QUITAQUE, BRISCOE COUNTY, TEXAS - THURSDAY, SEPTEMBER 20, 1962

PRICE 6 CENTS PER COPY

## VAUGHN HALL IS OUTSTANDING CONSERVATIONIST IN FLOYD CO.

Story From Floyd Co. S.C.S.

Since 1947 the Lions Club of Floydada has cooperated with the Floyd County Soil Conservation District by presenting to the outstanding conservation farmer or rancher each year a plaque in recognition of this honor.

It is now my privilege to present to you the 1962 Outstanding Conservationist for Floyd County Soil Conservation District. Mr. Vaughn Hall of Quitaque, Texas who ranches 8 miles east of Cedar Hill and just under the "Caprock".

Again this year we are proud to present this special award to the Outstanding Conservationist for the Floyd County Soil Conservation District in honor of his soil and water conservation accomplishments. His selection was based upon his individual conservation plan he developed with assistance from the Soil Conservation Service and with the speed in which he carried out this work and has maintained the practices installed. He follows a long list of past winners who have been selected for this honor and recognized by the Floydada Lions Club.

Our winner for this year first requested assistance in developing a conservation plan on his land in December 1958 after discussing the possibility of a Great Plains Conservation Program Contract with technicians and a conservation plan and Great Plains Conservation Program contract developed at this time. The land which is a 2,560 acre ranch was heavily infested with cedar and mesquite, had only two pastures and was watered by springs that sometimes went dry. The land wouldn't run over 70 cows with a lot of winter feeding required. This was due to the heavy brush cover and lack of his not be-

ing able to distribute grazing properly due to one 2,080 acre pasture and one 480 acre pasture.

The conservation plan that was worked out included complete conservation treatment on all conservation problems in order to restore the ranch land to a stable operating unit with high production. Brush control to be followed by deferred grazing, a livestock water well with water storage facility, two livestock ponds with diversion terraces to bring in extra runoff water to insure an adequate water supply proper use of the range grasses and cross-fencing to enable a deferred-rotation program to be set up were the most needed practices and a schedule was developed by which this work would be completed.

In 1959 brush control on 894 acres was carried out and the entire ranch deferred from grazing by livestock during the growing season of the grasses. In 1960 brush control work was completed on 590 acres and 1,360 acres of rangeland again deferred during the growing season. One livestock water well was installed with a water storage facility to provide a permanent water supply. Also two cross-fences of a total length of 11,093 feet were constructed to divide the large 2,080 acre pasture into three pastures of near equal size. In 1962 two livestock ponds with diversion were completed to provide extra water supply to the pastures. At all times the grass was grazed so as to leave at least 50% of the annual production in order to maintain a protective cover from erosion and keep vigorous grasses on the rangeland. The ranch now supports 100 head of cows, a 40% increase in stocking rates and has a good grass cover over the entire range.

Max Ham is preparing to take his lump of sugar, and in the background Ross and Patsy Herrington and the twins are munching on their sugar. Quitaque Tribune Photo

## Quitaque Young People Off to College

Quite a few of Quitaque's young people have returned to college or have enrolled in college for the first time the past two weeks.

Sharon Bailey is a first-year student at Wayland Baptist College in Plainview; Jimmie Mayfield and Tommy Lou Johnson are freshmen at West Texas State College at Canyon, where Verlon and Randall Hamilton are upper classmen; Murry Wayne Morrison, Melvin Carter, Lynn McDonald and Murry Wise have enrolled for the Fall Semester at Tech at Lubbock; Thomas Phelps is attending Howard Payne College at Brownwood; Lee McDonald is attending Barber College at Lubbock; Jon Johnson, Jackie Bedwell and Bob Saul are attending Baylor University at Waco; Chris Reagan is a Senior Journalism student at the University of Texas at Austin and John Lynn Johnson is in the Law School at Texas U.

Five Quitaque boys have enrolled at Clarendon Junior College for the Fall Semester, according to Oliver J. Abel, Dean-Registrar of the college.

The boys are James Starkey, son of Mr. and Mrs. Grady Starkey; Dellis Monk, son of Mr. and Mrs. Lester Monk; Sammy Johnson, son of Mr. and Mrs. Odell Johnston; Robert Phelps, son of Mr. and Mrs. Delbert Phelps; and Sheldon Jacobs, son of Mr. and Mrs. Grady Jacobs.

The first four named boys are graduates of Quitaque High School and were members of last season's Regional basketball champions. They are attending Clarendon Junior College on basketball scholarships. Sheldon graduated from Flomot High School and was a member of the Flomot Basketball team before suffering a broken leg during the latter part of the season.

## FORMER QUITAQUE PRINCIPAL TO HEAD CHEMISTRY DEPARTMENT AT CLARENDON JUNIOR COLLEGE

SMITH REES

W. S. Rees, whose permanent address is on a rural route out of Turkey in Hall County, 40 miles south of Clarendon has been named Head of the Chemistry Department at Clarendon Junior College.

The college is fortunate in securing the services of Mr. Rees who has lived in this area since 1925, has a wide acquaintance throughout the schools the college serves, is familiar with our local problems, and highly qualified both from training and experience to head the College's Science Program.

Mr. Rees received his B. S. Degree from West Texas State College at Canyon in 1933 and his Master's degree from that same school in 1954. Since receiving his master's degree in 1954, he has completed 27 hours of post-graduate work.

He has had 15 years teaching experience. He is the former principal of Quitaque Elementary School and Turkey High School where he served six years. He was also Head of the Science Department of Childress High School for two years.

Mr. Rees was selected for and attended the National Science Foundation Summer Institute for three months during the summer of 1959.

He has served one year as the President of the Lions Club, also Past Master of the Turkey Masonic Lodge. He is a member of the Khiva Shrine of Amarillo as well as the Scottish Rite and York bodies.

Mrs. Rees has taught school 10 years. She received her Bachelors' Degree from East Texas Baptist College, Marshall, Texas, in 1949, and her Master's Degree from East Texas State College at Commerce.

Mr. and Mrs. Rees are members of the Eastern Star, and Mr. Rees has served twice as Worthy Patron at Turkey.

They are Baptists, and he was Sunday School Superintendent at Turkey before moving to Clarendon last week.

They have one child, Will, who will be three November 2.

Clarendon Junior College is looking forward to an excellent Science program under Mr. W. S. Rees.

Rev. and Mrs. Bob Beck of Paducah visited here Friday afternoon and were supper guests of the Leon McCrackens.

## Farmers Co-op Gin Introduces New Manager

The Farmers' Co-op Gin of Quitaque announced this week that they have secured a new manager. He is Mr. Harmon Havis, who comes to Quitaque from Lubbock where he was employed by Moss-Gordon Lint Cleaners.

Mr. Havis is no stranger to this area, having lived at Roaring Springs and Matador for many years. He managed a gin plant at Roaring Springs for a number of

## Farmers Union Meets Monday Nite

The Gasoline Farmers Union will have its regular monthly meeting Monday night, September 24th at 7:30 at the Gasoline Community Building. "The Land", a film taken by Chet Huntley will be shown.

The public is cordially invited to attend. This is a film everyone should see, so bring the family cut to see it. Refreshments will be furnished.

## Prizes Offered In Child Photo Contest

The time is almost here again for another of this newspaper's Big Photograph Contest, and we're urging all of our readers to have their children ready for the big day.

Winston B. Lucas of Irving, Texas will be here in Quitaque on Monday, October 1st at the Tribune office from 2 P.M. to 6 P.M. for the purpose of taking pictures in this vicinity. In addition to having their pictures printed in this newspaper, the children will be competing for \$20.00 in prizes, which are being offered for the three best photographs made during the day.

The photographs will be made absolutely free of charge, and there is no charge for publication in The Tribune. Proofs will be shown and from these you may select the picture of your child which you would like to appear in this newspaper. If you wish extra photographs they may be purchased, but no purchase is necessary in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not.

There is no age limit on the contest, and every child's photograph in this section is wanted so that they might all appear in The Tribune. However, it is necessary that all pictures must be of uniform size, so they must be made by Winston B. Lucas on Monday, Oct. 1st, 2 P.M. to 6 P.M. Don't wait until little Mary gets married or baby brother is elected to some political office to see their pictures in the paper—make plans now to have these photographs made on Monday, October 1st. Tell your friends — the more the merrier!

Mr. and Mrs. Richard Eddleman of Petersburg are the proud parents of a son, born Wednesday, September 12, in a Lubbock hospital. The boy weighed 6 pounds and 11 ounces. His name was not known here at this writing.

Mrs. Norville Hamilton is in Amarillo this week making the acquaintance of a new grandson, the son of Mr. and Mrs. Robert Hamilton. Their daughter Carol, who had spent the past two weeks here with her grandparents, was returned to her home in Amarillo. The boy has been named Chris.

## 447 Take Vaccine

The J. C. Hamilton family is shown above being registered for their Sabin Oral Vaccine, which was administered last Sunday at the School Auditorium. James Brunson and Mary Pittman registered those who came to take the Type I vaccine last Sunday.

— Quitaque Tribune Photo

In the above picture the Clayton Johnson family is shown taking their cube of sugar with its three drops of vaccine. In the background Mrs. Travis Morrison and daughter await their turn. Eddie Owens, with his back to the camera, has already had his "sweets." Mrs. Dorothy May, Jake Merrell and Bill Griffin are talking to the Johnsons.

— Quitaque Tribune Photo

There were only 447 doses of the Sabin Oral Vaccine administered here at Quitaque last Sunday in the first go-round of the SOS program.

This was far below the number hoped for by everyone concerned and interested in this vital program. Around 800 turned out at Silverton according to reports. There are some 3600 residents in Briscoe County, so Sunday's number amounted to only about one-third of the total population took advantage of the chance to help wipe out one of the world's most dreaded diseases. The publicity that flooded the country late last week concerning four cases of polio in Canada no doubt kept many from taking the vaccine despite the assurance by doctors in our own country that the vaccine is safe. It is hoped that many more residents of our county will go ahead this next Sunday and take advantage of the make-up opportunity for the first of the three types of vaccine that will give complete immunity to all kinds of polio.

Remember, next Sunday afternoon, from 2 to 5, the Type I Sabin Polio Vaccine will be administered to those who did not take it last Sunday.

Adults comprised the largest group to take the preventive, 214 people over 21 taking the vaccine; 111 between the ages of 10 to 21 who were registered; 92 were between ages 3 and 10; 23 were of age 1 to 3 and 7 youngsters were under one year old.

A total of \$157.05 was contributed by those who took the vaccine, which is taken three drops on a cube of sugar. The sugar cubes were furnished by Merrell Food Store.

Type No. 2 of the Sabin will be administered here Sunday, October 28. The only type of the vaccine that is under any suspicion whatsoever is the third type and that concerns only adults.

Morris and Mable Wilson returned last week from a two weeks vacation spent in Colorado.

## New P-TA Officers Installed Monday

The Quitaque P-TA met last Monday night in the first meeting of the current school year.

The first business of the evening was the installation of new officers. Officers installed were as follows:

President — Lela Mae Hutcheson  
Vice-Pres. — Delene Tyler  
Secretary — O. R. Stark  
Treasurer — Helen Barryhill  
Reporter — Gloria Mason

The P-TA voted during the business meeting to again feed the Lions Club during the school year. Other business discussed was a possible project for the P-TA for this year. Mentioned was enlargement of the school library, although nothing definite was decided. Twenty-three paid their dues for the current year.

Next regular meeting time will be Monday, October 8.

Ladell Ramsey returned home Friday after spending several days in the hospital at Lockney. She reports that she is feeling better.

Allen Matthews is in the hospital at Matador after suffering a broken leg about 7:30 last Saturday morning. He is in a cast to his hip and will probably be in the hospital for three weeks, according to reports received here at the Tribune.

Mrs. Gaston Owens spent from Saturday noon until Tuesday noon in the Lockney General Hospital. She reports that she is feeling a little better, but still weak.

Tuesday, September 18, Bill Griffin came to the Home Making I class and taught us the fundamentals of artificial respiration. He used Robin Brown to demonstrate on. The Home Making I class is studying First Aid.

Mr. and Mrs. Leo Anders of Grand Prairie spent from Friday until Tuesday of this week visiting at the home of her parents, Mr. and Mrs. R. L. Brunson.

Shown above are the newly elected Chapel Choir officers: from left to right, bottom row. Rhonda Rogers, Rhonda Wood, Charlene Bailey. Standing, left to right is Venus Gillespie, Lonnie McDonald, Dewayne Smith, Marilyn Hutcheson, Donna Bedwell and Freda Reagan.

## Chapel Choir Has Kick-Off Banquet

The Chapel Choir started its new year with a Kick-Off Banquet at the First Baptist Church on September 6th at 7:30 p.m. A railway station was the theme with Singingville as the destination. The conductor was Jamie Johnson who conducted dinner in the diner and a Sing Song by the group accompanied by Butch Brown. A skit, "Tuneville" was given by Jon and Jamie Johnson. Orders from the dispatcher were given by Mr. Don Timberlake of Abilene, Texas, who was the main speaker for the evening.

Mr. Timberlake is a very outstanding speaker and all were highly entertained by his wit and humor. The tables were decorated with miniature trains and the place favors were pieces of miniature luggage. The menu for dinner in the diner consisted of Bar-B-Que chicken, tossed salad, baked potato, hot rolls, and homemade ice cream. Chief chefs for the delicious Bar-B-Que chicken were O. R. Stark, Jr., and Brother Roy Davidson.

New officers elected for the new year are: Clonez Woods, President; Jamie Johnson, Vice - President; Charlene Bailey, Secretary; Donna Bedwell and Marilyn Hutcheson, Librarians; Venus Gillespie, Jr., Reporter. Group leaders are: Rhonda Rogers, Freda Reagan, Dewain Smith, and Lonnie McDonald.

The Chapel Choir sang at the close of the First Baptist Church Revival last Sunday night.

## HIGHWAY PATROL REPORT FOR MONTH OF AUGUST

The Highway Patrol investigated 4 rural accidents in Briscoe County during the month of August according to Sergeant D. R. Dowdy Patrol Supervisor of this area. These wrecks accounted for three persons injured and an estimated property damage of \$2,730.00. The rural traffic accident summary for Briscoe County from January through August of 1962 shows a total of 19 crashes. As a result of these crashes there were 2 persons

killed and 10 persons injured. The estimated property damage amounted to \$12,005.00.

The veteran patrol supervisor stated, "With fall and winter approaching, now is the time to have vehicles checked in preparation for the cold winter ahead." The Vehicle Inspection Program in Texas has proved itself to be a valuable tool in reducing accidents on Texas streets and highways. All vehicles registered in this state are required to be inspected once a year, he added.

The new motor vehicle inspection year began September 1. However, the only thing new about the inspection this year is the sticker itself. The Sergeant pointed out, that

this new sticker is a dry mount decal which we believe will adhere regardless of weather conditions.

Mrs. Johnny Brummett went to Spearman last Friday to visit her daughter and family, the Claude Sheets. She was accompanied to Borger by Mrs. Glen Sanders and family, who visited her parents, Mr. and Mrs. W. J. Durham. Mrs. Brummett's granddaughter, Beth, returned with her to Quitaque to spend a week.

Mr. and Mrs. Claude Loudermilk and Mrs. Ben Bingham of Silvertown visited their daughter and sister, Mrs. Gerald Smith and family last Thursday.

## Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Round trip from Detroit to the end of the Baja Peninsula is over 8,000 miles.

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hab) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles. All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

See the "New Reliables" now at your Chevrolet dealer's!
