Congressman Walter Rogers' Newsletter

THE RICH VARIETY OF OUR PANHANDLE

Washington newspapers devoted long articles (and a page one photograph) to the blizzard that swept the Panhandle last week. The stories revived the well-known libel that only a barbed-wire fence separates the Panhandle from the North Pole. I wish the Eastern papers would say a good word for our weather when it's ideal—as it is most of the time. But the fact that the Panhandle receives such widespread attention as it did last week points up one of our regional advantages: Although it's a part of Texas, the Panhandle is regarded by the rest of the country as a place so special that it has its own separate identity. Few other regional areas can make that claim.

Our 18th Congressional District is comprised of 28 counties totaling 27,500 square miles, an area large enough to contain 22 Rhode Islands with room to spare. The 18th District is an area larger than any of ten of the Union's 50 States (Connecticut, Delaware, Hawaii, Maryland, Massachusetts, New Hampshire, New Jersey, Rhode Island, Vermont, and West Virginia). Four of the 28 counties are each larger than the State of Rhode Island (the county of DeWitt, DeWitt, Hartley, and Oldham). Into the 18th Congressional District could be placed at one time the entire States of Delaware, Massachusetts, New Jersey, Rhode Island, and Connecticut—States represented in the House by a total of 36 Congressmen—with room left over for half of Hawaii. The District is half as large as Georgia, one-sixth the size of California, nearly as large as the State of Indiana.

The diversity of the Panhandle's rich agricultural productivity points up the variety of interests of the 18th District's people. In abundance we produce wheat, grain sorghums, vegetables, cotton, sugar beets, cattle and other livestock. The problems facing the producers of each are not identical. Approaches to the matter of government controls on agricultural production vary widely, even among producers of the same crop; in the wheat referendum last spring percentages of "yes" votes ranged from 20.5 in one county at the north end of the District (Sherman) to 80.2 in one county to the south (Cottle). The challenges to our irrigation farmers are not the same as those faced by farmers dependent on rainfall. While population is increasing in the larger cities and towns in the District, population is declining in rural areas and some of the smaller towns. Proposed solutions to the resultant economic

problems are varied, as are the views on ways in which the Federal government should or should not be of assistance. The Canadian River Project will help meet the municipal-industrial water needs of the District's three largest cities — Amarillo, Pampa, and Borger—but smaller cities, particularly those in the Eastern Panhandle, face water problems for which solutions are still being sought. The interests of big city wholesalers and small town retailers are not necessarily the same in legislation affecting commerce. Railroad men and truckers often hold opposing views, as do men affiliated with labor organizations and men who are not.

On any given legislative issue coming before the Congress, it is possible to find within the 18th Congressional District of Texas sincere and vociferous advocacy on all sides.

The late, great Speaker of the House of Representatives, the Honorable Sam Rayburn, told me many times that he knew of no District in the United States with such wide, varied, and divergent interests, and that very few pieces of legislation came before Congress that did not have some impact directly or indirectly on our area. I think this points up the fact that the Panhandle community is called "Cousins Home" — a section in which the people are fiercely independent, desirous of being self-sufficient, but fully realizing because of the problems of their own neighbors the many different trials and tribulations that beset mankind in all walks of life. Whether the matter before the Congress is a bill concerning the interests of trucking industry along the Atlantic Seaboard, the building of a power dam in the far reaches of the Northwest, irrigation in the Imperial Valley of California, coal research and development in Pennsylvania, the citrus crop in Florida, the supply of gas in New York City, the texture of a steak in a Canadian restaurant, the supply of carbon black in England, the chicken problem in the Low Countries, the import question on beef, recreational facilities at a water hole, the moon program, outer space activities, and a thousand others, the Panhandle of Texas has a vital interest. After these there are many local problems that daily affect the lives of our people—information need for a school debate, assistance in getting word to a serviceman overseas of an emergency in his family, helping to get someone on the right track in applying for a Federal license, assisting in passports, small business loans, government contracts, housing, on and on, ad infinitum. In other words, the Panhandle has it all.

Junior Hi Teams Close Very Successful Season

(By Becky Berryhill)

Thursday night of last week the Quitaque Junior High teams closed out their regular season by downing the Bear Cubs of Estelline.

The girls game was close all the way as they were tied several times. The Pantherettes were behind with eight seconds to play and one second before the final buzzer sounded Sherry Stark shot and made it and Quitaque won 23-22. Sherry captured scoring honors for the

Pantherettes with nine points. The Pantherettes wound up their season with ten wins and two losses.

The Panthers were behind 1 point at the end of the first quarter but came back strong in the second to take a lead of 14 points at the half. The final score was 37-14. Ervin Phillips netted 13 points in taking scoring honors for the Panthers. The Junior High Panthers ended the season undefeated with 12 wins.

Service Held Monday For Ray Ferguson

Funeral services for Ray Ferguson, 52, were held in the First Baptist Church here Monday afternoon at 3 o'clock with the pastor, Rev. Roy Davidson officiating. He was assisted by the Rev. Melvin Mathis, pastor of the Methodist Church here.

Funeral arrangements were under the direction of Roberts Funeral Home and interment was in Rest Haven Cemetery.

Pallbearers were Pete Blankenship, Murry Morrison, Leroy Hamilton, Johnny Cagle, Odell Johnston and Jimmy Baird.

Mr. Ferguson died about 11 o'clock Saturday morning, February 8, in the cafe that he operated, a victim of an apparent heart attack.

Mr. Ferguson came to Quitaque with his family in 1950, coming here from Arkansas. He engaged in farming until two years ago when he bought the Fine Foods Cafe, which he has operated since that time.

William Ray Ferguson was born December 12, 1912 in Arkansas. He was the son of Mr. and Mrs. M. F. Ferguson.

He was married to Miss Fannie Wilcher at Bakers Spring, Arkansas, December 20, 1932.

Survivors include his wife of the home; three sons, Bill and Vernon of Lubbock and Kenneth Ray of Huntsville; three daughters, Mrs. J. T. Rivers, Mrs. C. A. Jobe and Mrs. Gady Lee Jacobs, all of Amarillo; three sisters, Mrs. Frank Baker, Waldron, Ark., Mrs. Tom Henderson, Blythe, Calif., and Mrs. George Miller, Quaker State, Penn.; and 13 grandchildren.

HOME ON LEAVE

Lt. and Mrs. Verlon Hamilton arrived Wednesday night from Fort Estes, Va. for a 15-day visit with his parents, Mr. and Mrs. Leroy Hamilton and family. Verlon will report back to Ft. Rucker, Ala. for duty where he will begin flight training.

Mr. and Mrs. R. L. Brunson, Mrs. Peggy Hadaway, Mr. and Mrs. Truman Hadaway, Mr. and Mrs. Raymond Hamilton and Mr. and Mrs. Deloy Myers were visiting in Amarillo Sunday.

Alpha Mae McFall

☆☆☆

(AHTNC) — Army Specialist Five Alpha M. McFall, daughter of Mr. and Mrs. Sid O. McFall of Quitaque, has received congratulations and a certificate of achievement while serving with the Women's Army Corps Detachment at Camp Zama Japan. She received the award for her outstanding performance of duties as an administrative specialist in the detachment. She entered the Women's Army Corps in November, 1957 and arrived overseas on this tour of duty in May, 1962. Specialist McFall is a graduate of Quitaque High School.

Alpha McFall and Helen Keller of San Francisco, Calif. spent Tuesday night with Alpha's parents, Mr. and Mrs. Sid McFall. They were enroute to Alabama to attend an officers graduation exercises. They plan to return Monday or Tuesday of next week. Alpha is out of service, having completed her tour of duty January 16.

Mr. and Mrs. Buster Chadwick were in Plainview Thursday on business, and Mrs. Chadwick visited her new nephew, baby son of Mr. and Mrs. Guy Paul Smith.

Mr. and Mrs. Ray Carpenter of Ruidosa, N. M. are visiting their daughter, Mrs. Jerry Hamilton and family for several days.

Mrs. C. H. Hamner spent last week in Tulia with her daughter, Mrs. Gerald Imel and family.

Feed Grain Program Benefits Explained

Growers who participate in the 1964 feed grain program will have definite advantages over growers who elect not to participate, according to Louie Kitchens, Chairman, Agricultural Stabilization and Conservation County Committee.

First, he explained, the participating grower earns a diversion payment for reducing his 1964 acreage of corn, barley, or grain sorghum, thereby assuring himself of a substantial income from the diverted acres regard-

less of drought, flood, insects, hail, or crop disease.

This is also true of the price support payment which is made on the acreage planted in 1964 to one or more of the three feed grains — no matter what disposition is made of the crop, the price support payment is assured.

Third, price support loans and purchase agreements will be available on a participating farmer's entire 1964 production of the three feed grains.

If the participating farmer requests it, an advance payment of part of the diversion payment will be made at the time

of signing up or as soon as possible after that time.

Growers take part in the feed grain program by diverting at least 20 percent of the farm's feed grain base acreage into an approved conserving use and carrying out other provisions of the program. If more than the minimum acreage is diverted, a higher rate of payment will apply.

The minimum rate of payment is based on one-fifth of the county's total price support rate; the maximum or higher rate is based on one-half of the support rate.

Farm operators may file applications to take part in the 1964 feed grain program at the ASCS County Office. The sign-up period extends from February 10 through March 27.

Former Flomot Resident Buried At Canyon

Funeral services were held in the First Baptist Church at Canyon last Friday for John Bourland, 49 who was killed on Wednesday of last week near Amarillo when his pickup was hit by a train.

The accident occurred as he was trying to get his pickup out of a snow bank and backed across the tracks into the path of an oncoming freight train. Three companions who had helped Bourland get his pickup out of the snowbank, said that he apparently never saw the train.

Bourland, a resident of the Bushland and Canyon area for the past 20 years, lived on a farm about 5 miles south of Amarillo at the time of his death.

He was well known in this area, having been born and reared at Flomot. He was born May 15, 1914 at Flomot.

He is survived by his wife, Genelle of the home; one son Roland, of the home; two daughters, Judy Burkett of Canyon and Marilyn of the home, his mother, Mrs. Finis Bourland of Flomot; two brothers, William of California, and Wilson of Lubbock; four sisters, Mrs. Frank Watson of Hereford, Mrs. Irene Brown of Adrian, Mrs. Bud Simpson of Northfield, and Mrs. Luther Green of Matador, and one grandchild.

His wife Genelle is Mrs. D. J. Anderson's sister.

Mr. and Mrs. Thomas Phelps of Amarillo have announced the arrival of a baby son, born on Wednesday, February 5, in Northwest Texas Hospital. He weighed 5 lbs. 12½ ozs. Mrs. Phelps is at home and feeling fine but the baby is in the hospital for a few more days. Mr. and Mrs. Delbert Phelps of Quitaque and Mr. and Mrs. Frank Thompson of Clarendon are the grandparents. Mr. and Mrs. Phelps and Robert visited the Thomas Phelps and baby Sunday.

Local Teams Close Out Regular Season Winning Last Six Games

District Tournament Underway

Quitaque's High School basketball teams wound up their regular season schedule Tuesday night at Lakeview, and wound up on a high note, winning both ends of the double-header.

The Pantherettes clipped the Eagletes wings 56-49. Patricia Brunson, the freshman Pantherette for whom great things are predicted, won scoring honors for the night with 24 points. Deborah McKay, a junior who will be back next year, had one of her better nights scoring-wise, hit some very pretty shots to rack up 16 points and Janice Dudley, who had her troubles from the field, nevertheless hit 8 of 10 free throws and added 4 field goals for 16 points also. The guards were doing a good job on the Eagle forwards in spite of being banged around in the process. Charlene Bailey and Jennifer Whittington went all the way at guard, while Donna Bedwell, who was hustling as usual and playing a good game until she came out second in a head-bumping incident and had to sit out the rest of

the game. Jill Johnson, another freshman who normally plays forward, subbed in for Donna and did a good job.

In the second game of the night the Panthers took an easy, but not very impressive, 79-33 win over Teddy Bedwell's hustling little bunch of "shorties."

Jack Johnson hit for 34 points for the Panthers to lead in that department. Bobo Morrison was runnerup with 12 points.

Last Friday night the local teams hosted the teams from Matador High and Quitaque won both of those games, with the Pantherettes taking a one-point squeaker, 42-41 in a game that was not very close until midway of the final period when Matador tied the count at 36-36. During the third quarter the Pantherettes led by 14 points at one time, only to see Matador put on a terrific rally and almost pull it out. The Matadorettes, in fact, had a chance to send the game into overtime, but failed. Time ran out with Quitaque ahead 42-40, only to have a foul called on

Quitaque at the buzzer. The Visitor's Janna Crenshaw had a 1 & 1 situation, made the first shot and missed the second to end the game.

Janice Dudley won scoring honors in this one with 20 points.

As the regular scheduled ended the Pantherettes wound up with 7 wins and 3 losses in district competition, tied with Estelline for second place. Matador and Lakeview are tied for third.

The Panthers, who had a little trouble with the Matador in their first meeting, managing to win by only 20 points, had less trouble in this their second outing, as the locals rolled to a 91-49 margin behind Jack Johnson's 31-point barrage. Jim Saul found the scoring range in this one for 18 points before going out with a leg injury.

The Turkey Turkettes won over Estelline Tuesday night to take over undisputed possession of first place in the regular season schedule. The teams who are tied will have to flip a coin

to determine how the brackets will be arranged for the district tournament, which will be held for the girls on Feb. 20-21-22.

The Panthers wound up their regular district schedule undefeated for the third straight year. The boys district tourney begins tonight (Thursday) in the Estelline gym at 7:00. The first game matches Lakeview and Flomot and at 8:15, Turkey meets Estelline, Number 1 Quitaque and Number 2 Matador drew byes into the second round of play. At 7:00 Friday Quitaque meets the winner of the Flomot-Lakeview game and at 8:15 Matador plays the winner of the Turkey-Estelline contest. Friday night's winners will meet Saturday night at 8:15 for the District Championship. Friday night's losers will meet at 7:00 Saturday night for the third place trophy.

The girls district tournament will also be played at Estelline, this tournament starting next Thursday, February 20. Pairings will be made after coin flips between the teams that are tied.

Guests in the James Barefield home over the week-end were her brother, Glenn Smith and family of Lubbock and the Barefield's daughter and her family, Mr. and Mrs. Jesse Rivers and children of Amarillo.

Mrs. Jerry King and son, Mark, of Silverton, and her mother, Mrs. Powell of Odessa, visited Mrs. Buddy Morris Saturday morning of last week.

Mr. and Mrs. Stewart McCracken and family of Tulia spent Sunday with her mother, Mrs. Estelle Davidson.

Mr. and Mrs. Buster Hanna of Turkey visited Mr. and Mrs. James Barefield Monday afternoon.

Mrs. Buddy Morris and Mrs. Lela Overstreet visited Mrs. M. T. Witcher in the rest home at Lockney Saturday.

Mr. and Mrs. Ray Don King and children of Childress spent Sunday with his grandparents, Mr. and Mrs. Buddy Morris.

Mr. and Mrs. Lawrence Bed-

well and Birt Lane and boys of Plainview visited friends and relatives here Saturday.

Dinner guests in the Leroy Hamilton home Sunday were her sister and family, Mr. and Mrs. Clint Hicks, Treva, Brenda and Darwin, Mrs. Wreathel Andress, and Chadene Richards of Lubbock, Lt. and Mrs. Vernon Hamilton and Mrs. Joe Woodruff. Afternoon callers were Mr. and Mrs. Bobby Brunson and children and Mr. and Mrs. Earl Hamilton and children.

Mr. and Mrs. Clint Hicks and children of Lubbock spent Saturday night with her mother, Mrs. Joe Woodruff.

Mrs. Cecil Boyles of Paducah spent Saturday night and Sunday with her daughter, Mrs. Preston Price and family.

Mr. and Mrs. Bill Henshaw and family of Seymour spent Friday night with her sister, Mrs. Denver Anderson and her family.

Mrs. Gladys Wise spent last week in Amarillo with her daughter, Mrs. Richard Tibbetts and family, Mary Ollie Persons returned here to Tulia where they were met by Mrs. W. E. Schott of Silverton, who returned Mrs. Wise to Quitaque.

Mr. and Mrs. Truman Hadaway of Turkey and Mrs. Peggy Hadaway spent Sunday night in Amarillo with relatives.

Mr. and Mrs. Vance Robison and girls, and Stephanie and Laqueta Chadwick visited Mr. and Mrs. Guy Paul Smith and family at Plainview Sunday.

Mr. and Mrs. Elmore Pointer and Mr. and Mrs. H. B. Finney were in Plainview Saturday on business. The Finneys visited their daughter, Mrs. Ronald Kaiser and family, also.

Mr. and Mrs. Ray Persons recently visited her aunt, Mrs. Kate Beauchamp at Shamrock. Mrs. Beauchamp will be 95 years of age on March 15. She makes her home with her son, Rev. Frank Beauchamp, who is pastor of the Methodist Church there and was pastor at Silverton at one time. Mrs. Beauchamp is still able to read her Bible and is active for her age, Mrs. Persons said.

Mr. and Mrs. Ray Persons visited her mother, Mrs. M. T. Witcher, and Mrs. H. K. Carpenter in the rest home at Lockney Sunday. They also visited Mrs. Leroy Stone in the hospital there. They drove on to Plainview for a visit with their son, Tom and family.

Mr. and Mrs. Persons report that their son, Amos, has been allowed to return to his home from the hospital after his recent accident and is recuperating satisfactorily.

Mrs. Gaston Owens was pleasantly surprised Monday night when a group of friends and relatives dropped in to help her celebrate her birthday. Mrs. Geo. Owens baked her birthday cake and refreshments of cake, coffee and cold drinks were served to Mr. and Mrs. Bud Bailey, Mr. and Mrs. James Barefield and Joey, Mr. and Mrs. George Owens and Sissy, and Mr. and Mrs. Dwain Henderson of Silverton.

Several games of 42 were enjoyed by the group.

Mrs. Mary Pittman spent from Saturday, Feb. 1 until Thursday, Feb. 6, in Abilene with her son and his family, Mr. and Mrs. Richard Pittman and girls. While in Abilene she visited Rev. and Mrs. James Holman and family, who are doing well and report that they look forward each week to receiving The Tribune in order to keep up with their Quitaque friends and sent their regards to everyone here. Mrs. Pittman reports a very good visit in Abilene.

Mrs. Vance Robison and girls visited her parents, Mr. and Mrs. Guy Smith and attended to business in Turkey Monday afternoon.

Mr. and Mrs. G. H. Thomas of Silverton visited their daughter, Mrs. Odell Jonnston and family Saturday.

Although they were already in bed, Mrs. J. W. Harvey was pleasantly surprised Tuesday night of last week when the telephone rang and she answered it to find that it was her sister-in-law, Prudie Cahoon, calling from Torrance, Calif. to inquire about the welfare of the Harveys. Mrs. Cahoon had watching the television report and pictures on television of the snow storm of Amarillo and vicinity and she was concerned about the Harveys.

Mr. and Mrs. Calvin Helms of Rotan spent Sunday night, February 2, with his brother, Bill and Mrs. Helms.

Joel Wassam of Wichita, Kan. visited in the Bud Bailey home Saturday.

Mr. and Mrs. Bud Bailey and Sharon were in Silverton Monday morning. Sharon had surgery on her hand last week and she was back for a check-up.

SCHOOL TEACHERS SALARIES IN TEXAS BELOW NATIONAL AVERAGE

Austin—Texas public school teachers will receive a salary almost \$600 below the national average—and Texas will drop to 29th place among the states in salaries paid teachers.

That was the statement today by Mrs. Elizabeth Little of Corpus Christi, state president of the Texas State Teach-

ers Association. She based her statement on an annual national survey by the National Education Association. "Estimates of School Statistics, 1963-64."

Nationally, the average salary for teachers is estimated to be \$5,963 for the current school year. In Texas the figure is \$5,390.

This drops Texas to 29th position among the states. It is down from the 24th position Texas held temporarily after the last statewide teacher pay boost was provided effective for 1961-62. There is danger that the state will slide farther behind.

The total amount spent for each school child—including teacher pay—is one measure of how well a State supports education. And here again Texas is below average.

All 50 states will spend an average of \$455 for each public school pupil in attendance this year; Texas will spend only \$387. This puts Texas in a tie with Vermont for 35th place.

"These are just some of the reasons that TSTA will ask the 1965 Legislature to provide a \$45 per month increase in the minimum salary for teachers," Mrs. Little pointed out.

Such a salary increase could not be effective before the 1965-66 school year, the TSTA president noted. Meantime, other states will continue to make improvements and it is probable that Texas will again be near the 34th position it held on teacher salaries before the Texas Legislature acted in 1961.

"The '45 for '65' program will not solve the problem completely," Mrs. Little, a first grade teacher, said. "But it will prevent Texas from falling farther behind in the race for education."

W.S.G. — Second Tuesday Evening each month at 7:00

Mid-Week Fellowship: Wednesday 7:15-8:00

Five Regular Commissions — Meet at 7:00 P. M., Fourth Monday every month, followed by Official Board at 8:00.

This was to be a week of emphasis on the love in human hearts. Our two women's groups — WSCS and Wesleyan Service Guild — were hosting the Sweetheart Banquet that has become an annual affair, on Wednesday evening. This particular time it coincided with Ash Wednesday, the beginning of the most solemn season of the year: Lent. This is earlier than usual for Lent to begin. The MYF was out distributing the little booklet, "The Sanctuary," which has devotional readings for each day. Life has rhythm, and a pattern to it, and we do not waste our time as we invest it in extra little reminders of our love, and in remembering the ONE LIFE that has become the standard for all of ours. The youth were also busy on Saturday evening of last week, a total of seven going to the sub-district Banquet in the Con-

gress Inn at Plainview. The featured address there was given by Rev. Albert Lindley of Earth, one of the most versatile ministers in the Northwest Texas Conference.

The past Sunday we were privileged to listen to a rendition of the famous Sankey-Moody song, "The Ninety and Nine" sung by Pam Curtis and accompanied by her mother, Mrs. Geneva Curtis at the organ. For this music ministry we are grateful. It has received added value with a recent badly-needed double tuning of the piano and installation in it of a humidifier. We have a very faithful and proficient pianist, Miss Lynette Taylor.

This week also was to see the next-to-last session of the Junior Missionary Study on India, the fifth and final one to be on next Monday, February 17. The Mid-Week Fellowship, in the particular form of a study session, is to resume on

 Mid-Week: By Announcement

Wednesday evening, February 19. We are preparing for the spring revival, in which Rev. Jim Boswell of Abilene, formerly of Turkey and Plainview, is to be guest preacher, April 5-12.

Next Sunday evening the study of OUR MISSION TODAY has as a text James 1:18, "Of his own will he brought us forth by the word of truth that we should be a kind of first fruits of his creatures." The subject is very challenging. "The Church As A Summons to a New Humanity." In beginning this new season of Lent the pastor's first sermon, in the morning service, is to be from Isa. 58:6-12 and Matt. 4:1-11, "The Job of Cleaning Up."

593 ATTEND JEHOVAH'S WITNESSES CONVENTION

The Quitaque congregation of Jehovah's Witnesses are resuming all meetings this week after attending a 3-day convention in Levelland, Feb. 7-9.

According to V. D. Tiffin, presiding minister here, 593 heard their district supervisor, Harry A. Fitzik give the Bible discourse, "The Bible Triumphs in a scientific World."

Fetzik stated in his address that "The Bible does not conflict with the facts, but with unproved theories. Unproved theories cannot stand alongside the convincing record of the Bible."

"Theories, to the uninformed, too often are accepted as proven fact. However, theory is not of that definition. An associate professor of Biochemistry at Boston University, quoted in the July, 1962 Science Digest, states: 'No theory is considered more than, at best, an interesting speculation until it is backed by experimental evidence.' Hence, the Bible is at variance with unproved theory, but it is in direct accord with scientific fact.

"The Bible triumphs when put to the test of facts in four basic issues for which there are a variety of theories: (1) origin of life, (2) origin of man,

(3) solution of life's problems, and (4) what the future holds."

"The evidence from observation and logic, from mathematics and from laws of nature confirms the Bible to be correct when it speaks of a First Cause that always existed."

"Man's origin by God is verified by fossils, the races of mankind, his language, earliest drawings and writings, his place of origin, time of origin and the testimony of Jesus, the apostle Paul and others.

"While science improves the living standards, it has created its by-products. Such by-products show up in the form of anxiety, tension and age of neurotics. This offsets the gains science has made through the years. On the other hand, the Bible provides the answers to life's problems. It improves the social, moral and spiritual life necessary for peace and happiness."

The purpose of the 16-congregation meet was to analyse the approximately 600 reporting minister's activity, and lay plans to eliminate existing weakness so that their activity will be brought up to national and district levels.

Mr. and Mrs. N. V. Hamilton visited Mr. and Mrs. Norman Hamilton in Tulia Sunday.

DOUGLAS - MOORE VOWS EXCHANGED AT CISCO

Betty Joyce Douglas of Cisco, Texas became the bride of Roy Eugene Moore of Quitaque on Tuesday, February 4, in a double ring ceremony in the home of the bride's parents, The Rev. C. O. Clement, pastor of Long Branch Baptist Church, officiated.

Parents of the couple are Mr. and Mrs. Robert Douglas of Cisco and Mr. and Mrs. W. A. Moore of Annona, Texas.

The bride wore a street length dress of blue and white brocade satin, designed with a sweetheart neckline and full skirt, with long tapered sleeves coming to a point at the wrists. Her veil was attached to a head-dress of blue flowers. Her only jewelry was a pearl necklace.

A reception followed in the bride's parents home.

A white wedding cake topped with miniature bride and groom was served with coffee. Only immediate members of the bride's family attended the ceremony and reception.

For her going-away ensemble the bride chose a blue wool jersey dress.

She attended public schools at Scranton and Cisco.

The bridegroom was formerly associated with Boss Manufacturing Company at Cisco, but he is presently employed by Shaw Construction Company at Quitaque. The couple is at home on Willson Street in the home owned and formerly occupied by Earl Morrison.

The Tribune welcomes this couple to our community.

Flomot News

(By Mrs. Arnold Johnson)

tives last week in Houston, Dal-

CARDS OF THANKS

We want to take this means
to thank everyone who helped
care for our uncle. Thank you
for the flowers, for the trips
made to the rest home and hos-
pital, and every thoughtful deed
you have done. May God richly
bless each of you.
Thurman and Mary Hollis

Wt wish to take this means
to express our appreciation for
each kind word spoken, the
flowers and food that was
brought, each thing that helped
ease the heartache over the loss
of our loved one, especially the
prayers. May God's richest
blessings rest upon you all.
The Ray Ferguson family

"Thanks" friends, for the
cards you sent me while I was
in the hospital. They helped a lot.
It is so good to hear from home.
Dale Smith

las, Waco and Franklin.

ELECTRICAL WEEK • FEBRUARY 9-15, 1964 • ELECTRICITY POWERS PROGRESS • NATION

FROM the beginning of time, man has striven to find a
source of power to make life more enjoyable; to reduce his
work load. Meager ideas have led to the greatest source
of energy for turning dreams into reality... electricity. There
is virtually nothing that electricity cannot do... faster and
cheaper than any other form of energy.

America's growth to the dynamic and industrialized civili-
zation that it is today stems from the country's utilization of
electrical power to produce a better way of life, more products,
jobs and services.

Electricity powers progress... something to think about
during National Electrical Week.

West Texas Utilities, an investor-owned company, is proud
to be a part of the Electrical Industry and to pay its respect to
the Industry founders.
