### OMNIBUS ORDINANCE

**Nothing Can Go Faster Than Eight Miles an Hour Without Getting Pinched--Samson Gets Permit**

At a meeting of the City Council Tuesday night an ordinance was read for the first time which takes in about everything in the way of conveyances propelled by hand, foot, horse, steam or gasoline and limits all these conveyances to eight miles an hour inside the city limits. In addition to the speed part of the ordinance, it provides penalties for any one leaving a horse unhitched in the streets or in the care of an incompetent person or for hitching a horse or other animal to any living tree. Autos and bicycles must carry lights when on the streets after dark, and a penalty is provided for riding bicycles on the sidewalks or paths.

After being laid on the table twice the Big Jo was allowed to place their scales in the road, but the location was changed to the east side of the new lumber yard. The Big Jo had asked to have the scales on the north side of the yard.

An ordinance was passed relating to chimneys inside the fire limits which provides for the kind of materials of which such chimneys are to be constructed.

100 of the waterrights in the old system have been turned in and only fifty are now are now out. It is thought that this will be turned in before long so that the City can take charge of the old well.

### Please Fan Us

If the "Tenderfoot" insists on comparing himself with Frank Newkirk, the "Kid" of the Artesia News, we should say that Frank is a few laps ahead. He is still young, and besides that seems able to actually laugh at some of his own silliness, while the Tenderfoot only pretends to laugh. There is nothing artificial about Frank, and he uses better language more clearly and directly expressing his meaning, being evidently better educated than the Tenderfoot, though lacking some of his remarkable experiences and intimate personal acquaintance with all the great men of the past forty years.--Roswell Record.

### Honors for Our Postmaster

The annual election of officers of the Rio Hondo Commandery No. 6 Knight Templars was held at Roswell Saturday night of last week and Harry W. Hamilton, our postmaster, was elected Eminent Commander.

The other officers are, John Shaw, Generalissimo; J. C. Hamilton, Captain General, E. A. Cahoon, Treasurer; W. W. Phillips, Secretary.

The fixtures for the new jewelry store of Mr. Meeks arrived this week and are being installed today.

Prof. L. B. Garrison is quite sick this week and is unable to be out of doors.

### A Correction

In last week's issue of THE NEWS, the statement was made that Roswell only gained two votes over the 1906 election. The facts of the case are that Roswell gained about 150 votes and the mistake was all on the part of the editor of the NEWS, who was somewhat polluted when the article was written and added the figures crossways instead of up and down.

Even with this big correction made, Artesia stands at the head of the Valley in gains proportionate with the size of the vote.

### Thanksgiving Dinner

The ladies of the Presbyterian church will serve dinner Thanksgiving day in the Logan & Dyer building at which time an abundance of turkey, cranberry sauce and other good things will be in evidence.

For individual tables apply to Mrs. Murray Schenck.

Price of meals, 50 cents, children, 25 cents.

### Good Team of Mules

We have a good span of young mules for sale cheap. Also top buggy, several shafts, ten brood sow, several mares. Headquarters for the fine stallions, Chatelet and Tansil Rose.

Meeks & Hubbard, Phone 39.

### Electricity Set Fire to Gasoline

A strange and dangerous accident occurred at El Capitan hotel a day or two ago, when the land lady, Mrs. R. L. Miller, attempted to wash a woollen skirt in gasoline. She had shaken and brushed the skirt vigorously, removing the dust, but filling the garment with static electricity, by the friction of brushing. She had partly filled a small tub with gasoline, and when through shaking the skirt plunged it into the gasoline. The whole mass burst into flame with a light explosion, and it was undoubtedly set afire by a spark of electricity from the skirt. Mrs. Miller escaped without a serious burning, but the incident should serve as a warning to others.--Record.

The Trophy Cup was brought up from Carlsbad Wednesday and is now on exhibition in the window of the City Drug store.

J. B. Cecil went to Amarillo, Texas, Wednesday morning, on a business trip.

### KIDS VS RED APPLES

**Big Game Will Be Played Thanksgiving Day on the Artesia Diamond--Library Gets the Proceeds**

For the second time this year the Kids from the High School will cross bats with Artesia's star base ball organization, and while the Red Apples are in wonderful form, having not worked a lick for three months, the Kids will have the knowledge of a former victory to help them out. The great game will be played on the Artesia diamond Thanksgiving afternoon and the gate receipts will go to the Artesia Library fund to use as the managing committee may direct.

Aside from the fact that all the money will go to our Library, the game will be well attended for the sport, as the Kids have a fast team, and in all probability the regulars will have someone besides Wake in the box. Come out and see the game, it will be worth while from every stand point, and the Kids have faithfully promised to wipe up the earth with the big Red Apples.

### The Man Behind

Kansas papers are printing this: It wasn't a Missouri editor but a printer's devil who was going through his first experience on "making up forms." The paper was late and the boy got the galleys mixed. The first part of an obituary notice of a penurious citizen had been dumped into the forms and the next handful of type came off a galley describing the recent fire. It read like this: "The pallbearers lowered the body into the grave and as it was consigned to the flames there were few if any regrets for the old wreck had been an eyesore to the town for years." The widow thinks the editor wrote the obituary that way because the lamented partner of her joys and sorrows owed him five years' subscription.--K. C. Journal.

### The Rev. Irl R. Hicks Almanac

For 1909, ready Nov. 15, 1908, best ever sent out, beautiful covers in colors, fine portrait of Prof. Hicks in colors, all the old features and several new ones in the book. The best astronomical year book and the only one containing the original "Hicks weather forecasts." By mail 35c, on news stands 30c. One copy free with Word and Works, the best \$1 monthly in America. Discounts on almanacs in quantities. Agents wanted. Word and Works Pub. Co., 2201 Locust Street, St. Louis, Mo. Every citizen owes it to himself, to his fellows and to Prof. Hicks to possess the "Hicks" forecasts.--the only reliable.

### Change of Office.

Dr. Finis L. Anderson, Oculist and Aurist has moved his office to Dr. White's office, opposite post office. Those wishing engagements please arrange with family physician, with either drug store or with Dr. White.

### L. W. Holt Dead

L. W. Holt, the owner of the Holtwood ranch, near Lakewood, died suddenly in his room at the Grand Central Hotel in Roswell, Wednesday about noon. The cause of his death was hemorrhage of the lungs. Mr. Holt has been prominent in the development of the Pecos Valley since 1885, in which year he came here and took charge of the Holtwood ranch which was then owned by his brother, W. T. Holt of Denver, Colo. On the death of his brother Mr. Holt bought the property.

Hans Olsen is in Roswell this week, visiting his brother, A. S. Olson.

Station agent C. O. Brown returned yesterday from his vacation, which was spent visiting his parents at Kingman, Kansas. Mrs. Brown and the children also returned home.

The ladies of the Christian church will hold their annual bazaar December 10 and 11. A chicken pie supper will be served at the same time.

Albert Linell, Tom Harrington and Homer Higgins were down on the bogs yesterday afternoon, shooting the festive mudhen.

George P. Cleveland spent Monday in Roswell on business.

WANTED:--Success Magazine requires the services of a man in Artesia to look after expiring subscriptions and to secure new business by means of special methods usually effective; position permanent; prefer one with experience, but would consider any applicant with good natural qualifications; salary \$1.50 per day, with commission option. Address, with references, R. C. Peacock, Room 102.

Get an automobile and take the editor a ride. J. B. Cecil or the Artesia Machine shop will either of them be pleased to show up their machines and take your order.

U. N. Oliver is down sick with pneumonia and word has been to his relatives some of whom are on the way to take care of him. He is not regarded as being in a serious condition.

J. L. Wright and F. H. Harned came down from Roswell yesterday to spend a few days.

Oysters for everybody after Thursday, at Fletcher's.

J. H. Mook returned Sunday night from Roswell.

Mrs. G. R. Fletcher returned Sunday night from Roswell, where she has been visiting her parents for two weeks.

Sometime ago THE NEWS prophesied that four democratic papers of the Valley would change management shortly after the election. Two have already done so the Lake Arthur Times of which mention is made in another column, and the Roswell Democrat, John Bingham, who had the later paper leased during the campaign, has left Roswell and the paper will be issued weekly hereafter instead of semi-weekly.

THE NEWS will issue no Christmas edition this year. We are loath to deviate from our usual custom but have decided to do so this time. Carlsbad has her chance to get square with the world right now. As we said before, we favored all three bridges, for money spent on public improvements is never lost, but for the 110 THE NEWS has not one word of censure or blame. The years of goading Artesia has stood is enough to try the patience of Job, and it is undeniably a man's right to vote as he pleases.

A QUIET, brooding peace has descended over the land, now that the election is over, and things are beginning to resume their oldtime look. Here and there we find a calamity howler who delights in hearing his own voice resound throughout the land but in the main everybody is content. The business world is taking up the work where it left off, farmers and stockmen are making preparations for the winter, the coal man is getting in his best licks and Rev. Mathes' hens have begun laying. The politician is no longer the central attraction, the campaign lie has ceased to be nailed and the candidates who were defeated have returned to their homes and the most of them will be busily engaged for the next two years in making an honest living.

The chronic and habitual falsifier is abroad this week as usual. No interest, either public or private, is too sacred for his contaminating touch in his attempt to use it for his own aggrandisement and the disadvantage of others. Two business firms of this town have been made subjects of the basest misrepresentation, and not only this but they have received the unstinted condemnation from sources that it was least expected. Even the lowly and unassuming are entitled to the benefit of a doubt until they are proven guilty of error.

T. T. MEADE has sold out the Lake Arthur Times to Mrs. Alice Weinbrenner, formerly of the Hagerman Messenger, and the new proprietress took charge last week. Mrs. Weinbrenner is an experienced newspaper woman and will no doubt keep the Times up to the high standard which it has maintained under Mr. Meade.

WORD has been received here that the Carlsbad bridge proposition carried by a majority of four votes. This establishes the legality of the bridge election beyond a reasonable doubt.

**College Meeting**

Persuant to announcement, a meeting was held in the Christian church last Monday afternoon for the purpose of considering the M. E. Church College proposition. The audience was late in assembling and while a goodly number were present the attendance from the country fell short of the expectations.

Mrs. Corbin favored the audience with a solo, Miss Vivian Newkirk playing the accompaniment. Several able address were delivered and such steps taken as was deemed expedient under the circumstances.

Artesia is an ideal place for the location of a good college and if the necessary funds could be raised we would certainly receive respectful consideration. The college grounds west of the town would be a splendid location for a good college and if this attempt is not a success, means should be taken to interest other parties in the proposition.

### Talk of the Town

E. C. Higgins spent Sunday in Roswell.

Ed Kinsinger was in town last week with some homeseekers from Iowa.

Jack Johns is in the Sacramento Mountains this week, hunting.

Don't miss the Twins. Here all next week.

The Artesia hotel is being repaired this week.

Mrs. J. C. Gage has been quite sick this week.

Bryon Banta, L. W. Howell and S. G. Ross were up from Lakewood Tuesday, making proof on land claims before the U. S. Commissioner.

Jim Muncy was in from Hope the first of the week and took two wagonloads of supplies with him when he returned home.

Frank Albritton was working at Joyce-Pruit's last week in Ed Bowman's place. Mr. Bowman was visiting friends up the line.

Pat Murphy came in from Artesia last night and is sojourning with us today on account of oversleeping last night.—Lake Arthur Times.

D. W. Runyan is still wearing his old hat, but Dave wears it with the air of a martyr. The other fellows, three in number, are wearing new hats.

J. C. Gage and J. D. Christopher were up in the mountains this week on a hunting trip.

Price Henry has purchased a fine twenty horse power auto of the Ford make and will soon be hitting the high places and his neighbors chickens.

The fire bell scared half the town into fits Tuesday morning, and sent the fire boys hot-footing it toward the High School west of town, but it was discovered to be nothing more than some grass in that neighborhood which some one had set on fire.

W. L. Stull was visiting in Lake Arthur one day last week. Postmaster Harry W. Hamilton made a business trip to Roswell last Saturday.

W. F. Schwartz was very sick Monday and was unable to attend to his duties in the Joyce-Pruit store.

Our merchants are already receiving Christmas goods and some of them are putting them on display.

Mrs. Sallie Robert went to Roswell Saturday for a visit with her brother, W. P. Chisum, and his family.

Mrs. J. W. Turknott left Sunday morning for Hereford, Texas, to visit her daughter, Beulah, who is attending school at that place. She will also stop at Clovis and visit her daughter, Mrs. Fontaine.

From the Lake Arthur Times we learn that H. O. Reeves has moved to Artesia and will engage in some business here in the near future. Mr. Reeves has been keeping still about it but we give him the glad hand anyway.

No one overestimates the value of higher education; boost for the college.

The machinery and type for the new paper at Hope passed through Artesia one day last week in charge of Prof. J. M. Lowery. The name of this latest addition to Pecos Valley journalism has not yet been announced but it has leaked out that Rev. R. H. H. Burnett, formerly of the Dayton Echo and the Roswell Democrat, will do the pencil pushing.

J. W. Turknott went to Carlsbad Sunday night to look after some business interests and attend the meeting of the Commissioners, held to canvass the election returns.

Grant Sooter shipped about nine hundred head of sheep to the Kansas City market this week, and will retire from the sheep business in order to give his entire time to other business interests here and in Oklahoma.

John Montgomery came up from the south Monday morning.

Mrs. Leslie Knowles is visiting friends and relatives in Crescent City, Oklahoma.

George Black, of Lake Arthur, was in Artesia Monday on business.

E. F. Hardwick was down from Roswell this week, looking after his property interests here.

Sam Davis came in from Hope Monday with a load of fine apples.

Joyce-Pruit company are having the front of their store painted and fixed up before the holidays.

J. B. Cecil and George Henderson drove to Roswell last Friday in Mr. Cecil's auto.

Capt. and Mrs. J. H. Crawford were visiting old friends in Lakewood last week.

The Twins are coming back next Monday night and will play here all next week. They will bring the orchestra with them this time.

Earl Bigler and Dr. Henderson left for the Plains country last week, where they will hunt and look over the prospects for an extension of the Artesia Telephone Co.'s lines in that direction.

Mr. Meeks has moved his jewelry store to the first door north of the Adams barber shop, in the room formerly occupied by the Albritton restaurant.

James D. Whelan was visiting in Roswell last Saturday.

S. G. White was in town Tuesday, from his home on Seven Rivers, and paid The NEWS office a pleasant call. Mr. White will move to Artesia in case the Methodist College is located here, so as to give his children the advantages of a higher education.

The road to the school house was liberally sprinkled Saturday much to the delight of the young people who attend. This will make life less burdensome for them and they will certainly make better progress in their studies. Our schools are doing well this year.

#### Pecos Valley Has You Skinned

In last week's issue of THE NEWS we noted the fact that two wanderers had returned to Artesia, but owing to lack of space we did not give their reasons or comment thereon. The two in question are R. D. Ferson and E. C. King, both of whom returned home last week from trips abroad. Mr. Ferson from Los Angeles and Mr. King from points in the eastern part of the United States.

Mr. Ferson showed up at the office first and he sure was feeling good. He declares that the southern California climate cannot compare with that of the Middle Valley in any way, and as he could get his family comfortably settled for the winter, he returned to Artesia as fast as steam could haul him. If the Pecos Valley brand has California's climate beat, where else could as desirable a place of residence be found?

E. C. King came from the other end of the country and his remarks were mainly on the subject of business activity in the east as compared with that in the Valley. Everything seems to be at a standstill, he said, and in many sections crops had failed entirely, leaving the people in hard shape for the winter. The one bright spot in the picture of eastern business relations he drew, was of a place in North Carolina, where the women did all the work, even to plowing and such tasks, but even this Utopia had its drawbacks, i. e., lack of rain or too much of it.

The reports of these two gentlemen convinced us of what we had always thought, that for all around good living the Pecos Valley "leads the world," and the overwhelming democratic majorities do not count for much when the Valley is so favored in other ways.

**Up The Chimney is Where Half Your Fuel Money Goes**

**You Can Save \$100 to \$300 In The Next Three to Five Years**

**COLE'S ORIGINAL Hot Blast Stove**

Think what this great saving means. It will furnish two or three rooms in your home in efficient style. It will remain and repair your house and barn, or build an addition to either. It will heat the best piano made, or send your son or daughter to college for a year. You know the ordinary stove cannot be made proof against air-leaks, because the joints are plastered with stove putty. As soon as the putty dries up, and falls out, the air is sucked in through the cracks—and the gases which should be burned, and a large part of the heat escape up the chimney. Poor radiating surface and leaky joints mean many dollars made in high priced coal. Imperfect combustion means a loss of the best heating half of soft coal, the Gas Bill. Cole's Original Hot Blast Stove saves all wasted with other stoves. A hot blast of the cheapest coal, costing one cent, holds action of the fiercest heat, the patented compound lining for ash draw; the fire over night. We will set one up, backed by our and the manufacturer's guarantee at prices from \$10 and up.

**GUARANTEE:**

1—We guarantee a saving of 50% or more in fuel over any lower draft stove of the same size with soft coal or slack. 2—We guarantee Cole's Hot Blast Stove to be made proof against air-leaks, because the joints are plastered with stove putty. 3—We guarantee that the room can be heated from one to two hours, each morning, with the soft coal. 4—We guarantee a saving of 50% or more in fuel over any lower draft stove of the same size with soft coal or slack. 5—We guarantee every stove to be made proof against air-leaks, because the joints are plastered with stove putty. 6—We guarantee that the room can be heated from one to two hours, each morning, with the soft coal. 7—We guarantee a saving of 50% or more in fuel over any lower draft stove of the same size with soft coal or slack. 8—We guarantee every stove to be made proof against air-leaks, because the joints are plastered with stove putty. 9—We guarantee that the room can be heated from one to two hours, each morning, with the soft coal.

Twelve years' continuous experimenting has developed Cole's Hot Blast Stove which burns any kind of fuel, and saves 50% of the heat. Avoid imitations. A host of them have the patented Hot Blast construction, the patented Steel Collar Connection for the soft coal body, but make an inferior stove. A hot blast light joint which cannot open by half of the cheapest coal, costing one cent, holds action of the fiercest heat, the patented compound lining for ash draw; the fire over night. We will set one up, backed by our and the manufacturer's guarantee at prices from \$10 and up.

The Methodist ladies served dinner in the chadinger building on election day. They took in about \$15.00.

Mr. Stanton opened up his new boarding house here last Thursday.

J. A. Hartshorn were in Carlsbad Thursday and Friday.

The athletic goods for the school have arrived, and the boys are enjoying their games of baseball, while the girls make good use of their playtime on the new basket ball ground.

Ivan Hartshorn went to Carlsbad Friday on the train.

Owing to so many farmers using water and planting oats, the water will not be cut out of the canal until the 15th or later instead of Nov. 1st as officially stated.

Rev. Carpenter, wife and sister, went to Loving Friday to be there at the entertainment and remained over Sunday as it was his regular appointment at that place.

A crowd of prospectors came in from the north Friday morning.

There was a good crowd in attendance at the musical entertainment at Loving Friday night. The proceeds which are for the basketball team, amounted to \$9.50.

Rev. W. A. Nicholas, field worker for the Childrens Home Society of New Mexico, situated at Albuquerque, was in Malaga Saturday and Sunday working in behalf of that institution.

Mr. Weilder came in from Elida Monday morning with his wife and children. They expect to make their home here.

Mr. Renaker of Aline, Oklahoma, came in Saturday with a carload of horses for J. A. Hartshorn. The horses are to be used in improving the Hagerman farm just across the Pecos.

Miss Edith Hartshorn, from Carlsbad, was visiting her parents at this place last week.

Rev. Nicholas preached at the school house Saturday night instead of Rev. Medaris. He also delivered a talk Sunday after Sabbath school.

While ginning J. S. Hockersmith's cotton one day last week, the gin at Loving caught on fire. There was a large blaze running from the packing box when it was discovered, but by effective use of their chemical fire extinguisher they soon had it under control. About the only damage done was to Mr. Hockersmith's cotton. If they had not gotten the fire under control just when they did it would have been a great loss as there was about 50 or 75 bales of cotton at the gin.

**HOPE**

James Muncy went to Artesia Monday on business.

W. S. Baker is buying several loads of wood. It seems as he is preparing for winter.

Mr. Coffin's wife and children arrived Monday from Champaigne, Ill. Mr. Coffin is building an up-to-date residence on the land that he purchased from the Hope Land Co.

Finnus Moore and family and Olley Morris left Tuesday for Texas, where they will visit friends and relatives for some time.

D. M. Elms, Rev. J. C. Gage and Jim Christopher all went on a hunt last Wednesday.

Lum Richards came in from the Lower Valley Saturday night.

W. L. Whitaker and some others went to the mountains last

week on a deer hunt. Some of the farmers are very busy gathering bears.

Bryant Williams the jovial grocery salesman is here looking after his farm.

**High School Notes**

Quite a merry crowd attended the reception given by the Artesia High School for the Roswell baseball boys in the Club Rooms Saturday night. The rooms were beautifully decorated with American flags, autumn leaves, bunting and the colors of both high schools, orange and black, and red and white. Games and a number of piano and vocal solos, served to while away the hours most pleasantly. The toast of "Peace" was pledged with cider, aided substantially with doughnuts. The rival colors, red and white, worn by the young ladies, added to the brilliancy of the scene. The young folks departed regretfully after a most enjoyable evening. The chaperons were Prof. and Mrs. Bishop, Miss Tuttle and Prof. Hicks.

The following program was rendered Friday afternoon by the Washington Irving Society: Song, Orange and Black. Recitation, Pearl King. Essay, Leona Atkinson. Recitation; Alta Koons. Recitation, Eben Coll. Essay, Meda Horner. Recitation, Lizzie Bay. Instrumental Solo, Margaret Matthews.

A sharp contest has been going on between the Washington Irving and Hawthorne Societies. The Society that sold the greatest number of tickets to the last base ball game was to be treated by the oth-

er society. As the matter could not be decided satisfactory it was at last determined to give an oyster supper letting neither side bear the expenses but everyone pay so much and thereby increase the amount in our treasury.

The high school has been supplied with electric bells, so now the old way of running around hunting a clock or watch to find out when recitation periods are over will be done away with.

Harold Atteberry enrolled in high school Monday morning.

The town consented to let the water wagon run on the college road all day Saturday. The high school pupils are very grateful for this kindness as the road was very dusty.

The last base ball game of the season was played on the Artesia diamond Saturday. This game decided the championship of the Valley. Although Roswell won the difference in the score was so small that Artesia doesn't feel very badly over the matter. The last basket ball game, Artesia vs. Roswell will be played in Roswell on Thanksgiving day.

Vernon L. Sullivan spent election day at Carlsbad, where he voted.

The Lake Arthur Times of last week says that Rev. Woolam has sold the Lake Arthur hotel to E. R. Glass.

The Talmadge Bros., of Roswell, who are probably the biggest real estate dealers in southeastern New Mexico, will open an office in Portales in the near future.

Parsons and Son, the Roswell brokers, are contemplating the organization of a Fruit Growers Association, which like the Alfalfa Growers Association has for its purpose the protection of the members and also keeping up the quality of fruit sent from the valley.

D. C. McConney has secured a flow of about two inches in L. L. Bolt's well at a depth of 860 feet. He is now placing his drop rig and believes that a good flow will be struck lower down.---Progress.

Carlsbad now has a musical organization for the purpose of promoting good music.

The El Paso Football Team was in Roswell last week and beat the team from the Military Institute by a score of 12 to 9.

John Espy who carried the poll boxes to monument and Knowles returned last night bringing besides the sealed boxes incomplete and unofficial returns from both places on the bridge bond, the vote on delegate having been received by Bob Richards from M. S. Groves who phoned it to Midland Wednesday morning and it was sent by telegraph from there. Mr. Groves voted at Knowles as did also John Emerson, J. J. Rustin and John Espy. Everybody whether a taxpayer or not voted against the bridge bonds.---Current.

The town park has been broken out and leveled up. Walks are now being laid off and gravel and stone hauled to prepare them and the fountain. The park will be a beautiful place when completed.---Echo.

The ladies of Lake Arthur have organized a basket ball club to compete for honors with their High School team. So far the "old timers" have been worsted in every game.

The Hallowe'en elves played thunder generally at Portales this year and made the fatal mistake of attacking the postoffice, which mistake may entitle the elves or a part of them to free board with Uncle Sam for awhile.

I. C. Roberts had the misfortune of losing his nice bay mare. While driving out in the country Saturday afternoon he unknowingly drove upon a wire in the grass and his team began running and kicking with the result that his mare had one of her hind legs cut very nearly off by the wire. That night the animal lay down and in attempting to get up broke the leg. Mr. Roberts saw that it was useless to try to save her so he put her out of her misery on Sunday morning.---Dayton Echo.

Seventeen cars of cattle were shipped last Saturday by the following cowmen: V. H. Lusk, 2; M. Livingston, 6; C. J. James, 2; W. P. Mudgett, 2; L. L. Fuoss, 3; Geo. Williams, 2. Mr. Fuoss, Joe Livingston, John Nevinger and C. T. Calbert went to Kansas City with the cattle some of which were sold to Moody and Johnson.---Current.

The Walter Chisum farm of 160 acres, located five and one half

miles from Roswell, was sold last week to R. O. Walters, of Midland, Texas, for \$40,000. Of course this farm is well developed and has a number of improvements on it including two artesian wells, but it is just a sample of what can be done with every farm in the artesian belt.

Major James D. Ludman, one of the pioneer farmers of the lower Pecos Valley, died at his home in Chicago, last week. Mr. Ludman was the father of Charlie Ludman, one of the early employees of the railroad company, and lived at Otis, where he conducted a store and acted as postmaster.---Argus.

A well was brought in on the Stone farm northeast of Roswell last week, at a depth of 320 feet, which flows five inches over a six inch casing. The well will be sunk lower in hope of getting a stronger flow.

**Time Card Changes**

The new time card went into effect at midnight last Saturday and since that time citizens of Artesia who desire to go anywhere do not have to get up so early or stay awake so late. The north bound passenger now arrives in Artesia at 6:53 a. m. and the southbound at 7:45 p. m. The local now goes north at 10:10 a. m. and south at 1:00 p. m.

The standard sleeper will continue to run between Kansas City and Carlsbad and the north bound train will connect at Clovis with a sleeper between Newton, Kansas, and Albuquerque.

**Roswell 3, Artesia 2**

The Roswell High School won the ball game on the Artesia diamond by a score of 3 to 2, and in spite of the fact that the Artesia boys were crippled on account of three of the players missing the grades and therefore barred from playing, it looked as though they would pull out of the hole in the ninth and defeat Roswell. The boys from up the Valley steadied down just in time and with a man on third and two out, struck out the last batter and won the game for Roswell.

In the evening the Roswell boys were tendered a reception at the Club room by the Artesia High School, and a very pleasant evening was spent by all who attended.

The visitors traveled in state in the big Muncy autobus and Sunday they took in the farms around Artesia in their devilwagon.

**Final Proof Extension**

The Department is now ready to receive application for extension of time in making final proofs on desert land entries.

The three annual proofs must have been made and an affidavit showing why entryman had not been able to make the required proof, corroborated by the affidavits of two competent witnesses, must be submitted.

**FOR THE PEOPLE OF ARTESIA**

We have obtained the selling and distributing agency for the celebrated Nyal's Family Remedies.

In every line of business there is one "Best" product. You know the name of the best piano, the best silverware, the best hat—and druggists all know that Nyal's are the best family remedies.

The New York and London Drug Co. who make them are an old and conservative house, who make their goods absolutely right, keeping them at the highest standard of quality.

They allow them to be sold only in the best stores; they do not allow any exaggerated or untrue advertising of Nyal's Family Remedies to be done.

They place the formulas in our possession so that we can know exactly what we are selling.

It is the right way to do business and we are proud to have Nyal's Family Remedies in our store for it is true all over the country that "Every Nyal store is a good store."

And if you trade with us, you know that ours is a good store—a store that keeps all that a drugstore ought to and sells at reasonable prices—a store that gives you what you want—a store that is anxious to please you in every way—a store that keeps its old customers and adds many new ones every year.

Come in and see us; we treat people right. That reputation is what got us the agency for Nyal's Family Remedies.
