driving habits as indicated by traffic violations, or lack of same, are accurate indicators of who is a safe driver and who is not.

For the present at least, persons with no driving violations in the past 39 months will continue to receive a 20 percent reduction or credit on their auto insurance premium. Records show that between 65 and 70 percent of all auto owners now receive this 20 percent credit or discount.

So much for the Insurance Board's action.

Numerous bills still before both your Texas Senate and House of Representatives would further change or even abolish the "Safe Driving Plan". To date none of these have come up for a vote. There are many conflicting views among our legislators and it is a toss up at this time whether they will vote to further change the Insurance Board's plans.

## REV. AND MRS. HOLMAN TO ASSIST IN REVIVAL

Rev. and Mrs. James Holman of the Methodist Church will assist the Methodist Church in Turkey in a revival next week. The Holmans will conduct the music for the services. Rev. Roland Moore, Conference Evangelist, will be the speaker.

## FIRST BAPTIST NEWS NOTES —

Last Sunday night was the closing night of the week-long revival meeting at First Baptist. Bro. Wayland Boyd had a straight-forward but courteous approach in soul winning and a plain, appealing way in his gospel preaching. Last Saturday night we had an old-fashioned meeting with the church being lighted with about a dozen kerosene lamps and all who felt moved to do so gave a testimony. Also all the songs that were sung from memory. There was a lot of fine singing under the direction of Gary Sides and George Owens. A large crowd was on hand at the Sunday morning service, and Sunday night, Bible lands came alive during the Training Union hour when Bro. Boyd showed the colored slides that he made when he toured Palestine recently. There were scenes from around Jerusalem, Nazareth, the Sea of Galilee, and other places where our

Lord walked and talked and worked. There were a number of visitors from the Methodist Church, as well as visitors from Matador, Plainview, Turkey and Clarendon.

Our Sunday School Supt., Hubert Brooks, had set an attendance goal for 226 in Sunday School and we lacked 4 reaching it. Many of the classes and departments broke their attendance records, but overall we were just short 4 or 222. In 4 Sundays we have come from 85 to 222.

## 25 Years Ago

A few days ago Bro. Bob Beck got hold of a copy of the 1937 district minutes. During this Anniversary year we believe a little history is in order. Taylor Smithee was pastor of our church P. P. Rumph was Sunday School Supt. Mrs. Jim Stroup was W.M.U. president, Mrs. Chas. Gowin Church Clerk, and C. E. Bedwell was Treasurer. There were 5 additions by baptism and there were 387 resident members, and 117 average attendance in Sunday School.

During the year \$199.90 was given to World Missions, and total gifts were \$2,794.19 compared to \$21,809 last year).

In 1937, Gasoline had 28 members, and Antelope Flat 35. Silverton had 2 Baptist Churches. At the Annual Association here in Quitaque September 21, 1937, Gaston

Owens helped sing a special and his father led the music.

## MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

"When one car outsells all the rest the way this new Chevrolet is doing"—there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turboglide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

## SHIRLEY GILBERT WEDS W. E. HAWKINS LAST FRIDAY EVENING, APRIL 7

Wedding vows were exchanged Wednesday, April 5, by Miss Shirley Gilbert, daughter of Mr. and Mrs. L. D. Gilbert, and W. E. Hawkins, son of Mr. and Mrs. C. A. Hawkins. The ceremony was solemnized in the First Methodist Church, with Robert J. Beck, pastor of First Baptist Church, officiating.

Vows were spoken before an altar decorated with white candelabra, holding red tapers, forming the pointed arch. Emerald greenery was used in profusion in the altar setting. The arch was flanked by floor baskets holding white mums and red carnations. The bridal aisle was marked by double candelabra holding red and white tapers and red and white satin bows.

Mrs. Patsy Herrington, organist, played prelude music and the traditional wedding music. She also accompanied Mrs. Mary Stark, vocalist, who sang "At Dawning".

Altar candles were lighted by Felix Johnson and Jarrel Rice. Pew candles were lighted by Misses Jackie and Jeanine Pigg, nieces of the bride; Susie Gilbert, sister of the bride; and Karol Blankenship. All wore bouffant dresses and red feathered carnation wristlets.

The bridesmaid was Miss Mary Helen Kimbell, and Maid of Honor was Miss Patsy Gilbert, sister of the bride. The attendants wore identical white lace street length dresses, fashioned on princess lines and carried identical colonial bouquets of red carnations.

Flower girl was Darlene Gilbert, sister of the bride. She wore a

white bouffant dress also, and carried a red and white lace and ribbon basket from which she dropped red and white petals.

Ring bearer was Royce Pigg, nephew of the bride.

Best man was Teddy Bedwell and groomsman was Bearl Gilbert, brother of the bride. Ushers were Jarrel Rice, Felix Johnson, Bart Owens and Lester Driver of Clarendon.

The bride, escorted to the altar by her father, wore a floor length gown of white lace, the hemline falling into a cathedral train. Her gown featured long sleeves and many covered buttons. The deep-V neckline was accented by lace. Her veil was of nylon tulle, held in place by a tiara of seed pearls. Her bouquet was of Happiness roses.

Fellowship Hall of the church was the scene for the reception which followed the ceremony. The refreshment table was laid with a white organdy cloth over red to carry out the bride's chosen colors. The crystal punch bowl, a gift of the bride's parents, the three tiered wedding cake, decorated with red roses, a silver candelabra holding red tapers and the attendants bouquets, comprised the table decorations. Appointments were crystal and silver.

Mrs. Ronnie Carpenter, Mrs. Gilbert Carpenter, Mrs. Jarrel Rice, and Joyce Mayfield, presided at the table, and were assisted by Mrs. Pete Blankenship and Mrs. Alton Johnson, Mrs. Billy Wise

and Mrs. Myrtice Gillespie. Mrs. Pete Rice registered the guests.

### OBJECTIVES OF NEW FEED GRAIN PROGRAM OUTLINED

College Station, April 12 — The feed grain legislation, signed by President Kennedy, has four purposes: to increase farm income, to increase farm production, to increase farm surplus, and to help

on corn, 92c cents per bushel on barley, 62c for oats and \$1.02 per bushel for rye. The non-cooperator will not be eligible for price support on any of these crops, Bates said. His production would have to move at market prices. He cannot depend upon the government price support nor his neighbor's production adjustment to hold up the market price.

Cooperators, if they choose, may receive payments in the form of negotiable certificates which represent grain from CCC stocks. The Secretary of Agriculture will determine the flow of this grain into market channels.

A cooperator, Bates said, agrees to reduce by at least 20 percent his grain sorghum or corn acreage for 1961 below his 1959-60 average. The diverted acres must be put to some conservation use. It cannot be harvested or pastured. Weeds, insects must be controlled on the diverted acreage.

In turn he will receive, in addition to his eligibility for price supports on his grain crops, a payment for each acre diverted for conservation use. The rate of payment for the first 20 percent diverted will be 50 percent of the normal production of the acreage diverted times the county support price. (This price will be announced shortly by county Agricultural Agents.) As an additional incentive, a grower may divert up to 20 percent of his acreage for conservation use.

advance payment—50 percent of the total—when he signifies his intention of cooperating. This advance payment, Bates said, will help the producer meet his production expenses and is expected to be an important incentive for cooperation.

The specialist added that the program is effective protection in case of crop failure. The payment on diverted acres will be made regardless of weather and is a measure of income insurance as are the higher price supports.

The non-cooperator, Bates advised, will not be eligible for price support on any grain crop and cannot expect to build up his acreage base for future programs. It has been emphasized that the U. S. Department of Agriculture will strongly recommend to Congress that any legislation involving establishment of base acreages for production adjustment give no advantage to producers who do not cooperate in the program.

While many details have not worked out, Bates said, county officials have been working on the program since its announcement. The rate of payment on the first 20 percent diverted will be 50 percent of the normal production of the acreage diverted times the county support price. (This price will be announced shortly by county Agricultural Agents.) As an additional incentive, a grower may divert up to 20 percent of his acreage for conservation use.

## WE ARE THE FRANKLIN DEALER IN QUITAQUE

The new tax forms are simple.  
Uncle Sam simply asks: How  
much do you earn, how much  
do you have left, and how come?

"And when," asked the psy-  
chiatrist of his patient, "did you  
first discover you enjoyed pay-  
ing your income tax?"

"I'll never get anywhere if  
I'm chattering away all  
the time."

## Tuna With A Twist Of Tang And Crunch

—Olney & Carpenter, Inc., Photo

The creative twist in this tuna production comes from a couple  
of versatile supporting players perfectly cast in the roles they  
play. Tasty French Fried onion rings add palate-pleasing "tang"  
to an a la king sauce and crisp, shoestring-style potato sticks  
supply an appetizing "crunch"!

Actually each of these stellar performers has a dual role.  
Besides using the onion rings to dramatize the flavor of your  
sauce, save a few to garnish your casserole or chafing dish. The  
shoestring potato sticks offer both a zesty flavor of their own  
and an ingenious switch on the usual a la king base of toast-  
ed shells or rice.

This hearty party or family dinner dish is simplicity  
itself. French Fried onion rings and potato sticks come right  
off the fryer and are as convenient and delicious either hot or cold.
