# The QUITAQUE TRIBUNE

VOLUME 3 - NUMBER 2

QUITAQUE, BRISCOE COUNTY, TEXAS - THURSDAY, JUNE 28, 1962

## CONGRESSMAN WALTER ROGER'S WASHINGTON REPORT

TO THE PEOPLE OF THE 18TH

these two subjects. There has health for some time, due to a been a great amount of mail on heart condition. been of particular interest because of the concern that I have had in both of them for a number of complete obituary will follow next years. I shall treat them in the week

TAXES - The mail with reference to taxes has been centered on reduction of income tax. Many have been made through the years as to methods and manners of redividuals and their dependents.

The present deduction for the average American citizen is \$600 for the individual and \$600 for each the individual and \$600 for each the citizen is "exercise of the rule-cedure is "exercise of the rulecould very well constitute the ecc-nomic stimulant needed in many of our communities and areas and,

of our communities and areas and, in fact, would.

It is my hope that the people will keep this campaign going full steam. Certainly every effort should be made to continually evaluate the tax structure of this country for the possible reduction and region for the presently pending bill advised me that he had in troduced the bill at the request of their holiday even spend part of their holiday time in jail.

"Our objective is to remove all violators from the holiday crowd," Major Hutcheson said. "The High-man in that way Patrol strength will be augumented by the assignment of Li-

613, requiring registration of fire arms. This measure was widely the right of the individual under bear arms." It was also argued the practice pursued by Hitler and I do not think that the bill, H. R. not be adopted. 613, has the slightest chance of An attempt was made during the past Administration by

TAXES AND FIREARMS
In recent weeks I have received tremendous amount of mail on years of age and had been in ill

subjects, but these have Funeral services were held Wed-

al, El Paso last Thursday. At the latest report, she withstood the ducing the income tax or abolishing it altogether. The present caming it altogther. The present cam-paign is to try to obtain an increase in the deduction allowed for in-in the deduction allowed for in-

dependent. I am happy that this movement has begun. In 1951 I introduced legislation to increase of the rule-making power by a department."

This attempt occurred in 1957. The the individual exemption to \$1,000 proposed directive on the subject and to increase the exemption to \$1,000 was an action by the Alcohol and Tobacco Division of the Internal Revenue Service. Along with a the dependents' increase to \$70. dependents to \$750. A number of people asked me why I limited the dependents' increase to \$700, My answer was that I had no objection to the bill being amended and increased to \$1,000 for dependents, but in view of the number of dependents that I had, I didn't want the bill to appear as a bill for personal relief simply because I had six children. In a subsequent year I reintroduced the bill and increased the \$750 figure to \$1,000, at the request of a number of other Memoers of Congress. I have continued to press for the passage of this legislation through the years because I have felt that it was the fairest way to give proper tax relief. Further, it would provide tax relief where it is most needed — in the low income groups. At the same time, it would not discriminate against those in the higher income groups. It would provide much needed as sistance in many families through out his country in helping to raise minor children. Anyone who thinks in the seminor children. Anyone who thinks minor children. Anyone

end relief needed in all areas of the economy, commensurate with the maintenance of the proper desfense of this country and its economic structure. But, in my opinion, the increase in income tax exemptions for individuals and being so close together. He left that a Federal law would being solve the problem for the law enforcement officers in that area. Certainly everyone wants to do and improve the national product than any other one factor.

The problem of the interstate commerce nature of the proper desfense of this country and its economy, stimulate the purchasing power. Certainly everyone wants to do and improve the national product than any other one factor.

The problem of invenile element of the proper desfense of this country and its economy, stimulate the purchasing power. Certainly everyone wants to do everything possible to help solve the problem of juvenile delinquent of the interstate commerce nature of the interstate commerce nature of the proper destense of this country and its economic extractions; that fense of this country and its economic extractions; that fense of the interstate commerce nature of the proper destense of the interstate commerce nature of the proper destense of the interstate commerce nature of the proper destense of the interstate commerce nature of the proper destense of the interstate commerce nature of the proper destense of the interstate commerce nature of the proper destense of the interstate commerce nature of the proper destense of the interstate commerce nature of the proper destense of the interstate commerce nature of the proper destense of the proper destens general area, primarily because of the interstate commerce nature cense and Weight, Motor Vehicle have been receiving with relation to firearms has to do with a bill everyone in the United States and that was introduced, to wit: H. R. must be weighed very carefully, Texas because it falls in the mide. must be weighed very carefully, Texas because it falls in the middle because although it may settle a local problem on the one hand, it ment of Public Safety forecast 11 or losses of rights on the other rights on the other hand. When of ten was exceeded when 15 trafthese proposals are properly fic deaths were recorded. But it weighed, I feel sure that the result 1961, only six deaths were counted during this Administration will be against a prediction of 11. The the same as the attempts during Statistical Service of the Depart other dictators of the past; that the past Administration insofar is, it would enable those in power as requiring the registration of to know exactly where all firearms. It is my feeling that the provisions of the Constitution of the past Administration insofar ment of Public Safety predicts eight deaths this year. On an average about six records discussed in the past Administration insofar ment of Public Safety predicts eight deaths this year. On an average about six records discussed in the past Administration insofar ment of Public Safety predicts and the past Administration of provisions of the Constitution and age, about six people die each day sion they should be. Both argu- its guarantee will be fully protect- in Texas traffic, ed and that these proposals will

## ATTENDANCE HITS 200,000 AT SIX FLAGS

As predicted by Angus G. Wynne, Jr., president of Great Southwest Corporation, Six Flags Over exas has emerged in just its second season of peration as one of the nation's major tourist tractions with attendance to pass the 200,000 ark this week-end.

As of Thursday, June 14, the recorded attendance reached 188,729. This figure was compiled uring the 33 days that the 110-acre Park has seen in operation since opening April 20. Six lags, located midway between Dallas and Fort Vorth, operated on week-ends only until May 30 and then commenced a daily operating schedule. Conservative estimates for this week-end (June 5-17) indicate an additional 22,000 visitors, which will boost the total attendance well beyond 00,000 for the season thus far.

Most pleasing to Park officials is the increased

Heart Patients Improve With Weight Loss Under Doctor's Supervision

Overweight patients with heart or peripheral vascular diseases can achieve long-term weight reduction and maintenance of the weight loss conveniently, predictably and safely with the use of Metrecal, according to a medical report in the Journal of the American Geriatric Society.

Dr. H. J. Roberts, of West Palm Beach, Florida, reported results on 78 private outpatients who were under treatment for serious organic cardiovascular disorders. Several were also suffering from other diseases. All were overweight.

The reduction of blood pressure by weight reduction alone was striking in several patients, according to Dr. Roberts, and in many others he noted a decrease, in varying degree, of the serum cholesterol level. Prothrombin (clotting) time, in several patients receiving long-term anticoagulant therapy for coronary heart disease, remained "virtually unchanged" during Metrecal weight reduction.

Many patients with associated diseases ranging from diabetes to ulcers exhibited, with

cannon during the Revolutionary issue of Continental paper money, and built the first copper-rolling mill in the United States, accordng to World Book Encyclopedia.

The British sang "Yankee Dood-le" to poke fun at American colonists. But the Americans adopted the song and made it popular the song and made it popular throughout the colonies, reports for motorists: "Thou shalt not steal the other driver's part of the surrender at Vonderure." surrender at Yorktown.

A traffic safety expert was astounded to find his name in the obituary column of his hometown

The midnight ride of Paul Re-1 of a traffic crash. He called his vere was only one of that patriot's editor to object. "And where," contributions. He cast bullets and his editor asked, "are you calling

# SOME HEALTH TIPS FOR

The biggest picnic day of the rear is approaching — July 4.

There will be company picnics church picnics, lodge picnics and just plain family-and-friend pic-

nics. Parking and table space will be at a premium in every picnic spot in the United States. With the picnics will come bruises and cuts and scratche nd strains and sunburn and sore muscles the next day. These are "occupational hazards" of July 4 picnics and usually aren't serious

e food poisoning. The weather is hot on July and foods spoil quickly. If a few of the staphyococcic bacteria that ter home Father's Day were Mr.

J.J. JONES

What might be more serious wil

varm temperature are needed to and Mr. and Mrs. Jimmy Fred cause real trouble. Foster and family of Estelline. cause real trouble.

Food can be handled safely or family chef keeps in mind a few

Leave the sandwich ingredients ncluding bread, in the origina wrappers and containers and make up your picnic sandwiches on the spot, just before mealtime. Ham spoils quickly at warm tempera-tures and if you favor ham sand wiches, take the ham along in a can and open it just before serv

Potato salad is another favoritpienic food. It also spoils quickly Take the hard-boiled eggs, boiled potatoes and mayonnaise (in its he last minute.

The picnic icebox, properly is ulated, is an excellent food save It should have a tight lid and there should be plenty of ice. Items stored in the refrigerator should be well chilled before placing in the picnic box.

Be careful about pies. Cream filled bakery goods spoil quickly on a hot day. Take fresh fruit for dessert. Stick to canned stuffs and sealed jars and bottles that an be opened just before using. The July 4 picnic is one of Amer

ca's great traditions. It is a time of great fun for all. Don't overde the strenuous games and sports in the July heat and safeguard your pionic foods. Don't let food poison

Avocados for Elegant Eating

Potato salad, all-American favorite, goes elegant in "Sumptueus Salad," Cubed potatoes, diced red apple, luscious avocado
halves and sour cream dressing make hearty, "he-man" eating.

Avocados are usually very firm when they come to market,
Because they can be used so many ways, it's wise to buy several
at a time and keep at room temperature until eating-ripe. Smoothskinned varieties of California avocados are ready to eat when
they yield to gentle pressure in the palms of your hands. To
test dark, pebbly-skinned varieties, insert toothpick at stem
end; if it slides in easily, the avocado's ready to serve. Cut lengthwise completely around, twist halves apart gently, whack seed
sharply with knife blade, twist and lift out, then strip off skin.

SUMPTIOUS SALAD SUMPTUOUS SALAD 2 avocados
Lemon juice
1 large red apple, diced
1 cup cooked cubed potatoes
1 cup dairy sour cream
Cut avocados lengthwise into halves; remove seed. Sprinkle with lemon juice. Toss apple and potatoes. Blend remaining ingredients. Place avocado halves on lettuce-lined plates. Spoon on apple-potato mixture. Top with cream dressing. Serves 4.
