THE LADY SAID!

If a lady said what she thought, when dismally looking at a flat tire, it wouldn't be ladylike. And who can blame her. Flats are worse than waking with no coffee in the house.

We hope you don't have a flat, but if you do—call us. Just make a note of this number and put it in

Better yet! Let us check your tires before you go tripward. We'll see that you have proper air pressure. If tires are dangerously thin, we'll set you up with a set of top quality Phillips 66 Super Action Tread Tubeless Tires that you can pay for as you

For your own peace of mind make us your tire
