### AUTO INSPECTION DEADLINE NEARS

Inspection Sticker! — Deadline? — Saturday midnight, April 1, 1961. Motorists are warned there is less than two weeks remaining for procuring their new 1961 inspection sticker. This announcement was made by Captain Alan Johnson of the Motor Vehicle Inspection Service of the Texas Department of Public Safety.

Johnson pointed out that of the 544,419 vehicles registered in the 60 counties of this region only a little more than half of them have been inspected and approved. This means that in the last few days of inspection there will be long lines of cars and trucks waiting to be inspected.

Motorists are reminded that the inspection law prohibits inspections being made when it is raining or the streets are wet. So, it is possible that inclement weather could prevent inspection these last few days. "There will be no extension of the April 15 deadline for inspection," Johnson stated.

Anyone operating a motor vehicle after midnight April 15 without displaying a 1961 inspection sticker will be operating in violation of the law and subject to a fine not to exceed \$200.00 plus court cost.

### MR. AND MRS. JACK HOLCOMB RETURN FROM HOUSTON

Mr. and Mrs. Jack Holcomb have returned from Houston where Mrs. Holcomb had been receiving medical treatments for the past eight weeks. Mrs. Holcomb is presently at the home of her mother in Turkey. Jack reports that she is feeling pretty good, though tired from her trip home.

He says that at present he hopes to resume operation of his shop next week if nothing prevents. If it is not possible, Mr. Leonard Lusk will continue to take care of your cleaning needs.

Friends here are glad to see the Holcombs home again and hope for Mrs. Holcomb a speedy recovery so that she may return to her home here.

Guests in the Jimmy Davidson home last Sunday were Mr. and Mrs. Willie Woods, Willie Mae and Chloez; Mrs. Estelle Davidson; Mr. and Mrs. Truman Merrell and daughter; Mr. and Mrs. Joe Ed Smith and baby; Mr. and Mrs. H. R. Curtis and son of Olton; Mr. and Mrs. Douglas Beach and girls of Cuero, and Jo Beth McCracken of Tulia.

### Quitaque Young Farmers Attend Field Day At Lubbock Saturday

Young Farmers from 29 chapters in north, west and central Texas participated in the Regional Young Farmer Field Day held at Texas Tech College in Lubbock, Saturday, March 25.

The Field Day program was sponsored jointly by the Department of Agriculture at Tech and the Lubbock Experiment Station and drew an attendance of over 175 Young Farmers and 60 guests.

The Young Farmers and Ranchers picked up a lot of know-how on production, management, and marketing from the various college, experiment station, and resource personnel appearing on the program, according to T. J. Leach, Professor, Department of Agricultural Education, Texas Tech, who was in charge of program arrangements. The Hereford Chapter with 21 in attendance won the cash award for the chapter with the largest number present from one chapter. Santo of Palo Pinto County won a cash award for the chapter travelling the farthest to attend the field day event. Cash awards were provided by Goodpasture Grain and Milling Company of Brownfield and Lubbock.

Clayton Hughes of Lamesa won a pair of shop made boots presented as a door prize by the Justin Boot Company of Fort Worth. Electric appliances presented by Sam Thomas of the Southwestern Public Service Company of Amarillo were won by John Thornton of Santo and R. D. Stewart of Spur.

Among those on the Field Day program were Dr. Gerald Thomas, Dean of Agriculture at Texas Tech; C. E. Fisher, Levon Ray, Harvey Walker, Shelby Newman, and Jack King of the Lubbock Experiment (Continued On Back Page)

### A LETTER FROM THE BURGESS FAMILIES

The editors received a very nice letter from Mrs. Roy Burgess a few days ago and we feel sure that all the friends of the Burgesses here will welcome news from them.

Janella wrote that Pop Burgess was to celebrate his 77th birthday last Sunday, April 2.

She wrote that all of them were getting along very well. Lou Nell is still with her parents and is recovering satisfactorily from her very serious auto accident. He husband is doing a 6-month hitch in service and is stationed at Fort Leonard Wood, Missouri. Lou Nell is still wearing a cast on her arm and is looking forward to the day when it can be taken off. Her jaw that was broken has healed to the extent that she can chew again, and all-in-all she is doing real well.

Janella sent in a renewal for the Tribune that Mr. and Mrs. E. E. Burgess receive—says they both enjoy reading about the friends here at Quitaque. Mrs. Burgess has not been feeling too well lately, but thinks that she is on the mend, now.

Mr. and Mrs. E. D. Richmond, Mrs. Elmer Richmond of Turkey, and Mary Ellen McCracken were recent visitors in Matador. E. D. and Mary Ellen saw their doctor while there.

Voters were mostly indifferent to all three elections here in Quitaque during Saturday's and Tuesday's elections.

The first election to face local voters was the School Trustee election last Saturday. Local observers though thought that this race was going to attract a great deal of excitement but only a very light turn-out occurred in that race.

Bruce Price was elected to one of the vacancies on the school board and B. K. Blankenship was returned to the board.

Results of that election were as follows: Bruce Price, 57 votes, B. K. Blankenship 53, Donnie Brunson 52, Cecil Reagan received 40 write-in votes and D. J. Anderson received 36 write-in votes.

Tuesday, locals citizens elected three aldermen. Sixty-one voters were polled in that election. O. R. Stark, Bert Grundy and M. L. Robertson were all three returned to office. Voting was as follows in that election: O. R. Stark 58, Bert Grundy 58, M. L. Robertson 55, and Leon McCracken, Leroy Hamilton and J. B. Baird each received 1 write-in vote.

In the Senatorial race here in Quitaque Jim Wright led all the others in that race with 35 votes. Republican John Tower was the runner-up here with 24 votes, and interim Senator Bill Blakley was third with 20 votes; Attorney-General Will Wilson received 15 votes and Gonzales received 1 vote.

In Briscoe County, Wednesday morning returns had Wright ahead with 190 votes; Tower had 101; Blakley received 62 votes; Wilson 50; Gonzales 5; Maverick 4 and some of the other candidates had 1 each. One or two outlying boxes in the County had not reported a final count at the time the Tribune received the above total so the final county will be a little different but not enough to make a change in the standings as listed above.

### Church of Christ Services Begin Friday Night

The membership of the Church of Christ here in Quitaque announce the beginning of services at their church. The revival will get underway Friday evening, April 7 at 7:30 P. M.

R. T. Williamson of Roswell, New Mexico will bring the messages, which will run through Sunday, April 16.

Weekday services will be at 7:30 P. M. and Sunday services will be at 10:30 A. M. and 7 P. M.

The public is cordially invited to attend any and all these services.

Mr. W. J. Hicks, father of Clint Hicks, passed away at his home in Matador Friday afternoon. Funeral services were held Monday afternoon at 3:00 P. M. in the First Baptist Church at Matador. Among those attending from Quitaque were Mr. and Mrs. Leroy Hamilton and L. W., Ina and Euna Bradshaw, Mr. and Mrs. R. J. Harmon, and Mrs. Joe Woodruff.

Lynn McDonald and Leo Reed spent the week-end at home with their parents for the Easter holiday.

## Hunter's Buy Gin

Announcement was made last week of the purchase of Spears Gin in Flomot by Horace and Wayne Hunter.

Spears Gij had been under the continuous ownership and operation of Mr. and Mrs. Tom Spears for almost a quarter of a century.

The name of the firm will be changed to the H & H Gin.

Horace Hunter is well known to farmers all over this area, having been employed for 15 years by a gin at Turkey and was manager of the Farmers Co-op Gin here for twelve years. He was associated with a gin at Dimmitt last year.

Wayne, son of Horace Hunter, has been associated at times with his father in the ginning business. At present he and his family are living in Plainview and will remain there until school is out. Mr. and Mrs. Horace Hunter have already taken up their residence in Flomot.

Mr. and Mrs. (Tom and Myra) Spears are both former Matador residents. They first operated the

old Four Corner Gin for about two years and then moved the plant to Flomot in April of 1937 and had made that community their home continuously until a few weeks ago when they returned to Matador.

Mr. Spears, son of the late J. T. Spears, former Matador gin, worked for Anderson-Clayton cotton interests in South America, previous to entering business for himself.

Mr. and Mrs. Spears used the Tribune last week as a medium to express their appreciation to the people of the Flomot area for the long years of pleasant business association, and friendships established during the period in which they made their home there.

This week the Hunter's send their greetings to the people of Flomot and surrounding area. They will strive to give their customers the very finest in gin service and to take a part in the activities of the community life.

### BROTHER OF W. W. CAIN DIES AT OKLAHOMA CITY LAST SATURDAY

Mr. W. W. Cain received word Sunday of the death of his brother, M. Cain, in a hospital in Oklahoma City Saturday night. Mr. Cain left early Sunday morning for Oklahoma City. His two daughters, Evelyn Manry of Dallas and Charity Stewart of Fort Worth accompanied him.

Funeral services were held Tuesday afternoon at 2 o'clock. Mr. Cain was 86 years of age.

Mr. W. W. Cain returned to Quitaque Thursday morning.

Mrs. B.T. Harris and Sherrill Terri of Amarillo visited Mr. and Mrs. C. P. Richmond and Mr. and Mrs. L. B. Monk and boys all day Monday.

### GASOLINE REVIVAL BEGINS MONDAY

Announcement is made of a revival meeting to be held at the Community Building at Gasoline, beginning next Monday April 10.

O. E. Price of Wichita Falls is the Evangelist for the revival. Mr. W. A. Travis, also of Wichita Falls, will have charge of the song service.

Services will be held in the evenings only at 7:30.

The Rev. Price is a brother of Mr. Cecil Price and he invites any and all who will to attend these services.

**HI-PLAINS HI-LIGHTS**

Results of the 1960 Cotton Variety Test at the High Plains Research Foundation, in which nineteen varieties were evaluated, were released recently to Foundation supporters by Dr. Earl H. Collister, Chief Agronomist.

The yield of the varieties ranged from a low of 861 pounds of lint per acre to a high of 1,272 pound of lint per acre. There was no significant yield difference between the top six varieties. Of these top six, Austin produced 1,272 pounds of lint per acre; Paymaster 8890, 1,256 pounds; Rex, 1,229 pounds; Dixie King, 1,198 pounds; Paymaster, 54-B, 1,164 pounds; Fox-4, 1,134 pounds.

The cotton was irrigated pre-plant and three additional irrigations totalling 14½ inches. Rain, in the amount of 22.95 inches, was received from April 1 to October 1. All plots were fertilized at planting time at the rate of 300 lbs. of 13-39-0 per acre. The fertilizer was

sidedressed to the side and 4 inches below the seed. For insect control, all plots were sprayed 3 times with a mixture of Endrine and Chlordane. The experimental area was cultivated twice with a shovel cultivator and flame cultivated twice for weed control.

The nineteen varieties were rated as to lint yield, early vigor, bloom date, stand height, number of boll per plant, earliness of maturity, and ginning percent. The report also includes, for the first time, three harvest dates, October 7, November 11, and November 25. Data listed for each of these dates gives detailed information for each variety on ginning percent, grade, staple, micronaire, Pressley, U.H.M., uniformity, and length of all fibers.

Varieties tested were Austin, Paymaster 8890, Rex, Dixie King, Storm King No. 35, Arizona Acala No. 44, Storm King No. 41, Gregg, Paymaster 54-B, Fox-4, Blightmaster, Storm King No. 1, Parrott,

Lockett 88 A, Storm King No. 6, Paymaster 101, and Finck.

Eural Vaughan of Silvertown visited Sunday afternoon at the home of his sister, the Gaston Owen's and Eddie.

Mr. and Mrs. M. L. Roberson, and Minnie Mae Roberson spent Sunday in Wellington with their father, Mr. and Mrs. W. C. Roberson.

Gladys Stroup of Amarillo, and Mr. and Mrs. Jack Stroup of Borger spent the week-end here visiting at the home of their mother, Mrs. O. W. Stroup and also the Jim Stroups.

C. T. Rucker, Jr. of Oklahoma City, Okla. spent Sunday night and Monday with his parents, Mr. and Mrs. C. T. Rucker, and his sister, Mary Pittman.

**Matador Youth Cited For Bravery**

A 19-year-old Matador youth was one of three persons to receive the Texas Rural Heroism Award for 1960 at the Texas Farm and Ranch Safety Council Meeting in Houston last week.

He is Morris Burkes, son of Mr. and Mrs. O. R. Burkes of Matador.

Burkes was cited for bravery in connection with an incident last fall at Matador when a fellow youth, Buddy Davis, 18, of Matador was severely burned.

Davis, who worked for a service station accidentally splashed gasoline on his clothing while servicing a truck. Minutes later he walked inside the service station to warm his hands and his clothing burst into flames.

Davis panicked and fled to the street. Burkes, who was working nearby, raced after the burning youth, tackled him in the street and started tearing off the burning clothes, only to have Davis jump and run again.

And again, Burkes caught the flaming youth, this time beating out the flames with his bare hands.

Davis was hospitalized for about three weeks for second and third degree burns. Burkes was treated for burns about the face and hands.

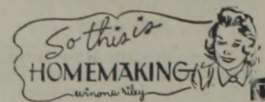

**BRASHER-LEWIS VOWS TO BE EXCHANGED MAY 26**

Mr. and Mrs. Edward Brasher announce the approaching marriage of their daughter, Judy, to Byron Lewis, son of Mr. and Mrs. E. P. Lewis of Lubbock, formerly of Quitaque.

The wedding will be read May 26 in the First Methodist Church at Tulia. Miss Brasher and her fiancé, who are both Tulia High School graduates, are students at Texas Tech.

Byron is the grandson of Mrs. F. M. Sachse of Quitaque.

Mr. and Mrs. Buddy Morris spent Easter Sunday in Hereford with their children, Mr. and Mrs. Corky Morris and Celia. Sunday afternoon they drove over to Buffalo Lake to watch the boating.

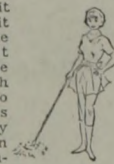

Of all the homely chores a woman must perform, none speaks as loudly in behalf of her skill as a homemaker as dusting. There are others more important, more demanding; and, certainly, more physically wearing. But dust suggests careless housekeeping and guests rarely miss seeing it.

If this seems to put needless emphasis on dusting, let it be so. But it remains one thing that should not be postponed with impunity. Who cares if this week's laundry is washed on Tuesday instead of Monday? But get right to the task of dusting.

And, when you do, there is something new to speed the task, make it simpler to perform and much less a nuisance. The Bissell people who have been battling dust in all forms for many years have just introduced a new dust mop called Flex Master, constructed of magnelon, the first new dust mop yarn developed in 15 years. It comes in a variety of colors with sectional handles which allow mops to be packed in flat small gift boxes.

The new magnelon yarn, developed by Celanese Corp., has greater pickup ability than any on the market today, shakes out easily, launders without shrinkage or distortion. It has a flexible connector between handle and mop head which permits easy bending in any direction under low furniture and hard to reach places. Dusting will always be important to the housewife but now it is sure to be easier.

**Announcing New Ownership!**

We have purchased the Spears Gin in Flomot and moved to this community to make it our future home. We hope to serve the ginning customers of this area in a manner comparable to our predecessors and that we may enjoy a measure of fine friendships of the people of this area.

We are experienced ginners and believe our gin to be one of the best equipped plants below the Cap Rock. We are starting work to complete checking equipment to have the plant in tip top shape for the coming season.

We want to extend an invitation to everyone to visit us and become better acquainted as we assume our place in the community.

We will have most all varieties of quality cotton seed available for the convenience of customers in this area.

### HOME DEMONSTRATION CLUB HAS APRIL FOOL PARTY

Friday evening the Home Demonstration Club had their April Fool party at the school lunch room.

As club members and guests arrived they were asked to write a club member's name and drop same in a small container. After names were tallied Mrs. Joe Deegan was ushered to a chair of honor and was proclaimed "Queen for the evening". 4-H Club Girls Sherry Calvert, Kathy Gilbert, Barbara Moseley, Glynda Crowell, and Judy Shorter entertained with a song, "Angels Watching Over Me". A skit, "Rules of Safety" was presented and Barbara Moseley gave a record of her work in 4-H since she began two years ago.

Games of achievement were played and a test of one's ability to draw and the creative art of hat making was demonstrated.

A very fine meal of ham, English peas, a variety of salads, olives,

and cake and coffee for dessert. Most of the women came with their costumes on in reverse and among the outstanding ones were Mrs. Della Bural and Mrs. M. C. Washington (Aunt Kit).

Others enjoying the affair were Mrs. Albert Martin, of Lockney; Mesdames Earl Whitaker, Doyle Calvert, L. B. Turner, Joe Degan, C. C. Jones, Ikie Gilbert, Wilburn Martin, O. D. Calvert, Leon Cloyd, Harmon Moseley, W. T. Ross, Baldo Martin, H. S. Gilbert, L. W. Crowell, Ike Reed, Ike Smith, Sam Ross, Bert Cloyd, G. D. Pope, J. H. George, Lois Martin, J. C. Franks, L. E. Shorter, Howard Rogers, and Ray Cruse.

Table decorations were miniature trees with kites flying in them, umbrellas to ward off the April showers, butterflies hovering near the vases of flowers and on each napkin was a colored Easter bunny. Mrs. Sam Ross was awarded a raw carrot for getting the only napkin with a black bunny on it.

Secret pal gifts were distributed, some were very nice, some were jokes and some were hilarious.

Truly a good time was had by all.

### JACQUELINE'S MOODS CHARM PRESIDENT

Jacqueline Kennedy, in her own words, characterizes her husband, "He is a rock and I lean on him in everything. He is so kind. (Ask anyone who works for him!)," she says, in the April Ladies' Home Journal.

Jacqueline draws a straight line superimposed by a wavy line which the President says depicts their characters. He is the straight line and Jacqueline the ups and downs.

The First Lady's moods and many-faceted character never cease to charm her husband, according to this authorized life story of Mrs. Kennedy, which is appearing in the Journal.

Mrs. Kennedy admires, and is deeply devoted to all her in-laws, according to the article. "The Kennedys are the most welcoming family," she says. "The same loyalty they show to each other they show to their in-laws," the President's wife explains.

Each Kennedy has some special attribute which the others extol, according to Jacqueline. "Jack is Jack." (Even the Kennedys can't extol a superlative.) Her mother-in-law is the most devout. They believe that Bobby has the best legal mind in the country; Sargent Shriver and Eunice are the most civic-minded.

It was Jacqueline, not Jack, who made the decision to move into the Kennedy Compound in Hyannis Port because "she wanted her children to grow up with all their Kennedy cousins and to enjoy the same warm assurance as did their Kennedy fathers and mothers." Caroline, to Jacqueline's delight, acts as well as looks pure Kennedy. To make her proud of her name and live up to it, when Caroline hurts herself her mother says sternly, "Kennedys don't cry." W

**Consumer's Corner**  
Guide lines from NACCA

**DID YOU KNOW THAT:** "Calcium oxide" means lime and if you sell a can of anything with that on the label, you have to say so loudly and clearly, in BIG type if possible?

**DID YOU KNOW THAT:** If fabric is finished with 'nitrocellulose' it can catch fire more easily?

**DID YOU KNOW THAT:** The jaw-buster 'tetrachloroethylene' on a can of anything means it might be dangerous to use in a spray form for too long?

These are examples, from real court cases, which point up the manufacturer's 'duty to clearly warn' the public of a product or an ingredient which might be dangerous.

The National Association of Claimants' Counsel of America, a nationwide group of 9,000 attorneys who are pledged to a program of increased consumer protection, has urged manufacturers to make their labels more meaningful.

A scientific description made up of a lot of technical gobble-de-gook which the average buyer can't understand just doesn't qualify as an "adequate warning", reminded NACCA spokesmen.

And use of instructions or directions which require an engineer's degree to follow also can come under the heading of 'inadequate warning' if someone should accidentally be hurt trying to put together that pre-fabricated buzz-saw the gadgeters love so well, says NACCA.

## WANTED: More Vacancies

This iron lung is now empty—for a change. How long it and thousands of others remain empty depends upon how soon the entire nation is fully vaccinated against polio.

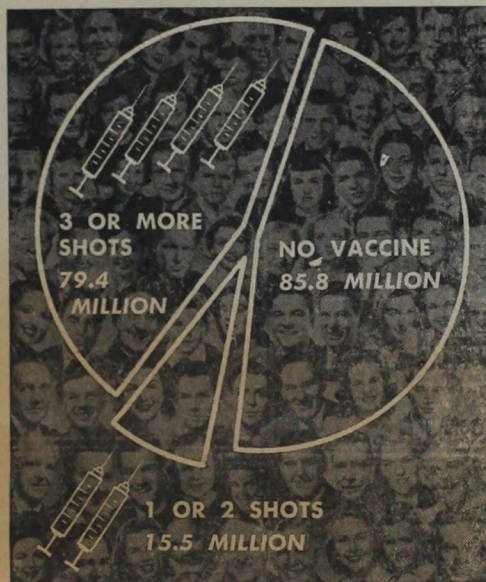

Almost half the U. S. population is unguarded against crippling polio.

Basil O'Connor, president of The National Foundation, has described the vulnerability of some 85 million Americans to paralytic polio as "a national disgrace."

There is no scarcity of the Salk vaccine, he pointed out, and two inoculations now, within a month's time, would provide at least some measure of protection against polio outbreaks and epidemics in the summer.

In thousands of cities, villages and hamlets across the nation, Salk polio vaccination is available at little cost, and in some communities the prescribed series of at least three shots is free. A fourth "booster" shot is now recommended. "The individual's common sense and will to survive should dictate immediate vaccination," Mr. O'Connor said. "If he or she has a family, all the more urgent ground for polio protection."

The National Foundation has been joined in its nationwide appeal to the unvaccinated by the American Medical Association and the U.S. Public Health Service.

Illustrating vaccination status of the American public, chart shows almost half the population is totally unvaccinated.

## FLOMOT CHURCH HOMECOMING WELL ATTENDED LAST SUNDAY

By Mrs. L. B. Turner  
The Flomot Church Home Coming was well attended last Sunday. The congregations of the three local churches gathered for the noon meal in the basement of the First Methodist Church and spread their lunches together on the tables that had been set up there. After the invocation by R. M. Morris of Plainview, more than one hundred people enjoyed the bountiful feed. At the business session held that afternoon, Wilburn Martin was elected president of the association for the next year; Barney Martin of Plainview, Mrs. L. B. Turner and Jesse Browning vice-presidents; John Jones of Flomot was elected Secretary-Treasurer and Mr. Bruce Martin was selected as song leader with Randall Whitworth as honorary song leader.

The newly-decorated church was attractively arrayed in Easter flowers, with lillies, lilacs and hydrangeas in profusion. By a vote of the assembly the bouquet of hydrangeas was sent to Wade Martin, who is a patient at Stanley Hospital in Matador.

Immediately after lunch, an Easter Egg hunt was staged for the youngsters.

Out-of-town and former residents present for the occasion included: Mr. and Mrs. Jess Birchfield of Dimmitt and his mother, Mrs. John Birchfield of Farwell, Tex; Mr. and Mrs. R. M. ## FOR Wet Acid Delinting

SEE FLOYDADA SEED & DELINTING COMPANY

**GERMINATION** — With our process, we use no heat in delinting seed, so therefore we cannot harm the germination by burning them.

**DISEASE** — As you know, spots in cotton cut profits greatly. By using the wet acid delinting there is less disease, for the sulphuric acid, which we use, eats all lint from the seed and leaves no carbon deposits thus insuring an excellent job of treating the seed.

**BAGS** — You may have had trouble in the past with bags being eaten and may have lost some seed. This is costly and unnecessary for in our process after the seed have been delinted, we wash them with pure water in the form of a spray

WE HAVE BOTH CERTIFIED AND FIRST YEAR SELECT COTTONSEED OF THE FOLLOWING VARIETIES IN STOCK — QUALITY SEED AT REASONABLE PRICES —

**FARMSTEAD WINDBREAK**  
(By Virgil Henson)

We have had recent word from the Kress Nursery and the Staufford Vader Nursery, both of Plainview, that their Arizona Cypress trees are ready to go. These trees can be set out any time now. About twenty people have made application to obtain Arizona Cypress and also assistance in planning the layout of wind breaks, at the S.C.S. office. All of these people are urged to obtain their trees

soon, as it appears that the supplies of Amarillo spent Saturday night and Sunday with the Finney's.

We plan to assist as many as possible in planning their tree plantings, but probably will not be able to get to everyone establishing a wind break. The following information is offered for those who are setting out trees for farmstead windbreak: The trees should be set eight feet apart in single or multiple rows. Where more than one row is set, these rows should be about sixteen feet apart. The trees should be set in a shallow ditch or depression to facilitate watering. They should be watered to get them started, but can stand a great deal of dry weather once they are established. A small amount of manure or commercial fertilizer at each tree will help assure fast, early growth.

Farmstead wind breaks fit best on the west, southwest, and north of the farmstead, as the high winds are usually from these directions. The trees should not be too close to the house on the north. If too close on the north, the tree row may cause snow to stack up on the house in times of blizzard & heavy snow. A spacing of sixty to one hundred feet on the north of the house is desirable.

We will be glad to assist anyone else who is interested in obtaining trees and planning their farmstead wind breaks.

**Household Hints**

by **Joan March Worden**

It took a Gallup survey to pry the truth out of us, but women are really tired of the way they've been keeping house. That, among other things, is what representative women told the quizzers who were trying to find out what women want in a household cleaner.

In the process of getting the answers to routine questions they uncovered some not-so-routine opinions. For example, women are:

1. Tired of carting around six or more bottles and cans to do various cleaning jobs. They want most of the cleaning to be handled by one type of household cleanser.
  2. Convinced that a really clean room needs to be disinfected as it is cleaned.
  3. Pleased when the room also smells fresh after a big cleaning job.
  4. Using cleaning products with nature's own cleaner — pine oil — in them. Seven out of ten women queried used some type of pine oil cleaner.
- With these facts, as well as some of our own in mind, we have a couple of short-cut suggestions. When you're getting your cleaning products together, choose one which will clean, disinfect and deodorize. Then, for the touch of glamour even a chore deserves, use a pine-scented room spray to leave a lingering reminder that short-cut housekeeping can be better in the long run.

KEY TO INDUSTRIAL OPPORTUNITIES

IN THE CENTER OF THE SOUTHWEST

We send this free booklet to industry leaders as another step in our area development program

THE business of West Texas Utilities Company is growing because the area we serve is growing. But our plant expansion is growing faster than our business. That's because we work hard to stay ahead of the additional area growth we are convinced is coming. To stimulate even more growth, we are engaged in an extensive program designed to invite new industry our way. The campaign includes an advertising schedule in national publications, personal visits to industrial areas, development of statistical data, and area booklets such as the one shown above. This is one of the ways we work with and for our communities to assist in local development. We do so with enthusiasm and vigor because of our conviction that this area faces GROWTH UNLIMITED.

The annual Easter music was presented in our church last Friday night. The Chapel Choir gave the Cantata "Song of the Ages," an unusual account of the life of Christ in Negro Spirituals. The Junior Choir sang "Rejoice, the Lord Is King".

In case you have been wondering what is happening around First Baptist Church by all the digging and so forth, the old water and gas lines are being dug up and either replaced or repaired. Also inside the building there has been a lot of plastering and painting going on.

Our Sunday School attendance is climbing right on up there. On March 19, we had only 85, then on

March 26 we had 178, and then last Sunday, April 2, we had 190. There was a large crowd at the worship service on Sunday morning that began our revival meeting. Quite a number of visitors were present. Wayland Boyd, from Eunice, N. M. is the preacher for the revival. Gary Sides, a senior at Wayland, who is music director at Lockney First Baptist, is leading the singing for the evening services. Bro. George Owens has charge of the music at the morning services, which are being held at 7:00. Mrs. Cora Gragson is at the piano, and Jon Johnson is the organist. 7:00 A. M. and 7:30 P. M. is the time for the evening services.

Mrs. Warren Carpenter is the new W. M. U. president and all the ladies of the church are invited to meet each Tuesday at 2:15

Mr. and Mrs. Bruce Price and children and Larry Don Price visited Mrs. Price's parents, Mr. and Mrs. Leo Stewart, at Bridle Bit Sunday.

**METHODISTS TO HOLD FOURTH QUARTERLY CONFERENCE**

Dr. J. E. Shewbert, District Superintendent of the Plainview District of the Methodist Church will preside at First Methodist Church Quarterly Conference, Monday evening, April 10th, at 7:30 P. M. Reports will be given by each of the Department and Commission heads and by the pastor. There will be election of new Church Officers for the new church year which begins the first Sunday in June. A resolution will be introduced which would permit sale of the old parsonage, to be moved from the premises, upon completion of the new.

**TRAINING SESSION FOR VACATION BIBLE SCHOOL WORKERS**

Several of the people who will be working in the Vacation Bible School in the Methodist Church (May 22-26) will attend a District Training School at First Methodist Church in Plainview, beginning at 9 o'clock on the morning of April 11th. It is a one day school, and will close around 3:30 that afternoon.

**SUNDAY SCHOOL WORKERS MEETING**

The Monthly Sunday School Workers Meeting at First Methodist Church will be held next Wednesday night at 7 o'clock. There will be consideration of Church School plans for the new Church Year, which begins the first Sunday of June.

**WESLEYAN SERVICE GUILD**

The Wesleyan Service Guild, organization for Methodist ladies who are employed, will meet Tuesday night at 7 o'clock in the home of Mrs. Bill Woods. The current study book is on world missions. Mary Pittman and Marion Holman are alternating in giving these studies.

**GUARD YOUR FAMILY —** Mrs. Jack E. Walsh of the 1961 Texas Cancer Family points to the national cancer family pictured on the 1961 American Cancer Society Crusade poster and reminds that everyone should have a regular health check-up. Mrs. Walsh is one of more than a million Americans who have been saved from cancer. Happy at being a healthy family are sons John and David, and Mr. Walsh. April has been designated as cancer control month in Texas by Governor Price Daniel.

**EASTER OFFERING REACHES GOAL**

Members and friends of the Methodist Church are rejoicing this week over the wonderful Easter Offering, given for causes outside their own local church. The goal was \$1100.00 and at last report the goal had been reached with some gifts yet to be turned in. Pastor James C. Holman reports that there was the finest kind of cooperation on the part of everyone, including friends outside the membership of the church. This is all the more remarkable considering the amount of money that has been raised for the new parsonage this year.

The Pastor wishes to thank all those who responded so generously.

Nook Bedwell and Jackie visited Jackie's grandmother, Mrs. Joe Wright in Lampasas from Thursday until Saturday. Jackie visited the Baylor University campus at Waco Friday. She is real excited about the school and plans another visit there when school is out. She plans to enroll at Baylor next fall.

Mrs. H. B. Finney left Monday for Robstown for a two week's visit with a brother, Dan Cowan, who is seriously ill, and his wife,

His grandfather, Mr. Mack King, of Colorado Springs, came with him for a visit with the John King's and other relatives.

**CARD OF THANKS**  
You will never know just how much your friendship has meant to us. We thank you all so very much for your cards and letters while we have been away. But most of all we appreciate the prayers that have been said in our behalf, and we know that there have been many of them—there are times when you can tell that friends are praying for you and we know that this has happened. Truly we are thankful for friends who will remember us in that way.

We hope that it won't be too long until we are back home to stay. Again, thanks for your friendship.
