

The QUITAQUE TRIBUNE

VOLUME 4 — NUMBER 24

QUITAQUE, BRISCOE COUNTY, TEXAS — THURSDAY, NOVEMBER 28, 1963

PRICE 5 CENTS PER COPY

Flower Shop Sold To Mrs. Aline Welch

Announcement was made this week of the purchase of the Quitaque Flower Shop by Mrs. Aline Welch. Mrs. Mary Pittman is the former owner. Mrs. Welch assumed ownership Monday.

Mrs. Welch is no stranger to most people of the area. She is the daughter of Mr. J. W. and the late Mrs. Clary, who moved to this community in 1924 from near Paris, Texas in Lamar County. They lived on the Will Graham farm.

She married Bill Welch of the Flomot community in 1932, moving to the farm and ranch 12 miles south of Quitaque where she still lives.

Mrs. Welch has three children, J. A. Welch of Cedar Hill, who operates her farm; Mrs. Delores Pigg of Lone Star, and Mrs. Bob McWilliams, who lives south of Quitaque.

The Tribune welcomes Mrs. Welch to our city and feel sure the entire community will support her in her new business in any way it can.

Mr. and Mrs. Charles Gowin and Mr. and Mrs. Clarence Barrett were in Lazbuddie last Thursday to attend the funeral service for Dan Tarter, father of A. L. Tarter. A. L. Tarter is the brother-in-law of Mrs. Barrett and Mr. Gowin.

Mr. and Mrs. F. C. Benson are spending the Thanksgiving holidays with their daughter, Mrs. B. C. Lannom, and her family in Fort Stockton.

Little Dana Ramsey, daughter of Mr. and Mrs. Glenn Ramsey spent from Tuesday until Friday of last week in the hospital at Lockney, suffering from a virus. At press time her mother reports that she is feeling fine again.

NOTICE!

Open House, honoring Mr. and Mrs. A. C. Barrett on their Golden Wedding Anniversary, will be from 2:30 to 5:00 P. M. Sunday, December 1, instead of 2 o'clock, as was announced in last week's issue of the Tribune.

Members of the Lions have a problem in displaying the flags here in town. If they are flown at half-staff they will touch the ground, which is not permitted. It is not out of respect that they are flown at full mast.

Mr. and Mrs. Ray Don King and children of Childress spent Saturday night, Sunday and Sunday night with his grandparents, Mr. and Mrs. Buddy Morris, Mrs. Corky Morris and Celia Ann of Hereford visited the Morris' and Kings Sunday afternoon.

Mr. and Mrs. Elmer Richmond of Turkey spent Sunday with his brother and wife, Mr. and Mrs. C. P. Richmond.

Mrs. Luke Lane and Mrs. Jim Guest visited Mr. and Mrs. George Owens and Sissy Sunday.

Delores Sanders of Hedley spent Saturday night with her sister, Mrs. Jarrell Rice.

Thanksgiving, 1963

The following letter, written by a fifth grade student here in Quitaque, was mailed this week to the widow of the murdered President of the United States. While we might not agree to the fullest with her that President Kennedy was the best President the United States ever had, basically we suspect that she expressed the feelings of a great many Texans toward the crime that was committed here in the state we have always loved. Her feelings were expressed very simply, but direct and said better than most of us could say the same thing. We, the publishers of The Tribune, think the letter is worth printing for all of our readers to share. Neva Dale is the daughter of Mr. and Mrs. Murry Morrison.

Dear Mrs. Kennedy,

I am very sorry to hear about your husband. I think he was the best President the United States has ever had.

I am only in the fifth grade but I think that if a Texan killed him I am very ashamed. Please don't just hate Texas and Texans for that. The person who murdered him was probably insane.

I think he will go to heaven and be with God. May God bless you and your children.

Love,
Neva Dale Morrison

Quitaque will pause today in the midst of a busy harvest time to observe our traditional Thanksgiving Day along with the rest of our Nation. Most of the stores and shops will be closed today. The merchants and shopkeepers and friends wish for all of you a happy holiday. Their greeting will be found on the pages of The Tribune.

Although our holiday will be somewhat subdued in most parts, we do have much for which to be thankful. Although a shameful crime has been committed against our government, that government lives on and another leader steps forward to take command. We thank God to live in a land where we have capable men to assume command in an instant.

Our immediate vicinity has been blessed once again with bountiful harvests; we have good friends, a good town, good schools and best of all we can go to the church of our choice to worship a Heavenly Father in the way our conscience dictates with the finest people in the world—our own loved ones. Truly we have much for which to be thankful.

Guests in the home of Mr. and Mrs. J. W. Kimbell Sunday were Mr. and Mrs. Bobby Brunson, Mrs. Birtie Smith of Plainview, and Mr. and Mrs. Neal Smith, Jr. of Edmonson.

Mr. and Mrs. Johnny Cagle were in Amarillo Friday where Mrs. Cagle consulted her doctor for a check-up on her knee, injured several months ago. He gave her a good report.

S. G. (Pop) and Mrs. Clark of Wellington, Kan. were in Quitaque last week visiting friends. They visited Mrs. J. T. Bradley one afternoon while they were here.

JUNIOR HIGH TEAMS WIN TWO GAMES

(By Becky Berryhill)

Thursday night Quitaque Jr. High teams played Estelina Jr. teams there. Our girls were behind the first three quarters, but came out the winners, the final score being Quitaque 27 to Estelina's 23. Carrol Meyers showed us her best by netting 23 points. Sherry Stark made 4 points to round out the scoring. Lynette Taylor, who usually a forward, switched to guard and did a very good job. This year our girls are keeping fouls at a minimum, for they had only two in this game.

Quitaque boys won 44-19, making their season record now stand at 3 wins and no losses. At the end of the first quarter Quitaque led 14-0. Nestor Cavazos led the scoring with 11 points. Ervin Phillips was next with 10 points, Johnny Pointer scored 8 points, Lynn Payne and Roland Hamilton had 4 points each, Barry Johnson, Dwight Ramsey and Pablo Leal each scored 2 points, and Johnny Pointer rounded out the scoring with one point.

Local fans are urged to support both teams as they play in different tourneys.

MISSIONARY TO SPEAK AT CHURCH OF CHRIST WEDNESDAY

B. Shelburne will speak at the Church of Christ Tuesday evening, December 3, at 7:00 P.M.

Mr. Shelburne has just returned from two years mission work in Nysaland, Africa. He will speak on the work there and will show color slides. He is home for 6 months and at the end of that time he will return to Africa.

The public is invited to attend the lecture.

Bro. Earl Cantwell of Silvertown will speak at both services at the Church of Christ here next Sunday, December 1.

Mr. and Mrs. James Barefield and Joey attended the funeral services for the infant daughter of Mr. and Mrs. Dolan Hanna at Turkey Friday morning at the Hope Missionary Baptist Church. The Rev. Glenn Smith of Lubbock, brother of Mrs. Barefield, officiated. Mr. Smith returned to Quitaque with the Barefields and had lunch and a visit with them before returning to Lubbock.

Mr. and Mrs. A. C. Barrett visited their daughter, Mrs. Cecil Seane and her family in McLean last Wednesday.

Mr. and Mrs. George Boyles Marvin and Perry of Amarillo spent Sunday with his parents, Mr. and Mrs. Everett Boyles.

Panthers Continue Unextended

Quitaque's Pantherettes broke into the win column again last Friday night, taking a thrilling 47-46 win over the Hedley Owllettes, a team that had given the Pantherettes a 59-38 strapping at Hedley just a little over two weeks ago. In the second game of the evening the talented Panthers put down a stubborn Owl crew 89-67, a game that was much closer than the score would indicate.

The Pantherettes trailed the Hedley crew all of the first half, being down by 8 points, 8-16 at the end of the first quarter and 18-25 at half-time. The Quitaque team rallied quickly during the third quarter and knotted the count at 26-26, tied the count again at 32-32 and the locals were behind by one point, 34-35 at the end of three periods of play. The final quarter was a nip and tuck affair with the score being all even four times before the Pantherettes went ahead and hung on to pull out a very fine win.

The Pantherettes hustled all the way and deserved to win. They lost Donna Bedwell, who played her best game of the year before going out with five fouls late in the game and also Brenda Whittington via the foul route. Janice Dudley tossed in 31 points to lead all scorers, while Deborah McKay was runner-up in the scoring department for the locals. Jennifer Whittington netted 5 points to round out the scoring for the locals. Delores Sanders led the Hedley scoring parade with 24 points.

Other pantherettes seeing action during the contest were Charlene Bailey, Patricia Brunson, Barbara Reagan and Jill Johnson.

The Owls stayed within striking distance of the Panthers for three quarters before the locals iced the game away with a 21-point surge in the final frame and Coach King let his second team finish out the last two minutes of the game. Jim Saul sparked the Panthers with 24 points and Jack Johnson netted

21. For the Owls, Chesses was winning scoring honors for the evening with 26 points.

Tuesday night at Paducah the Quitaque teams split games once again, the girls losing 21-46 and the Panthers coasting past the Dragons 65-48 with the first team sitting out more than half the game.

It was a most frustrating night for the Pantherettes, who were ice cold in the scoring department, making only 4 field goals the entire contest, one each quarter.

Janice Dudley, who usually is good for around 30 points even on a "bad" night, managed only 13 points for the night. Jennifer Whittington was next with 5 points and Deborah McKay dropped in 3.

Although the Dragons looked like a different team than the one the Panthers handled with ease here last week, they were still no match for the Quitaque lads as Jim Saul dumped in 24 points to lead the scoring parade for the Panthers. Once again Coach Gene King let his second unit play the second half to get some valuable game experience.

Friday night the local teams go to Floydada and will play three games with the Whirlwinds of Floydada High.

The first game of the evening, starting at 6 o'clock will match the boys "B" teams of the two schools. Then in the usual order the Girls and boys "A" teams will square off.

There will be no games on Tuesday night of next week, but starting Thursday afternoon, both the boys and girls are entered in tournaments, the Pantherettes at Kress and the Panthers at Plainview, an event that local fans have been looking forward to with a great deal of anticipation.

The Pantherettes will play Bula at 12:00 noon Thursday in their opening round game. The winner of that game will play Lockney at 9:00 A. M. Friday. The loser of the Quitaque-Bula game will play Friday afternoon at 3:00 and their

opponent will be the loser of the game between Silvertown and Nazareth. Muleshoe is the other team in the same bracket as the teams already mentioned. In the other bracket, are Adrian, Hale Center, Hedley, Turkey and host team Kress. Consolation finals will be at 1:30 Saturday and finals will be at 7:30 Saturday for the girls.

The Panthers get into action Thursday afternoon at 4:15, and their first round opponent will be the Phillips Blackhawks. If the Panthers win their opening game they will play at 8 o'clock Friday evening, and their opponent will be the winner of the Tulia-Midland Lee game. Losers of these two games will meet at 3 o'clock Friday afternoon. Local fans will probably be able to see the games played by both teams.

The Panthers will be meeting some very formidable foes in the tourney at Plainview. In the bracket with the Panthers are Midland Lee, Tulia, Phillips, Levelland, Brownfield, Muleshoe and Plainview. Plainview will probably be the toughest team barring their way to the finals. They are the team favored to win their district.

The other bracket is made up of defending tourney champ McAdoo, Farwell, Borger, Pampa, Floydada, Littlefield, Abilene Cooper and Andrews.

Everyone know about McAdoo, of course, but where they will have the most trouble getting to the finals is not known by us. We note that Borger topped Tulia Tuesday night by 39 points and Pampa is usually tough.

The Plainview tourney will probably be the finest tournament to be played in West Texas this year and it is a feather in the cap of the Panthers to be invited to the tourney. McAdoo and Quitaque are the only two Class B teams invited.

Local fans believe that Quitaque has a team capable of playing in any kind of company, regardless of classification. We

Mr. and Mrs. Sid Bogan spent from Friday until Monday with their son, S. T., and family at Big Spring. They stopped in Snyder for a visit with the Burgess families. They saw all of them, including Lou Nell and her son. The Bogans' drove to Big Spring Friday night.

While in Big Spring the Bogans saw Mrs. Hubert Gilbert and Mr. Bogan talked to Hubert on the telephone. They returned to Quitaque Monday evening.

Mrs. C. T. Rucker, Jr. of Amarillo underwent surgery at Hubbard Hospital in Oklahoma City, Okla. Monday, November 25. Mary Pittman talked with her brother, C. T., on the telephone Tuesday morning and he reported that his wife was recovering well following surgery.

To Celebrate Golden Wedding Anniversary

The children of Mr. and Mrs. W. W. Merrell will honor their parents on Sunday, December 8, 1963, from 2:30 until 5:30 P. M. with Open House at the Merrell home, located in Floyd County about 8 miles south of Quitaque, in honor of their 50th Wedding Anniversary.

Mr. and Mrs. Merrell, who is the former Jennie V. McGowen, were married December 7, 1913 in the home of their

parents, Mr. and Mrs. L. H. McGowen at Flomot.

Mr. and Mrs. Merrell made their home with his mother, Mrs. Mary Frances Merrell at the site of their present home, following their marriage. They lived for a few years in the Cedar Hill community and at Haylake, between Quitaque and Silvertown, but moved back to their present home in 1935 and have resided there since that time.

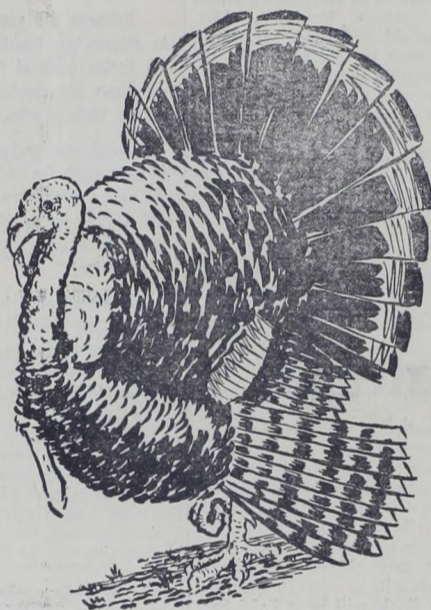

All of their children, along with their families plan to be present to help make the celebration a most happy one for Mr. and Mrs. Merrell. Their children are Mrs. J. P. Taylor of South Plains; Mrs. Wayne Pigg of Kress; Bob Merrell, Lone Star; Jake Merrell, Quitaque; Truman Merrell of Quitaque; and Mrs. Jack Douglas, Albuquerque, N. M. Two sons, Frank and Bill are deceased.

Wishes To You And Yours
For A Most Happy

Thanksgiving Day

This is a special time of year—a time set aside when all of us should remember to be grateful for the countless blessings that have been bestowed upon us as individuals, and upon our nation since the Pilgrims celebrated their first Thanksgiving.

Upon this occasion, the merchants and friends whose names appear below, join with the rest of the citizens of this nation in the humble thanksgiving for our many blessings. It has been a pleasure to serve so many individuals and families in this community during the past year . . . we are thankful we have been able to help in furthering the progress and prosperity of this area.

Moseley - Davis Vows Read In Home Ceremony

Mrs. James Monroe Davis (nee Wanda Moseley)

Miss Wanda Faye Moseley, 308 54th., Lubbock, daughter of Mr. and Mrs. A. D. Moseley of Flomot, became the bride of James Monroe Davis of 305 N. 10th., Lamesa in a 6:00 P. M. ceremony read Saturday, Nov. 23, 1963 in the home of the bride's parents at Flomot. V. D. Tiffin, minister of Jehovah's Witnesses, officiated in the exchange of vows in the double ring ceremony. Given in marriage by her father, the bride wore a gown designed and made by her mother. It featured a pagoda jacket of ivory lace over the brodered Alcega lace of velvet. The bride wore a simple camisole dress sweeping into a small train. Her head-dress was of black tulle attached to a sprig of white velvet and white flowers. Her flowers were white gladioli and lemon leaves. Miss Jana L. Jones of Lubbock was maid of honor. She was attired in a gold sequined jacketed A-line dress with a beaded of gold satin trim with a veil. Her flowers were a single bronze mum. Ben Lockhart of Gail Route

Big Spring, was the groom's only attendant.

A reception was held in the home immediately following the ceremony.

The couple left immediately for a trip to Mexico. For her going-away outfit, the bride chose a grey knit dress with red accessories, with a corsage from her bridal bouquet.

Mrs. Davis graduated from Flomot High School, attended Draughton's Business College and is a former employee of Pioneer Natural Gas Co. Lubbock.

The groom is a graduate of Klondike High School, attended Howard County Junior College and is employed by Stribling Spraying, Inc., Lamesa.

After their wedding trip, the couple will be at home at 305 N. 10th, Lamesa.

- Local Briefs -

Bro. G. B. Shelbourne of Amarillo was speaker at both services at the Church of Christ Sunday. He was dinner guest of Mr. and Mrs. Boone McCracken. Other guests were Mrs. Stella Wells of Colgate, Okla.,

and Mr. and Mrs. W. J. Carter.

Mr. and Mrs. E. E. Berry of Tulia were guests of Mrs. Gladys Wise Sunday. They attended services at the local Baptist Church.

Mr. and Mrs. Boone McCracken and Mrs. Stella Wells took Mr. and Mrs. Elton Shico to Tulia last Friday where they boarded a bus to return to their home in San Diego, Calif. after visiting several days here with relatives.

Mrs. Jerry Hamilton and Mrs. Patsy Martin and children were in Lockney Saturday to visit their grandmother, Mrs. H. K. Carpenter.

Mr. and Mrs. John Rogers were in Plainview Monday on business. They visited Mrs. Seburn Neatherlin in the Plainview Hospital and report that she is feeling fine following surgery for skin-grafting.

Mr. and Mrs. Rogers also visited Mr. and Mrs. Lafe Jones of Turkey, who is a patient in the hospital there. Mrs. Jones

had the misfortune of breaking her hip in a fall last Wednesday.

Miss Jimmie Dell Mayfield visited her parents over the weekend, school at W. T. S. U. being dismissed, and attended Methodist services here in the morning.

Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation
Wells Without Water—not a forecast but a grim possibility. This is not about a foreign land, but right here in Texas, so reports Jim Valliant, Associate Water Engineer of the High Plains Research Foundation.

Texas is faced with the possibility of "wells without water" unless soil and water conservation becomes more widely used. Can this be true of an area which produces 40 percent of the nation's grain sorghum, 16

percent of the nation's cotton, 60 percent of the nation's castorbean crop, and 90 percent of the nation's sesame? Look at some of the facts.

Wells that now pump 1,000 gallons per minute will be reduced to 800 gallons per minute; then 600 gallons per minute, and so on down. This trend is ALREADY evident—in 1950, 66 percent of the wells pumped over 700 gallons per minute. Also water levels have declined as shown by the fact in 1950 about 57 percent of the wells had a pumping lift of over 125 feet. Now in 1963, over 80 percent of the wells have a pumping lift of over 125 feet. This has increased the cost of an acre-foot of water from about \$7.00 in 1949 to near \$10.00 in 1962. This increase has occurred even though pumps and motors are more efficient and fuel is cheaper.

It takes a good productive soil to grow high yielding crops, and in turn, good soil without water is unproductive. Producers cannot continue to irrigate sloping lands down the slope. Not only are they wasting water, but they are removing topsoil by erosion. It has taken nature hundreds of years to build this topsoil that can be removed by man in a few short years. Land forming can be practiced by man to improve the soil, or it can be neglected until the land is unproductive.

Results from three years of testing at the High Plains Research Foundation show land forming by parallel bench levelling will not only eliminate erosion and reduce water use, but will also increase yields and net returns. The bench-levelled land yielded 1,000 pounds per acre more and netted \$20.00 per acre more than sloping land on 50 percent less water with grain sorghum. With cotton, the bench produced 48 pounds of lint more per acre on about the same amount of water. However, there was no run-off on the benched land, thus no erosion or waste water. These benches also trapped and held rainfall, again preventing erosion and making more efficient use of the rainfall.

More efficient irrigation and land formation are closely related. However, there are several steps that can be taken for more efficient irrigation under all land conditions. On sloping land, cutback irrigation can be practiced except on Pullman soils. Cut-back irrigating is irrigating until the row is out, then rather than continuing to irrigate at the same rate and allow the water to run out the end of the field, cut-back the rate of flow so that the water will be absorbed before it runs out the end of the row. Contour farming will also reduce erosion and run-off. Timing of irrigation according to the stage of plant development, which is in balance with correct amounts

of fertilizer, will increase irrigation efficiency and net returns. For example, an irrigation at preboot on grain sorghum will return higher yields than an irrigation earlier, or at boot stage. An irrigation at first flower on castorbeans will produce higher yields than an irrigation earlier or waiting until first fruit. Cotton irrigated at first square will usually reduce yields, thus making less efficient use of irrigation water. All of these things together with land forming are essential for more efficient use of irrigation water and rainfall.

Artificial recharge of surface water to the underground formation is the best way of utilizing lake water. A recharge well is in reality a multi-purpose well as it serves more than one or two purposes. It is, first of all, an irrigation well which serves as a source of water whether the lake contains water or not. Secondly, it is a recharge well which will drain a lake, making the lake available to put into a row crop or grazing program.

Jim Valliant states that recharge or multi-purpose wells do have to be installed and maintained correctly. There is some work involved in a proper recharge program, but the end results justify this.

The "life" of the High Plains WATER—can be prolonged if better land and water management, more efficient irrigation and artificial recharge is practiced.

Palmettos along the Rio Grande caused the Spanish discoverers to name the river "Rio de las Palmas."

Coconut palms can be grown near Brownsville.

Date palms are very susceptible to foliage disease in South Texas.

COTTON VOTE CHOICES DEFINED

College Station, Nov. 27—The meaning of a "yes" or "no" vote in the Dec. 10 referendum on cotton marketing quotas has been explained by W. L. David, Chairman, Texas Agricultural Stabilization and Conservation Committee. All farmers who engaged in the production of upland cotton in 1963 are eligible to vote in the referendum.

The chairman explains the basic program choices as these: First, if at least two-thirds of the growers who vote in the referendum approve of quotas, then the quotas will be in effect

CARDS OF THANKS

We don't have the words to express our deep appreciation to our friends for the things they have done for us since the accident.

We sincerely appreciate your concern, the many visits made to the hospital, the cards and flowers you sent, and your most generous gift. Your prayers have meant much to us. We never know how many friends we have until trouble comes and that, of course, is when they are needed most. We do deeply appreciate your every kindness and we will ever be grateful for every single deed of kindness.

Mr. and Mrs. Seburn Neatherlin for the 1964 upland cotton crop. Also, marketing penalties will apply to any 'excess' cotton produced on a farm, and price support at a level within the range of 65 to 90 percent of parity will be available to farmers who comply with their farm acreage allotments, he says.

On the other hand, if more than two-third of the growers who vote oppose the quotas, then there will be no quotas and no penalties applicable to the 1964 upland cotton crop. Then price support to farmers who comply with their farm acreage allotments will be available at 50 percent of parity, as directed by law.

Allotments are not affected by the outcome of the balloting, David says. They will remain in effect, whether or not quotas are approved, as a means of determining eligibility for the available price support.

David pointed out that, while

the Secretary of Agriculture is directed by law to proclaim quotas for the next crop when the total cotton supply exceeds normal, it is the growers themselves who decide whether or not quotas shall be used.

Allotments for individual farms will be made available to growers prior to the December 10 referendum, the Chairman said.

Next Sunday begins another Christian Year, and the first season is Advent, representing the looking forward of the coming of Christ. The titles for next Sunday morning's sermon is "One Troublemaker Promises Another," based on Luke 23:39-43, to immediately precede the communion service; in the evening the sermon title is "Look Ahead to Jesus," the Scripture being Isaiah 35. It is hoped that the attendance, which was good last Sunday, especially in the two morning activities, will continue in this way, and even better.

The district conference is being held this year at Sudan. Dr. J. E. Shewbert of Plainview will preside. Rep. Melvin R. Mathis is serving on the committee on ministerial qualifications. E. J. Hamilton is a district trustee, and this position, along with his local job as lay leader, entitles him to be an ex-officio delegate. Others in this category are: district steward, N. V. Hamilton; delegate to annual conference, Mrs. Geneva Curtis; W.S.C.S. President, Mrs. Grady Starkey; and the Church School Superintendent, J. M. Davidson.

The official board has designated John Ewing as elected delegate to district conference. Reserve delegate is Ollie Nall.
