Much Interest Here In Football Playoff Games

Quitauque football fans have more than passing interest in the state championship games that will be played here in Texas Saturday.

In the big school game which pits Borger against San Antonio Brackenberg, Gene Mayfield, son of Mr. and Mrs. Jim Mayfield, is the head coach. In the next classification, 3 - AAA Dumas takes on Pharr - San Juan - Alamo. Mr. and Mrs. Joe King have a son who is a regular starter on the defending champion Demons, while Venoi Cain, son of Mr. and Mrs. W. W. Cain is a member of the coaching staff of the Pharr - San Juan - Alamo team.

Earl Lee Woods has been very ill this week. He became ill at M.Y.F. Sunday afternoon and Monday he didn't feel good. By Tuesday his temperature had become very high and his mother took him by ambulance to Tulla where Dr. Stewart determined his illness to be scarlet fever. After a hypodermic of penicillin he came home and is feeling good. Before the discovery of penicillin, the disease was a dread to have, but penicillin kills it immediately. Those exposed were asked to take a "shot" and they will not contract the disease.

since moving there. His teams have won the district championship 4 out of the 5 years he has been there. Borger had never won a district championship before that time. The Borger teams were beaten in Bi-district the other three times by the Wichita Falls Coyotes, who went to the finals each time and won the State Championship last year.

Quitauque Cleaners Is Latest Burglary Victim

The third recent burglary of stores here in Quitauque happened last Sunday night.

At last report owners Mr. and Mrs. James Brunson had been able to find three suits of men's clothing missing from the shop. Entrance was gained by prying open a back door.

The burglary had a sort of a peculiar twist. The robber or robbers picked suits of three completely different sizes and also took garments from a bag and left some. One of the bags had a suit and an odd pair of trousers; the thief took the coat and odd pants and left the suit trousers.

The suits belonged to Jimmy Davidson, a tall heavy fellow; another one belonged to Maynard Wilson, a short stocky fan and to Susie Wynn, who is a slender man of medium height.

At latest report no clues had been found.

Dolores and Sammie Sanders of Hedley spent the week-end with their sister, Mr. and Mrs. Jarrel Rice and Mike. Another sister, Mr. and Mrs. Billy Wiggins of Lubbock visited a short time Saturday night and also Kenneth Howston of Canyon.

Dickie Johnson has been on the sick list this week. His mother, Mrs. Ober Johnson, took him to Matador to the doctor where it was determined he had an ear infection. He was better at the latest report.

FOR THE CENTER OF THE SOUTHWEST

Today, America's business leaders know more about the Center of the Southwest than they did a year ago.

That's because we have promoted the business and industrial advantages extensively throughout the year.

Our promotional efforts have reached attentive eyes and ears too.

So much so that we are encouraged to continue our area development program in 1963 with added enthusiasm.

So much so that this is, in reality, a Merry Christmas for The Center of the Southwest—the region that faces GROWTH UNLIMITED.

Barbie Tree Latest Christmas Wish Of Nation's Pre-Teen Girls

One Christmas tree that's guaranteed to have all its "decorations" down and in more functional use by early Christmas morning is the "Barbie Tree", newest gift wish of America's pre-teen girls. For uninitiated parents, who are usually just slightly behind their rushing daughters, a "Barbie Tree" consists of an ordinary Christmas tree topped by Barbie, the famed teenage fashion doll and decorated with some of her more than 100 stylish outfits. "Barbie Trees" are expected to come in all sizes and vary as to number of decorations this Christmas, but predictions are that nearly five million little owners of the Mattel, Inc., doll will show a high degree of excitement at this new, novel and welcome Christmas present.

Tips For Christmas Shoppers

FOR THE MAN

At heart every man is a Beau Brummel, but sometimes it takes a wise Mrs. Santa Claus to bring out this side of him. And as for the junior male, Christmas is a "natural" for early orientation to the "well-dressed, best-dressed" look.

So whether he's tall, dark and handsome or short, friendly-looking and a bit too plump, check your list and make sure you give him something he can wear.

That shirt you have jotted down for your favorite guy can be one of the most handsome he's ever owned; this year the variety of shirts is both extensive and exciting.

Dress shirts come in fabulous fabrics that wash and iron easily and fit smoothly; white continues most popular but blue, linen, bamboo and eggshell are favored colors. Soft greys, tan-olive and grey olive are also being shown.

And, there's a "more-collar" look to the shirts with spread, pinned collar and button-down collar taking on more width.

Bright colors and collars are not only newsy notes about new sport shirts - casual shirts are coming in in loads of zipper-fastened placket pullover styles instead of the more traditional buttoned ones. Knitted shirts, jacket shirts and cut-and-sewn shirts, all boast a host of autumn foliage colors, stripes of all kinds, textures and weaves, plaids, and more raglan sleeve stylings.

All Tastes

There's a just-right-for-your-guy shirt, available for gifting, no matter what his tastes.

Ankle-length or over-the-calf "executive" length socks are ideal gift for the masculine names on your gift list, too. Patterns are generally neat and unobtrusive; there are many more patterns and types of stretch socks (cheers from those who don't know sizes) and, for more comfort, many of the socks are knitted with a terry-like sole cushion (formerly only in sport socks) - now a welcome dividend in dressy socks.

If your guy is a "sweater man" - here's a quick countdown on the Christmas knitwear blast-off:

The New Look In Door Decorations

The postman won't have to ring twice if you give him some extra space for your Christmas mail. Make your own decorative and practical mail and calling-card holder in three easy steps: Cut red or green felt in the shape of a Christmas tree - whatever size fits your door. Then make pockets as shown by cutting and sewing strips of felt on to the tree. Glue gold braid on all the edges, wire or sew on sequins, pine cones and ribbon. This decoration, designed by Pine Cleaner Information Center, does indoor duty too - at hearthside, in the window or tacked to the wall.

ranging from big, bulky stitches in wools and man-made fibers to almost lacy-looking knits of luxurious alpacas - sweaters hit a new high in fashion.

Pullovers, cardigans, ski-influenced patterns, high V-necks, turtle-necks - all are in - there are more zipper closings on sweaters, too. For the outdoorsman, parka and hood styles help chase the chills.

For a headline gift, you don't have to buy the hat yourself. Hat manufacturers are constantly coming up with clever presentation ideas for their hat certificates. These gift tickets come in pert miniature hat boxes, clever mugs and other novelty items a man can use long after he's selected his hat.

Farm-accident fatalities are not declining in proportion to the de-

cline in farm population, according to studies made by the U. S. Department of Agriculture. In calling attention to the report, the Texas Farm and Ranch Safety Council said, "We can no longer take safety for granted because the ever-increasing use of machinery, electricity, chemicals and other labor saving devices and materials make training in safety a must for farm people. The safety record of agriculture can stand a lot of improving and it is up to those in the industry to do something about it."

Sixty-eight Texas counties have had increases in scholastic population ranging from 30 percent to 202 percent during the past ten years.

There is a special hope that rings through the Church at this time of year - that we each one may make "Christmas for Christ."

May our prayer for Christmas be:

O Father, who hast declared thy love to men by the birth of the holy Child at Bethlehem; help us to welcome him with gladness and to make room for him in our common days, so that we may live at peace with one another and in good will with all thy family; through Jesus Christ our Lord. Amen.

Baptist Church Notes

A group of Sunday School and Chapel Choir members journeyed to Plainview Monday evening where they had dinner, then went caroling. One of the homes where they were caroling was the home of Jim Holt, a former coach in the Quitaque Schools a few years back.

After the caroling, the group attended the Christmas Concert given by the International Choir of Wayland College under the direction of James Cram. They report the Concert as very inspiring.

They saw David Hill, music director of the local Baptist Church, and he had been chosen as class favorite of the Junior class at Wayland College last evening during a banquet held there. They also saw Sharon Bailey, a local girl attending school at Wayland. Those enjoying the evening in

Plainview were Mr. and Mrs. O. R. Stark, Jr., Mrs. Ober Johnson, the Rev. Roy Davidson, Donna Bedwell, Yvonne Matthews, Linda Gowin, Janette Bailey, Marilyn Hutcheson, Jim Saul, Dewayne Smith, Darrell Payne, Jamie Johnson and Venus Gillespie.

The group made a date with the International Choir to come to Quitaque in March and the community can be looking forward to their visit.

Steel Exhibit Debuts At Chicago Museum

CHICAGO — "Showcase For Steel," one of the largest and most colorful permanent exhibits ever displayed at the Museum of Science and Industry, was unveiled this month.

Presented by American Iron and Steel Institute, the exhibit was designed to tell the story of "this nation's steel industry, its products and its people." Museum President Lenox Lohr said that the exhibit occupies 15,836 square feet on two floor levels linked by a specially built speedramp. He also disclosed that American Iron and Steel Institute has spent more than three years in planning and executing what he termed an "imaginative and original exhibit."

The exhibit encompasses a wide range of features to suit and interest every age and taste. Included is an ultra-modern home of steel complete with patio garden and swimming pool. There also is a simulated "trip to the moon" with animated rocket countdown.

Miniature operating models of open hearth furnaces and a slabbing mill tell the story of the steel industry at work. Through the use of motion, plus special lighting and sound effects, they seem to perform authentic operations.

Record Year Seen For Newsprint Use

NEW YORK — Newsprint consumption in the United States is headed for a new record this year, according to Newsprint Facts, publication of the Newsprint Information Committee.

In every month through September, usage was more than in the corresponding month of 1961. The nine-month total was 3.5 percent ahead of consumption at the end of last year's third quarter.

If this advance continues at the same rate, consumption will total 7.6 million tons for 1962. The previous record was 1960, when 7.4 million tons of newsprint was used in the United States.

Much of the increased tonnage was thought to be due to circulation growth.

Also, newspaper advertising was running 1.6 percent ahead of last year as of October 1.
