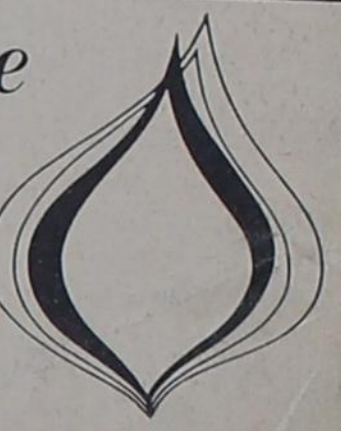

Is there anything you as a homemaker are interested in knowing more about or questions on a particular

subject? I will be glad to answer them for you, beginning a special feature in this column in January.

Phone 659-2030, or write me, Linda Webb at Box 997, Spearman, Texas. I'll be happy to help you out in my column or personally, and I will be looking forward to hearing from my readers.

A Flame Still Cooks Best!

Meal preparation is a breeze when you cook with the controlled, natural heat of a GAS flame.

- * "Burner with a brain" holds the exact temperature you set. No boil-overs, no scorching!
- * You broil smokelessly (with the broiler door closed). No greasy fumes, no odors!
- * You avoid "hangover heat" on top burners because "off" means "OFF" with quick-acting GAS!
- * Gas is economical. You can cook three years with gas for the cost of cooking only ONE year with an electric range!

Remember—there is no really satisfactory substitute for a flame. So see the modern, beautiful, automatic GAS ranges at your GAS appliance dealer TODAY.

MORSE WINS ON PENETRATIONS

The school spirit broke forth at Morse football field Friday night when the Morse team played a deadlock 20-20 game with Estilene. Morse won the game on penetrations. Gerald Scribner who had before this game added a powerhouse force to the Morse team which pushed the ball forward time and time again. Ed Pappay had molasses-covered fingers as far as that pigskin was concerned, he caught a number of passes. The boys not only played a good offensive game but they clicked well on defense as well. A bouquet should go to Coach Graves for the way

he had led these boys to their present skill.

THE LOOK OF ELECTRIC COOKING

EXCITING OFFER

Your Recommended Retailer has a free electric sweeper for every Public Service Company residential customer who buys an electric range now. Better see him about it!

Electric cooks always seem to have that look of a good cook—self-confident, sure, creative... unquestionably it's because they have confidence in their electric ranges. They know that electricity is the utmost in accuracy so when they set a dial or turn a switch they KNOW the results will be good—every time... no guesswork but still plenty of room for cooking creativity. Or, to put it another way, women just plain like electric cooking!

Wanda Hardesty

Engagement

Mr. and Mrs. J. H. Hardesty announce the engagement and approaching marriage of their daughter, Wanda Kay, to Jim Mallard son of Mrs. Ed Burdge and the late, Mr. Charles Mallard of Guymon, Oklahoma. Wedding plans have been set for December 27, 1964 at 2:30 p.m. in the First

Baptist Church of Guymon. All friends of the couple are invited.

Jim is a graduate of Guymon High School and is in his final year at Panhandle A and M. College at Goodwell, Oklahoma. Wanda is a graduate of Gruver High School and a Freshman at Panhandle A and M College.

"THE WAY I SEE IT"

by Pastor Robert Cordes

America on the go—but lonely! Our pioneer parents may have lived on a broad prairie with the nearest neighbors miles away. Transportation was limited to the distance a horse or wagon would travel. It surely must have been a lonely existence. Maybe the wife home alone for days while the husband was hauling supplies or grain.

Now we have wonderful means of communication. The phone brings us close to our friends. We can jump in the car and go visiting many miles away in a short time. Our cities are bulging with new neighbors that we seldom visit. Even our nearest neighbors are often strangers to whom we may just say "Hi!" We may be afraid of becoming too close with them and so live estranged lives.

In spite of close neighbors, means of communication etc, we find people are often lonely. We have our own circle of little friendships and seldom look beyond to the elderly couple that may just like to visit, or the new family that is invited to church by the visitation committee but want to meet people.

Many a parent waits for a letter from their children who are away at school grown up and left for other states. Loneliness is prevalent as children forget their parents live to hear from them. But parents too

often forget their children want some correspondence from them—anything just so it is a letter from home.

Loneliness gnaws at the heart and destroys peace and solitude. What are you doing to help some person in need of a friend? They may only want to talk. They may want to share their past experiences. But what do we do?

Yes, what do you do? Too busy earning a living? The T.V. program has become chief interest and our neighbor lives along with no friends? Too busy to write that letter? And someone waits for the postman to deliver a joyous letter. Lonely? Let's get busy and be neighbors—not overdoing it—but show love, concern and friendship.

when you call Grandmother

...YOU DON'T EXPECT TO REACH TIMBUKTU

Naturally, when you call Grandmother's phone, that's the one you expect to get, and you do. But that's not as easy as it sounds.

Your call must work its way through all sorts of interconnections, wires, cables, switches and so forth until, finally, it picks the right phone out of some 83 million in the U.S.

Yet, out of all the possible chances for mistakes, your call goes where you send it... in town or out-of-town, to Grandmother, wherever she is. This sort of reliability is the result of service improvements that keep increasing the convenience and personal value of your telephone.

"B" TEAM CLOSSES SEASON WITH A VICTORY

by Jay Taylor
The Gruver "B" team took their last game of the season from Sanford-Fritch with a score of 16-12. Neither team could score in the first quarter of the game, but Steve Butts put Gruver on the scoreboard with a two yard quarter-back sneak. Benny Wilson ran the two point conversion, and Gruver led 8-0 early in the second quarter. Until early in the fourth quarter, neither team scored but with one minute gone in this quarter, Harley Mur-

rell pounced on an Eagle fumble in the end zone for another touchdown. Don Kelly ran over the two point conversion, and that made the score Gruver 16 and Fritch 0. With nine minutes left to go, the Eagles fought back and scored two touchdowns to make the final score 16-12 in favor of the Hounds.
The "B" team has had a very good season. After losing their first three games, they finished with four wins, four losses, and two ties.

Meet The Faculty

by Marian Jeffries
Mrs. Lou Vesta Blankenship, a second grade teacher, has taught "many wonderful years in many phases" in her own words. She has taught for the last fourteen years in Hansford County. She taught six years in Morse and this is her eighth year in Gruver. Mrs. Blankenship was reared near Seymour in Baylor County, Texas. She

and her husband, A. L. Blankenship, have reared six children.
Mrs. Blankenship attended North Texas State University and West Texas University to receive her Bachelor of Science Degree in elementary education with English and speech minors.
Mrs. Blankenship chose teaching because "one cannot teach and not learn."

Mrs. Blankenship

Mrs. Duncan

She enjoys and appreciates young children, and she thinks they are a very enthusiastic group to work with. She thinks of teaching as a privilege, and her teaching continues to be a privilege, and her teaching continues to be a challenging profession. Mrs. Blankenship is very happy to be a member of the Gruver Public School faculty, and she had this to say about the Gruver schools:
"The Gruver School System is an excellent system. My total responsibility to this position is clear. It demands my best."

by Judy Holt
Mrs. Francis Duncan, a former Gruver High School student, is now a second grade teacher in our elementary school. She has this to say about her profession, "I chose teaching because I like working with children."
Mrs. Duncan was reared in Gruver. After graduation from Gruver High School, she attended West Texas State University. She received her Bachelor of Science Degree with a major in education, and a double minor in English and art.
Before she and her husband, Mr. Gene Duncan, returned to Gruver to farm, Mrs. Duncan had taught the second and third grades in the Canyon School system. This is her third year of teaching.

The difference between you and other people is that their money looks bigger and their troubles look smaller.

COACHES DINNER

by Arlene Barkley
Coaches Chapman and McCreary were pleasantly surprised last Friday at the pep rally before the football game with the Panhandle Panthers when they were served a delicious dinner. The cheerleaders, with several of the pep club members had worked very hard to prepare this feast. It was served by the cheer-

leaders who acted as waitresses.
It was announced to the crowd that the "hungriest looking" Greyhounds there would be served. Since both the coaches looked so undernourished, they were fed immediately. The first course consisted of Panther Eyeball Stew, of which, I might add, they ate very little. Next came the Bone

8TH GRADE CLIPS EAGLES WINGS

by Jerry Bayless
The Gruver 8th grade football team ended their junior high football season by smearing Sanford-Fritch 40-6.
Gruver kicked off and after 2 plays Fritch fumbled. Alfred Ralston recovered for Gruver. Chuck Clawson gained 20 yards and set Gruver in scoring position. Dean Bayless went over for the touchdown and also the extra points.
Gruver kicked off to Sanford-Fritch, and they failed to make the first down, so the ball changed hands. Chuck ran 50 yards for another touchdown and also scored the extra points. At the end of the first quarter, the score was 16-0 in favor of Gruver.

On the next series of plays, Sanford-Fritch drove for a touchdown, but the 2 point try failed. They kicked off to us, and Dean returned the kick 73 yards for a touchdown. Chuck scored the extra points. Some great blocking by Harley Hiller, Alfred Ralston, and Jay Knapp helped Dean in his return. At the end of the half, the score was 24-6 in favor of Gruver.
At the beginning of the second half, Gruver received the kick and drove 65 yards in 7 plays to score another touchdown. In this drive Dean Bayless gained 44 yards and scored the touchdown. Chuck added the extra points. At the end of the third quarter, the score was Gruver 32 and Sanford-Fritch 6.
To end the game, Jay Knapp ran 68 yards for a touchdown and Ken Jones added the extra points. The final score was 40-6 in favor of Gruver.

4-H News

The Senior 4-H Club met Monday night at 7:30, November 9, 1964. They decided to have a Bake Sale on November 21. It will be at the Southwestern Public Service Building. We also decided to haul off trash for the public on Saturday November 28. They also voted to have their Christmas party on December 19.
The members present were Van Etling, Maelynn Cator, Angie Cator, Dan Ralston, Alfred Ralston, Marilee Maupin, Harley Murrell, Mike Murrell, Joe Donlinger, Tommy Henson and Gary Heath.
Guests were Mrs. Ralston and Mrs. Dondlinger.
The program was given by Alfred Ralston and Gary Heath on their experiences at District 4-H Electric Camp, which they attended this past summer held at Camp Scott Able near Cloudcroft, New Mexico. Refreshments were served by the girls.

points. Gruver came roaring back and scored on a one yard plunge by Dow Kee. John Irwin took it over for the extra two points. The score stood at 8-6 in favor of Gruver at this point of the game and never changed.

Salad which was also very appetizing and was made of panther thigh bones and lettuce. The coaches were given instructions to gnaw the panthers". The main course of Panther Steak, along with Panther Blood served in cocktail glasses was brought forward, but the coaches seemed to lose their appetites at that point.
Finally, the coaches were served their dessert which, at least, was edible. Each of them was presented a cake which was decorated like a football field with a crepe-papered goal post at each end. The field was covered with pennants on which each Greyhound football players' name was written. The coaches were very proud of these cakes, and I'm sure they were glad to have their appetites appeased at long last.

Dinner music was provided by Miss Dee Ann Crawford from Hollywood, the former Dee Ann Crawford of Gruver High School. Miss Crawford presented a Fluteophone solo. Judy Holt narrated the event.
The last Gruver High School pep rally of the year was really a big success because of the hard work of all those who worked on the preparation committees. Glenda Hoel, Judy Hill, Kathy Fletcher, Merry Jackson, and Darlene Odom have served Gruver well as cheerleaders during the '64 football season, and they will continue to do so during basketball season. Mrs. Wanda Jones, as pep club sponsor, has worked untrudgingly with these girls and with the pep club members to help keep the school spirit high throughout the season. Evidence of this high spirit has been commented upon many times throughout this year. We are very grateful to have workers such as these in our school.
