Turkey Doctor Has Quite A Busy Day

Dr. Ruth E. Carter, who is associated with Dr. Richard M. Hall in the practice of medicine at Turkey, was in Lubbock last week, filling in for another doctor who was vacationing, made the headlines on the front pages of the Avalanche-Journal when she ushered 14 babies into the world in less than 24 hours, then added 7 more the next day for good measure. The story that appeared in the Avalanche-Journal was as follows:

SILVERTON V.F.W. RODEO WILL BE AUGUST 6th, 7th & 8th

The Silvertown V.F.W. Rodeo will be staged August 6, 7, and 8 at the V.F.W. Arena in Silvertown. Rodeo events will include Tie Down Roping, two go-rounds (entrance fee \$20.00); Heading, Heeling and Face, two go-rounds (\$20.00 fee); Saddle Bronc Riding, two go-rounds, \$50.00 added (\$15.00); Bull Dogging, two go-rounds (\$20.00 fee); Ladies' Barrel Race, two go-rounds (\$10.00 fee); Bareback Bronc Riding, one go-round first 30 entries (\$10.00 fee); Bull Riding, one go-round, first 30 entries (\$10.00 fee); Kids Breakaway Roping, two go-rounds, 15 and under (\$3.00 fee).

There will be a calf scramble each performance for the kids.

Stock will be furnished by Ratjen Brothers of Happy. Admission will be \$1.25 for adults and 50 cents for children 12 years old and under.

On Thursday, August 6, there will be a western parade through downtown Silvertown. Riding clubs from the area have been invited to participate.

There will be a free barbecue in the city park sponsored by the Silvertown Lions Club from 5:00 until 7:00 p. m. There will also be an exhibit by the Silvertown art students of Mrs. Louise Vauehan on the courthouse lawn Thursday afternoon (weather permitting).

A rodeo Queen will be presented at the Saturday night performance of the rodeo.

Rodeo books close Thursday, August 6, at 11:00 a. m. Entry fee must accompany the entry. The club reserves the right to run into one go-round if necessary. For further information write Fred A. Strange, Secretary, Box 786, Silvertown, or phone 2741, 5501, or Bean 4173.

In addition, the Silvertown Lions Club will give away a Chevrolet filled with \$100.00 worth of groceries at the Saturday evening performance of the rodeo. The Silvertown Young Farmers will give away a pair of Bob Byson shop made boots, a \$50.00 value, and the Silvertown Riding Club is giving away a \$250.00 cushion-seat saddle.

13, 14, 15... STORK KEEPS DOCTOR BUSY

By Michael Ramsey
In the two story brick clinic a young attractive woman doctor skillfully delivered another baby and spanked its backside soundly.

The baby girl weighing 8 pounds 15 ounces gave out with a hearty cry and at 11:46 p. m. Wednesday, Dr. Ruth Carter, 28 had set a record.

That was the fourteenth infant she had delivered in less than 24 hours, thus setting a record for Lauf Clinic here—perhaps even a national record for one doctor.

Night Not Over
However the night was not over or the next day either, for on Thursday she delivered seven more and one other woman was in the labor room at a late hour.

Dr. Carter delivered the infants at the clinic at 2347 19th St. with as much ease and stamina as doctors much older than she.

Following the delivery of a daughter to Mr. and Mrs. Enrique Hernandez of Edmonson at 11:46 p. m. Wednesday, the doctor rushed home to enjoy a relaxing bath when the phone rang.

Needed Immediately
A woman had been brought in in the latter stages of labor and Dr. Carter was needed immediately.

Without taking time to dry off, she rushed to the clinic in her water soaked uniform to again deliver a son to Mr. and Mrs. Fabian Lara, 124 Ave. L.

Nurses and office personnel were kept equally busy admitting patients, writing out birth certificate forms and footprinting and tagging of infants and mothers so as to eliminate the possibility of a mix-up later.

A shortage of bassinets and beds prevailed for a short time and some infants were temporarily placed in boxes and the mothers on receiving tables until additional beds could be purchased.

Nursery Crowded
For a certain fee, the mother and her newborn child can remain in the clinic for three days, "but if they are in good physical condition and wanting to go home, we won't object. In fact, we are urging them to," admitted Mrs. Dorothy Tubbs, a nurse and office assistant.

The clinic is set up to handle 20 infants and with the birth of 21 in two days, the nursery was somewhat crowded.

But if delivering the 14 girls and seven boys wasn't enough to tire out the most energetic individual, take into consideration (Continued On Back Page)

SEVERAL FAMILY REUNIONS OVER WEEKEND

MERRELL FAMILY
The annual Merrell reunion was held Sunday, July 19 at the picnic grounds near the W. W. Merrell home.

The usual barbecue and cold drink tank was enjoyed by young and old alike. The lunch consisted of barbecue, salads, cakes and pies, tea and coffee.

SUBSTITUTION MAY BE MADE BETWEEN WHEAT AND FEED GRAIN

To insure the greatest amount of flexibility in farm operations, substitutions between wheat and feed grains are authorized under the 1965 programs. According to Louie Kitchens, Chairman of the Briscoe County Agricultural Stabilization and Conservation Committee, this is a reminder for wheat growers who also grow grain.

The law provides for such substitution in the '65 wheat program, but it could not be put into the '64 crop, because of the short time involved after the new law was passed by Congress.

Chairman Louie Kitchens said that the substitution applies on farms only if the farm has a feed grain base, or oat-rye base and a wheat allotment. The substitution provisions can be used

by farmers who take part in both programs, and make at least the minimum diversion for both wheat and feed grains.

As with this year's program, marketing certificates will be issued to wheat farmers taking part, but the number of certificates allotted to a farmer will not be increased because of the wheat substitution. Certificates will be provided for the smaller of (1) the normal production of the wheat acreage allotment, multiplied by the domestic and export allocation percentages and (2) the wheat acreage planted for harvest multiplied by the normal yield.

The total wheat production of farmers who carry out wheat program provisions will be eligible for price support loans, even though the wheat acreage is in excess of the allotment because of the substitution provisions.

The County ASC Chairman indicated that more details will be available at the time the wheat program sign-up takes place later in the summer.

Sid Bogan Retiring After 34 Years In P. O.

Sidney T. Bogan

☆☆☆

On Friday of next week, on July 31, Sid Bogan will retire as postmaster after more than 34 years of service in the local post office.

Jarrel Rice has been appointed

as the new Quitaque postmaster. He will assume his new duties on Saturday, August 1.

Mr. Bogan took office as postmaster March 10, 1930.

When he became postmaster, in 1930 the post office was located in the building that has housed the Highway Engineer's Office, which has just recently been closed. The post office was moved to its present location in 1930.

Mr. Bogan has seen quite a number of changes during his 34 years as postmaster, such as the recent advancement of the postoffice to second class rating; postal rates on letters from 2 cents to the present 5 cents.

In looking back, Mr. Bogan said the most memorable years of service for him were the years of World War II, when many of Quitaque's young men and women were in service, includ-

two of his own sons. Handling the mail between these young people and their loved ones here at home was a tremendous experience for him, he said.

When questioned as to his plans following his retirement, Mr. Bogan said that he had no specific plans at the present time other than taking off for a bit of vacation, probably to the mountains in New Mexico, and to see how it feels not to have to say, "I must get back to the post office."

A few days ago Mr. Bogan received a citation from the Post Office Department for his years of service in the Postal Service. The citation read: "Honorary Recognition is accorded to Sidney T. Bogan for devotion to duty in the course of an honorable career in the United States Postal Service. This citation,

tendered upon the occasion of retirement from active duty, conveys official commendation and an expression of esteem from co-workers." The citation carries the gold seal of the Post Office Department and is signed by John A. Gronouski, Postmaster General.

Mr. Bogan says to the people of the community: "One of the first things I would like to mention in this message is my thanks to the fine patrons of this office for the spirit of cooperation through the years. You, the people of this community, are a fine group of people and I do appreciate you. I find myself wishing I had given you better service than I have; you deserve it. I also want to make mention of the wonderful help I have had to work with during my time as post-

master. They too are a fine group of people. Guess how long Minnie Mae has worked in the post office? I was checked into the office the 10th day of March, 1930 and I put her to work the 18th day of April, 1930.

"A lot of changes have been made during these 34 years of service. When I was checked into the office it was a small third class office. The rate of postage at that time was 2 cents for letters and 1 cent for postal cards. By the way, at that time the sale of postal cards was almost as far between as 'hens-teeth,' but then came the 3 cents for letters, while postal cards remained at 1 cent and believe me people really did buy them. Next came the 4-cent rate for letters and 3 cents for the cards. This lasted for several

years, then we had the advent of 5 cents for letters and 4 cents for cards. You may not believe it but occasionally we have a call for a 'penny' postal card. Of course the rating of the post office did advance some during all these years, and now, beginning the past July 1st, it did advance to second class.

"Again, I would like to say thanks, people, and I shall always remember you as my good friends. I would like to commend to you my successor, A very fine young man of our community, Jarrel Rice, will assume the duties as postmaster August 1. I hope that he will enjoy the work as much as I have. The Post Office Department is a wonderful organization. It is an important part of our government, of which we are all justly proud."

Mr. and Mrs. Ray Persons, Mrs. Lela Mae Hutcheson, Marilyn and Ronnie have just returned from a two weeks vacation trip to the West Coast where they visited with relatives and friends. Marilyn prepared a detailed story for her diary and has consented to let us use the story.

We left Quitaque Friday afternoon, July 2, spending the night in Santa Rosa, N. M. We ate lunch in Gallup, N. M. on July 4th, drove to Flagstaff, Ariz. the next morning, arriving in the early afternoon. We decided to drive on to Grand Canyon, arriving there a few minutes too late to go up to the observatory, but we got to see the Canyon from several different observation points. Had supper there and planned to spend the night in Williams, Ariz. but NO VACANCY. Had to drive on to Ashfork, making a very long and tiring day.

Sunday did not seem like Sunday at all. We saw Hoover Dam inside and out, ate lunch at Boulder City, Nevada, then we drove on to my Uncle Pete's, (N. D. Witcher) about 2:00 P. M. Spent the rest of Sunday visiting and resting.

Monday, went swimming in the pool at the fabulous Flamingo hotel. That night N. D. had tickets for us to see Red

Skelton at a dinner show at "The Sands." Red is really a funny man, and very likeable. He had to pull one on Texas, of course. He said in Texas there is miles and miles and miles and miles and miles. He said in Texas hotels didn't put "his" or "hers" on their towels, they just used one great big towel that said "you all."

Tuesday we left for Shafter, Calif., arriving there about the time we had planned. We went bowling, swimming and out to shows for the next few days, planning to go to Disneyland on Monday, July 13, as soon as Bill Hildebrand, son-in-law of Pearl McBride, could get off work.

We had lunch with J. T. and Ruby Witcher on Sunday. Bill Hildebrand decided after lunch to drive to Los Angeles. We arrived at Marineland about 5:30 and saw the "Seal Circus" and the "Whale Show" and the "Porpoise Games". We also saw the underwater feeding by a diver, which was very interesting.

After leaving Marineland, we drove to Long Beach where we spent the night. After eating supper we went to the Pike, where the world's greatest Roller Coaster is located. Although we didn't ride it, we rode other rides that shook up our supper plenty.

The next morning we headed for Disneyland, arriving there about 9:30 and staying until 4:30. We had a marvelous time taking rides and seeing many beautiful things.

After leaving Disneyland we went back to the beach to swim for about an hour and a half. Next we went to Knott's Berry Farm where we ate a delicious fried chicken dinner. Then we went sight - seeing around the grounds. It was a very nice, friendly place.

We left there about 10:30 p. m., arriving at Shafter about 1:30 Tuesday morning, tired after a very exciting and interesting week-end.

Tuesday was our last day in Shafter. We were worn out from our trip to L. A. so we didn't do much that day, mostly sleeping by the kids with mothers washing and ironing and packing, getting ready for the trip back home. We weren't nearly ready for the vacation to end, but like all good things, they must.

We ended the last day with a picnic in the park with relatives, most of whom we kids had never met. Then a skating party at Bakersfield with the youngsters participating and the others as on-lookers.

We left Wednesday morning for home with tears and good-byes, the only bad thing of the trip. Left Shafter at 9:15 a. m. We left Highway 66 at Holbrook and drove out to the Petrified Forest, which we enjoyed but were too rushed for time. Then we drove through

the Painted Desert, which is also a beautiful drive. After eating our lunch we drove to Williams, where we spent the night. It had rained there and we really got cooled off.

We had planned to drive home Thursday but were slowed by highway construction and rain so we spent the night in Ft. Sumner N. M., and drove to Quitaque Friday morning, arriving about 11:30 a. m., July 17th, tired but happy to be back home after a safe and happy vacation.

LOOK AT THE LABEL

Perhaps you have received a prescription for a drug dispensed in tablet form. And on the label it said "5 mg." or perhaps "2 mg." Exactly how much is 5 milligrams or 2 milligrams? It's 5/1000th or 2/1000 of a gram. And there are 28.35 grams to an ounce.

You'll agree, then, that 5 mg. or 2 mg. is a very tiny pinch of medicine. And that tiny speck must be very powerful, something to be respected, and taken exactly as directed.

That's one vital reason to rely on the special knowledge and professional care of your prescription pharmacist. Dealing in exact dosages is our business. Prompt precision is always yours at our pharmacy.

FOOD FREEZER

has 5-year food spoilage warranty with no top money limits!

***Protects you against food loss due to mechanical failure**

At any time within five years from the date of delivery of the Frigidaire Food Freezer to the original purchaser, the Manufacturer will reimburse the owner or user, through an authorized Frigidaire dealer or distributor, for the actual loss of frozen food by spoilage due to mechanical failure under normal use and service of the Frigidaire Food Freezer, except that the Manufacturer shall not be liable for loss amounting to \$5.00 and then only for the excess over and above \$5.00 for each and every loss.

Owner or user must notify an authorized Frigidaire dealer or distributor as soon as reasonably possible after discovery of said food spoilage and furnish proof of loss satisfactory to Manufacturer.

Compare! No other freezer you can buy gives you greater protection against food loss!

For refrigeration of all kinds, you can rely on FRIGIDAIRE.
