Nominees For ASC Community Named

The election of the ASC community for Silverton will be held on September 8, 1964 by mail. Ballots will be tabulated publicly by the incumbent community committee on September 9, 1964 at 9:30 a. m. in the ASCS Office in Silverton.

Louie Kitchens, Chairman, Agricultural Stabilization and Conservation County Committee, has released the following slates of nominees for the Briscoe ASC Community Committees.

"A" Community

Don Burson, G. W. Chappell, Berle Fisch, Glen R. Lindsey, Alton Riddell, Harold Storie.

"B" Community

James F. Bailey, Bert Grundy, A. L. Morris, Glen Ramsey, A. B. Ramsey, W. A. Rucker.

"C" Community

Norman Caldwell, Guinn Fitzgerald, Alvie Francis, J. D. Nance, W. D. Rowell, C. L. Sutton.

"D" Community

Tom Barbee, Ellis Currie, Hubert Dudley, Charles Govin, E. J. Hamilton, Bruce Price.

"E" Community

Joe Edd Burnett, Pascal Garrison, Rex Rogers, Delton Roberts, Norman Strange, Shafe Weaver.

"F" Community

James R. Alexander, W. E. Sushing, G. W. Selmon, J. A. Stephens, Wayne Stephens and Bill Thornberry.

For each community where elections are being held, three regular committee members and two alternates will be elected. The chairman, vice - chairman, and regular member of the elected ASC Community Committee will also serve as delegate, alternate delegate, and second alternate delegate, respectively, to the county convention where the ASC County Committee will be chosen. The County Convention will be held September 17, 1964 at the ASCS office in Silverton.

Generally, a farm owner, tenant or sharecropper may vote in the community election if he is taking part or is eligible to take part in one or more of the programs administered by the ASC committees. Questions on eligibility to vote and hold office, or on the election procedure, will be settled by the incumbent community committee. Appeals from such decisions made be made promptly to the county and to the State Committees.

Qualifications of persons eligible to hold office as a committeeman include eligibility to vote in the elections and being a local resident. It is also highly desirable that nominees be currently active farmers or ranchers who are qualified for community committee work and who will be representative of the various sections and types of agriculture in the community. Further information on committeeman qualifications may be obtained from the ASC County office.

Rate Cut Is Announced This Week By West Texas Utilities Company

A company-wide \$1,100,000 annual reduction in electric rate, was announced today by West Texas Utilities Company. One hundred and sixty three towns and communities served by the Utilities Company will benefit from the rate reduction.

The revised schedule of electric rates was filed with the City by Johnny Powell, WTU local Manager. The new rates will be effective with meter readings made after August 31, 1964.

These new rate schedules result from a reduction in the Company's income taxes due to recent changes in the federal income tax rates and the increased usage of electricity by present customers, together with greater company operating efficiencies and economies.

"These rate reductions," Si Phillips, WTU President said, "are evidence of our policy of reducing the cost of service to customers whenever we can. The \$490,000 direct reduction in our federal income taxes, plus the improved operating efficiencies of new generating equipment we have recently put into service, as well as the new facilities now under construction, make it possible."

Large light and power customers will have a saving of \$140,000. "All customers," Phillips pointed out, "will share in the \$75,000 saving resulting from lowering the fuel clause adjustment factor made possible by improved plant efficiencies."

In addition to the general reduction which affects virtually all customers, the new rate schedules provide an extension of the residential and commercial WTU electric space heating customers buy electric heat at a base rate of 1 cent per KWH.

1965 Wheat Program Announced

Details of the 1965 Voluntary Wheat Program were announced by the U. S. Department of Agriculture. Operation of the program in general will be about the same as that for the 1964-crop year.

The principal changes, compared with 1964 program provisions are:

A. Domestic certificates will be worth 75 cents per bushel (were 70 cents), and export certificates 30 cents per bushel (were 25 cents).

B. Price support national average loan rate will be \$1.25 per bushel (was \$1.30).

C. Program participants can qualify for domestic certificates on 45 percent and export certificates on 35 percent of the normal production from their allotment (were 45 percent each).

D. Wheat and feed grain (including oats and rye) acreage substitution will be possible (none in 1964).

E. If diversion in addition to the required minimum is at least 10 percent of the farm's 1965 allotment, payment on such additional diversion will be made on 50 percent of the farms normal production times the fixed county loan rate on all of such added acres diverted to conserving use to the minimum qualifying acreage equal to 11.11 percent of the 1965 allotment. (Payment in 1964 was at 20 percent for all acres diverted to conserving to use).

F. A producer can get program loan and certificate allocation benefits if he exceeds his acreage allotment by not more than 50 percent on any farm in which he has an interest and stores under bond the wheat from the excess acreage, meanwhile carrying out conserving use requirements of the program (not provided in 1964).

Signup for the 1965 Voluntary Wheat Program is planned August 24 through October 2 in ASCS offices. This signup will apply only to predominantly winter wheat areas. Pro-

BOB PATRICK IS HOME FROM HOSPITAL

Bob Patrick returned home last Thursday evening from Groom Memorial Hospital where he had been a patient since Friday the week before. He injured a kidney when a ladder fell on him. He is feeling fine at this writing.

ATTENDS FUNERAL

Mrs. Jim Tunnell, Mrs. Alton Johnson and Mrs. Price Colwell of Amarillo attended the funeral services for John Stewart, Saturday morning at 10 o'clock in Owens-Brumley Funeral Chapel at Wichita Falls. Mr. Stewart was the husband of Mrs. Tunnell's niece.

ATTENDS FUNERAL

Mrs. Perry Vines and Morzetta attended the funeral services for Roy Perryman at Abilene Sunday afternoon.

Mr. Perryman was injured Monday of last week when a horse threw him and he died on Friday. He was the brother of Mrs. Vines sister-in-law, Mrs. A. M. Whitefield.

According to reports the 20-year old man received the critical injuries about 8 a. m. Monday when the horse he was riding on his father's farm either fell on him or he fell from the horse and the animal stepped on his hip at Crosbyton, then was transferred to Methodist Hospital at Lubbock, where he died Friday.

M. L. Roberson, Minnie Mae Roberson and Mrs. Willie Lou Boyles attended the funeral services of their cousin, Mrs. J. A. Savage at Plainview Tuesday afternoon.

the lower valued (export) certificates.

Commodity Credit Corporation will assist producers in marketing the certificates by purchasing them through county ASC committees.

Producers who sign up and otherwise apply 1965 program provisions relating to wheat will be eligible for price support loans on their entire production, except on any quantity stored under bond. The option of storing under bond is a follows:

Participants who so elect in advance may overseed wheat up to 50 per cent in excess of allotments and then store the excess production under bond. The excess production to be stored under bond would be twice the normal production of the acreage exceeding the allotment, or the actual production if less than the normal. The producers using this option would be eligible for price support loans and certificates on wheat from their allotted acres. This provision is our special interest in high crop risk areas as it will provide reserves in case of drought.

A producer may use the bonded-storage option on any farm in which he has an interest in the wheat crop. However, if a producer decides to overseed his allotment, he will be eligible to substitute wheat and feed grain acreage within this program.

Substitution of Wheat-Feed Grain Acreages: A producer who has both a farm wheat allotment and feed grain base and who signs up for both programs, will be eligible to use the substitution provisions. He can either grow wheat on feed grain permitted acres, or grow feed grains on all or part of the wheat permitted acres. Such a producer takes part in the 1965 program relating to wheat and feed grains exactly as he would without

School begins here in Quitaque Monday morning at 9 o'clock with a general assembly in the school auditorium.

Supt. Johnny Mason invites all patrons of the school to attend the opening assembly.

School buses will run as usual Monday and lunches will be served in the lunchroom.

Supt. Mason announced this week that the grounds back of the school buildings is being prepared and graveled in order that the buses may be parked in the rear of the school grounds. The children who ride the buses will load and unload from there this year instead of in front of the grounds, as has been the custom in the past.

It is felt that this will be safer and create less confusion.

MRS. T. M. BEAUCHAMP BURIED HERE WEDNESDAY

Funeral services for Mrs. T. M. Beauchamp, 95, a former resident of this area, were held at 2 p. m. Wednesday in the Fundamental Methodist Church at Shamrock. The Rev. W. L. Porterfield of Gruver officiated, assisted by the Rev. A. J. Williams, pastor of the Assembly of God Church in Shamrock.

Graveside services were held at 5:30 at Rest Haven Cemetery

Mrs. Beauchamp a lifetime member of the Methodist Church, died Monday morning at her home in Shamrock. She was born in Georgia and moved to Shamrock from Quitaque in 1959.

NEWS from the High Plains
Research Foundation

G. W. McCullough, Vice President of Phillips Petroleum, Bartlesville, Oklahoma, has been designated as the guest speaker for the Eighth Annual Field Day on Thursday, September 10, for the High Plains Research Foundation.

Dr. Earl H. Collister, Director of the Foundation, stated that the expectations of an even larger crowd than last year's 4,000 plus visitors are looked for this year.

Tours of the Foundation will start at 1:30 p. m. with visitors comfortably seated on benches on large trucks as they are transported around the 310 acre Foundation farm at Halfway. The tours will continue until the barbecue at 5:00 p. m. There will be five stops on the

tour where members will explain the research project to be viewed between the stops. The guides will be professional agricultural personnel composed of County Agents, Soil Conservation Service Representatives, Vocational Agricultural instructors, F.H.A. personnel and members of the Young Farmers chapters.

Included in the afternoon program will be tours of the Killgore Building and Laboratory, the Jim Hill Greenhouse, lawn grass plots, shrubbery displays, farm shop, seed laboratory, and the twenty saw cotton gin. These can be seen before or after the farm tours.

A patriotic and musical program will entertain the visitors in the late afternoon. At 5:00 p. m. the visitors will be the guests of the Hale County State Bank and the Plainview Co-op Compress at the traditional barbecue. Mr. McCullough's address will be at 6:00 p. m.

Check-List For Students of Clarendon Junior College

The Registrar's office of Clarendon Junior College has issued a check-list of last-minute things to do and dates to remember that will be of special interest to all freshmen students planning to attend CJC this fall.

* A copy of the student's transcript must be forwarded to the registrar's office before registration.

* A copy of the student's ACT score (or its equivalent) must also be on file in the registrar's office. Those students who haven't yet taken the ACT test may do so on October 3 at Clarendon Junior College.

* Dormitory reservations should be made within the next few days if the student wishes to live in the dorm.

* Those students who wish to commute should inquire about the possibility of car contracts, which will greatly mini-

mize the cost of traveling to school.

* The student who wishes to work part-time should make inquiries as to the jobs that are available and leave on file information concerning his capabilities, interests, experience.

* Pre-registration for eligible freshmen (those who have filed letters-of-intent) will continue August 17-26.

* Freshman orientation will be held on September 4, from 9:00 a. m. to 4:00 p. m. All freshmen who have never been in college before are required to be present.

* Regular registration will be held on September 8, with classes beginning on September 9.

The current college catalogue as well as a copy of the fall schedule of classes may be secured by calling, writing, or coming by the Registrar's office at Clarendon Junior College.

Local Jehovah's Witnesses Attend Meet at Altus, Okla.

The Quitaque congregation of Jehovah's Witnesses returned home this week from their three-day convention held in Altus, Okla. August 21-23. According to Mr. V. D. Tiffin, presiding minister, 417 heard H. A. Fetzik, the official representative from the Brooklyn, New York headquarters, give the timely Bible lecture, "Facing Up to the Urgency of Our Times."

Fetzik told the delegates that "Powerful nations of the past have fallen only because the spirit of the people was lacking. Today is that spirit and needed drive evident."

He also said, "Facing up to the urgency of our times calls for a resisting of the pressures of the world. A turning to God's Word is required since God's laws are substantial rea-

CARD OF THANKS
We want to thank all of our many friends here who helped make our sorrow in the loss of our mother, grandmother and aunt easier to bear. Thank you for the flowers, prayers and especially do we want to thank those who helped to prepare and serve the refreshments after the funeral services. May God bless each of you in a special way.

The family of
Mrs. T. M. Beauchamp
THANK YOU NOTE!
Thank you so much for the lovely way you have expressed your concern during my recent illness. I wish to thank each of you who sent cards, phoned, brought food, gifts, flowers, or came to see me or helped in any way. May God richly bless each of you.

Flomot News
(By Mrs. Arnold Johnson)

Mrs. Harmon Moseley and Barbara and Kathy Martin visited in Borger with Mr. and Mrs. Rodney Hammons Monday and Tuesday. They also visited with Mrs. Moseley's brothers, Neal and Jack Moon.

Mrs. Raymond Kindell of California is visiting her mother, Mrs. Lois Martin for a few days.

Mr. and Mrs. Guy Hammons has as their dinner guests, Mr. and Mrs. Alton Anderson of Tulia and Mr. and Mrs. Preston Moseley of Turkey.

Mr. and Mrs. Bob Morris of Plainview visited over the weekend with Mr. and Mrs. Harley Gunn.

Mr. and Mrs. Harmon Moseley and Barbara, and Mr. and Mrs. Jackie Starkey were in

Shamrock to attend the funeral services for Thomas J. Gillespie.

Mrs. Stella Arnold and Mrs. Gladys Hollingsworth of Silvertown visited Mrs. Lois Martin Sunday.

Mr. and Mrs. James Monk and grandson Monte attended a family reunion at the Childress Park Saturday and Sunday, where 96 relatives and friends were present.

Mr. and Mrs. Ray Cruse and family and Stanley Degan visited Six Flags Over Texas recently. They reported a very nice trip.

FEED GRAIN PROGRAM

(Continued From Page One)
the substitution provision except that the acreage of either wheat or feed grains could be greater. However, a producer who plants feed grains on wheat allotment acreage may put this feed grain production under loan, but he will not be eligible for feed grain program price support payments on this acreage, nor will he receive additional certificates for wheat grown in lieu of feed grains. A producer not eligible for the benefits of both programs may still obtain the benefits of the program for which he is eligible.

Further, a producer may request that a separate oats-rye base acreage be established for this farm. Thus a cooperator in the wheat program may grow wheat on oats - rye base acres (minus diverted acreage) in addition to being able to grow wheat on all or part of the feed grain permitted acreage. When this option is exercised corn, grain sorghum or barley

cannot be grown on the oats-rye base or wheat allotment acreage. The purpose of establishing an oats-rye base is to extend benefits to producers who mainly grow wheat, oats and rye. If a producer requests but does not use this option, eligibility for program benefits will be determined as if the oats-rye option had not been requested.

ACREAGE DIVERSION AND PAYMENTS

Qualification for certificates and price support loans can be achieved by planting within the 1965 allotment and devoting to conserving uses an acreage equal to 11.11 percent of that allotment. To qualify for diversion payments, participants will need to divert at least 10 percent additional acreage below the allotment. Maximum diversion for payment can be 20 percent of the allotment or enough additional acreage within the wheat allotment to make a total of 15 acres. Payment rate per acre for the additional diversion will be 50 percent of the county basic price support loan rate times the farm normal yield.

Producers who wish to sign up in both the wheat and feed grain program may do so by

increasing the acreage signed up to be diverted under both programs. Diversion payments will be computed on the basis of the actual crop or crops reduced. (For instance, if wheat is grown in lieu of feed grains, diversion payments would be at the applicable feed grain crop rates.) Whether or not cooperators may have the opportunity to produce certain non surplus crops on diverted acreage will be determined when more information is available. Diversion payments for the oats-rye option will be a percent of the wheat diversion rate and will be announced with the 1965 Feed Grain Program.

AIR CONDITIONING MEANS MORE THAN just COOLING

GAS DOES THE COMPLETE JOB:

 COOLS	 HEATS
 CIRCULATES	 FILTERS
 VENTILATES	 CONTROLS MOISTURE

AND DOES IT FOR LESS!

Air conditioning is more than just cooling. A combination of things is required to keep your home comfortable year 'round. GAS provides them all. And, GAS is far and away the most economical way to air condition. It is good to know that if your unit should ever need service or adjustment, you need only call Pioneer. We sell and stand behind GAS air conditioning units.
